Catalog
2017-2018
Academic Year

Birmingham, Alabama U.S.A. 35229
(205) 726-2011
www.samford.edu

PDF Publication Date: October 20, 2017
Updated: March 1, 2018

Samford University complies with applicable laws prohibiting discrimination, including applicable provisions of and amendments to Titles VI and VII of the Civil Rights Act of 1964, the Age Discrimination in Employment Act, Executive Order 11246, Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, the Vietnam Era Veterans Readjustment Assistance Act, the Age Discrimination Act of 1975, and the Americans with Disabilities Act of 1990, and does not unlawfully discriminate on the basis of race, color, national origin, sex, age, disability, genetic information, or veteran status in admission or access to, or treatment or employment in, its programs or services.

Inquiries and concerns regarding this policy may be directed to the vice president for business affairs or general counsel, Office of Business and Financial Affairs, 200 Samford Hall, Samford University, 800 Lakeshore Drive, Birmingham, Alabama 35229. (205) 726-2811. This notice is available in alternative formats upon request.

Colleges and Universities have specific requirements which must be met before a degree can be obtained. These requirements involve particular courses and curricula, residence on campus, and grade point averages. Advisors and deans are happy, upon request, to help students meet these requirements and to maintain accounts of their progress. A student's official record is available to him/her at any time during normal office hours in the Office of the Registrar. The responsibility for meeting the requirements for a degree rests with the individual student. If all requirements are not completed, a degree cannot be awarded; therefore, it is important for the student to acquaint himself/herself with all University requirements and to make progress toward meeting them.

Inclusive Language Statement

Language—how it is used and what it implies—plays a crucial role in Samford University's mission to "nurture persons." Because verbal constructions create realities, inclusive language can uphold or affirm those whom we seek to nurture, while exclusive language can damage or defeat them. We, therefore, actively seek a discourse in our University community that supports the equal dignity and participation of men and women; we seek to avoid verbal constructions that diminish the equal dignity of all persons. It is an affirmative—and affirming—part of our mission to educate students, staff, and faculty in the creation of a community of equality and respect through language.

Information contained in this catalog is accurate as of the date of publication. Samford University reserves the right, however, to make such changes in educational and financial policy—due notice being given—as the Samford Board of Trustees may deem consonant with sound academic and fiscal practice. The University further reserves the right to ask a student to withdraw at any time.

HOW TO READ THE COURSE LISTINGS

Subject Code/Course Prefix

Course Number: 100-299 Lower Division, 300-499 Upper Division, 500 and up Graduate

Course Title

Course Credits

Course Description

COMS 451 Organizational Communication (4)

Exploration of how communication affects various stakeholders within organizations. After identifying key concepts in organizational theory, students are expected to analyze and evaluate organizational communication through case studies. Prereq: UCCA 102, junior standing. Offered: Spring, on rotation.

Cross-listed or co-listed courses, prerequisites, co-requisites, and specific course offering information at the end. Unless otherwise indicated, lecture and lab numbers indicate how many hours per week the class is devoted to lecture and laboratory work.

Academic Calendars and Critical Deadlines

Students are expected to know regulations and policies found in this catalog and the Student Handbook. Keeping abreast of the school calendar, critical deadlines, and all University mail received in one's university mailbox and/or electronic mail is also the student's responsibility.

Undergraduate Day and Evening Students; Most Graduate Students*

Semester System

For undergraduate day and most graduate students, Samford University operates on the semester (4-1-4) system, consisting of two four-month semesters, fall and spring, and a three-week term in January (see Jan Term below). The fall semester begins in late August and ends in mid-December. The spring semester begins in late January and ends in mid-May. A maximum of 18 credits may be taken during the semester without additional approval of an academic dean.

Jan Term

Samford University offers a short term consisting of three weeks in the month of January called Jan Term. The major intent of this interterm is to give the student a wider world view, a richer experience in integrating knowledge from a variety of specialties, and a deeper consciousness of the relevance of the student's studies to one's life and career. Some courses emphasize interdisciplinary cooperation, using teaching faculty, guest lecturers, and student research and participation. Others are intended to give the student an opportunity for intensive study and observation in a setting involving a potential career. Interterm opportunities include research in libraries or laboratories, contacts with visiting scholars, internships, externships, field trips, and other useful activities. A number of courses are offered at the Daniel House, Samford's London Study Centre. Regular courses are offered for those who wish to accelerate progress toward graduation or to make up for underload in earlier semesters. The maximum class load allowed in the Jan Term is two courses, not to exceed a total of six credits.

Summer Terms

Summer term day classes are split into two five-week terms, one 10-week summer term, and one 14-week summer term. A maximum of 16 credits can be taken during the summer terms, with a maximum of eight in each five-week term.

Undergraduate Evening Students

Classes for undergraduate evening students meet for two eight-week terms in the fall and spring (A/B Terms), a three-week Jan Term, and two five-week summer terms. All programs offered through Professional Studies follow this format.

*Not all graduate programs offer Jan Term courses. Environmental management, graduate programs in the College of Health Sciences, and the accelerated BSN nursing program follow a calendar format that consists of a fall, spring, and one 10-week or 14-week summer term.

Inclement Weather Statement

Inclement weather or other events beyond the control of the University that might cause risk or danger to students, faculty, and staff may occasionally result in changes to normal University operations, including cancellation of classes or events; the calendar schedule may be adjusted.

September 4	Labor Day Holiday (no classes meet)
October 3	Deadline for Graduation Application for Spring 2018 (Undergraduates)
October 6	Deadline for faculty to submit Midterm grades for all undergraduates
October 9-10	Fall Break (no classes meet, although grad/professional programs may elect not to observe this)
October 23	Registration begins for Jan Term and Spring Semester (Note: Registration continues until the last day to add/drop for each term)
November 15	Last day to withdraw from a Fall course OR to completely withdraw from ALL Fall courses without ACADEMIC penalty
November 15	Deadline to submit Pass/Fail form for a course being taken in the current semester
November 22-24	Thanksgiving Break (Wednesday-Friday) (no classes meet)
December 7	Classes end (all undergraduates and most graduates)
December 8	P4 Clinical Rotations end
December 8	Classes end (Grad CHS & Accelerated 2nd Degree Nursing students)
December 8	Reading/Study Day
December 11-14	Final Examinations
December 16	Fall Commencement
December 18	Final Grades Due for Fall (Monday)

Jan Term 2018

January 3	Classes begin
January 5	Last day to add or drop a Jan Term course(s)
January 5	Deadline to submit Course Repeat form in term repeated course is taken
January 12	Last day to withdraw from a Jan Term course OR to completely withdraw from ALL Jan Term courses without ACADEMIC penalty
January 12	Deadline to submit Pass/Fail form for a course being taken in the current term
January 15	Martin Luther King, Jr. Holiday (no classes meet)
January 18	Classes end
January 19	Final Examinations
January 23	Final Grades due (Tuesday)

Spring Semester 2018

January 2	P4 Clinical Rotations begin (4th Year Pharmacy Students)
January 3	Classes begin for Grad CHS and Accelerated 2nd Degree Nursing
January 15	Martin Luther King, Jr. Holiday (no classes meet)
January 19	Last day to add or drop a Spring course(s) for Grad CHS & Accelerated 2nd Degree Nursing
January 22	Classes begin for undergraduate students and all other grad programs, including Health Law & Policy
January 23	University Convocation
January 26	Last day to add or drop a Spring course(s) for undergraduate students & all other graduate programs
January 26	Deadline to submit Course Repeat form in semester repeated course is taken (undergraduate only)
February 14	Deadline for Graduation Application for Summer 2018 (Undergraduates)
March 9	Deadline for faculty to submit Midterm grades for all undergraduates
March 12-16	Spring Break (no classes meet)
March 27	Registration begins for Summer Terms and Fall Semester (NOTE: Registration continues until the last day to add/drop for each term)
April 2	Easter Monday Holiday (no classes meet)
April 4	Deadline for Graduation Application for Fall 2018 (Undergraduates)
April 4	Last day to withdraw from a Spring course OR to completely withdraw from ALL Spring courses without ACADEMIC penalty (Grad CHS & Accel 2nd Deg Nursing) (added 3/1/18)
April 4	Deadline to submit Pass/Fail form for a course being taken in the current semester (Graduate CHS & Accelerated 2nd Deg Nursing) (added 3/1/18)
April 13	P4 Clinical Rotations end
April 25	Last day to withdraw from a Spring course OR to completely withdraw from ALL Spring courses without ACADEMIC penalty (Undergraduates)
April 25	Deadline to submit Pass/Fail form for a course being taken in the current semester (Undergraduates)
April 27	Classes end for Grad CHS, Accelerated 2nd Degree Nursing, and Pharmacy
April 30-May 3	Final Exams for Grad CHS, Accelerated 2nd Degree Nursing, and Pharmacy
May 3	Classes end for all programs
May 4	Commencement for Grad CHS, Accelerated 2nd Degree Nursing, and Pharmacy (Friday)
May 4	Reading/Study Day
May 7-10	Final Examinations
May 11-12	Spring Commencement (Friday and Saturday)
May 15	Final Grades due (Tuesday)

Calendar for Academic Year 2017-2018 for Undergraduate Day & Most Graduate Programs, including Graduate CHS, Pharmacy

<https://www.samford.edu/departments/registrar/>

Full Summer Term 2018 (14 weeks)

May 14	Classes begin (Grad CHS and Accel 2nd Degree Nursing)
May 14	P4 Clinical Rotations begin
May 14	Last day to add or drop a Full Summer Term (14-wk) course(s)
May 28	Memorial Day Holiday (no classes meet)
July 4	Independence Day Holiday (no classes meet)
July 20	Last day to withdraw from a Full Summer Term course OR to completely withdraw from ALL Full Summer Term courses without ACADEMIC penalty
August 10	Classes end (Grad CHS and Accel 2nd Degree Nursing)
August 13-16	Final Examinations
August 21	Final Grades due (Tuesday)
August 24	P4 Clinical Rotations end

Summer I Term 2018 (5 Weeks)

June 4	Classes begin
June 7	Last day to add or drop a Summer I course(s)
June 7	Deadline to submit Course Repeat form in term repeated course is taken
June 20	Last day to withdraw from a Summer I course OR to completely withdraw from ALL Summer I courses without ACADEMIC penalty
June 20	Deadline to submit Pass/Fail form for a course being taken in the current term
July 4	Independence Day Holiday (no classes meet)
July 5	Classes end
July 6	Final Examinations
July 9	Final Grades due (Monday)

Summer II Term 2018 (5 Weeks)

July 9	Classes begin
July 12	Last day to add or drop a Summer II course(s)
July 12	Deadline to submit Course Repeat form in term repeated course is taken
July 25	Last day to withdraw from a Summer II course OR to completely withdraw from ALL Summer II courses without ACADEMIC penalty
July 25	Deadline to submit Pass/Fail form for a course being taken in the current term
August 9	Classes end
August 10	Final Examinations
August 13	Final Grades due (Monday)

Summer III Term 2018 (10-Weeks)

June 4	Classes begin
June 7	Last day to add or drop a Summer 10-Week course(s)
June 7	Deadline to submit Course Repeat form in term repeated course is taken
July 4	Independence Day Holiday (no classes meet)
July 25	Last day to withdraw from a Summer 10-Week course OR to completely withdraw from ALL Summer 10-Week courses without ACADEMIC penalty
July 25	Deadline to submit Pass/Fail form for a course being taken in the current term
August 9	Classes end
August 10	Final Examinations
August 13	Final Grades due (Monday)

About Samford University

For more than 170 years, Samford University and its students have impacted the world with their academic achievement and leadership skills. At the University's core is a foundation of Christian values and belief, a mission to nurture persons for God, for learning, forever that has withstood the test of time. Because of the united dedication to this mission, Samford students discover that professors, administrators, and staff encourage them to reach their highest potential intellectually, spiritually, and socially. The rewards are numerous, and the impact on individual lives is endless.

Identity

Samford University is a Christian community focused on student learning.

Samford was founded in 1841 by Alabama Baptists. In the present day, it maintains its ties to Alabama Baptists, extending and enhancing their original commitment by developing and maintaining in the campus community an exemplary Christian ethos and culture.

Samford University's corporate expression of faith commitment is *The Statement of Baptist Faith and Message of 1963*, without amendment.

Samford offers associate's, bachelor's, master's, and professional doctoral degrees, as well as continuing education and various types of worthwhile, non-degree learning.

Samford serves students through ten organizational units: Howard College of Arts and Sciences, School of the Arts, Brock School of Business, Beeson School of Divinity, Orlean Beeson School of Education, Cumberland School of Law, and the College of Health Sciences, which includes the School of Health Professions, Ida Moffett School of Nursing, McWhorter School of Pharmacy, and the School of Public Health.

Mission

The mission of Samford University is to nurture persons in their development of intellect, creativity, faith, and personhood. As a Christian university, the community fosters academic, career, and ethical competency, while encouraging social and civic responsibility, and service to others.

Core Values

Samford University's particularity is rooted in convictions, essential to its integrity, and expressive of its mission. The Samford community values lifelong:

- belief in God, the Creator of heaven and earth, and in Jesus Christ, His only Son, our Lord.
- engagement with the life and teachings of Jesus
- learning and responsible freedom of inquiry
- personal empowerment, accountability, and responsibility
- vocational success and civic engagement
- spiritual growth and cultivation of physical well-being
- integrity, honesty, and justice
- appreciation for diverse cultures and convictions
- stewardship of all resources
- service to God, to family, to one another, and to the community.

Vision

Anchored in Christian understanding, Samford University will be a diverse community, stressing vigorous learning and personal faith, in the Baptist tradition. Within that commonality, the Community will be: *innovative* in teaching, learning and research; *sensitive* to global issues; aggressive in self-assessment and continuous improvement. Faithful to its mission, Samford will be known and acknowledged worldwide by holding to its distinctives. The world will be better for it.

Timeline

1841 - Founded and chartered by a group of educational, economic, and Baptist leaders. Opened in January 1842 in Marion, Alabama, as Howard College, named in honor of John Howard, British advocate of prison reform.

1887 - Relocated to the East Lake campus in Birmingham, Alabama

1914 - Established Teacher Education Division

1920 - Gained membership in and accreditation by the Southern Association of Colleges and Schools.

1927 - Established Division of Pharmacy

1947 - Purchased 300-acre site in Homewood, Alabama, for relocation of the campus.

1957 - Relocated to the current Homewood campus with eight buildings

1961 - Acquired the historic and renowned Cumberland School of Law, established in 1847 at Lebanon, Tennessee.

1965 - Elevated to university status and named Samford University in honor of the Frank Park Samford family.

1965 - Designated the Division of Pharmacy as the School of Pharmacy; later renamed McWhorter School of Pharmacy in honor of the R. Clayton McWhorter family.

1965 - Created the School of Business; the Department of Business had been offering degrees since 1922. Named Brock School of Business in 2007.

1970 - Elevated the Department of Music to the School of Music. In 2001, became School of Performing Arts with the addition of Theatre Department. The Art Department joined in 2008 to create School of the Arts. The Department of Interior Architecture was added to the school in 2011.

1973 - Acquired the Ida Moffett School of Nursing following a merger agreement with Baptist Medical Centers—the first program in Alabama to be accredited by the National League for Nursing in 1955.

1984 - Purchased the London Study Centre, located in the heart of London; later renamed Daniel House in honor of the Daniel family.

1988 - Established the Beeson School of Divinity through the generosity of Ralph W. Beeson.

1995 - Opened the Lucille S. Beeson Law Library to serve Samford's Cumberland School of Law. Lucille Beeson practiced law in the 1930s and was a distinguished patron of the University.

2001 - Opened the state-of-the-art Sciencenter, with 100-seat planetarium, conservatory, classrooms, research labs, and offices for biology, physics, and chemistry departments. Named William Self Propst Hall in 2009.

2006 - Opened Jane Hollock Brock Hall, a 32,000-square-foot facility for instrumental music, including a 330-seat, state-of-the-art recital hall. Given in honor of Samford benefactor Jane Brock by her husband, Compass Bank founder and Samford trustee Harry B. Brock, Jr.

2007 - Dedicated the 132,000-square-foot Pete Hanna Center, including the 5,000-seat Thomas E. and Marla H. Corts Arena, a fitness/wellness center and other athletics facilities.

2013 - Announced formation of a new College of Health Sciences to include the Ida Moffett School of Nursing, the McWhorter School of Pharmacy, and two new schools, the School of Health Professions and the School of Public Health.

Samford University Fact Sheet for 2017-2018

Distinctions

- Samford is the top-ranked university in Alabama in national rankings by Forbes Inc. and *The Wall Street Journal* (2018).
- Samford is ranked #87 nationally and #1 in Alabama by *The Economist*. Samford is in the 93rd percentile nationally of the 1,275 colleges and universities in this ranking (2016).
- Samford is ranked #3 in the South, #5 in the South for most innovative and #1 in the South for best colleges for veterans among regional universities by *U.S. News & World Report* (2018). Only 66 colleges and universities in the country were included in the Most Innovative Schools ranking, and Samford is the only Alabama institution included in this special list.
- Samford is ranked #40 private university in the U.S. for value and affordability by *Kiplinger's Personal Finance* (2017).
- Samford is ranked #8 for Southern regional universities (2016) and #36 nationally for best Christian colleges (2017) by College Choice.
- 97% of undergraduate alumni are employed, attending graduate school or in a post-graduation internship within six months of graduation (2017).
- Samford is recognized as a best value-top college by Educate to Career for the employability of graduates.
- Samford's athletics teams are ranked #1 in Alabama and the Southern Conference for Graduation Success Rate (GSR) by the NCAA with an average score of 98%. Ten teams posted perfect scores (2016).
- Samford is one of only 23 master's institutions in the nation included on *The Chronicle of Higher Education's* list of Top Producers of Fulbright Scholars and Students. Samford is the only institution in Alabama recognized for its success in student applications to the Fulbright U.S. Student Program, the flagship international educational exchange program sponsored by the U.S. government (2017).
- Samford is ranked #1 in Alabama for median earnings of former students 10 years after graduation by the U.S. Department of Education's College Scorecard (2017).
- Samford is ranked top 50 nationally for top private colleges that give students the least private student debt by The Student Loan Report (2017). Samford is the only institution in Alabama listed in the top 50.

Overview

President	T. Andrew Westmoreland, Ed.D.
Established	1841, 87th oldest university in the U.S.

Southern Business Administration Association
Southern Regional Education Board
University Continuing Education Association

Samford University is approved by the Alabama Department of Education for the training of teachers, school administrators, supervisors and counselors. The human development and family science program is approved by the National Council on Family Relations.

Accreditation

Samford University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), to award bachelor's, master's, educational specialist, and doctoral degrees. This status was most recently affirmed in 2007, continuing a relationship that Samford has enjoyed with SACS since 1920. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, GA, 30033-4097, or call 404-679-4500 for questions about the accreditation of Samford University.

The appropriate professional schools and programs at Samford are accredited by:

Accreditation Council for Education in Nutrition and Dietetics (ACEND)
Accreditation Council for Pharmacy Education (ACPE)
American Bar Association (ABA)
Association of Theological Schools (ATS)
Association to Advance Collegiate Schools of Business (AACSB)
Commission on Accreditation of Athletic Training Education (CAATE)
Commission on Collegiate Nursing Education (CCNE)
Council for Interior Design Accreditation (CIDA)
Council on Accreditation of Nurse Anesthesia Educational Programs (COA)
National Association of Schools of Music (NASM)
National Association of Schools of Theatre (NAST)
National Council for Accreditation of Teacher Education (NCATE)

The following professional programs have applied for and received approval to be candidates for accreditation:

Dietetic Internship – Accreditation Council for Education in Nutrition and Dietetics (ACEND)

Master of Science in Speech Language Pathology – Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) & American Speech-Language-Hearing Association (ASHA)

Master of Social Work – Council on Social Work Education (CSWE)

Doctor of Physical Therapy – Commission on Accreditation in Physical Therapy Education (CAPTE)

The following professional program will seek accreditation upon graduation of its first student cohort, as required by the respective accrediting organization:

Master of Public Health – Council on Education for Public Health (CEPH)

Frequently Asked Questions for New Students

HOW OLD IS SAMFORD UNIVERSITY?

Samford University was founded and chartered in 1841 by a group of educational, economic, and religious leaders.

CAN I VISIT THE CAMPUS?

All prospective students and their parents are encouraged to visit the campus. To schedule your visit, contact: Office of Admission, Samford University, 800 Lakeshore Drive, Birmingham, AL 35229, or telephone (800) 888-7218 or (205) SAM-FORD [726-3673].

HOW DO I APPLY FOR ADMISSION TO SAMFORD UNIVERSITY?

Contact the Office of Admission for an admission packet (800) 888-7218 or (205) SAM-FORD [726-3673], or mail a request to: Office of Admission, Samford University, 800 Lakeshore Drive, Birmingham, AL 35229, or visit the Samford website at www.samford.edu.

WHAT ARE THE ADMISSION REQUIREMENTS?

Admission requirements depend on your student classification, i.e., whether or not you have ever enrolled in college. Please see Admission Procedures and Policies section of this catalog for definitions and details.

WHEN DO I APPLY FOR ADMISSION?

There is no formal admission deadline, but you are encouraged to complete the application process as soon as possible. For freshmen to be considered for merit based scholarships, applications must be received prior to December 15.

WHEN WILL I KNOW IF I HAVE BEEN ACCEPTED BY SAMFORD?

Letters of admission notification are mailed to applicants on a rolling basis prior to admission in the fall of the same year.

HOW MUCH DOES IT COST?

A table of tuition and fees for undergraduate day students (full-time and part-time) and graduate students can be found in the Financial Information section of this catalog. Also, there are brief explanations of miscellaneous expenses that may occur during an academic year.

AFTER I AM ACCEPTED TO SAMFORD, WHAT DO I DO NEXT?

Included with your letter of acceptance, you will receive a packet of information including campus residence request forms, and most important, Bulldog Days, Samford's new student orientation session. Bulldog Days is coordinated by the Director of Orientation, and is held in June for freshmen and their parents prior to the fall semester. (See the Orientation website for dates: <http://www.samford.edu/orientation/>.) During this two-day orientation, students and parents will be introduced to campus services, faculty, staff, and various other elements of Samford. Parents will not want to miss this event. Students will participate in one-on-one personal curriculum advising with their academic advisor and course registration. It is a time to relax, get acquainted with Samford, have questions answered, and meet faculty, administration, and classmates. An information session for students transferring to Samford is also held in June and an additional new student orientation session is held in August.

HOW CAN I APPLY FOR A SCHOLARSHIP?

Samford University provides numerous scholarships based on criteria such as academic achievement, leadership skills, need, athletic ability, or field of study. See the Financial Assistance section of this catalog for details or contact the Office of Financial Aid at (205) 726-2905.

WHAT TYPES OF FINANCIAL AID ARE AVAILABLE?

Federal and state financial aid is available in the form of grants, loans, and on-campus job opportunities. Samford offers numerous scholarships to qualified students. You will find details on these and other financial aid programs in the Financial Assistance section of this catalog.

I AM A TRANSFER STUDENT. WHAT DO I NEED TO DO TO ENROLL IN SAMFORD?

Transfer students are welcomed at Samford University and must present academic records that reflect serious academic aims and mature progress toward those aims. See the Admission Policies and Procedures section of this catalog, or contact the Office of Admission for an admission packet at (800) 888-7218 or (205) SAM-FORD [726-3673], or mail a request to the Office of Admission, Samford University, 800 Lakeshore Drive, Birmingham, AL 35229.

I AM AN INTERNATIONAL STUDENT.

WHAT DO I NEED TO DO TO ENROLL IN SAMFORD?

An international student must allow six months to complete the necessary paperwork prior to admission and enrollment date. See the Admission Policies and Procedures section of this catalog, or contact the Office of Admission for an admission packet at (800) 888-7218 or (205) SAM-FORD [726-3673], or mail a request to the Office of Admission, Samford University, 800 Lakeshore Drive, Birmingham, AL 35229, or the Samford website at www.samford.edu.

DO I NEED A COMPUTER?

The recommendation is that resident students bring a student-owned computer to campus. Samford provides student access to four computer labs on campus. Many departments also have computer labs that support their specialized needs. All resident students may access the Samford University network from their room. Wireless access is available to all students in most places on campus. Contact the Technology Services Service Desk for more detailed information at (205) 726-2662 or e-mail support@samford.edu. Also, see Technology Services and Resources in the Campus Life, Services, and Facilities section of this catalog.

WHAT CHOICES DO I HAVE FOR A MAJOR?

There are over 200 undergraduate and graduate/professional majors, minors, and concentrations available from 10 colleges and schools. A complete list of programs offered can be found in the Programs of Study section of this catalog. See also the Academic Policies and Regulations section, Graduate Degree Requirements, for a list of joint-degrees available at the graduate level.

I AM UNDECIDED ABOUT A MAJOR. WHAT DO I DO?

The assistant dean of the Howard College of Arts and Sciences oversees undeclared majors and furnishes guidance through the services of a Career Counselor. To further aid a student with this decision, a required curriculum of six courses, known as the University Core Curriculum, has been designed to provide an academic foundation for work toward a major field of study. See Bachelor's Degree Requirements in the Academic Policies and Regulations section of this catalog for further information and details on the University Core Curriculum.

HOW DO I DECLARE A MAJOR?

Each student must declare a major by the junior year and file it with the Office of the Registrar.

I DO NOT LIVE IN BIRMINGHAM.

WHERE CAN I LIVE? CAN I LIVE ON CAMPUS?

All unmarried, undergraduate day students are required to live on campus for four semesters (typically through the sophomore year), unless they live at home with a parent or guardian. See Residence Life in the Campus Life, Services, and Facilities section of this catalog for further information.

MAY I HAVE A CAR ON CAMPUS?

Yes. All motor vehicles on campus must be registered with Transportation Services, and students must comply with all campus vehicle registration requirements, and parking and traffic regulations. See Transportation Services in the Campus Life, Services, and Facilities section of this catalog for details.

WHAT ARE SOME EXTRACURRICULAR ACTIVITIES AT SAMFORD?

The Campus Life, Services, and Facilities section of this catalog introduces students to the wide variety of annual campus events, musical groups and choirs, student-run publications, radio station participation, student ministries, as well as service and social organizations available to students. In addition, there are 15 active chapters of fraternities and sororities on campus. Samford is a Division I member of the NCAA and competes in the Southern Conference in basketball, baseball, football, golf, soccer, softball, tennis, track, and volleyball. In their years at Samford, students experience opportunities to attend cultural events, to participate in service projects, and to attend the lectures and seminars of outstanding and accomplished national and international VIP visitors.

Admission Procedures and Policies

A solid liberal arts education has long proven to be the best preparation for most professions and positions of leadership. Through a strong education in the arts and sciences, Samford University students develop intellectually and personally, acquiring the broad understanding and diverse skills that modern society requires.

Samford seeks students who have demonstrated high standards of scholarship, outstanding personal character, and serious educational aims. Admission standards are competitive and selective. The Admission Committee selects the entering class from among those whose academic performance gives the strongest promise of success in college. It is Samford's intent to maintain an undergraduate student body with diverse backgrounds, interests, and abilities.

Students who wish to attend Samford University should complete an application for admission. Submit applications and related documents to the address listed below or online at www.samford.edu/admission.

Prospective students are encouraged to visit the campus. To schedule your visit, contact: Office of Admission, Samford University, 800 Lakeshore Drive, Birmingham, AL 35229, or telephone (205) SAMFORD [726-3673].

The information that follows is general policy and pertains to undergraduate programs. Graduate and professional degree programs may have different policies. For information about these, contact the administrator with responsibility for the program in question.

Admission Application Process

Applicants are encouraged to complete the process as soon as possible. Delays in the admission process could also adversely affect other processes important to eventual enrollment, including financial aid and residence life. Also, if transcripts are being sent to us from other institutions, please allow for the time it takes for us to receive them. See Admission Procedures below.

Admission Notification for All Students

Once students have been notified of admission to Samford, a \$250 Enrollment/Housing Confirmation Deposit must be submitted to the Office of Admission to reserve a place in the entering class. The deposit is nonrefundable and is applied to first semester costs. The entering class must be limited to support an optimum living and learning environment. Deposits will be accepted until May 1 (the National Candidate Reply Date), after which eligible students will be placed on a wait list and selected as space becomes available.

Application Materials

All application materials received by the Office of Admission are considered confidential. Application materials will remain active for one year for students who wish to defer admission and enrollment. Only materials provided directly from an applicant can be released.

Orientation

The Admission Office coordinates Orientation sessions for new students and their parents. Orientation provides parents and students the opportunity to learn more about the campus, faculty, and staff, and the opportunity to talk to current Samford students. New students will register for their fall classes. Orientation is required for all new students enrolling at Samford. Students who fail to register for an orientation session are subject to being charged the orientation fee and will have a class registration hold until the orientation requirement has been satisfied. More information on New Student Orientation, including how to register, can be found on the Admission website: www.samford.edu/admission

Undergraduate Admission Procedures

First-Time Applicants

Samford University seeks to enroll students who are capable of success in a challenging academic environment and who demonstrate a commitment to the Christian mission and purpose of the university. Every application is individually evaluated from a holistic perspective, which includes consideration of the applicant's personal integrity, moral character, academic preparation, achievement and potential, leadership of and participation in extra-curricular activities including school, church, para-church and community organizations, and likelihood to make the most of the opportunities and resources that are available to Samford students.

In addition to the traditional evaluation of transcripts, the Admission Committee also takes into account standardized test scores, autobiographical essays, and letters of recommendation, as well as the rigor of an applicant's high school or college curriculum and how he or she has participated in and contributed to those academic settings. This process is indicative of Samford's competitive admission environment and level of selectivity, which will likely increase for each ensuing class. With limited offers of admission, the Admission Committee endeavors to measure an applicant's particular interest in Samford, both academically and as a potential contributor to the university community. An applicant's FAFSA information is not considered in the admission process, and, accordingly, the university does not provide the scholarship assistance that will be required by all who receive an offer of admission.

The university reserves the rights to reject any application without explanation and to rescind an admission if (i) between the date of an application and the start of classes there is a change in the condition or status of any information provided by the applicant that would have been a basis for denying the application when it was reviewed by the Admission Committee or (ii) any information provided by an applicant proves to be untrue at the time of its submission.

Samford University does not discriminate on the basis of sex, race, creed, or national origin. Religious institutions such as Samford University may be exempt from certain provisions of federal laws concerning non-discrimination. All inquiries and complaints should be directed to the University Legal Counsel at 800 Lakeshore Drive, Birmingham, AL 35229.

Scholarship Policy

Samford scholarships and university aid are awarded to students who have distinguished records of achievement. The university believes the lives and commitments of such students hold great promise for addressing the vital issues of the future. The Scholarship Committee seeks students who intentionally use their exceptional talents, abilities, and personal commitments to better society. Due to limited resources, the committee utilizes the funds available to impact affordability for as many students as possible. At all times, it is understood that recipients of these funds will maintain high standing in academic, social, and residential areas of campus life. For more information on scholarships, including deadlines and recipient guidelines, visit: www.samford.edu/admission/scholarships

Freshman Applicant

Recommended Components for Competitive Admission

Transcripts and Curriculum

An official high school transcript of your academic work should reflect a strong scholastic history. Successful applicants for admission should emphasize the following units in their secondary coursework: four units of English, algebra I and II, geometry, two laboratory sciences, two units of history (not including state history), and two units of a foreign language. Successful scholarship applicants typically present a curriculum that includes outstanding performance in four units of English, four units of math, three laboratory sciences, three units of history, and two units of a foreign language.

High School Equivalency (GED)

Applicants who have the GED (General Educational Developmental) diploma may present an official score report in place of the high school diploma. The ACT or SAT will be required unless the applicant has been out of high school for at least five years. Nursing applicants are required to submit standardized test scores.

Freshman Applicant Procedures for Admission

Competitive applicants for admission are encouraged to provide the following:

1. Complete an application form online at www.samford.edu/admission or submit a Common Application available at www.commonapp.org, and include a \$40 nonrefundable application fee.
2. Request two official transcripts from your high school to be sent to the Office of Admission. One should be sent at the time of application. The second one should be sent at the completion of the senior year certifying graduation. Transcripts must be mailed by the school to the Office of Admission in order to be considered official or be submitted electronically via other approved methods.
3. Official test scores, sent to Samford directly from the American College Testing Program (ACT) and/or the College Board Scholastic Aptitude Test (SAT I: Reasoning Test, or SAT) are required. Samford's institutional codes are: 0016 (ACT) and 1302 (SAT). Scores received via other means may not be accepted as official.
4. Arrange for submission of the School Recommendation Form provided on the online SU application and the Common Application.
5. Write an essay of approximately 500 words. In your own words, respond to one of the essay questions in the admission application form online.
6. If necessary, mail the completed application and related documents to:

Office of Admission
Samford University
800 Lakeshore Drive
Birmingham, AL 35229

Early Entrance to College

Samford welcomes applications from exceptional students prior to their high school graduation when, in the opinion of the applicant, the applicant's parents, and school officials, enrollment at Samford University will enhance the educational experience beyond that available in high school.

Categories

There are two categories for early entrance:

1. Admission to Samford after the junior year in high school.
OR
2. Concurrent enrollment at Samford and at the high school during the senior year.

Qualifications and Requirements

1. A grade point average of 3.50 or higher.
2. An ACT score of 25 or an SAT score of 1150.
3. A written statement of support from parents and from a school official.

Evening Student Applicant

It is expected that students who enter this program have been out of high school for at least three years and are unable to enroll in the day program due to work schedules, family concerns, or other reasons. Professional Studies is the administrative office that serves evening students. (See the Professional Studies section of this catalog.) Professional Studies staff can assist you with academic advising, admission, and other areas of concern. Contact them at (205) 726-2898.

International Student Applicant

Competitive international applicants for admission are encouraged to provide the following:

1. Complete an application form online at www.samford.edu/admission or submit a Common Application available at www.commonapp.org, and include a \$40 nonrefundable application fee.
2. Have an official transcript with three years of secondary school academic work, including mark sheets, examination results, certificates, diplomas, etc., sent to the Office of Admission. This includes any college credit earned in a university not in the United States. Certified copies of all academic work not completed in an English-speaking school should be submitted to the World Evaluation Service (WES), or Education Credential Evaluators (ECE), requesting a Course-by-Course Evaluation. Information regarding WES and ECE is available from the Office of Admission.
3. Have official scores on the ACT or the SAT sent to the Office of Admission by the respective agency. If official ACT or SAT testing agencies are not available, students may have official scores on the TOEFL (Test of English as a Foreign Language) or IELTS sent directly from the Educational Testing Service to the Office of Admission. A competitive score of 575 (paper) or 90 (Internet) is expected for TOEFL and 6.5 for IELTS.
4. Arrange for submission of the School Recommendation Form provided on the online SU application and the Common Application.
5. Write an essay of approximately 500 words. In your own words, respond to one of the essay questions in the admission application form online.
6. Supply a copy of your official Government documentation (visa or passport) to the Office of Admission.

International students interested in Samford aid should submit a financial affidavit of support, supplied by Samford, in order to be considered.

Student Classifications

Academic Renewal Student—An undergraduate student who has dropped out, withdrawn, or has been suspended because of academic deficiencies but has demonstrated sufficient maturation to be considered for re-enrollment.

Audit Student—A student who neither receives a grade nor participates in classroom examinations.

Early Entrance to College—An exceptional high school student who meets specific qualifications to be admitted to Samford University prior to completing a traditional four-year high school diploma program.

Evening Student—A student who has been out of high school for at least three years and is unable to enroll in a day program.

Freshman—A student who is a high school graduate and has not enrolled in any accredited college or university.

International Student—A student who is not a U.S. citizen.

Readmission Student—A student who previously attended Samford, left, and desires to return to Samford, including students who were required to withdraw.

Special Status Student—A student who is enrolled but is not seeking a degree.

Transfer Student—A student who has attended another accredited college or university and desires to attend Samford to pursue a degree.

Transient Student—A student who is regularly enrolled in another college or university but desires to take a course(s) at Samford.

Dual Enrollment Credit and Credit by Examination for Entering Freshmen

The maximum aggregate total credit an entering freshman may bring to Samford through dual enrollment, Advanced Placement (AP), College Level Examination Program (CLEP), DANTES Subject Standardized Tests (DSST), or International Baccalaureate (IB) is 30 credit hours.

The Core Curriculum is a distinctive of a Samford education. As part of the Core Curriculum, only UCCA 101 (Communication Arts I) is eligible for dual enrollment, AP, CLEP, or IB credit. All other Core Curriculum courses, including UCCA 102 (Communication Arts II), UCCP 101 (Cultural Perspectives I), UCCP 102 (Cultural Perspectives II), UCFH 120 (Concepts of Fitness and Health), and UCBP 101 (Biblical Perspectives) must be taken at Samford and cannot be satisfied through dual enrollment credit or credit by examination.

UCCA 101 credit may be met by a score of 4 or 5 on the AP exam for either English Language or English Literature, a score of 5 or higher on English A1 for IB, or a dual enrollment composition course at the equivalent level.

English Composition II, Western Civilization and World History courses taken as dual enrollment may be considered for elective credit. English Composition II will not satisfy UCCA 102 credit. Elective credit for Western Civilization and World History may satisfy a general education humanities requirement, depending on the student's major. They will not satisfy the requirements for UCCP 101 or UCCP 102.

Dual Enrollment

Dual enrollment courses are college classes taken in high school which might satisfy high school requirements and also earn college credit. Incoming freshmen may transfer up to 12 hours of dual enrollment credits that satisfy high school requirements. Additional dual enrollment courses that are not needed to satisfy high school requirements, and are taken above and beyond high school requirements, may be considered beyond the initial 12 credits, but not to exceed the maximum of 30 credits allowed.

Dual enrollment courses require a minimum grade of B- or higher to be accepted for credit.

An official transcript from a regionally accredited college or university is required for dual enrollment credit to be evaluated and applied. Dual enrollment credit will not be evaluated from a high school transcript.

Additional documentation is required from the high school guidance counselor for dual enrollment credit that is taken above and beyond high school requirements. Contact the Office of Admissions for more information about providing that documentation.

Students who take courses with both Advanced Placement (AP) exams and dual enrollment credit must meet the minimum requirements in either area to receive credit.

Credit by Examination

AP, CLEP, DSST, and IB credit is awarded with the minimum exam score reported from the College Board, Prometric, or International Baccalaureate. Please refer to the Credit by Examination Policies section on the following pages, for more information.

Credit earned with the minimum score required will be applied with a grade of "P" for Pass; no letter grade is applied. Credit hours are earned, but no grade or quality points will be included in the GPA calculation.

*AP=Advanced Placement; CLEP=College-Level Examination Program;
DSST= DANTES Subject Standardized Tests; IB=International Baccalaureate

* Students who successfully meet the minimum score for both Advanced Placement English Literature & Comp and English Language & Comp can receive credit for UCCA 101 plus 4 credit hours of general elective credit.

** Students who successfully meet the minimum score (4) for language at the **intermediate** level receive a maximum of 8 credits for 201-202 and do not receive an additional 4 credits for exceeding the expectations of the 102 **elementary** level.

*** A score of 3 or higher on the BC exam earns credit in MATH 240 and 260, regardless of the AB subgrade.

† The Division of Music will allow Music Theory as AP credit pending the student's successful evaluation regarding that subject at Samford University.

NOTE: Credit earned with the minimum score required will be applied with a grade of "P." No letter grade is applied. Credit hours are earned, but no grade or quality points will be included in the GPA calculation.

College-Level Examination Program (CLEP)

College-level credit is awarded for scores of 50 or higher in most subject areas; however, students should consult with their advisors or the Office of the Registrar before scheduling any CLEP examinations. With the sole exception of UCCA 101, CLEP credit is not acceptable for University Core Curriculum courses.

No more than 8 credits are awarded for the language CLEP test. No credit is given for FREN/GER/SPAN 101.

International Baccalaureate

Samford University recognizes the quality of the International Baccalaureate (IB) Program and welcomes application for admission from students who have taken coursework in the IB program. Credit is given for the IB Higher Level Examinations passed with grades of 5, 6, or 7. No credit is given for the IB Subsidiary Examinations. In cases of ambiguity, the dean of Howard College of Arts and Sciences, in consultation with the Office of the Registrar, will determine the credit to be awarded.

DANTES Subject Standardized Tests (DSST)

DANTES Subject Standardized Tests (DSST) are evaluated on a case-by-case basis upon acceptance to the University. All scores of 50 or above will be considered. Our four digit site code is 9516.

General Certificate of Education (GCE) A-Level and AS-Level Exam Policies

Samford recognizes the rigor of the GCE (General Certificate of Education) examinations and will review results on a case-by-case basis. Approved credits may be granted for each A-level exam with a passing grade. No grades are posted for A-level or AS-level exams.

General elective credits in the subject area will be awarded unless the discipline's academic department has previously approved course equivalencies. If equivalent courses are needed for a specific major, students will need to consult the academic department once they arrive on campus to have the chair evaluate the syllabus/content of the A-level or AS-level exam.

Duplicate credit for the same subject taken on different exams like A-level, AS-level, AP, or IB will not be granted.

Advanced credit policies are reviewed on a regular basis and are subject to change. They cannot exceed the maximum aggregate total credit an entering freshman may bring to Samford.

National League for Nursing (NLN)

Samford awards credit for students who successfully pass a National League for Nursing (NLN) RN challenge exam. Contact the School of Nursing for more information.

Credit Limitations

The aggregate of credit earned in dual enrollment, extension, correspondence, AP (Advanced Placement), and CLEP may not exceed 30 credits. At least 50 percent of the credit in each degree program must be earned from Samford, with none of the credit mentioned in the previous sentence counting toward this residency requirement. Also, a minimum of 15 credits in the major field (with nine at the 300–400 level) must be taken at Samford. For a minor, a minimum of nine credits in the minor field (with six at the 300–400 level) must be taken at Samford.

Transfer Student Applicant

Academic Record

Transfer students generally receive favorable admission review when they present a minimum cumulative 2.50 grade point average on all college-level coursework, provided they have attempted at least 24 credits, or 36 quarter credits, at institutions accredited by one of the regional accrediting agencies. If a student has attempted less than 24 credits of college-level coursework, an official high school transcript and official test scores must also be submitted in order to be considered for admission.

Transferring Core and General Education Courses

Samford University strives to offer a distinctive curriculum that challenges students to their fullest potential and employs innovative teaching techniques. All students should complete their General Education Requirements, including the Core Curriculum, in residence whenever possible. Transfer students with 18 or more semester credits earned at another institution may be able to substitute coursework taken elsewhere for the interdisciplinary courses of the General Education Requirements, if those courses meet 75 percent of the required credits in each course. Only one Core Curriculum course (UCCA 101) may be applied as a core course for transfer students who have earned less than 18 transfer credits from accredited institutions and credit by examination. Students will only receive the credit they earned (not the credit of the course being replaced) and must meet the total number of credits required for their degree program (128 credits minimum). Natural and computational science courses must have a laboratory component.

Transfer Credits

Samford University accepts for transfer credits earned at institutions that have regional accreditation and in which the student has earned a grade of C- or higher.

Transfer students are required to earn at least 50 percent of the credit for a first undergraduate degree in each degree program from Samford. Also, a minimum of 15 credits in the major field (with nine at the 300–400 level) must be earned at Samford. For a minor, a minimum of nine credits in the minor field (with six at the 300–400 level) must be earned at Samford.

Students may transfer up to 64 semester credits or 96 quarter credits of work completed at two-year institutions, where such coursework is comparable to Samford courses offered at the 100 and 200 level.

Individual transfer courses may satisfy a major, minor, or concentration requirement if they meet 75 percent of the required credits for the course. Transfer courses that do not meet the 75 percent rule may still apply, but additional credits may be required to satisfy the requirement.

Transfer Student Applicant Procedures for Admission

Samford University welcomes transfer students at the beginning of any term. Transfer students must present academic records that reflect serious academic aims and mature progress toward those aims. Transfer applications will be reviewed up to 10 days prior to the beginning of the academic term in which a student desires to attend.

It is recommended that a transfer student who desires to attend Samford University:

1. Complete an application form at www.samford.edu/admission or submit a Common Application available at www.commonapp.org, and include a \$40 nonrefundable application fee.
2. Have one official transcript from each college attended mailed directly from your former institution's records office to the Office of Admission at Samford. Samford can also accept official transcripts online, but only through National Student Clearinghouse, Docufile, E-Script, or Credentials. No other online service can be accepted. If you earned fewer than 24 semester credits or 36 quarter credits in total at other institutions, you must also meet the requirements of an entering freshman (providing an official high school transcript and official ACT or SAT score).
3. Arrange for submission of the School Recommendation Form provided on the online SU application and the Common Application.
4. Write an essay of 250–500 words. In your own words, respond to the essay question in the admission application form online.

Any components not submitted online need to be mailed to:

Office of Admission
Samford University
800 Lakeshore Drive
Birmingham, AL 35229

All transfer students under the age of 21 and/or under 80 completed hours/credits are required to attend new student orientation before registering for classes.

International Transfer Applicant

The transfer credit process for international students includes the above transfer process as well as the following:

1. As part of the admissions process, an international credential evaluation is required reporting prior university study, including translated course-by-course examinations. Samford accepts evaluations from World Education Services (WES), found at www.wes.org or Education Credential Evaluators (ECE) at www.ece.org.
2. An official international credential evaluation should come directly to Samford University electronically or through the mail in a sealed envelope. Transfer credit will be applied according to information reported on the official evaluation. Courses that are reported as comparable to courses from a U.S. regionally-accredited institution will be accepted according to Samford's transfer credit policies.
3. Pass/fail courses graded as "P" or "S" will not be initially accepted unless written documentation is received from the awarding institution that the grade represents at least a "C-."
4. Samford course equivalencies may be met with 75% of the required credits; however, they will only receive the actual credits earned toward the degree.
5. To earn a first undergraduate degree at Samford University, at least 50 percent of the credits for that degree must be earned from Samford. Additionally, a minimum of 15 credits in the major field (9 at the 300–400 level) and 9 in any declared minor field (6 at the 300–400 level) must be earned from Samford. (See the Transfer Student Applicant section for more details.)
6. Initially, elective credit will be awarded until such time that verifiable course descriptions or syllabi with English translation are provided to the Transfer Credit Analyst in the Office of the Registrar for evaluation. If it is determined by the academic department that a transfer course is comparable to a Samford course, equivalent credit will be applied. Providing course information is not a guarantee that equivalent credit will be awarded. Course information only provides the information needed to make a determination for credit.
7. Course descriptions or syllabi should come from the transfer institution on the institution's official letterhead and include contact information. To receive the most accurate evaluation of international credit, course information should include: title of course, course level (1st year, 2nd year, 3rd year, etc.), course objectives, outline of course content, type of course (i.e. independent study, lecture, seminar, laboratory), description of how student is evaluated for the course, and reading references.
8. If English is not the native or official language of the student's home country, all course information must be officially translated into English and accompany the original course documents. The name and contact information of the translator is to be included.
9. Full-time Samford students (registered for 12 or more credits in a given term) are required to satisfy a convocation requirement. For transfer students, the number of convocation credits required is prorated based on the number of transfer hours accepted. Failure to satisfy the convocation requirement will prevent graduation.

Special Category Applicants

Academic Renewal Applicant (updated 3/1/18)

Undergraduate students who have withdrawn or have been suspended because of academic deficiencies at Samford may request to be considered for academic renewal after re-acceptance.

The following conditions apply:

1. Academic renewal may be used by a student who has sat out two contiguous semesters, not including Jan Term or summer terms, and whose cumulative Samford GPA is less than 2.00.
2. Any grade of D+ or less will have its GPA hours set to 0, up to a maximum of 32 credits. The grades remain on the academic transcript; however, they no longer count toward the cumulative Samford GPA. The GPA hours erased are separate from the University's repeat procedure and are not counted against a student's repeats.

- Grades of C- or better remain on the transcript and continue to count as GPA hours.
- Students who wish to take advantage of academic renewal must inform Admissions upon re-acceptance to Samford.
- Students who accept academic renewal will have a transcript notation indicating their readmission under this policy.
- Academic renewal may be granted to a person only once.

Upon notifying Admissions of their desire to be considered for Academic Renewal, a committee composed of the university registrar and academic advising staff will review the application.

Students should be aware that academic renewal does not pertain to accumulated financial aid history. Accumulated semester and award limits include all semesters of enrollment. Students are strongly encouraged to meet with the Office of Financial Aid to determine their eligibility for financial assistance.

Students are cautioned that many undergraduate professional curricula, graduate, and professional schools compute the undergraduate GPA over all credits attempted when considering applications for admission.

Audit Student Applicant

As an alternative to full participation in a credit course, students may audit the course. Audit students do not receive grades and do not usually participate in examinations; however, instructors have the option of establishing requirements for a satisfactory audit. Students are not permitted to audit courses numbered above 400.

Guidelines

- Audit as Credit Student**—Students choosing this option must be admitted to Samford either as a Regular or Special Status Student. Students should enroll in the course to be audited using registration procedures and paying the same tuition as regular enrollees. Provided the instructor's requirements are met, the course will appear on the credit transcript with the notation AU and zero credits. If these requirements are not met, a W will be entered on the transcript.
- From a Grading/Credit Basis to an Audit Basis**—A student can change from a grading basis to an audit basis any time prior to the deadline for withdrawing from a class without academic penalty. There will be no financial refunds made as a result of change in grading basis.
- From an Audit Basis to a Grading/Credit Basis**—An audit student may not receive regular credit for a course begun as an audit, unless the change is made by the last day to add a course for the semester or term.

Readmission Student Applicant

Former Samford Students in Good Standing

Former students desiring to return to Samford University after attending another college must file a readmission transfer application. The \$40 application fee is waived.

Readmit application requirements are listed below:

- An official transcript from each college attended in the interim.
- A letter of intent describing the following:
 - Student's evaluation of previous academic performance, including an analysis of what factors led to his/her dismissal/withdrawal.
 - Reassessment of career and educational goals.
 - Explanation of readiness to resume a college program.
 - Description of activities during absence from Samford, such as work, marriage, military service, etc.
- In person or phone interview with admissions personnel.

Former Samford Students on Academic Dismissal

Former students on academic dismissal may be considered for readmission after an absence of at least one semester. If a student attends another institution during that absence, Samford will not accept transfer credits for the semester the student was required to take off. An application for readmission is available through the Office of Admission and the \$40 application fee is waived. Readmit applications should be completed six weeks prior to the beginning of the semester/term the student would like to return.

The application requirements are as follows:

- An official transcript from each college attended in the interim.
- A letter of intent describing the following:
 - Student's evaluation of previous academic performance, including an analysis of what factors led to his/her dismissal/withdrawal.
 - Reassessment of career and educational goals.
 - Explanation of readiness to resume a college program and succeed academically at Samford.
 - Description of activities during absence from Samford, such as work, marriage, military service, etc.
- In person or phone interview with admissions personnel.

Former Samford Student on Indefinite Academic Dismissal

Former students on indefinite academic dismissal may appeal for readmission consideration after an absence of one year. The process is the same as for the first academic dismissal mentioned above.

Special Status Student Applicant

Special status is a classification for students that are non-degree seeking, although credit is given for completed courses. Special status applications are available from the Office of Admission. No transcripts or recommendations are required.

Restrictions of the Special Status Classification:

- If you are currently under suspension from another institution you may not attend Samford University until the suspension period imposed by the previous institution has expired.
- You are ineligible to receive federally funded financial aid until your admission status has been changed to a degree-seeking category.
- A maximum of 18 credit hours earned as a special status student will count towards a Samford degree program. Each academic department reserves the right to determine the acceptability of credits earned under this classification.
- Credits earned as a special status student will not count towards a graduate degree.

To apply, contact the Admission Office directly at (205) 726-3673 or admission@samford.edu.

Transient Student Applicant

Transient students are students who are regularly enrolled in other colleges and universities yet desire to take courses at Samford. A transient student must submit a transient application and have all coursework authorized by the student's primary institution. The application form is available in the Office of Admission.

For courses taught at schools participating in the Birmingham area Inter-Campus Exchange Program—BACHE—see the University-Wide Academic Opportunities section of this catalog.

Currently enrolled Samford students who take one or more classes at another institution are considered transient students at that college/university. See the Transfer Policies section for more information.

Graduate Admission Procedures

Refer to the academic departments/schools sections of this catalog and/or publications from the individual departments or schools offering graduate degrees. More information may be found at Samford University's website: www.samford.edu.

- International Relations Interdisciplinary Concentration
- Journalism & Mass Communication Major with concentrations in Advertising, Broadcast & Electronic Journalism, Print Journalism, or Public Relations
- Language & World Trade Interdisciplinary Concentration
- Latin Major
- Latin American Studies Interdisciplinary Concentration
- Law, Politics, & Society Major
- Liberal Studies Major
- Music Major
- Organizational Studies Major
- Philosophy Major
- Philosophy & Religion Major
- Physics Major
- Political Science Major
- Psychology Major
- Public Administration Interdisciplinary Concentration
- Religion Major
- Religion Major with optional concentration in Leadership & Organizations
- Sociology Major
- Spanish Major
- Theatre Major
- World Language & Literature Major - French, German, &/or Spanish (Two Languages)

Bachelor of Fine Arts (B.F.A.)

- Graphic Design Major
- Interior Design Major
- Musical Theatre Major
- Theatre for Youth Major

Bachelor of Music (B.M.)

- Composition Major
- Music & Worship Major
- Performance: Instrumental Music Major
- Performance: Organ Major
- Performance: Piano Major
- Performance: Piano Major with Pedagogy Emphasis
- Performance: Voice Major

Bachelor of Music Education (B.M.E.)

- Music Major with concentrations in Instrumental Music or Vocal/Choral Music

Bachelor of Science (B.S.)

- Athletic Training Major
- Biochemistry Major
- Biology Major
- Chemistry Major
- Communication Sciences & Disorders Major
- Computer Science Major
- Criminal Justice Major
- Engineering & Engineering Physics Major (Dual-Degree)*
- Engineering Physics Major
- Environmental Science Major
- Exercise Science Major
- Fine Arts Major
- Foods & Nutrition Major
- Geography Major

- Geography Major with GIS Certificate/Minor
- Health Sciences Major
- Healthcare Administration Major
- Marine Science Major
- Mathematics Major
- Music Major
- Nutrition & Dietetics Major
- Pharmacy Studies Major
- Physics Major
- Psychology Major
- Public Health Major
- Respiratory Care Major
- Science & Religion Major with concentrations in Biology, Chemistry, Computer Science, Mathematics, Physics, Pre-Health, or Religion
- Sport Administration Major
- Sports Medicine Major
- Youth Studies Major

* The student will receive the bachelor of science in engineering physics from Samford and the bachelor of engineering degree from the university of the participating engineering school.

Bachelor of Science in Business Administration (B.S.B.A.)

- Accounting Major
- Brock Scholars Major
- Economics Major
- Entrepreneurship Major
- Finance Major
- Management Major
- Marketing Major
- Professional Accountancy Program (B.S.B.A./M.Acc.)
- The following concentrations can be attached to any B.S.B.A. major: Professional Sales, Social Entrepreneurship, or Sports Marketing

Bachelor of Science in Education (B.S.E.)

- Early Childhood/Special Education/Elementary/Collaborative (ESEC) Major
- Elementary Education Major w/a concentration in Christian Education & Missions
- Secondary Education Major
(with content area in selected disciplines for teacher certification)

Bachelor of Science in Nursing (B.S.N.)

- Nursing Major
- Nursing Major (Five-Semester Second Degree)
- Nursing Major (Accelerated Second Degree)
- Nursing Major (Veterans BSN)
- Nursing Major (Veterans Second Degree BSN)
- Nursing Major (Veterans Accelerated Second Degree BSN)

Certificates - Undergraduate

- Geographic Information Science Certificate
- Paralegal Studies Certificate Program

Minors - Undergraduate

- Aerospace Studies Minor
- Art Minor
- Asian Studies Minor
- Bioinformatics Minor for Biology or Biochemistry Majors
- Bioinformatics Minor for Computer Science Majors
- Bioinformatics Minor for Majors in Other Disciplines
- Biology Minor
- Chemistry Minor
- Classics Minor
- Communication Sciences & Disorders Minor
- Communication Studies Minor
- Computer Science Minor
- Dance Minor
- Economics Minor**
- English Minor
- Entrepreneurship Minor
- Environmental Studies Minor
- Film Production Interdisciplinary Minor
- French Minor
- General Business Minor**
- Geographic Information Science Certificate/Minor
- German Minor
- Greek Minor
- Healthcare Administration Minor
- History Minor

- Human Development & Family Science Minor
- Latin Minor
- Latin American Studies Interdisciplinary Minor
- Marine Science Minor
- Marketing Minor**
- Mathematics Minor
- Medical Ethics Minor
- Ministry & Missions Minor
- Minor in the Arts
- Music Minor
- Nutrition Minor
- Paralegal Studies Minor
- Philosophy Minor
- Physics Minor
- Political Science Minor
- Psychology Minor
- Public Health Minor
- Religion Minor
- Science & Religion Minor
- Social Entrepreneurship & Non-Profit Management Minor**
- Sociology Minor
- Spanish Minor
- Sports & Recreation Ministry Minor
- Sports Media Minor
- Theatre Minor
- Traditional Geography Minor
- Western Intellectual Tradition Interdisciplinary Minor
- World Languages & Cultures Minor
- Worship Leadership Minor
- Writing Minor

** This minor is not available to Brock School of Business majors.

Note: A minor or cognate is required in the following degree programs: B.A. with a major in French, German, Spanish, or journalism and mass communication; B.F.A. with a major in interior design (required art minor is incorporated into program); B.S. with a major in foods and nutrition. For all other programs, a minor is optional.

Non-Degree Programs or Special Program Requirements

- General Education: University Core Curriculum & Distribution Requirements
- Professional Studies General Education Requirements
- General Military Course (ROTC)
- Pre-Architecture Concentration (Non-Degree)
- Pre-Pharmacy Curriculum for Samford Students (Non-Degree)
- Pre-Pharmacy Curriculum for Transfer Students (Non-Degree)
- Professional Officer Course (ROTC)
- University Fellows Program

Graduate/Professional

Master of Accountancy (M.Acc.)

Master of Arts in Theological Studies (M.A.T.S.)

Master of Athletic Training (M.A.T.)

Master of Business Administration (M.B.A.)

with optional concentrations in Entrepreneurship & Innovation, Finance, or Marketing

Master of Comparative Law (M.C.L.)

Master of Divinity (M.Div.)

Master of Healthcare Administration (M.H.C.A.)

- Fast Track Master of Healthcare Administration

Master of Music (M.M.)

- Church Music with concentrations in Conducting, Performance, or Thesis
- Piano Performance & Pedagogy
- Vocal Performance

Master of Music Education (M.M.E.)

- Music: Pattern 1: Traditional Program (MUSI)
- Music: Pattern 2: Fifth Year Non-Traditional Program (FYNP)
- Music Education (National Board Cohort) (MNBC)

Master of Public Health (M.P.H.)

with optional concentrations in Community Public Health or Nutrition

Master of Science (M.S.)

- Health Law & Policy
- Nutrition with concentrations in Clinical Nutrition, General Nutrition, or Dietetic Internship
- Respiratory Care
- Speech Language Pathology
- Non-Background Speech Language Pathology Bridge Program

Master of Science in Design Studies (M.S.D.S.)

Master of Science in Education (M.S.E.)

- Elementary Education
- Fifth-Year Non-Traditional Prog: Early Childhood & Elementary Education (ECEL)
- Fifth-Year Non-Traditional Prog: Secondary Education, Class A Certification (FYNT) (with various Teaching Fields)
- Gifted Education
- Instructional Design & Technology
- Instructional Leadership
- K-12 Collaborative Special Education
- Policy, Organizations, & Leadership

Master of Science in Environmental Management (M.S.E.M.)

with optional concentration in Energy Management & Policy

Master of Science in Health Informatics & Analytics (M.S.H.I.)

Master of Science in Nursing (M.S.N.)

- Family Nurse Practitioner
- Nurse Anesthesia
- Nurse Educator
- RN to M.S.N. Option

Master of Social Work (M.S.W.)

with concentrations in Clinical Social Work or Global Community Development

- Fast Track Master of Social Work

Educational Specialist (Ed.S.)

- Early Childhood Education
- Elementary Education
- Instructional Leadership
- Teacher Leader

Doctor of Education (Ed.D.)

- Educational Leadership

Doctor of Ministry (D.Min.)

Doctor of Nursing Practice (D.N.P.)

- Administration
- Advanced Practice
- Family Nurse Practitioner, B.S.N. to D.N.P.
- Family Nurse Practitioner, B.S.N. to D.N.P., with a concentration in Emergency Nurse Practitioner
- Family Nurse Practitioner, R.N. to D.N.P.
- Family Nurse Practitioner, R.N. to D.N.P., with a concentration in Emergency Nurse Practitioner
- Health Systems & Administration, B.S.N. to D.N.P., with concentrations in Health Systems & Administration, Informatics, or Transformation of Care
- Health Systems & Administration, R.N. to D.N.P., with concentrations in Health Systems & Administration, Informatics, or Transformation of Care
- Nurse Anesthesia

Doctor of Pharmacy (Pharm.D.)

Doctor of Physical Therapy (D.P.T.)

- Fast Track Doctor of Physical Therapy

Juris Doctor (J.D.)

Certificates - Graduate

- Certificate in Missions
- Certificate of Anglican Studies
- Dietetic Internship Certificate
- Emergency Nurse Practitioner Certificate (Post-MSN-FNP)
- Family Nurse Practitioner Certificate (Post-MSN)

Minors - Graduate

- Graduate Business Minor

See the Academic Policies & Regulations/Graduate Degree Requirements section for a list of available graduate joint degrees.

Academic Policies and Regulations

Undergraduate Degree Requirements

Bachelor's Degree Requirements

Total Credits

A minimum of 128 credits must be successfully completed for the typical bachelor's degree.* No more than eight (8) credits in music ensembles, drama participation, and physical activity courses may apply toward the minimum of 128 credits required for graduation.** **In order to receive a first bachelor's degree, students must earn at least 50 percent of their total credits from Samford.**

A second bachelor's degree requires at least 32 additional credits and completion of all curricular requirements for the second degree.

*Some programs require more than 128 credits to complete the degree.

**Exceptions allowed for programs that require more than eight music ensembles and/or drama participation courses within the major.

Majors/Concentrations

Students are required to earn at least 50 percent of the credit for a first undergraduate degree in each degree program from Samford. Also, a minimum of 15 credits in the major field (with nine at the 300–400 level) must be earned at Samford. Each bachelor degree student must declare a major by the junior year. This information must be on file in the Office of the Registrar. Students desiring to change a declared major must do so at the beginning of the registration periods for each semester or term. An undeclared major is acceptable for the freshman and sophomore years. In addition to a major, a specialized curriculum in pre-law or pre-medicine may be followed. See the Pre-Law or Health Professions Program sections in the University-Wide Academic Opportunities section of this catalog.

Double Majors/Dual Degrees

One of the many requirements for receiving a degree from Samford University is to complete at least one major leading to that degree. Any additional majors completed are a "bonus" added to that same degree. For example, a student may earn a bachelor of science degree, with a double major in chemistry and art, or a bachelor of arts degree, with majors in music and economics. When a double major includes majors from more than one college, or two majors in two separate degrees, the university registrar must be informed of the student's preference as to the college and major for official listings. The first major listed by the student is used in determining both the degree to be received as well as the commencement ceremony to be attended.

If a student wishes to pursue two majors of two separate types as two separate degrees, for instance one major is a bachelor of arts and the second a bachelor of science, this is considered a dual degree. Pursuit of a dual degree requires a student to take an additional 32 credit hours to earn the second degree. Upon completion of the major requirements and the 32 additional hours, the student will be awarded two degrees.

In the case of either a dual degree or double major, students must meet all the general education requirements for the second major/degree. If one major or degree has fewer general education requirements, the student must fulfill the stricter of the two requirements. For instance, if one major requires one year of a foreign language and the second major requires two, the student must take two years of a foreign language.

Minors

For a minor, at least 18 credits as prescribed must be taken. A minimum of nine credits in the minor field (with six at the 300–400 level) must be earned at Samford. A minor is not required in all majors; however, a student is encouraged to consult with his/her academic advisor to determine whether a minor or some selection or concentration of courses might enhance the academic experience.

Grade Point Average (GPA)

A grade point average of 2.00 in the Samford University (SU) average (calculated on all work taken at Samford) is required. Consult departmental listings for specific major course requirements, number of required credits, and grade point averages to achieve. A student must have at least a 2.00 GPA in both the major and minor fields.

Writing Proficiency Requirement

Samford University considers the development of students' writing proficiency an important objective. All students must complete Communication Arts II (UCCA 102) at Samford (or transfer an equivalent course) with a grade of C- or better.

Convocation Requirement

Campuswide Convocation Programs for faculty, staff, and students are held regularly during the fall and spring semesters. Students must acquire 60 Convocation credits to graduate, 30 credits by the end of their sophomore year. Transfer students have their Convocation requirement prorated based on the credits they transfer to Samford from another institution. Students acquire Convocation credits by attending approved events and having their ID cards scanned at the conclusion of each event. For more information about Convocation requirements, visit the Office of Spiritual Life Web site at www.samford.edu/osl.

Areas of Study - Brief Definitions

Concentration—A study in one area, not large enough to be considered a major, but preferably in a subject that enhances the major and academic experience.

Curriculum—A set of courses constituting an area of specialization.

Earned Credits—Those credits that accumulate based on successful completion of coursework (excluding repeated courses). Most undergraduate degrees require a minimum of 128 earned credits. Earned credits may be different than quality credits, which are used to compute the grade point average.

General Education Courses—Required courses that engage students in the liberal arts tradition of using diverse approaches to explore our shared humanity.

Grade Point Average (GPA)—The number of quality points earned divided by the number of quality credits. Sometimes known as Quality-Point Average (QPA).

Interdisciplinary—Curriculum (major, concentration, or minor) requiring credits in two or more subject areas/disciplines.

Major—The subject in which a student concentrates most of his/her studies, following a set course curriculum, usually 30 to 60 credits for a bachelor's degree. Each student should declare a major by the junior year and file it with Office of the Registrar.

Minor—A focus of study in a subject, on average 18 to 24 credits. A minor is not required in all majors.

Quality Credits—Each course is assigned a number of credits that a student can earn toward a degree if the course is completed successfully. Quality credits are divided into the number of quality points earned to obtain a student's grade point average (GPA). For a few courses, students only earn credits instead of quality credits, i.e. pass/fail courses, and these are not included in the GPA calculation.

Repeats—A course may be repeated in an attempt to earn a higher grade; however, credits for the course do not accumulate. See Course Repeats in the Grading System Guidelines and Policies section.

Undeclared Major—Students working toward a bachelor's degree are not required to declare a major during their freshman and sophomore years.

University Core Curriculum—Six required courses for all undergraduate students. (See University Core Curriculum in this section.)

University Fellows Program—Advanced academic track for undergraduate students who meet specific academic requirements. (See the University Fellows Program section of this catalog.)

Upper-Level—Coursework at the 300/400 level.

Additional Bachelor's Degrees

In order to receive an additional bachelor's degree, a student who has already received a bachelor's degree must complete a minimum of 32 credits at Samford, including satisfaction of the University core curriculum, general education, GPA requirements, and four credits of religion (if a transfer student) beyond the first degree.

All additional curricular and minimum GPA requirements of the second degree must be met.

General Education: University Core Curriculum and Distribution Requirements

The General Education Curriculum, including the University Core, engages students in the liberal arts tradition of transcending department and major by exploring new ways to understand their place in a complex world. All undergraduate day students are required to take the University Core Curriculum at Samford (22 credits)*. It is recommended that students be registered for Cultural Perspectives I (UCCP 101) in their first semester at Samford. They should also register for Communication Arts I (UCCA 101) or Communication Arts II (UCCA 102), depending on their placement. ** Students should consult their academic advisors for recommended scheduling.

Additional courses in general education are also required to provide the foundation for the more specialized courses in the major. In some cases the particular course required to satisfy a general education distribution requirement is specified by the major. Students should consult the section of the catalog that describes the major under consideration to learn about these special requirements.

Double-Dipping Note: Students may not "double-dip" by counting a course for credit in both their major and as a general education distribution requirement, unless otherwise noted in the department section. They may, however, count a general education course towards a minor, with the exception of students minoring in English or history.

* Core curriculum requirements cannot be met through transient enrollment.

** Placement into UCCA 102, bypassing the requirement to complete UCCA 101, does not exempt students from the minimum number of hours required for their chosen degree program (usually 128). These students may need to complete an additional four hours of a General Elective.

University Core Curriculum Courses (22 credits)

UCBP 101 Biblical Perspectives I (4)
 UCCA 101 Communication Arts I (4)
 UCCA 102 Communication Arts II (4)
 UCCP 101 Cultural Perspectives I (4)
 UCCP 102 Cultural Perspectives II (4)
 UCFH 120 Concepts of Fitness and Health (2)

See also the General Education Overview table at the beginning of the Howard College of Arts and Sciences section.

General Education Distribution Area Requirements (27 credits)

See the General Education – Distribution Areas table at the beginning of the Howard College of Arts and Science section. This is the standard general education curriculum for Samford students (27 credits) and as such, is part of most degree programs offered. However, some schools, departments, degrees, majors, or minors may require variations to this standard. Please consult those department sections to see details on how general education variations may apply. See table footnotes for additional information.

Graduate Degree Requirements

A list of available graduate programs can be found on the Programs of Study page. A list of available graduate joint degrees is shown below. For more information, including degree requirements, refer to the academic departments/schools sections of this catalog and/or publications from the individual departments or schools offering graduate degrees.

Graduate Joint Degrees

Biology/Environmental Management (College of Arts and Sciences)

Master of Science in Environmental Management/Juris Doctor (M.S.E.M./J.D.)

Music (School of the Arts)

Master of Music/Master of Divinity (M.M./M.Div.)

Business

Professional Accountancy (B.S.B.A./M.Acc.)
 Master of Accountancy/Juris Doctor (M.Acc./J.D.)
 Master of Business Administration/Juris Doctor (M.B.A./J.D.)
 Master of Business Administration/Master of Accountancy (M.B.A./M.Acc.)
 Master of Business Administration/Master of Divinity (M.B.A./M.Div.)
 Master of Business Administration/Master of Science in Environmental Management (M.B.A./M.S.E.M.)

Education

Master of Science in Education/Master of Divinity (M.S.E./M.Div.)

Divinity or Theological Studies (School of Divinity)

Master of Arts in Theological Studies/Juris Doctor (M.A.T.S./J.D.)
 Master of Arts in Theological Studies/Master of Social Work (M.A.T.S./M.S.W.)
 Master of Divinity/Juris Doctor (M.Div./J.D.)
 Master of Divinity/Master of Business Administration (M.Div./M.B.A.)
 Master of Divinity/Master of Music (M.Div./M.M.)
 Master of Divinity/Master of Science in Education (M.Div./M.S.E.)
 Master of Divinity/Master of Social Work (M.Div./M.S.W.)

Law

Juris Doctor/Master of Accountancy (J.D./M.Acc.)
 Juris Doctor/Master of Arts in Theological Studies (J.D./M.A.T.S.)
 Juris Doctor/Master of Business Administration (J.D./M.B.A.)
 Juris Doctor/Master of Divinity (J.D./M.Div.)
 Juris Doctor/Master of Public Administration (J.D./M.P.A.)*
 Juris Doctor/Master of Public Health (J.D./M.P.H.)*
 Juris Doctor/Master of Science (Bioethics) (J.D./M.S.)
 Juris Doctor/Master of Science in Environmental Management (J.D./M.S.E.M.)

Social Work (School of Public Health)

Master of Social Work/Master of Arts in Theological Studies (M.S.W./M.A.T.S.)
 Master of Social Work/Master of Divinity (M.S.W./M.Div.)
 Master of Social Work/Master of Public Health (M.S.W./M.P.H.)

* In cooperation with the University of Alabama at Birmingham.

Graduate Coordinated Degrees

Business, Pharmacy, Public Health

Doctor of Pharmacy/Master of Business Administration (Pharm.D./M.B.A.)
 Doctor of Pharmacy/Master of Public Health (Pharm.D./M.P.H.)

Fast Track Degrees (Undergrad + Graduate)

Health Professions, Public Health

Fast Track Doctor of Physical Therapy, D.P.T.
 Fast Track Master of Healthcare Administration, M.H.C.A.
 Fast Track Master of Social Work, M.S.W.

Academic Regulations

Students are expected to know regulations and policies found in this catalog and the Student Handbook. Keeping abreast of the school calendar, critical deadlines, and all University mail received at one's University mailbox and/or electronic mail is also the student's responsibility.

Undergraduate Academic Achievement Recognition

University Fellows Program

For more information about the University Fellows Program, see the University-Wide Academic Opportunities section of this catalog.

Dean's List

At the end of each semester, a Dean's List is compiled consisting of undergraduate students who have earned a grade point average of at least 3.50 while completing at least 12 quality credits in that semester at Samford.

Graduation with Honors

Honors are awarded on the basis of all academic work taken at Samford University. Students who earn at least 70 credits at Samford and a grade point average (calculated on all work done at Samford University) of 3.500 through 3.749 are graduated cum laude; of 3.750 through 3.899 are graduated magna cum laude; and of 3.900 through 4.000 are graduated summa cum laude.

Honor Organizations

University-Wide

- Alpha Epsilon Delta (Pre-Health)
- Alpha Lambda Delta (Freshmen)
- Dobro Slovo (Slavic Studies)
- Omicron Delta Kappa (Leadership and Service)
- Order of Omega (Greek Leadership and Service)
- Phi Kappa Phi (Academic Achievement)

Howard College of Arts and Sciences

- Biology – Beta Beta Beta
- Classics – Eta Sigma Phi
- Communication Studies – Lambda Pi Eta
- English – Sigma Tau Delta
- Geography – Gamma Theta Upsilon
- History – Phi Alpha Theta
- Journalism/Mass Communication – Kappa Tau Alpha
- Mathematics – Pi Mu Epsilon
- Philosophy – Phi Sigma Tau
- Political Science – Pi Sigma Alpha
- Psychology – Psi Chi
- Religion – Theta Alpha Kappa
- Sociology – Alpha Kappa Delta
- World Languages and Cultures –
 - Pi Delta Phi (French)
 - Delta Phi Alpha (German)
 - Sigma Delta Pi (Spanish)

School of the Arts

- Music – Delta Omicron
- Theatre – Alpha Psi Omega

Brock School of Business

- Business (General) – Beta Gamma Sigma
- Accounting, Finance – Beta Alpha Psi
- Economics – Omicron Delta Epsilon

Orlean Beeson School of Education

- Teacher Education – Kappa Delta Pi
- Professional Studies – Alpha Sigma Lambda

Ida Moffett School of Nursing - Sigma Theta Tau

McWhorter School of Pharmacy - Rho Chi

Class Honors (Certificates and Medals)

Class Honors certificates and medals are awarded in the spring term to undergraduate students who have successfully completed at least 12 quality (GPA) credits at Samford in the previous fall term with a Samford cumulative GPA of at least 3.50 (for a certificate) or 3.75 (for a medal). The four Class Honors medals are:

Freshman Year (1st medal):	Ruric E. Wheeler
Sophomore Year (2nd medal):	Seal
Junior Year (3rd medal):	Tower
Senior Year (4th medal):	John Howard

A student may earn one Class Honors certificate or medal each academic year for a combined maximum of four Class Honors awards. The award year count is determined by the number of years the student qualifies for a Class Honor, not by the student's classification. For example, if a student qualifies for a certificate the first two years and a medal the third year, he/she will receive the 3rd (Tower) medal. The student will not have another opportunity to earn the 1st and 2nd medals. If a student's first time to qualify for a Class Honor is during the senior year, he/she will receive a certificate or the 1st year (Wheeler) medal.

Wheeler

Ruric Wheeler served as a faculty member and administrator at Samford University for over half a century. He established a national reputation in mathematics through his textbook, *Modern Mathematics*, which went through 11 editions under his authorship. In honoring this outstanding scholar, devoted teacher, and university leader, the Wheeler medal celebrates the pursuit of academic excellence in a Christian tradition.

Seal

The University seal is inscribed with an oil lamp resting on an open book. The University motto, "Deo doctrinae aeternitati," appears above the lamp. The seal reminds us that God is the eternal source of light and truth, and that his wisdom is "a light unto our path."

Tower

The Samford belltower has long served as the University logo. Inside the tower are the sixty bells of the Rushton Memorial Carillon, one of the largest in America. Just as the belltower makes Davis Library the focal point of the campus, the Tower medal is a reminder that knowledge and learning are at the center of university life.

Howard

This medal bears the name of John Howard, an 18th-century humanitarian who campaigned tirelessly for the improvement of prisons. His statue was the first to be placed in St. Paul's Cathedral in London, and it stands to this day in a place of honor near the pulpit. Howard's life symbolizes Christ's call of service to others.

Academic Integrity

A degree from Samford University is evidence of achievement in scholarship and citizenship. Activities and attitudes should be consistent with high academic standards and Christian commitment and should be in keeping with the philosophy and mission of the University. At Samford, academic integrity is expected of every community member in all endeavors and includes a commitment to honesty, fairness, trustworthiness, and respect.

The University Statement on Academic Dishonesty is as follows: students, upon enrollment, enter into a voluntary association with Samford University. They must be willing to observe high standards of intellectual integrity, respect knowledge, and practice academic honesty. Those who cheat on an examination or class assignment are not only academically dishonest, but also are deficient in the scholarly maturity necessary for college study. Those who engage in academic dishonesty are subject to severe punishment. Any act to obtain an unfair academic advantage is considered dishonest.

If a student is accused of a violation, a hearing panel composed of faculty and students will review the violation and may impose sanctions that include probation, suspension, or dismissal. The types of misconduct that constitute a violation, as well as the full text of the policy, including procedures and appeals, is available on the Registrar's Office page of the University Web site.

Academic Renewal

Undergraduate students who have dropped out, withdrawn, or who have been suspended because of academic deficiencies but have demonstrated sufficient maturation may request to be enrolled as a candidate for academic renewal. (See Academic Renewal Applicant in the Undergraduate Admission Procedures and Policies section of this catalog for application procedures.)

Audit Student Guidelines

As an alternative to full participation in a credit course, students may audit the course. Audit students do not receive grades and do not usually participate in examinations; however, instructors have the option of establishing requirements for a satisfactory audit. Undergraduate students are not permitted to audit courses numbered above 400-level.

1. **Audit as Credit Student**—Students choosing this option must be admitted to Samford either as a Regular or Special Status Student. Students should enroll in the course to be audited using registration procedures and paying the same tuition as regular enrollees. Provided the instructor's requirements are met, the course will appear on the credit transcript with the notation AU and zero credits. If these requirements are not met, a W will be entered on the transcript.
2. **From a Grading/Credit Basis to an Audit Basis**—A student can change from a grading basis to an audit basis any time prior to the deadline for withdrawing from a class without academic penalty. There will be no financial refunds made as a result of change in grading basis.
3. **From an Audit Basis to a Grading/Credit Basis**—An audit student may not receive regular credit for a course begun as an audit, unless the change is made by the last day to add a course for the semester or term.

Class Attendance

One of the most vital aspects of a residential university experience is attendance and punctuality in the classroom. The classroom is the place where each student contributes to the learning experience of his or her classmates; therefore, the value of the classroom academic experience cannot be fully measured by testing procedures alone. Class attendance policies are established by each school at the University, and specific attendance requirements are indicated in the syllabus of each class. Some students participate in institutional activities that require them to represent the University in scheduled events on and off campus. For activities of sufficient importance in the overall life of the University, excused absences are granted. A list of activities qualifying for excused absences is maintained by the Office of the Provost. An excused absence does not relieve a student of responsibility for the academic work in the class missed. However, students may not be penalized for such absences and must be given the opportunity to make up missed work. Students are responsible for informing their professors, in advance, of the class dates that will be missed because of these activities. Practice and/or preparation for these activities would not be a valid reason to miss class. *Ultimately, each student bears the responsibility to be aware of and to comply with attendance and punctuality requirements.*

Class Registration and Policies

Class Load for Undergraduates

A normal class load for undergraduate day students during fall and spring semesters is 16 undergraduate credits. Permission from the school dean must be secured to register for more than 18 credits. Under no circumstances may an undergraduate day student register for more than 21 credits in any semester, regardless of session length, location, or method of delivery.

The normal class load in each summer term is two courses. The maximum credit allowable in any summer term is eight. The maximum credit allowable for two summer terms is 16. The maximum class load allowed in Jan Term is two courses, not to exceed a total of six credits. Professional Studies students are limited to 10 credits in the summer and 14 credits in the fall or spring, without the dean's approval.

Student Classifications

Undergraduate students are classified as follows:

Freshman - A student who has earned fewer than 32 credits.

Sophomore - A student who has earned at least 32 credits, but fewer than 64.

Junior - A student who has earned at least 64 credits, but fewer than 96.

Senior - A student who has earned at least 96 credits.

Full-time student - One who is enrolled for at least 12 credits in a semester or six credits in a summer term.

University Core Curriculum

All freshmen are required to take the University Core Curriculum at Samford. All students should be registered for Cultural Perspectives (UCCP101) in their first semester at Samford. They should also register for Communication Arts I (UCCA101) or Communication Arts II (UCCA102), depending on their placement. Students should consult their academic advisors for recommended scheduling.

Cross Registration

Graduate, professional, divinity, and law students may not register for courses in the other academic divisions without permission of the academic deans in both areas. Additional tuition may be incurred; payment is due the day the charges are incurred.

Commencement

Graduation Requirements

It is the responsibility of the student to see that all graduation requirements are met. A student is required to meet all requirements for graduation as set forth in the *Samford University Catalog* (or, if more up-to-date, any school/departmental official publications) in effect at the time of entrance into the major, assuming that there is no interruption in enrollment other than for stated vacation periods. Later changes in the requirements for graduation are not applicable to students who proceed through their chosen program in a timely fashion.

Students whose enrollment has been interrupted are to follow the requirements for graduation as set forth in the catalog (or, if more up-to-date, any school/departmental official publications) in effect at the time of readmission to a major program of study.

If the University changes requirements for graduation after the entry of a student into a program, and if those changes better meet the goals of the student, the student may petition the dean of the appropriate school to be allowed to qualify for graduation by meeting the newer requirements. If approved, the student will meet all requirements for graduation set forth in the later catalog. In no case may a student qualify for graduation by meeting requirements set forth in two different catalogs.

Graduation Attendance

Commencement exercises are held at the end of the fall semester and at the end of the spring semester. All candidates completing degree requirements are required to be present at the commencement events, except that attendance at the fall commencement is optional for those having completed degree requirements the previous August.

Undergraduate students who lack eight course credits or fewer (three course credits or fewer for graduate students) toward degree requirements may petition the university registrar to march with their class at commencement. Such students must file an approved request outlining their plans to complete the missing course requirements. A form for this purpose is available in the Office of the Registrar.

This policy does not apply to students who have not completed UCCA 102 with a C- or better. Also, this policy does not apply to undergraduate students who lack five or more convocation credits. Students who lack four convocation credits or fewer toward degree requirements may petition to march with their class at commencement. Such students must file an approved request form, which is available in the Office of Spiritual Life.

Students who have a Values Violation pending or have not completed the sanctions given by the Values Advocate or a Values Council will not be allowed to participate in graduation activities, including commencement exercises.

Credit Hour Policy

For Samford University programs, including the undergraduate, graduate and professional, one unit (hour) of academic credit is granted to students who have successfully met academic requirements with an amount of work represented in intended learning outcomes and verified by evidence of student achievement that reasonably approximates not less than:

1. One hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time.
OR
2. At least an equivalent amount of work as required in paragraph 1 of this definition for other academic activities as established by the institution including laboratory work, internships, clinicals, practica, studio work, and other academic work leading to the award of credit hours.

The above policy is in accordance with federal regulations and requirements of the Southern Association of Colleges and Schools Commission on Colleges. It is applicable to all courses offered, regardless of the mode of delivery and/or session length (e.g., standard 15-week instructional format, 10- or 8-week format, non-classroom based learning experiences, and online course delivery experiences). Individual schools and/or programs with course formats which differ from those cited above must define the standards for credit hours assigned and provide those standards and credit hours to students through publication (i.e., handbooks or websites).

Elective Withdrawal

Course Withdrawal and Dropping a Course

A student may drop a course without a grade of W (withdrawn) or academic penalty up through the last day to drop a course(s). Students can drop a course online through the Samford Portal up through this deadline. (See the Academic Calendar section of this catalog for date.)

A student may withdraw from a course **after** the last day to drop a course and up through the date to "withdraw from a course without academic penalty," but will receive a grade of W. If the course is dropped after the date to "withdraw from a course without academic penalty," the student will receive a grade of WF.

The date of the course withdrawal will be the date the official Course Withdrawal Form is returned to the Office of the Registrar. Students can obtain the Course Withdrawal Form from the Registrar's Office Forms page.

If a student discontinues attending a course after the "last day to add or drop a course" without notifying the Office of the Registrar in writing or exceeds the maximum absences allowed in a course, a grade of FA will be entered on the student's record with the same penalty as a grade of F.

School Withdrawal

A student desiring to withdraw from the University at any time must secure an official Withdrawal Request Form from the Office of the Registrar. The official date of withdrawal will be the date this form is returned to the Office of the Registrar. If a student leaves the University without completing this process, the permanent record will show a grade of FA in all courses for that semester/term. Students can obtain the Withdrawal Request Form from the Registrar's Office Forms page.

- The permanent record of a student who withdraws before the last day to drop a course(s) will not show courses attempted for that semester/term.
- The permanent record of a student who withdraws from all courses for a semester/term before the deadline, as stated in the Academic Calendar, will show courses attempted and will show a grade of W (withdrawn). A "W" is not calculated in the student's GPA.
- No student who withdraws from the University for any reason is entitled to a transcript of credits until his/her financial account has been settled in the Office of the Bursar.
- A student who withdraws in the last two weeks of a semester automatically receives a WF in each course attempted.

Semester Withdrawal

A student who withdraws from all courses in a semester or term and is not registered for courses the following semester or term is considered to be withdrawing from the University. (See the School Withdrawal section above for more information.) If the student does not return to Samford within one calendar year, he/she will have to be readmitted. (See Readmission Student Applicant for more information.)

A student who withdraws from all courses in a semester or term but is registered for courses in the following semester or term is still considered currently enrolled. The student may request permission to take courses as a transient student at another institution by submitting the Transient Enrollment/Letter of Good Standing Request Form. (See Transfer Policies for more information.)

Forms for dropping/withdrawing from a course, University or semester withdrawal, and transient enrollment can be found on the Registrar's Office Forms page.

Academic Warning and Required Withdrawal

Placement on Academic Warning

Any student who has attempted 12 or more credits at Samford University must have a cumulative GPA of 2.00 in work done at Samford. Failure to maintain a 2.00 GPA will result in being placed on academic warning.

Continuation of Academic Warning

Any student who has been placed on academic warning and whose Samford cumulative GPA continues to be below 2.00 will continue on academic warning unless required to withdraw.

Making Satisfactory Academic Progress

Students on academic warning who maintain the GPAs listed below will be considered as making satisfactory academic progress toward graduation and may remain in school. Student athletes are held to NCAA standards for continuing eligibility that may be higher than those below. Contact the Athletic Compliance Officer for details.

Requirements to Classify as Making Satisfactory Academic Progress

Total Quality Credits	Required Cumulative Samford GPA
13-31	1.70
32-63	1.80
64-95	1.90
96 or more	2.00

Required Withdrawal

If a student placed on academic warning does not achieve the cumulative GPA required at Samford University at the end of the semester or term, he or she is required to withdraw from the University for at least one full semester. Readmission is not automatic. Applications for readmission must be made through the Office of Admission at least six weeks prior to the beginning of the semester/term the student wants to return. Students may not attend other institutions during their period of withdrawal. Samford University will not accept any transfer credits completed during this required absence.

See Readmission Student Applicant in the Undergraduate Admission Procedures and Policies section of this catalog for application procedures.

Grading System Guidelines and Policies

Pass/Fail Basis Grading System

Any student who is enrolled in the Howard College of Arts and Sciences, the School of the Arts, the Brock School of Business, the Orlean Beeson School of Education, the School of Health Professions, or the School of Public Health, who is classified as a sophomore, junior, or senior, may elect to receive a pass/fail grade rather than a letter grade in no more than 12 credits of regular coursework. In a course elected for grading on the pass/fail basis, the student's grade shall be designated "pass" or "fail." A grade designation of "pass" shall not be included in the student's grade point average; a grade of "fail" shall be included at 0.00 quality points per quality credit.

No course elected for grading on the pass/fail basis shall satisfy any part of a core, general education, major, or minor requirement for graduation. Successfully completed pass/fail courses will count toward the minimum total credits. The student can change from a grading basis to the pass/fail basis or from the pass/fail basis to the grading basis any time prior to the deadline for withdrawing from a class without academic penalty.

Certain internship and externship courses may be taken for pass/fail credit only. Credits earned in these courses may count toward the major or minor requirement and will not be included in the 12-credit limit. (Consult with your dean or advisor before registering for pass/fail credit.)

Course Repeats

Upon the recommendation of the advisor and with the approval of the university registrar, an undergraduate student may repeat a course for credit in which she or he received a C- or lower to improve her or his grade and cumulative GPA, as well as her or his understanding of course content.

When a course grade of C- or lower is repeated at Samford, only the grade earned in the most recent instance of the course, even if it is lower, will count in the calculation of the cumulative average. The credits count only once. Both courses and both grades remain on the transcript with an indication of which course is counted in the computation of the cumulative GPA. The repeated course must be exactly the same course that was originally taken. Courses repeated at other institutions do not change the Samford cumulative GPA.

Courses with grades of C or higher may be repeated; however, both grades will be averaged into the Samford cumulative GPA.

The deadline for submitting the petition to repeat a course with a C- or lower grade is the last day to add a course in the semester the repeated course is being taken. A form for this purpose is available in the Office of the Registrar.

A course can be repeated only once using the repeat policy to exclude the original grade from the student's GPA calculation. A student may take advantage of this policy for no more than 16 credits. Repeating a course may influence a student's financial aid or sports eligibility. Courses repeated after graduation will not change the graduation GPA.

Examinations

Examinations, two hours in length, are given in all undergraduate subjects at the end of each semester. The precise weight assigned to the final examination is determined by the faculty member, the traditional policy being to count as 25 percent to 35 percent in obtaining a final average.

Grade Changes

An initial grade may be changed by an instructor with the approval of the instructor's department chair and dean. This change reflects administrative error in the calculation of a grade, the accidental misposting of an incorrect grade, or some other administrative factor resulting in the posting of an incorrect grade. It can also be the result of the completion of course requirements by a student where an INC grade is replaced by a letter grade. An E or an INC which is not changed by grade change automatically becomes an F if not removed by the last day of classes in the next full semester after the grade was given. This grade of F may not be challenged.

Grade Appeals

An initial grade may be challenged by a student before the last day of classes of the next full semester. Jan Term grades must be appealed by the conclusion of the spring term. Summer term grades must be appealed by the end of fall term. All petitions must be made first in writing to the instructor, chair, and dean. If each of these three in turn denies the appeal, the student may submit a written appeal to the university registrar. The registrar will convene a subcommittee of the Faculty Academic Affairs Committee who will weigh the appeal. The results of this subcommittee's decision are final.

Letter Grading System

Grades are indicated by letter symbols. The numerical value assigned to a letter grade is determined by each faculty member.

Grade Symbol	Definition	Quality Points Earned
A	The highest proficiency in ability and application	4.0
A-	Slightly less than the highest proficiency in ability and application	3.7
B+	Outstanding proficiency	3.3
B	Ability and achievement of a high but second order	3.0
B-	Ability and achievement of a high but third order	2.7
C+	A better than average performance	2.3
C	Average ability or average achievement	2.0
C-	Slightly below average achievement. There is a repeat policy.	1.7
D+	Below average performance. Many colleges decline to accept transfer credit of lower than a C grade. There is a repeat policy.	1.3
D	Below average performance. There is a repeat policy.	1.0
D-	Just above failing performance. There is a repeat policy.	0.70
E	Grade given to a student who, though failing a final examination, has a general daily average high enough to justify the expectation that he/she could pass the course if permitted to take a make-up examination. An E can be removed only by re-examination and is never raised to a grade higher than D. There is a repeat policy.	0.00
F	Outright failure and can be changed only if it is the result of a clerical error made by the institution. If F is given as a final grade, the student must repeat the entire course and earn a passing grade to receive credit for it. There is a repeat policy.	0.00
FA	Grade given to a student who is dropped from a course because of excessive absences or who withdraws from the University without written permission from the Office of the Registrar. It carries the same penalty as F.	0.00
FX	Failure due to a violation of academic integrity.	0.00
INC	Represents Incomplete. Incomplete grades are valid if the student has done work that would earn a passing grade in the course but has failed to complete some portion of the required work because of an emergency , and the work can be completed without further class attendance .	0.00
IP	Indicates that a course remains In Progress and ends after the semester's/term's final grade deadline.	0.00
Z	Represents No Grade. It is given when a faculty member does not assign a grade. Instructor must change the Z to a grade.	0.00
W	Indicates that the student withdrew before the academic penalty period, but was in good standing. There is no penalty for W.	0.00
WF	Indicates that the student withdrew during the academic penalty period. WF carries the same penalty as F.	0.00
P	Grade assigned for successful completion of a course designated Pass or Fail. It will not be included in the GPA.	0.00
AU	Symbol assigned for successful completion of a course taken on an audit basis. An audited course will not meet any graduation requirement or be included in the GPA.	0.00

Transfer Policies for Current Samford Students

Transfer of Grades/Credits for Courses Taken at Other Institutions by Current Samford Students

Current Samford students who take courses at another institution during any semester or term (typically the summer term) are considered **transient** students at the other college/university. Below are important facts for current Samford students who are pursuing transient enrollment at another institution:

- Students who wish to transfer any credit completed while a transient student towards their Samford degree must have **written approval signed in advance** by their academic advisor, academic department head, and the registrar. The Transient Enrollment/Letter of Good Standing Request Form can be found on the Registrar's Office Forms page.
- University Core Curriculum requirements cannot be met through transient enrollment.
- Seniors must have the written approval of their academic dean.
- Seniors may not transfer more than two courses for a maximum of 8 credits.
- The transient institution must be regionally accredited.
- Transient transfer credit is subject to University transfer policies and will be awarded when the official transcript from the transient institution is received.
- Courses from transient schools must have a letter grade of C- or better in order to be posted as earned credit on your transcript.
- Courses taken on a pass/fail basis will not be accepted unless the student produces written documentation from the awarding institution that the grade represents at least a C-.
- Transfer/transient courses are not calculated into the Samford GPA.
- It is the student's responsibility to arrange to have a transcript sent from the transient institution directly to Samford upon completion of the course(s).
- The Transient Enrollment/Letter of Good Standing Request Form must be accompanied by a course description(s) from the transient institution.
- Transient enrollment policies also apply to overseas/study abroad courses with foreign institutions. A separate form is available for study abroad transient work is available on the Registrar's Office Forms page.
- Total combined registered credits—Samford courses plus transient enrollment (not the BACHE program)—may not exceed 18 hours unless approved by the student's school dean. Combined registered credits for transient and Samford courses may never exceed 21 hours in any term. See Class Load for Undergraduates for maximum credit hours allowed.
- For students taking transient work in the summer, the deadline for completion of the Transient Enrollment/Letter of Good Standing Request Form is in April (exact date TBA).

Joint Services Transcript

The Joint Services Transcript (JST) is issued through the JST Operations Center. It reports courses that may be considered for transfer credit from any of the military branches, one source for all. "The American Council on Education's (ACE) Military Programs evaluates formal service courses and occupations approved by a central authority, employing the services of teams of subject-matter specialists from colleges and universities (professors, deans, and other academicians) that, through the discussion and the application of evaluation procedures and guidelines, reach consensus on content, description, and amount of credit to be recommended for selected courses and occupations." (Quoted from the JST Official Transcript Explanation.)

Samford will consider for transfer credit any course reported on the JST that has potential for academic credit. Courses that fall into vocational/career/technical areas are not considered for transfer credit. The course description reported on the JST transcript is forwarded to the appropriate academic department chair for evaluation. If a comparable Samford equivalent is approved, credit is applied for the ACE recommended credit hours and level. If additional course information is needed, the online Guide to the Evaluation of Educational Experiences in the Armed Services may be consulted.

In addition, the Defense Language Proficiency Test (DLPT) may be considered for world language credit if reported on the JST. The language and scores with ACE recommendations in listening, reading, and speaking are sent to the chair of the World Languages and Cultures Department for evaluation and assignment for comparable credit.

Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) is a federal law designed to protect the privacy of a student's education records. The rights of the FERPA heretofore assigned to parents are now transferred to their college students.

These rights are:

1. Eligible students have the right to inspect and review all their educational records maintained by the school. The student must contact the Office of the Registrar to make an appointment to view their academic record.
2. Eligible students have the right to request that a school correct records believed to be inaccurate or misleading. If the school refuses to change the records, the eligible student then has the right to a formal hearing. After the hearing, if the school still refuses the correction, the eligible student has the right to place a statement in the records commenting on the contested information in the records.
3. Generally, Samford University must have written permission from the eligible student before releasing any information from a student's record. However, the law allows schools to disclose records, without consent, to the following parties:
 - School employees who have a need to know
 - Other schools to which a student is transferring
 - Parents when a student over 18 is still a dependent
 - Certain government officials in order to carry out lawful functions
 - Appropriate parties in connection with financial aid to a student
 - Organizations doing certain studies for the school
 - Accrediting organizations
 - Individuals who have obtained court orders or subpoenas
 - Persons who need to know in cases of health and safety emergencies
 - State and local authorities to whom disclosure is required by state laws adopted before November 19, 1974

Schools may also disclose, without consent, "directory type" information, such as a student's name, address, and telephone number. Samford University has designated the following as directory information: student name, address, telephone number, e-mail address, date and place of birth, enrollment status, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, honors, degrees and awards received, most recent previous school attended, and photograph. *An eligible student who does not wish for this information to be released without prior written consent must notify in writing the Office of the Registrar by the last day to drop/add without financial penalty in a semester or term.*

Distance Learning

A few academic programs offered by Samford are available in part, if not entirely, in a web-based, online format. These programs are identified as such.

For more information on state authorizations for online, distance learning agreements, see the following link, and click on Consumer Information, then Distance Learning:

<https://www.samford.edu/departments/institutional-effectiveness/>

Financial Information

This policy provides the rates for tuition, fees, room, board and deposits, effective with the beginning of the fall semester 2017 through summer 2018.

We urge you to familiarize yourself with the information in this policy so you are aware of all charges before registration. Within these pages you will find billing dates, payment and refund policies, and other important information related to your student financial account.

The University makes every effort to hold increases to the lowest figure possible while providing quality programs of good value. Tuition and fees cover only a portion of Samford's educational and general expenditures. For the remainder of its operating needs, the University relies primarily on the generous support of the Alabama Baptist State Convention, with which the University is affiliated, investment earnings, and gifts and grants from alumni, individuals, businesses, foundations, and other supporters.

Samford reserves the right to change tuition, other charges, refund procedures, and other policies.

Samford University is an Equal Opportunity Institution and does not discriminate in its educational and employment policies on the basis of race, color, sex, age, disability, or national or ethnic origin.

Tuition and Fees Payment Policy-All Students

Tuition and Fees Payment Guidelines

E-bill: E-bill notification that a new e-bill has been generated is sent to students via Samford University e-mail, which remains the official means of communication with students; paper statements are not provided. Students are advised to check their e-mail regularly. Students and authorized users may access the e-bill system at any time at www.samford.edu/go/ebill.

Students registering during the early registration period will receive an e-bill approximately 15 days prior to the payment due date. The e-bill reflects activity up to the date the e-bill was generated. Any activity transpiring after the e-bill generation date can be viewed on the Account Activity section of the online e-bill system. The Account Activity page provides the current account balance that is due, including any unbilled charges and payments. To review the detail by term, select the appropriate term from the drop down box. Payment for term e-bills will be due in accordance with the schedule as seen below. Students who register/make schedule changes/add room and board, etc., after the e-bill generation date must consult the online system to view their account summary and arrange payment for all charges by the due date for the term regardless of whether or not the charge(s) have been billed.

Registration Cancellation

Students not paying their bill by the due date are subject to having their registration cancelled until payment is received. A student may be reinstated by paying the balance in full, plus a \$100 reinstatement fee. Following this payment, the student will receive a clearance slip from the Bursar's Office to provide to Office of the Registrar as required to re-establish the student's class schedule.

Students making changes to their schedule after the e-bill has been sent (usually at the beginning of a term or during drop/add) are **required** to make payment in full by the e-bill due date for the term, including additional charges resulting from the changes even though they may not have received an e-bill for these additional charges. Failure to make full payment will result in registration cancellation on the next business day after the end of the drop/add period as designated on the undergraduate day student academic calendar.

E-bill generation, payment, and registration cancellation dates for each semester/monthly e-bill are noted on the payment schedule at:

Student Link: <http://www.samford.edu/departments/financial-services/>

Parent link: <http://www.samford.edu/parents/>

Make payment - e-bill system link: www.samford.edu/go/ebill

International students wire payment option:

<https://www.samford.edu/global-engagement/wire-payment-service>

Holds

Students may not register for the next semester, receive transcripts, or receive a diploma until past due amounts are cleared. Other departments, such as

University Health Services, may also have holds in place to restrict next semester registration, transcript requests, or receiving a diploma. Students must contact that department to resolve the hold placement. The Bursar's Office does not have permission to release the holds placed by another department.

Collections

Past due accounts assigned to a collection agency may be reported to the credit bureaus and students may be responsible for attorney fees, collection fees, and interest. The University may charge interest on all amounts past due.

Payment Method Options for Students and Parents

Students may authorize parents or other designated individuals to access the e-bill system and make payments on their behalf. To enable this feature, a student must access the e-bill system and set up those individuals responsible for payment of their student account as an "Authorized User." Students may set up an Authorized User by clicking on the link in their e-bill message, selecting the Authorized User tab, and following the instructions.

Authorized Users will receive e-mail notification when a new e-bill statement is issued. Click on the link in the e-mail or enter the link in your browser to access the e-bill system and make a payment.

E-bill System: www.samford.edu/go/ebill

Online Payments with Check

Payment by electronic check using the e-bill system is the most efficient and cost-effective payment option. Payment by electronic check may be made by using the e-bill system link above.

Online Payments with Credit Card

MasterCard, Visa, Discover, and American Express may be used to make online payments by using the e-bill system link above. A 2.75% (minimum of \$3.00) convenience fee will be assessed by the third-party web processor for payments made with a credit/debit card.

International Wire Payments

International Students may make wire payments at

<https://www.samford.edu/global-engagement/wire-payment-service>

Other Payment Options

The Bursar's Office continues to accept payment by check through the mail, but the University is not responsible for delays of the postal service and late fees may apply if payments are received after the due date. Payment by check or cash may be made in person at the student window in the Bursar's Office. A secure drop box for after-hours payments is located on the first floor of Samford Hall.

Payment Plans

In an attempt to offer an alternative to additional borrowing, Samford University provides interest-free payment plan options for all students enrolled in fall and/or spring semesters. Below is a brief description of the options available for the 2017-2018 academic year. For students who participated in past years, please note the plan details have changed and may operate differently. Please take time to explore the information below concerning the new plans available for the 2017-2018 academic year.

A five-payment option and a four-payment option will be available once again for the Fall 2017 term. Only a four-payment option will be available for Spring 2018. There are no payment plan options for Jan Term or Summer School in 2018. These plans allow a student to make a specified down payment, 20% for the five-payment option, and 25% for the four-payment options, and then carry out the remainder of the plan by making equal payments throughout the term on a prescribed schedule. Please visit the payment plan website referenced below for up-to-date information.

It is recommended students be fully registered and have room and board charges (if applicable) in place before enrolling in a plan. Furthermore, all financial aid paperwork and processing should be completed in order to obtain a true net cost to be used with a plan. Changes in tuition, fees, room, and board, as well as financial aid adjustments made after plan enrollment will affect remaining payments. Outstanding or past due balances from prior terms may not be placed on a payment plan and will prevent enrollment until the past due balance is paid in full. Current charges must be in excess of \$1,000 in order to enroll in a plan. Plan participants must enroll during the designated enrollment period. Late enrollments are not permitted. The academic

program in which the student is enrolled may prevent enrollment in a plan. See Web site for details.

Please note, enrollment in a payment plan after the start of semester due date may result in the charging of a late fee. Late installment payments may jeopardize a student's ability to enroll in a payment plan in a subsequent term. Late fees may be charged for late installment payments. For up-to-date information regarding payment plans, please go to www.samford.edu/departments/financial-services/ and follow the payment plans link.

The Samford University Portal and associated online Student Services are available 24 hours a day, seven days a week, except for scheduled maintenance and unforeseen circumstances. Maintenance is scheduled in advance with notice to all students.

Should you encounter log-in problems, please contact the Personal Technology Group at (205) 726-2662.

Payment/Refund Schedules for All Students

Any student with a past due balance will not be eligible to register for the next semester or obtain his/her transcript or diploma. Registration cancellation will be processed for students with unpaid tuition, mandatory fees, room and board (billed and unbilled) on the date in the schedule below.

Refunds

Refunds are first available within seven (7) to ten (10) business days after financial aid has been credited (disbursed) to the student's account. Refunds will not be available before that time. Disbursement of aid on a student account is regulated based on the first day of class as indicated on the academic calendar for the student's classification. The refund availability dates below are the earliest dates that the refunds will be available. These dates are subject to satisfactory completion/submission of all needed information by the student. The dates are subject to change and may be adjusted to comply with federal regulations governing refunds to students. Signing up for direct deposit in the e-bill system may expedite the receipt of any refunds.

Other Services, Requirements, and Costs

Activity Fees

Tennis, swimming, racquetball, and many other recreational activities are available without charge. The field house has an indoor jogging track. Outdoor activities such as white-water rafting, rappelling, etc., are sponsored by the Student Government Association. Fees are charged to cover the actual cost of these activities.

Books and Supplies

The estimated cost of books and supplies for an academic year is listed in the financial aid portion of the student portal. Samford University does not assess charges for books and supplies unless required by a program of study. Students are allowed to obtain books and supplies at the lowest cost possible.

Check Cashing

The Bookstore and Bursar's Office are authorized to cash checks up to \$50 per day for a student whose account is in good standing. The face of the check must have the student's name, local address, telephone number, and student identification number. Students must present a valid photo ID. A student who presents a check to Samford University that is not honored by the bank will be charged \$30. If that check is not redeemed within 10 days of notification, the student may be subject to disciplinary or legal action. All check cashing privileges are revoked after the third returned check.

Medical Insurance for Students

Some students in the College of Health Sciences are required to provide proof of current personal health insurance coverage. These students are automatically enrolled in the University sponsored student health insurance plan. There is a charge for this coverage. To have the charge removed from his/her Samford account, a student must provide proof of insurance by completing the insurance waiver at <https://studentcenter.uhcsr.com/Samford>.

International Students: Based upon federal regulations and University policy, all F and J visa holders are required to carry insurance that meets certain coverage requirements. Information about specific policy carriers, minimum coverage, and premium costs is available from the Office of Global Engagement at (205) 726-4334.

Membership Fees

Some student organizations have an annual membership fee. In addition, Greek organizations have monthly dues along with an initiation fee. These fees are charged directly by such organizations and will not be posted on student accounts.

Personal Property Insurance

Students at college have a large investment in personal property. The University is not liable for these losses simply because the loss occurs on campus. All students, especially those who live in residence halls, should insure their personal property either through their parent's homeowner's insurance or through a private insurance policy. The University has established an insurance program through National Student Services, Inc. This insurer provides personal property insurance for students at over 1,000 colleges and universities. For more information on student personal property insurance, see www.nssi.com or pick up a brochure at the Residence Life Office, 106 Beeson University Center.

Residence Hall Special Fees and Fines

Students are expected to show good stewardship of their rooms and furnishings and to abide by all University policies. There are fines for key and lock replacement, damage to facilities, and failure to follow proper procedures for room change and checkout. If imposed, these charges will be placed on a student's account, along with other fees established for special services or other purposes.

Students canceling their housing contract prior to the end of the term of the agreement are subject to a substantial cancellation fee. Students occupying rooms during scheduled break periods will be charged substantially for extra housing stay.

Residence hall rooms are furnished with beds, desks, chairs, chests, and blinds. Students may wish to add approved appliances and decorations. It is recommended that this be done in communication with their roommate prior to or after arrival on campus. Washing machines and dryers are available in each residence hall. All washers and dryers are free to use.

The Samford Card and Bulldog Bucks

All students are required to have an official Samford University photo ID (Samford Card) made and recorded by the Department of Public Safety and Emergency Management. The ID offers students a convenient, safe, and easy way to make purchases and utilize campus services. It is used as an identification card, meal card, library card, and for access to certain facilities. With activation of Bulldog Bucks, the Samford Card can be used to make purchases on campus. Bulldog Bucks work similarly to a checking account in that deposited funds are debited each time a student makes a purchase.

The following Web site, bulldogbucks.samford.edu, will allow students, parents, and employees to deposit money online, without any credit card fees, into Bulldog Bucks. By using the link, <http://bulldogbucks.samford.edu>, cardholders can budget their account by tracking spending and reporting a lost or stolen card at any time.

Student Telephone Services

Local telephone service is included in housing charges. Telephones are not included and must be provided by the student. Resident students can dial any local or intra-campus call with no additional charge.

Samford no longer provides long-distance services to students. Most students use the long-distance services provided by their own cellular telephone service plan. Students who need long distance services should make arrangements with a long distance carrier and use that carrier's access (usually dialing an 800 number) to make long-distance calls. For more information regarding telephone service, contact Telephone Services at (205) 726-2996.

Financial Aid Information

Students seeking financial aid should file the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.gov. Our priority date is February 15 for the upcoming academic year. Students who filed the FAFSA on or before that date will comprise the first group for which we package and award financial aid for the upcoming academic year. FAFSAs filed after February 15 will be processed in the order they are received.

Students may obtain information regarding financial aid online at www.samford.edu/financialaid or by telephone at (205) 726-2905. Students are encouraged to use these resources for information or questions regarding financial aid at Samford University.

Drop and Add Policy for All Students

Class Drops and Adds

Drops, adds, and other changes in a student class schedule that do not involve complete withdrawal from school are subject to the following rules:

1. During drop/add, if a schedule change results in a reduction of the student's total credits (less than full-time), tuition may be adjusted within 30 days. Any reduction in a student's course load may result in an adjustment in the student's financial aid.
2. After the last day to drop a course(s), dropping a course(s) will not result in a reduction of charges for tuition or fees.
3. There are no refunds of fees unless the course related to the fee is dropped within the drop/add period, or one withdraws as outlined below.

Charges will be adjusted according to these financial policies and the credits taken by the student. Complete withdrawal from the University is covered under the refund and withdrawal policy. (See also Elective Withdrawal in the Academic Policies and Regulations section of this catalog.)

Withdrawal Refund Policy for All Students

Student Withdrawal

The University is required to contract for a substantial amount of goods and services in advance. Most of these expenses are fixed and are not subject to change on short notice. Under certain circumstances, a refund on tuition is available to students who officially withdraw from the University. A student desiring to withdraw from the University must obtain an official withdrawal form from the Office of the Registrar. The form must be submitted to the Office of the Registrar when it is completed.

This policy applies to all terms including fall and spring semesters, fall and spring A/B terms, summer terms, and Jan Term. If a student withdraws from all courses in a term, a portion or all financial aid may be returned by the University to the original provider(s) of the funding. In such cases where the return of funds creates a balance due to Samford, the student will be required to reimburse the University for those returned funds and any associated fees. (See also the Elective Withdrawal in the Academic Policies and Regulations section of this catalog.)

Withdrawal Refund Policy for Fall Semester

In case of a complete withdrawal or suspension from Samford, the following will dictate refunds:

TUITION REFUND SCHEDULE FOR FALL 2017			
Description	Start Date	End Date	Refund %
Fall Full Term	8/28/17	9/1/17	100%
	9/4/17	9/8/17	90%
	9/11/17	9/15/17	75%
	9/18/17	9/29/17	50%
	10/2/17	10/25/17	25%

Sum II Term: Last day to drop/add - 7/12/18

Refund and Cancellation Policy for Abroad Programs

Different refund and cancellation policies apply to the various abroad programs. A copy of these refund and cancellation policies may be obtained from the sponsoring department or school.

Military Call to Active Duty

Students will be allowed to withdraw without penalty from the University and receive a 100 percent tuition remission (less any financial aid which the student may have received for the semester) upon presenting an original copy of their orders to the dean of academic services.

Alternatively, incomplete (INC) grades with no tuition reimbursement may be more appropriate when the withdrawal is near the end of the semester and INCs are agreed to by the instructor(s) and the student and approved by the dean of the school or college. In the latter case, the student will be allowed to complete the coursework according to a written agreement submitted to the Office of the Registrar. Incomplete grades and withdrawals may affect your financial aid eligibility. Please contact your financial aid advisor if you are a recipient of Title IV aid.

Return of Title IV Funds

Federal financial aid funds are awarded with the expectation that students will complete the entire period of enrollment. Students "earn" a percentage of the funds that are disbursed to them with each day of class attendance. When a student, who has received federal financial aid (Title IV funds), leaves school before the end of the semester or period of enrollment, federal law requires the University to calculate the percentage and amount of "unearned financial aid funds that must be returned to the federal government." This calculation may have the effect of requiring the student to repay funds that have already been disbursed to the student.

Once a student has completed more than 60 percent of the enrollment period, students are considered to have earned all funding received. The University will not reduce the amount owed simply because of the loss of eligibility of financial aid. Thus, withdrawal prior to completion of 60 percent of the semester may result in the student repaying portions of financial aid returned to federal sources, in addition to any institutional costs owed to the University. Students are urged to consider these financial implications prior to making the decision to withdraw from school.

Refund Appeal

Students who believe that they have individual circumstances warranting an exception to published refund policies may appeal. To appeal, the student or parent should contact:

University Registrar
Office of the Registrar
Samford University
800 Lakeshore Drive
Birmingham, Alabama 35229

Brief Definition of Terms Used in Financial Policies

In all of the following situations, students must complete the proper forms in the Office of the Registrar.

Arbitrarily discontinuing class attendance does not substitute for official notification of course dropping or withdrawal.

Drops and Adds

Adding a Course: A course can be added anytime on or before the date listed on the Academic Calendar as "Last Day to Drop or Add a Course(s)." Payment for the course is due the day the course is added.

Dropping a Course: This term applies to the **complete** removal of a course from a student's permanent record. *This can only be done if the student notifies the Office of the Registrar on or before the date listed on the Academic Calendar as "Last Day to Drop or Add a Course(s)."*

If a student notifies the Office of the Registrar after this date, the course will be considered a withdrawal, will remain on the student's permanent record with a grade of W or WF (see below), and **no financial reimbursement will be given.** (See Course Withdrawal in Academic Policies and Regulations.)

Withdrawals

Course Withdrawal: Course Withdrawal is also often referred to as Partial Withdrawal. In order to be considered as withdrawn from a course, a student must complete an official Drop/Add or Course Withdrawal Form in the Office of the Registrar on or before the date listed on the Academic Calendar as "Last Day to Withdraw from a Course(s) without Academic Penalty." If these requirements are met, the student will receive an automatic grade of W. If the student withdraws after the date listed on the Academic Calendar, the student will receive an automatic grade of WF. (See Course Withdrawal in Academic Policies and Regulations.)

There is no financial reimbursement for course withdrawal.

School Withdrawal: This term refers to officially leaving Samford University and discontinuing attending all classes. Financial reimbursement will be based on the University's refund policies for withdrawal. (See Withdrawal Policy in this section and Elective Withdrawal-School Withdrawal in Academic Policies and Regulations.)

GENERAL FEES - ALL STUDENTS FOR ACADEMIC YEAR 2017-2018

The following fees apply to ALL Samford students and are nonrefundable, unless otherwise indicated.

Description	Student Classification	Expense/Notes
Fees		
Vehicle Registration	All Students	\$30/semester
Replacement Decal Vehicle Registration	All Students	\$10/when incurred
ID Replacement	All Students	\$15/when incurred
Bank Return and Correction Fees	All Students	\$30/each occurrence
Payment Plan Processing Fee	All Students	\$75/when incurred
Reinstatement Fee (all terms)	All students	\$100/term, as applicable
Technology Fee - Fall & Spring	All Students	\$175/semester
Portfolio Evaluation Fee	All Students	\$100/credit (optional)

NOTE: Fees are subject to change without notice. See the Bursar's Office Web site for the latest tuition and fee info: <http://www.samford.edu/departments/financial-services/>

NOTE ON PAYMENT/REINSTATEMENT: Charges incurred after the e-bill has been generated for the semester/term are due on or before the payment due date. Charges incurred during the drop/add period are due when incurred. To avoid registration cancellation and reinstatement fee, students should pay all tuition and fees by the payment due date. See the Billing and Refund Schedule tables for dates for e-bill, payment due, refund availability, and registration cancellation.

BILLING SCHEDULE FOR ACADEMIC YEAR 2017-2018

Student Classification	Year/Term	E-Bill Generation	Payment Due Date	Registration Cancellation
All students	2017 Fall	8/7/17	9/5/17	9/6/17
Last Orientation Group	2017 Fall	8/25/17	9/5/17	9/6/17
All students	2017 Fall	9/11/17	10/1/17	n/a
All students	2017 Fall	10/10/17	11/1/17	n/a
All students	2017 Fall	11/10/17	12/1/17	n/a
All students	2018 Jan Term	1/3/18	1/8/18	1/9/18
All students	2018 Spring	1/10/18	1/29/18	1/30/18
All students	2018 Spring	2/12/18	3/1/18	n/a
All students	2018 Spring	3/12/18	4/1/18	n/a
All students	2018 Spring	4/10/18	5/1/18	n/a
All students	2018 Summer	5/10/18	6/11/18	6/12/18
All students	2018 Summer	6/13/18	7/16/18	n/a

Commencement Note: Students participating in Fall 2017 or Spring 2018 commencement must clear their accounts before diplomas will be released.

Note 1: Payment schedule dates for all terms are subject to change.

Note 2: Any student with a past due balance will not be eligible to register for the next semester or obtain his/her transcript or diploma. Registration cancellation will be processed for all students with unpaid tuition, mandatory fees, room and board (billed and unbilled) on the date in the schedule above.

REFUND SCHEDULE FOR ACADEMIC YEAR 2017-2018

Student Classification	Year/Term	1st Date Refunds Available
Any student with fall start date of 8/21/17	2017 Fall	August 21, 2017
Any student with fall start date of 8/28/17	2017 Fall	August 28, 2017
Professional Studies Fall Term B students only	2017 Fall	October 16, 2017
Any Jan Term Student	2018 Jan Term	January 10, 2018
Any student with spring start date of 1/2/18 or 1/8/18	2018 Spring	January 10, 2018
Any student with spring start date of 1/22/18	2018 Spring	January 24, 2018
Professional Studies Spring Term B students only	2018 Spring	March 19, 2018
Any student with summer start date of 5/14/18	2018 Summer	May 14, 2018
Any student with summer start date of 6/4/18 except those enrolled only in second term of Summer School	2018 Summer	June 4, 2018
Any student with summer start date of 7/9/18	2018 Summer	July 9, 2018

REFUNDS: Refunds are available within seven (7) to ten (10) business days after financial aid has been credited (disbursed) to the student's account. Refunds will not be available before that time. Disbursement of aid on a student account is regulated based on the first day of class as indicated on the academic calendar for the student's classification. The refund availability dates above are the earliest dates the refunds will be available. These dates are subject to satisfactory completion/submission of all needed information by the student. The dates are subject to change and may be adjusted to comply with federal regulations governing refunds to students.

UNDERGRADUATE DAY STUDENT (FULL-TIME AND PART-TIME) TUITION AND FEES FOR ACADEMIC YEAR 2017-2018

The following tuition and fees apply to Samford Undergraduate Day Students. Unless otherwise indicated, all fees are due on or before the e-bill payment due date and are nonrefundable.

Description	Student Classification	Expense	Notes

Financial Assistance

.....

A financial assistance program has been established to aid students in attending Samford University. Federal and State financial aid in the form of grants, loans, and on-campus job opportunities is provided to assist students in meeting the financial responsibilities they incur at Samford. These programs are based on financial need as demonstrated by approved financial assessment instruments. In addition, the University provides scholarships, based on criteria such as academic achievement, leadership skills, need, athletic ability, or field of study. Nearly all financial aid programs at Samford are administered by the Office of Financial Aid (OFA) within Student Financial Services (SFS).

Financial Assistance Guidelines, Programs, and Scholarships

Application Guidelines

Application for financial assistance begins when the student applies for admission to Samford University. All students are urged to file the Free Application for Federal Student Aid (FAFSA) in order to be considered for all types of assistance. The FAFSA may be filed at www.fafsa.gov. An application priority date of February 15 has been established for 2017-2018, with students meeting this priority date comprising the first group of students awarded aid for the upcoming academic year. The FAFSA will be available on October 1, 2017.

The financial assistance received may be from one source, such as the federal government, or may represent a combination of sources, such as the federal government, the state of Alabama, private donors, the Alabama Baptist State Convention, the University, and lending institutions. Financial aid packages are based on the number of credits taken by a student. Some programs require that a student be enrolled full-time. Packages may be adjusted should the student not be enrolled full-time.

Federal Assistance Programs

Students may apply for the following federal programs which provide funds directly to the qualified student. All need-based aid requires the student to file the FAFSA in order to establish eligibility.

Pell Grants

Federal Pell Grants are need-based grants that are available to eligible undergraduate students earning their first bachelor's degree. Students may receive a pro-rata portion of a full-time grant for enrollment less than 12 hours.

Supplemental Educational Opportunity Grants

Federal Supplemental Educational Opportunity Grants are awarded on a first-come, first-served basis to our most needy Pell Grant recipients.

Perkins Loans

Federal Perkins Loans are need-based loans awarded on a first-come, first-served basis to eligible students.

Stafford Loans

Federal Stafford Loans are available to students who qualify. The application process begins with accepting the loan online through the student portal. There are two types of federal Stafford loans: subsidized and unsubsidized. Need-based Stafford loans are subsidized (interest is paid by the federal government). For unsubsidized Stafford loans, interest is charged on the loan from the time funds are disbursed. Eligible freshmen may borrow up to \$5,500/year, sophomores \$6,500/year, juniors and seniors \$7,500/year, and most graduate/professional students \$20,500/year.

Parent Loans for Undergraduate Students (PLUS)

Federal Parent Loans for Undergraduate Students (PLUS) are available to parents of dependent undergraduate students. Eligible parents may borrow up to the difference between the estimated cost of attendance and all other financial aid per year.

Federal PLUS Loans for Graduate Students

Federal GradPLUS loans are available to students who qualify. Students may borrow up to the difference between the estimated cost of attendance and all other financial aid received per year. Students must file the FAFSA in order to be considered.

Health Professions Student Loan Program

Health Professions Student Loan Program provides loans on a limited basis to students in the McWhorter School of Pharmacy. These loans are awarded on a first-come, first-serve, and need-based basis to eligible students. Parental data on FAFSA is required, even if student is independent.

Work-Study

Federal Work-Study provides on-campus and off-campus employment to students. Work-Study awards compensate students for actual hours worked.

Satisfactory Academic Progress Standards for Federal Assistance Programs

In order to receive financial aid, a student must be making satisfactory academic progress, as defined below.

Eligibility for financial aid will be evaluated at the end of each academic year. In the evaluation process, all grades of W (Withdrawn) and INC (Incomplete) will be counted as credits attempted but not passed. Repeated courses will be counted as attempted.

Students cannot receive aid after they have attempted 134 percent of the credits required for completion of their academic program. Accepted transfer credits will be used to reduce that time frame. Graduate, doctoral, and professional students will be reviewed at 134% of the credits required for completion of their academic programs.

Undergraduate

Qualitative—Students must be accepted for admission and be eligible to enroll in classes. In addition, students must achieve and maintain a cumulative 2.00 GPA on all Samford University and transfer coursework.

Quantitative—Students must average passing 75 percent of all credits attempted and applied to their current program. Both Samford and transfer attempts are included in the 75 percent calculation.

Graduate: Law, Pharmacy, and Divinity

Qualitative—Students must be accepted for admission and be eligible to enroll in classes. In addition, students must achieve and maintain a cumulative 2.00 GPA on all Samford University and transfer coursework.

Quantitative—Students must average passing 75 percent of all credits attempted and applied to their current program. Both Samford and transfer attempts are included in the 75 percent calculation.

Other Graduate Programs

Qualitative—Students must be accepted for admission and be eligible to enroll in classes. In addition, students must achieve and maintain a cumulative 3.00 GPA on all Samford University and transfer coursework.

Quantitative—Students must average passing 75 percent of all credits attempted and applied to their current program. Both Samford and transfer attempts are included in the 75 percent calculation.

Appeals

Students who are notified of their inability to meet the SAP (Satisfactory Academic Progress) standards will be offered the opportunity to appeal the decision. A successful appeal will be based on whether or not a student's performance was affected by personal injury or illness and/or death of an immediate family member or relative. Immediate family member is defined as mother, father, sibling, spouse, child, and grandparent. Also, a successful appeal will outline what has changed in the student's situation that will allow for him or her to be successful, academically, in subsequent academic terms.

State Assistance Programs

Alabama Student Assistance Grants

Alabama Student Assistance Grants are awarded on a first-come, first-serve basis to our most needy Alabama resident Pell Grant recipients.

Alabama Student Grants

Alabama Student Grants are available through a state entitlement program for undergraduate Alabama residents attending accredited private postsecondary institutions in Alabama. Need is not a factor and grants (subject to annual variations in funding) are available to non-church vocation majors. The application may be found on the Student Financial Services Web site: www.samford.edu/departments/financial-services.

Scholarships

The University provides numerous opportunities for earning scholarships. The Admissions Office is responsible for awarding the bulk of Samford scholarships as students enter as freshmen or transfers. For a listing of current scholarships awarded through the Admissions process by the Admissions Office or in conjunction with that office, please see www.samford.edu/admission/scholarships. Scholarship maintenance and renewal requirements are found here and in the online student portal.

Upperclassmen, graduate, and professional students may receive some scholarship funding from their academic programs. Academic programs should be contacted directly to determine scholarship availability. Student Financial Services does not award any merit-based scholarships.

Samford competes at the Division I level of NCAA athletics. Athletic scholarships are awarded through the Department of Athletics. Please contact the team in which you have an interest to obtain additional information concerning the recruitment process and availability of athletic scholarships.

Certain restrictions may apply to the payment of campus housing costs with university-funded aid. Specifically, full-ride scholarships will not cover the full cost of living in the West Village. The maximum amount a full ride scholarship will cover is equal to the double occupancy rate of the next highest housing option below the West Village.

For most Samford scholarships, students are given a one-semester grace period to raise a deficient cumulative Samford grade point average to the appropriate standard. During this grace period, the student is typically allowed to keep their Samford scholarship. If, by the end of the grace period, the cumulative Samford grade point average is not sufficient, the scholarship will be forfeited immediately and permanently. Also, if a student is found to have violated the University's Code of Values, sanctions may include revocation of some or all Samford-funded aid.

Veterans Affairs Educational Benefits

Students who are veterans or dependents of veterans may be eligible to receive benefits through the U.S. Department of Veterans Affairs (VA). Contact the Office of the Registrar and your VA representative. The telephone number to call concerning veterans benefits for students in the State of Alabama is (888) GIBILL1 [888-442-4551]. Samford University is approved by the VA as an eligible institution for federal benefits. In addition, the VA requires that each time a student attempts a course, the grade received must be included in the cumulative grade point average.

In order to obtain education benefits from the VA, any veteran or dependent who plans to enter Samford should:

1. Be admitted to a degree-seeking program or to an approved NCD (non-college degree) program. See the School Certifying Official for details.
2. Establish eligibility for VA benefits by completing the appropriate paperwork with the Office of the Registrar or with a VA Service Office. Four to six weeks are required by the Department of Veterans Affairs for processing.

Veterans

All veterans (Chapters 30 and 32), reservists and guard members (Chapter 1606, 1607), and veterans' dependents (Chapter 35) are responsible for paying fees and charges on the same basis as other students. Veterans under the Vocational Rehabilitation Program (Chapter 31) should make arrangements for their tuition, fees, and books to be paid prior to their first payment due date by working with their assigned vocational rehabilitation counselor. Veterans using Chapter 33 (the Post 9/11 GI Bill) must coordinate with the School Certifying Official (Office of the Registrar, Samford Hall) prior to the beginning of each term so that all paperwork can be filed, ensuring that Chapter 33 tuition/fee benefits are sent directly from the VA to Samford in a timely manner. While VA Payments are usually received regularly, Chapter 33 students are advised NOT to depend upon VA Housing Payments for the payment of rent or other vital expenses.

For more information on veterans affairs education benefits, see the following URL:

<https://www.samford.edu/departments/registrar/veterans>

University-Wide Academic Opportunities

Academic Success Center

Administration

Bridget Rose, Director, bcrose@samford.edu
Victoria Smith, Assistant Director, vlstone@samford.edu

The mission of the Academic Success Center is to facilitate students' successful transition through Samford University by identifying and providing academic resources in a highly collaborative and student-centered manner.

The director and assistant director work with Admissions, the schools, Career Development, Counseling offices, and Disability Resources to provide academic assistance as needed. First-year students, both entering freshmen and transfer students, are encouraged to take advantage of the Center's services.

Academic Support

The ASC assists students in locating campus resources that promote academic success. Interested students can schedule an appointment to discuss their individual situation and needs. The ASC provides additional support and resources to conditionally admitted students, at-risk students, or students placed on academic warning.

Tutoring is available in several general education courses through a partnership between the ASC and various departments. Additionally, the ASC collaborates with the Communication Resource Center to provide tutoring not just for oral and written communication assignments, but also to develop students' critical reading skills. The ASC also maintains a list of private tutors in various subjects. For current tutoring schedules, please visit the website at www.samford.edu/academic-success-center/.

The ASC also works with faculty and professional advisors to support the advising process. First-year students and transfer students in particular can receive assistance in changing or declaring majors.

Courses

FOUN 101 Foundations (1)

One-hour course designed to address various issues that first-year students encounter. The course is taught by faculty and staff who are well suited to become advocates and mentors for freshmen. Topics included in the course: the mission of the University, academic advising, time management, financial management, social issues, campus involvement, faculty-student relationships, and academic success. Because FOUN 101 is designed and offered to support first-semester freshman students, it is not repeatable under Samford's course repeat policy. Offered: Fall.

FOUN 102 Vocation Exploration (1)

This one-hour course will provide a vocation-centered Foundations experience that will offer opportunities for exploration of majors, reflection on calling, and preparation for professional school or specific programs of study. Offered: Spring.

FOUN 201 Foundations: Peer Mentoring (0-1)

Student will serve as a peer mentor for one section of Foundations and participate in a guided practicum in teaching to develop the student's instructional and leadership skills. May be repeated for a maximum of 3 credits. Standard grading applies for initial course, but grading is pass/fail if course is repeated. Prereq: FOUN 101 and permission of the program director. Offered: Fall.

FOUN 210 Foundations Special Topics (1 or 2)

This 1-2 variable credit course is designed to assist students in their developmental transitions throughout the middle years in college. Through opportunities both on and off campus, students will discuss and reflect on important ideas that cultivate academic and cultural awareness, promote intellectual curiosity, and connect with various career paths. May be repeated for a maximum of 4 credits. Prereq: FOUN 101. Offered: Every semester.

Contact Info: Academic Success Center
101 Dwight Beeson Hall
Phone: (205) 726-2698
E-mail: success@samford.edu

Communication Resource Center

Administration

Charlotte Brammer, Director, cdbramme@samford.edu

The Communication Resource Center (CRC) is a place for all Samford students to get help with their writing and speaking projects. At any stage of these projects, from brainstorming to presentation, students may consult style manuals and seek help from trained peer tutors. In addition to individual tutoring sessions, the CRC periodically offers workshops on various aspects of oral and written communication.

The CRC also serves faculty, offering workshops and handouts on assigning and assessing oral and written communication.

Contact info: Communication Resource Center
Brooks 222
Phone: (205) 726-2137
E-mail: crc@samford.edu or
Web: www.samford.edu/crc

Global Engagement Office

Administration

Lauren Doss, Director of Global Engagement
Katie Cohen, London Operations Director
Kyle Bailey, Study Abroad Coordinator
Jennifer Beck, International Student and Scholar Coordinator

Samford offers opportunities to take courses abroad that help develop and expand students' personal, academic, and professional goals. Samford seeks to engage students and faculty with the peoples and cultures of other countries; to provide on-site observation of historical, scientific, and cultural phenomena; and to provide opportunities for foreign language study within the cultural context of the target languages.

Withdrawal and refund policies for study-abroad programs are different from the policies for on-campus programs. Before registration in any study-abroad program, please see the appropriate office for the policy.

The Daniel House

As part of its commitment to internationalization, Samford University provides a special opportunity for students and faculty to live and study in one of the most cosmopolitan and culturally rich cities of the world—London. Daniel House, Samford's London Study Centre, serves as home and classroom to students and faculty throughout the year in a variety of academic programs.

Daniel House is located in the heart of London near Kensington Gardens, the Victoria and Albert Museum, the Museum of Natural History, and the former residences of Winston Churchill, T.S. Eliot, Alfred Hitchcock, and John Lennon. Over 130 years old, the Victorian townhouse serves as the setting for a semester abroad program during fall and spring semesters for students and professors-in-residence from the Birmingham campus. In addition to courses taught by the Samford professors in their fields, British professors lecture in offerings that focus on British theatre, history, culture, and life. Students may also participate in experiential learning courses to complete their course of study.

During Jan Term, the Daniel House is the base for a large number of Samford faculty and students involved in accelerated, special courses that take advantage of the London setting. These sessions offer a variety of courses focusing on such subjects as art/drama appreciation, English literature, the British health care system, the theology and history of the English Reformation, and London as a world financial center.

Summer Term in London allows students to do an in-depth study in one interdisciplinary course offered in a four-week term. Students may elect to add travel time at the end of their studies.

In addition to an interdisciplinary course taught by the professor-in-residence, courses listed under "Semester Abroad Courses" are offered in the fall and spring Semester Abroad Program only. Courses taught in Jan Term and in the Summer Term in London vary each term. Current information is available from the Global Engagement Office. For more information on any of the programs based at Daniel House, please contact the Global Engagement Office in Brooks Hall 211, phone (205) 726-4335, or online at <http://www.samford.edu/global-engagement/>.

Eligibility

All Samford University students are welcome to apply to study at the London Study Centre. The applicant must have a minimum 2.50 GPA, must not be on academic or disciplinary probation, and (with the exception of Jan Term) must have sophomore standing or above at the time of participation. Students must have met all prerequisites or requirements for London classes in which they enroll. A student must maintain these standards prior to departure and throughout the term in London and must abide by participation and housing rules; failure to do so will result in dismissal from the program and return home at the expense of the student.

Cost and Activities

Semester Abroad: A program fee includes round-trip airfare from Atlanta, airport transfers in London, accommodations at Daniel House for 14 weeks, daily continental breakfast, weekly meal allowance, medical insurance, two weekend excursions, and eight nights at the London theatre. Tuition is billed separately. (Expenses not covered include Greater London transportation, spending money, and individual travel and activities, including the travel break.)

Jan Term: The program fee covers round-trip airfare from Atlanta, accommodations at Daniel House during the term, daily continental breakfast, airport transfers in London, medical insurance, and class activities per selection of the professor. (Expenses not covered include Greater London transportation, spending money, meals other than breakfast, and individual travel and activities.)

Summer Term: The program fee covers round-trip airfare from Atlanta, accommodations at Daniel House during the term, daily continental breakfast, weekly meal allowance, airport transfers in London, and class activities. (Expenses not covered include Greater London transportation, spending money, and individual travel and activities.)

Cancellation and Refund Policy

A different policy applies to the Study Abroad programs than the policy for on-campus programs published in this catalog. This policy is available from the Global Engagement Office and at the information meeting. Students are advised to read it prior to enrolling in the program.

Language Study Abroad

Samford's Department of World Languages and Cultures, through affiliations with other institutions abroad, offers opportunities for living and studying in the culture of the target language.

Summer Programs: Samford in Spain gives students the choice of studying for five or nine weeks at the Estudio Sampere in Madrid. Students can study in France for five weeks during the summer under the tutelage of French professors at the Université Stendhal, Grenoble. Students of German are offered the opportunity to study for five weeks at Sprachinstitut-Treffpunkt in Bamberg, Germany.

Jan Term: Small, intensive Spanish classes are held for three weeks at the Centro Lingüístico Conversa in Santa Ana, Costa Rica.

Internships: In addition, international internships that require the use of another language are arranged on an individual basis in various professional fields, such as business and missions. For more information about these opportunities, contact the Department of World Languages and Cultures at (205) 726-2742 or (205) 726-2747.

Cumberland School of Law International Study Programs

Cumberland School of Law offers opportunities for U.S. law students to study abroad, and for non-U.S. students to study on the Samford campus. Participating U.S. students gain international perspective by studying and living in a legal system and culture different than their own. These programs also enhance the international perspective of students who remain in the U.S., by bringing students from other nations to the Samford campus. A study abroad program in Cambridge, England, gives J.D. students the opportunity for comparative study of U.S., British, and European Union law, in an historic and attractive setting at Sidney Sussex College, Cambridge. Cumberland's master of comparative law (M.C.L.) degree program is designed for graduate lawyers, judges, prosecutors, and legal educators from outside the U.S., who learn about the U.S. legal system and culture; participants spend two summers taking courses in residence at Cumberland (with the option to attend the Cambridge study-abroad program)

and write a thesis. Under a cooperative arrangement between Cumberland and The Norwich Law School at the University of East Anglia in Norwich, England, British law students have the opportunity to study in the U.S., and Cumberland graduates have the opportunity to study in the U.K. Participating Norwich LL.B students spend a year at Cumberland after their first year of legal studies at Norwich. Two Cumberland J.D. graduates each year are awarded full-tuition scholarships for studies toward an LL.M degree at Norwich.

Universidad Blas Pascal – Cordoba, Argentina

In 2011, Samford established a relationship with The Universidad Blas Pascal (UBP) in Córdoba, Argentina. Blas Pascal (named after the French philosopher and mathematician Blaise Pascal) is the largest private University in Córdoba. UBP offers a special school for foreign students as well as regular university courses. Advanced students will have to prove advanced proficiency in Spanish before being allowed to take regular university courses. UBP offers a wide variety of courses, mainly in Spanish, but also offers some courses in English, primarily in the English department. Internships and service learning opportunities are also possible.

Samford University and The Blas Pascal University have a direct exchange agreement. Up to two Samford students may go to Córdoba each fall semester. Samford students who choose to take courses in Córdoba are responsible for the following: Samford tuition, travel costs to Córdoba, the cost of room and board in Córdoba, and other incidental costs. Although a specific level of Spanish language ability is not required, it is strongly suggested that students have at least an intermediate proficiency in Spanish prior to going to Córdoba, with advanced being preferred. Students interested in applying to UBP should contact the Global Engagement Office in Brooks Hall 211 or call (205) 726-4335 by April 1.

Fall Term only: August to December.

Hong Kong Baptist University – Hong Kong, China

Samford established a relationship with Hong Kong Baptist University (HKBU) during the 1997–98 academic year, which allows students to study there for one or two semesters. Hong Kong Baptist University is a highly respected university founded by Baptists and serves a multicultural mix of students from around the world. Coursework is offered in English in almost all areas of undergraduate study that Samford has. There should be no difficulty in arranging courses at HKBU that will meet major requirements at Samford.

Samford students approved to attend HKBU pay Samford tuition. In addition, the student is responsible for the cost of accommodations, meals, round-trip airfare, an administration fee set by HKBU, and other personal expenses. Financial aid is available for those who qualify. Junior or senior students interested in applying to HKBU should contact the Global Engagement Office in Brooks Hall 211 or call (205) 726-4335 early in the semester prior to attendance.

Pädagogische Hochschule Weingarten – Weingarten, Germany

In 2006, Samford University established an exchange program with Pädagogische Hochschule Weingarten. Located in the picturesque town of Weingarten, the city forms part of a thriving community in southern Germany near both Lake Constance and the Alps. In 1958, Pädagogische Hochschule Weingarten was renamed as an educational university. The majority of students at the University of Education follow the basic undergraduate curriculum in education. These courses are divided into degree tracks for primary/junior and secondary/high school. The university offers a wide variety of subjects for teacher training, including humanities, fine arts, and physical education. Samford exchange students may study at the university for either one semester or a full year. Samford students pay Samford tuition and are responsible for room, board, round-trip transportation, local transportation, medical insurance and health service fees, passport and visa costs, course materials, and personal and incidental expenses. Financial aid is available for those who qualify. Junior and seniors who are interested in applying to Weingarten should contact the Global Engagement Office in Brooks Hall 211 or call (205) 726-4335 early in the semester prior to intended attendance.

International/Semester Abroad Courses

Because of the nature of the program and the small number of participants in a semester, course offerings are limited. It is recommended that students contact the Global Engagement Office early in their academic career to plan for a semester abroad.

INTL 200 The British Theatre (2)

Study of British drama using classroom discussion and live theatre. Students experience a variety of venues and dramatic genres as they attend a series of plays in London's theatre districts. Class meetings emphasize discussion and critical thinking that allow students to approach live drama as an informed audience. For students on a pre-2017-18 catalog, this course may be substituted for THEA 200, and may apply towards the general education fine arts appreciation requirement. Offered: Fall and Spring.

INTL 201 Music and Art in London (2)

Interdisciplinary course combining the visual and musical resources of London's National Gallery, Tate Gallery, British Museum, Royal Albert Hall, the West End Theatre District, and other venues for an enriching experience in the arts. For students on a pre-2017-18 catalog, this course may be substituted for ART 200 or MUSC 200, and may apply towards the general education fine arts appreciation requirement. Offered: Fall and Spring.

INTL 202 Appreciation with a British Accent (4)

On-site study of the cultural, historical, and literary significance of art and theatre in the city of London through the ages. This course employs the ample theatrical and artistic resources of London with visits to museums, backstage tours, and theatre attendance. Lectures supplement the course with context and critical appraisal. For students on a pre-2017-18 catalog, this course may meet the general education fine arts appreciation requirement. Offered: Jan Term and Summer.

INTL 330 International Internship (1-4)

Provides part-time practical work experience while studying abroad. Students work under the supervision of professionals in the following fields: business, education, economics, television, film, journalism, arts, culture, healthcare, social issues, advertising, marketing, public relations, politics, non-governmental organizations (NGOs), and others. May be repeated for a maximum of 4 credits. Prereq: Junior standing or permission of academic advisor; 3.00 GPA. Offered: Fall, Spring, and Summer.

INTL 360 British Heritage and Culture (4)

Interdisciplinary study of the British Isles from a variety of perspectives, including history, literature, politics and government, art and architecture, education, religion, race, class, and gender. Lectures by British professors are supplemented by visits to museums, political institutions, and other historic sites in London. This course may be taken as part of the Semester Abroad Program only. Satisfies the general education social science or humanities requirement. Offered: Fall and Spring.

INTL 399 International Study Topics (4)

Interdisciplinary course, cross-listed with various schools and departments, takes advantage of the particular expertise of the professor and of the resources available in the international setting. Offered: Fall, Spring, and Summer I.

INTL 430 International Independent Study (1-4)

Advanced study of a particular theme or topic germane to individual student interest within an international setting through readings, research, and analysis. Designed for people who have completed basic courses and who want to study specific topics not offered in other study abroad courses. May be repeated for a maximum of 8 credits. Prereq: Permission of academic and faculty advisor. Offered: Fall, Jan Term, Spring, and Summer.

CLAS, GEOG, HIST, JMC, POLS, SOCI 361 Bridging London (4)

Field-based exploration of the geography of London and its environs. Students investigate historical development, commerce, naval power, imperialism, colonialism, scientific achievement, industrial revolution, financial systems, economic frameworks, transportation, governance, urban design, community, culture, society, ethnicity, international significance, and the intersection between globalization and urbanization. In a given term, when offered, course may be co-listed as CLAS 361, GEOG 361, HIST 361, JMC 361, POLS 361, SOCI 361.

Other courses vary. Current information available from the Global Engagement Office.

Health Professions Program

Health Professions Committee

George Keller, Chair, gekeller@samford.edu, (205) 726-2033

David Garza, dgarza@samford.edu, (205) 726-2455

Majors (Non-Degree Seeking)

Pre-Dentistry

Pre-Medicine

Pre-Optometry

Pre-Veterinary

The quality of pre-professional training for the health sciences is important not only in establishing a firm base for the professional school curriculum but also in providing an intensive cultural background for a full and satisfying life. The health-oriented professional schools, consequently, urge students to get as broad a general education as possible at the undergraduate level. The liberal arts university continues to be the overwhelming preference of the professional schools for the preparation of students for careers in health professions. Samford University has a long tradition of preparing students for careers as physicians, dentists, optometrists, and veterinarians; alumni serve with distinction in every area of health care.

It should be noted that the professional schools have no preferred major; science majors have no advantage over humanities majors in gaining admission to professional school. Therefore, students are encouraged to major in an area they prefer and might use in the future if their career plans change. However, certain minimum math and science requirements must be completed in order to be competitive in the professional school selection process. Recommended advanced science courses will improve students' competitive edge as well as their readiness for graduate study.

Entrance requirements vary among professional schools, but the basic required science courses are very similar. While making progress toward completing the University core and general education curriculum (including the University core) and major requirements, students also must take the following:

- 1 year of general biology with lab
- 1 year of general chemistry with lab
- 1 year of organic chemistry with lab
- 1 year of general physics with lab
- 1 year of mathematics
- 1 year English composition

The specific courses a student takes will vary somewhat depending on that student's major; the Health Professions Committee can assist with specific course selection. These minimal courses should be completed during the first three years of study in order to be prepared for professional school admission tests, such as the Medical College Admission Test (MCAT), the Dental Admission Test (DAT), or the Optometry Admission Test (OAT).

The Health Professions Committee works closely with students at all stages of their undergraduate career, answering questions concerning career choice, course selection, professional school preparation, and the application process. The committee also is in regular contact with regional professional schools and their admissions directors. Students are strongly advised to make contact with the Health Professions Committee early in their academic career and regularly update the committee on their progress and plans. This frequent contact is crucial since the committee will prepare the student's composite letter of recommendation, which is sent to the professional schools as part of the application process. In addition, there are many health professions-related activities throughout each academic year, including visits by professional school admission personnel and practicing health care professionals, and students are encouraged to make the most of these opportunities. Contact the Health Professions Committee for more information.

NOTE: At press time, fees applicable to international or London programs were not available. Contact the Global Engagement Office for exact amounts, payment due dates, and/or cancellation and refund policies (726-4335). See also the Bursar's Office Web site for the latest tuition and fee info: <http://www.samford.edu/admission/tuition-and-fees/>.

Inter-Campus Exchange Program—Birmingham Area Consortium for Higher Education (BACHE)

Samford University cooperates with the University of Alabama at Birmingham (UAB), Miles College, University of Montevallo, and Birmingham-Southern College in a student exchange program known as the Birmingham Area Consortium for Higher Education (BACHE). The program is designed to expand the undergraduate educational opportunities for students at these institutions. This arrangement affords full-time Samford day students the opportunity to enroll in a course at another institution. Through collaboration, consortium members are able to expand education opportunities in critical areas, such as environmental studies and foreign languages.

Credit for work taken at UAB, Miles, Montevallo, or Birmingham-Southern while a student is enrolled for courses during fall or spring semesters at Samford University will be recorded as if earned at Samford University and will be treated as quality credits, not transfer credits. Students who propose to take courses at UAB, Miles, Montevallo, or Birmingham-Southern must obtain approval from the appropriate academic dean and the Office of the Registrar. A student may take only one course in the BACHE program per semester. Registration for this course will be a part of the regular Samford University registration procedure, and students will pay tuition for this course at Samford in the usual manner.

Credit for work taken at UAB, Miles, Montevallo, or Birmingham-Southern during Samford University's summer terms may be recorded either as exchange credit or as transient credit. Registration for transient credit will be a part of the regular UAB, Miles, Montevallo, or Birmingham Southern registration processes, and students will pay tuition for these courses at either UAB, Miles, Montevallo, or Birmingham-Southern. A Transient Application Form must be completed prior to enrollment. These application forms are available in the Office of the Registrar.

Pre-Law

Administration

Dr. Marissa Grayson, Assistant Professor of Political Science and Pre-Law Advisor

Advising

Samford provides a range of services to support students interested in attending law school. For first-year students who have not declared a major, the pre-law advisor serves as the student's primary advisor, helping freshmen to discern the major that best meets their interests and prepares them for a legal education. Once students have selected a major, the pre-law advisor serves as a mentor, arranging professional development opportunities and guiding pre-law students through their curricular and extra-curricular choices.

A key component of the mentoring experience is a special pre-law section of FOUN 102 (Vocation Exploration: Law) taught by the pre-law advisor every spring. This one-credit course is targeted for second-semester juniors who are planning to apply to law school in their senior year. In addition to covering important material regarding application procedures and preparing for the LSAT, the course helps students to write a personal statement, perfect a résumé, request letters of recommendation, and explore financial aid for law school.

Samford and Cumberland School of Law have created an accelerated law degree program which permits eligible Samford students to complete their undergraduate and law school degree in six years instead of the traditional seven. This accelerated 3-3 program is limited to students in particular undergraduate majors, and eligible students interested in the 3-3 Law Degree Program should work closely with their major advisor and the pre-law advisor to ensure they are taking the proper courses to prepare them for this accelerated program. Acceptance into this program will be determined by the law school based on the same criteria used to evaluate all law school applicants. After successful completion of the first year of classes at Cumberland, the student will be awarded a bachelor's degree in his/her undergraduate major.

Recommended Course of Study

Samford follows the recommendation of the American Bar Association and encourages students to choose a rigorous undergraduate major supplemented by courses that develop the core skills and values needed to prepare for a sound legal education. To that end, the university does not recommend any particular major for its pre-law students; instead, we focus on skill development, practical experience, and vocational discernment.

Regardless of major, students should strive to develop the following ABA-recommended core skills and values:

- Analytic/Problem-Solving Skills
- Critical Reading
- Writing Skills
- Oral Communication/Listening Abilities
- General Research Skills
- Task Organization/Management Skills
- Public Service and Promotion of Justice

In addition to these fundamental skills and values, all pre-law students should take courses that develop the following subject competencies recommended by the ABA:

- A broad understanding of history, including the various factors (social, political, economic, and cultural) that have influenced the development of our society.
- A fundamental understanding of political thought and of the contemporary American political system.
- Some basic mathematical and financial skills, such as an understanding of basic pre-calculus mathematics and an ability to analyze financial data.
- A basic understanding of human behavior and social interaction.
- An understanding of diverse cultures within and beyond the United States, of international institutions and issues, of world events, and of the increasing interdependence of the nations and communities within our world.

Pre-Law Courses

Students seeking to learn trial advocacy skills may enroll in the following class:

PLAW 100 Mock Trial (1)

For students interested in developing trial advocacy skills; practical course offering preparation for mock trial competition. May be repeated for a maximum of 4 credits. Grading is pass/fail. Offered: Fall and Spring.

Students preparing to apply to law school may enroll in the following class:

FOUN 102 Vocation Exploration: Law (1)

For students applying to law school the following year; practical course offering preparation for the LSAT, preparing a résumé and personal statement, requesting letters of recommendation, and choosing a law school. Offered: Spring.

Mock Trial

As a member of the American Mock Trial Association (AMTA), the Samford Mock Trial Team competes in national and regional trial simulations with teams from other universities. Mock trial gives students the opportunity to develop critical thinking and public speaking skills, as well as knowledge of legal practices and procedures. Competitors develop valuable legal skills, such as constructing opening and closing arguments, employing rules of evidence, and preparing witnesses for direct and cross examinations. The Cumberland School of Law is home to one of the nation's premiere Trial Advocacy programs, and the pre-law Mock Trial Team, which is coached by two mock trial veterans who are practicing attorneys, seeks to uphold this tradition of excellence.

Samford Pre-Law Society

The Samford Pre-Law Society meets regularly to sponsor speakers, interviews, and information sessions on topics of interest to pre-law students. The society is an official campus organization governed by students with an advisory board of faculty and staff members who have expertise in helping students apply to law school. Any Samford student is eligible to join and to participate in its meetings.

Reserve Officer Training Corps (ROTC) Air Force ROTC

Administration

Stephen T. Sanders, Professor, Aerospace Studies

Faculty

Lacy Gunnoe, Assistant Professor, Aerospace Studies

Jacob C. Ringrose, Assistant Professor, Aerospace Studies

Undergraduate Programs and Requirements

Courses

General Military Course
Professional Officer Course

Minor

Aerospace Studies

The Air Force Reserve Officer Training Corps (AFROTC) Program is offered at Samford University and to students at cross-town schools in the Birmingham area including: Birmingham-Southern College, Miles College, University of Montevallo, University of Alabama at Birmingham (UAB), and Jefferson State Community College. Students enrolling will attend class at Samford. Call the Detachment for course offering details. Students will need the class and lab schedule from the Detachment to help avoid scheduling conflicts (205) 726-2859.

The AFROTC provides college men and women the opportunity to earn a commission as a Second Lieutenant in the United States Air Force upon graduation from college. The program is divided into the General Military Course (GMC) and the Professional Officer Course (POC). The GMC includes the freshman-level and sophomore-level courses and is open to all students without military obligation. The POC includes the junior-level and senior-level courses for those committed to service on active duty. Uniforms and textbooks for all aerospace studies courses are provided at no charge.

Scholarship Programs

Some freshmen enter AFROTC with a four-year college scholarship. Interested high school students should apply online at www.afrotc.com. Applications are due by December 1 of their senior year in high school.

Most freshmen and sophomores enter AFROTC without a scholarship. Once in the AFROTC program, these students may apply for in-college scholarships. For additional information, contact the AFROTC at Samford University, (205) 726-2859.

Freshmen and sophomores are able to compete for two-year and three-year scholarships through the In-College Scholarship Program (ICSP) that provides funds for tuition, books, and a monthly tax-free stipend. Air Force scholarships cannot be used to pay for room and board.

Leadership Laboratory (LLab)

Leadership Laboratory is an integral part of the AFROTC Program. Each academic class has an associated leadership laboratory that meets for two hours each week. It provides an opportunity for students to apply classroom teachings in a military training environment. Instruction is conducted within the framework of an organized cadet corps with a progression of experiences designed to develop leadership skills. Leadership Laboratory involves a study of the life and work of Air Force junior officers. Students develop their leadership potential in a practical, supervised laboratory.

The first two years of Leadership Laboratory involve activities classified as initial leadership experiences. This includes studying Air Force customs, courtesies, drill and ceremonies; giving military commands; instructing, correcting, and evaluating the preceding skills; studying the environment of an Air Force base; and learning about career opportunities available to commissioned officers.

The last two years of LLab consist of activities classified as advanced leadership experiences. They involve planning, organizing, coordinating, directing, and controlling the military activities of the cadet corps; preparing and presenting briefings and other oral and written communications; providing interviews, guidance, and information to increase the understanding, motivation, and performance of other cadets.

Leadership Evaluation and Development – LEAD

All cadets pursuing a commission through the AFROTC must complete Field Training. It is offered during the summer months at Maxwell Air Force Base, Alabama, and normally occurs between the sophomore and junior years. It is an intense training environment designed to orient students toward service in the United States Air Force. The major areas of study include officership training, aircraft and aircrew orientation, career orientation, survival training, Air Force environment, and physical training.

Air Force ROTC Courses

Classes conducted at Samford University. Call Detachment for course schedule (205) 726-2859.

AERO 101 The Air Force Today I (1)

A course covering topics relating to the Air Force and national defense, as well as purpose, structure, and career opportunities in United States Air Force. Written communications. Students should also take AERO 101 LLab. Offered: Fall only.

AERO 102 The Air Force Today II (1)

Interpersonal communications, effective listening techniques, and verbal and non-verbal communications. Practical exercises and group projects demonstrate barriers to effective communication and techniques to overcome barriers. Development and presentation of strategy, technique, and delivery of effective oral presentations. Students should also take AERO 102 LLab. Offered: Spring only.

AERO 201 Development of Air Power I (1)

Historical survey of technological innovation in warfare. Focus on the emergence of air power and its significance in war and national security policy implementation. Advanced practical application of written communications skills. Students should also take AERO 201 LLab. Offered: Fall only.

AERO 202 Development of Air Power II (1)

Leadership and followership traits in context of modern military force. Ethical standards of military officers and Air Force core values. Total quality management. Advanced application of oral communication skills. Organization, research, delivery, and audience analysis for briefings and presentations. Group communications. Students should also take AERO 202 LLab. Offered: Spring only.

AERO 300 LEAD (Leadership Evaluation and Development) (2)

Officership training and evaluation course to select potential candidates for POC. Rigorous physical training. This course is offered at Maxwell AFB, AL. Prereq: Permission of professor of aerospace studies. Offered: Summer only.

AERO 301 Air Force Leadership and Management I (3)

Selected concepts, principles, and theories of Air Force leadership and management. Individual leadership skills and personal strengths and weaknesses as applied to an Air Force environment. Students should also take AERO 301 LLab. Prereq: Completion of Leadership Evaluation and Development. Offered: Fall only.

AERO 302 Air Force Leadership and Management II (3)

Selected Air Force officer's duties and responsibilities as a subordinate leader. Responsibility and authority of an Air Force Officer. Application of listening, speaking, and writing skills in Air Force-peculiar formats and situations with accuracy, clarity, and appropriate style. Air Force officer's responsibilities in personnel counseling and feedback process. Students should also take AERO 302 LLab. Prereq: Completion of Leadership Evaluation and Development and AERO 301. Offered: Spring only.

AERO 401 National Security Policy I (3)

Basic elements of national security policy and process. Roles and missions of air power in implementing national security policy. Students should also take AERO 401 LLab. Prereq: Completion of Leadership Evaluation and Development and AERO 301 and AERO 302. Offered: Fall only.

AERO 402 National Security Policy II (3)

Contemporary roles for the military in society and current issues affecting the military profession. Comparative analysis of civil and military justice systems. Students should also take AERO 402 LLab. Prereq: Completion of Leadership Evaluation and Development and AERO 301, 302, and 401. Offered: Spring only.

Army ROTC

The Army ROTC office is located on the host campus of the University of Alabama at Birmingham (UAB). Under the partnership agreement, Samford University students are eligible to participate. Any freshman or sophomore can take the Military Science (MS) 100 and 200-level courses, but only those who contract with the Army to commission upon graduation are eligible to register for MS 300 and 400-level courses. Group Physical Fitness sessions are a requirement for all MS course levels. Contact the instructor of your course for days and times. Course credits are granted on a semester credit/hour basis. Registration for the classes should be coordinated through the student's advisor. UAB parking permits may be picked up in Samford's Office of the Registrar.

General Military Course (GMC)

These courses are open to all students regardless of qualifications for military service or intent to compete for commission. As part of the GMC, students examine the basic organization and structure of the Air Force, appreciate the historical significance of air power, and apply basic communications skills. Each course is one semester hour credit.

Professional Officer Course (POC)

Students who complete the GMC and desire to serve on active duty in the Air Force continue training in the POC. The POC is designed to provide students with advanced leadership training, a background in military history with particular attention paid to the role of air power, and a complete understanding of the national security process. The POC will prepare men and women with the skills necessary to be a leader in the United States Air Force.

Undergraduate Programs and Requirements

Core/Gen Ed Requirements

University Fellows Program

Interdisciplinary Minor

Western Intellectual Tradition

The University Fellows Program is limited to 40 students per year. Applicants must have a minimum ACT score of 28 or SAT-I score of 1310. However, successful applicants typically have a minimum ACT score of 30 or SAT-I score of 1340. Likewise, candidates should have a minimum 3.75 overall high school GPA with a strong record in core academic subjects. Preference is given to applicants who have completed rigorous coursework in high school, such as Advanced Placement and International Baccalaureate Programs, as well as students who have distinguished themselves through extracurricular academic experiences. In addition to its innovative liberal arts curriculum, the University Fellows Program offers undergraduate research support and international study opportunities (including a three-week trip to Rome during Jan Term of the sophomore year), and provides ambitious students a chance to develop close working relationships with distinguished faculty.

All students in the University Fellows Program will complete a University Fellows Core Curriculum (40 hours). Additional courses in general education are also required to provide the foundation for more specialized courses in the major. In some cases the particular course required to satisfy a general education distribution requirement is specified in the major. Students should consult the section of the catalog that describes the major under consideration to learn more about these special requirements.

To progress through and to graduate from the University Fellows Program, students should have a minimum 3.00 GPA in Samford coursework and overall. In addition, University Fellows are required to support the program at recruiting events, discussion series, and community activities. They are expected to represent the program well within the Samford community and to hold themselves to high standards of integrity in their academic and social endeavors. Students receive additional guidelines in the official University Fellows admission letter.

All University Fellows must begin the program in the fall semester of their freshman year.

For more information, see the University Fellows website www.samford.edu/fellows.

Courses

UNIVERSITY FELLOWS - CORE CURRICULUM

The Fellows Core Curriculum also includes MATH 240, UCBP 101, and UCFH 120.

MATH 240 Calculus I (4)

FYI: This course description appears in the Mathematics & Computer Science section, but has the following note:

Note for University Fellows: Satisfies the mathematics requirement for the Fellows Core Curriculum. However, some majors may require additional math courses.

UCBP 101 Biblical Perspectives (4)

FYI: This course description appears in the General Education section

UCFH 120 Concepts of Fitness and Health (2)

FYI: This course description appears in the General Education section

UFIT 250 Italy and the Western Intellectual Tradition (4)

Through on-site study at locations like the Roman Forum, the Musei Capitolini, the Uffizi, the Vatican Museum, and others, this study abroad course examines the Western Intellectual Tradition as it developed through the art, architecture, and material culture of Rome and Florence. Prereq: UFWT 201. Offered: Jan Term.

UFSI 201 Scientific Inquiry: Theories and Practices (4)

Exploration of the fundamental methodological and philosophical assumptions of scientific inquiry. Through the study of ideas and theories pioneered by Aristotle, Galileo, Newton, Darwin, Einstein and others, students will investigate the nature of the scientific method, examine unifying concepts in various scientific disciplines, and consider how changing conceptions of scientific theory and practice have affected our criteria for establishing reliable knowledge. Satisfies one natural and computational science requirement for students majoring in the following college/schools: Arts & Sciences, Business, School of the Arts; in the following department: Human Development & Family Life Education, with the understanding that they may need additional science if considering graduate school; and in the following major: ESEC. Students pursuing other majors within the School of Education should contact their academic advisor for equivalency information. Offered: Fall.

UFVI 101 The Virtues (2)

Exploration of how classical and Christian virtues are important to the cultivation of the good life. Through works by Aristotle, Plato, Cicero, Augustine, and Aquinas, students will come to a deeper understanding of the virtuous life as understood by the ancients and by Christianity. The Micah Fellows section of UFVI 101 will focus specifically on the virtue of justice in addition to the entire concept of virtue. Offered: Fall.

UFWR 101 Writing and Rhetoric (4)

Development of advanced written and oral communication skills through the exploration of a specific seminar theme. Includes critical approaches to writing and speaking, effective research methods, strategies for the use of information technology, and ethical standards of communication. Requires extensive practice in writing and revising academic papers. Offered: Fall.

UFWT 101 Western Intellectual Trad I: The Heritage of Greece & Rome (4)

First in a four-semester sequence, this interdisciplinary seminar examines the classical foundations of the Western intellectual tradition. Through the works of Homer, Plato, Aristotle, Virgil, Aurelius and others, students will explore how Greco-Roman conceptions of virtue, justice, and citizenship have influenced the development of Western values. Offered: Fall.

UFWT 102 Western Intellectual Tradition II: Christianity from Antiquity to the Renaissance (4)

Second in a four-semester sequence, this interdisciplinary seminar examines the contributions of Christianity to the Western intellectual tradition. Through the works of Augustine, Aquinas, Dante, Machiavelli and others, students will understand how Christianity engaged its Greco-Roman heritage, developed its own distinct traditions, and contributed to the rise of Renaissance humanism. Prereq: UFWT 101. Offered: Spring.

UFWT 201 Western Intellectual Tradition III: Reformation, Revolution, and Enlightenment (4)

Third in a four-semester sequence, this interdisciplinary seminar examines how revolutions in faith, science, and philosophy shaped the development of the Western intellectual tradition. Through the works of Luther, Galileo, Shakespeare, Descartes, Wollstonecraft and others, students will discover how the Reformation, the Scientific Revolution, and the Enlightenment offered new ways of thinking about the nature of authority. Satisfies the humanities requirement for students majoring in the following college/schools: Arts & Sciences, Business, School of the Arts; in the following departments: Human Development & Family Life Education, Kinesiology, Nutrition & Dietetics; and in the following majors: ESEC, pre-pharmacy (fulfills one liberal arts requirement). Students pursuing other majors within the School of Education should contact their academic advisor for equivalency information. Prereqs: UFWT 101 and UFWT 102. Offered: Fall.

UFWT 202 Western Intellectual Trad IV: The Challenge of Modernity (4)

Fourth in a four-semester sequence, this interdisciplinary seminar examines modernity's impact on the Western intellectual tradition. Through the works of Austen, Marx, Darwin, Woolf, Nietzsche, and others, students will explore how modernity has questioned the foundational assumptions of Western thought. Discussions in this course are intended to prepare students for their study of Non-Western cultures in the junior and senior year. Satisfies the social sciences requirement for students majoring in the following college/schools: Arts & Sciences, Business, School of the Arts; in the following departments: Human Development & Family Life Education (satisfies the SOCI 100 requirement only), Kinesiology, Nutrition & Dietetics; and in the following majors: ESEC, pre-pharmacy (fulfills one liberal arts requirement). Students pursuing other majors within the School of Education should contact their academic advisor for equivalency information. Prereqs: UFWT 101, 102, & 201. Offered: Spring.

University Fellows Program Degree Requirements

General Education - Distribution Requirements *** (see Gen Ed Reqs & major table for specific requirements)		crds vary
Major Requirements (see major table for requirements)		crds vary
General Electives (see major table for requirements)		crds vary
Total Required Credits		128 min

* Core curriculum requirements cannot be met through transient enrollment except in certain cases. See the University Fellows director for more information.

** All University Fellows must complete MATH 240, but certain programs may require additional math credits. See specific major/degree table for details.

*** Fellows should adhere to the general education distribution requirements for their specific major. Certain exceptions apply, as stated in the course descriptions for UFWT 201, UFWT 202, and UFSI 201.

NOTE 1: Credits for General Education Requirements, Major Requirements, and General Electives vary from program to program. See the major/degree table for specific course and credit requirements.

NOTE 2: Total Required Credits vary, depending on the program, but a minimum of 128 credits must be completed to earn the typical bachelor's degree.

UNIVERSITY FELLOWS - ELECTIVES

UFAA 450 The African American Intellectual Tradition (4)

This interdisciplinary seminar examines the African-American intellectual tradition from the early American republic to the present. Through the works of Walker, Douglass, Jacobs, DuBois, Ellison, King, Morrison and others, students will explore the unique development of an African-American tradition both within and against a larger American intellectual tradition. Prereq: UFWT 101 or instructor's permission if not a Fellows student. Offered: Fall and Spring, on rotation.

UFAF 300 The American Founding (2-4)

This interdisciplinary seminar examines the seminal texts and ideas of America's founding. Through the works of William Bradford, Anne Bradstreet, Benjamin Franklin, James Madison, James Fenimore Cooper, and others, students will explore how early American and colonial concepts of virtue, justice, and citizenship contributed to the founding of a nation. This course includes an optional study-away component, to Washington, D.C. Prereqs: UFWT 101 and UFWT 102. Offered: Spring, on rotation.

UFEB 300 Intercollegiate Ethics Bowl (0-1)

Designed for students competing on the Intercollegiate Ethics Bowl team. This course involves the study of ethics as well as the teaching of practical and analytic skills of public debate. May be repeated for a maximum of 4 credits. Grading is pass/fail. Prereq: UFWT 101 or permission of the program director. Offered: Fall and Spring.

UFEN 300 England and the Western Intellectual Tradition (2 or 4)

A study abroad course in England, this interdisciplinary seminar examines the Western Intellectual Tradition as it develops in London from the ancient Romans to the present. Through the works of Caesar, Tacitus, Augustine of Canterbury, Shakespeare, Locke, Burke, Newman, Woolf, and others, students will explore how Western conceptions of virtue, justice, and citizenship have developed in England. Prereqs: UFWT 101 and UFWT 102 and permission of the program director. Offered: Spring, on rotation.

UFET 300 Eastern Intellectual Traditions (4)

This interdisciplinary seminar examines a variety of Eastern intellectual traditions. Through works by Confucius, Lao Tzu, Nagarjuna, Mencius, and others, students will explore how different intellectual traditions have developed in a variety of Eastern cultures. Prereq: UFWT 101 and UFWT 102. Offered: Fall and Spring, on rotation.

Western Intellectual Tradition Interdisciplinary Minor

The Western Intellectual Tradition interdisciplinary minor provides University Fellows an opportunity to continue studying the various disciplines foundational to the University Fellows WIT sequence. Through courses in art history, religion, philosophy, literature, classics, political theory, and philosophy of science, University Fellows will continue the rich interdisciplinary conversation of the Western Intellectual Tradition.

Western Intellectual Tradition Interdisciplinary Minor Required Courses		Course Credits	Total Required Credits
Western Intellectual Tradition Core			16
ART 381	Ancient and Medieval Art	4	
HIST 331	Ancient Near East and Greece	4	
HIST 332	Roman Republic and Empire	4	
PHIL 301	History of Philosophy: Ancient/Medieval	4	
Western Intellectual Tradition Electives (choose two)			8
ART 382, CLAS 303, CLAS 304, ENGL 309, ENGL 340, GREK 301, LATN 304, HIST 312, HIST 314, HIST 315, HIST 316, PHIL 302, POLS 330, RELG 302, RELG 320, SCRL 450, UFEN 300, UFWT 201*, UFWT 202*			
Total Required Credits			24

*Students not counting UFWT 201 and UFWT 202 for general education social science and humanities credit may count these courses toward the minor.

UFGS 300 University Fellows Global Studies (4)

Seminar-style course that explores an issue of global concern from a multidisciplinary perspective. Primarily focused on non-Western cultures, this course builds upon the University Fellows Core Curriculum and asks students to address global challenges within the framework of intellectual history. Prereq/Co-req: UFWT 202. Offered: As needed.

UFIN 400 University Fellows Internship (0-4)

Students gain practical experience while working in a business, industry, or non-profit venue. Opportunities include any discipline to help support a student's career objectives. Course may be repeated for a maximum of 8 credits. Offered: Every semester, as needed.

UFOT 450 University Fellows Oxbridge Tutorial (2)

Small seminar (2-3 students) based on the Oxbridge tutorial method. In conjunction with a faculty member, students design a course focused on a specialized topic of mutual interest. At weekly meetings, students present papers on the assigned readings and defend their ideas in discussion with their instructor and their peers. May be repeated for a maximum of 4 credits. Prereqs: UFWT 202, as well as the approval of the program director. Offered: Every semester.

UFPR 400 University Fellows Preceptorship (2 or 4)

An opportunity for junior and senior University Fellows to serve as preceptors in first and second-year University Fellows classes. Preceptors work closely with professors to implement teaching strategies, facilitate class discussion, and provide feedback on assignments. Ideal for Fellows interested in a career in higher education. May be repeated for a maximum of 8 credits. Grading is pass/fail. Prereqs: UFWT 202, as well as the approval of the program director and the course instructor. Offered: Fall and Spring.

UFRA 400 University Fellows Research Assistantship (2)

An opportunity for junior and senior University Fellows to serve as research assistants for Samford faculty. Research assistants provide assistance to Samford professors on specific research projects in any discipline. Research agenda and workload must be approved by the director of University Fellows prior to course registration. May be repeated for a maximum of 8 credits. Grading is pass/fail. Prereq: UFWT 202. Offered: Every semester.

UFST 400 University Fellows: Special Topics (4)

Interdisciplinary seminar selected on the basis of student interest and faculty expertise. May be repeated once, but only if topic is different. Prereqs: UFWT 202, as well as the approval of the program director. Offered: Fall and Spring, on rotation.

UFWC 450 Washington Center Internship (4-8)

Through the Washington Center in Washington, D.C., students gain practical experience and course credit while working in a business, industry, or non-profit venue. Opportunities include any discipline to help support a student's career objectives. Prereq: Instructor's permission. Offered: Every semester, as needed.

Micah Fellows

Undergraduate Requirements

- All Courses Listed Below
- Service Spring Break
- International Service Experience
- Three Years of Service in the Birmingham Community (6-10 hrs/wk)

The Micah Fellows Program admits 12-15 incoming freshmen each year. Applicants must have a minimum ACT score of 26 or SAT-I score of 1260. Strong candidates will also have a 3.50 overall high school GPA. Preference is given to applicants who have completed rigorous coursework in high school alongside demonstrated interest and practice of service. In addition to cadre-style classes exploring the ideas of justice, mercy, and humility, the Micah Fellows Program places each student in an international service partnership with a Birmingham organization.

All students in the Micah Fellows Program will complete six (6) cadre-style courses on justice, mercy, and humility. In addition, they will take a Micah Fellows section of UFVI 101 (The Virtues) during the first semester of their freshman year. Co-curricularly, Micah Fellows are expected to participate in a freshman-year service immersion spring break, a summer international service experience after their junior year, and weekly service with their Birmingham volunteer placement starting their sophomore year.

All Micah Fellows must begin the program in the fall semester of their freshman year. For more information, see the Micah Fellows website: www.samford.edu/go/micah.

Courses

MICAH FELLOWS – REQUIRED COURSES

MICA 101 Readings in Justice I (0)

Interdisciplinary readings and discussion of texts covering classical and contemporary conceptions of justice. Grading is pass/fail. Prereq: Acceptance into the Micah Fellows program. Offered: Fall.

MICA 102 Readings in Justice II (0)

Interdisciplinary readings and discussion of texts covering conceptions of justice from the Enlightenment through modernity. Grading is pass/fail. Prereqs: Acceptance into the Micah Fellows program; MICA 101. Offered: Spring.

MICA 201 Readings in Mercy I (0)

Interdisciplinary readings and discussion of texts covering conceptions of mercy. Grading is pass/fail. Prereqs: Acceptance into the Micah Fellows program; MICA 102. Offered: Fall.

MICA 202 Readings in Mercy II (0)

Interdisciplinary readings and discussion of texts covering conceptions of mercy. Grading is pass/fail. Prereqs: Acceptance into the Micah Fellows program; MICA 201. Offered: Spring.

MICA 301 Readings in Humility I (0)

Interdisciplinary readings and discussion of texts covering conceptions of humility. Grading is pass/fail. Prereqs: Acceptance into the Micah Fellows program; MICA 202. Offered: Fall.

MICA 302 Readings in Humility II (0)

Interdisciplinary readings and discussion of texts covering conceptions of humility. Grading is pass/fail. Prereq: MICA 301. Offered: Spring.

MICA 350 Micah Fellows Service Internship (0-2)

Students gain practical experience while working in a nonprofit venue. Opportunities include any discipline to help support a student's career objectives. May be repeated for a maximum of 12 credits. Offered: Every semester.

UFVI 101 The Virtues (2)

Exploration of how classical and Christian virtues are important to the cultivation of the good life. Through works by Aristotle, Plato, Cicero, Augustine, and Aquinas, students will come to a deeper understanding of the virtuous life as understood by the ancients and by Christianity. The Micah Fellows section of UFVI 101 will focus specifically on the virtue of justice in addition to the entire concept of virtue. Offered: Fall.

Campus Life, Campus Facilities, and Campus Services

.....

Athletics - Intercollegiate

The mission of the Department of Athletics is to uphold the mission of Samford University within the context of a continually improving, competitive, diverse, and NCAA-certified athletics program. The athletics department is responsible for the administration and implementation of an intercollegiate sports program that competes in NCAA Division I. In the fall of 2008, Samford began its inaugural season as a member of the nation's fifth-oldest NCAA Division I collegiate athletic association, the Southern Conference. The 17 intercollegiate sports sponsored by Samford University are:

Men	Women
Basketball	Basketball
Cross-Country	Cross-Country
Golf	Golf
Indoor Track	Indoor Track
Tennis	Tennis
Track and Field	Track and Field
Baseball	Softball
Football	Soccer
	Volleyball

Scholarships

Athletics aid is awarded in all of Samford's varsity sports, primarily to student-athletes specifically recruited for that sport by the coaching staff. Students who were not recruited, but who are interested in participating in varsity sports, may contact individual coaches concerning opportunities. Coaches' contact information may be found at www.samfordsports.com.

Schedules

Schedules for all sports are distributed across campus and posted on the website at www.samfordsports.com. All times are Central. All dates and times are subject to change. Contact the Office of Sports Information at (205) 726-2799 or 2802, or visit www.samfordsports.com, to confirm schedules before making special plans.

Ticket Information/Procedures

Currently enrolled Samford students are admitted free to any Samford Athletics ticketed sporting event. Students must show their current Samford ID at the ticket window for individual events. Guest tickets may be purchased at the ticket window on game day or online at www.samfordsports.com. Ticket prices will be posted at each event.

Samford students are encouraged to support the Bulldogs on road trips as well. Ticket availability will vary depending on our opponent. Full ticket prices will be charged for away games as they are sold on consignment for opponents. Contact the athletics department concerning specific contests.

Spirit Program

Cheerleading: The main objective of Samford's Cheerleading program is to work within Samford Athletics to create an atmosphere of enthusiasm among students and fans. Samford cheerleaders represent Samford University and its athletics program through performances at athletics events as well as at campus and community events. Tryouts are held each spring.

Mascot: The mascot, Spike, appears at athletics events as well as student and community activities in order to build enthusiasm and recognition for Samford University. Spike is a visual representation of the spirit and pride of Samford University and one of its most beloved inhabitants. Tryouts are normally held in the spring.

Exact dates and times for cheerleading and mascot tryouts may be found at www.samfordsports.com or by contacting the athletics department.

Athletic Facilities

There are a variety of athletics and recreational facilities at Samford University. Seibert Stadium hosts home football games in the fall. The facility is equipped with a synthetic turf football field. Athletics facilities also include the Samford Track and Soccer Stadium across Lakeshore Drive, Joe Lee Griffin Baseball Field, the Samford Bulldog Softball Field, the Pat M. Courington Tennis Pavilion, and the Sullivan-Cooney Family Field House for football.

The Pete Hanna Center is home to the 5,000 seat Thomas E. and Marla H. Corts Arena. It is the venue for Samford volleyball and basketball, as well as for commencement and other major events. In addition, the Hanna Center is the day-to-day home of the Samford athletics department, and also features a state-of-the-art fitness center for the University community.

Availability for Student Use

Some facilities are generally available for use by students in the afternoon through the evening, except when athletic events or practices or Campus Recreation events are scheduled. A schedule of specific hours is available on the Campus Recreation website at <https://www.samford.edu/campus-recreation/>.

Student IDs are required to use all recreational facilities. Inspection of IDs will be made to ensure that only Samford University students, staff, and faculty are using the facilities. Please cooperate when asked to produce your ID card. In this way, the facilities may be kept available for your use.

Intercollegiate Athletics Administration and Staff

Director of Athletics	Martin Newton
Senior Associate Director of Business Operations	Wanda Lucas
Senior Associate Director for External Ops/Samford Sports Properties	Bo Kerr

--------------	-----------------

Campus Bookstores

The main campus bookstore is located on the first floor of the Beeson University Center. The bookstore is owned and operated by the University. Classroom textbooks, supplies, computer supplies, Samford University logo clothing, gift items, and sundries are available. The bookstore is open during the school year Monday-Thursday, from 7:45 a.m. to 6:00 p.m.; on Friday, from 7:45 a.m. to 4:30 p.m.; and on Saturday from 10:00 a.m. to 3:00 p.m.

Campus Recreation

The mission of the Department of Campus Recreation at Samford University is to provide recreational programs and outdoor adventure activities that will enhance the social, spiritual, emotional, intellectual, physical, and vocational needs of students, faculty, staff, and their spouses in an environment of Christian values. Campus Recreation strives to promote learning, fun, friendship, leadership development, and sportsmanship in a Christian environment by offering quality competitive and noncompetitive activities, employment opportunities, and equipment rental. Campus Recreation employs students as facility supervisors, office assistants, intramural sports officials, fitness instructors, Alpine Tower and Carolina Climbing Wall facilitators, lifeguards, and weight room monitors. There are also opportunities for advancement within the department.

Seibert Gym and Bashinsky Field House

Housed in these facilities are three wooden basketball courts, four racquetball courts, a game room with two pool tables and two ping-pong tables, indoor walking track, dance studio, indoor pool and locker facilities. A current Samford University ID card is required for access to all areas.

Pete Hanna Fitness Center

The fitness center is located on the upper level of the West side of the Pete Hanna Center. This state-of-the-art facility has eight treadmills, eight ellipticals, and four Lifecycles bikes, all with their own personal televisions. Also in the cardio room are several Signature Series Strength Machines. The center also features a free-weight room equipped with Hammer Strength equipment. The fitness center is open to all current students, faculty, and staff members at Samford University.

Intramural Sports

The intramural sports program offers many different activities for all levels of ability. Current offerings are basketball, 3 on 3 basketball tournament, billiards, bubble soccer, dodgeball, flag football, soccer, softball, spikeball, table tennis, tennis, ultimate Frisbee, volleyball, and 4 on 4 volleyball. There are opportunities for participation in state, regional, and national competitions as well.

Fitness Programs

Classes are offered Monday through Thursday to students, faculty, staff, and spouses for no charge. Hula hoop, kickboxing, jazzercise, spin, step, and Zumba are offered for any level of participant. Varied combinations are utilized to challenge every participant.

Alpine Tower and Carolina Climbing Wall

The Alpine Tower creates challenges and group problem-solving events suitable for any group. The tower is a 50-foot high structure, offering over 30 different climbing routes with varying degrees of difficulty. The tower provides an effective method of fostering leadership development, teamwork, trust, communication, and cooperation among a group of participants. The Carolina Climbing Wall is a 50-foot high structure with windows that allows social climbing on both sides of the wall. Whether a first-time or a seasoned rock climber, there is a route marked for everyone.

Sport Clubs

Sport Clubs are student-founded and student-led with the director of campus recreation serving as advisor. Clubs include Rugby, Women's Ultimate, Swimming, Soccer, Bass Fishing, Men's Ultimate, Men's Lacrosse, Women's Lacrosse, and Samford Crew.

For more information on all programs, check out the Campus Recreation website at <https://www.samford.edu/campus-recreation/>.

Career Development Center

The Career Development Center (CDC) is designed to help current students and Samford graduates with a variety of career and job search activities. Counselors are available to assist students through every step of the career development process. From identifying and evaluating areas of interest to choosing majors, writing résumés, preparing for interviews, and making decisions about graduate school, the CDC is well-equipped for assisting students and alumni with their career needs.

The CDC also acts as a connecting link between students and employers for part-time, summer, internship, and full-time positions. Throughout the semester the CDC sponsors on-campus recruiting activities, including information tables, on-campus interviews, industry speakers, targeted career fairs, and more. In addition, students can access jobs listings through the online job posting system, www.hiresamford.com. CDC services are provided free of charge to current Samford students and alumni.

Clubs/Organizations

Samford University students are encouraged to select from the more than 100 student organizations to enhance their co-curricular and curricular experience. The Office of Student Leadership and Involvement provides support, leadership training, and resources to student organizations. Students can find a complete list of student organizations at www.samford.edu/leadership.

Greek Organizations

Greek Life at Samford is like no other community. Sororities and fraternities at Samford are purposeful—we serve our community and give to righteous causes because that's what Samford is about. We are faithful—we live out our faith through fellowship and everyday grace. And we are real—we support each other's journeys through college and life. As members of fraternities and sororities we take lifelong oaths to care for each other and the world around us. We are purposeful. We are faithful. We are real. We are Samford Greeks.

The Office of Greek Life supports the 15 active fraternity and sorority chapters, three governing councils, and two honor societies currently at Samford University. The Office of Greek Life is committed to a quality fraternal experience encompassing service, leadership, scholarship, and personal development within a Christian values collegiate community.

Each year the Office of Greek Life hosts several events such as educational programming, leadership development, officer training such as community-wide round tables, guest speakers, and the annual Greek Awards program.

Interfraternity Council

The IFC represents five chapters on campus, which are Alpha Tau Omega, Lambda Chi Alpha, Pi Kappa Phi, Sigma Chi, and Sigma Nu. These five fraternities at Samford exist under the umbrella trade organization of the North American Interfraternity Conference.

National Pan-Hellenic Council

The NPHC currently has three of the divine nine fraternities and sororities: Alpha Phi Alpha Fraternity, Inc., Alpha Kappa Alpha Sorority, Inc., and Delta Sigma Theta Sorority, Inc. These three organizations were founded on African-American culture and have a rich history dating back to the early 1900s.

Panhellenic Council

College Panhellenic is made up of six National Panhellenic Conference sororities: Alpha Delta Pi, Alpha Omicron Pi, Chi Omega, Delta Delta Delta, Phi Mu, and Zeta Tau Alpha. Delta Xi Phi, Multicultural Sorority, Inc., is an associate member of the council.

Visit www.samford.edu/greeklife for more information regarding the Samford Greek community.

Counseling Services

Counseling Services works to provide comprehensive services to students and members of the Samford community, in a safe, caring, and confidential environment. The counseling staff is committed to meeting the needs of individuals from diverse backgrounds by helping them lead effective, empowered, and healthy lives. Counseling Services offers counseling to students coping with educational, personal, and/or interpersonal issues. The counseling staff helps students adjust to a university environment and to realize their worth and potential. Services include evaluative psychotherapy in individual and/or group settings, referral for long-term personal counseling, couples counseling, study skills help, educational programs, workshops, and lectures.

Counseling Services is located in Seibert Hall. For more information, or to make an appointment, please call 726-2065.

Dining Services

More than just a dining room, the Beeson University Center Cafeteria is a central place in the social life of the University. It is an excellent place for both resident students and commuters to meet new friends and share campus experiences.

All students living in the residence halls are required to purchase a meal plan. All entering freshmen and first year resident students are required to purchase the 19 meal plan. Sophomores may purchase either the 12 or 19 meal plan. Students who have successfully completed 64 credit hours may purchase either the 7, 12, or 19 meal plan.

The Food Court, located on the ground floor of the Beeson University Center, features fast-food services. Each meal plan includes a \$130 credit toward purchases in the Food Court and Cafeteria. Commuting students may deposit money to their student ID card which may be used for purchases in the Food Court and Cafeteria, or pay cash for meals at either location.

Disability Resources

In compliance with the American with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, Disability Resources works to ensure that all aspects of a Samford education and campus life are accessible for students with disabilities. Applicants and students with disabilities are encouraged to learn more about accommodations and the process for registering with Disability Resources by visiting our website: www.samford.edu/dr. Students who wish to request accommodations should contact Disability Resources by calling 205-726-4078, e-mailing disability@samford.edu, or visiting us in the University Center, Room 205.

The HUB

Located in the Beeson University Center, the HUB is the 24/7 service center for campus and a storehouse of information concerning the University and Birmingham activities, etc. The HUB is staffed 24 hours per day, seven days per week in order to service the varied needs of the students and the University community. Some of its services include bicycle rentals, and processing after-hours maintenance requests. The number for the HUB is (205) 726-2407.

Libraries

Samford offers a wealth of library resources featuring extensive print and electronic collections, as well as multimedia resources that include microfilm, music scores, and audio and video recordings. The online catalog and other electronic resources are available to students 24/7 via the Internet. Other libraries in the Birmingham area cooperate with Samford on a reciprocal basis, increasing the variety of resources directly available to the Samford community.

Samford University Library

The Samford University Library is the primary library for all students, faculty, and staff. In addition to books, e-books, periodicals, unique collections, and electronic resources, the library houses a large government documents collection—serving as an official repository. The Special Collection houses outstanding research materials with particular strengths in Alabama history, Baptist records, and Samford University Archives. Individualized and group instruction in the use of library resources is provided on a regular basis by librarians.

A computer laboratory, computer classroom, individual and group study rooms, multimedia viewing and listening rooms, meeting rooms with advanced presentation capabilities, and a patron-lounge area are available for patron use. The Alfa Presentation Practice Room on the Library's second floor allows students to practice and record presentations individually or as a group.

Einstein Bros Bagels, on the library's first floor, offers the perfect spot for refreshment, studying, and meeting with friends and classmates.

The University Library is home to the Marla Haas Corts Missionary Biography Collection, the Alabama Men's Hall of Fame, and the Hellenic Scholars' Library.

Lucille Stewart Beeson Law Library

The Lucille Stewart Beeson Law Library provides extensive legal research and study materials for the Cumberland School of Law and the rest of the Samford community. The library contains 13 conference rooms, 474 study spaces, large carrels with electrical and data connections, and more than 30 computers. Online access to current legal information is provided through computer-assisted legal research systems. The book collection contains more than 212,000 volumes, and the microform and audiovisual room provides access to the microfiche equivalent of more than 126,000 volumes.

Drug Information Center

The Drug Information Center is located in the McWhorter School of Pharmacy and serves as a resource center, a drug advisory source for practitioners, and an information retrieval center for students, faculty, and practitioners. In addition to a variety of journals, books and other printed materials, major pharmaceutical and medical databases and many electronic reference materials are available.

Curriculum Materials and Technology Center

The Curriculum Materials and Technology Center is located on the third floor of the Orlean Beeson School of Education. Its primary function is to provide current resources, media, and services to the School of Education students, faculty, and staff as they design and utilize instructional materials for the P-12 classroom. Resources include an Education Library, a Make-and-Take Lab for the creation of curriculum materials, and an Instructional Technology Lab, which consists of computers and instructional software to facilitate learning in the field of education. The center is staffed to provide technical services and assistance to teacher education students as required by the National Council for Accreditation of Teacher Education.

Global Center

The Global Center, located in the Beeson School of Divinity, features interactive resources that include world population and demographic databases as well as foreign language news broadcasts that assist students as they prepare for service throughout the world. (See Beeson School of Divinity in this catalog for more information.)

Music

The Division of Music in the School of the Arts offers a variety of opportunities for students to participate in vocal and instrumental ensembles. These courses are open to music majors and non-music majors.

VOCAL:

University Chorale – MUSC 1720: Performs a cross-section of quality literature in major concerts and University events each year. No audition is required.

A Cappella Choir – MUSC 1721: Performs both regionally and internationally, as well as for important University functions throughout the year. Auditions for membership in the A Cappella Choir are held before July 1.

Samford Opera – MUSC 1723: Performs one mainstage production of opera or operetta each year. Auditions for fall productions are typically held the previous spring. All majors are welcome.

Opera Workshop – MUSC 1724: Performs scenes from opera and musical theatre each semester. No audition necessary for music or musical theatre majors. Students with other majors are welcome but will need to audition.

INSTRUMENTAL:

Wind Ensemble – MUSC 1730: Performs wind band literature as the premier concert band for the University. Admission by audition or consent of director.

Orchestra – MUSC 1731: Performs standard orchestral literature, operas, oratorios, concerti, and musical theatre shows. Admission by audition only.

Marching Band – MUSC 1739: Performs at home football games, one away game, and a high school marching exhibition in the fall. Membership is open to all with previous band experience; marching experience is not necessary. Non-music majors interested in band scholarships must audition by December 15 for priority consideration for awards.

CHAMBER:

Bells of Buchanan – MUSC 1732: Performs original compositions, transcriptions, and arrangements on six-octaves of handbells. Auditions for 13 ringers are held each August.

Jazz Ensemble – MUSC 1732: Performs big band and small combo literature from various jazz styles. The performance season includes featured concerts that take place both on and off campus. Admission is by audition or recommendation of the director.

Percussion Ensemble and Samford Steel – MUSC 1732: Performs a wide range of works on various percussion instruments. Members must have considerable skill on percussion instruments ranging from drums and timpani to mallet instruments and some ethnic percussion. Members will also perform on steel drums, but prior experience on these instruments is not required for membership. Membership is by audition.

Post Office

The post office is located on the first floor of the Beeson University Center, adjacent to the Food Court. All U.S. mail services are provided here, including registered, certified, and insured mail, stamps and postal money orders, and Express Mail Next-Day Service. An inter-office campus service is available for mail to students, faculty, and staff free of charge.

All undergraduate students are assigned a campus post office box. This box serves as the official local address for undergraduate students. Graduate students are not assigned a box. Students who are not enrolled at the University or are studying at the Daniel House London Study Centre during Jan Term or summer terms must provide the post office with a forwarding address.

Public Safety and Emergency Management

Information about Public Safety

Samford University maintains a Department of Public Safety (SDPS) as a proprietary function of the University with jurisdiction to enforce the rules and regulations of the University on University property. SDPS is staffed 24 hours a day to provide immediate availability for emergency response, performance of security patrols, monitoring of people on campus and providing other services relevant to the campus community. Members of the department maintain a close working relationship with local, state and federal law enforcement authorities and other emergency service agencies on matters related to the safety and security of the campus. Any incidents involving suspected criminal activity or violations of University rules and regulations related to the safety and security of people or property should be reported to SDPS. The department maintains records of reported incidents that have occurred on campus. Such statistical data is available for examination. Statistical data is also maintained on crimes that occur off campus for events that are facilitated by a recognized University organization and such events are authorized or sponsored by the University.

Important and Emergency Telephone Numbers

Public Safety (205) 726-2020
City of Homewood Police (205) 879-2101
City of Homewood Fire (205) 879-4701
Emergency/Crisis 911

Campus Relations

SDPS's primary objectives are protecting life and property, maintaining an efficient parking and traffic system, preventing crime and being of general service to the University community. SDPS provides continuous 24 hour a day, year-round law enforcement and security services to the University.

Campus Communications

Patrol and dispatch services are provided 24 hours a day, with immediate access to municipal emergency services. SDPS's radio communications cover telephones

and two-way radios on a 24-hour basis to give information, respond to emergencies and contact other agencies. Officers and dispatchers can immediately contact the City of Homewood's Fire Department, Emergency Medical Service, and Police Department by SDPS's radio system. SDPS monitors the National Weather Service radio network. A campuswide alerting system notifies the campus community of threatening weather conditions. Blue-light emergency phones are located around campus. When the emergency phone is activated, the Department of Public Safety dispatcher is automatically alerted, and an officer is sent to the location of the telephone. No dialing is required.

Campus Services

SDPS is a general service unit for the campus community. The department's services include but are not limited to:

24 Hour Emergency Response: In an effort to provide the best possible emergency services to Samford's community, SDPS maintains a close relationship with the City of Homewood Police and Fire Department. Public Safety officers have the shortest response time to any location on campus and are the first responders to incidents on campus. If police, fire or emergency medical services are needed, Public Safety Officers will direct the appropriate service units to the exact location of an incident on campus.

Law Enforcement Service: Sworn Public Safety officers have full arrest authority and are charged with enforcing the laws and ordinances of the State of Alabama and the City of Homewood. Officers conduct investigations into and document all crimes and offenses committed on Samford University property. Safety/security officers are not sworn officers but are charged with enforcing the rules and regulations of the University.

Security Patrols: SDPS continuously patrols the campus with patrol vehicles and foot patrol. The department maintains three vehicles for patrol and escort services. Officers often patrol the campus by walking through the quad and residential life areas.

Traffic Control and Parking Enforcement at Samford University: The Public Safety Department enforces rules and regulations relating to the operation of motor vehicles on campus. All the rules of the road from the city, county, and state, as well as directive signs and instructions by officers directing traffic, are to be observed on campus. The Public Safety Department documents and investigates all traffic accidents occurring on campus.

Nighttime Campus Access Control Gate: At 10:00 PM nightly, the main gate onto campus is closed and all access on and off campus is made at the southwest gate. An officer is posted at the gate entrance from 10:00 PM to 6:00 AM to monitor person(s) arriving on or departing from campus. Faculty and staff are issued a campus decal for their windshield that allows access onto campus. All other visitors must show proper identification to gain access onto campus.

Escort Service: Public Safety provides security escorts for all students, faculty and staff. Call the Public Safety office at (205) 726-2020, and an officer will be dispatched to assist you to your vehicle, resident hall, office, or escort you to any safe destination on campus.

Unlocking Vehicles: In most cases, when someone locks their keys inside their vehicle, Public Safety officers will use a door-unlocking device to open their vehicle for them. For safety reasons, the department will not attempt to unlock a vehicle equipped with side-impact air bags. If Public Safety cannot unlock your vehicle, there are several locksmiths in the area that we can contact to assist you.

Jump-Starting Batteries: Public Safety officers will jump-start your vehicle's battery to assist in starting your battery. The department can also assist in contacting a service center or towing service.

Facility Security: The Public Safety Department will respond to all reports of fire alarms and safety hazards. Administrative and academic buildings are secured as soon as possible after the offices close or, in the case of a classroom building, after the last class of the day. Through routine patrols, Public Safety officers make regular checks of each building to ensure that the buildings remain secure until scheduled opening time. The Department of Public Safety issues Samford ID cards to all faculty and staff of the University.

Do not hesitate to call us if we can assist you. You can visit our website for further information at <http://www.samford.edu/publicsafety/>.

Publications

Magazine—*Sojourn*

Sojourn is a literary and visual arts magazine focused on highlighting the artistic expressions of students, faculty, and staff at Samford. Published once each year, students edit and compile each issue with assistance from outside professionals, as well as faculty advisors.

Newsletter—*The Belltower*

The Belltower is a weekly electronic newsletter that includes campus announcements and other news of interest to students, employees, alumni, and friends of the university.

Newspaper—*The Samford Crimson*

The Samford Crimson is a student-run, campuswide newspaper. With a circulation of 3,000, it is available free to all full-time, undergraduate students and is distributed at key locations on campus. Published weekly, *The Samford Crimson* offers excellent opportunities to all undergraduates, regardless of major or experience, who are interested in writing, reporting, editing, as well as in photography and layout/design in the areas of news, sports, commentary, and arts and entertainment. The paper's advertising department, also run by students, caters to those more interested in the business side of *The Samford Crimson* and is also open to all students regardless of major or experience. Any student may compete for salaried staff positions.

Yearbook—*Entre Nous*

Entre Nous is Samford's student yearbook, available free-of-charge to all full-time undergraduate day students. The paid *Entre Nous* staff is comprised primarily of students involved in the study of journalism, graphic design, and photography, although staff positions are available to any student. The publication provides an excellent opportunity for students to build a portfolio and gain professional publishing experience.

Radio Station

Serving a major portion of the Birmingham metropolitan area, Samford University's WVSU/FM-91.1 provides an unduplicated format of smooth jazz in a city that has a long history of great jazz artists. The appeal of the format to the community allows Samford to promote University events from theatre to orchestra, special programs to sports. WVSU is the flagship station for Samford athletics broadcasts. The station's mass appeal provides an excellent outlet for heightened awareness of the University.

Residence Life

Living on campus in Samford residence halls provides the student an opportunity to develop human relations and leadership skills through community living. Staff in each hall assists students in creating an environment conducive to study, in planning programs and social events, and by serving as peer advisors and resources.

Residence facilities are grouped in four areas: Central Campus, West Campus, West Village, and Beeson Woods. Freshmen are primarily housed in the Central Campus facilities: Vail Hall, Pittman Hall, and Smith Hall.

Rooms are furnished with beds, desks, chairs, chests, and blinds. Students may wish to add approved appliances and decorations. It is recommended this be done in communication with their roommate prior to or after arrival on campus. (Information regarding appliances that students are permitted to have in their rooms will be sent with the notice of room assignment.) Wireless Internet is available in all residence halls. Most rooms also provide students with personal telephone lines and computer portals. (See Student Telephone Service in the Financial Information section of this catalog.) Each room is equipped with a cable TV connection.

Students provide their own bed linens, pillows, wastepaper baskets, and cleaning supplies. Students are responsible for cleaning their own rooms and private/suite bathrooms. Some room personalization is permitted, but students are encouraged to receive the permission of the residence life coordinator and/or residence manager prior to doing so.

The University does not assume responsibility for loss or damage to personal property. Students are urged to consider personal insurance for valuable property they bring to the residence hall.

Residence halls are closed on designated University recesses and holidays including Christmas Break. Students may leave their personal belongings in their rooms but may not remain on campus during these times.

All students living in the residence halls are required to purchase a meal plan.

Residence Hall Regulations

The University seeks to foster a spirit of community, benefiting from the full participation of each campus citizen. The student and the community are best served when the student is available to be involved in campus activities. Experience confirms that students who reside on campus are more likely to be fully engaged in their educational experiences, more likely to establish strong interpersonal relationships, and more likely to learn from group and interpersonal interaction.

To maximize the totality of the undergraduate experience, it is recommended that students live on campus until the completion of the bachelor's degree. Unmarried undergraduate day students under age 21 are **required** to live on campus unless they live at home with a parent or guardian.

When a student is assigned a room, the housing contract represents a lease for the academic year. The University commits to provide a room, and the student commits to reside on campus through the following spring term unless the student graduates, withdraws from the University or gets married. Students may not move off campus for any other reasons between fall and spring terms. **A substantial penalty is imposed if residents break their lease agreement. A schedule of fees is listed in the housing contract.**

Students who are 20 years old, have lived on campus for four semesters, are beginning their fifth semester (typically their junior year), have a minimum 2.50 cumulative grade point average, and are in good standing with the University, may petition the Office of Residence Life to live off-campus.

Students with senior status may live off campus without petition. Undergraduate students 22 years old and graduate students are assigned University housing on a space-available basis after undergraduates are assigned.

During the summer and Jan terms, housing is limited to students enrolled at Samford University during the term, or to students required to be in residence to participate in University-approved activities. During fall and spring semesters, housing is limited to full-time students or to special needs part-time students. On campus housing is not available to students over 24 years of age, without permission from the vice president of Student Affairs and Enrollment Management.

Standards of conduct and expectations of resident students are outlined in this catalog, the housing contract, and in more detail in the *Student Handbook*. Students and parents should become familiar with these guidelines and the University disciplinary procedure prior to moving into campus housing. Samford University's residence halls have been declared smoke-free environments. Smoking is not allowed in any part of the residence hall facility, including the students' rooms. Students may not keep pets in their room, other than small fish in tanks no larger than ten gallons.

Students are expected to show good stewardship of their rooms and furnishings, and to abide by University policies regarding their housing. A system of fees is established for damage to facilities and failure to follow standard procedures for room change. If imposed, these will be placed on the student's account. (See Residence Hall Special Fees and Fines in the Financial Information section of this catalog.)

Samford does not have an open-visitation policy. Guests of the opposite sex are not permitted in student rooms at any time except for specific hours on days that may be designated and approved by the Office of Residence Life. Students may have overnight guests of the same gender with advance approval of the residence manager of their hall.

Community Standards Council (CSC)

The mission of the Community Standards Council (CSC) is to foster and maintain a peaceful and purposeful community within the residence halls. The goal includes educating students in responsibilities and opportunities for community living. The CSC will monitor rule infractions stipulated by the Residence Life Housing Agreement and the *Student Handbook*. The council consists of seven students.

Samford Information Television Channel

Television channel 36 is the Samford Information Channel. Information regarding the following can be found on this channel: campus events, convocation schedule, sporting events, computer lab hours, library hours, food service hours, athletic facilities hours, weekly weather forecast, inclement weather announcements, and emergency announcements.

Samford Sunday

The purpose of Samford Sunday is to train students in the ministries of preaching. Students can sign up on a week-to-week basis to preach in local Baptist churches across Alabama. This unique ministry is more than 60 years old, and it serves as a vital link between Samford and Alabama Baptist churches.

Samford University Printing

Students are welcome to use the services of the University's digital print facility. Located in Room 112 of Brooks Hall, it is equipped with high volume color printers/copiers and equipment to meet any printing requirement. The staff can help students with copies, banners, booklets, and posters, without having to leave campus, and at a competitive price. Samford Printing can only accept payment with a Bulldog Bucks account. Hours are 8:00 a.m. to 6:30 p.m., Monday through Thursday, and 8:00 a.m. to 4:30 on Friday. Their phone number is 726-2830 and e-mail is print@samford.edu

Office of Spiritual Life

Faith development is an important part of the Christian mission of Samford University. As a student at Samford, you will have the opportunity to develop a mature faith of your own, building on the beliefs you bring here.

The Office of Spiritual Life exists to encourage and equip persons to deepen spiritual maturity, sharpen theological integrity, clarify vocational identity, and embrace missional responsibility. Students will have many opportunities to engage in vibrant worship, experience authentic community and embrace Christian mission. Some of those opportunities are as follows:

Campus Worship: Gather together with the campus community in Reid Chapel every Tuesday and Thursday at 10:00am for a time of worship, prayer, encouragement and challenge.

Samford Home Groups: Join one of these weekly meetings hosted in the home of a Samford faculty or staff member and led by a fellow student. Group members will share a meal together, study Scripture, offer prayers and build relationships for the sake of knowing Christ more clearly and walking with Him more closely.

Cadres: These small groups are led by faculty, staff and students for the purpose of theological discussion and spiritual formation.

Retreats: Several retreats will be offered throughout the year intended to create space in the lives of students for the purpose of reflection, rest, and resolve in the serious call to a life of discipleship.

Missions: Take advantage of the resources and opportunities to be a part of God's work in the world. Participating in missions expands your worldview, puts your faith into practice, and grows your understanding of yourself and of God.

Leadership Opportunities: Students desiring to work with the Office of Spiritual Life on campus can apply to serve as a Samford Home Group Facilitator, Spiritual Life Assistant, Campus Worship Band member, Cadre Leader, or Spiritual Life Intern.

Convocation

The purpose of Convocation is to nurture students in faith, learning, and values from a distinctly Christian perspective. Students are made aware of the Christian worldview and are encouraged to develop sympathy with the Christian mission in the world. Students are provided with opportunities to grow toward spiritual maturity. Convocation events help to cultivate the climate within which transcendent and teachable moments can occur in both formal and informal contexts at Samford.

Convocation offers nurture on an individual level, a corporate level, and a confessional level. First, Convocation provides activities that challenge persons to grow toward Christian maturity. Second, Convocation encourages persons to contribute to the Christian ethos of the University community. Third, Convocation is a formal means by which we—the University—can be who we say we are: a community committed to faith, learning, and values rooted in a Christian worldview.

Convocation programs allow students to satisfy the Convocation requirement for graduation. Incoming freshmen must complete 60 credits to graduate, 30

credits by the end of their sophomore year. Transfer students have their Convocation requirement prorated based on the credits they transfer to Samford from another institution. For more information about Convocation requirements, visit the Office of Spiritual Life website at www.samford.edu/osl.

Student Affairs and Enrollment Management

Student Affairs and Enrollment Management seeks to attract students expecting to enrich their collegiate experience through life-changing educational opportunities and quality University services. We seek to integrate living, learning, and faith to prepare students for a life of Christian service, leadership, and thoughtful engagement throughout the world. Samford's mission incorporates the life of the mind, emotional balance, physical health, and most importantly, spiritual growth and transformation. Our goal is to recruit and retain student leaders, meet the social, physical, financial, and spiritual needs of those students, and assist them in developing unique talents, abilities, and personal goals for a life of world-changing impact.

Code of Values

Preamble: We as the Samford community affirm the value of a peaceful and purposeful community, founded on the moral and ethical integrity of students and faculty. We commit ourselves to the Christian values on which Samford University was founded. We expect that our commitment to mutual responsibility and a spirit of cooperation will create a community that is orderly, caring, and just.

Worth of the Individual: We value the intrinsic worth of every individual in the community. Our respect for other individuals includes an appreciation of cultural backgrounds different from our own, an understanding of different attitudes and opinions, and an awareness of the consequences of our actions on the broader community.

Self-Discipline: We value personal responsibility and recognize the individual's needs for physical, intellectual, spiritual, social, and emotional wholeness. We value the full development of every student in terms of a confident and constructive self-image, of a commitment to self-discipline, and of a responsible self-expression.

Integrity: We value a campus community that encourages personal growth and academic development in an atmosphere of positive Christian influence. We affirm the necessity of academic standards of conduct that allow students and faculty to live and study together. We value the fair and efficient administration of these standards of conduct.

Respect for Property and the Environment: We value the rights and privileges of owning and using property, both personal and university, and the benefits of preservation and maintenance of property and of our natural resources. In our stewardship of property, we recognize the accountability of our actions to the future of the Samford community.

Respect for Community Authority: We value our privileges and responsibilities as members of the university community and as citizens of the community beyond the campus. We value the community standards of conduct expressed in our system of laws and value the fair administration of those laws, including university, municipal, state, and federal laws.

Allegiance to these values obligates the Samford University student to refrain from and discourages behaviors that threaten the freedom and respect every individual deserves.

Student Government Association

The Student Government Association (SGA) represents and promotes student interest in the decision-making process of Samford University by cultivating and maintaining leadership among students. The SGA also develops, coordinates, and executes activities and services for the benefit of the students.

The Student Government Association is organized into five branches that provide a wide range of opportunities for student involvement. Each one of the branches is presided over by a member of the Student Executive Board (SEB). The executive branch is made up of the SEB, the Presidential Advisory Council, and the Multicultural Affairs Committee. The legislative branch is the Senate, which appropriates money to student organizations and serves as the voice of the student body. The judicial branch consists of the Student Judiciary Council, which reviews parking appeals and violations of the Samford Code of Values. The development branch consists of Freshman Forum, an interactive leadership seminar for first-

year students, and undergraduate Class Officers. The events branch is comprised of the Student Activities Council (SAC), which plans and executes most campuswide events and traditions: Welcome Back Week, Homecoming, Lighting of the Way, Summer Send Off, and Harry's Coffeehouse.

Traditions

Connections: Held the Friday-Sunday before classes begin, Connections is the new student welcome weekend. A variety of activities are held ranging from dinner out in Birmingham and a dance party to campus worship.

Welcome Back Week: Beginning on the Sunday before the first day of classes, Welcome Back Week activities provide opportunities for students to meet new friends and reunite with old ones. The week kicks off with "Dinner on the Dirt" and a concert and vendor fair, called "Your School, Your City," and continues through the first week of school.

Homecoming: Homecoming is a celebration of Samford traditions and includes a bi-annual bonfire and pep rally, Homecoming Board decorating competition, tailgating, and football game. The Homecoming Court, which is selected by the student body, is presented at the Homecoming football game. A new tradition, the Homecoming Ball, is held bi-annually. The Student Activities Council works with the Office of Student Activities and Events and the Office of Alumni Relations to produce this event.

Lighting of the Way: One of Samford's favorite holiday traditions, this event includes the lighting of the Christmas tree at Centennial Walk, a concert, and a reading of *The Christmas Story*.

Summer Send Off: During the last week of classes, this three-day event brings students together through a variety of fun-filled activities to encourage everyone before exams begin.

Harry's Coffeehouse: Held on various Thursday nights throughout the semester, SGA presents a variety of musical artists in Harry's Coffeehouse. Artists range from talented Samford students to popular musicians.

Family Weekend: This event is a family reunion held early in the fall semester. Students introduce their parents and relatives to their friends, faculty, and organizations, as well as enjoy quality family entertainment. The Office of Parent Programs produces this event.

Step Sing: A tradition since 1951, Samford students participate in a song and dance competition, planned, produced, and performed by students. Step Sing is both a major event with over 900 student performers and a philanthropic endeavor supporting a student-selected agency each year.

Technology Services and Resources

Campus Portal Services

All members of the Samford University community have access to a variety of computing resources. A campus Portal via the Internet is the entry point from which all members of the campus community can access academic resources, administrative services, community information, e-mail, and other important services, from anywhere. Some of the administrative resources available to Samford students are: grades, class schedules, and account information. Upon admission to Samford University, students may go to the Samford home page and log into the Campus Portal using the username and password provided by Technology Services through <https://pwchange.samford.edu/newuser>.

Technology Assistance

Technology assistance is available from the Technology Services Service Desk, which is located in Room 012 of the Harwell G. Davis Library. You can reach the Service Desk by phone, 24 hours a day, seven days a week at (205) 726-2662. You may also send a request to support@samford.edu. For hands-on assistance, Service Desk technicians are available Monday through Friday from 7:00 a.m. to 5:00 p.m. The computing resources and assistance described here are all free of charge to Samford University students, faculty, and staff.

Technology Laboratories

General access computer laboratories are available to every student, except during times when one or more of the labs are scheduled for classes. Several academic departments or schools also have computing labs that support their specialized needs. The general access laboratories offer a substantial suite of software to assist with word processing, page layout, presentation preparation, and statistical analysis. Each computer in the general access computing labs is connected to the campus network, which is connected to the Internet. This gives every Samford student access to the World Wide Web and other networked resources. For more information about laboratory resources, hours, and availability, see the computer lab page at <http://www.samford.edu/labs>.

Library Resources

The online catalog for the Samford Library and several additional library-related resources are available via the campus network. Samford is an active participant in the Network of Alabama Academic Libraries and other consortia that enhance the resources available to the Samford community. For more information about library resources, see the Library web page at <http://library.samford.edu/>.

Network Access

Samford University offers wireless network access across the campus, including residence halls and outdoor spaces. This service provides students and employees the convenience and flexibility of using portable devices. Nonresident students may access campus computing resources through an Internet service provider. For further information regarding network connections, contact the Service Desk at (205) 726-2662, send an e-mail to support@samford.edu, or consult the Technology Services website at www.samford.edu/wireless.

Student-Owned and On-Campus Computers

While Samford strives to maintain the best available computer laboratories, students may wish to bring a personal computer, and this is encouraged. Samford does not sell computers, but some computer companies offer direct discounts to Samford students. More information about these discount programs and about minimum specifications for student-owned computers is available from the Technology Services website at www.samford.edu/ts or by contacting the Service Desk at (205) 726-2662, or by sending an e-mail to support@samford.edu.

Microsoft Office 365 for Students

Through Samford's Microsoft Campus Agreement, Office 365 is available to students at no charge. Office 365 includes the latest version of Microsoft Office desktop client, as well as the web version of Office accessible from anywhere you have a connection to the Internet. You may install Office on up to five personal computers in addition to mobile devices such as tablets or smartphones. Office 365 also includes 1 TB of cloud storage with "OneDrive" to store documents, pictures and other files, which can be synchronized to all your devices with the "OneDrive synch" tool. You may also connect your "bulldogmail" (Gmail) account to the Outlook desktop client. To sign up for Office 365, open a web browser to <http://office.com/getoffice365>. For assistance, contact the Service Desk at (205) 726-2662 or via email at support@samford.edu.

Further Information via the Internet

For more information about technology resources at Samford University, see the Technology Services web page at www.samford.edu/ts.

Theatre

The Samford University Theatre (SUT) offers opportunities for students to be involved in stage productions, backstage and in the audience. Auditions are open for four main stage productions each year, and students have the opportunity to create workshop and experimental plays in a Second Season series. SUT ambitiously tackles plays from every major period in a wide variety of styles, while being dedicated to quality training in a Christian environment.

Transportation Services

Automobiles on Campus

Students are permitted to have a motor vehicle on campus. A student wishing to maintain a motor vehicle on campus must register the vehicle with Department of Transportation Services, pay a registration fee, properly display the parking permit, and comply with appropriate traffic/parking regulations. Failure to comply with vehicle registration requirements, parking regulations, and traffic regulations may subject the vehicle operator to fines, forfeiture of the privilege of operating a vehicle on campus, and disciplinary action.

For more information, visit the Transportation Services department website: www.samford.edu/departments/transportation.

University Health Services

University Health Services (UHS) provides outpatient health-care services to students attending the University. Staffed by a part-time physician and full-time physician assistant, the clinic provides primary medical care services, including acute care for illness and injuries, health maintenance, and management of stable, chronic conditions. Located on the east side of F. Page Seibert Hall, the clinic is equipped with radiology and an on-site CLIA certified lab. Hours of operation are Monday through Friday from 8:00 a.m.-4:30 p.m.

Payment for Services

Payment is expected upon provision of service and may be made by Visa or MasterCard. Co-pays can also be posted to the student's e-bill through the Bursar's office. As a courtesy, we will bill a primary and secondary insurance company when an assignment of benefits is received. The patient is responsible for any balances not paid by insurance carriers. Questions concerning benefits must be directed to your insurance company. Referrals, deductibles, non-covered services and co-pays are the patient's responsibility. UHS is a participating provider with several health insurance carriers. Please refer to the UHS site at www.samford.edu/healthservices for an updated listing.

Pre-Certification/Referrals

If required by the student's insurance carrier, pre-certification or referrals must be obtained prior to visiting UHS. This is the responsibility of the student to obtain.

Pre-matriculation Immunization and Health Form Requirements for Domestic Students

All full-time students enrolled in a degree-seeking program are required to submit the Immunization Record to UHS prior to attending class. The record must be signed by a health care provider or health department stamp.

All students living in university housing are required to submit the Health Form in addition to the Immunization Record. The necessary physical examination must be within twelve months of submission to UHS and will only be accepted on the Health Form provided. Student athletes should note that their pre-participation athletic physical will not be accepted in lieu of the UHS Health Form.

Pre-matriculation Immunization and Medical Evaluation for International Students

The International Student Immunization Record and Medical Evaluation form should be submitted to UHS prior to the student's arrival on campus. The required forms can be obtained through the Office of International Studies or at www.samford.edu/healthservices. All international students, regardless of country of origin, are required to report to UHS upon arrival to campus for tuberculosis risk assessment as only domestic documentation of tuberculin skin testing will be accepted.

Deadline for submission

All required documentation must be submitted to UHS no later than two weeks following the first day of class. Failure to do so will result in a hold on the student's record and a non-refundable \$150 fine. Residential students may also be subject to removal from University Housing if their documentation is not complete by the deadline.

Howard College of Arts and Sciences

.....

Administration

Timothy D. Hall, Dean
Don E. Bradley, Associate Dean
Emily A. Hynds, Associate Dean
Dana K. Basinger, Assistant Dean

History

John Howard, for whom Howard College was named, was an 18th century English social reformer who frequently risked his own life to better the wretched condition of prisoners in that era. He was widely revered as a model of Christian compassion when Howard College was founded in 1841. When the college became a university in 1965, the Howard College of Arts and Sciences retained both the name and the legacy of this great humanitarian.

Mission

Most Samford students will spend the majority of their first two years taking courses in the College of Arts and Sciences. This liberal education provides the foundation for more advanced study in particular disciplines or majors. Many students will continue to major in one of the traditional liberal arts disciplines, including the humanities, the social sciences, or the natural sciences. With sixteen departments and over 30 different majors, Howard College is the largest of Samford's eight schools. Although liberal arts majors are not necessarily tied to a specific career path, they all provide an ability to think critically and express ideas cogently—skills that are valued in all professions.

In addition to career-related objectives, a liberal education engages students in the larger questions of life. Courses in the humanities acquaint students with the religious, social, linguistic, and aesthetic dimensions of world cultures. Courses in the social sciences provide a means for exploring the varieties of human experience and patterns of social behavior. Courses in mathematics and sciences provide insight into the natural world and quantitative methods. Moreover, such a course of study helps students develop a closely examined core of personal beliefs and a strong code of values that lead to an informed and constructive public life. For more than a century and a half, the Howard College of Arts and Sciences has embodied these high ideals within a Christian environment in which dedicated teachers and students can work closely together to seek each individual's highest fulfillment.

Degrees Offered

The College offers programs that meet the requirements for the bachelor of arts and bachelor of science degrees. A master's degree is offered in environmental management (see Department of Biological and Environmental Sciences).

Teacher Certification

Students who want to receive teacher certification while earning a bachelor of arts degree or bachelor of science degree should consult with the certification officer and advisor in the Orlean Beeson School of Education (OBB 322).

Accreditation

All degrees in the Howard College of Arts and Sciences are fully accredited by the Southern Association of Colleges and Schools.

General Education: University Core Curriculum and Distribution Requirements

Core Faculty

Nancy C. Biggio, Associate Professor
Dana K. Basinger, Assistant Professor
Bridget C. Rose, Assistant Professor
Lynette M. Sandley, Assistant Professor
Carol Ann Vaughn Cross, Assistant Professor
Sonya B. Davis, Instructor
Kathy C. Flowers, Instructor
Victoria S. Knierim, Instructor

University Core Curriculum

As the foundation of General Education, the University Core Curriculum engages students in the liberal arts tradition of transcending department and major by exploring new ways to understand their place in a complex world. All freshmen are required to take the University Core Curriculum at Samford (22 credits). It is recommended that students be registered for Cultural Perspectives I (UCCP 101) in their first semester. They should also register for Communication Arts I (UCCA 101) or Communication Arts II (UCCA 102), depending on their placement. Students should consult their academic advisors for recommended scheduling.

General Education: University Core Curriculum and Distribution Requirements

General Education Overview

General Education Overview Required Courses	Course Credits	Total Required Credits
General Education - University Core Curriculum*		22
UCBP 101 Biblical Perspectives	4	
UCCA 101 Communication Arts I**	4	
UCCA 102 Communication Arts II	4	
UCCP 101 Cultural Perspectives I	4	
UCCP 102 Cultural Perspectives II	4	
UCFH 120 Concepts of Fitness and Health	2	
General Education - Distribution Areas: †		27
Natural & Computational Sciences		8
Social Science		4
Mathematics		4
Languages***		4
Fine Arts		3
Humanities		4
Total Required Credits		49

* Core curriculum requirements cannot be met through transient enrollment.

** Placement into UCCA 102, bypassing the requirement to complete UCCA 101, will reduce the Core Curriculum hours to 18, but does not exempt students from the minimum number of hours required for their chosen degree program (usually 128). These students may need to complete an additional four hours of General Electives to meet that minimum 128-credit requirement.

*** Four (4) credits of language are required (202 or higher for most programs; 102 or higher for selected programs). However, many students will complete up to 16 language credits. These additional credits will be applied to the General Electives block of the student's program, if applicable.

† See the table at right for a list of approved courses in each distribution area.

General Education Distribution Requirements Table Footnotes:

*INTL 360 is applicable to either the social science or humanities general education requirement, but cannot be used to satisfy both.

**Languages

Language Requirement: A placement exam alone cannot satisfy this requirement for most majors (see Exceptions). For more info, see the World Languages and Cultures section.

Language Credits: Four (4) credits of language are required (202 or higher for most programs; 102 or higher for selected programs). However, many students will complete up to 16 language credits. These additional credits will be applied to the General Electives block of the student's program, if applicable.

Languages Accepted: All languages offered by Samford (if offered up through the 202 or higher level) are applicable to this requirement, not just those noted in the table. For a complete list of languages, see the Classics, Religion, and World Languages and Cultures sections.

Exceptions: Students in the School of Business are exempt from completion of a 4-credit language course if placement scores are sufficient.

Double-Dipping Note: Students may not "double-dip" by counting a course for credit in both their major and as a general education distribution requirement, unless otherwise noted in the department section. They may, however, count a general education course towards a minor or a second major, with the exception of students minoring in English or history.

University Fellows Note: University Fellows students follow a unique core curriculum, but adhere to the general education distribution requirements of the various degree programs, as necessary. See the University Fellows Program section for more information.

Study Abroad Note: Courses in London and other international settings may meet general education distribution requirements for humanities, social science, and natural and computational science, subject to approval by the department chair of the course equivalent.

General Education - Distribution Requirements

The standard general education curriculum for Samford students is detailed below and, as such, is part of most degree programs offered. However, some schools, departments, degrees, majors, or minors may require variations to this standard. Please consult those department sections to see details on how general education variations may apply. See footnotes for additional information.

University Core Curriculum Courses

UCBP 101 Biblical Perspectives (4)

Examination of historical context and religious teachings of Hebrew and Christian Scriptures. Cultivation of critical competencies necessary for the academic study of traditional texts. Course objectives include an understanding of the historical context in which the Bible took shape; appreciation of the development of religious thought within the biblical period; examination of how biblical teachings have been and are interpreted and applied; and study of the Bible, using a variety of modern critical methods.

UCCA 101 Communication Arts I (4)

Introductory course in communication, emphasizing guided practice in speaking, listening, reading, and writing. Students gain proficiency in the use of library resources and in foundational computing skills. Students must write a minimum of four essays, totaling 20 typed pages (4500 words) of polished prose, that are revised through multiple drafts and carefully edited before submission. They also must make at least three oral presentations during the course. Students must pass this course with a grade of C- or better to advance to UCCA 102.

UCCA 102 Communication Arts II (4)

Continuation of UCCA 101 with additional guided practice in speaking, listening, reading, and writing. Special emphasis placed on research-based writing and argumentation. Students must write a minimum of four essays, totaling 20 typed pages (4500 words) of polished prose, that are revised through multiple drafts and carefully edited before submission. They also must make at least three oral presentations during the course. Prereq: Grade of C- or better in UCCA 101. Students must pass this course with a grade of C- or better.

UCCP 101 Cultural Perspectives I (4)

First in a two-semester sequence that examines the Western intellectual tradition within a global context. Through interdisciplinary study, students increase their awareness of the cultural, historical, literary, philosophical, and religious influences upon the development of civilizations. Includes a minimum of 15 typed pages (3375 words) of polished prose.

UCCP 102 Cultural Perspectives II (4)

Second in a two-semester sequence that examines the Western intellectual tradition within a global context. Through interdisciplinary study, students increase their awareness of the cultural, historical, literary, philosophical, and religious influences upon the development of civilizations. Includes a minimum of 15 typed pages (3375 words) of polished prose.

UCFH 120 Concepts of Fitness and Health (2)

Fitness and health are homeostatic states that must be maintained throughout the course of one's life. This introductory course provides a foundation of the dimensions of wellness and their relationship to overall health for activities of daily living. Principles of fitness, basic nutrition, body composition, cardiovascular disease, substance abuse, stress, and other topics necessary for optimum health will be discussed. Offered: Every semester.

Interdisciplinary Courses

IDHU 201 Interdisciplinary Humanities (4)

An interdisciplinary course that allows students to explore a topic in the humanities from multiple perspectives. Course can be offered with a variety of different special topics. Satisfies the general education humanities requirement for most majors. Offered: Spring, on rotation.

IDSC 201 Scientific Methods (4)

Scientific approach to understanding the physical universe through an investigation of representative topics in physics, chemistry, and biology, paying particular attention to the sources of scientific information both for scientists and society. Interdisciplinary course taught by faculty in biology, chemistry, and physics. Satisfies the general education natural and computational sciences requirement for most majors. LEC 4. Prereq: Grade of C- or better in UCCA 102.

IDSS 201 Interdisciplinary Social Science (4)

An interdisciplinary course that combines a social science discipline with either a humanities or science discipline. Topics will vary depending on the faculty co-teaching the course. Satisfies the general education social science requirement for most majors. Offered: Spring, on rotation.

SOA 200 Arts in Society (3)

This course provides students with a working knowledge of the meaning and importance of the arts as a product of the creative imagination in a dynamic interaction with a society. Its purpose is to develop deeper understanding of human expression in the context of global and national development. Satisfies the general education fine arts requirement for non-School of the Arts majors. Prereqs/Co-reqs: UCCA 102; UCCP 101 and 102. Offered: Every semester.

SOA 250 Arts Perspective (3)

This course will explore the language and application of "arts" across the disciplines of music, theatre, and visual arts in order to develop a deeper understanding of the creative imagination in a dynamic interaction with society. Satisfies the general education fine arts requirement for School of the Arts majors. Prereqs/Co-reqs: UCCA 102; UCCP 101 and 102. Offered: Every semester.

Undergraduate Programs and Requirements

Majors

Biology
 Environmental Science
 Marine Science

Minors

Bioinformatics
 Biology
 Marine Science

The Department of Biological and Environmental Sciences offers majors in biology, environmental science, and marine science, each leading to a bachelor of science degree. Preparation is provided for professional programs in the allied health sciences.

The department also offers minors in biology and marine science, plus an interdisciplinary minor in bioinformatics, offered in cooperation with the Department of Mathematics and Computer Science. The bioinformatics minor is available in three variations, depending on the student's major.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Biology Minor

Biology Minor Required Courses	Course Credits	Total Required Credits
Biology Core*		12
BIOL 105 Principles of Biology	4	
BIOL 111 Animal Biology	4	
BIOL 112 Plant Biology	4	
Biology Electives (Select two upper-level courses, excluding BIOL 438, 439, 440, and 441)		8
Total Required Credits		20

*BIOL 203 and 204 may substitute for BIOL 105, 111, and 112; however, 20 credits are needed to satisfy the minor in biology.

Biology Major (B.S.)

Students majoring in biology are offered the flexibility to design their own program. Students may emphasize the science of the environment, plant and animal diversity, animal physiology, microbiology, or cell-molecular biology. This flexibility allows students to prepare for a variety of graduate and professional programs.

Biology Major Required Courses	Course Credits	Total Required Credits

* Biology Electives requirement excludes externships (BIOL 361) and independent research (BIOL 438, 439, 440, 441, and 448).

** Chemistry selections should be made with the help of an academic advisor.

Environmental Science Major (B.S.)

Students majoring in environmental science will choose between one of three tracks depending on their academic goals. Each track emphasizes training in different areas, with broad flexibility in electives allowing the student to tailor the major to his/her specific interests. The major is designed to prepare students for a wide range of careers, and graduate and professional programs.

Environmental Science Major Required Courses	Course Credits	Total Required Credits

Environmental Science Electives (three courses)		12
One BIOL 300/400-level course	4	
Two BIOL, ECON, GEOG, POLS, SOCI courses at the 300/400-level. Note: One MUST be a field course.	8	
General Electives		22-30
Total Required Credits		128

* Students may substitute PHIL 200, 311, 314, 328, 330, or 351 for PHIL 241.

** Students may substitute BIOL 432 for BIOL 438.

*** Students in the Public/Occupational Health and Policy tracks may substitute SOCI 100 for GEOG 216.

**** Students may substitute POLS 301, PSYC 305, or SOCI 320 for MATH 240.

† Students in the Public/Occupational Health track must take CHEM 310 & 311, while students in the other tracks can choose either chemistry combination.

†† Students may substitute BIOL 325 for BIOL 225.

††† Students may substitute CHEM 350 for CHEM 325/326.

Marine Science Major (B.S.)

Students pursuing this program must complete a minimum of one semester or two five-week summer terms at the Dauphin Island Sea Lab located on Dauphin Island in Mobile Bay. The Sea Lab is operated by the Marine Environmental Science Consortium of which Samford is an active member. At least one year (preferably more) of biology is required before any upper-level course in marine science may be taken. Alternately, a student may complete the necessary marine biology courses to satisfy a minor in marine science.

Marine Science Major Required Courses	Course Credits	Total Required Credits
General Education - University Core Curriculum		22
General Education - Distribution Areas:		36-38
Natural and Computational Sciences:		13-15
Chemistry	5	
CHEM 205 Foundations of Chemistry	4	
CHEM 206 Foundations of Chemistry Laboratory	1	
Physics (choose one combination)	8-10	
PHYS 101-102 General Physics I and II (8) <i>or</i> PHYS 203-204 Physics I and II (10)		
Social Sciences		4
Mathematics		8
MATH 210 Elementary Statistics	4	
MATH 240 Calculus I	4	
Languages: Proficiency through 202 or higher		4
Fine Arts	3	
SOA 200 Arts in Society (non-SOA majs)	3	
Humanities		4
Marine Science Major:		44
Biology		20
BIOL 203 Foundations of Biology I	4	
BIOL 204 Foundations of Biology II	4	
BIOL 333 Genetics	4	
BIOL 438 Seminar	4	
Biology Elective	4	
Marine Science*		16
MARS 403 Marine Invertebrate Zoology	4	
MARS 411 Marine Vertebrate Zoology	4	
MARS 412 Marine Botany	4	
MARS 436 Marine Ecology	4	
Chemistry		8
CHEM 215 Fundamentals of Organic Chemistry	3	
CHEM 216 Fundamentals of Organic Chemistry Lab	1	
CHEM 312 Organic Chemistry II	3	
CHEM 313 Organic Chemistry II Laboratory	1	
General Electives		24-26
Total Required Credits		128

* Substitutions of other marine science courses must be approved by program director.

Marine Science Minor

Marine Science Minor Required Courses	Course Credits	Total Required Credits
Marine Science*		20
MARS 403 Marine Invertebrate Zoology	4	
MARS 411 Marine Vertebrate Zoology	4	
MARS 412 Marine Botany	4	
MARS 436 Marine Ecology	4	
MARS or BIOL upper-level course	4	
Total Required Credits		20

*BIOL 203 and 204 are prerequisites for the marine science courses.

Bioinformatics Minor for Biology or Biochemistry Majors

An interdisciplinary program merging insights and techniques from the fields of biology, computer science, mathematics, and information technology. Computational methods lead to the discovery of new biological insights and the creation of global perspectives from which to discover unifying principles in biology, pharmacology, and medicine.

Three versions of the bioinformatics minor are available. Students majoring in biology or biochemistry should follow the minor table below. Students majoring in computer science or any other discipline should follow one of two bioinformatics minor tables as seen in the Department of Mathematics and Computer Science section.

Bioinformatics Minor for Biology or Biochemistry Majors Required Courses	Course Credits	Total Required Credits
Computer Science Core		12
COSC 110 Introduction to Programming	4	
COSC 200 Discrete Structures for Computer Science	4	
COSC 210 Data Structures and Algorithms	4	
Computer Science Elective (select one from below)		4
COSC 315 Databases & Information Management	4	
COSC 325 Languages and Theory	4	
COSC 420 Software Engineering	4	
COSC 460 Current Topics in Computing	4	
COSC 470 Artificial Intelligence and Advanced Computing Strategies	4	
Bioinformatics		8
COSC 306 or BIOL 306 Principles of Bioinformatics	4	
COSC 407 or BIOL 407 Advanced Bioinformatics	4	
Mathematics		
Meet math requirements for any course listed above		
Total Required Credits		24

NOTE: BIOL 405 must be one of the elective courses taken for the biology major. Biology majors may not use BIOL 306/COSC 306 or BIOL 407/COSC 407 to satisfy **both** the biology major and the bioinformatics minor requirements.

Undergraduate Courses

Of related interest:

IDSC 201 Scientific Methods (4)

Scientific approach to understanding the physical universe through an investigation of representative topics in physics, chemistry, and biology, paying particular attention to the sources of scientific information both for scientists and society. Interdisciplinary course taught by faculty in biology, chemistry, and physics. Satisfies the general education natural and computational sciences requirement for most majors. LEC 4. Prereq: Grade of C- or better in UCCA 102.

BIOLOGY

BIOL 105 Principles of Biology (4)

Study of the principles of life common to all living organisms. Topics include biological chemistry, cellular biology, inheritance, survey of animals and plants, and ecology. Includes laboratory.

BIOL 106 Principles of Biology II (4)

A second semester of study in the principles of life focused on the challenges that animals face in maintaining homeostasis and the systems that solve these challenges. Prereq: BIOL 105. Offered: Fall, Spring, and Summer.

BIOL 107 Contemporary Biology (4)

Survey of contemporary biology, with emphasis on the interactions of humans with the biological world. Designed for non-biology majors. Includes laboratory.

BIOL 110 Human Biology (4)

Study of the biological principles of the human body from a human biology anatomical, physiological, and ecosociological perspective. Includes laboratory.

BIOL 111 Animal Biology (4)

Study of animal life from a cellular to organismal level with emphasis on animal taxonomy and environmental relationships. Designed for non-biology majors. Includes laboratory.

BIOL 112 Plant Biology (4)

Study of the form, function, and classification of the plant kingdom. Includes laboratory. Offered: As needed.

BIOL 203 Foundations of Biology I (4)

Survey of cellular and subcellular biology, metabolism, physiology, genetics and the phylogeny, nomenclature, structure, and function of major animal taxa. Prerequisite for all upper-level biology courses. Includes laboratory.

BIOL 204 Foundations of Biology II (4)

Study of the phylogeny, nomenclature, structure, and function of plants, fungi, and algae in relation to the principles of ecology and natural selection. Prerequisite for all upper-level biology courses. Includes laboratory.

BIOL 205 Biology in Great Britain (4)

Survey of the contributions of the British to major concepts in biology such as DNA structure, natural selection, the experimental method, medicine, and biotechnology. Includes visits to museums of medicine and natural history, Kew Botanical Gardens, the London Zoo, Downe House of Kent, and other places of interest. Suitable for biology majors, minors, and interested non-majors. Offered: Jan Term, as needed.

BIOL 217 Human Anatomy for Allied Health Sciences (4)

Survey of microscopic and gross anatomy of the human body. Includes review of cell structure, tissue structure, and detailed anatomical studies of the human organ systems in a combined lecture and laboratory setting. Human cadaver prosection will be used to enhance anatomical demonstrations. Designed for students majoring in nursing, pre-pharmacy, sport administration, sports medicine, allied health fields, or psychology. Students majoring in other areas must have special permission of the instructor. This course does not meet any requirements for the major (in biology or environmental science). Recommended Prereq: One semester of college level biology.

BIOL 218 Human Physiology for Allied Health Sciences (4)

Introductory exploration of the basic physiology of the human body and the principles fundamental to normal and pathological functioning. Designed for students majoring in nursing, pre-pharmacy, sport administration, sports medicine, allied health fields, or psychology. Students majoring in other areas must have special permission of the instructor. Lecture format. This course does not meet any requirements for the major (in biology or environmental science). Prereq: BIOL 217 with a grade of C- or better. Recommended Prereq: One semester of college chemistry.

BIOL 225 Microbiology for Allied Health Sciences (4)

Introduction to the study of microorganisms with special emphasis on their relation to human health and welfare. LEC 4, LAB 3. Prereq: One course in biology and one course in chemistry.

BIOL 300 Mental Illness: A Biological Perspective (4)

Study of the history of neuroscience, its scope and definition, neuron function, basic brain anatomy, basic neurochemistry, and the biological aspects of the major psychiatric disorders. Prereq: One semester of biology. Offered: Jan Term.

BIOL 301 Mammalian Anatomy (4)

Anatomical and histological study of the mammalian and human organ systems. Human cadaver dissection will be used to enhance anatomical demonstrations. Strongly recommended for students intending to pursue a biomedical graduate program. Includes laboratory. Prereq: BIOL 203 and 204.

BIOL 302 Mammalian Physiology (4)

Study of the function of the mammalian and human organ systems. Each week consists of four hours of lecture, laboratory demonstrations, films, slides, and case studies with an emphasis on normal and pathological conditions and critical thinking. Strongly recommended for students intending to pursue a biomedical graduate program. Prereq: BIOL 203 and 204. May be taken concurrently with BIOL 301.

BIOL 306 Principles of Bioinformatics (4)

Interdisciplinary approach to science—biological and computational—to gain new insights into complex living systems. Methods developed in this discipline address outstanding questions in medicine, behavior, health, pharmacy, genetics, the environment, and other biologically related areas. Cross-listed with COSC 306. Prereqs for all majors: BIOL 105, 110, or 203; or permission of the instructor. Additional prereq for computer science majors: COSC 110, with a grade of C or better. Offered: As needed.

BIOL 311 Histology (4)

Study of the microscopic anatomy of the tissues and organs of vertebrate animals, particularly mammals. Strongly recommended for students seeking professional careers or graduate school. Includes laboratory. Prereq: BIOL 203 and 204. Offered: Fall.

BIOL 314 Embryology (4)

Comparative study of the origin and development of vertebrate embryos, emphasizing developmental principles. Includes laboratory. Prereq: BIOL 203 and 204. Offered: Spring.

BIOL 319 Island Ecology (4)

International travel course to tropical or subtropical island ecosystems (Belize or Andros Island, Bahamas). Focus on terrestrial and marine ecosystems and the impact of human culture and economy. Offered: Jan Term.

BIOL 324 Introduction to Toxicology (4)

Introduction to the scope and history of toxicology, providing basic information on home/workplace health and safety. Includes review of OSHA/EPA regulations relevant to the citizens' rights-to-know with respect to toxicants in their communities and work places. Designed for the nonscientist and especially for business and paralegal certificate majors. Includes laboratory. Prereq: Any 100-level biology course. Offered through the Evening Studies as ECBI 324.

BIOL 325 General Microbiology (4)

Study of the form and function of microbial organisms, especially bacteria, and of their relation to man. Restricted to biology majors. LEC 4, LAB 3. Prereq: BIOL 203 and 204. Offered: Fall and Spring.

BIOL 326 Environmental Science (4)

Study of the relationship of humans to the environment on current environmental problems. Prereq: BIOL 203 and 204.

BIOL 333 Genetics (4)

Introductory study of the inheritance of similarities and variations in plants and animals with practical aspects as applied to humans. Prereq: BIOL 203 and 204.

BIOL 334 Experimental Genetics (4)

Laboratory-based study of current genetic laboratory methodologies, including cytogenetics and karyotypic analysis, transmission analysis, DNA isolation and fragmentation, cloning, chromosome mapping, and fingerprinting. Prereq: BIOL 333. Offered: As needed.

BIOL 335 Biological & Environmental Perspectives in Community Health (4)

Hybrid course that employs both online preparation and regional travel to explore the impacts of biological and environmental perturbations on community health. Biology students will work alongside public health students to address issues of environmental health and justice and collect data that elucidate the biological and environmental contributions to a community-based and class-defined community health challenge. Prereq: BIOL 203. Offered: On rotation.

BIOL 337 Infectious Diseases (4)

Detailed study of microbe-host interaction and the linkage of basic microbiology to clinical infectious diseases. Designed to extend and enhance the knowledge of pre-health professionals beyond the material covered in introductory or general microbiology courses. Prereq: BIOL 225 or BIOL 325. Offered: Jan Term.

BIOL 340 Amazon Rain Forest (4)

Field investigation of the Peruvian Amazon Rain Forest ecosystem. Emphasis on the complex relationship between tropical plants, vertebrate and invertebrate animals, and natives of the area. Offered: Jan Term.

BIOL 344 Principles of Immunology (4)

Study of the immune system and host defense strategies against microorganisms and tumors. Recommended for students planning a health-related clinical or research career. Prereq: BIOL 203 and 204. Offered: Jan Term.

BIOL 350 Population Biology (4)

The basic concepts of population biology and population genetics are explored to provide an in-depth understanding of evolutionary and conservation biology. Population biology deals with the biotic and abiotic factors that influence population size and stability. Variation in these factors leads to temporal and spatial differences among populations. Major topics include: genetic diversity and the factors effecting diversity, population viability, population growth, demographic variation/stability and metapopulation theory. Prereqs: BIOL 203, 204, and 333. Offered: Fall and Spring, on rotation.

BIOL 361 Hospital Internship (2-4)

Supervised internship in a hospital setting, with exposure to various aspects of hospital operations. Grading is pass/fail. Offered: Jan Term only, with schedule arranged on an individual basis.

BIOL 402 Challenge to Sustainability: Conserving East Africa's Biodiversity (4)

Exploration of local, national, and international efforts to manage and conserve East Africa's biodiversity. Topics include the biogeography of East Africa, its people, history, current conservation issues and the role of sustainable development in the conservation of natural resources. Includes a 15-day safari to East African countries with visits and fieldwork at selected game reserves, discovery centers, and national parks. Offered: Summer.

BIOL 403 Invertebrate Field Zoology (4)

Study of the classification, morphology, physiology, and natural history of invertebrate phyla. LEC, LAB. Prereq: BIOL 203 and 204. Offered: Fall.

BIOL 405 Cell and Molecular Biology (4)

Study of the cell as it relates to the underlying structure and function of higher organisms. Emphasis given molecular genetics principles that apply to all organisms. Lectures are supplemented by a student laboratory project. Prereq: BIOL 333. Offered: Fall.

BIOL 406 Experimental Cell Biology (4)

Introduction to the science and methods of techniques used to study the cell and its functions in a lecture/laboratory-based course. Includes laboratory techniques used in microscopy, cell fractionation, protein purification, enzyme analysis, and DNA manipulation. Prereq: BIOL 405.

BIOL 407 Advanced Bioinformatics (4)

Advanced topics in bioinformatics including in-depth investigation of algorithms, innovative techniques, alternative paradigms, advanced database interaction, and algorithm implementation. Cross-listed with COSC 407. Prereqs: BIOL 203, BIOL 333, COSC 110, COSC 210; and BIOL 306 or COSC 306. Offered: Spring.

BIOL 416 Vertebrate Field Zoology (4)

Field study of the classification and identification of the major groups of vertebrate animals. LEC, LAB. Prereq: BIOL 203 and 204. Offered: Spring.

BIOL 420 Neuroscience (4)

Advanced exploration of the human nervous system relating gross and ultra-structural neuroanatomy, membrane biophysics, synaptic transmissions, and neural systems with human cognitive function in health and disease. Prereqs: BIOL 301 or BIOL 302; CHEM 205. Offered: Fall.

BIOL 422 Plant Taxonomy and Local Flora (4)

Study of the systems of plant classification, emphasizing recognition of local flora. LEC 2, LAB 4. Prereq: BIOL 203 and 204. Offered: Spring.

BIOL 425 Basic Pathology (4)

Study of the basic causes and mechanisms of cellular and organ dysfunction due to the influences of disease and chemical agents. LEC, LAB. Prereqs: BIOL 301 and BIOL 302. Offered: Spring.

BIOL 432 Internship in Biological or Environmental Science (4)

Supervised work experience in a local organization dealing with the environment. Offered: As needed.

BIOL 436 Ecology (4)

Study of the interactions of organisms in their environments with emphasis upon natural communities. The laboratory demonstrates basic techniques of ecological investigations by designing and carrying out field experiments, collecting and analyzing data, and drawing conclusions for scientific-quality publications. LEC, LAB. Prereq: BIOL 203 and 204. Offered: Fall.

BIOL 438 Biology Seminar (4)

Biology capstone course which emphasizes critical thinking and scientific writing/speaking. Required of all biology majors during the senior year. Prereqs: BIOL 203, 204, 333; and BIOL 326 or 436.

BIOL 439 Research (1)

Independent, directed-field, or laboratory research. Research topics must be selected by the student and approved by the Independent Research Screening Committee before registration. This course will not satisfy any of the credits of upper-level biology electives required for a major in biology nor the laboratory science general education requirement. Prereq: Permission of a supervising biology professor and approved project proposal.

BIOL 440 Research (2)

Independent, directed field, or laboratory research. Research topics must be selected by the student and approved by the Independent Research Screening Committee before registration. This course will not satisfy any of the credits of upper-level biology electives required for a major in biology nor the laboratory science general education requirement. Prereq: Permission of a supervising biology professor and approved project proposal.

BIOL 441 Research (3)

Independent, directed-field, or laboratory research. Requirement involves a written paper of scientific merit. Research topics must be selected by the student and approved by the Independent Research Screening Committee before registration. This course will not satisfy any of the credits of upper-level biology electives required for a major in biology nor the laboratory science general education requirement. Prereq: Permission of a supervising biology professor and approved project proposal.

BIOL 448 Biology Research Capstone (4)

Biology capstone course that provides students the opportunity for mentored independent research in an area of interest while refining and applying professional skills (i.e., critical thinking, data analysis, scientific writing and scientific presentation). Designed to be taken during the senior year, this course is an alternative to BIOL 438. Prereq: All core requirements for the major completed with a C or higher. Permission of instructor required. Additional prereqs: BIOL 326 and BIOL 333. Offered: Fall.

MARINE SCIENCE

Courses are offered only at the Dauphin Island Sea Lab operated by the Marine Environmental Sciences Consortium of which Samford University is an active member. A minimum of at least one year of biology (preferably more) is required before any upper-level course in marine science may be attempted. Admission into all courses is subject to ultimate approval by the instructor. Unless otherwise indicated, marine science courses (MARS) are offered during the summer.

MARS 203 Marine Technical Methods (2)

Introduction to the techniques, instrumentation and equipment necessary to perform marine research, emphasizing field methods. Subject matter includes pre-sampling organization, sampling plan and report development, navigation, hydrographic sampling for physical and chemical properties, and sampling techniques for sediments and the water-column (phytoplankton, zooplankton and nekton). Includes lectures and demonstrations followed by activities designed to provide hands-on experience in sampling and data acquisition. One day will be devoted to a cruise that involves application of research techniques. Prereq: None.

MARS 204 Biology and Conservation of Marine Turtles (2)

Overview of the biology and conservation of marine turtles. Topics covered include identification, distribution, nesting behavior, migratory behavior, feeding ecology, population biology and genetics, developmental habitats, temperature-dependent sex determination, paleontology, and conservation of marine turtles. Students obtain a detailed knowledge of sea turtle biology and gain an understanding of why many sea turtle species have become endangered and how proper management has allowed some populations to recover. Course culminates with an overnight, multi-day field trip to sea turtle nesting beaches and foraging grounds in the southeastern U.S. Includes visit to sea turtle research and rehabilitation facilities. Field trip provides students the opportunity to observe loggerhead, green, and leatherback turtles in their natural habitats. Prereq: Introductory biology course. Special fees apply and will be determined based on student enrollment in the course.

MARS 205 Marine Biology (4)

General survey of invertebrates, vertebrates, and marine plants as communities with emphasis on local examples of these principal groups. Students examine marshland, estuarine, beach, dune inlet and neritic habitats, and niches. Includes lectures, laboratory, and field work.

MARS 350 Coastal and Marine Geography: Modern Marine Science (4)

Overview of the world's oceans and the role they play in global geologic, climatic, and biologic systems. The course investigates current ocean science and technologies, patterns of environmental change, and coastal dynamics. Cross-listed with GEOG 350. Offered: Spring, on rotation.

MARS 403 Marine Invertebrate Zoology (4)

Study of the natural history, systematics, and morphology of marine invertebrates from a variety of habitats in the Gulf of Mexico, oriented toward a field and laboratory approach. Participation in extended field trips required. Prereq: Introductory zoology.

MARS 406 Coral Reef Ecology (4)

Examination of ecology and evolution of coral reef communities, seagrass beds, and mangrove swamps, with exploration of such issues as the degradation of reef-building corals by macroalgae, hurricanes, coral bleaching, diseases of corals and sea urchins, overfishing, and pollution. Students participate in lectures and field exercises in the vicinity of Dauphin Island, and take a one-week field trip to Andros Island, Bahamas. Prereq: A course in either undergraduate biology or ecology. See Instructor.

MARS 407 Marine Behavioral Ecology (4)

Examination of how animal behavior is influenced by and interacts with its environment, and the ecological and evolutionary significance of this behavior in a marine setting. Students learn principles of behavioral ecology as they relate to marine animals, become familiar with techniques for observing animal behavior and conducting experiments, and are introduced to methods for collecting and analyzing behavioral data. Includes lectures, laboratory exercises and experiments, and overnight field trips. Designed to provide students with a strong background for further studies in marine animal behavior. Prereq: Introductory courses covering vertebrate and invertebrate zoology; introductory statistics recommended. See instructor.

MARS 411 Marine Vertebrate Zoology (4)

Study of marine fishes, reptiles, and mammals, with an in-depth, comprehensive treatment of their systematics. Lectures encompass subject matter on a non-regional basis. Field and laboratory work stresses the vertebrate fauna of the northern Gulf of Mexico. Students have an opportunity to assemble a collection of vertebrate species. Prereq: Two semesters of general biology.

MARS 412 Marine Botany (4)

General survey of marine algae and vascular and nonvascular plants associated with marine environments. Includes distribution, identification, structure, ecology, and reproduction. Prereq: General biology.

MARS 435 Estuarine Biology (4)

Comprehensive survey of the biological characteristics and supportive physical and chemical features of the estuarine system. Prereqs: BIOL 111, BIOL 436, and one course in chemistry.

MARS 436 Marine Ecology (4)

Study of marine organisms as they interact with each other and their environment, and examination of theories and the experimental basis of current knowledge. Laboratory consists of field trips to a wide variety of marine habitats, with field problems examined by small groups of students. Includes study of factors influencing population dynamics, community structure, and energy flow in marine ecosystems. Habitats selected for emphasis include coral reefs, kelp forests, seagrass meadows, the rocky intertidal, and deep-sea hydrothermal vents. Participation in an overnight field trip is required. Advanced course open to juniors, seniors, and graduate students. Prereq: General biology, marine biology or graduate standing.

MARS 439 or MARS 440 Research or Special Topics (1-6 each course)

Students may enroll by special arrangement in any of the subjects listed. Students should note in which term they wish to take special topics in a particular subject. Only Marine Science Programs resident faculty will be available for special topics during both terms. Other instructors will be available only in the time period listed for their respective courses. Prereq: Permission of the instructor.

Graduate Programs and Requirements

Degrees

Master of Science in Environmental Management (M.S.E.M.)
 Master of Science in Environmental Management (M.S.E.M.) with a
 Concentration in Energy Management and Policy

Joint-Degree

Master of Science in Environmental Management/Juris Doctor (M.S.E.M./J.D.)
 Master of Science in Environmental Management/Master of Business
 Administration (M.S.E.M./M.B.A.)

The Department of Biological and Environmental Sciences offers the master of science in environmental management (M.S.E.M.), a 36-credit, non-thesis program. It directs working professionals through a collection of courses to prepare them for the decision-making processes of the ever-increasing demands of environmental regulatory compliance. Students can pursue the stand-alone environmental management major or can opt for the same major with a concentration in energy management and policy.

A joint graduate degree in environmental management and law (M.S.E.M./J.D.) is offered in conjunction with the Cumberland School of Law. Contact the Cumberland School of Law for more information. A joint degree in environmental management and business (M.S.E.M./M.B.A.) is offered in conjunction with the Brock School of Business. Contact the School of Business for more information.

Graduate Admission Requirements

Three levels of admission status are designated:

1. Regular admission after three years of relevant work experience:
 - a. Graduation from an accredited college or university with an overall GPA of at least 2.50.
 - b. A minimum of three years relevant work experience
 - c. Two letters of reference from nonrelated persons.
2. Regular admission for recent college graduates (three years or less since award of undergraduate degree):
 - a. Graduation from an accredited college or university with an overall minimum GPA of 3.00.
 - b. A GRE score of at least 295, combined, or a MAT score of at least 396, taken within the last five years.
 - c. Two letters of reference from nonrelated persons.
3. Provisional Admission: Provisional admission may be granted upon demonstrating seriousness of purpose and ability to succeed in the program. This status will be considered for applicants who do not meet all requirements for regular admission as listed above. The applicant must furnish two letters of recommendation from two nonrelated persons. If offered provisional admission, the student must complete the first six semester hours with no grade lower than a B. Upon demonstrating this level of work, the student will qualify for admission to regular graduate status.

Required Credentials for Admission

Each student must submit official transcripts from all colleges and universities attended. In order for transcripts to be official, they must be sent directly from the student's college/university to the Office of Admission, Samford University, 800 Lakeshore Drive, Birmingham, AL, 35229. Transcripts sent to faculty or other offices on campus are not official. In addition, GRE or MAT scores must be sent directly to the Office of Admission from the testing agency. Scores furnished from other sources are not considered official.

Notification of Admission

Official notification of admission is communicated by letter from the Office of Admission. In the case of provisional admission, the letter may stipulate certain conditions which must be met by the applicant.

Prerequisites for Graduate Admission

While interdisciplinary in nature and accepting candidates with a variety of backgrounds and degrees, the program is heavily technical and scientific in design. Applicants will ideally have some training in the biological and physical sciences. If the admission committee notes a lack of scientific background in an applicant's preparation, it will require the student to complete a cell-based general biology course, specifically approved by the program directors, PRIOR to taking any of the scientifically-oriented courses in the program, with the exception of ENVM 501 (Biological and Environmental Chemistry). This cell-based general biology course may be an undergraduate course and will not count towards the 36 credits required for degree completion.

International Students

In addition to the stated admission requirements, for international students applying to the program, a minimum TOEFL score of 80 will be required.

Acceptable Academic Progress (Minimum GPA and Course Grades)

Students in the M.S.E.M. program must maintain an overall 3.00 GPA in all graduate work. If a student earns a grade of D, F, or WF in any M.S.E.M. program course, or if his/her GPA falls below 3.00, the program director and relevant faculty must consider the student's promise and potential for successful completion of the program.

If a grade lower than a C- is made in a required core course, the student must retake the course in order to achieve a passing grade. The course must be retaken at the next available offering. If a student earns a grade below a C- in an elective course, the student must successfully complete another elective in order to remain in good standing. At the graduate level, a grade below a C- is not replaced, however the student must successfully pass 36 credit hours with an overall GPA of 3.00.

Transfer Credit

Up to nine semester credits/hours of appropriate and approved graduate coursework completed at another institution may be substituted for program course requirements. Coursework requested to be transferred must have been completed with a grade of at least B in each course. Such coursework must be the equivalent of a full semester's work (specifically, a course taken for three quarter-hours is NOT the equivalent of a three semester credit/hour course) and be supported by official transcripts and appropriate syllabi. Acceptance of such credit is solely the authority of the program directors.

Time Limit

All courses required for the master of science in environmental management must be completed within a period of five years from the academic session of first admission.

Graduate Courses

ENVIRONMENTAL MANAGEMENT

NOTE: The environmental management graduate program follows the calendar of one summer term, one (1) fall term, and one (1) spring term. Unless otherwise indicated, all environmental management (ENVM) courses are offered on rotation.

ENVM 501 Biological and Environmental Chemistry (3)

Application of chemical and biochemical principles to environmental problems and solutions. Course provides the nonscientist with the necessary chemical/biochemical concepts to assimilate the scientific aspects of environmental management. Required. Offered: Fall.

ENVM 502 Environmental Law and Regulation (3)

Broad overview of how environmental issues are addressed in legal systems. Examines common law legal remedies and federal, state, municipal, and international environmental regulation through statutes, regulations, ordinances, and treaties. Salient topics include environmental justice and rulemaking by government agencies. Required. Offered: Fall.

Master of Science in Environmental Management (M.S.E.M.)

The master of science in environmental management (M.S.E.M.) is a 36-credit, non-thesis program. It directs working professionals through a collection of courses to prepare them for the decision-making processes of the ever-increasing demands of environmental regulatory compliance. To be admitted into this major, students must have a 3.00 GPA, if a recent graduate, or a 2.50 GPA, if they have three years of relevant work experience. Once in the program, students must maintain a 3.00 GPA.

Master of Science in Environmental Management Required Courses	Course Credits	Total Required Credits
Environmental Management Core		12
ENVM 501 Biological and Environmental Chemistry	3	
ENVM 502 Environmental Law and Regulation	3	
ENVM 504 Basic Toxicology	3	
ENVM 505 Sustainability	3	
Environmental Management Electives (choose eight courses)		24
ENVM 507 Technology/Mgt of Hazardous Materials	3	
ENVM 508 Ecotoxicology for the Environmental Mgr	3	
ENVM 509 GIS & Environmental Management Issues	3	
ENVM 510 Environmental Ethics and Values	3	
ENVM 512 Project Management	3	
ENVM 514 Wetlands	3	
ENVM 515 Endangered Species	3	
ENVM 516 Research	3

**Master of Science in Environmental Management w/a
Concentration in Energy Management & Policy (M.S.E.M.)**

The master of science in environmental management (M.S.E.M.) with a concentration in energy management and policy is a 36-credit, non-thesis concentration which directs working professionals through a series of courses, with specific emphasis on energy policy, to prepare them for the decision-making process of the ever-increasing demands of environmental regulatory compliance. To be admitted into this concentration, students must have a 3.00 GPA, if a recent graduate, or a 2.50 GPA, if they have three years of relevant work experience. Once in the program, students must maintain a 3.00 GPA.

Master of Science in Environmental Management w/Energy Management and Policy Concentration Required Courses	Course Credits	Total Required Credits
Environmental Management Core		12
ENVM 501 Biological and Environmental Chemistry	3	
ENVM 502 Environmental Law and Regulation	3	
ENVM 504 Basic Toxicology	3	
ENVM 505 Sustainability	3	
Energy Management and Policy Concentration		24
Energy Management and Policy Core (required)		18
ENVM 510 Environmental Ethics and Values	3	
ENVM 512 Project Management	3	
ENVM 519 Conservation Biology and Natural Resource Management	3	
ENVM 521 Risk Analysis	3	
ENVM 524 Environmental Geology	3	
ENVM 529 Energy and the Environment	3	
Environmental Management Electives (choose two)		6
ENVM 507 Technology/Mgt of Hazardous Materials	3	
ENVM 508 Ecotoxicology for the Environmental Mgr	3	
ENVM 509 GIS & Environmental Management Issues	3	
ENVM 514 Wetlands	3	
ENVM 515 Endangered Species	3	
ENVM 516 Research	3	
ENVM 517 Environmental Biomonitoring	3	
ENVM 518 Environmental Litigation	3	
ENVM 520 Occupational Safety and Health Law/Policy	3	
ENVM 522 Environmental Economics	3	
ENVM 525 Environmental Forestry	3	
ENVM 526 Environmental Auditing	3	
ENVM 527 Society and the Environment	3	
ENVM 530 Environmental Management Internship	3	
ENVM 531 Environmental Management International Studies	3	
Total Required Credits		36

ENVM 504 Basic Toxicology (3)

Examination of the basics of applied toxicology for the non-technician. Course covers experimental toxicology, definitions, biochemical mechanisms, and signs of exposure and insult. Includes an overview of how toxic materials enter the body, how they interact with the body, and how they are eliminated. Students learn specific toxic effects of metals, pesticides, and solvents. Required. Prereq: ENVM 501. Offered: Fall and Spring.

ENVM 505 Sustainability (3)

Examination of the basic principles of sustainability and how to apply those principles in decision making and green imaging. Students will develop these skills through a group project where they will evaluate the sustainability of an assigned entity (e.g., a company, city government, or organization) and identify recommendations for improving that entity's sustainability and green image.

ENVM 507 Technology and Management of Hazardous Materials (3)

Review of current technology in storage, handling, and transportation of hazardous materials and wastes. Emphasis on safe, efficient, and legally sufficient management techniques. Includes presentation of methods for identification and classification of hazardous and toxic materials, substances, and wastes; review of spills and specific procedures to prevent incidents and to protect human health and the environment; and examination of OSHA training requirements, packaging and labeling procedures, storage compatibility and capacity, transportation requirements, and legal responsibilities. Prereqs: ENVM 501, 502, and 504.

ENVM 508 Ecotoxicology for the Environmental Manager (3)

Students in ecotoxicology will become familiar with the key concepts of ecology at the individual, population, community, and ecosystem scales, and obtain knowledge of best practices and current advances in evaluating and understanding of the effects of toxicants on plants and animal across a range of scales, from cellular and tissue to ecosystem. Prereq: ENVM 504.

ENVM 509 Geographic Information Systems (GIS) and Environmental Management Issues (3)

Introduction to the basics of Geographic Information Systems (GIS). Overview of relevant theory, software, hardware, databases, and applications. Trends in GIS technology are examined from the managerial perspective. Examples are drawn from current environmental projects.

ENVM 510 Environmental Ethics and Values (3)

This course exposes students to the main ethical issues involving the environment, such as the value of nature, climate change, sustainability, over-population, effects of industrialization, animal rights, pollution, impact on the poor, and more. Students learn the major ethical theories and principles and how to apply them (e.g., duty-based ethics, utilitarianism, religious-based ethics, virtue ethics, etc.). The goal is for students to be able to recognize an ethical issue and then reason in an informed and intelligent way to an ethical conclusion. To foster application of the class material, each student selects a particular environmental issue (e.g., water runoff on the Samford campus or toxic waste sites in poor Alabama counties), ethically analyzes it, and then presents a solution to the issue.

ENVM 512 Project Management (3)

Examination of basic project management concepts in the context of selecting, developing, and implementing projects to achieve organizational objectives in support of an organization's mission or purpose. Concepts of strategic planning, team leadership, risk management, public relations, and controlling projects will be explored to prepare students to effectively manage projects.

ENVM 514 Wetlands (3)

Introduction to the development, structure, and importance of wetlands, including the background necessary to understand the current controversies concerning wetland protection. Instructional methods include lecture, problem sheets, and field exercises. Prereqs: ENVM 501, 502, and 504.

ENVM 515 Endangered Species (3)

A management overview of the study of the evolutionary mechanisms, species concepts, and taxonomic and systematic principles as applied to species-level taxon. Includes examination of how federal, state, and international laws relating to rare, threatened and endangered species affect the decision-making of environmental managers. Field projects will build skills to identify methods of species endangerment and the protocol for conducting threatened and endangered species field surveys. Regulations that impact business and development are presented through a series of case studies that provide managers with decision-making tools for compliance. The conservation methods and challenges of managing populations of rare and endangered species are also emphasized. Prereq: None.

ENVM 516 Research (3)

Students pursue a research topic of special interest under the direction of an ENVM faculty member or an outside expert jointly agreed upon by course coordinator and student. This research provides an opportunity for senior graduate students to integrate their knowledge in real-world, problem-solving situations. Prereqs: ENVM 501, 502, 504, and 505.

ENVM 517 Environmental Biomonitoring (3)

This course will provide the student with an introduction to environmental sampling and analysis. Topics include proper field sampling and preservation, legal aspects, traceability, and chain of custody records. Aspects of a quality assurance and quality control program will also be addressed, as well as regulatory water quality and biological monitoring. Field activities will include water chemistry analysis of streams and surveys of biological communities such as algae, fish and benthic macroinvertebrates. All classes will be held at Samford University's Oak Mountain Interpretive Center. Prereqs: ENVM 501 and ENVM 505.

ENVM 518 Environmental Litigation (3)

Study of the process of environmental litigation, focusing on the role of an environmental manager, commonly litigated issues, and alternatives to litigation. Prereq: ENVM 502.

ENVM 519 Conservation Biology and Natural Resource Management (3)

The groundwork for the sustainable management of renewable and non-renewable natural resources is outlined in a combination of lecture and field projects. Basic biological methods, models, and techniques that are used to document and manage wildlife populations provide environmental managers with the tools to develop strategic plans in the workplace. The course content provides field opportunities that develop skills in data collection and analysis of wildlife populations. Environmental challenges that occur during the development and extraction of non-renewable mineral and fossil fuel resources are discussed and summarized. Prereq: None.

ENVM 520 Occupational Safety and Health Law and Policy (3)

Examination of the relationship between federal occupational safety and health statutes to the work environment. Introduces concepts and practical approaches to occupational safety and health, including regulatory agencies, financial and human impact of occupational injuries and illnesses, and workers' compensation. Field trip to local industrial facility is optional. Prereqs: ENVM 502 and ENVM 504.

ENVM 521 Risk Analysis (3)

Exploration of the risk analysis framework, focusing on its interplay between science and politics as an approach to managing health and environmental hazards. "Risk Analysis" is defined broadly to encompass the interrelated tasks of risk assessment, risk evaluation, risk management, and risk communication. Students are exposed to a synoptic perspective on how environmental problems, goals, and policies are actually shaped in the complex world of competing interests, conflicting ideologies, and incomplete understanding. Prereq: Permission of the instructor.

ENVM 522 Environmental Economics (3)

Policy orientation to environmental issues, focusing on the economic theory which drives the policy. Emphasis on the strong international thrust which integrates economic development with environmental policy. Prereqs: ENVM 502, 504, 505, and 507.

ENVM 524 Environmental Geology (3)

Application of geological and hydrogeological principles to environmental management issues including geologic hazards, groundwater and soil assessment, site remediation, and risk assessment. Environmental managers are provided a basic introduction to geologic and hydrogeologic terminology and methods necessary to understand environmental geology as related to management, policy, and applicable regulations. Applications of groundwater modeling, aquifer testing techniques, map reading, groundwater regulations, and the application of geology to current soil and groundwater remediation technology, landfill siting, and wellhead protection are introduced. Prereq: None.

ENVM 525 Environmental Forestry (3)

Review of the principles of forest ecology and management and the subsequent environmental concerns that occur with various practices. Includes: examination of the historical developments of American forests and comparison of past conditions with current health; study of abiotic and biotic components of forest habitats, including forest soils, productivity, climatic factors, and biological diversity; and discussion of principles of silviculture, including forest regeneration, intensive forest management and best management practices for the control of nonpoint pollution. Students gain a basic understanding of management principles enabling them to balance both economic and environmental forest concerns.

ENVM 526 Environmental Auditing (3)

Study of the fundamentals of environmental auditing. Topics include: elements of the audit process, real estate transfer assessments, waste contractor audits, waste minimization audits, air audits, international audits, and managing and critiquing an audit program. Students are required to perform practical classroom and field exercises individually or in small groups.

ENVM 527 Society and the Environment (3)

This course focuses on the reflexive relationship between the environment and society. The features of the environment produce both constraint and opportunity for human order and activity. Humans construct the environment framed by political, economic, technological and socio/cultural understanding and interpretation of the environment. Human values, knowledge, and organization are considered powerful influences leading to the tension between exploiting and sustaining the environment. The intrinsic impact of demographic expansion and the consequent pressures on environmental resources and sustainability are critical for environmental understanding. All of these considerations and understandings are further impacted by humans living in a global community where isolationism is virtually impossible when considering land, air, water and shelter needs as basic human rights. At the center of this course of study is the fundamental assumption that "environmental change is as much a social science as a natural science issue" (Howard Newby, 1991 Lecture to British Sociological Association).

ENVM 529 Energy and the Environment (3)

Study of the fundamentals of the science of energy and its applications to technology, issues of a global energy policy, and associated environmental regulations including climate change. Includes a comprehensive discussion of the different types of commercially produced energy and the advantages and disadvantages of each type. Offered: Summer.

ENVM 530 Environmental Management Internship (3)

Supervised internship with a private, public, or non-profit organization with exposure to various aspects of environmental management. Prereqs: ENVM 502 and ENVM 505. Offered: As needed.

ENVM 531 Environmental Management International Studies (3)

An introduction to environmental management, technology, and policy issues within another country or region of the world. Examination of environmental technologies, practices, and policies that might have beneficial application within Alabama, the United States, or other countries and regions. Domestic and/or international travel required. Offered as needed.

Undergraduate Programs and Requirements

Majors

Biochemistry
 Chemistry

Minor

Chemistry

The Department of Chemistry and Biochemistry offers majors in chemistry and in biochemistry leading to a bachelor of science degree. A student who is majoring in chemistry or biochemistry is not required to earn a minor in another area. The department also offers a minor in chemistry.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Chemistry and biochemistry majors must take MATH 240 (Calculus I) to satisfy the general education mathematics requirement, and PHYS 203 and PHYS 204 (Physics I and II, respectively) to satisfy the general education natural and computational sciences requirement.

Chemistry Minor

Chemistry Minor Required Courses		Course Credits	Total Required Credits
Chemistry Core			17
CHEM 205	Foundations of Chemistry	4	
CHEM 206	Foundations of Chemistry Laboratory	1	
CHEM 310	Organic Chemistry I	3	
CHEM 311	Organic Chemistry I Lab	1	
CHEM 312	Organic Chemistry II	3	
CHEM 313	Organic Chemistry II Lab	1	
Additional Chemistry Requirement: (choose one of the following lecture/lab combinations)		4	
CHEM 207	Foundations of Chemistry II <i>and</i>		
CHEM 208	Foundations of Chemistry II Lab <i>OR</i>		
CHEM 325	Quantitative Chemical Analysis <i>and</i>		
CHEM 326	Quantitative Chemical Analysis Lab		
Chemistry Electives (choose two)			6
CHEM 350	Biochemistry	3	
CHEM 355	Inorganic Chemistry	3	
CHEM 365	Physical Chemistry I	3	
CHEM 435	Chemical Instrumentation	3	
Total Required Credits			23

Chemistry Major (B.S.)

The program outlined below will provide a student with a broad background in the chemical sciences. A student completing this program would be equipped for an entry-level position within the chemical industry. A student completing this program would also be well prepared to pursue graduate work in chemistry or a chemistry-related field. This program would also provide an excellent preparation for medical school, dental school, pharmacy, and other health-related professional programs.

Courses

Of related interest:

IDSC 201 Scientific Methods (4)

Scientific approach to understanding the physical universe through an investigation of representative topics in physics, chemistry, and biology, paying particular attention to the sources of scientific information both for scientists and society. Interdisciplinary course taught by faculty in biology, chemistry, and physics. Satisfies the general education natural and computational sciences requirement for most majors. LEC 4. Prereq: Grade of C- or better in UCCA 102.

CHEMISTRY

CHEM 108 General, Organic, and Biological Chemistry (3)

Study of the chemistry needed to understand human physiology. When taken with CHEM 109, this course meets the chemistry requirement for nursing students and a general education requirement for natural and computational sciences for most other majors. Students who have a C- or better in CHEM 205 may not take CHEM 108 for credit. LEC 3. Co-req: CHEM 109. Offered: Fall, Jan Term (online), Spring, and Summer (online).

CHEM 109 General, Organic, and Biological Chemistry Laboratory (1)

Laboratory to accompany CHEM 108. LAB 3. Co-req: CHEM 108. Offered: Fall, Jan Term, Spring, and Summer.

CHEM 205 Foundations of Chemistry (4)

Survey of chemical principles. Includes types of chemical reactions, stoichiometry, gases, thermodynamics, atomic and molecular structure, solutions, kinetics, and basic equilibrium. When taken with CHEM 206, meets a general education requirement for natural and computational sciences. LEC 4. Co-req: CHEM 206 and MATH 150, or score on placement exam sufficient to qualify for MATH 240. Offered: Fall, Jan Term (online), Spring, and Summer (online).

CHEM 206 Foundations of Chemistry Laboratory (1)

Laboratory to accompany CHEM 205. LAB 3. Co-req: CHEM 205. Offered: Fall and Spring.

CHEM 207 Foundations of Chemistry II (3)

Sequel to CHEM 205. Includes study of solids, acids and bases, aqueous equilibria, oxidation/reduction, coordination complexes, organic functional groups, carbohydrates, lipids, proteins, nucleic acids, and metabolism. LEC 3. Prereq: Grade of C- or higher in CHEM 205. Offered: Fall, Jan Term (online), Spring, and Summer (online). (Formerly CHEM 305)

CHEM 208 Foundations of Chemistry II Laboratory (1)

Optional laboratory to accompany CHEM 207. LAB 3. Offered: Fall and Spring. (Formerly CHEM 306)

CHEM 215 Fundamentals of Organic Chemistry (3)

Survey of structures and reactions of the principal classes of carbon compounds. LEC 3. Co-req: CHEM 216. Prereq: Grade of C- or better in CHEM 205. Offered: Spring.

CHEM 216 Fundamentals of Organic Chemistry Laboratory (1)

Laboratory to accompany CHEM 215. LAB 3. Co-req: CHEM 215. Offered: Spring.

CHEM 310 Organic Chemistry I (3)

Study of structures and reactions of alkanes, alkenes, alkynes, halides, alcohols, and ethers. LEC 3. Prereq: Grade of C- or better in CHEM 205. Co-req: CHEM 311. Offered: Fall, Spring, and Summer 1.

CHEM 311 Organic Chemistry I Laboratory (1)

Laboratory to accompany CHEM 310. LAB 3. Co-req: CHEM 310. Offered: Fall, Spring, and Summer 1.

CHEM 312 Organic Chemistry II (3)

Continuation of CHEM 310. Study of structures and reactions of carbonyl compounds, carboxylic acid derivatives, amines, and aromatic compounds. Spectroscopy of organic compounds is also covered. LEC 3. Co-req: CHEM 313. Prereq: Grade of C- or better in CHEM 310. Offered: Fall, Spring, and Summer 2.

CHEM 313 Organic Chemistry II Laboratory (1)

Laboratory to accompany CHEM 313. LAB 3. Co-req: CHEM 312. Offered: Fall, Spring, and Summer 2. (Formerly CHEM 316)

CHEM 325 Quantitative Chemical Analysis (3)

Study of quantitative analytical techniques for separating, identifying, and quantifying chemical compounds. Includes statistical analysis and gravimetric, titrimetric, electrochemical, and spectrochemical methods. Emphasis is given to the physical and chemical principles upon which different analytical techniques are based. LEC 3. Co-req: CHEM 326. Prereq: Grade of C- or better in CHEM 205. Offered: Spring.

CHEM 326 Quantitative Chemical Analysis Laboratory (1)

Laboratory to accompany CHEM 325. LAB 3. Co-req: CHEM 325. Offered: Spring.

CHEM 345 Nutritional Biochemistry (3)

Survey of the chemistry of biological systems, with emphasis on applications to allied health fields. LEC 3. Prereq: Grade of C- or better in CHEM 215. Offered: Fall.

CHEM 350 Biochemistry (3)

Survey of the chemistry of biological systems. LEC 3. Prereq: Grade of C- or better in CHEM 312. Offered: Fall and Spring.

CHEM 355 Inorganic Chemistry (3)

Study of the chemistry of inorganic compounds, reactions and mechanisms, including coordination compounds and organometallic compounds. LEC 3. Prereqs: Grade of C- or better in CHEM 312 and CHEM 325. Offered: Spring.

CHEM 365 Physical Chemistry I (3)

Survey of the theoretical bases on which chemistry rests, including kinetic-molecular theory, thermodynamics, kinetics, and quantum theory. LEC 3. Prereqs: Grade of C- or better in CHEM 215 or CHEM 312; MATH 260, and PHYS 204; or permission of the instructor. Offered: Fall.

CHEM 367 Physical Chemistry II (3)

Sequel to CHEM 365. Study of multi-electron quantum mechanics, electrochemistry, group theory, spectroscopy, statistical thermodynamics, the solid state, and surfaces. LEC 3. Prereq: Grade of C- or better in CHEM 365. Offered: Spring.

CHEM 370 Unified Laboratory I (2)

First course in the unified laboratory sequence. The unified labs combine elements from traditional upper-level inorganic, physical, instrumental, and biochemistry laboratories. Unified Lab I will explore buffers, thermodynamics of biomolecules, kinetics of inorganic and biological systems, catalysis, stereochemistry, and gas chromatography/mass spectrometry. LAB 6. Prereq: Grade of C- or better in CHEM 325. Offered: Fall.

CHEM 375 Unified Laboratory II (2)

Second course in the unified laboratory sequence. The unified labs combine elements from traditional upper-level inorganic, physical, instrumental, and biochemistry laboratories. Unified Lab II will focus on purification in biological systems, electrochemical synthesis, organometallic chemistry, spectroscopic analysis, and coulometry. LAB 6. Prereq: Grade of C- or better in CHEM 370. Offered: Spring.

CHEM 430 Advanced Biochemistry (3)

Amplification of CHEM 350. LEC 3. Prereq: Grade of C- or better in CHEM 350. Offered: Spring.

CHEM 435 Chemical Instrumentation (3)

Sequel to CHEM 325. Study of modern instrumental techniques for the analysis of chemical compounds, including spectroscopic, electrochemical, mass spectrometric, and chromatographic methods. LEC 3. Prereq: Grade of C- or better in CHEM 325. Offered: Fall.

CHEM 440 Research/Internship (1, 2, 3, or 4)

Research project or internship under supervision of a faculty member, with results presented in an acceptable paper. Course may be taken more than once for credit, but total credits may not exceed eight. Prereq: Permission of the instructor. Offered: Every semester, with schedule arranged on an individual basis.

CHEM 460 Senior Seminar (3)

Capstone course. Includes research project selected by the student. LEC 3. Prereq: Senior standing. Offered: Spring.

Undergraduate Programs and Requirements

Majors

Classics
 Greek
 Latin

Minors

Classics
 Greek
 Latin

The Department of Classics offers majors in classics, Greek, and Latin leading to a bachelor of arts degree. These majors provide students with the opportunity to pursue a course of study that covers a variety of Greek and Latin prose and poetry in the original languages, as well as the history and culture of the classical world and its importance for the 21st century. While the Greek major and the Latin major allow students to concentrate their undergraduate program around the mastery of a single language, the classics major encourages training in both Greek and Latin. Each of these majors would be an appropriate program of study to prepare a student for graduate study in classics or ancient history, but they are also designed for students pursuing a broad program of study as a background for graduate programs in the humanities and professional programs in fields such as medicine, dentistry, theology, and law. Likewise, a minor in classics, Greek, or Latin can strengthen the majors and degrees throughout the College of Arts and Sciences and the University by supporting and complementing the many disciplines that draw on the classics.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Courses

CLASSICS

CLAS 200 The Rediscovery of the Classical World (4)

Exploration of the world of the Ancient Greeks and Romans. This course examines multiple aspects of Classical Antiquity through the eyes of those who rediscovered it in literary texts, in works of art and architecture, and in its material remains. It provides a broad and well-illustrated introduction to the history, literature, religion, and art and architecture of the Greeks and Romans. Offered: Spring.

CLAS 303 Greece: The Crucible of Civilization (4)

Examination of the history and culture of the Ancient Greeks through a first-hand look at the material remains, including monuments and artifacts from the Bronze Age, the Archaic and Classical periods, and the Hellenistic, Roman, and Christian eras. Offered: Jan Term-Study Abroad, on rotation.

CLAS 304 Eternal Rome (4)

Examination of the history and culture of Rome through a firsthand look at its material remains, including its Greek and Etruscan antecedents, the Republican and Imperial periods, and the Renaissance transformation of the Classical ideal. Offered: Jan Term-Study Abroad, on rotation.

CLAS 345 Varieties of Ancient Paganism from Alexander to Julian (4)

Introduction to the major pagan religions of the Greco-Roman period, from the conquests of Alexander the Great (332 BCE) to the death of Julian the Apostate (363 CE). Some attention is paid to the pagan influences on emerging Judaism and Christianity. Cross-listed with RELG 345. Offered: Spring, on rotation.

CLAS 361 Bridging London (4)

Field-based exploration of the geography of London and its environs. Students investigate historical development, commerce, naval power, imperialism, colonialism, scientific achievement, industrial revolution, financial systems, economic frameworks, transportation, governance, urban design, community, culture, society, ethnicity, international significance, and the intersection between globalization and urbanization. Cross-listed with GEOG 361, HIST 361, JMC 361, POLS 361, SOCI 361.

CLAS 454 Special Topics in Classics (4)

Investigation of the Classical world taking advantage of opportunities provided by study abroad, by visiting professors, or by experimental advanced courses. Topics vary. Prereq: Permission of the department chair. Offered: As needed.

CLAS 495 Senior Capstone: Research and Writing (4)

Seminar exploring selected topics in classical antiquity. Includes a directed research project involving a research component, a writing component, and a public, oral presentation. For seniors, but juniors can take with permission. Offered: Fall.

GREEK**GREK 101 Elementary Greek I (4)**

Introduction to Greek language and culture, aimed at developing the ability to read, understand, and interpret ancient Greek. Covers basic vocabulary and grammar of Classical Greek and provides foundation for the study of all ancient Greek literature, including the Greek New Testament. Offered: Fall.

GREK 102 Elementary Greek II (4)

Introduction to Greek language and culture, aimed at developing the ability to read, understand, and interpret ancient Greek. Covers basic vocabulary and grammar of Classical Greek and provides foundation for the study of all ancient Greek literature, including the Greek New Testament. Offered: Spring.

GREK 201 Intermediate Greek I (4)

Thematic reading in Greek texts with an emphasis on reading comprehension, a systematic review of grammar, and an introduction to tools for philological research. Prereq: GREK 102, or permission. Offered: Fall.

GREK 202 Intermediate Greek II (4)

Thematic reading in Greek texts with an emphasis on reading comprehension, a systematic review of grammar, and an introduction to tools for philological research. Prereq: GREK 201, or permission. Offered: Spring.

GREK 301 Homer (4)

Introduction to the language and background of Greek epic, through selected readings from the Iliad and Odyssey, the earliest extant literature of the Western world. Through the careful study of these texts students further develop their ability to read, understand, and interpret ancient Greek. Prereq: GREK 202. Offered: Fall.

GREK 302 Greek Historians (4)

Selected readings from Herodotus and Thucydides. Through the careful study of these texts students further develop their ability to read, understand, and interpret ancient Greek. Includes survey of the development of Greek historiography. Prereq: GREK 202.

GREK 303 Greek Tragedy (4)

Selected readings from the plays of Sophocles and Euripides. Through the careful study of these texts students further develop their ability to read, understand, and interpret ancient Greek. Includes survey of the development of Greek drama. Prereq: GREK 202.

GREK 450 Advanced New Testament Greek (4)

Selected readings from the New Testament. Through the careful study of these passages students further develop their ability to read, understand, and interpret ancient Greek. Includes introduction to the study and practice of textual criticism. Prereq: GREK 202.

GREK 451 Directed Reading (1)

Directed reading in selected Ancient Greek texts. Topics vary. May be repeated for a maximum of 2 credits. Prereq: Permission of the department chair.

GREK 452 Directed Reading (2)

Directed reading in selected Ancient Greek texts. Topics vary. May be repeated for a maximum of 4 credits. Prereq: Permission of the department chair.

GREK 453 Directed Reading (3)

Directed reading in selected Ancient Greek texts. Topics vary. May be repeated for a maximum of 6 credits. Prereq: Permission of the department chair.

GREK 454 Directed Reading (4)

Directed reading in selected Ancient Greek texts. Topics vary. May be repeated for a maximum of 12 credits. Prereq: Permission of the department chair.

LATIN

LATN 101 Elementary Latin I (4)

Introduction to the Latin language and culture, aimed at developing the ability to understand Latin through speaking, listening, reading, and writing. Offered: Fall.

LATN 102 Elementary Latin II (4)

Introduction to the Latin language and culture, aimed at developing the ability to understand Latin through speaking, listening, reading, and writing. Offered: Spring.

LATN 201 Intermediate Latin I (4)

Thematic reading in Latin texts with an emphasis on reading comprehension, a systematic review of grammar, and an introduction to tools for philological research. Prereq: LATN 102, placement, or permission. Offered: Fall.

LATN 202 Intermediate Latin II (4)

Thematic reading in Latin texts with an emphasis on reading comprehension, a systematic review of grammar, and an introduction to tools for philological research. Prereq: LATN 201, placement, or permission. Offered: Spring.

LATN 301 Ovid (4)

Selected readings from the works of Ovid. Through the careful study of these texts students further develop their ability to read, understand, and interpret Latin.

LATN 302 Horace (4)

Selected readings from the works of Horace. Through the careful study of these texts students further develop their ability to read, understand, and interpret Latin. Includes survey of the development of Roman Lyric Poetry.

LATN 303 Cicero (4)

Selected readings from the works of Cicero. Through the careful study of these texts students further develop their ability to read, understand, and interpret Latin.

LATN 304 Vergil (4)

Selected readings from the works of Vergil. Through the careful study of these texts students further develop their ability to read, understand, and interpret Latin. Includes survey of the development of Latin epic literature.

LATN 451 Directed Reading (1)

Directed reading in selected Latin texts. Topics vary. May be repeated for a maximum of 2 credits. Prereq: Permission of the department chair.

LATN 452 Directed Reading (2)

Directed reading in selected Latin texts. Topics vary. May be repeated for a maximum of 4 credits. Prereq: Permission of the department chair.

LATN 453 Directed Reading (3)

Directed reading in selected Latin texts. Topics vary. May be repeated for a maximum of 6 credits. Prereq: Permission of the department chair.

LATN 454 Directed Reading (4)

Directed reading in selected Latin texts. Topics vary. May be repeated for a maximum of 16 credits. Prereq: Permission of the department chair.

- Ashley George, Assistant Professor
- Allison Catherine Harper, Instructor

Undergraduate Programs and Requirements

Major

Communication Studies

Minors

- Communication Studies
- Writing

The Department of Communication Studies offers a bachelor of arts in communication studies. This comprehensive program offers courses in persuasion, rhetorical theory and criticism, argumentation, and public speaking that provide strategies for generating and delivering effective messages. In interpersonal, group, and organizational communication courses, students discover their communicative strengths and identify and address areas where improvement is needed. Students can tailor portions of the major to meet their special needs by choosing from a menu of communication electives in the junior and senior year. Students interested in majoring in language arts in preparation for teaching speech at the secondary school level should consult the Department of Teacher Education, School of Education section in this catalog for the curriculum.

The department also offers two minors: one in communication studies and one in writing. The communication studies minor consists of 20 credits and must include three upper-level courses. In the writing minor, students take 20 credits: two required 300-level courses and three upper-level electives.

Any communication studies major who wishes to minor in writing must meet all major requirements, take COMS 361 (Grammar for Writers), and complete four upper-level electives designated in the minor. In keeping with University policy, no course may be used for both the major and minor.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Communication studies majors must complete COMS 221 (Interpersonal Communication) for their major and cannot use it to also satisfy the general education social science requirement for their degree.

Communication Studies Major (B.A.)

The bachelor of arts in communication studies is designed to teach students about human communication in its varied contexts and modes of expression. The goal of our program is to teach students to write, speak, listen, and think critically; adapt to a wide range of audiences and cultures; successfully manage personal relationships; work effectively in groups and organizations; and conduct independent research.

Total Required Credits		20

*FLMT 310 and THEA 414 are only 3 credits. Students choosing one or both of these courses may need to complete a fourth writing elective to meet the 20-credit minimum required for this minor.

Courses

COMMUNICATION STUDIES

COMS 200 Introduction to Communication Studies (4)

Overview of elements of the communication discipline, focusing on major theories, models, and skills that form the foundation for communication studies. Emphasis on theory, research, and development of competency in interpersonal, group, and public communication contexts. Offered: Fall.

COMS 215 Public Speaking (4)

Study of techniques of giving speeches to inform, convince, and persuade. Includes speech composition, delivery, and audience analysis. Offered: Fall and Spring.

COMS 221 Interpersonal Communication (4)

Examination of interpersonal communication in human relationships and development of skills through projects, experiments, readings, and participation. A valuable course in terms of learning to understand and be understood by others. Offered: Every semester.

COMS 231 Tutoring I (0-1)

Introduction to the theory and practice of peer tutoring with particular focus on writing, speaking, and critical reading. Grading is pass/fail. Prereq: UCCA 102 with a minimum grade of A- or permission of the instructor. Offered: Spring.

COMS 232 Tutoring II (0-1)

Study of the theory and practice of peer tutoring ESL students with particular focus on writing, speaking, and critical reading. The course is designed for tutors employed by the Communication Resource Center. Grading is pass/fail. Prereq: COMS 231 or permission of the instructor. Offered: Fall.

COMS 305 Experiencing Cultural Differences (4)

In-depth study of intercultural communication. The course focuses on communication within particular cultures, with a special unit on Latin America. Students construct a comprehensive worldview of intercultural communication principles. Offered: Spring.

COMS 311 Rhetorical Criticism (4)

Examination of the tradition of rhetorical criticism from the Greeks to the present. As part of the historical and philosophical study, students are encouraged to familiarize themselves with a variety of critical perspectives for studying public discourse. Offered: Fall.

COMS 315 Communication Ethics (4)

Students in this course will learn to recognize ethical questions in communication contexts and develop and apply ethical criteria while acknowledging diverse ethical approaches. Offered: Fall, Spring, and Summer, on rotation.

COMS 320 Legal Communication (4)

Examines legal communication issues including discovery, trial, and appellate procedures. Students also practice basic legal argumentation and debate. Offered: Fall.

COMS 321 Research Methods in Communication (4)

Analysis and research in the communication discipline. Emphasis placed on empirical, scientific methods of investigation in the field of communication. Students are required to apply knowledge by conducting an original research project. Prereq: COMS 200. Offered: Spring.

COMS 325 Small Group Communication (4)

Examination of perspectives that define the communication discipline's study of small-group communication. Once exposed to the theoretical material, students are encouraged to use the theoretical concepts and principles to resolve problems that may arise in group settings. Offered: Fall.

COMS 332 Tutoring III (0-1)

Advanced study of peer tutoring theory and practice. Student tutors learn to design and deliver workshops to peer tutors as well as other students. The course is designed for tutors employed by the Communication Resource Center. May be repeated for a maximum of 4 credits. Grading is pass/fail. Prereq: COMS 231 and COMS 232, or permission of the instructor. Offered: Fall and Spring.

COMS 340 Sports Communication (4)

This class will focus on sports as a communication phenomenon. Students will analyze athletic coaching as applied communication competence where the goal of the coach is to communicate effectively. Offered: Fall, Spring, and Summer, on rotation.

COMS 342 Leadership Communication (4)

This course examines leadership as a function of communication. Students will explore how notions of leadership are constituted in communication and the ways that communication competence influences evaluations of leadership. Class sessions will include a combination of group experiences, topical presentations, and weekly reading. Class discussions will analyze elements of leadership and will occasionally include guest speakers. Offered: Fall, Spring, and Summer, on rotation.

COMS 349 Health Communication (4)

Whether we are patients, health care professionals, or advocates for loved ones, we all benefit from understanding the unique dynamics of health communication. This class explores communication in various health settings in order to understand the unique contexts of patient-provider communication. Offered: Fall, Spring, and Summer, on rotation.

COMS 354 Creative Nonfiction (4)

Development of advanced writing techniques, including an understanding of form, genre, and rhetorical purpose (e.g., the personal essay, nature writing, religious/inspirational writing, proposal). Offered: Spring.

COMS 361 Grammar for Writers (4)

Examination of how grammar can enhance written communication. Students will analyze how grammar is used as a rhetorical tool and will demonstrate effective control of written grammar through exercises and writing practice. Offered: Fall.

COMS 363 Gender Communication (4)

Students will interrogate the popular notions of how gender influences communication and how those notions compare to communication research. The class explores how sex roles and gender identity are enacted in a variety of communication contexts. Offered: Fall and Spring, on rotation.

COMS 399 London Study Topics (4)

Special courses designed for and offered at the Daniel House London Study Centre. Topics vary.

COMS 401 The Individual in Society (4)

Introduction to social psychology from a sociological perspective, examining the relationship between the person and society. Questions include: What impact does society have on the formation of identity and the view we have of ourselves? How do we, as a society, create a perspective of the world around us and use this perspective to regulate each other? What processes regulate the way we establish organizations such as family or work groups and interact within these social groups? Cross-listed with SOCI 401.

COMS 410 Intercollegiate Debate (1)

Study of intercollegiate debate theories, procedures, and teaching. Designed for students participating in the Samford University Debate team. Offered: Every semester.

COMS 415 Persuasion (4)

Analysis of various theories of persuasion as decision-making tools in a democratic society with emphasis on factors such as attention, perception, needs, values, credibility, winning belief, and ethics. Prereq: UCCA 102; COMS 215 or equivalent, or permission of the instructor. Offered: Spring.

COMS 417 Political Communication (4)

Focuses on the relationship between media and politics by examining presidential speeches, social movements, and efforts to shape public opinion in the modern era. Cross-listed with POLS 417. Offered: Spring.

COMS 421 Communication in Close Relationships (4)

Focuses on communication issues that are central to understanding close relationships between friends, family, and romantic partners. Examines how such relationships are developed and maintained by reviewing interpersonal theory and research. Offered: Spring, on rotation.

COMS 424 Communication Internship (4)

Independent study in which students gain practical experience while working in a business, industry, or not-for-profit venue. Includes opportunities in advertising, public relations, journalism, radio, television, museums, and religious or philanthropic organizations. Prereq: Declared major or minor in communication studies; must meet eligibility requirements. Offered: Every semester.

COMS 451 Organizational Communication (4)

Exploration of how communication affects various stakeholders within organizations. After identifying key concepts in organizational theory, students are expected to analyze and evaluate organizational communication through case studies. Prereq: UCCA 102, junior standing. Offered: Spring, on rotation.

COMS 453 Professional Communication (4)

Study of communication strategies as practiced in various professional communities. Applications are made to a number of written and oral communication contexts, including business and management. Offered: Fall, on rotation.

COMS 456 Directed Studies (1-4)

Guided examination of a specialized topic leading to a major paper, oral presentation, and/or other assignment. Prereq: Permission of the instructor. Offered: Every semester.

COMS 491 Communication Workshop (4)

Integration of knowledge and experience gleaned from lower-level communication studies courses in a capstone experience resulting in an applied communication project. Prereqs: COMS 311, COMS 321, and senior standing. Offered: Fall.

Undergraduate Programs and Requirements

Majors

English
 English with a Concentration in Creative Writing
 English with a Concentration in Film Studies

Minor

English

The Department of English offers a major in English, plus a major in English with one of two concentration options: film studies and creative writing. All programs lead to a bachelor of arts degree. The department also offers a minor in English.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

English majors and minors cannot use ENGL 205 (Fiction and Film) to meet the general education humanities requirement.

Courses

ENGLISH

ENGL 200 Literary London (4)

Exploration of classic British literature in conversation with later re-tellings, and their translations into theatre and film, using contextual perspectives. Limited to students enrolled in Jan Term at Samford's Daniel House London Study Centre. Offered: Jan Term.

ENGL 205 Fiction and Film (4)

Study of the formal analysis of literary texts and films. Course includes close readings of literature and film in contexts (i.e., cultural, historical, biographical, economic, political) that inform and are shaped by them. Offered: Fall and Spring.

ENGL 211 Introduction to Literature (4)

Introduction to the principles and practices of interpretation of literature and film, research methodology, and other skills and terminology essential to the discipline through a study of the chief genres of literature and of film with an emphasis on works from the canon and from non-mainstream literary traditions. Offered: Fall and Spring.

ENGL 301 British Literature to 1798 (4)

Chronological study of British literature from Beowulf to the end of the 18th century, using the principles and practices of literary interpretation, research methodology, and other skills and terminology essential to the discipline. Offered: Fall.

English Major (B.A.)

The courses listed below are designed to give students both depth and breadth in English literary studies. Students learn the works of individual authors and genres as well as broad literary movements. They demonstrate their ability to research and analyze literature in depth by writing a senior paper in the senior year.

English Major Required Courses	Course Credits	Total Required Credits

English Major w/a Concentration in Creative Writing (B.A.)

The concentration in creative writing combines a foundation in the study of English literature with a strong component in writing poetry, short fiction, and literary nonfiction. Students will learn the history and theory of literary forms alongside the craft of writing. Because the study of creative writing requires extensive reading, creative writing students should expect in-depth study of genres and pivotal literary movements. However, the cornerstone of the creative writing education is the craft-based workshop, small classes where student work is considered along with the work of proven masters. In the fall semester of the senior year, students will demonstrate their knowledge by writing a thesis that incorporates their own creative writing alongside critical study of published authors.

English Major with a Concentration in Film Studies (B.A.)

The English major with a concentration in film studies combines a foundation in the study of English literature with a strong film studies component. While studying a fundamental literary subject such as Shakespeare, students will learn about the history of cinema and the contributions of influential auteurs, as well as the complex dynamics between film and literature. Students will also have the opportunity to perform in-depth studies of important genres and pivotal movements or nationalities. The study of film necessarily includes reading films critically, researching current scholarship, and writing original arguments. In the fall semester of their senior year, students will demonstrate their knowledge by writing a thesis that features film exclusively or combines film and literature.

ENGL 302 British Literature since 1798 (4)

Chronological study of British literature from the Romantic period to the present day, using the principles and practices of literary interpretation, research methodology, and other skills and terminology essential to the discipline. Offered: Spring.

ENGL 303 Poetry (4)

Examination of the poetry genre. Investigation of representative texts and multiple practitioners in order to deepen competencies in interpreting literature and evaluating secondary sources. Also covered are major developments within the genre. Includes introduction to canon issues through examination of classical and nonclassical, canonical and noncanonical, and multicultural literature. Offered: As needed.

ENGL 304 Short Story (4)

Examination of the short story genre. Investigation of representative texts and multiple practitioners in order to deepen competencies in interpreting literature and evaluating secondary sources. Also covered are major developments within the genre. Includes introduction to canon issues through examination of classical and nonclassical, canonical and noncanonical, and multicultural literature. Offered: As needed.

ENGL 305 Novel (4)

Examination of the novel genre. Investigation of representative texts and multiple practitioners in order to deepen competencies in interpreting literature and evaluating secondary sources. Also covered are major developments within the genre. Includes introduction to canon issues through examination of classical and nonclassical, canonical and noncanonical, and multicultural literature. Offered: As needed.

ENGL 306 Drama (4)

Examination of the drama genre. Investigation of representative texts and multiple practitioners in order to deepen competencies in interpreting literature and evaluating secondary sources. Also covered are major developments within the genre. Includes introduction to canon issues through examination of classical and nonclassical, canonical and noncanonical, and multicultural literature. Offered: As needed.

ENGL 307 Film (4)

Examination of the film genre. Investigation of representative texts and multiple practitioners in order to deepen competencies in interpreting literature and evaluating secondary sources. Also covered are major developments within the genre. Includes introduction to canon issues through examination of classical and nonclassical, canonical and noncanonical, and multicultural literature. Offered: As needed.

ENGL 308 American Literary Movements (4)

Examination of major American literary movements. Investigation of representative texts in order to broaden understanding of the scope of American literary history. Prereqs: UCCA 101, UCCA 102, and ENGL 211. Offered: As needed.

ENGL 309 Special Topics in Literature (4)

Study of literary movements and/or particular thematic issues selected on the basis of student interest and faculty expertise. Cannot be used as a substitute for the general education humanities requirement. May be repeated for a maximum of 8 credits, if topics vary. Prereqs: Completion of University Core Curriculum. Offered: As needed.

ENGL 310 Literary Theory (4)

Overview of the history, methodologies, and ideologies of literary and critical theory. In-depth study of contemporary critical methodologies affords students the opportunity to gain confidence in their own critical thinking and writing about literature. Prereq: ENGL 211. Offered: Fall.

ENGL 311 Creative Writing: Short Fiction (4)

Survey of styles, techniques, and trends in current short fiction with emphasis placed on learning the craft of imaginative writing. Prereqs: UCCA 101 and UCCA 102. Offered: Spring.

ENGL 312 Creative Writing: Poetry (4)

Survey of styles, techniques, and trends in current poetry with emphasis placed on learning the craft of imaginative writing. Prereqs: UCCA 101 and UCCA 102. Offered: Fall.

ENGL 313 American Literature (4)

Chronological study of American literature from its beginnings to the post-World-War period, using the principles and practices of literary interpretation, research methodology, and other skills and terminology essential to the discipline. Prereq: UCCA 101. Offered: Fall and Spring.

ENGL 320 Anglo-Saxon and Medieval Literature (4)

Survey of literature from the period, including study of historical, intellectual, and social backgrounds while focusing on the literary forms and conventions characteristic of the era.

ENGL 321 Renaissance Literature (4)

Survey of literature from the period, including study of historical, intellectual, and social backgrounds while focusing on the literary forms and conventions characteristic of the era.

ENGL 322 18th Century British Literature (4)

Survey of literature from the period, including study of historical, intellectual, and social backgrounds while focusing on the literary forms and conventions characteristic of the era.

ENGL 323 Romantic Literature (4)

Survey of literature from the period, including study of historical, intellectual, and social backgrounds while focusing on the literary forms and conventions characteristic of the era.

ENGL 324 American Renaissance Literature (4)

Survey of literature from the period, including study of historical, intellectual, and social backgrounds while focusing on the literary forms and conventions characteristic of the era.

ENGL 325 Victorian Literature (4)

Survey of literature from the period, including study of historical, intellectual, and social backgrounds while focusing on the literary forms and conventions characteristic of the era.

ENGL 326 Modern British Literature (4)

Survey of literature from the period, including study of historical, intellectual, and social backgrounds while focusing on the literary forms and conventions characteristic of the era.

ENGL 327 Modern American Literature (4)

Survey of literature from the period, including study of historical, intellectual, and social backgrounds while focusing on the literary forms and conventions characteristic of the era.

ENGL 328 Minority Literature (4)

Readings from various American ethnic fiction writers and poets. Secondary Education-English majors may substitute this course for ENGL 420. Offered: As needed.

ENGL 329 Milton (4)

Introduction to a range of poetic and dramatic genres: the ode and the sonnet, the epic, and the dramatic tragedy. Emphasis is on close reading combined with attention to the interaction of literary, historical, religious, and cultural contexts. Prereq: UCCP 102. Offered: Fall.

ENGL 330 Junior Seminar (4)

In-depth study of the work of a single author or exploration of a special topic. Offered: As needed.

ENGL 333 Internship (1-4)

Learning experience for advanced students working under the supervision of qualified professionals in an academic or business setting. May be repeated for a maximum of 4 credits. Prereqs: Junior standing or above, 12 credits of English courses, and permission of the instructor. Offered: As needed.

ENGL 335 Chaucer (4)

Exploration of Chaucer's major works with emphasis placed on reading ability in Middle English and analysis of Chaucer's style and the themes he explored, within the context of late medieval culture and history. Prereqs: UCCA 102 and ENGL 211. Offered: Fall, on rotation.

ENGL 340 Shakespeare (4)

Close reading of Shakespearean comedies, tragedies, histories, and romances, emphasizing formalist and theoretical analyses. Offered: Spring.

ENGL 350 Film History (4)

Examination of the historical development of film as an industry and a major modern art form, including important periods, movements, nationalities, genres, auteurs, and specific works. Prereqs: UCCA 101 and UCCA 102. Offered: Fall, on rotation.

ENGL 355 Auteurs (4)

Exploration of the work of one or more major film directors. Examines a representative sample of films, emphasizing formal cinematic analysis and survey of critical literature. Offered: As needed.

ENGL 400 History of the English Language (4)

Investigation of the theory, background, and development of the English language. Offered: As needed.

ENGL 410 Senior Thesis (4)

Directed-study project focused on the development of an original thesis, derived from research begun in the junior-level class. Project combines research skills and the student's own critical analysis. Evaluated by external examiners and presented orally. Prereqs: UCCA 102, UCCP 102, ENGL 211, ENGL 310. Entrance into course by application to the department. Offered: As needed.

ENGL 495 Senior Seminar (4)

Reflection and synthesis of knowledge and experience gleaned from the English curriculum leading to the creation of a senior paper and preparation for the workforce. Students must be at senior standing. Prereqs: UCCA 102, UCCP 102, ENGL 211, and ENGL 310. Offered: Fall.

ENGL 420 Comparative Literature (4)

Readings of literature in translation from various cultures and times, situating them in the professional context of the discipline. Offered: Spring.

ENGLISH - FILM STUDIES**FLME 351 Film Adaptation (4)**

Examination of the theory, practice, and products of film adaptation, including readings of primary source texts and the specific films adapted from those texts. Prereqs: UCCA 101 and UCCA 102. Offered: Fall, on rotation.

FLME 352 Foreign Film (4)

Examination of the cultural development and aesthetic principles common to foreign cinema, including major periods, nationalities, movements, auteurs, and specific works. Prereqs: UCCA 101 and UCCA 102. Offered: Spring, on rotation.

FLME 356 Special Topics in Film Studies (4)

Examination of film genres, auteurs, movements, periods, or nationalities selected on the basis of student interest or faculty expertise. May be repeated once, if topic title is different, for a maximum of 8 credits. Prereqs: UCCA 101 and UCCA 102. Offered: Fall, on rotation.

Undergraduate Programs and Requirements

Major

Geography

Minors

Environmental Studies

Traditional Geography

Certificate in Geographic Information Science

Latin American Studies*

Interdisciplinary Concentrations

Latin American Studies*

The Department of Geography offers a major in geography leading to a bachelor of science degree. The department also offers a traditional geography minor and a certificate in geographic information science.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Geography majors cannot use geography to satisfy the general education natural and computational science or social science requirement.

*See the History or World Languages and Cultures sections for details on the Latin American studies minor and interdisciplinary concentration.

Environmental Studies Minor

Environmental studies is an interdisciplinary field that explores the relationship between humans and the environment, in the interest of solving complex problems. Students study the built and natural environment, and explain about human views and interactions with nature. Students examine ways that politics, economics, the sciences, history, ethics, and philosophy influence human behavior in the natural world. Students pursuing this program must complete a field-based Jan term or summer course.

*Projects chosen for Independent Study and Senior Seminar must be GIS-focused.

**Directed Teaching Experience must be in GEOG 216 or GEOG 316.

Geography Minors

The geography department strongly recommends that students select a minor. For students other than geography majors, the department offers two options: the traditional minor for students seeking one to complement history, political science, international relations, public administration, education, or other disciplines and programs; and a certificate in geographic information science for students interested in GIS technology. The latter is suitable for business administration, the natural sciences, math, or computer science.

Geography majors may complete the geographic information systems certificate/minor (not a concentration), but may not pursue the traditional geography minor.

Traditional Geography Minor

Traditional Geography Minor Required Courses	Course Credits	Total Required Credits

Courses**GEOGRAPHY****GEOG 101 Global Geography: Places, Landscapes, and Regions (4)**

Expand and enhance knowledge of your world. This course uses a spatial approach to understand history, culture, and environmental concerns across the globe. Regional case studies and current events reinforce geographic concepts.

GEOG 150 Physical Geography: Understanding Planet Earth (4)

Hurricanes, tsunamis, earthquakes, volcanoes, global climate change. Learn the science behind the headlines. Understand processes and patterns in the natural environment. This course investigates a diverse set of environmental concerns on our dynamic planet including landform processes, oceans and coasts, water resources, Earth's atmosphere, and climate dynamics. Offered: Fall and Spring.

GEOG 216 Mapping a Changing World (4)

Learn the art and science of mapmaking (cartography), using state-of-the-art technologies like Google Earth, Global Positioning System (GPS), remotely-sensed imagery, and geographic information systems (GIS). The course provides an opportunity to develop spatial problem-solving skills using timely and appropriate global, regional, and local case studies. Offered: On rotation.

GEOG 299 Essentials of Geography and Environmental Studies (4)

Overview of the discipline of geography and the interdisciplinary approach to environmental studies, with an emphasis on developing the skills necessary to investigate and solve problems in an increasingly complex world. Both traditional and emerging trends in environmental and geographical inquiry are explored with an emphasis on research, writing, and presentation abilities. Offered: On rotation.

GEOG 301 Independent Study (1-4)

Directed reading and/or research on a topic in geography intended to give special training or preparation in subject areas not covered in the regular geography course offerings. May be repeated for a maximum of 8 credits. Prereqs: Geography major or minor and permission of the instructor. Offered: Fall and Spring.

GEOG 305 Globalization: Geographies of Economic Change (4)

Geographic examination of the world's economy. Topics include global patterns of production and distribution, economic development, transportation, location analysis, and the globalization of the world's economic systems. Offered: On rotation.

GEOG 311 Directed Teaching Experience (1-4)

Involves student participation as an undergraduate teaching assistant for a geography course under the supervision of a geography faculty member. May be repeated for a maximum of 8 credits. Grading is pass/fail. Prereqs: Minimum 3.50 GPA in geography courses, minimum 3.00 GPA overall, 12 hours of completed geography coursework, and permission from the supervising faculty member and the geography department chair. Offered: Fall and Spring.

GEOG 316 Applied GIS (4)

Builds upon content and skills acquired in GEOG 216. This course takes GIS to the next level as students learn the knowledge and skills necessary to author, map, and display geospatial data in creative and innovative ways. Prereq: GEOG 216. Offered: On rotation.

GEOG 350 Coastal and Marine Geography: Modern Marine Science (4)

Overview of the world's oceans and the role they play in global geologic, climatologic, and biologic systems. The course investigates current ocean science and technologies, patterns of environmental change, and coastal dynamics. Cross-listed with MARS 350. Offered: On rotation.

GEOG 360 Urban Geography: The North American City (4)

Geographic perspective of the past, present, and future of the American city. Topics include the historic roots of cities, development of the U.S. urban system, transportation, and the shaping of cities; social, political, and economic dynamics of urban areas; urban growth, decline, and revitalization; suburbanization; and challenges facing cities in the 21st century. Cross-listed with POLS 360 and SOCI 360. Offered: On rotation.

GEOG 361 Bridging London (4)

Field-based exploration of the geography of London and its environs. Students investigate historical development, commerce, naval power, imperialism, colonialism, scientific achievement, industrial revolution, financial systems, economic frameworks, transportation, governance, urban design, community, culture, society, ethnicity, international significance, and the intersection between globalization and urbanization. Cross-listed with CLAS 361, HIST 361, JMC 361, POLS 361, SOCI 361.

GEOG 370 Suburban Nation: Gates, Golf Courses, and Ghettos (4)

Addresses the fundamental questions: How did the United State become such a suburban nation? How has this pervasive suburban landscape changed over time, both in design and meaning? Using a variety of sources (film, fiction, an historical essays), the course considers the evolution of the suburban landscape from the colonial to the contemporary era. Cross-listed with HIST 370 and SOCI 370. Offered: On rotation.

GEOG 391 Exploring North American Landscapes: From Wilderness to Walt Disney World (4)

Exploration of the human and physical geographies of the United States and Canada. Drawing from diverse texts, the course explores the evolution of the North American landscape. Topics to be covered include: conversion of the New World wilderness, frontier mythologies, the evolution of the American city, and the cultural impact of suburbia. Cross-listed with HIST 391. Offered: On rotation.

GEOG 392 Geographies of Africa (4)

Presents a geographical exploration of Africa, focusing primarily on cultural issues. A broad range of topics will be investigated including: African stereotypes, environmental crises, social geographies of gender and religion, legacies of colonialism, and the impact of development policies throughout the region. Cross-listed with POLS 392. Offered: On rotation.

GEOG 395 Giants of Asia: China and India in the 21st Century (4)

Focuses on exploring these two giant countries and understanding their emergence as important world powers in the 21st century. The course investigates the physical environment, history, culture, economy, and politics that help shape these two countries. Cross-listed with HIST 395 and POLS 395. Offered: On rotation.

GEOG 397 Andes to Amazon: Physical Landscapes of Latin America (4)

Study of the geographical forces that influence the landscapes of Latin America and how they change over time. This course is organized by substantive topics rather than by country. Topics include regional specific plate tectonics, weather systems, oceanographic systems, and river systems. Cross-listed with POLS 397. Prereq: GEOG 150. Offered: On rotation.

GEOG 460 Geography Internship (1-4)

Practical work experience outside the department. Placement may be with government agencies, non-profits, industry, or other organizations. May be repeated for a maximum of 8 credits, but only 4 of the 8 can count towards the major. Grading is pass/fail. Prereqs: GEOG 101, 150, and 216; declaration of a geography major or minor; and permission of the department. Offered: Fall and Spring.

GEOG 480 Caribbean Field Course: Adventures in SCUBA Diving on Coral Reefs, Coastal Processes, and Island Geography (4)

This field course will take place in the Caribbean during Jan Term. Students will learn how to SCUBA dive and receive three diving certifications: Open Water, Advanced Open Water, and National Geographic Research Specialty. Emphasis will be on experiential learning and include data collections and analysis. Course activities will culminate in a public presentation on the island. May be taken twice for a maximum of 8 credits. Offered: Jan Term.

GEOG 485 Landscapes of the American South (4)

Field-based course that explores the diverse geography and environmental history of the American South. Through several day-trips from campus, students will visit some of the South's major geographic regions including: the Piedmont, Gulf Coastal Plain, plantation/agricultural south, and the Cumberland Plateau. Offered: Jan Term and Summer, on rotation.

GEOG 490 Special Topics in Geography (4)

Special topics in geography that are not normally examined in depth in the regular course offerings. Focus on research interests of faculty members, newly emerging areas of interest in geography, or current events. Courses may be offered by visiting faculty or as experimental advanced courses by departmental faculty. Prereq: Junior class standing or permission of department chair.

GEOG 499 Senior Seminar (4)

Specialized course intended as a synthesizing experience for the major. Course is required for graduation and consists of an independent research project in a sub-field specialty involving a research component, a writing component, and a public, oral presentation of research results. A minimum grade of C is required to pass this course. Offered: Fall.

Interdisciplinary Concentrations/Majors

Global Studies
 International Relations
 Latin American Studies

The Department of History offers a major and minor in history and, in cooperation with other departments, offers interdisciplinary concentrations/majors in global studies, international relations, and Latin American studies. The department also offers a history major with a concentration in legal studies. History course offerings also fulfill requirements for minors in Asian studies and Latin American studies. All history majors and interdisciplinary concentrations earn a bachelor of arts degree. The history department offers several scholarships and awards to history and global studies majors. For more information, students should contact the departmental office.

Students who plan to teach at the secondary school level may obtain a B.A. in history with teacher certification through the College of Arts and Sciences or major in history, leading to a bachelor of science in education degree, from the School of Education.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

History majors and minors, and students in the international relations interdisciplinary concentration, cannot use HIST 200 (Global Perspectives) to meet the general education humanities requirement.

International Relations Interdisciplinary Concentration

The concentration in international relations is an interdisciplinary program offered cooperatively by the departments of history, political science, and world language and cultures. Students use the interdisciplinary minor as preparation for international missions, teaching, service, and business; or graduate education in law, history, religion, and language. International relations students who choose history methods and capstone courses in the department (Historian's Craft and Senior Seminar) are eligible to receive scholarship money from history funds. For information on other aspects of international relations, see the Department of Political Science section of this catalog.

Latin American Studies Interdisciplinary Concentration

The bachelor of arts in Latin American studies, a joint program with the departments of geography, history, political science, and world languages and cultures, is intended to teach students about the rich civilizations in the portions of North, Central, and South America and the Caribbean known as Latin America. Through emphasis on the Spanish language and an interdisciplinary approach to the region, students will obtain a nuanced and deep understanding of Latin America. For details on required courses and options, see the Department of World Languages and Cultures section of this catalog.

History Major (B.A.)

A history major prepares students for a broad range of careers in business, law, education, religion, communications, government service (both domestic and foreign), and other professions. It is excellent preparation for graduate study in history and for professional schools such as business administration and law. As a traditional major for students planning legal careers, the department offers students a strong background in western and non-western institutions and values.

The major also provides subject preparation for those seeking a career in education. History majors who wish to obtain certification for secondary teaching must meet additional requirements through the Orlean Beeson School of Education. The student's degree affiliation remains in Arts and Sciences, and he or she must meet all University Core Curriculum and General Education Distribution Requirements imposed by the bachelor of arts.

History Major Required Courses	Course Credits	Total Required Credits
General Education - University Core Curriculum		22
General Education - Distribution Areas		27
History Major:		44
I. Foundations		16
HIST 200 Global Perspectives	4	
HIST 217 Early America to 1877	4	
HIST 218 Modern America since 1865	4	
HIST 300 The Historian's Craft	4	
II. Advanced Surveys and Special Studies*		24
Select six courses at the 300- or 400-level. Excludes HIST 495 and HIST 497.	24	
III. Capstone**		4
HIST 495 Senior Seminar <i>or</i> HIST 497 Independent Studies in History	4	
General Electives		35
Total Required Credits		128

* With some exceptions, 300-level courses are European and American period courses; 400-level courses are normally area studies or topical courses. Students should consult with their advisors to achieve a suitable balance of 300- and 400-level courses.

** A history major is expected to enroll in a Senior Seminar (HIST 495). With permission of the instructor and department chair, a student with a special project may substitute Independent Studies (HIST 497) for this requirement.

History Major with a Concentration in Legal Studies (B.A.)

In addition to the general history major, a concentration in legal studies is available. In partnership with the Cumberland School of Law, this concentration will help students develop the important skills and values that will provide a sound foundation for a legal education and for subsequent careers. A history major with a concentration in legal studies will also focus on the knowledge that would maximize a student's ability to benefit from a legal education. These areas of humanities-based study, as recommended by the American Bar Association (ABA), include: A broad understanding of history, a fundamental understanding of politics, a basic understanding of human behavior and social interaction, and an understanding of diverse cultures within and beyond the United States, of international institutions and issues, of world events, and of the increasing interdependence of the nations and communities within our world. Students will work with an advisor in the Department of History to select general education, major courses, and electives which will prepare them to benefit fully from a challenging legal education. Students are required to complete a Legal Studies Internship (HIST 471) and to participate in the Department of History's Legal Mentoring Program. In particular, history students preparing to participate in the 3+3 program with Cumberland School of Law are strongly encouraged to concentrate in legal studies.

History Major with Legal Studies Concentration Required Courses	Course Credits	Total Required Credits

* With some exceptions, 300-level courses are European and American period courses; 400-level courses are normally area studies or topical courses. Students should consult with their advisors to achieve a suitable balance of 300- and 400-level courses.

** In consultation with an advisor, students may substitute other courses with a legal focus.

*** A history major is expected to enroll in a Senior Seminar (HIST 495). With permission of the instructor and department chair, a student with a special project may substitute Independent Studies (HIST 497) for this requirement.

Global Studies Interdisciplinary Major (B.A.)

The global studies major is a humanities-based interdisciplinary major providing students the tools to study, encounter, and engage with the people, cultures, and languages throughout history and in the ever-changing present.

Global Studies Interdisciplinary Major Required Courses	Course Credits	Total Required Credits
General Education - University Core Curriculum		22
General Education - Distribution Areas		27
Global Studies Interdisciplinary Major:		52-68
Global Studies Core		8-24
HIST 200 Global Perspectives	4

Elementary World Language courses*	(4-8)	
Intermediate or Accelerated Intermediate World Language courses*	(4-8)	
Global Studies Electives		36
Select five World History courses at the 300- or 400-level. Excludes HIST 300, 495, and 497.	20	
Select four World Language courses at the 300/400-level. One course must be in the culture of the chosen language. Two or more culture courses preferred.	16	
Approaches to Culture(s): Theory or Practice		4
Complete 4 credits of international study or internship, subject to approval of academic advisors, <i>or</i> HIST 449 History, Culture, and Colonialism	4	
Capstone		4
HIST 495 Senior Seminar	4	
General Electives		11-27
Total Required Credits		128

* Four of these credits are included in the General Education Requirements; the balance (up to 16 for one language) will be applied towards General Electives.

Asian Studies Minor

The Asian studies minor serves two groups of students. The first are global studies majors who desire to highlight their specialty in Asia. The second are non-global studies majors who have an interest in both Asian history and language. In contrast to the Asian studies concentration, students must demonstrate proficiency in an Asian language.

Asian Studies Minor Required Courses	Course Credits	Total Required Credits
Asian Studies Language*		(0-16)
Elementary CHIN/JAPN/KORE or any approved Asian Lang	(4-8)	
Intermediate CHIN/JAPN/KORE or any approved Asian Lang	(4-8)

*Or the equivalent SPAN study abroad option in Latin America.

Courses

HISTORY

HIST 200 Global Perspectives (4)

Examination of the development of Western Civilization in its global setting since 1500, through its political, social, economic, and scientific evolution. Required of history majors. Offered: Fall and Spring.

HIST 217 Early America to 1877 (4)

Social, cultural, and political overview of American history from its colonial beginnings through the end of Reconstruction. Required of history majors. Offered: Fall and Spring.

HIST 218 Modern America since 1865 (4)

Social, cultural, and political overview of American history from 1865 to the present. Required of history majors. Offered: Fall and Spring.

HIST 300 The Historian's Craft (4)

Introduction to historiography and historical methods and techniques covering the use of primary and secondary sources, note-taking, citation (including Turabian), and Internet sources. Includes completion of a substantial research paper based on both primary and secondary sources, especially as preparation for further upper-division work. Seminar format; required of history majors. Offered: Fall and Spring.

HIST 301 Colonial and Revolutionary America to 1789 (4)

Examination of colonial America focusing on European background; economic, political, and cultural growth; and the American Revolution.

HIST 302 The New Nation, 1789-1860 (4)

Examination of the growth of the United States from the constitutional era through the onset of the sectional conflict.

HIST 305 The Civil War and Reconstruction (4)

Advanced study of the forces and events involved in the coming of the great American conflict, the war years, and Reconstruction.

HIST 306 The Emergence of Modern America, 1865-1929 (4)

Survey of aspects that helped define terms for the politics, economics, and culture of the early 20th century, such as the rise of heavy industry; the businessman as new folk hero; business consolidations and urbanization; "New Immigration" and "Social Darwinism;" and the clash of protests from organized labor, Populism, Socialism, and the Social Gospel.

HIST 307 The Great Depression and World War II (4)

Examination of American social, cultural, and political history during the 1920s, 1930s, and 1940s.

HIST 308 Contemporary America: Media and Politics (4)

Survey of media, politics, and culture since the end of World War II. Cross-listed with JMC 308.

HIST 312 Medieval Intellectual History (4)

Survey of intellectual, religious and political trends from the year 1000 through 1500 with particular attention to the rise of the papacy, the revolution of scholasticism, and the challenges of early reformers. Offered: Spring, on rotation.

HIST 313 Reformation Europe (4)

Study of the dynamic forces loosed in the Reformation, with cultural, intellectual, theological, and political emphases.

HIST 314 The Enlightenment (4)

Survey of political, social, and religious developments of the Enlightenment period. Includes a study of primary and secondary texts that contribute to 17th and 18th century intellectual history and the development of Western Europe. Offered: Fall, on rotation.

HIST 315 American Intellectual History (4)

An in-depth study of the historical interpretations of American intellectual life from the colonial period through the progressive movement in the early 20th century. Prereq: UCCA 102 or UFWR 101. Offered: On rotation.

HIST 316 Modern Intellectual History (4)

Survey of the relationship between intellectual and political trends that gave rise to Liberalism, Marxism, and Fascism between the 18th and the 20th centuries.

HIST 317 Nationalism (4)

Advanced study of 19th-century and 20th-century European history focusing on the rise of nationalism and its consequences.

HIST 322 Early 20th Century Europe (4)

Advanced study of the political, economic, military, and cultural aspects of European history and Europe's international relations, 1900-1945.

HIST 323 Recent European History (4)

Advanced study of late 20th century European history since 1945. Emphasis on the political, economic, military, and cultural aspects of Europe and Europe's international relations.

HIST 326 Modern Russia (4)

Review of Russian and Soviet history from the emancipation of the serfs to the present. Focus of lectures is on politics, international relations, and ideologies; focus of most of the required reading and research papers is on Russian culture, broadly defined.

HIST 331 Ancient Near East and Greece (4)

Review of the characteristics and contributions of this region from the rise of civilizations and the development of society in Sumeria, Egypt, Mesopotamia, Syria-Palestine, Asia Minor, and Greece.

HIST 332 Roman Republic and Empire (4)

Study of the growth of Roman civilization, with emphasis on Rome's political, cultural, and religious contributions.

HIST 333 Foundations of Islamic Civilization (4)

This course examines the early development of the global phenomenon of Islam and Islamic civilization. It begins with a description of Near East cultures at the end of Late Antiquity and concludes with the Ottomans. The course treats Islamic civilization as a historical process that was expressed differently in various periods and regions. Students will read portions of chronicles and selections from the Qur'an and hadith. Offered: On rotation.

HIST 335 Modern Middle East (4)

Study of the emergence of modern nation-states in the Middle East, beginning with the framework of the Ottoman Empire. Course focuses on political and social problems since 1800.

HIST 336 Modern Africa (4)

Broad cultural history of Africa and the Middle East.

HIST 340 Riots, Rebellions, and Revolutions (4)

Examination of radical social change through comparison of various revolutions (e.g., English, American, French, Russian, and Chinese). Cross-listed with POLS 348. Offered: Jan Term, on rotation.

HIST 341 China to 1644 (4)

Examination of the major political, social, economic, and cultural developments of Chinese civilization through 1644, and evaluation of the impact of these developments on world history.

HIST 342 Modern China (4)

Examination of the major political, social, economic, and cultural developments of Chinese civilization since 1644, and evaluation of the impact of these developments on world history.

HIST 343 Modern Japan (4)

Examination of the major political, economic, and social developments of Japan since 1868.

HIST 345 Christianity, Imperialism, and Identity in Asia (4)

Introduction to the way in which China, Japan, and Southeast Asia, including Malaysia, Indonesia, and the Philippines, have responded to Western imperialism.

HIST 346 Monsoon Asia (4)

Broad cultural history of China, Japan, India, and Indonesia.

HIST 347 The Vietnam War (4)

Study of the Vietnam War, its origin, and its impact on American society.

HIST 350 Modern Latin America (4)

Survey of modern Latin American history, with particular attention to social and cultural forms, racial and ethnic interaction, and the region's political trajectory. Includes study of contemporary issues such as popular nationalism, drug trafficking and terrorism, human rights, and the interrelation of free trade and democratic government. Offered: Spring, on rotation.

HIST 351 Modern Mexico and Central America (4)

Seminar on Mexican history, with particular emphasis on the 19th and 20th centuries. Offered: Spring, on rotation.

HIST 355 Colonial Latin America (4)

Study of the indigenous cultures of the Americas from pre-Columbian times to the present. Introduces ethnohistorical methodology and topical readings including first-hand accounts of (and by) Native Americans. Offered: Fall, on rotation.

HIST 361 Bridging London (4)

Field-based exploration of the geography of London and its environs. Students investigate historical development, commerce, naval power, imperialism, colonialism, scientific achievement, industrial revolution, financial systems, economic frameworks, transportation, governance, urban design, community, culture, society, ethnicity, international significance, and the intersection between globalization and urbanization. Cross-listed with CLAS 361, GEOG 361, JMC 361, POLS 361, SOCI 361.

HIST 362 Early Modern England (4)

Study of English political, social, and cultural history from 1485 through the Glorious Revolution.

HIST 363 Modern England (4)

Study of the development of the English nation and empire since 1750.

HIST 370 Suburban Nation: Gates, Golf Courses, and Ghettos (4)

Addresses the fundamental questions: How did the United State become such a suburban nation? How has this pervasive suburban landscape changed over time, both in design and meaning? Using a variety of sources (film, fiction, an historical essays), the course considers the evolution of the suburban landscape from the colonial to the contemporary era. Cross-listed with GEOG 370 and SOCI 370. Offered: Fall, on rotation.

HIST 390 Monarchs, Bishops, and Martyrs: The English Reformation (4)

Study of historical and religious factors of the English Reformation. Course is taught in London with visits to historical sites. Cross-listed with POLS 390 and RELG 390. Offered: Jan Term, on rotation.

HIST 391 Exploring North American Landscapes: From Wilderness to Walt Disney World (4)

Exploration of the human and physical geographies of the United States and Canada. Drawing from diverse texts, the course explores the evolution of the North American landscape. Topics to be covered include: conversion of the New World wilderness, frontier mythologies, the evolution of the American city, and the cultural impact of suburbia. Cross-listed with GEOG 391. Offered: On rotation.

HIST 395 Giants of Asia: China and India in the 21st Century (4)

Focuses on exploring these two giant countries and understanding their emergence as important world powers in the 21st century. The course investigates the physical environment, history, culture, economy, and politics that help shape these two countries. Cross-listed with GEOG 395 and POLS 395. Offered: Fall, on rotation.

HIST 399 London Study Topics (4)

Special courses designed for and offered at the Daniel House London Study Centre.

HIST 400 Special Topics in History (4)

Unique, one-time courses offered either by visiting professors or as experimental advanced courses by members of the department.

HIST 401 Oral History (4)

Special topics study of local, state, and regional folk cultures through oral histories.

HIST 402 The History of American Women (4)

Study of women who have made a significant impact on mainstream American history and also of the role and status of ordinary women. Includes consideration of the forces that have been exerted on American society by women as a group and the forces that have been exerted upon women.

HIST 403 The Civil Rights Movement (4)

Advanced study of the Civil Rights Movement in America.

HIST 404 Food and History (4)

Study of historical and contemporary systems of food production, distribution, and consumption, as well as the cultural significance of food. Prereq: UCCA 102 or UFWR 101. Offered: On rotation.

HIST 407 The Old South (4)

Study of the antebellum South. Special consideration given to race, slavery, and the evolution of sectionalism.

HIST 408 The New South (4)

Study of the South from Reconstruction to the present.

HIST 409 History of Alabama (4)

Political, social, and cultural examination of Alabama in a regional and national context.

HIST 410 The American Presidency (4)

Examination of the historical evolution of the American presidency, with particular emphasis on the expansion of presidential powers during the 20th century.

HIST 433 Baptists: Their History and Theology (4)

Survey of Baptist history from its beginnings in colonial America to the present. Cross-listed with RELG 433.

HIST 434 Folklore: Europe to America (4)

Study of the pre-history of European peoples in the context of 19th century awakenings of nationalism. Emphasis on the legends, mythologies, and folk literature of Germanic, Slavic, and Celtic areas, as related to their impact on the course of recent history. Includes cross-comparisons with Native American folk culture.

HIST 438 The Family, Sex, and Marriage in Modern Europe (4)

Examination of the development of the European family from the Industrial Revolution to contemporary times. Emphasis on the evolution of marriage, parent-child relationships, and the role of wider kin in family formation.

HIST 439 Race, Violence, and the Death Penalty (4)

This course explores why racial violence occurs, how it unfolds, who participates, what its consequences are, how it has changed over time, and who sanctions it. We will examine both legally sanctioned violence (death penalty) and extralegal violence (lynching) in the context of American history. The primary focus will be on the period from Reconstruction to the end of the Civil Rights Era. Offered: On rotation.

HIST 445 Constitutional History of the United States (4)

Review of the development of the basic concepts of American constitutional law. Cross-listed with POLS 445.

HIST 447 The Development of American Law (4)

Review of the development of American Law.

HIST 448 Seminar in Legal Studies (4)

This seminar is a cooperative effort between the Department of History and Cumberland School of Law. This interdisciplinary course will give students the opportunity to explore various topics related to the intersections between law, history, and culture. Prereq: UCCA 102 or UFWR 101. Offered: On rotation.

HIST 449 History, Culture, and Colonialism (4)

Overview of important theoretical works on history, culture, and society. Emphasis will be given to such topics as the construction of national identities, the mobilization of culture for a number of different purposes, and the tension between national and transnational identities. Prereq: UCCA 102. Offered: Fall and Spring, on rotation.

HIST 470 Internship (4)

Student internships in local, state, national, and international offices and agencies under supervision of the instructor. May be repeated for a maximum of 8 credits. Prereq: Permission of the instructor and department chair.

HIST 471 Legal Studies Internship (2-4)

The Legal Studies Internship is a cooperative effort between the Department of History and a public or private law-related office. The purpose of the Internship is to give students the opportunity to apply their education to actual work situations. The student intern works under the overall supervision of a licensed attorney affiliated with the Department of History's Legal Mentoring Program. Course may be repeated for a maximum of 8 credits. Prereq: UCCA 102 or UFWR 101 and instructor permission. Offered: Fall, Jan Term, Spring, and Summer.

HIST 473 Civic Engagement Internship (2-4)

The Civic Engagement Internship is an experiential learning experience for history and global studies students interested in working with non-profit organizations engaged in service to the community. This internship seeks to enhance traditional modes of learning through civic engagement. Students will gain extensive experience applying principles of civic engagement and major-disciplinary knowledge and skills to community-identified problems. Course may be repeated for a maximum of 8 credits. Prereq: UCCA 102 or UFWR 101 and instructor permission. Offered: Fall, Jan Term, Spring, and Summer.

HIST 474 Public History and Museum Studies Internship (2-4)

The Public History and Museum Studies Internship is an experiential learning experience for history and global studies students interested in careers working in museums or other public history venues. An internship is an excellent opportunity for a student to apply knowledge gained through course work in history courses to a hands-on work experience. Course may be repeated for a maximum of 8 credits. Prereq: UCCA 102 or UFWR 101 and instructor permission. Offered: Fall, Jan Term, Spring, and Summer.

HIST 479 Rise of the British State (4)

Examination of the emergence of the national government in Britain over the last 500 years through the lens of government's growing impact on citizens' daily life. Cross-listed with POLS 479. Offered: Jan Term, in London.

HIST 490 War and Environment (4)

Study of U.S. military policy and engagements from the colonial period to the present with an emphasis on the ways these conflicts have impacted the U.S. and global landscapes. Prereq: UCCA 102. Offered: Fall and Spring, on rotation.

HIST 491 History and the Environment (4)

Study of the way humans have interacted with and altered the natural landscape over time, emphasizing the active role nature plays in shaping human history. Prereq: UCCA 102. Offered: Fall and Spring, on rotation.

HIST 492 Law and the Environment (4)

Using the rich history of the United States as a case study of a global process, this class explores two parallel and interlinked transformations: the rise of a capitalist consumer society and the movement from customary and local controls to state-enforced environmental law. Prereq: UCCA 102 or UFWR 101. Offered: Fall.

HIST 495 Senior Seminar (4)

Intense examination of selected topics in history with emphasis on directed research and writing. Topics vary. Required of all history majors, usually in their senior year. Juniors with a GPA of 3.50 or better in history courses may register with the instructor's written permission. Prereq: HIST 300. Offered: Fall and Spring.

HIST 497 Independent Studies in History (4)

Directed readings and research involving a particular field or period of history designed to give preparation in special areas not fully covered in regular course offerings. Prereq: Permission of the instructor and department chair.

GLOBAL/CULTURAL STUDIES**GCST 300 Approaches to Global Issues (4)**

This course introduces students to different methods for analyzing global topics and asks them to put these approaches to use through independent research and analysis. Offered: Spring.

Journalism and Mass Communication

Faculty

Raymond (Bernie) N. Ankney, Chair, Associate Professor
 Elizabeth (Betsy) Emmons, Vice Chair, Assistant Professor
 David S. Shipley, Associate Professor
 Michael Clay Carey, Assistant Professor
 Virginia (Nia) Johnson, Assistant Professor
 Richard Allen Rush, Assistant Professor

Undergraduate Programs and Requirements

Major

Journalism and Mass Communication with a Concentration in
 Advertising
 Broadcast and Electronic Journalism
 Print Journalism
 Public Relations

Minors

Film Production
 Sports Media

The department offers a major in journalism and mass communication, with four possible concentrations, or tracks: advertising, broadcast and electronic journalism, print journalism, and public relations. Students must officially declare a concentration/track, and each leads to a bachelor of arts degree.

Journalism and mass communication (JMC) majors are also required to have a 20-credit minor or cognate. The minor or cognate is determined by the student in consultation with a journalism and mass communication advisor.

The department also offers minors in film production and sports media.

Admission to the Department of JMC

Students who Transfer and/or Change Majors: Must have completed UCCA 101 (Communication Arts I) or the equivalent with a grade of C- or better, and must have a Samford GPA of 2.50 or better. If a Samford GPA does not exist, a higher education GPA of 2.50 or better will qualify.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

JMC majors must take MATH 110 (Contemporary Mathematics) or higher to fulfill the general education mathematics requirement. JMC majors cannot use JMC 200 to satisfy their general education social science requirement.

Courses

JOURNALISM AND MASS COMMUNICATION

JMC 200 Mass Media and Society (4)

Introduction to mass communication with an emphasis on exposure to mass media messages, the industry, message effects, historical perspective, communication theories, and media literacy. Offered: Every semester.

JMC 202 Introduction to Storytelling (4)

Introduction to the basic skills needed to tell stories effectively through mass media, including story development; fundamental writing techniques for print journalism, web journalism, broadcast journalism, and public relations; journalistic writing style; proper grammar; story construction methods; and media literacy. Prereq: JMC 200. Offered: Spring.

JMC 253 Introduction to Sports Journalism (4)

Introduction to basic skills needed to tell sports stories effectively through mass media. These skills include story development, fundamental writing techniques, journalistic writing style, story construction, coverage of athletic events, profiles and enterprise reporting, and media literacy. Offered: Fall and Spring.

JMC 254 Introduction to Photojournalism (4)

This course is about the basics of still photography for use in mass communications, especially for public relations professionals and journalists, but of use to all who produce and manipulate professional photographs. The latest digital photographic techniques will be employed throughout, including digital still cameras and digital darkroom software. Offered: Every other year.

JMC 303 Print and Web Storytelling (4)

The purpose of this course is to teach students the concepts of advanced reporting and writing for print- and web-based publications. Students will learn how to determine which facts should go in a news story, how to quote sources accurately, apply Associated Press style and correct grammar, and understand online research approaches. Students will present information using in-depth hard news and feature approaches. Prereq: JMC 202. Offered: Fall.

Film Production Interdisciplinary Minor

The interdisciplinary film production minor, offered in cooperation with the Department of Theatre and Dance, allows students to become conversant with the conceptual and practical aspects of visual storytelling. Students will write and edit their own scripts, use digital video cameras to capture scenes, and edit their own projects using high-end software.

Film Production Interdisciplinary Minor Required Courses		Course Credits	Total Required Credits
Film Production Core			15
FLMJ 200	Introduction to Film Production	4	
FLMJ 300	Film Production	4	
FLMJ 400	Documentary Film Production <i>or</i>	4	
FLMJ 410	Short Film Production		
FLMT 310	Screenwriting	3	
Film Production Electives (Choose from the following)			7-8
ENGL 350	Film History	4	
FLME 352	Foreign Film	4	
FLMJ 341	Film Production, Technology, & Culture	4	
FLMT 371	Acting for the Camera	3	
JMC 362	The Film Genre	2	
JMC 364	Film Criticism	2	
POLS 355	Politics in Film	4	
Total Required Credits			22-23

Sports Media Minor

The minor in sports media prepares students for a career in the sports industry with applied instruction in all aspects of sports media, including writing for sports, sports broadcasting, public relations and advertising, and sports photojournalism. The minor is open to students from all majors as the courses are designed to apply basic media skills to sports.

Sports Media Minor Required Courses		Course Credits	Total Required Credits
Prerequisite to the Sports Media Core			4
JMC 202	Introduction to Storytelling (JMC Majors) OR	4	
JMC 253	Introduction to Sports Journalism (Non-JMC Majors)	4	
Sports Media Core			14
JMC 354	Sports Public Relations/Advertising	4	
JMC 355	Sports Photojournalism	4	
JMC 356	Sports Broadcasting	4	
JMC 331	Mass Media Externship	2	
Sports Media Elective (choose one)			3 or 4
MARK 301	Sports Marketing	3	
JMC 492	Special Topics in Mass Media (with a sports emphasis)	4	
Total Required Credits			21-22

JMC 304 Visual Storytelling for Print and Digital Media (4)

Introduction to visual storytelling for print and non-video digital platforms. Students will learn to use and apply the basic principles and elements of visual design to create non-video media products used by advertising, public relations and journalism professionals. Projects will include magazine page design, newsletters, brochures, infographics, specialty photos for social media distribution, and photo essays for print and digital publication. Prereq: JMC 202. Offered: Fall.

JMC 305 Broadcast Storytelling (4)

Writing course for broadcast platforms. Students will apply broadcast writing style to several projects throughout the semester, including voiceovers, radio packages, and TV packages. Students also learn technical skills and relevant software packages associated with broadcast storytelling (camera operation, sound recording, audio/video editing). Prereq: JMC 303. Offered: Spring.

JMC 307 Principles of Public Relations (4)

Introduction and overview of principles, practices, context and structure of public relations in private industry and the public sector, including the tactics of strategic communication and the psychology of persuasion. Prereq: JMC 303. Offered: Spring.

JMC 308 America since 1945: Media and Politics (4)

Survey of media, politics, and culture since the end of World War II. Cross-listed with HIST 308.

JMC 311 Principles of Advertising (4)

An introductory course into the advertising field, including ad history, concepts of persuasion, media planning, and campaign fundamentals. Prereq: JMC 303. Offered: Every other year.

JMC 331 Mass Media Externship (1-2)

Practical experience working under the supervision of qualified practitioners in print, broadcasting, advertising, or public relations. Two credits for the first internship, maximum three credits. Prereq: JMC 303. Offered: Fall, Spring, and Summer 2.

JMC 332 Mass Media Ethics (4)

Historical overview and analysis of applied ethics for mass media professions. Prereq: JMC 305. Offered: Fall and Spring.

JMC 333 Mass Media Law (4)

Study of mass media law including: First Amendment principles, prior restraint, defamation, access to courts, FOIA, privacy, advertising regulation, copyright and trademarks. Prereq: JMC 305. Offered: Fall and Spring.

JMC 354 Sports Public Relations and Advertising (4)

Overview of public relations and advertising fundamentals within the broad field of sports. Prereq: JMC 202 or JMC 253. Offered: Fall, Jan Term, and Spring, on rotation.

JMC 355 Sports Photojournalism (4)

Study of sports/action-based photography including the required building blocks to become a sports photographer: preparation, equipment, exposure, emotion, aesthetics, and access. Prereq: JMC 202 or JMC 253. Offered: Fall.

JMC 356 Sports Broadcasting (4)

This course is an introduction to the study and practice of sports broadcasting for television, an exciting, fast-paced field that has soared in popularity for students entering the media job market. Students learn the history and evolution of electronic sports coverage for radio, television, and Internet. The course also surveys trending show formats and career paths. Students work closely with Samford's Broadcast Services office and the Athletics Department to create sports shows with highlights and short feature stories. This course is an integral part of the sports media minor offered by the Department of Journalism and Mass Communication. Prereq: JMC 202 or JMC 253. Offered: Fall and Spring, on rotation.

JMC 361 Bridging London (4)

Field-based exploration of the geography of London and its environs. Students investigate historical development, commerce, naval power, imperialism, colonialism, scientific achievement, industrial revolution, financial systems, economic frameworks, transportation, governance, urban design, community, culture, society, ethnicity, international significance, and the intersection between globalization and urbanization. Cross-listed with CLAS 361, GEOG 361, HIST 361, POLS 361, SOCI 361.

JMC 362 The Film Genre (2)

Study of the history of the film industry in America and its cultural effects. Co-req: JMC 364. Offered: Summer I and Jan Term.

JMC 364 Film Criticism (2)

Introduction to critical theory as applied to film. Practical application of theory in the form of critical essays. Co-req: JMC 362. Offered: Summer I and Jan Term.

JMC 373 Media of Religion (4)

This course surveys the relationship between the mass media and American religion, especially the practice of Christianity. In particular, this course will focus on the use of media technologies to promote religious messages, with a special emphasis on the burgeoning use of the web and social media by religious organizations, non-profits and individuals for religious and spiritual purposes. The course will also explore the world of religious television and film, explore how religion is portrayed in secular entertainment and news media, and the relationship between Christianity and the mass-mediated consumer culture. Prereq: JMC 200. Offered: Fall and Spring, on rotation.

JMC 380 Social Media Practices (4)

Study of the strategic use of social media and online communication tools to build and nurture relationships to achieve defined communication objectives. Students learn effective social media and content marketing practices based on case studies and applied use of social media and other online communication tools. The course also focuses on the metrics and analytics used to measure and evaluate social media campaigns. Students work in teams to produce a comprehensive strategic social media plan for a client. Prereq: Junior/Senior standing. Offered: Fall and Spring.

JMC 398 The Alabama Constitution: 100 Years of Controversy (4)

Examination of the creation, structure, and interpretation of state constitutions. Special attention paid to the 1901 Alabama Constitution and issues surrounding the document, as well as to current and past reform movements. Cross-listed with POLS 398.

JMC 399 London Study Topics (4)

Special courses designed for and offered at the Daniel House London Study Centre. Topics vary.

JMC 401 Senior Thesis (4)

Capstone experience that includes design, analysis, implementation, testing, and documentation of an original research project. Prereq: Senior standing. Offered: Fall.

JMC 402 Applied Communication Research (4)

Introduction to current mass media research techniques as practiced in the print, broadcast, advertising, and public relations industries. Includes survey research, focus group research, interviewing, and simple experimental techniques as well as basic principles of data collection, analysis, interpretation, and reporting. Research project required. Prereq: Senior standing. Offered: Fall.

JMC 411 Advertising/Marketing Communication (4)

Practical application of principles of writing and producing persuasive materials for integrated marketing communications (IMC) purposes, including advertising, marketing, public relations, publicity, and promotions. Prereq: JMC 305. Offered: Fall.

JMC 412 Advertising/IMC Practicum (4)

Practical application in researching, planning, writing, scheduling, budgeting, and evaluating the creative campaign in a blend of form and function. Includes media selection, copy and layout, audio and video taping, story boards, and preparation of detailed budgets. Prereq: JMC 411. Offered: Spring.

JMC 421 Advanced Mass Media Applications-Electronic (4)

Practical application of photographing, reporting, writing, editing, and producing journalistic and persuasive digital video materials for broadcast and online media. Prereq: JMC 305. Offered: Fall.

JMC 422 Video Practicum (4)

Practical application in producing and directing. Includes staging, lighting, graphics, video control, and composition. Students produce a weekly news/public affairs video magazine (Samford News Network [SNN]). Prereq: JMC 421. Offered: Fall.

JMC 431 Advanced Mass Media Applications-Print/Web (4)

Practical application of writing, editing, and producing materials for print publications including newspapers and magazines. Prereq: JMC 305. Offered: Fall.

JMC 432 Magazine/E-zine Practicum (4)

Practical application in magazine production. Students write articles, edit, design, market, and publish a magazine. Prereq: JMC 431. Offered: Spring.

JMC 441 Public Relations Communication (4)

Intermediate course in various media techniques used by public relations professionals to reach and influence desired publics. Prereq: JMC 305. Offered: Fall.

JMC 442 Public Relations Practicum (4)

Practical application in planning and managing a campaign with emphasis on problem analysis, crisis, and issues management. All students work in a student-run public relations agency. Prereq: JMC 441. Offered: Spring.

JMC 454 International Mass Media (2)

Introduction to and comprehensive survey of international mass media systems and theories with an emphasis on comparative issues, characteristics, and developments. Course is taught abroad.

JMC 482 Independent Study (1-4)

Directed-reading, research, and analysis involving a particular field of interest resulting in a project or paper. Course may be repeated for different topics; maximum of 8 credits. Prereq: Junior standing and/or permission of the instructor.

JMC 492 Special Topics in Mass Media (2-4)

In-depth analysis of a contemporary mass communication topic that is not normally covered in other JMC offerings. Topics vary according to the instructor. Course may be repeated for different topics; maximum of 8 credits.

JOURNALISM & MASS COMMUNICATION - FILM PRODUCTION

FLMJ 200 Introduction to Film Production (4)

Introductory exploration of film form and aesthetics as they relate to film technique and production, focusing on film structure, cinematography, sound, editing, narrative, interpretation, and the state of the contemporary film industry. Includes screening of films to analyze techniques. Prereq: UCCA 101 or UCCA 102. Offered: Fall.

FLMJ 300 Film Production (4)

Techniques of digital filmmaking production, terminology, digital cameras, lighting techniques, audio recording, and digital editing. Includes screening of films to analyze and critique approaches to film production. Prereq: FLMJ 200. Offered: Spring.

FLMJ 341 Film Production, Technology, and Culture (4)

Examination of how technology has influenced film production, focusing on the role that MTV, YouTube, and video iPods have played in changing film production. Includes review of how film production has become more inclusive because of the diffusion of new technologies. Prereq: FLMJ 200. Offered: Spring, on rotation.

FLMJ 400 Documentary Film Production (4)

Exploration of non-fictional visual storytelling by developing and producing a mini-documentary that addresses a community issue. Prereqs: FLMJ 200 and FLMJ 300. Offered: Spring, on rotation.

FLMJ 410 Short Film Production (4)

Examination of fictional visual storytelling by developing and producing a short film that integrates story with technical skill. Prereqs: FLMJ 200 and FLMJ 300. Offered: Spring, on rotation.

Undergraduate Programs and Requirements

Majors

Computer Science
 Mathematics

Minors

Bioinformatics
 Computer Science
 Mathematics

The department offers two majors: mathematics and computer science, both leading to the bachelor of science degree. Students planning to earn an Alabama teacher's certificate in mathematics should consult the department chair and refer to the Orlan Beeson School of Education section of this catalog.

The department also offers three minors: mathematics, computer science, and an interdisciplinary minor in bioinformatics, offered in cooperation with the Department of Biological and Environmental Sciences. The bioinformatics minor is available in three variations, depending on the student's major.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Note: Any math course taken to meet requirements for a major or minor in the department may also be used to meet the general education mathematics requirement.

Computer Science Minor

Computer Science Minor Required Courses	Course Credits	Total Required Credits
Computer Science Core		12
COSC 110 Introduction to Programming	4	
COSC 200 Discrete Structures for Computer Science	4	
COSC 210 Data Structures and Algorithms	4	
Computer Science Electives		12

Mathematics Minor Required Courses	Course Credits	Total Required Credits
Mathematics Core		16
MATH 240 Calculus I	4	
MATH 260 Calculus II	4	
MATH 270 Calculus III	4	
MATH 280 Intro to Advanced Mathematics	4	
Mathematics Upper-Level Elective		4
Computer Science		4
COSC 110 Introduction to Programming	4	
Total Required Credits		24

Computer Science Major (B.S.)

In conjunction with the standard major, the department supports special interdisciplinary tracks in neuroinformatics, bioinformatics, and cognitive science. Consult the Math and Computer Science website at the following URL (<https://www.samford.edu/arts-and-sciences/math-and-computer-science/>) or contact the department directly for details.

*Must include 16 hours in an approved Applications Area. This is another discipline or plan of study defined with a student's advisor in which computing may be used as a tool. Typical choices include, but are not limited to, mathematics, natural or social sciences, GIS, and business. A student planning to do graduate work in computing should select mathematics as his/her Applications Area, and take as electives any upper-level computing courses specified as prerequisites for the graduate program.

Mathematics Major (B.S.)

The department strongly recommends that students planning on graduate studies in mathematics take MATH 430 (Abstract Algebra) and MATH 440 (Introductory Real Analysis). Such students are likely to take at least one or two courses more than the minimum requirement for the major.

Note: Students may also receive secondary certification by completing 44 credits of professional studies. Contact the chair of the Department of Curriculum and Instruction for more information.

Bioinformatics Minor for Computer Science Majors

An interdisciplinary program merging insights and techniques from the fields of biology, computer science, mathematics, and information technology. Computational methods lead to the discovery of new biological insights and the creation of global perspectives from which to discover unifying principles in biology, pharmacology, and medicine.

Three versions of the bioinformatics minor are available. Students majoring in computer science should follow the minor table below. Students majoring in biology or biochemistry should follow the bioinformatics minor table as seen in the Department of Biological and Environmental Sciences section. Students majoring in a discipline other than those noted above should follow the table for "Other Disciplines," seen below.

Bioinformatics Minor for Computer Science Majors Required Courses	Course Credits	Total Required Credits
Biology Core		12
BIOL 203 Foundations of Biology I	4	
BIOL 333 Genetics	4	
BIOL 405 Cell and Molecular Biology	4	
Biology Elective (300 or 400-level, preferably an experimental course)	4	4
Bioinformatics		8
COSC 306 or BIOL 306 Principles of Bioinformatics	4	
COSC 407 or BIOL 407 Advanced Bioinformatics	4	
Mathematics		
Meet math requirements for any course listed above		
Total Required Credits		24

NOTE: Computer science majors may not use COSC 306/BIOL 306 or COSC 407/BIOL 407 to satisfy **both** the computer science major and the bioinformatics minor requirements.

Bioinformatics Minor for Majors in Other Disciplines*

Bioinformatics Minor for Majors in Other Disciplines* Required Courses	Course Credits	Total Required Credits
Biology Core		4-12
BIOL 203 Foundations of Biology I	4	
BIOL 333 Genetics	4	
BIOL 405 Cell and Molecular Biology	4	
OR**		
BIOL elective(s) if core satisfied by another major/minor	4-8	
Computer Science Core		4-12
COSC 110 Introduction to Programming	4	
COSC 200 Discrete Structures for Computer Science	4	
COSC 210 Data Structures and Algorithms	4	
OR**		
COSC elective(s) if core satisfied by another major/minor	4-8	
Bioinformatics		8
COSC 306 or BIOL 306 Principles of Bioinformatics	4	
COSC 407 or BIOL 407 Advanced Bioinformatics	4	
Mathematics		
Meet math requirements for any course listed above		
Total Required Credits		24-32

* For students majoring in a discipline **other than** biology, biochemistry, or computer science.

** The bioinformatics minor requires completion of a minimum of 24 credits in biology and computer science beyond what may already be required for the student's major or for another minor. Courses required in this minor may also be counted towards the student's major or another minor but at least 4 biology credits and 4 computer science credits must be completed exclusively for this minor. Students satisfying core requirements in both biology and computer science would take two additional courses in each area. Additional BIOL courses (if needed) are selected at the 300 or 400-level; additional COSC courses (if needed) are selected from the following: COSC 315, 325, 420, 460, and 470.

Courses

MATHEMATICS

MATH 107 Mathematics for Elementary Teachers (4)

Designed to strengthen understanding of the mathematics that prospective teachers will teach. Includes review of natural numbers, whole numbers, integers, rational numbers, real numbers, and their properties; the variety of representations of different operations; algebraic reasoning and representation; measurements of area, perimeter, surface area, and volume; and geometry concepts including transformations, constructions, and similarities. For ESEC majors only. Offered: Fall and Spring.

MATH 110 Contemporary Mathematics (4)

Development of problem-solving skills obtained by studying a wide range of contemporary applications of mathematics. Connections between contemporary mathematics and modern society are stressed. Prereq: Suitable score on placement exam. Offered: Fall, Jan Term, Spring, and Summer 1.

MATH 150 Precalculus (4)

Introduction to a combination of standard topics from college algebra and trigonometry. Includes examples of modern mathematical modeling, ideas, and applications, plus the skills and knowledge needed for subsequent mathematics courses and/or real world applications. Covers linear, quadratic, exponential, power, logarithmic, polynomial, inverse, and trigonometric functions. Graphing calculator required; consult department for recommended model. Prereq: Suitable score on placement exam. Offered: Fall, Jan Term, Spring, and Summer 1.

MATH 210 Elementary Statistics (4)

Introduction to algebra-based statistics. Includes review of descriptive and inferential statistics with probability decision-making skills necessary for today's complex civilization. Covers frequency, probability, binomial, normal, chi-square and sampling distributions, estimation, hypothesis testing for one and two populations, linear correlation and regression, and analysis of variance. Some class assignments completed using a statistical computing software package. Graphing calculator required; consult department for recommended model. Prereqs: Suitable score on placement exam. Offered: Fall, Spring, Summer 1, possibly Summer 2 or Jan Term.

MATH 240 Calculus I (4)

Introductory study of calculus, beginning with a review of precalculus functions with an emphasis on graphical, numerical, and modeling applications. Topics include: limits, continuity, derivatives and their interpretations, tangent line approximations, the definite integral as a limit of Riemann sums, applications of the definite integral to area and average value, the Fundamental Theorem of Calculus, rules of derivatives, formulas for derivatives of precalculus functions, implicit functions, economics applications, optimization and modeling, and Newton's method. Some class assignments/projects completed using the computer algebra system, Mathematica. Graphing calculator required; consult department for recommended model. Prereqs: MATH 150 or suitable score on placement exam. Offered: Fall, Jan Term, Spring, and possibly Summer.

MATH 260 Calculus II (4)

Sequel to MATH 240. Topics include: Antiderivatives, integration by substitution, integration by parts, approximation of definite integrals, improper integrals, setting up of Riemann sums in applications, applications of definite integrals to geometry, physics, and economics, probability distributions, simple first order differential equations, slope fields, Euler's method, separation of variables, growth and decay, systems of differential equations, applications of second order equations to oscillations, Taylor approximations, and Taylor series. Some class assignments/projects completed using the computer algebra system, Mathematica. Graphing calculator required; consult department for recommended model. Prereq: Grade of C or better in MATH 240. Offered: Fall and Spring.

MATH 270 Calculus III (4)

Sequel to MATH 260. Topics include: Functions of two and three variables, graphs of surfaces, contour plots, vectors, dot products, cross products, partial derivatives, local linearity, differentials, directional derivatives, gradients, chain rule, partial differential equations, constrained and unconstrained optimization, multivariable integration, iterated integrals, numerical integration by the Monte Carlo method, change of variables in multivariable integrals, parameterized curves, and surfaces. Some class assignments/projects completed using the computer algebra system, Mathematica. Graphing calculator required; consult department for recommended model. Prereq: Grade of C or better in MATH 260. Offered: Fall and Spring.

MATH 280 Introduction to Advanced Mathematics (4)

Transition from calculus sequence to upper-level math. Primary objective is learning how to read, understand, and write proofs; hence, logic and proof techniques and strategies are heavily discussed. Secondary objective is learning certain basic math concepts needed for upper-level math courses, including set theory, functions, and relations. Other topics may include infinite sets, the set of integers, the set of real numbers, discrete math, and basic number theory. Prereq/Co-Req: MATH 270. Offered: Fall and Spring.

MATH 320 Numerical Analysis (4)

Study of fine differences, interpolations, differentiation and integration, Lagrangian formulas, solutions of equations, systems of equations initial-value problems for ordinary differential equations, curve fitting, and approximation theory. Prereq: MATH 270. Strongly recommended prereq: MATH 280 and/or COSC 200.

MATH 330 Differential Equations (4)

Study of ordinary differential equations. Methods of solutions to differential equations are presented and applied in detail. Topics include the general solution to a linear differential equation, linear homogeneous and nonhomogeneous differential equations of higher order with constant coefficients, Laplace transforms, infinite series methods, Legendre Polynomials, Bessel Functions, and linear systems of differential equations. Prereq: MATH 270. Strongly recommended prereq: MATH 280 and/or COSC 200. Offered: Spring.

MATH 340 Linear Algebra (4)

Study of fields, systems of linear equations, matrices, vector spaces, subspaces, bases and dimension, linear transformations, isomorphism, representation of transformations by matrices, linear functionals, determinants, eigenvalues and eigenvectors, invariant subspaces, inner product spaces, stochastic matrices, matrix exponentials, and numerical methods. Prereq: MATH 270. Strongly recommended prereq: MATH 280 and/or COSC 200. Offered: Fall.

MATH 350 Vector Calculus (4)

Study of vector algebra in two and three dimensions, equations of lines in space, scalar products, orientation, vector products, triple scalar products, vector identities, tensors, vector valued functions, velocity, tangent vectors, acceleration, vector fields, gradients, divergence, curl, the Laplacian, line integrals, potentials, conservative fields, irrotational fields, surface integrals, volume integrals, divergence theorem, Green's formula, and Stoke's theorem. Applications to electrostatics, force fields, potential theory, fluid flow, heat flow, gravitation, and wave equations. Prereq: MATH 270. Strongly recommended prereq: MATH 280 and/or COSC 200; PHYS 203 and PHYS 204.

MATH 360 Complex Variables (4)

Study of functions of a complex variable. Topics include analytic and harmonic functions, transformation and mapping, complex integration, power series, residues and poles, conformal mapping, and additional theory of functions. Prereq: MATH 270. Strongly recommended prereq: MATH 280 and/or COSC 200.

MATH 370 Mathematical Statistics (4)

Introduction to calculus-based probability theory and statistical inference. Topics include: probability measures, independence and conditional probability, discrete random variables, continuous random variables, distribution functions, expectations, multivariate distributions, correlations, binomial, Poisson, gamma, chi-square, normal distributions, sampling distributions, order statistics, moment-generating functions, functions of random variables, convergence of distributions, central limit theorem, point estimators, maximum likelihood, confidence intervals, hypothesis testing, sufficient statistics, Bayesian estimation, likelihood ratio tests, analysis of variance, linear regression, and nonparametric statistics. Prereq: MATH 270. Strongly recommended prereq: MATH 280 and/or COSC 200.

MATH 410 Number Theory (4)

Introduction to the theory of numbers. Topics include divisibility, factorization, prime numbers, congruencies, arithmetic functions, quadratic residues, and Diophantine equations. Additional topics may include primitive roots, continued fractions, cryptography, Fibonacci numbers, and numerical techniques. Prereq: MATH 280.

MATH 420 College Geometry (4)

Axiomatic, proof-oriented treatment of different geometries, including synthetic, metric, absolute, and Euclidean geometries. Other topics may include finite geometries, fractals, constructions, and specific non-Euclidean geometries. Prereq: MATH 280.

MATH 430 Abstract Algebra (4)

Introduction to abstract algebra, groups, rings, and fields. Topics include: binary operations, groups, subgroups, cyclic groups, groups of permutations, cosets, finitely generated groups, homeomorphisms, isomorphisms, factor groups, rings, fields, and integral domains. Additional topics may include fields of quotients, rings of polynomials, factor rings, ideals, unique factorization domains, and the Sylow Theorems. Prereqs: MATH 340 or MATH 410.

MATH 440 Introductory Real Analysis (4)

Proof-oriented introduction to topics in mathematical analysis. Topics include: field axioms of real numbers, completeness axiom, set theory, relations and functions, infinite sets, countable sets, open and closed sets, closure, limit points, Bolzano-Weierstrass theorem, limits and partial limits of sequences, monotone sequences, Cauchy sequences, limits of functions, continuity, extreme value theorem, intermediate value theorem, uniform continuity, differentiation, chain rule, mean value theorem, L'Hopital's rule, convergent series, tests for convergence of series, rearrangement of series, Riemann sums, Riemann integrability, Fundamental Theorem of Calculus, change of variables, sequences of functions, uniform convergence, and power series. Prereq: MATH 280.

MATH 450 General Topology (4)

Survey of the fundamental concepts of general topology which depend upon the elementary properties of sets and functions. Includes topological spaces, subspaces, continuity, homeomorphisms, product spaces, connectedness, compactness, separation properties, and metric spaces. Prereq: MATH 280.

MATH 480 Topics in Mathematics (1-4)

Independent study arranged between a student (or students) and a faculty member. Topics vary. May be repeated for credit. Prereqs: At least one upper-level mathematics course.

MATH 485 Senior Seminar (2)

Seminar with two components: 1) Topic selected by instructor and presented in the "Moore" style (i.e., a list of results are distributed to students, students responsible for presenting results in class.) 2) During the semester, students select a topic of research for the sequel course, MATH 495. They give brief presentations in class and turn in a written proposal for the project to be approved by all mathematics department faculty. In the time between the two courses, students begin to implement the proposal. Prereq: At least one 400-level MATH course.

MATH 495 Senior Project (2)

Students complete the project proposed in MATH 485. Instructor sets deadlines for rough drafts and students present fragments of the work periodically, with continual instructor feedback. Final outcome is a written project and a presentation that is reviewed by all department faculty. Students are required to take the major field test (MFT) in mathematics at the conclusion of the course. Prereq: MATH 485.

COMPUTER SCIENCE**COSC 107 Introduction to Computer Science (4)**

Exploration of the foundations of computing as a science, including how computing represents the effective merger of science, mathematics, and engineering. Incorporates hands-on experience to illustrate how computers operate based on simple principles of logic and abstraction; demonstrates how to communicate with them via algorithms and use of a simple programming language; evaluates limitations; examines alternative computing paradigms; considers emerging technologies; contemplates major innovations such as the Internet, virtual reality, and intelligent systems; and surveys a variety of issues facing society. Not a computer literacy course. Computer science majors cannot use this course to fulfill their general education natural and computational science requirement. Prereqs: Basic computer literacy (familiarity with file/folder manipulation, word processing, and spreadsheet applications); mathematics background suitable for placement into Precalculus.

COSC 110 Introduction to Programming (4)

Introduction to the fundamental techniques of programming as a foundation for more advanced study of computer science and as a tool for other disciplines. Includes introduction to object-oriented programming using Java. Focus on development of effective software engineering practice, emphasizing such principles as design, decomposition, encapsulation, procedural abstraction, testing, and software reuse. Topics include programming constructs, problem-solving strategies, the concept of an algorithm, recursion, fundamental data structures, and an introduction to machine representation, graphics, networking, and interactive development environments. Prereqs: Basic computer literacy (familiarity with file/folder manipulation, word processing, and spreadsheet applications); mathematics background suitable for placement into Precalculus.

COSC 200 Discrete Structures for Computer Science (4)

Introduction to discrete mathematics as it is used in computer science, fostering logical methods of problem solving and thinking. Topics include functions, relations, sets, propositional and predicate logic, simple circuit logic, proof techniques, finite state machines, Turing machines, elementary formal language theory, graph theory, Boolean algebra, computability, complexity, elementary combinatorics, and discrete probability. Prereqs: Mathematical preparation sufficient to take calculus at the college level. Offered: Fall.

COSC 210 Data Structures and Algorithms (4)

Extension of previously acquired foundational programming experiences, with particular emphasis on the use of data abstraction and object-oriented programming in the design and implementation of fundamental data structures and algorithms. Topics include recursion, basic data structures, efficiency, complexity, primary algorithms for searching, sorting, tree and graph manipulation, hashing, inheritance, and polymorphism. Includes significant programming experiences in a language such as Java. Prereqs: Grade of C or better in COSC 110; grade of C or better in COSC 200 desirable as prereq, but may be taken concurrently or with permission of the instructor.

COSC 305 Computer Organization and Architecture (4)

Study of concepts of computer systems and computer architecture. Focus on fundamentals of logic design, organization and structure of the major hardware components of computers, and the mechanics of information transfer and control within a computer system. Includes lab experiences in assembler language programming and simulation of computer circuits, and investigation of different architectures (composition and connection of larger blocks) supporting parallel computing and data communications. Prereqs: COSC 200 and COSC 210, with grades of C or better. Offered: Fall.

COSC 306 Principles of Bioinformatics (4)

Interdisciplinary biological and computational approach to science to gain new insights into complex living systems. Methods developed in this discipline address outstanding questions in medicine, behavior, health, pharmacy, genetics, the environment, and other biologically related areas. Cross-listed with BIOL 306. Prereqs for all majors: BIOL 105, 110, or 203; or permission of the instructor. Additional prereq for computer science majors: COSC 110, with a grade of C or better. Offered: Spring

COSC 315 Databases and Information Management (4)

Study of underlying concepts and structures in the design and implementation of database management systems. Includes lab experiences, such as implementation of DBMS projects using commercially available software. Also covered: design, creation, and maintenance of data files, and implementation of several methods in high-level language(s); sorting and searching techniques, and how they relate to various data structures; design and construction of user interfaces; ethical issues involving security and privacy, and other issues related to the use of distributed databases. Prereqs: COSC 200 and COSC 210, with grades of C or better. Offered: Spring.

COSC 325 Languages and Theory (4)

Study of the history of programming languages and styles; programming paradigms; language features supporting parallel and distributed computing; formal language theory, special purpose languages, automata, syntax, grammars, semantics, bindings, symbol tables, data types, scoping, parameter passing, abstract data types, computability and solvability, and complexity classes; design and implementation of (part of) a compiler; simulation of theoretical machines such as finite state automata; empirical comparisons of various algorithms and programming paradigms; and utility of interactive tools and environments. Prereqs: COSC 200, COSC 210, and MATH 240, with grades of C or better. Offered: Spring.

COSC 335 Operating Systems and Networking (4)

Introduction to the fundamentals of operating systems, networking, and communications; in-depth treatment of operating systems and their interface with hardware, applications, and system user; contemporary social and professional issues, such as intellectual property, risks and liabilities, and system security in the context of operating systems design; data communications and transmission methods; wide- and local-area networks; and simulation of (parts of) an operating system and of network protocols. Prereqs: COSC 200 and COSC 210, with grades of C or better. Offered: Fall.

COSC 407 Advanced Bioinformatics (4)

Advanced topics in bioinformatics including in-depth investigation of algorithms, innovative techniques, alternative paradigms, advanced database interaction, and algorithm implementation. Cross-listed with BIOL 407. Prereqs: BIOL 203, BIOL 333, COSC 110, COSC 210; and BIOL 306 or COSC 306. Offered: Spring.

COSC 410 Computer Science Research/Internship (1-4)

Research project or internship completed under the supervision of a faculty member, with results presented in a written paper or other appropriate document (e.g., user's manual, if the project involves software development). Cannot substitute for required courses in the computer science major. May be repeated for a total of 8 credits. Prereqs: COSC 110, with a grade of C or better, and permission of the instructor, in response to written proposal submitted by the student.

COSC 420 Software Engineering (4)

Examination of a range of topics integral to the design, implementation, and testing of a medium-scale software system, with practical experience of implementing such a project as a member of a programming team. Also includes material on professionalism and ethical responsibilities in software development and human-computer interaction. Prereqs: COSC 315, with a grade of C or better. Offered: Fall.

COSC 460 Current Topics in Computing (4)

In-depth exploration of a designated "topic of the year," providing a mechanism for study of important topics of current interest in the rapidly changing discipline of computer science. Includes research, simulation, and/or analysis of various approaches related to the topic(s) under study. Major emphasis on demonstration of maturity in use of various computer science tools in investigations. Such tools include programming, software development, research skills, communications skills, data structures, and algorithm analysis. Prereqs: Grades of C or better in at least one 300-level COSC course and MATH 240. Offered: Fall.

COSC 470 Artificial Intelligence and Advanced Computing Strategies (4)

Exploration of one of the ultimate computer science objectives: simulating intelligence in machines. Considers intelligent behavior in living beings, identifies problems confronting AI researchers, and explores a variety of approaches to the development of intelligent systems. Methodologies include traditional knowledge representation, search, and heuristic strategies, as well as alternative computational paradigms such as artificial neural networks. Cognitive behaviors in machines are modeled via computer simulation and robotics. Techniques presented draw on knowledge accumulated from a broad range of disciplines. Prereqs: Permission of the instructor. Computer science majors should have grades of C or better in at least one 300-level computer science course and should be proficient in Java or C++. A math background that includes calculus and advanced courses is helpful but not essential. Offered: Spring.

COSC 495 Senior Seminar and Project (4)

Capstone experience for computer science majors. Major emphasis on reviewing the entire range of topics studied within the curriculum and providing individual students an opportunity to accomplish a significant research or software development project. Students give both oral and written presentations of their projects and are required to take the Major Field Test (MFT) exam. Topic, scope, and (if appropriate) software to be used in the project must be approved in advance by the professor(s). Prereqs: Grades of C or better in one 400-level and two 300-level COSC courses and MATH 240. Offered: Spring.

Philosophy

Faculty

Dennis L. Sansom, Chair, Professor
 B. Keith Putt, Professor
 Wilton H. Bunch, Professor of Ethics
 Allison Hepola, Assistant Professor
 Josh Reeves, Assistant Professor

Undergraduate Programs and Requirements

Majors

Philosophy
 Philosophy and Religion

Minors

Medical Ethics
 Philosophy
 Science and Religion

Interdisciplinary Major

Science and Religion

The Department of Philosophy offers a major in philosophy, plus a major combining philosophy and religion. Both majors earn the bachelor of arts degree. In addition, the department offers an interdisciplinary major in science and religion that leads to the bachelor of science degree. The department also offers minors in medical ethics, philosophy, and science and religion.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

A philosophy major or minor can use either PHIL 241 (Introduction to Philosophy) or PHIL/RELG 200 (Christian Ethics) to satisfy the general education humanities requirement or the requirements for a major or minor in philosophy, but not for both requirements. Science and religion majors must take RELG 201 (Introduction to World Religions) to satisfy the general education humanities requirement.

Philosophy and Religion Major (B.A.)

Philosophy and Religion Major Required Courses	Course Credits	Total Required Credits
General Education - University Core Curriculum		22

Philosophy Major (B.A.)

Students majoring in philosophy can take no more than two courses offered by the Birmingham Area Consortium of Higher Education (BACHE), i.e., University of Alabama at Birmingham, University of Montevallo, Birmingham-Southern College, or Miles College, after consultation with his/her advisor at Samford.

PHIL 301 (History of Philosophy: Ancient and Medieval) also counts toward a classics major. PHIL 301 or PHIL 302 (History of Philosophy: Modern and Contemporary) count towards a political science major. PHIL 311 (Philosophy of Religion) counts towards a religion major. PHIL 301, PHIL 302, and PHIL 351 (Logic) count towards the pre-law program.

Philosophy Major Required Courses	Course Credits	Total Required Credits
General Education - University Core Curriculum		22
General Education - Distribution Areas		27
Philosophy Major:		36
Philosophy Core		24
PHIL 301 History of Philosophy: Ancient/Medieval	4

Courses

PHILOSOPHY

PHIL 200 Christian Ethics (4)

Examination of contemporary social-ethical issues in light of Christian ethical principles, derived from scripture, church history, and the history of philosophy. Cross-listed with RELG 200. Offered: Fall and Spring.

PHIL 210 Introduction to Science and Religion (4)

Exploration of the interaction between science and religion in Western culture, with some comparative analysis of non-Western traditions. Included are a comparison of the tasks of scientific and theological investigation and discourse, models of interaction between science and religion, historical conflicts, and ethical implications. Offered: Spring.

PHIL 241 Introduction to Philosophy (4)

Examination of perennial questions and problems of life that have inspired philosophical investigation over the past 2,500 years. Offered: Fall and Spring.

PHIL 301 History of Philosophy: Ancient and Medieval (4)

Survey and examination of salient and influential ideas and representatives of the history of philosophy from pre-Socratic philosophers through the medieval period, presenting the significance and historical context of philosophical concerns. Offered: Fall.

PHIL 302 History of Philosophy: Modern and Contemporary (4)

Survey and examination of salient and influential ideas and representatives of the history of philosophy from the 17th century to the present, including the significance and historical context of philosophical concerns. Offered: Spring.

PHIL 311 Philosophy of Religion (4)

Investigation of philosophical issues in religious thought, including such issues as proofs and disproofs of God's existence, the meaning of religious language, truth-claims in different religions, and related matters. Cross-listed with RELG 311. Offered: Fall, on rotation.

PHIL 314 Philosophical Ethics (4)

Exploration of fundamental bases of morality by presenting and examining the salient features of virtue, duty, utilitarian ethics, and Divine Command ethics. Offered: Fall, on rotation.

Science and Religion Major (B.S.)

Students majoring in this interdisciplinary course of study take a broad core in the sciences and humanities, then select a specific area of concentration (biology, chemistry, computer science, mathematics, physics, pre-health, or religion). These courses will be framed by specific courses and a senior project in science and religion.

Science and Religion Major Required Courses	Course Credits	Total Required Credits
General Education - University Core Curriculum		22
General Education - Distribution Areas:		24
Natural and Computational Sciences		5
CHEM 205 Foundations of Chemistry	4	
CHEM 206 Foundations of Chemistry Laboratory	1	
Social Sciences		4
PSYC 101 General Psychology	4	
Mathematics		4
MATH 240 Calculus I	4	
Languages: Proficiency through 202 or higher		4
Fine Arts		3
SOA 200 Arts in Society (non-SOA majs)	3	
Humanities		4
RELG 201 Intro to World Religions	4	
Science and Religion Major:		54
Science and Religion Core		12
PHIL 210 Introduction to Science and Religion	4	
SCRL 410 Special Topics in Science and Religion (take twice)	4	
SCRL 450 Seminar in Science and Religion	4	
Biology		4
BIOL 203 Foundations of Biology I	4	
Chemistry (see note)*		4
CHEM 215 Fundamentals of Organic Chemistry	3	
CHEM 216 Fundamentals of Organic Chemistry Lab	1	
Mathematics and Computer Science		8
MATH 260 Calculus II	4	
COSC 110 Introduction to Programming	4	
Philosophy and Religion		12
PHIL/RELG 311 Philosophy of Religion	4	
PHIL 328 Metaphysics	4

PSYC 409 Cognitive Psychology	4	
Science and Religion Concentration (Choose a concentration at right and complete all courses indicated)		16-24
General Electives		4-12
Total Required Credits		128

* For students in the pre-health or chemistry concentration, CHEM 310 & 311 must be substituted for CHEM 215 & 216, as they are prerequisites for CHEM 312 & 313. NOTE: This program is under review and subject to change.

Concentrations for the Science and Religion Major

Concentrations for the Science and Religion Major Required Courses	Course Credits	Total Required Credits
Science and Religion Concentration (Choose a concentration below and complete all courses indicated)		16-24
Biology Concentration		20
BIOL 204 Foundations of Biology II	4	
BIOL 326 Environmental Science	4	
BIOL 333 Genetics	4	
BIOL 405 Cell and Molecular Biology	4	
One additional 300 or 400-level BIOL course	4	
Chemistry Concentration		16
CHEM 312 & 313 Organic Chemistry II & Lab*	4	
CHEM 325 & 326 Quantitative Chem Analysis & Lab	4	
CHEM 350 Biochemistry	3	
CHEM 355 Inorganic Chemistry	3	
At least two additional 300 or 400-level CHEM credits	2	
Computer Science Concentration		24
COSC 200 Discrete Structures for Computer Science	4	
COSC 210 Data Structures and Algorithms	4	
COSC 306 Principles of Bioinformatics	4	
COSC 470 Artificial Intelligence/Adv Comp Strategies	4	
Two additional 300 or 400-level COSC courses	8	
Mathematics Concentration		24
MATH 270 Calculus III	4	
MATH 280 Introduction to Advanced Mathematics	4	
MATH 330 Differential Equations	4	
MATH 340 Linear Algebra	4	
Two additional 300 or 400-level MATH courses	8	
Physics Concentration		16
PHYS 310 & 311 Mechanics I & Laboratory	4	
PHYS 330 & 331 Electricity and Magnetism I & Lab	4	
PHYS 340 & 341 Optics & Laboratory	4	
PHYS 350 & 351 Modern Physics I & Laboratory	4	
Pre-Health Concentration		16
BIOL 333 Genetics	4	
CHEM 312 & 313 Organic Chemistry II & Lab*	4	
CHEM 325 & 326 Quantitative Chem Analysis & Lab	4	
CHEM 350 Biochemistry	3	
At least one additional 300 or 400-level credit	1	
Religion Concentration		20
RELG 221 Christian Theology	4	
RELG 320 Creation & Covenant-Old Testament	4	
RELG 371 The Craft of Religious Studies	4	
Two additional 300 or 400-level RELG courses	8	
Total Required Credits in a Concentration		16-24

* For students in the pre-health or chemistry concentration, CHEM 310 & 311 must be substituted for CHEM 215 & 216, as they are prerequisites for CHEM 312 & 313.

NOTE: This program is under review and subject to change.

PHIL 321 Existentialism (4)

Introduction to philosophical, theological, and literary aspects of such themes as human existence, anxiety, the individual in society, dread, and other issues. Offered: Spring, on rotation.

PHIL 328 Metaphysics (4)

Introduction to and examination of the philosophical study of the nature of reality, time, personal identity, consciousness, freedom, and other related issues. Offered: Spring, on rotation.

PHIL 330 Medical Ethics (4)

Introduction to the ethical issues in health care, medical research, and public policy, with ethical analyses of such issues as euthanasia, physician-assisted suicide, embryonic stem cell therapies, medical research on patients, abortion, in vitro fertilization, cloning, and the natural and civil rights to health care. Offered: Spring, on rotation.

PHIL 331 Medical Humanities (4)

Research and discussion of the relationships and reciprocal influences of medicine to the scientific, humanistic, and economic values of society. The primary goal is to gain a better knowledge of the importance of healthcare in the expression and formation of culture. Prereq: UCCP 101. Prereqs/Co-Reqs: UCCA 102 and UCCP 102. Offered: Spring, on rotation.

PHIL 351 Logic (4)

Introduction to basic principles of correct reasoning, presenting criteria for sound, informal arguments and valid, deductive arguments. Offered: Spring.

PHIL 470 Internship in Philosophy (2 or 4)

Prepares students for the workplace by teaching ways to apply their education in specific tasks in the workplace. Grading is pass/fail. Prereqs: Any two PHIL courses with a grade of C or higher. Offered: Every semester.

PHIL 491, 492, 493, and 494 Readings in Philosophy (1, 2, 3, and 4, respectively)

Offered: As needed.

PHIL 498 Seminar (4)

Correlation of the various studies within the philosophy major, focusing on a senior assessment paper or subject. Offered: Fall.

SCIENCE AND RELIGION

SCRL 410 Special Topics in Science and Religion (2)

In-depth, seminar-style exploration of a specific designated topic in science and religion. Course may be repeated for different topics; maximum of 12 credits. Prereq: Grade of C or better in PHIL 210, or permission of the instructor. Offered: Fall and Spring.

SCRL 450 Seminar in Science and Religion (4)

Capstone experience for science and religion majors culminating in a project and/or paper. Emphasis on critical thinking and reading, writing, speaking, and research in matters of science and religion. Specific course content and format varies to remain topical and applicable to student and instructor interests. Prereqs: Grade of C or better in PHIL 210 and SCRL 410. Offered: Spring.

Sanjiv Kumar Jha, Assistant Professor
Eric Remington, Instructor

Undergraduate Programs and Requirements

Majors

Engineering Physics
Physics (B.A.)
Physics (B.S.)
Dual-Degree Engineering Program

Minor

Physics

The Department of Physics offers two majors: physics (leading to a bachelor of science or bachelor of arts degree) and engineering physics (leading to a bachelor of science degree).

The department also offers a dual-degree engineering program in conjunction with the engineering schools of several regional universities. The five-year program leads to two degrees: a bachelor of science degree from Samford with a major in engineering physics, and a bachelor of engineering degree from the participating university. (See the Undergraduate Dual-Degree Engineering Program section below for more details.)

Students interested in pursuing an engineering career need not necessarily enter the dual-degree program. Since mathematics, physics, computer science, and chemistry are basic in all engineering curricula, students taking basic courses in these fields are well prepared to transfer to any engineering school. At Samford, students can complete half the curriculum required in any of the following fields of engineering: mechanical, electrical, civil, chemical, highway, and aeronautical. Interested students are advised to check with several engineering schools to determine which Samford courses would transfer directly.

To obtain a major in physics, engineering physics, or through the dual degree program, students must maintain a minimum GPA of 2.50 in mathematics and physics courses. Additionally, to receive a bachelor of science degree in physics, but not through the dual degree program, students must complete a senior thesis. See the department chair for details.

The department also offers a minor in physics.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

For a major or minor in physics or a major in engineering physics, the general education mathematics requirement is satisfied by MATH 240 (Calculus I). For a major in physics or engineering physics, the general education natural and computational sciences requirement is satisfied by CHEM 205 (Foundations of Chemistry), with its associated laboratory CHEM 206, and PHYS 203 (Physics I). Physics and engineering physics majors cannot use COSC 107 (Introduction to Computer Science) to fulfill this requirement.

Physics Minor

Physics Minor Required Courses	Course Credits	Total Required Credits
Physics Core		10
PHYS 203 Physics I*	5	
PHYS 204 Physics II	5	
Physics Electives (Select three upper-level courses [300 and above] with lab, if offered)		9-12
Total Required Credits		19-22

* PHYS 203 may also satisfy the general education natural and computational science requirement.

Undergraduate Dual-Degree Engineering Program

The Department of Physics offers a dual-degree engineering program jointly with the following universities: University of Alabama at Birmingham, Auburn University, and Mercer University (Georgia). The five-year program leads to two degrees: a bachelor of science degree from Samford with a major in engineering physics, and a bachelor of engineering degree from the participating university.

Students in this five-year program will first pursue a three-year general curriculum at Samford, followed by a two-year general technical curriculum at one of the participating engineering schools. Students apply to the engineering school during their third year at Samford. Applications must include a letter of recommendation from the chair of the physics department, as well as documentation that the candidate will complete the required coursework at Samford. Candidates must satisfy the admission requirements for the participating engineering school, and should contact the school well in advance of application. The program consists of 96-108 credits at Samford (depending on placement in world languages). Please see the department chair for further information.

Physics Major (B.A.)

Physics Major (B.A.) Required Courses	Course Credits	Total Required Credits

NOTE: Pre-Professional (i.e., Pre-Medicine, Pre-Dentistry, Pre-Optometry or Pre-Veterinary Medicine) must satisfy the requirements of a physics major, bachelor of arts degree. The bachelor of science degree designation can be obtained by a student if a commensurate number of science courses are completed in other departments in order to fulfill the pre-professional degree plan. In order to obtain this designation a candidate must obtain the approval of the physics department chair.

Courses

Of related interest:

IDSC 201 Scientific Methods (4)

Scientific approach to understanding the physical universe through an investigation of representative topics in physics, chemistry, and biology, paying particular attention to the sources of scientific information both for scientists and society. Interdisciplinary course taught by faculty in biology, chemistry, and physics. Satisfies the general education natural and computational sciences requirement for most majors. LEC 4. Prereq: Grade of C- or better in UCCA 102.

PHYSICS

PHYS 100 Physics for Society (4)

Conceptual survey of all fields of physics, including modern developments, with an emphasis on the explanation of everyday physical phenomena. While the course is primarily conceptual in nature, an understanding of high school algebra is necessary for understanding the quantitative concepts in the course. Not applicable to a major or minor in physics; closed to those who have had PHYS 101 or PHYS 203. Includes laboratory. Offered: Fall, Spring and most Jan Terms.

PHYS 101 and 102 General Physics I-II (4 each course)

Study of Newtonian mechanics, heat, light, sound, electricity, magnetism, and relativity. Includes laboratory. Prereq for PHYS 101: Thorough understanding of algebra at the high school level. Prereq for PHYS 102: PHYS 101; elementary knowledge of trigonometry desirable though not required. Offered: Fall and Summer I (101); Spring and Summer 2 (102).

PHYS 150 Introduction to Astronomy (4)

Survey of the solar system, stars, and galaxies. Includes laboratory. Offered: Fall, Spring, and some summers.

PHYS 203 and 204 Physics I-II (5 each course)

Study of Newtonian mechanics, heat, light, sound, electricity, magnetism, and relativity using calculus. Includes laboratory. Co-req for PHYS 203: MATH 240. Co-req for PHYS 204: MATH 260. Prereq for PHYS 204: PHYS 203. Offered: Fall (203); Spring (204).

PHYS 206 Sound and Music (4)

Study of physical principles of production, transmission, and reception of sound. Course cannot count towards a physics major or minor. Includes laboratory. Prereq: High school algebra. Offered: See department chair.

PHYS 310 Mechanics I (3)

Study of classical mechanics, including motion of planets and comets about the sun, using vector calculus. Includes study of the methods of Lagrange and Hamilton. Prereq: PHYS 101 or PHYS 203, and MATH 270. Co-req: PHYS 311. Offered: Spring, on rotation.

PHYS 311 Mechanics I Laboratory (1)

Laboratory companion course to PHYS 310. Co-req: PHYS 310. Offered: Spring, on rotation.

PHYS 330 Electricity and Magnetism I (3)

Study of electromagnetic interaction, featuring Maxwell's equations. Prereq: MATH 270 and either PHYS 203 and 204, or PHYS 101 and 102. Co-req: PHYS 331. Offered: Fall, on rotation.

PHYS 331 Electricity and Magnetism I Laboratory (1)

Laboratory companion course to PHYS 330. Co-req: PHYS 330. Offered: Fall, on rotation.

PHYS 334 Electronics (4)

Introduction to modern electronics. Includes laboratory. Prereq: PHYS 203 and 204 or PHYS 101 and 102. Offered: See department chair.

PHYS 340 Optics (3)

Introduction to optics. Prereq: PHYS 203 and 204 or PHYS 101 and 102; and MATH 260. Co-req: PHYS 341. Offered: Spring, on rotation.

PHYS 341 Optics Laboratory (1)

Laboratory companion course to PHYS 340. Co-req: PHYS 340. Offered: Spring, on rotation.

PHYS 350 Modern Physics I (3)

Study of x-rays, atomic and nuclear physics, radioactivity, relativity, and quantum mechanics. Prereq: PHYS 203 and 204, or PHYS 101 and 102. Co-req: PHYS 351 and MATH 260. Offered: Fall, on rotation.

PHYS 351 Modern Physics I Laboratory (1)

Laboratory companion course to PHYS 350. Co-req: PHYS 350. Offered: Fall, on rotation.

PHYS 360 Modern Physics II (3)

Continued study of quantum mechanics from Modern Physics. Includes applications of quantum mechanics to atomic, nuclear, solid-state, and laser physics. Prereq: PHYS 350. Offered: Fall, on rotation.

PHYS 410 Mechanics II (3)

Continuation of PHYS 310 (Mechanics I). Prereq: PHYS 310 and MATH 330. Offered: See department chair.

PHYS 420 Thermal Physics (3)

Study of theories and concepts of thermodynamics, kinetic theory, and statistical mechanics, including Maxwell-Boltzmann, Bose-Einstein, and Fermi-Dirac statistics. Prereq: PHYS 203 and 204, or PHYS 101 and 102; and MATH 260. Offered: Spring, on rotation.

PHYS 430 Electricity and Magnetism II (3)

Continuation of PHYS 330 (Electricity and Magnetism I). Prereq: MATH 270 and PHYS 330. Offered: See department chair.

PHYS 454 Quantum Mechanics (3)

Study of the formulations of Schrodinger, Heisenberg, and Dirac. Includes applications to atomic and nuclear physics. Prereq: PHYS 360 and MATH 270 or permission of the department chair. Offered: See department chair.

Note on Special Problems courses: A maximum of five credits total for PHYS 461 through PHYS 481, inclusive, may count toward graduation requirements.

PHYS 461 Special Problems (1)

Intended primarily for juniors and seniors in the physical sciences and mathematics. Prereq: Permission of the department chair.

PHYS 471 Special Problems (2)

Prereq: Permission of the department chair.

PHYS 481 Special Problems (3)

Prereq: Permission of the department chair.

PHYS 491 Seminar (1)

Can be repeated up to six times for credit. Prereq: Permission of the department chair.

PHYS 499 Senior Thesis (4)

Capstone course and advanced research experience leading to a significant senior thesis in physics. Each student is required to design, conduct, analyze, write up, and present an original research project under the supervision of a faculty member. Experimental, theoretical, or computational physics topics are acceptable. Prereqs: Physics majors with senior standing and permission of the department chair. Offered: Fall and Spring.

Political Science

Law, Politics, & Society Interdisciplinary Concentration (B.A.)

Law, politics, and society, an interdisciplinary concentration offered in cooperation with schools and departments from across the university, combines knowledge from the worlds of law, politics, and a wide variety of other areas. It focuses on the role of law in local, national, and international society, and is intended for students who are interested in studying the law and pursuing a career in law-related fields.

BUSA 454 Business Law	3	
General Electives		32-36
Total Required Credits		128

*Students must complete their college math requirements before beginning the sequence of business courses, and must complete their 200-level business courses before registering for upper-level business courses.

Courses**POLITICAL SCIENCE****POLS 200 Power and Politics (4)**

Introduction to the field of political science. Focus on political communities and the way in which groups organize to form governments. This is done in reference to the concept of democracy and the way in which political communities either attain or fall short of the democratic ideal. Required of political science majors. Offered: Fall and Spring.

POLS 205 Introduction to American Politics (4)

Survey of the structures and processes of the American political system with an emphasis on citizen participation. Required of political science majors. Offered: Fall and Spring.

POLS 301 Methods and Practice of Political Science (4)

Introduction to political science methods and research tactics. Emphasis on integration of qualitative and quantitative analysis. Required of political science majors. Offered: Spring.

POLS 305 American National Government (4)

Study of the political process in America, focusing on national political institutions. Subfield: American Politics.

POLS 310 U. S. Foreign Policy (4)

Review of the development of the cardinal principles of American foreign policy, the changing role of the United States in international relations, and historic aspects of American diplomacy. Subfields: American Politics and World Politics.

POLS 312 State and Local Government (4)

Study of the structure and functioning of various state and local governments. Subfield: American Politics.

International Relations Interdisciplinary Concentration (B.A.)

International relations is an interdisciplinary concentration based in the Department of Political Science, drawing on courses offered in numerous departments across campus. It has a required set of courses in the disciplines of political science, history, world languages, and economics. It also requires that one course have an international studies component. Beyond the required courses, students may pursue an Analytical, Culture and Region, or Human Rights Track, which allows students to take courses in a wide variety of disciplines.

International Relations Interdisciplinary Concentration Required Courses	Course Credits	Total Required Credits
General Education - University Core Curriculum		22
General Education - Distribution Areas		27
IREL Interdisciplinary Concentration:		57-60
International Relations Core		36
Political Science		
POLS 310 U.S. Foreign Policy	4	
POLS 319 International Relations	4	
History		
HIST 200 Global Perspectives	4	
HIST 317 Nationalism*	4	
Economics		
ECON 201 Principles of Macroeconomics	4	
World Languages		
Two 4-credit courses at the 300-400 level	8	
Methods and Capstone		
POLS 301 Methods & Practice of Political Science**	4	
POLS 465 Senior Seminar in Political Science** (choose a section with international focus)	4	
International Relations Tracks		21-24
Choose one of the following three tracks and complete four (4) courses from the primary track and two (2) courses from a secondary track. See the tables at right for a list of courses in each track: Analytical; Culture & Region; Human Rights		
Primary Track (4 courses)	13-16	
Secondary Track (2 courses)	6-8	
International Study Component		4
Student is required to have at least one course with an international study component. This course should fall under one of the above requirements.		
General Electives		19-22
Total Required Credits		128

* Students may choose an alternate upper-level history course if unable to enroll in HIST 317.

** Students may, after consultation with international relations faculty, choose two alternate courses in a separate research-oriented track in history (HIST 300 & HIST 495), world languages, or economics/business.

POLS 313 International Organization (4)

Explores the challenges to cooperation amongst state actors and the efforts of various international organizations to coordinate states' actions, regulate inter-state political and economic relations, and minimize international conflict. Offered: Fall. Subfield: World Politics.

POLS 315 Topics in Political Theory (4)

Intensive study of western political philosophy, presenting selected topics such as systems of thought (the classic Greeks, the democratic, the socialist) or time periods (medieval to Machiavellian, early modern to Rousseau, recent and contemporary). Four credits for each topic, maximum eight credits. Students may substitute PHIL 301 and 302 for 315. Subfield: Political Theory.

POLS 316 Public Administration (4)

Overview of the scope and methods of public administration, emphasizing political aspects. Reviews the growth and development of public administration as a field of intellectual inquiry; considers the role of administration in the political process and in policy-making; and examines the political relationships of the administrative environment. Subfield: American Politics.

Analytical Track Courses for the IREL Concentration

International Relations Interdisciplinary Concentration Analytical Track Courses	Course Credits	Total Required Credits
If primary track, complete four (4) courses (13-16 credits). OR If secondary track, complete two (2) courses (6-8 credits).		13-16 or 6-8
ECON 202 Principles of Microeconomics	3	
ECON/POLS 394 International Studies in Economics	3	
ECON 420 International Economics	3	
POLS 313 International Organization	4	
POLS 332 Human Rights	4	
POLS 333 Genocide	4	
POLS 334 Terrorism	4	
POLS 348/HIST 340 Riots, Rebellion, and Revolution	4	
POLS 363 Politics of Developing Nations	4

POLS/ECON 410 Game Theory	4	
POLS 449 International Law	4	
POLS 450 Law and the World	4	
POLS 452 After Authoritarianism	4	
POLS 453 The State	4	

POLS 319 International Relations (4)

Historical and analytical study of the U.S. and the international community since WWII, surveying the political, military, and economic struggles of the major powers and third-world nations. Subfields: Political Theory, World Politics.

POLS 321 Post-Soviet Politics (4)

Covers the post-Soviet region in its diverse geographic, historical, cultural, economic, and political settings. Examines the problems of building nations and states, democratizing authoritarian regimes, reforming command economies, and responding to new security threats. Subfield: World Politics.

POLS 322 Latin American Politics (4)

Examination of the politics of Latin America. Compares and contrasts nations from the Caribbean, and North, Central, and South America. Uses history and theory to understand larger forces at work in these regions, and focuses on specific cases and accounts to bring out the human drama of Latin America. Subfield: World Politics.

POLS 323 African Politics (4)

Study of social, economic, and political dimensions of Africa from the 19th century to the present. Special focus on state-society relations. Subfield: World Politics.

POLS 325 The Constitution and the Federalist Papers (4)

Review of the United States Constitution and the Federalist Papers as an introduction to the ideas these founding documents represent. Subfields: Political Theory, American Politics.

POLS 330 Classical Political Thought (4)

Introduction to the most influential philosophical texts of the ancient world, with attention paid to the context of Greek cultural development. Subfield: Political Theory.

POLS 332 Human Rights (4)

Explores the concept of human rights, defined as the rights which each human being, upon birth, automatically enjoys, regardless of the race, religion, political system, or gender into which he or she is born. Offered: Fall. Subfield: World Politics.

POLS 333 Genocide (4)

Study of genocide, working toward an understanding of what might seem impossible to understand: why people and institutions have attempted to exterminate a distinct racial, cultural or ethnic group; the conditions which give rise to these efforts; and the extent to which the world is becoming more or less hospitable to genocide. Subfield: World Politics.

Culture & Region Track Courses for the IREL Concentration

Human Rights Track Courses for the IREL Concentration

International Relations Interdisciplinary Concentration Human Rights Track Courses	Course Credits	Total Required Credits
If primary track, complete four (4) courses (16 credits). OR If secondary track, complete two (2) courses (8 credits).		16 or 8
POLS 332 Human Rights (<i>required</i>)	4	
POLS 460 Internship (<i>required</i>)	4	
POLS 313 International Organization	4	
POLS 333 Genocide	4	
POLS 363 Politics of Developing Nations	4	
POLS 370 Men and Women in War and Peace	4	
POLS 449 International Law	4	

POLS 334 Terrorism (4)

Examination of the theories, literature, and policies of terrorism and counterterrorism in order to understand better the contemporary terrorist's motivations and strategy. Subfield: World Politics.

POLS 335 Medieval and Christian Political Theory (4)

Close reading of original texts with a view to gaining insight into the medieval approach to learning. Focus on Thomas Aquinas' view of Natural Law. Themes of medieval political life are described in light of Thomas' union of classical and Christian themes. Subfield: Political Theory.

POLS 337 Elections and Political Participation (4)

Study of electoral behavior and other forms of political participation, including questions about who votes and why, what influences voter choice, and whether changes in turnout influence policy. Subfield: American Politics.

POLS 340 Political Parties and Interest Groups (4)

Examination of the historical development, current development, institutional ramifications, and central explanatory theories of the most pervasive conduits of mass political participation, political parties, and interest groups. Subfield: American Politics.

POLS 345 Modern Political Theory (4)

Introduction to the major texts in modern political theory. Focus on interpretation of the most influential texts of the modern period, beginning with Machiavelli and concluding with Marx, with attention paid to the context of European cultural, economic, and political development. Subfield: Political Theory.

POLS 348 Riots, Rebellion, and Revolution (4)

Comparison of the English, French, Russian, and Chinese Revolutions, with a goal of understanding the political factors involved in radical political change. Cross-listed with HIST 340. Offered: Jan Term, on rotation. Subfields: Political Theory, World Politics.

POLS 350 Impeachment (4)

Study of impeachment procedures. Addresses issuing of articles of impeachment by the United States House of Representatives and trial by the United States Senate. Offered: Jan Term. Subfield: American Politics.

POLS 351 European Politics (4)

Descriptions of structure; analysis of functioning. Subfield: World Politics.

POLS 352 Italian Politics: From Napoleon to Berlusconi, 1800-2011 (4)

Introduction to Italian politics from the beginning of the 19th century to today with a special emphasis on the distinctive Italian political culture. Offered: Fall, on rotation. Subfield: World Politics.

POLS 355 Politics in Film (4)

In-depth assessment of the treatment of political themes in film. Subfield: American Politics.

POLS 360 Urban Geography: The North American City (4)

Geographic perspective of the past, present, and future of the American city. Topics include the historic roots of cities, development of the U.S. urban system, transportation, and the shaping of cities; social, political, and economic dynamics of urban areas; urban growth, decline, and revitalization; suburbanization; and challenges facing cities in the 21st century. Cross-listed with GEOG 360 and SOCI 360. Offered: Spring. Subfield: American Politics.

POLS 361 Bridging London (4)

Field-based exploration of the geography of London and its environs. Students investigate historical development, commerce, naval power, imperialism, colonialism, scientific achievement, industrial revolution, financial systems, economic frameworks, transportation, governance, urban design, community, culture, society, ethnicity, international significance, and the intersection between globalization and urbanization. Cross-listed with CLAS 361, GEOG 361, HIST 361, JMC 361, SOCI 361. Subfield: World Politics.

POLS 363 Politics of Developing Nations (4)

Study of the developing nations in Asia, Africa, and Latin America. Examination of their societies, the impact of European Colonialism, and their problems since independence. Subfield: World Politics.

POLS 365 Women in U.S. Politics (4)

Examination of how the U.S. Government's relationship to its female citizens has changed through the years and how important gender is in determining political attitudes and participation. Students encounter and assess competing perspectives on current issues in women's and gender politics. Subfield: American Politics.

POLS 370 Men and Women in War and Peace (4)

Investigation of contemporary gender issues in world politics, with emphasis on cultural politics, women and development, gender and war, and civil and human rights. Subfield: World Politics.

POLS 390 Monarchs, Bishops, and Martyrs: The English Reformation (4)

Study of historical and religious factors of the English Reformation. Course is taught in London with visits to historical sites. Cross-listed with HIST 390 and RELG 390. Subfield: World Politics.

POLS 392 Geographies of Africa (4)

Presents a geographical exploration of Africa, focusing primarily on cultural issues. A broad range of topics will be investigated including: African stereotypes, environmental crises, social geographies of gender and religion, legacies of colonialism, and the impact of development policies throughout the region. Cross-listed with GEOG 392. Offered: On rotation. Subfield: World Politics.

POLS 394 International Studies in Economics (3)

Cross-disciplinary introduction to the scope, causes, and consequences of poverty. Examination of the various measures of poverty as well as basic economic theory, explaining differences in income, wealth, and economic growth among regions. Emphasis on understanding poverty issues from a Biblical perspective. Course relies heavily on site visits to observe a wide variety of anti-poverty projects, including faith-based organizations and international nonprofit agencies. International travel required. Cross-listed with ECON 394. Offered: Jan Term. Subfield: World Politics.

POLS 395 Giants of Asia: China and India in the 21st Century (4)

Focuses on exploring these two giant countries and understanding their emergence as important world powers in the 21st century. The course investigates the physical environment, history, culture, economy, and politics that help shape these two countries. Cross-listed with GEOG 395 and HIST 395. Offered: Fall, on rotation. Subfield: World Politics.

POLS 397 Andes to Amazon: Physical Landscapes of Latin America (4)

Study of the geographical forces that influence the landscapes of Latin America and how they change over time. This course is organized by substantive topics rather than by country. Topics include regional specific plate tectonics, weather systems, oceanographic systems, and river systems. Cross-listed with GEOG 397. Prereq: GEOG 150. Offered: Spring, on rotation. Subfield: World Politics.

POLS 398 The Alabama Constitution: 100 Years of Controversy (4)

Examination of the creation, structure, and interpretation of state constitutions. Special attention paid to the 1901 Alabama Constitution and issues surrounding the document as well as to current and past reform movements. Cross-listed with JMC 398. Subfield: American Politics.

POLS 399 London Study Topics (4)

Special courses designed for and offered at the Daniel House London Study Centre. Topics vary.

POLS 410 Game Theory (4)

Elementary examination of the theory of games and strategic behavior with an emphasis on applications. Topics discussed include strategic form games, extensive form games, and games of asymmetric and incomplete information. Various equilibrium concepts also discussed. The course will apply game theoretic concepts to strategic behavior in the social sciences, particularly economics and political science, with applications ranging from cartel behavior to international diplomacy. Cross-listed with ECON 410. Prereq: POLS 301. Offered: Fall, on rotation. Subfields: Political Theory, World Politics.

POLS 417 Political Communication (4)

Focuses on the relationship between media and politics by examining presidential speeches, social movements, and efforts to shape public opinion in the modern era. Cross-listed with COMS 417. Offered: Spring. Subfield: American Politics.

POLS 430 Politics of Education (4)

Exploration of the inseparable relationship between politics and education. The topic of education will be used to examine the fundamental features of the American political system. Prereq: UCCA 102. Offered: Fall and Spring, on rotation. Subfield: American Politics.

POLS 435 Legislative Process (4)

Study of state and national legislatures, their internal structures, constituents, and legislators. Subfield: American Politics.

POLS 443 American Public Policy (4)

Examination of the major political, social, economic, and technological forces influencing and shaping the nature, content, and outcomes of public policy in the United States. Subfield: American Politics.

POLS 444 Introduction to Jurisprudence (4)

Introduction to standard approaches to jurisprudence and their various applications to the legal and political world. Offered: Spring. Subfields: Political Theory, American Politics.

POLS 445 Constitutional History of the United States (4)

Review of the development of the basic concepts of American constitutional law. Cross-listed with HIST 445. Subfields: Political Theory, American Politics.

POLS 449 International Law (4)

An introduction to international law and institutions with an emphasis on non-governmental organizations, civil society, and individuals. Rather than focusing on national legal systems, this course will concentrate on how law has emerged and evolved in the global system. Offered: Fall. Subfield: World Politics.

POLS 450 Law and the World (4)

Introduction to the complex issues involved in comparing the various legal systems around the world. Subfield: World Politics.

POLS 452 After Authoritarianism (4)

Explores the sources of authoritarian regime collapse and the subsequent development of new political institutions in the direction of democracy or some new form of authoritarianism. Case studies of different post-authoritarian regimes provide the empirical bases for the course. Offered: Fall. Subfield: World Politics.

POLS 453 The State (4)

Explores the origins of the modern state and different theoretical perspectives on the role of the state in society and the international system. Also includes contemporary challenges to state sovereignty and the phenomenon of "failed states" in the international system. Offered: Fall. Subfields: World Politics, Political Theory.

POLS 460 Internship (2-4)

Student internships in local, state, national, and international offices and agencies under supervision of the instructor. Variable credit; can be taken more than once for maximum of eight credits. Grading is pass/fail.

POLS 461 Research and Writing (4)

Study of methods and techniques used in various aspects of political science, including bibliography, primary and secondary sources, statistics, computerized materials, etc.

POLS 462 International Studies (4)

Independently arranged study from a first-hand, on-site perspective of an international organization, foreign country or countries, or direct involvement in an international study program in the United States. Prereq: Permission of the department chair. Subfield: World Politics.

POLS 465 Senior Seminar in Political Science (4)

Capstone course for political science and international relations majors in research and methodology of those fields. Required of political science majors. Offered: Fall.

POLS 479 Rise of the British State (4)

Examination of the emergence of the national government in Britain over the last 500 years through the lens of government's growing impact on citizens' daily life. Cross-listed with HIST 479. Offered: Jan Term, in London. Subfield: World Politics.

POLS 499 Special Topics in Political Science (4)

Unique, one-time courses offered either by visiting professors or as experimental advanced courses by members of the department. Subfield: Varies, depending on topic.

Psychology

Faculty

Stephen L. Chew, Chair, Professor
A. Sandra Willis, Professor
Jack W. Berry, Associate Professor
Amanda Howard, Assistant Professor
Kimberly H. Wood, Assistant Professor

Undergraduate Programs and Requirements

Majors

Psychology (B.A.)
Psychology (B.S.)

Minor

Psychology

The Department of Psychology offers a major in psychology leading to a bachelor of arts or bachelor of science degree. The department also offers a minor in psychology. Students are required to take at least half of their psychology courses at Samford to earn a major or minor in psychology.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

For psychology majors pursuing the bachelor of arts degree, the following exceptions and recommendations to the general education requirements apply:

Natural/Computational Sciences: BIOL 110 (Human Biology) or BIOL 105 (Principles of Biology) is recommended, especially for students planning to take PSYC 308 (Physiological Psychology). However, neither biology course is a prerequisite for PSYC 308.

Social Sciences: PSYC 101 (General Psychology) cannot be used to fulfill the general education social science requirement. It must be fulfilled with a course from a social science field other than psychology.

Mathematics: Students who need a course to fulfill the general education mathematics requirement are strongly encouraged to take MATH 210 (Elementary Statistics) in preparation for taking PSYC 305 (Statistics for the Social Sciences). Students with a strong high school algebra background should be able to take MATH 210 for their mathematics requirement. Students with weaker math backgrounds should consult with their advisor before taking a general education mathematics course. Students who have already completed their general education mathematics requirement with a course other than MATH 210, or who are required by another program to fulfill their mathematics requirement with a course other than MATH 210, are not required to take MATH 210 in addition to the mathematics course they have already taken.

For psychology majors pursuing the bachelor of science degree, the following exceptions and recommendations to the general education requirements apply:

Natural/Computational Sciences: And two lab science courses, chosen from biology, chemistry, computer science, geography, or physics. IDSC 201 (Scientific Methods) cannot satisfy this requirement.

Social Sciences: PSYC 101 (General Psychology) cannot be used to fulfill the general education social science requirement. It must be fulfilled with a course from a social science field other than psychology.

Mathematics: Students must fulfill the general education mathematics requirement with MATH 150 (Precalculus), MATH 210 (Elementary Statistics), or MATH 240 (Calculus I).

Psychology Major (Bachelor of Arts)

Courses should be selected in consultation with an advisor and in accordance to students' interests and career goals. The psychology major does not require a minor in any other discipline; however, students are encouraged to select a minor or a concentration of courses that will complement their interests, and educational and career goals.

Students typically take PSYC 305 (Statistics for the Social Sciences) and PSYC 306 (Research Methods) as a sequence during their junior year.

Students who take both PSYC 205 (Life-Span Development) and PSYC 210 (Child and Adolescent Psychology) may count only one of them toward the major or minor.

Students who intend to pursue graduate study and a career in psychology or a related area should take PSYC 301 (Internship) and/or PSYC 401 (Journal Seminar). These courses will help students to explore career options, gain pre-professional experience, and prepare for graduate work. PSYC 301 and PSYC 401 may be taken on a pass/fail basis only and will not count toward the major or minor. Students may take PSYC 401 more than once for credit. Students may take PSYC 301 up to two times for credit, as long as the internship placements differ.

Students may take PSYC 411 (Special Topics in Psychology) more than once if the topics are different and with permission of the department chair.

Some elective courses are not offered on a regular basis but are taught as student interest dictates and faculty resources allow.

Some courses are cross listed with multiple departments, permitting students the option to register for the same class through different departmental designations. For example, a student can take Human Sexuality and register for it as HDSE 324, PSYC 324, or SOCI 324. This gives students options that can help in their planning and completion of course curricular requirements. For such cross listed courses, students may take the course for credit only once. Furthermore, students may use the course to fulfill only one requirement for a major or minor. The course cannot be used to count for two different majors or minors regardless of the department in which the course was registered.

Courses

PSYCHOLOGY

PSYC 101 General Psychology (4)

Comprehensive overview of the scientific study of behavior and mental processes. Topics include neuroscience, sensation and perception, learning, cognition, development, personality, behavior disorders, psychotherapy, and social psychology. This course is a prerequisite for all other courses in psychology. Psychology majors may not use this course to meet the general education social science requirement. Offered: Fall and Spring.

PSYC 203 Psychology of Adjustment (4)

Study of adaptation to life and psychological growth. Includes analysis of adjustment to life stressors and attention to personal growth. Prereq: PSYC 101.

PSYC 205 Life-Span Development (4)

Survey of the development of human thought and behavior from conception to death. Emphasis is placed on the physical, moral, social, emotional, and cognitive developmental tasks at each phase of the life span. Students who take both this course and PSYC 210 may count only one of them toward the major or minor. Prereq: PSYC 101. Offered: Fall and Spring.

PSYC 210 Child and Adolescent Psychology (4)

Examination of psychological development from conception through adolescence. This course focuses on the various influences on development and on the characteristic social, cognitive, and perceptual functioning during the pre-adult life span. Students who take both this course and PSYC 205 may count only one of them toward the major or minor. Prereq: PSYC 101.

PSYC 215 Abnormal Psychology (4)

Study of the symptomatology, etiology, epidemiology, and treatment of psychological disorders. Includes focus on current research and theory. Prereq: PSYC 101. Offered: Spring.

PSYC 220 Theories of Personality (4)

Exploration of the theory and assessment of human personality. Examination of specific theoretical perspectives, including psychodynamic, trait, humanistic, and social learning perspectives. Prereq: PSYC 101. Offered: Fall.

Psychology Major (B.S.)

The bachelor of science in psychology degree is a liberal arts degree that emphasizes the experimental areas of psychology. This includes traditional experimental areas such as neuroscience, cognitive science, and learning as well as applied experimental areas such as social psychology, health psychology, and abnormal psychology. This degree is intended to appeal to students who have an interest in the natural and computational sciences as well as cognitive and behavioral science.

General Electives		35
Total Required Credits		128

* Any course listed under section III (Applied Experimental Courses) or IV (Personality and Development) not taken to fulfill a requirement may count as a psychology elective.

** PSYC 324 is cross-listed with HDPE 324 and SOCI 324; students may apply any one of these toward this requirement, but the same course cannot simultaneously apply to another major or minor.

PSYC 301 Internship (2-4)

Observation and/or work with professionals in any approved setting where psychologists, or similarly trained professionals, are employed. An academic component complements the work experience. Students may take this course up to two times for credit, as long as internship placements differ. This course does not count toward the psychology major or minor. Grading is pass/fail. Prereqs: Twelve (12) credits in psychology, including PSYC 101, and permission of the instructor. Offered: Fall and Spring.

PSYC 304 Social Psychology (4)

Examination of the influence of social context on an individual's thoughts and behavior. Topics covered include social perception and cognition, attribution, attitude formation, prejudice and discrimination, interpersonal attraction and relationships, social influence, prosocial behavior, and aggression. Research seeks to understand causes of social behavior and thought by scientific study of cognitive processes, biological factors, behavior and characteristics of others, culture, and physical environment. Prereqs: Eight (8) credits in psychology, including PSYC 101, or permission of the instructor. Offered: Fall.

PSYC 305 Statistics for the Social Sciences (4)

Acquisition of fundamental statistical skills for describing and analyzing data within the social sciences. Emphasis on the appropriate application of these methods for designing, conducting, and interpreting research. This course and PSYC 306 form a two-semester sequence on experimental design and methodology. Completion of MATH 210 to fulfill the general education math requirement is recommended, but not required, for this course. Prereqs: Eight (8) credits in psychology, including PSYC 101, and completion of the general education mathematics requirement (MATH 150, 210, or 240), or permission of the instructor. Offered: Fall.

PSYC 306 Research Methods (4)

Study and implementation of all phases of psychological research. Includes literature searches, experimental design, data collection, and statistical analysis, as well as both written and oral presentations of psychological research. Prereqs: Twelve (12) credits in psychology and PSYC 305. Offered: Spring.

PSYC 308 Physiological Psychology (4)

Examination of the physiological basis of thought and behavior through a thorough study of the anatomy and physiology of the nervous system, particularly the processing of sensation and movement. Emphasis also placed on the neural mechanisms underlying behaviors related to sleep and rhythms, hunger and thirst, reproduction, learning, emotion, and mental illness. Prereqs: Eight (8) credits in psychology, including PSYC 101. Offered: Fall.

PSYC 310 Applied Psychology (4)

Overview of different ways in which psychological theory and research are applied to real world situations. Topics of study generally include business and industrial applications such as industrial/organizational psychology and human factors, community applications such as health and environmental psychology, and human development applications such as educational and sport psychology. Prereqs: Eight (8) credits in psychology, including PSYC 101.

PSYC 312 Drugs and Human Behavior (4)

Survey of factors related to both therapeutic and recreational use of psychoactive drugs. Physiological mechanisms as well as psychosocial and cultural issues are examined. Emphasis placed on using scientific research to separate myth from reality. Prereqs: Eight (8) credits in psychology, including PSYC 101.

PSYC 320 Health Psychology (4)

Examination of the effects of psychological factors on health and illness. Health psychology emerged as an interdisciplinary subfield of social psychology and medicine after it became apparent that the leading causes of death are chronic diseases closely related with individual behaviors and lifestyles. Research within this biopsychosocial approach helps to promote physical and mental health and to prevent and treat disease. Prereqs: Eight (8) credits in psychology, including PSYC 101.

PSYC 324 Human Sexuality (4)

Examination of human sexuality from multidisciplinary perspectives. Students study the biological, spiritual, psychosocial, and cultural dimensions of sexuality. This course is cross-listed with sociology, but may only be counted toward one major or minor. To count toward the psychology major or minor, students must register for the course as a psychology course or obtain permission from the department chair. Cross-listed with SOCI 324 and HDPE 324. Prereq for psychology credit: PSYC 101.

PSYC 401 Journal Seminar (1)

Discussion and critical analysis of original research articles with faculty in a seminar format. Objectives include teaching students how to read and critique primary source articles in preparation for graduate-level work. This course may be taken more than once for credit, but does not count toward the psychology major or minor. Grading is pass/fail. Prereqs: Twelve (12) credits in psychology, including PSYC 101, and permission of the instructor. Offered: Fall and Spring.

PSYC 402 History of Psychology (4)

Examination of the study of behavior from an historical perspective. Development of current systems of psychological thought is traced from the pre-Greeks through the major periods of history. Prereqs: Twelve (12) credits in psychology, including PSYC 101.

PSYC 404 Approaches to Counseling and Psychotherapy (4)

Exploration of theory and clinical applications of psychotherapy and treatment of psychological disorders. Includes an overview of counseling theories and application of these concepts as well as an exploration of professional issues in clinical practice. This course is intended for advanced psychology majors. Prereqs: Psychology major with upper-level standing, eight (8) credits of upper-level psychology, PSYC 215, and permission of the instructor.

PSYC 405 Measurement and Assessment (4)

Study of the process of mental measurement and assessment of human characteristics and performance. Includes examination of test construction and processes to measure psychological adjustment and functioning, intelligence and educational achievement, personality, attitude, vocational interest, and occupational functioning. Psychometric research aims to improve validity of measures used in basic psychological research and applied in clinical, educational, and industrial/occupational settings. Prereqs: Twelve (12) credits in psychology and PSYC 305.

PSYC 408 Theories of Learning (4)

Overview of the major theories of learning, with a focus on historical influences and current applications. Includes training and application of learning principles. Prereqs: Twelve (12) credits in psychology, including PSYC 101. Offered: Fall.

PSYC 409 Cognitive Psychology (4)

Comprehensive introduction to the study of human thought processes such as learning, attention, encoding, remembering, and forgetting. Special topics such as language, imagery, artificial intelligence, cognitive neuroscience, problem solving and decision making are also considered. Prereqs: PSYC 101 plus eight (8) credits of upper-level psychology. Offered: Spring.

PSYC 410 Directed Research (4)

Senior capstone course that provides students with an individualized, advanced research experience. Under the supervisions of a faculty mentor, students review literature, design and conduct an original research project, and analyze data using computer statistical software. Students interpret and write up results within APA format and make an oral presentation of the study. Prereq: Psychology major or minor with senior standing and completion of PSYC 306, or permission of the instructor. Offered: Fall.

PSYC 411 Special Topics in Psychology (2-4)

Coverage of a particular topic in psychology that is not normally examined in depth in the regular course offerings. Designed to teach students about a special research interest of a faculty member or a newly emerging area of psychology. Topics vary with each instructor. This course may be taken more than once for credit, if topics are different, with permission of the department chair. Prereqs: PSYC 101, junior standing, and eight (8) credits of upper-level psychology or permission of the instructor.

PSYC 412 Senior Seminar (4)

Senior capstone course in seminar format. Integration of theories and research presented in previous psychology courses, while providing opportunities to design and conduct an applied research study and to explore post-baccalaureate career and educational goals. Specific course content and format varies to remain topical and applicable to student and instructor interests. Students planning to graduate in December may take this course in the spring semester of their junior year. Prereqs: PSYC 101; psychology major or minor with senior standing or permission of the instructor. Offered: Spring.

Undergraduate Programs and Requirements

Majors

Religion
 Religion with a Concentration in Leadership and Organizations

Minors

Ministry and Missions
 Religion

The Department of Religion offers two majors: religion and, for students preparing for a career in congregations or other faith-based organizations, religion with a concentration in leadership and organizations. Both majors earn the bachelor of arts degree. The department also offers two minors: one in religion and another in ministry and missions.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Students cannot use RELG 200 (Christian Ethics), RELG 201 (Introduction to World Religions), or RELG 221 (Christian Theology) to count towards both the general education humanities requirement and the religion major requirement.

Religion Minor

Religion Minor Required Courses	Course Credits	Total Required Credits

Courses

Of related interest:

UCBP 101 Biblical Perspectives (4)

Examination of historical context and religious teachings of Hebrew and Christian Scriptures. Cultivation of critical competencies necessary for the academic study of traditional texts. Course objectives include an understanding of the historical context in which the Bible took shape; appreciation of the development of religious thought within the biblical period; examination of how biblical teachings have been and are interpreted and applied; and study of the Bible, using a variety of modern critical methods, including Historical, Social Scientific, and Cultural Criticism (i.e., Feminist, African-American, or Post-Colonial Criticism). Offered: Every semester.

BIBLICAL LANGUAGES

HEBR 101 Elementary Hebrew I (4)

Introduction to the vocabulary, grammar, and syntax of Biblical Hebrew, the language of the Old Testament, enabling students to translate Hebrew prose and simple poetry with the help of a standard Hebrew-English dictionary. Offered: Fall, on rotation.

HEBR 102 Elementary Hebrew II (4)

Second in a two-semester sequence introducing vocabulary, grammar, and syntax of Biblical Hebrew, enabling students to translate Hebrew prose and simple poetry with the help of a standard Hebrew-English dictionary. Prereq: HEBR 101, or permission of the instructor. Offered: Spring, on rotation.

HEBR 201 Intermediate Hebrew I (4)

Builds on proficiency obtained in HEBR 101-102 (Elementary Hebrew), requiring extended readings of prose, poetry, and several books of the Old Testament in Biblical Hebrew, with particular attention to enhancing competency in philology and syntax. Prereq: HEBR 102, or permission of the instructor. Offered: Fall, on rotation.

HEBR 202 Intermediate Hebrew II (4)

Second in a two-semester sequence, requiring extended readings of prose, poetry, and several books of the Old Testament in Biblical Hebrew, with particular attention to enhancing competency in philology and syntax. Prereq: HEBR 201, or permission of the instructor. Offered: Spring, on rotation.

RELIGION

RELG 200 Christian Ethics (4)

Examination of contemporary social-ethical issues in light of Christian ethical principles, derived from scripture and church history. Cross-listed with PHIL 200. Offered: Fall.

RELG 201 Introduction to World Religions (4)

Investigation of the major world religions, emphasizing their distinctive histories, beliefs, and practices. Offered: Fall and Spring.

RELG 204 Formation for Christian Ministry (4)

Designed for persons seeking to understand and interpret their call to ministry. Offered: Spring.

RELG 210 Foundations of Congregational Studies (4)

Introduction to a framework for understanding the unique dynamics of congregational life. Offered: Fall or Spring.

RELG 221 Christian Theology (4)

Survey of the historical development and contemporary interpretation of the main teachings of Christian faith. Offered: Fall and Spring.

RELG 250 Practice of Ministry Internship (1)

Integration of disciplinary learning and workplace experience through directed assignments in a Practice of Ministry course and supervision of related activities in a church or church-related setting. Grading is pass/fail. Prereq: Permission of the instructor. Recommended co-req: Choose from the following: RELG 204, 210, 310, 312, 354, or 355.

RELG 302 History of Christianity (4)

Survey of the history of Christianity, acquainting students with the institutional and cultural heritage of the Christian church. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Fall, on rotation.

RELG 304 American Religious History (4)

Examines the intellectual, institutional, and cultural history of religion in the United States. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Fall.

RELG 310 Theories of Faith Development (4)

Examination of contemporary theories of faith development. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Spring.

RELG 311 Philosophy of Religion (4)

Investigation of philosophical issues in religious thought, including such issues as proofs and disproofs of God's existence, the meaning of religious language, truth-claims in different religions, and related matters. Cross-listed with PHIL 311. Offered: Fall, on rotation.

RELG 312 Christian Worship: History and Theology (4)

Survey of the history, theology, and contemporary diversity of Christian worship. Examination of key issues in the development and practice of Christian worship through theological and liturgical texts and participant observation. Offered: Spring, on rotation.

RELG 313 Preaching (4)

Examination of the principles of Biblical preaching, with a view of moving from the text to the sermon, including the disciplines of sermon preparation and delivery. Prereqs: UCBP 101 and UCCA 102. Offered: Spring.

RELG 314 Christian Spirituality (4)

Study of the major works on Christian spirituality, with a goal to gaining knowledge of and appreciation for the spiritual tradition in the church. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Jan Term.

RELG 316 Singing the Faith (3)

Survey of the history and practice of congregational song, with primary focus on texts and secondary attention to functional use of music. Application of this literature in the design and leadership of worship. Cross-listed with MUSC 3130. Offered: On rotation.

RELG 320 Creation and Covenant in the Old Testament (4)

Examination of principal texts on creation and covenant in the Old Testament, with an emphasis on literary composition, extrabiblical parallels, and theological content. Students will investigate the probable meaning of these texts in their earliest settings and their appropriation in later religious communities. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor.

RELG 321 Studies in the Psalms and Wisdom Literature of the Old Testament (4)

Examination of the literary character and function of the Psalms in Israel, including analysis of the literary masterpiece and spiritual classic known as Job. Also includes review of Proverbs, Ecclesiastes, and other poetical books. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Spring.

RELG 325 Gods and Monsters: The Religions and Cultures of the Ancient Near East (4)

Introduction to the history, culture, religion, and literature of the ancient Near East. This course will examine important texts from Mesopotamia such as the Gilgamesh Epic, the Babylonian Story of Creation, and the Code of Hammurabi. Special attention will be given to the ways in which this enduring culture influenced the Bible itself. Offered: Fall

RELG 331 Studies in the Prophets (4)

Exploration of the background and message of Israel's great preachers, the major and minor prophets of the Old Testament, and the relevance of their insights for today. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor.

RELG 333 Sociology of Religion (4)

Analysis of beliefs, practices, and the organized expression of religion and society. Cross-listed with SOCI 333. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Spring.

RELG 340 Archaeology and the Lands of the Bible (4)

Introduction to the history, methods, and results of archaeology as related to the Bible and the people and lands of the Bible. The course also introduces the geography and topography of the "Holy Land." The course extends from the Neolithic period (8500-4300 BCE) to the Roman period (63 BCE-360 CE). Prereq: UCCA 102. Offered: Fall, on rotation.

RELG 341 Martyrdom and Apocalypticism (4)

Examination of later writings of the New Testament against the background of the church's precarious position in the late first century and of Greco-Roman culture. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Fall.

RELG 342 Life and Letters of Paul (4)

Introduction to the historical-critical study of Paul and his letters. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Spring.

RELG 343 The Johannine Writings (4)

Introduction to the historical critical study of the Gospel and Letters of John, with attention to the community behind these documents, as well as the reception of these documents among the early Christians. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Jan Term.

RELG 345 Varieties of Ancient Paganism from Alexander to Julian (4)

Introduction to the major pagan religions of the Greco-Roman period, from the conquests of Alexander the Great (332 BCE) to the death of Julian the Apostate (363 CE). Some attention is paid to the pagan influences on emerging Judaism and Christianity. Cross-listed with CLAS 345. Offered: Spring, on rotation.

RELG 350 Jesus and the Gospels (4)

Introduction to the historical-critical study of the gospels, focusing on the synoptic Problem and the Historical Jesus. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Spring.

RELG 351 Contemporary Theology (4)

Examination of important theological movements of the modern era with an emphasis on church-related theologians. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor.

RELG 354 Pastoral Theology (4)

Exploration of the nature of pastoral ministry in the cultural context of the 21st century, focusing on the biblical, historical, and theological foundations of pastoral care. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor.

RELG 355 Missiology (4)

Introduction to missiology, focusing on its biblical, historical, and theological foundations, in order to explore the mission of God in the cultural context of the 21st century.

RELG 361 Pastoral Care (4)

Internship in hospital chaplaincy with Princeton Baptist Medical Center. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Jan Term.

RELG 371 The Craft of Religious Studies (4)

Development of analytical, research, and writing skills in the various disciplines within religious studies in a small seminar format. Students engage in reading and analysis of both primary and secondary materials and complete a directed research paper. Prereqs: UCCA 102 and UCCP 102, or permission of the instructor. Offered: Spring.

RELG 373 Women and Religion (4)

Examination of images and roles of women in Christianity and other major world religions. It includes the examination of religious ideology and its role in shaping social life, the many ways in which women exercise authority in religious traditions, the ways in which women have been innovative in those traditions, and the ways in which women have reinterpreted and re-appropriated patriarchal texts and structures. Cross-listed with SOCI 373. Prereq: UCCP 102. Offered: Spring, on rotation.

RELG 375 Religion and the Body: Body Images and Practices across Religious Traditions (4)

Virtually all religions have something to say about the body; its holiness, its repulsiveness, its divinity, its profanity, its promise as a vehicle for salvation, or its peril as a vehicle of degradation. This seminar examines the distinctive, familiar, and unfamiliar ways in which religious traditions understand the body. Utilizing specific case-studies across religious traditions, this course explores the bodily phenomena of ritual, sacrifice, asceticism, dress (and nakedness), sexuality (and asexuality), and dietary practices, among others. Throughout, theoretical and methodological frameworks for understanding the body across religious traditions will be illuminated. Offered: Spring, on rotation.

RELG 381 Religions of Asia (4)

Investigation of religions of South, Southeast, and East Asia, emphasizing their distinctive histories, beliefs, and practices. Offered: Spring.

RELG 390 Monarchs, Bishops, and Martyrs: The English Reformation (4)

Study of historical and religious factors of the English Reformation. Course is taught in London with visits to historical sites. Cross-listed with HIST 390 and POLS 390. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Jan Term.

RELG 393 Field Methods in Archaeology (4)

Hands-on introduction to the field methods of excavation and recording, current theories of archaeology, and Hellenistic and Roman Galilee. Taught in Israel. Offered: Summer.

RELG 394 Archaeology of Early Judaism and Christianity (4)

Survey of the history of Israel and the lands of the Bible during the Hellenistic through the Byzantine periods, correlating the evidence from ancient written sources with the archaeology of the region to present a picture of politics, religion, and economics from a historical perspective. Taught in Israel. Offered: Summer.

RELG 414 Worship Design (3)

Study of musical, theological, pastoral, philosophical, and technological principles that inform public Christian worship. Application of principles through guided experience in worship planning and leadership. Cross-listed with MUSC 4140. Offered: Spring.

RELG 433 Baptists: Their History and Theology (4)

Survey of Baptist history from its beginnings in Europe and in colonial and revolutionary, with emphasis on the origin and development of the Southern Baptist Convention. Cross-listed with HIST 433. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor.

RELG 491 Independent Study in Religion (1-3)

Directed reading and/or research on a topic in religion intended to give special training or preparation in subject areas not covered in the regular religion course offerings. Grading is pass/fail. May be repeated if topics are different, for a maximum of 3 credits. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor.

RELG 492 Independent Study in Religion (2)

Directed reading and/or research on a topic in religion intended to give special training or preparation in subject areas not covered in the regular religion course offerings. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor.

RELG 493 Independent Study in Religion (3)

Directed reading and/or research on a topic in religion intended to give special training or preparation in subject areas not covered in the regular religion course offerings. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor.

RELG 494 Independent Study in Religion (4)

Directed reading and/or research on a topic in religion intended to give special training or preparation in subject areas not covered in the regular religion course offerings. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor.

RELG 497 Special Topics in Religion (4)

Unique, one-time courses offered either by visiting professors or as experimental courses by members of the department. Topics vary.

RELG 498 Religion Seminar (4)

Correlation of the various studies within the religion major, focusing on a senior assessment paper or subject. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Spring.

RELG 499 Senior Seminar in Religious Leadership & Organizations (4)

Study of religious leadership and organizations through supervised experience in a congregation or other faith-based organization. Prereqs: UCBP 101, UCCA 102, and UCCP 102, or permission of the instructor. Offered: Spring.

Sociology

Theresa C. Davidson, Associate Professor
Charles (Chuck) Stokes, Associate Professor

Undergraduate Programs and Requirements

Major

Sociology

Minor

Sociology

The Department of Sociology offers a major in sociology leading to a bachelor of arts degree. A major in sociology can prepare students for graduate work in sociology and related fields such as social work, law, public health, international relations, labor relations, gerontology, or family counseling. In addition, students can work in a variety of areas including law enforcement, social services or local, state, and federal government agencies. The degree offers a foundation in understanding the relationships among persons in groups, as well as relations between groups.

All sociology majors must complete at least one research paper from each of the two major research methodologies in the field: one qualitative field study and one quantitative study based on computer analysis.

The department also offers a minor in sociology.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Sociology majors are strongly encouraged to take MATH 210 (Elementary Statistics) in order to satisfy the general education mathematics requirement. Sociology majors cannot use SOCI 100 (Introduction to Sociology) to meet the general education social science requirement.

Sociology Major (B.A.)

Sociology Major Required Courses	Course Credits	Total Required Credits

Sociology Electives	8
Sociology Electives-Upper Level (select from 300- or 400-level courses)	12
Total Required Credits	20

Courses

SOCIOLOGY

SOCI 100 Introduction to Sociology (4)

Introduction to the way sociologists view society. Questions explored include: Why is society organized the way it is? How and why do different societies establish different patterns of organization? How does society influence individuals? How and why does society change or remain the same over time? What factors in society influence occurrences such as social conflict, violence, crime, sexual deviance, social inequity, gender relations, religious practices, etc.?

SOCI 101 Introduction to Cultural Anthropology (4)

Examination of theories and problems in social and cultural anthropology. Discussion of the historical development of cultural anthropology, methods of inquiry, focal problems, and contemporary theoretical perspectives focusing upon an introduction to worldwide cultural diversity.

SOCI 205 Sociology of Race and Ethnic Relations (4)

Exploration of historic social forces that shaped specific definitions, rivalries, prejudices and outcomes of race and ethnicity in North America. Examples of other racial and ethnic stratification provide critical/analytic comparisons with North America. Examination of the future of race and ethnicity through analysis of the socially constructed pathways that led to contemporary society.

SOCI 310 Archaeology (4)

Investigation of world archaeology from the framework of major prehistoric cultural innovations. Discussion of the history of archaeology, theory, and methods of modern-day archaeologists and the significance of archaeological research to modern-day problems.

SOCI 315 Sociological Theory (4)

Introduction to stories or theories developed by persons whom sociologists consider central to the understanding of how and why humans organize, behave and interact in certain ways. Building upon ideas and evidence from other sociological investigation, this course provides a more complete perspective of each theorist studied. Prereq/Co-req: SOCI 100, or permission of the department chair. (Formerly SOCI 410)

SOCI 320 Social Research Methods I (4)

Course provides an introduction to the logic of scientific inquiry and the range of methodologies used by sociologists. Emphasizes acquisition of skills required to design social research, conduct qualitative investigation, construct and deploy survey questionnaires, and execute basic statistical analyses. Prereq/Co-req: SOCI 100, or permission of the department chair.

SOCI 324 Human Sexuality (4)

Examination of biological, spiritual, psychosocial, and cultural dimensions associated with sexuality. Discussion of beliefs and values that influence individual health and well-being, especially how these relate to the sexual aspect of what makes us human. Students gain insight into their own sexual natures and learn how to live responsibly in a society that often promotes the idea of sex rather than sexuality. Cross-listed with PSYC 324 and HDFS 324.

SOCI 330 Sociology of Gender (4)

Examines the socially-constructed nature of gender. Reviews key sociological theories in the study of gender, examines the interaction of gender with major institutions in society, and highlights the way in which gender constructions translate into gender inequality. Emphasis on the intersection of race and class with gender.

SOCI 331 Sociology of Aging (4)

Study of the social, psychological, and biological changes that occur with aging, and how these changes affect interactions between older people and their family, friends, home, community, and society. This multidisciplinary approach, known as gerontology, addresses such issues as demography of aging, social theories of aging, social consequences of biological and psychological changes, social supports, living arrangements, economic status, populations at risk, and social policies. Course includes opportunities to discuss these issues with professionals who provide services for older people.

SOCI 333 Sociology of Religion (4)

Exploration of the social context of religion, including an introduction to theories and methods used in the sociological investigation of religion. Questions include: How does religion impact our sense of meaning and belonging in society? What social processes relate to the formation and evolution of churches, sects, and cults? How are religious institutions in American society undergoing change? Do gender, race and social class influence religious order and behavior? What is the relationship between state and church in American society? Cross-listed with RELG 333.

SOCI 337 Health, Illness, and Healing in Social Context (4)

Exploration of how society and culture influence perceptions that certain conditions/behaviors are indicators of health or illness. Questions include: Where do people seek help and how is it delivered/received? How widespread is illness and disease in society? Do factors such as gender, race, etc., impact which people get sick and what happens to them? What purpose does health care serve for the society at large? How does the United States health care system compare to those found in other societies?

SOCI 339 Sociology of Mental Disorder (4)

Study of the relationship between mental disorder and society. Issues addressed include the impact of the sociocultural context on the definition of mental disorder, and the distribution of mental disorder among persons based on gender, age, race, social class, and rural or urban residence. Analysis of effects of different forms of social organization and policy on the experiences of those identified as mentally disordered. Examination of the consequences of law and treatment services on social regulation for the mentally disordered.

SOCI 343 Criminology (4)

Introduction to the various theoretical approaches that guide the study of crime and its implications. Examination of problems related to the definition of crime, the extent or distribution of crime in society, as well as the impact of criminal activity on society. Review of the criminal justice system, the social processes that occur within it and the outcomes of this system for individuals and the community.

SOCI 345 Juvenile Delinquency (4)

Examination of juvenile delinquency using the sociological perspective. Critical questions include: What is juvenile delinquency? What is the distribution of juvenile delinquency in society? In which groups are youth more likely to be delinquent? Are there particular characteristics of society which influence patterns of juvenile delinquency? What research methods are used to study delinquency? How is society responding with regard to prevention and treatment of delinquency among youth?

SOCI 347 Independent Study (2 or 4)

Independent studies course that must comply with the following procedures: 1) Student is responsible for identifying an appropriate topic for investigation. 2) Student must determine if a faculty member can or will be able to undertake the project. This must be done at least one semester prior to the semester during which the work is to be completed. 3) Criteria for fulfilling the requirements for credit must be established between the student and the directing faculty member. 4) Agreement must be on file with the faculty member and the department. Students taking this course must have junior standing and have completed at least eight credits of sociology. Prereq: SOCI 100 or permission of the department chair.

SOCI 348 Sociology of Family (4)

Study of how sociological theory and research applies to an understanding of the family in the social context including family as a social group, family as an institution within society, and family in global perspective across different societies. Critical questions include: What are the constraints of society on the family? What purpose does the family serve in the larger society? What roles do people play in the family? Who and what determines the assignment of those roles? What part does intimacy and sexuality play in family life? How do persons become involved in conflict and violence in families? What are the similarities and differences in family globally?

SOCI 349 Sociology of Children and Youth (4)

Exploration of the social construction of childhood over time and space, presenting a view of childhood distinct from popular notions. This course covers the full period of childhood, including adolescence. Concepts covered include social forces involved in shaping childhood in North America; how society has changed its definition of childhood over the years; how children negotiate their social roles with each other and with adults; and how children create their own culture distinct from adult culture. Social problems that children experience are focal points for research in the course.

SOCI 360 Urban Geography: The North American City (4)

Geographic perspective of the past, present, and future of the American city. Topics include the historic roots of cities, development of the U.S. urban system, transportation, and the shaping of cities; social, political, and economic dynamics of urban areas; urban growth, decline, and revitalization; suburbanization; and challenges facing cities in the 21st century. Cross-listed with GEOG 360 and POLS 360.

SOCI 361 Bridging London (4)

Field-based exploration of the geography of London and its environs. Students investigate historical development, commerce, naval power, imperialism, colonialism, scientific achievement, industrial revolution, financial systems, economic frameworks, transportation, governance, urban design, community, culture, society, ethnicity, international significance, and the intersection between globalization and urbanization. Cross-listed with CLAS 361, GEOG 361, HIST 361, JMC 361, POLS 361.

SOCI 370 Suburban Nation: Gates, Golf Courses, and Ghettos (4)

Addresses the fundamental questions: How did the United State become such a suburban nation? How has this pervasive suburban landscape changed over time, both in design and meaning? Using a variety of sources (film, fiction, an historical essays), the course considers the evolution of the suburban landscape from the colonial to the contemporary era. Cross-listed with GEOG 370 and HIST 370.

SOCI 373 Women and Religion (4)

Examination of images and roles of women in Christianity and other major world religions. It includes the examination of religious ideology and its role in shaping social life, the many ways in which women exercise authority in religious traditions, the ways in which women have been innovative in those traditions, and the ways in which women have reinterpreted and re-appropriated patriarchal texts and structures. Cross-listed with RELG 373. Prereq: UCCP 102.

SOCI 399 London Study Topics (4)

Special courses designed for and offered at the Daniel House London Study Centre. Topics vary.

SOCI 401 The Individual in Society (4)

Introduction to social psychology from a sociological perspective, examining the relationship between the person and society. Questions include: What impact does society have on the formation of identity and the view we have of ourselves? How do we, as a society, create a perspective of the world around us and use this perspective to regulate each other? What processes regulate the way we establish organizations such as family or work groups and interact within these social groups? Cross-listed with COMS 401.

SOCI 403 Social Class and Inequality (4)

Examination of the various ways societies have organized the production and distribution of resources, and the results for social inequality. Concepts covered include the different ways we currently structure, define, and produce class in American society; assessment of the importance of socioeconomic class in society, and its consequences for social cohesion and optimal social functioning; and assessment of how class inequality interacts with other socially stratified systems such as race/ethnicity and sex/gender.

SOCI 404 Sociology of Poverty (4)

Examination of the nature and extent of poverty in the U.S. Reviews topics such as views of poverty, theories of poverty, poverty measurement, characteristics of poverty population, causes of poverty, and government policies that address poverty. Also discussed are aspects of global poverty.

SOCI 405 Sociology of Deviance (4)

Examination of deviance using the major sociological theories, focusing on the incidence and distribution of deviance in society and explaining it from a sociological point of view.

SOCI 407 Sociology Internship (4)

Internship in which students can receive credit for community-based experience in agencies or organizations that deal with issues such as juvenile services, probation, literacy, the elderly, children's health care, etc. Through contact with department faculty and preparation of a written assessment, students develop and utilize a sociologically-based understanding of their experience. Prereq: Junior standing and 12 credits of sociology coursework. Prereq/Co-req: SOCI 100.

SOCI 409 Special Topics in Sociology (2 or 4)

Classroom-based course in lecture and/or discussion format. Topics vary. See class schedule for topic.

SOCI 420 Social Research Methods II (4)

Course focuses on quantitative methods used to address questions about the social world. Emphasizes acquisition of skills required to manage large datasets, to design and execute analyses, and to interpret bivariate and multivariate results. Prereq: SOCI 320, or permission of the department chair.

SOCI 427 Sociology and Environment (4)

Socio-historical examination of the relationship between the social and the natural environments. Focus on the modern global environment with its challenges for risk management and with its tension between needs for development and sustainability of environmental resources. Disasters (technological and natural) will be compared as social products with sociological consequences. Finally, sociological outcomes will be evaluated using social-environmental justice issues related to class, race, and gender.

SOCI 430 Senior Seminar (4)

Capstone course in sociology. Students participate in reading and discussion of assignments from primary source materials in theory and/or develop and carry out a research project. Prereqs: SOCI 100, senior standing, and 20 credits of sociology coursework.

 World Languages and Cultures

Interdisciplinary Concentrations/Majors

Global Studies
 Language and World Trade with a specialty in French, German, Spanish or World Languages
 Latin American Studies

Teacher Certification: Middle School, Secondary, P-12*

French, German, or Spanish

The Department of World Languages and Cultures (WLAC) offers single-language majors in French, German, or Spanish, and in two languages combined (French, German, and/or Spanish) through the world languages and literature major. The department also offers interdisciplinary concentrations in global studies, language and world trade, and Latin American studies. Students majoring in language and world trade may choose a concentration in French, German, Spanish, or another world language. All WLAC majors and interdisciplinary concentrations earn a bachelor of arts degree.

The department also offers minors in French, German, Spanish, and world languages and cultures (combination of languages), plus an interdisciplinary minor in Latin American studies.

Completion of the major or minor is determined by the number of credits in the language. In order to fulfill the minimum credits required, *additional credit hours must be completed* for any courses taken or transferred in for *fewer* than 4 credits.

*See the Curriculum and Instruction section for details on middle school, secondary, and P-12 teacher certification in French, German, and Spanish.

Proficiency-Based Instruction

At all levels, language instruction at Samford is based on developing proficiency in the four skills of understanding, speaking, reading, and writing, studied within the geographical and cultural context of the target language. Instructional and assessment methodologies follow competency-based guidelines established by the American Council for the Teaching of Foreign Languages (ACTFL). The campus experience is enhanced by language and computer laboratories and complemented by numerous opportunities to study in one of the department's classrooms abroad.

Language Placement and Proficiency

Student scores on the department's placement test determine the level of entry into general education-level language courses, but do not provide proof of proficiency to fulfill the general education language requirement.* To satisfy the general education language requirement, students must pass the last course in the sequence required for their program or major (see below, however, for students placing into 300-level language). Students can also prove proficiency by a test score in one of the tests Samford accepts for course credit (AP, IB, CLEP, etc.) that equates to the level of language required by a student's program or major or students may transfer in course credit from accredited institutions that are deemed equivalent to the required level of language proficiency proven by Samford coursework.

Once a sequence (101-102, 201-202, or 203) is completed, students may not receive credit for taking a lower-level class in the same language. Successful completion of the previous course in a sequence serves as prerequisite to the next. Students may enter language studies at the 101, 102, 201, 203, or 300 levels. Students placing at the 300 level must take a minimum of one 4-credit language course at the 300 or 400 level to fulfill the general education world language requirement for most Arts and Sciences majors. Students whose primary language is a WLAC language must take 3-4 credits at the 300-400 level if they desire to use that language to fulfill their general education language requirement. Students whose primary language is not a WLAC language should consult with the WLAC chair about taking a Brigham Young University Foreign Language Achievement Test (FLAT) to prove proficiency in their primary language or other ways to prove proficiency.

*Exceptions apply for students in the Brock School of Business. See that section of the catalog and/or consult with an advisor in that school for more information.

WLAC Majors

For students planning careers with international firms, service agencies, missions, teaching, or for those who seek the advantage of being bilingual in the multicultural world of the twenty-first century, the world languages and cultures (WLAC) major courses of study provide the opportunity to develop advanced linguistic proficiency and increase cross-cultural understanding. All WLAC graduating seniors, upon completion of exit interviews and writing sample analyses, receive internationally recognized oral and writing proficiency ratings from the department's ACTFL-trained examiners.

Critical Languages

In association with the National Association of Self-Instructional Language Programs, the WLAC department offers self-instructional/tutorial language study in Arabic, Chinese, Haitian Creole, Hindi, Italian, Japanese, Korean, Portuguese, Russian, Swahili, Thai, and Vietnamese. Other languages not commonly taught may also be available if there is sufficient demand.

Mentored Courses

The department also offers a number of specialized, mentored courses and independent projects for 1, 2, 3, or 4 credits in French, German, Spanish, and critical languages (FREN, GER, SPAN 310, 311, 321, 331, 340, 360, and 450; and 311, 321, 331, and 360 in any critical language). Students may take up to 8 credits in these courses. A maximum of 4 mentored credits at the 300- and 400-level of instruction may be applied to a major or minor.

General Education: University Core and Distribution Requirements

See General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Required Minor for Language Majors

WLAC's single-language majors (French, German, or Spanish) are required to complete a minor, choosing one of the following options:

1. An established minor in a second world language.
2. An established minor (or second major) in another discipline.
3. A specially designed world languages minor, consisting of six courses in a combination of other languages at any level, created in consultation with a WLAC faculty advisor.

French, German, or Spanish Major (B.A.)

The bachelor of arts in French, German, or Spanish language and literature prepares students for a variety of career and graduate school options. The program of study may be combined with essential education courses to earn teacher certification.

*Or the equivalent SPAN study abroad option in Latin America.

Language & World Trade Interdisciplinary Concentration (B.A.)

The language and world trade interdisciplinary concentration, offered in cooperation with the School of Business, is a comprehensive combination of linguistic skills and essential business knowledge. It concludes with an international trade internship. Completion of this interdisciplinary concentration satisfies general education foreign language and social science requirements for the College of Arts and Sciences. Students majoring in language and world trade may choose a specialty in French, German, Spanish, or another world language offered by the WLAC department.

* Courses must have a Latin American focus or, in the case of FREN 405/406, a Francophone literature/cultural focus.

French, German, and Spanish Minors

For students in any discipline who wish to advance their linguistic proficiency and cross-cultural communication skills beyond the required intermediate level, minors are offered in French, German, and Spanish. Each minor consists of 20 credits, including a 202 or 203 language course, or placement into a 301 language course.

French Minor

French Minor Required Courses	Course Credits	Total Required Credits
French		20
FREN 101, 102, 201, as needed to achieve placement into 200-level French	(4-12)*	
FREN 202 or 203 (or placement into FREN 301)	0-4**	
300/400-level courses in French	16-20	
Total Required Credits		20

* These credits count towards General Electives.

** These credits are included in the General Education Requirements. If a student places into FREN 301, FREN 301 will count towards the General Education Language Requirement.

German Minor

German Minor Required Courses	Course Credits	Total Required Credits
German		20
GER 101, 102, 107, 201, as needed to achieve placement into 200-level German	(4-12)*	
GER 202 or GER 207 (or placement into GER 301)	0-4**	
300/400-level courses in German	16-20	
Total Required Credits		20

* These credits count towards General Electives.

** These credits are included in the General Education Requirements. If a student places into GER 301, GER 301 will count towards the General Education Language Requirement.

Spanish Minor

Spanish Minor Required Courses	Course Credits	Total Required Credits
Spanish		20
SPAN 101, 102, 201, as needed to achieve placement into 200-level Spanish	(4-12)*	
SPAN 202 or 203 (or placement into SPAN 301)	0-4**	
300/400-level courses in Spanish	16-20	
Total Required Credits		20

* These credits count towards General Electives.

** These credits are included in the General Education Requirements. If a student places into SPAN 301, SPAN 301 will count towards the General Education Language Requirement.

World Languages and Cultures Minor

Students in any discipline may choose to pursue a specially designed world languages and cultures minor consisting of six courses in a combination of world languages at any level, excluding courses taken to satisfy the general education requirement, and created in consultation with a WLAC faculty advisor.

World Languages and Cultures Minor Required Courses	Course Credits	Total Required Credits
World Language Courses (any level)		16
Choose 16 credits (lower- or upper-level) from any of the following world languages: ARAB, CHIN, CREO, FREN, GER, HIND, ITAL, JAPN, KORE, PORT, RUSS, SPAN, SWAH, THAI, VIET*		
World Language Courses (200-level only)		8
Choose 8 credits (two courses), at the 200-level, from any of the following world languages: ARAB, CHIN, CREO, FREN, GER, HIND, ITAL, JAPN, KORE, PORT, RUSS, SPAN, SWAH, THAI		
Total Required Credits		24

*VIET courses only available at the 100-level at this time.

Undergraduate Courses

FRENCH

FREN 101 Elementary French I (4)

Introduction to French language and culture, aimed at developing basic proficiency in understanding, speaking, reading, and writing French. Three class meetings and two audiovisual and computer laboratory sessions weekly provide students with novice-level proficiency in preparation for the intermediate-level sequence. Offered: Fall.

FREN 102 Elementary French II (4)

Introduction to French language and culture, aimed at developing basic proficiency in understanding, speaking, reading, and writing French. Three class meetings and two audiovisual and computer laboratory sessions weekly provide students with novice-level proficiency in preparation for the intermediate-level sequence. Prereq: Successful completion of FREN 101 or FREN 151, satisfactory score on placement exam, or permission of the program director. Offered: Spring.

FREN 151 Language Study Abroad: Elementary French I (4)

Introduction to French language and culture, aimed at developing basic proficiency in understanding, speaking, reading, and writing French. 20-hour per week class meetings in a French-speaking setting abroad provide students with novice-level proficiency in preparation for the intermediate-level sequence. Offered: Summer.

FREN 152 Language Study Abroad: Elementary French II (4)

Introduction to French language and culture, aimed at developing basic proficiency in understanding, speaking, reading, and writing in French. 20-hour per week class meetings in a French-speaking setting abroad provide students with novice-level proficiency in preparation for the intermediate-level sequence. Prereq: FREN 101 or FREN 151 or the equivalent. Offered: Summer.

FREN 201 Intermediate French I (4)

Systematic review of French with continued emphasis on enhancing proficiency in understanding, speaking, reading, writing, and cultural understanding. Two weekly class meetings and two weekly audiovisual and computer laboratory sessions provide a setting for intermediate-level mastery. Prereq: Successful completion of FREN 102 or FREN 152, or satisfactory score on placement exam. Offered: Fall, Summer 1 (locally), and Summer 2 (abroad).

FREN 202 Intermediate French II (4)

Systematic review of French with continued emphasis on enhancing proficiency in understanding, speaking, reading, writing, and cultural understanding. Two weekly class meetings and two weekly audiovisual and computer laboratory sessions provide a setting for intermediate-level mastery. Completion of 201-202 sequence fulfills the general education language requirement. Prereq: Successful completion of FREN 201 or FREN 251. Offered: Spring, Summer 1 (locally), and Summer 2 (abroad).

FREN 203 Accelerated Intermediate French (4)

Accelerated intermediate course that compresses essential elements of FREN 201 and FREN 202 into one semester. Designed to develop cross-cultural understanding and proficiency in speaking, reading, writing, and understanding, it includes three class meetings and two laboratory sessions each week. Successful completion of this sequence fulfills the general education language requirement. Prereq: Grade of A in FREN 102 or FREN 152, or the required score on the placement exam. Offered: Fall.

FREN 251 Language Study Abroad: Intermediate French I (4)

Systematic review of French with continued emphasis on enhancing proficiency in understanding, speaking, reading, writing, and cultural understanding. 20- hour per week class meetings in a French-speaking setting abroad provide students with intermediate-level proficiency in preparation for the upper-level sequence. Prereq: FREN 102 or FREN 152 or the equivalent. Offered: Summer.

FREN 252 Language Study Abroad: Intermediate French II (4)

Systematic review of French with continued emphasis on enhancing proficiency in understanding, speaking, reading, writing, and cultural understanding. 20- hour per week class meetings in a French-speaking setting abroad provide students with intermediate-level proficiency in preparation for the upper-level sequence. Prereq: FREN 201 or FREN 251, or the equivalent. Offered: Summer.

FREN 301 Conversation/Composition/Grammar (4)

Intensive practice of oral and written language skills and comprehensive review of advanced-level grammatical structures. Includes free and multi-draft composition and stresses effective self-expression. Prereq: Successful completion of FREN 202, 203, 252, or the equivalent. Offered: Fall.

FREN 302 Conversation/Composition/Reading (4)

Intensive practice of oral and written language skills and development of advanced-level reading proficiency. Includes free and multi-draft composition and stresses French cultural and literary traditions. Prereq: Successful completion of FREN 202, 203, 252, or the equivalent. Offered: Spring.

FREN 310 Advanced Proficiency Enhancement (1)

Mentored review and reinforcement of listening, speaking, reading, and/or writing skills, grammar structures, or career-oriented language context, as determined by individual student needs in French at the advanced level. Prereqs: Successful completion of FREN 301 or FREN 302, and permission of the program director. Offered: Upon request.

FREN 311 Directed-Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: FREN 202, 203, 252, or the equivalent; and permission of the program director.

FREN 315 French Culture I (4)

Overview of French-speaking societies from an historical and contemporary perspective with emphasis on their customs, values, geography, artistic achievements, and scientific discoveries. Prereq: FREN 202, 203, 252, or the equivalent. Offered: On rotation.

FREN 316 French Culture II (4)

Overview of French-speaking societies from an historical and contemporary perspective with emphasis on their customs, values, geography, artistic achievements, and scientific discoveries. Prereq: FREN 202, 203, 252, or the equivalent. Offered: On rotation.

FREN 321 Directed-Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: FREN 202, 203, 252, or the equivalent; and permission of the program director.

FREN 331 Directed-Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: FREN 202, 203, 252, or the equivalent; and permission of the program director.

FREN 340 Advanced Career Studies (1-4)

Mentored course in career-specific language acquisition at the advanced level. Course may be repeated if topics are different. Variable credit. Prereqs: Successful completion of at least one 4-credit upper-level course, or the equivalent, and permission of the program director. Offered: Upon request.

FREN 345 Language-Across-the-Curriculum (1)

Mentored experience in the reading of content-specific texts. Course may be repeated for credit with different host classes. Prereqs: Successful completion of at least one 4-credit upper-level French course or the equivalent, concurrent enrollment in an approved host class in another discipline, and permission of the program director. Offered: Upon request.

FREN 351 Language Study Abroad: Advanced French I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a French-speaking setting abroad. Stresses practical communication and effective self-expression in French.

FREN 352 Language Study Abroad: Advanced French II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a French-speaking setting abroad. Stresses practical communication and effective self-expression in French.

FREN 353 Language Study Abroad: Cultural Studies I (4)

Study of French culture and overview of contemporary society in a French-speaking setting abroad.

FREN 354 Language Study Abroad: Cultural Studies II (4)

Study of French culture and overview of contemporary society in a French-speaking setting abroad.

FREN 360 French-for-Missions Internship (1-4 each term of service)

Missions fieldwork in a French-speaking country under the direction of a Samford mentor and on-site mission personnel. Open to all students with intermediate-mid language proficiency or higher. May also count as an upper-level major elective. Prereqs: Permission of French program director and WLAC language missions coordinator. Offered: Upon request.

FREN 370 French for Business (4)

Study of intercultural communication and advanced French language proficiency as needed for business contexts. Stresses commercial vocabulary, correspondence, and documentation appropriate to a variety of professional settings. Open to any student with advanced proficiency, this very practical course may count as an upper-level elective. Required for language and world trade concentration. Prereq: At least one 4-credit 300-level class. Offered: Fall or Spring, as needed.

FREN 375 Advanced Grammar and Syntax (4)

In-depth study of grammar and syntactical structures aimed at improving student language skills. Utilizes a variety of methodologies including, but not limited to, composition, translation, and stylistic analysis. Prereq: Successful completion of one four-credit, 300-level course or permission of the program director. Offered: On rotation.

FREN 401 French Literature I (4)

Survey of the principal figures and literary movements of France from its beginnings to the present day. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in French. Prereqs: Successful completion of at least two 4-credit, 300-level courses, preferably FREN 302; and FREN 315 or FREN 316, or the equivalent. Offered: On rotation.

FREN 402 French Literature II (4)

Survey of the principal figures and literary movements of France from its beginnings to the present day. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in French. Prereqs: Successful completion of at least two 4-credit, 300-level courses, preferably FREN 302; and FREN 315 or FREN 316, or the equivalent. Offered: On rotation.

FREN 405 Special Topics in Literature I (4)

Study of selected French authors, literary movements, themes, or genres. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in French. Course may be repeated for credit if topics are different. Prereqs: Successful completion of at least two 4-credit, 300-level courses, preferably FREN 302; and FREN 315 or FREN 316, or the equivalent. Offered: On rotation.

FREN 406 Special Topics in Literature II (4)

Study of selected French authors, literary movements, themes, or genres. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in French. Course may be repeated for credit if topics are different. Prereqs: Successful completion of at least two 4-credit, 300-level courses, preferably FREN 302; and FREN 315 or FREN 316, or the equivalent. Offered: On rotation.

FREN 424 Senior Capstone: Second Language Teaching Methodology (4)

Study of fundamental strategies that form the infrastructure of the teaching process for certification at all levels of second-language acquisition methodology, P-12 or 7-12. Emphasis on materials and methods appropriate to the designated levels of learning while promoting awareness of the multiple facets of language learning. Capstone course for seniors seeking teacher certification that also includes preparation for exit oral and writing proficiency exams. Offered: Fall or Spring, as needed.

FREN 442 Senior Capstone: Research and Writing (4)

Research and writing course designed to synthesize skills acquired and knowledge gained in previous coursework. Under a mentor's guidance, students develop a thesis, propose a solution to a problem, or produce and perform a creative work. Capstone course for language and literature majors that also includes literary readings and preparation for exit oral and writing proficiency exams. Required of all first majors. Prereqs: Senior standing, successful completion of at least one 400-level literature course, and permission of program director. Offered: Fall or Spring, as needed.

FREN 450 Special Studies (1-4)

Mentored, independent study in language, culture, or literature. Variable credit. May be repeated for credit if topics are different. Prereqs: At least one 4-credit upper-level course or the equivalent, and permission of the program director and instructor. Offered: As needed.

FREN 470 Senior Capstone: International Trade Internship (4)

Directed student internship in an international business setting in the U.S. or abroad, mentored by Samford faculty and supervised by on-site agency personnel. Language and world trade seniors complete 160 hours of on-site work, maintain journals in the target language, and prepare for exit oral and writing proficiency exams. Prereqs: Senior standing, successful completion of course FREN 370, and permission of the program director. Offered: As needed.

FREN 475 Language for Business (4)

In-depth analysis of cultural communication and language use within business contexts. Examines components of a language's commercial vocabulary and cultural usage within professional contexts. Prereqs: FREN 301 or FREN 302, plus one additional upper-level French course, or permission of the department. Offered: Spring.

GERMAN**GER 101 Elementary German I (4)**

Introduction to German language and culture, aimed at developing basic proficiency in understanding, speaking, reading, and writing German. Three class meetings and two audiovisual and computer laboratory sessions weekly provide students with novice-level proficiency in preparation for the intermediate-level sequence. Offered: Fall.

GER 102 Elementary German II (4)

Introduction to German language and culture, aimed at developing basic proficiency in understanding, speaking, reading, and writing German. Three class meetings and two audiovisual and computer laboratory sessions weekly provide students with novice-level proficiency in preparation for the intermediate-level sequence. Prereq: Successful completion of GER 101 or GER 151, satisfactory score on placement exam, or permission of the program director. Offered: Spring.

GER 107 Accelerated Elementary German (6)

An intensive course that covers the first year of German language learning in a single semester. It is open to all students. Offered: Fall.

GER 151 Language Study Abroad: Elementary German I (4)

Introduction to German language and culture, aimed at developing basic proficiency in understanding, speaking, reading and writing German. 20-hour per week class meetings in a German-speaking setting abroad provide students with novice-level proficiency in preparation for the intermediate-level sequence. Prereq: WLAC 150. Offered: Summer.

GER 152 Language Study Abroad: Elementary German II (4)

Introduction to German language and culture, aimed at developing basic proficiency in understanding, speaking, reading and writing German. 20-hour per week class meetings in a German-speaking setting abroad provide students with novice-level proficiency in preparation for the intermediate-level sequence. Prereqs: WLAC 150 and German 151 or the equivalent. Offered: Summer.

GER 201 Intermediate German I (4)

Systematic review of German with continued emphasis on enhancing proficiency in understanding, speaking, reading, writing, and cultural understanding. Two weekly class meetings and two weekly audiovisual and computer laboratory sessions provide a setting for intermediate-level mastery. Prereq: Successful completion of GER 102 or GER 152 or satisfactory score on placement exam. Offered: Fall, Summer (abroad).

GER 202 Intermediate German II (4)

Systematic review of German with continued emphasis on enhancing proficiency in understanding, speaking, reading, writing, and cultural understanding. Two weekly class meetings and two weekly audiovisual and computer laboratory sessions provide a setting for intermediate-level mastery. Completion of the 201-202 sequence fulfills the general education language requirement. Prereq: Successful completion of GER 201 or GER 251. Offered: Spring, Summer (abroad).

GER 207 Accelerated Intermediate German (6)

An intensive course equivalent to the intermediate year of German, and which can be completed in a single semester. Prereq: GER 102, 107, or 152. Offered: Spring.

GER 251 Language Study Abroad: Intermediate German I (4)

Systematic review of German with continued emphasis on enhancing proficiency in understanding, speaking, reading, writing, and cultural understanding. 20-hour per week class meetings in a German-speaking setting abroad provide students with intermediate-level proficiency in preparation for the upper-level sequence. Prereqs: WLAC 150 plus GER 102 or GER 152, or the equivalent. Offered: Summer.

GER 252 Language Study Abroad: Intermediate German II (4)

Systematic review of German with continued emphasis on enhancing proficiency in understanding, speaking, reading, writing, and cultural understanding. 20-hour per week class meetings in a German-speaking setting abroad provide students with intermediate-level proficiency in preparation for the upper-level sequence. Prereqs: WLAC 150 plus GER 102 or GER 152, or the equivalent. Offered: Summer.

GER 301 Conversation/Composition/Grammar (4)

Intensive practice of oral and written language skills and comprehensive review of advanced-level grammatical structures. Includes free and multi-draft composition and stresses effective self-expression. Prereq: Successful completion of GER 202 or GER 252, or the equivalent. Offered: Fall, on rotation.

GER 302 Conversation/Composition/Reading (4)

Intensive practice of oral and written language skills and development of advanced-level reading proficiency. Includes free and multi-draft composition and stresses German cultural and literary traditions. Prereq: Successful completion of GER 202 or GER 252, or the equivalent. Offered: Fall, on rotation.

GER 310 Advanced Proficiency Enhancement (1)

Mentored review and reinforcement of listening, speaking, reading, and/or writing skills, grammar structures, or career-oriented language context, as determined by individual student needs. Prereqs: Successful completion of GER 301, GER 302, or equivalent prior experience; and permission of the program director. Offered: Upon request.

GER 311 Directed-Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: GER 202, GER 252, or the equivalent, and permission of the program director.

GER 315 German Culture (4)

Overview of German-speaking societies from an historical and contemporary perspective with emphasis on the customs, values, geography, and scientific discoveries of German-speaking countries. Prereq: GER 202, GER 252, or the equivalent. Offered: Spring, on rotation.

GER 321 Directed-Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: GER 202, GER 252, or the equivalent, and permission of the program director.

GER 331 Directed-Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: GER 202, GER 252, or the equivalent, and permission of the program director.

GER 340 Advanced Career Studies (1- 4)

Mentored course in career-specific language acquisition at the advanced level. Course may be repeated if topics are different. Variable credit. Prereqs: Successful completion of at least one 4-credit upper-level course, or the equivalent, and permission of the program director. Offered: Upon request.

GER 345 Language-Across-the-Curriculum (1)

Mentored experience in the reading of content-specific texts. Course may be repeated for credit with different host classes. Prereqs: Successful completion of at least one 4-credit upper-level German course or the equivalent, concurrent enrollment in an approved host class in another discipline, and permission of the program director. Offered: Upon request.

GER 351 Language Study Abroad: Advanced German I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a German-speaking setting abroad. Stresses practical communication and effective self-expression in German. Prereq: WLAC 150.

GER 352 Language Study Abroad: Advanced German II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a German-speaking setting abroad. Stresses practical communication and effective self-expression in German. Prereq: WLAC 150.

GER 353 Language Study Abroad: Cultural Studies I (4)

Study of German culture and overview of contemporary society in a German-speaking setting abroad. Prereq: WLAC 150.

GER 354 Language Study Abroad: Cultural Studies II (4)

Study of German culture and overview of contemporary society in a German-speaking setting abroad. Prereq: WLAC 150.

GER 360 German-for-Missions Internship (1-4 each term of service)

Missions fieldwork in a German-speaking country under the direction of a Samford faculty and on-site mission personnel. Open to all students with intermediate-mid language proficiency or higher. May also count as an upper-level major elective. Prereqs: Permission of German program director and WLAC language missions coordinator. Offered: Upon request.

GER 370 German for Business (4)

Study of intercultural communication and advanced German language proficiency as needed for business contexts. Stresses commercial vocabulary, correspondence, and documentation appropriate to a variety of professional settings. Open to any student with advanced proficiency, this very practical course may count as an upper-level elective. Required for language and world trade concentration. Prereq: At least one 4-credit 300-level class. Offered: Spring, on rotation.

GER 375 Advanced Grammar and Syntax (4)

In-depth study of grammar and syntactical structures aimed at improving student language skills. Utilizes a variety of methodologies including, but not limited to, composition, translation, and stylistic analysis. Prereq: Successful completion of one four-credit, 300-level course or permission of the program director. Offered: On rotation.

GER 401 German Literature I (4)

Survey of the principal figures and literary movements of Germany from its beginnings to the present day. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in German. Prereq: Successful completion of one 300-level course, or the equivalent, or permission of the program director. Offered: On rotation.

GER 402 German Literature II (4)

Survey of the principal figures and literary movements of Germany from its beginnings to the present day. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in German. Prereq: Successful completion of one 300-level course, or the equivalent, or permission of the program director. Offered: On rotation.

GER 405 Special Topics in Literature I (4)

Study of selected German authors, literary movements, themes, or genres. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in German. Course may be repeated for credit if topics are different. Prereq: Successful completion of at least two 4-credit, 300-level courses, preferably GER 302 and GER 315, or the equivalent, or permission of the program director. Offered: On rotation.

GER 406 Special Topics in Literature II (4)

Study of selected German authors, literary movements, themes, or genres. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in German. Course may be repeated for credit if topics are different. Prereq: Successful completion of at least two 4-credit, 300-level courses, preferably GER 302 and GER 315, or the equivalent, or permission of the program director. Offered: On rotation.

GER 424 Senior Capstone: Second Language Teaching Methodology (4)

Study of fundamental strategies that form the infrastructure of the teaching process for certification at all levels of second-language acquisition methodology, P-12 or 7-12. Emphasis on materials and methods appropriate to the designated levels of learning while promoting awareness of the multiple facets of language learning. Capstone course for seniors seeking teacher certification that also includes preparation for exit oral and writing proficiency exams. Offered: Fall or Spring, as needed.

GER 442 Senior Capstone: Research and Writing (4)

Research and writing course designed to synthesize skills acquired and knowledge gained in previous coursework. Under a mentor's guidance, students develop a thesis, propose a solution to a problem, or produce and perform a creative work. Capstone course for language and literature majors that also includes literary readings and preparation for exit oral and writing proficiency exams. Course required of all first majors. Prereqs: Senior standing, successful completion of at least one 400-level literature course, and permission of program director. Offered: Fall or Spring, as needed.

GER 450 Special Studies (1-4)

Mentored, independent study in language, culture, or literature. Variable credit. May be repeated for credit if topics are different. Prereq: At least one 4-credit upper-level course or the equivalent, and permission of the program director and instructor. Offered: As needed.

GER 470 Senior Capstone: International Trade Internship (4)

Directed student internship in an international business setting in the U.S. or abroad, mentored by Samford faculty and supervised by on-site agency personnel. Language and world trade seniors complete 160 hours of on-site work, maintain journals in the target language, and prepare for exit oral and writing proficiency exams. Prereqs: Senior standing, successful completion of GER 370, and permission of the program director. Offered: As needed.

GER 475 Language for Business (4)

In-depth analysis of cultural communication and language use within business contexts. Examines components of a language's commercial vocabulary and cultural usage within professional contexts. Prereqs: GER 301 or GER 302, plus one additional upper-level German course, or permission of the department. Offered: Spring.

LATIN AMERICAN STUDIES**LAST 201 Introduction to Latin American Studies (4)**

Interdisciplinary introduction to the literature, drama, religion, philosophy, and fine arts of Latin America. Taught in English. Successful completion fulfills the general education humanities requirement.

LAST 380 Latin American Studies Seminar (4)

Exploration of special topics on Latin American culture and civilization, using an interdisciplinary approach. This course may also be taken as PORT 380 or SPAN 380 and may be cross-listed as a special topics course in disciplines related to Latin American studies. SPAN 380 is taught in Spanish; LAST 380 is taught in English. Prereqs: PORT 202, SPAN 202, or SPAN 203, or the equivalent; and permission of the program director. Offered: On rotation.

LAST 480 Perspectives on Latin America (4)

Senior capstone course for the Latin American studies interdisciplinary concentration. Provides an analytical examination of the wide diversity present in Latin America, its place in the history of our planet, its contributions to our ever-changing world, and the profound implications of a growing immigration from this region to our nation. Prereq: LAST 201. Offered: Spring.

PORTUGUESE**PORT 101 Elementary Portuguese I (4)**

Introduction to understanding, speaking, reading, and writing Portuguese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

PORT 102 Elementary Portuguese II (4)

Introduction to understanding, speaking, reading, and writing Portuguese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

PORT 103 Accelerated Elementary Portuguese (4)

Designed for students who have previously studied French, Italian, and/or Spanish on any level, this accelerated elementary course compresses essential elements of PORT 101 and PORT 102 into one semester. Designed to develop cross-cultural understanding and proficiency in speaking, reading, writing, and understanding, it includes three class meetings and two laboratory sessions each week. Prereq: Permission of the department chair. Offered: Spring, on rotation.

PORT 201 Intermediate Portuguese I (4)

Continued study in understanding, speaking, reading, and writing Portuguese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

PORT 202 Intermediate Portuguese II (4)

Continued study in understanding, speaking, reading, and writing Portuguese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

PORT 311 Directed Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

PORT 321 Directed Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

PORT 331 Directed Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

PORT 351 Language Study Abroad: Advanced I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

PORT 352 Language Study Abroad: Advanced II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

PORT 353 Language Study Abroad: Cultural Studies I (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

PORT 354 Language Study Abroad: Cultural Studies II (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

PORT 360 Portuguese-for-Missions Internship (1-4 each term of service)

Missions fieldwork in a Portuguese-speaking country under the direction of a Samford mentor and on-site mission personnel. Open to all students with intermediate language proficiency or higher. Prereq: Permission of the program director and the WLAC language missions coordinator. Offered: As needed.

PORT 380 Latin American Studies Seminar (4)

Exploration of special topics on Latin American culture and civilization, using an interdisciplinary approach. This course may also be taken as LAST 380 or SPAN 380 and may be cross-listed as a special topics course in disciplines related to Latin American studies. SPAN 380 is taught in Spanish; LAST 380 is taught in English. Prereqs: PORT 202, SPAN 202, or SPAN 203, or the equivalent; and permission of the program director. Offered: On rotation.

SPANISH

SPAN 101 Elementary Spanish I (4)

Introduction to Spanish language and culture, aimed at developing basic proficiency in understanding, speaking, reading, and writing Spanish. Three class meetings and two audiovisual and computer laboratory sessions weekly provide students with novice-level proficiency in preparation for the intermediate-level sequence. Offered: Fall, Jan Term, and Summer (locally and abroad).

SPAN 102 Elementary Spanish II (4)

Introduction to Spanish language and culture, aimed at developing basic proficiency in understanding, speaking, reading, and writing Spanish. Three class meetings and two audiovisual and computer laboratory sessions weekly provide students with novice-level proficiency in preparation for the intermediate-level sequence. Prereq: Successful completion of SPAN 101, satisfactory score on placement exam, or permission of the program director. Offered: Spring and Summer (locally and abroad).

SPAN 201 Intermediate Spanish I (4)

Continued emphasis on enhancing proficiency in understanding, speaking, reading, writing, and cultural understanding. Two weekly class meetings, plus one conversation laboratory and one online laboratory per week, provide a setting for intermediate-level mastery. Prereq: Successful completion of SPAN 102 or satisfactory score on placement exam. Offered: Fall, Spring, and Summer (locally and abroad).

SPAN 202 Intermediate Spanish II (4)

Continued emphasis on enhancing proficiency in understanding, speaking, reading, writing, and cultural understanding. Two weekly class meetings, plus one conversation laboratory and one online laboratory per week, provide a setting for intermediate-level mastery. Completion of the 201-202 sequence fulfills the general education language requirement. Prereq: Satisfactory completion of SPAN 201. Offered: Fall, Spring, and Summer (locally and abroad).

SPAN 203 Accelerated Intermediate Spanish (4)

Accelerated, intermediate course that compresses essential elements of SPAN 201 and SPAN 202 into one semester. Designed to develop cross-cultural understanding and proficiency in speaking, reading, writing, and understanding, it includes three class meetings and one conversation laboratory each week. Successful completion of this sequence fulfills the general education language requirement. Prereq: Grade of A in SPAN 102, with recommendation from SPAN 102 instructor, or the required score on the placement exam. Offered: Fall.

SPAN 301 Conversation/Composition/Grammar (4)

Intensive practice of oral and written language skills and comprehensive review of advanced-level grammatical structures. Includes free and multi-draft composition and stresses effective self-expression. Prereq: Successful completion of SPAN 202, SPAN 203, or the equivalent.

SPAN 302 Conversation/Composition/Reading (4)

Intensive practice of oral and written language skills and development of advanced-level reading proficiency. Includes free and multi-draft composition and stresses Spanish cultural and literary traditions. Prereq: Successful completion of SPAN 202, SPAN 203, or the equivalent.

SPAN 310 Advanced Proficiency Enhancement (1)

Mentored review and reinforcement of listening, speaking, reading, and/or writing skills, grammar structures, or career-oriented language context, as determined by individual student needs. Prereqs: Successful completion of SPAN 301, SPAN 302, or equivalent prior experience, and permission of the program director. Offered: Jan Term.

SPAN 311 Directed-Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: SPAN 202, SPAN 203, or the equivalent, and permission of the program director.

SPAN 315 Spanish Culture (4)

Overview of the major historical, social, political, and cultural aspects of Spain's culture from its beginning to the present day. Spanish is actively used in presentations, interactive class discussion, and writing assignments. One civilization course is required of all majors. Prereq: Successful completion of one four-credit 300-level Spanish course. Offered: Spring.

SPAN 316 Latin American Culture I (4)

Overview of the major historical, social, political, and cultural aspects of Latin America's culture from its beginning to the 20th century. Spanish is actively used in presentations, interactive class discussion, and writing assignments. One civilization course is required of all majors. Prereq: Successful completion of one four-credit 300-level Spanish course. Offered: Fall.

SPAN 317 Latin American Culture II (4)

Overview in Spanish of the major current cultural issues in Latin American society in the 20th and 21st centuries, as well as an in-depth study of Latinos living in the U.S. Spanish is used in presentations and interactive class discussion, as well as reading and writing assignments. Prereq: Successful completion of one four-credit 300-level Spanish course. Offered: Spring.

SPAN 321 Directed-Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: SPAN 202, SPAN 203, or the equivalent, and permission of the program director.

SPAN 322 Spanish for Missions (2)

Practical study of biblical terminology, methodology of missions, bible study, and discipleship materials for those interested in career missions or those who would like to share their faith in Christ with Spanish-speaking peoples. Prereq: Completion of at least one upper-level course or equivalent.

SPAN 331 Directed-Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: SPAN 202, SPAN 203, or the equivalent, and permission of the program director.

SPAN 332 Medical Spanish (2)

Practice of medical terminology and role-play situations in the classroom combined with supervised fieldwork at local health care facilities providing services for Hispanic patients. Prereq: Completion of at least one upper-level course or the equivalent.

SPAN 340 Advanced Career Studies (1-4)

Mentored course in career-specific language acquisition at the advanced level. Course may be repeated if topics are different. Variable credit. Prereq: Successful completion of at least one 4-credit upper-level course, or the equivalent. Offered: Upon request.

SPAN 345 Language-Across-the-Curriculum (1)

Mentored course in the reading of content-specific texts. Course may be repeated for credit with different host classes. Prereqs: Successful completion of at least 4-credit one upper-level Spanish course, or the equivalent; concurrent enrollment in an approved host class in another discipline; and permission of the program director. Offered: Upon request.

SPAN 351 Language Study Abroad: Advanced Spanish I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a Spanish-speaking setting abroad. Stresses practical communication and effective self-expression in Spanish.

SPAN 352 Language Study Abroad: Advanced Spanish II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a Spanish-speaking setting abroad. Stresses practical communication and effective self-expression in Spanish.

SPAN 353 Language Study Abroad: Cultural Studies I (4)

Study of Hispanic culture and overview of contemporary society in a Spanish-speaking setting abroad. One civilization course is required of all majors.

SPAN 354 Language Study Abroad: Cultural Studies II (4)

Study of Hispanic culture and overview of contemporary society in a Spanish-speaking setting abroad. One civilization course is required of all majors.

SPAN 360 Spanish-for-Missions Internship (1-4 each term of service)

Missions fieldwork in a Spanish-speaking country under the direction of a Samford mentor and on-site mission personnel. Open to all students with intermediate-mid language proficiency or higher. May also count as an upper-level major elective. Prereq: Permission of the WLAC language missions coordinator. Offered: Upon request.

SPAN 370 Spanish for Business (4)

Study of intercultural communication and advanced Spanish language proficiency as needed for business contexts. Stresses commercial vocabulary, correspondence, and documentation appropriate to a variety of professional settings. Open to any student with advanced proficiency, this very practical course may count as an upper-level elective. Required for language and world trade concentration. Prereq: At least one 4-credit 300-level class. Offered: Fall.

SPAN 374 Phonetics and Phonology (4)

This course is designed for students majoring or minoring in Spanish or related fields. It will offer students both linguistic theory and practice in the pronunciation of Spanish. Students will correct and improve pronunciation, develop an understanding and ability to teach correct Spanish pronunciation, recognize the important differences between Spanish and English pronunciation, and learn to pronounce Spanish without interference from English Phonetics. Prereq: SPAN 301, 302, 351, or 352. Offered: Spring.

SPAN 375 Advanced Grammar and Syntax (4)

In-depth study of grammar and syntactical structures aimed at improving student language skills. Utilizes a variety of methodologies including, but not limited to, composition, translation, and stylistic analysis. Required for all majors. Prereq: Successful completion of SPAN 302. Offered: Fall.

SPAN 380 Latin American Studies Seminar (4)

Exploration of special topics on Latin American culture and civilization, using an interdisciplinary approach. This course may also be taken as LAST 380 or PORT 380 and may be cross-listed as a special topics course in disciplines related to Latin American studies. SPAN 380 is taught in Spanish; LAST 380 is taught in English. Prereq: Successful completion of one four-credit 300-level Spanish course. Offered: On rotation.

SPAN 401 Spanish Literature I (4)

Survey of the principal figures and literary movements of Spain from its beginnings to the present day. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in Spanish. Prereqs: Successful completion of SPAN 302; and SPAN 315, 316, 317, or the equivalent. Offered: On rotation.

SPAN 402 Spanish Literature II (4)

Survey of the principal figures and literary movements of Spain from its beginnings to the present day. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in Spanish. Prereqs: Successful completion of SPAN 302; and SPAN 315, 316, 317, or the equivalent. Offered: On rotation.

SPAN 403 Spanish American Literature I (4)

Survey of the principal figures and literary movements of Spanish America from its beginnings to the present day. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in Spanish. Prereqs: Successful completion of SPAN 302; and SPAN 315, 316, 317, or the equivalent. Offered: On rotation.

SPAN 404 Spanish American Literature II (4)

Survey of the principal figures and literary movements of Spanish America from its beginnings to the present day. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in Spanish. Prereqs: Successful completion of SPAN 302; and SPAN 315, 316, 317, or the equivalent. Offered: On rotation.

SPAN 405 Special Topics in Literature I (4)

Study of selected Hispanic authors, literary movements, themes, or genres. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in Spanish. Course may be repeated for credit if topics are different. Prereqs: Successful completion of SPAN 302; and SPAN 315, 316, 317, or the equivalent. Offered: On rotation.

SPAN 406 Special Topics in Literature II (4)

Study of selected Hispanic authors, literary movements, themes, or genres. Stresses reading of primary works, critical analysis, library research, multi-draft composition, and continued development of advanced oral and written language proficiency within a literary context. Interactive class conducted in Spanish. Course may be repeated for credit if topics are different. Prereqs: Successful completion of SPAN 302; and SPAN 315, 316, 317, or the equivalent. Offered: On rotation.

SPAN 424 Senior Capstone: Second Language Teaching Methodology (4)

Study of fundamental strategies that form the infrastructure of the teaching process for certification at all levels of second-language acquisition methodology, P-12 or 7-12. Emphasis on materials and methods appropriate to the designated levels of learning while promoting an awareness of the multiple facets of language learning. Capstone course for seniors seeking teaching certification that also includes preparation for exit oral and writing proficiency exams. Offered: Fall or Spring, as needed.

SPAN 442 Senior Capstone: Research and Writing (4)

Research and writing course designed to synthesize skills acquired and knowledge gained in previous coursework. Students develop a thesis, propose a solution to a problem, or produce and perform a creative work. Capstone course for language and literature majors that also includes literary readings and preparation for exit oral and writing proficiency exams. Required of all first majors. Prereqs: Senior standing, successful completion of SPAN 375, and at least one 400-level literature course. Offered: Spring.

SPAN 450 Special Studies (1-4)

Mentored independent study in language, culture, or literature. Variable credit. May be repeated for credit if topics are different. Prereqs: At least one 4-credit upper-level course, or the equivalent, and permission of the program director and instructor. Offered: As needed.

SPAN 470 Senior Capstone: International Trade Internship (4)

Directed student internship in an international business setting in the U.S. or abroad, mentored by Samford faculty and supervised by on-site agency personnel. Language and world trade seniors complete 160 hours of on-site work, maintain journals in the target language, and prepare for exit oral and writing proficiency exams. Prereqs: Senior standing; successful completion of SPAN 370. Offered: As needed.

SPAN 475 Language for Business (4)

In-depth analysis of cultural communication and language use within business contexts. Examines components of a language's commercial vocabulary and cultural usage within professional contexts. Prereqs: SPAN 301 or SPAN 302, plus one additional upper-level Spanish course, or permission of the department. Offered: Spring.

WORLD LANGUAGES & CULTURES

WLAC 104 Reading and Writing for Heritage Speakers of a Critical Language (2)

This course is designed to provide literacy development for heritage speakers of any of the critical languages taught in the Department of World Languages and Cultures through intensive reading and writing instruction and practice. A heritage speaker is someone who has speaking proficiency in a non-English language and a cultural connection to it through his or her family, but who has little or no ability to read or write in that language. The course will prepare learners for intermediate level study of the target language. Course may be repeated for maximum of 6 credits. Prereq: Permission of the program director. Offered: Upon request.

WLAC 150 Mastering the International Experience: Living and Studying Abroad (2)

Provides students who plan to study or live abroad with knowledge and skills to ease cultural adjustment and to develop further their intercultural competency. Designed to give students both a theoretical foundation from which to approach cross-cultural work and study situations as well as a solid foundation of facts regarding both intercultural competency and the host country. This course is a prerequisite for all world language study abroad courses. Offered: Fall and Spring.

WLAC 340 Linguistics (4)

Linguistics is the study of language, in the broadest sense, and is closely allied with language learning and language departments. Linguistics has also emerged as one of the important fields in the social sciences. It has strong ties with a variety of other academic domains, especially psychology, computer science, and anthropology. Students will be introduced to both theoretical and applied linguistics as well as to the many subfields of linguistics. Prereq: Completion of language at the 202 level or higher, or instructor's permission. Offered: Spring, on rotation.

WLAC 475 Language for Business (4)

In-depth analysis of cultural communication and language use within business contexts. Examines components of a language's commercial vocabulary and cultural usage within professional contexts. Prereq: At least one semester of a foreign language or by permission of the department. Offered: Spring.

CRITICAL LANGUAGES PROGRAM

The Critical Languages Program (CLP) is a language instructional method that makes possible the offering of less-commonly taught, but highly relevant languages. The curriculum is student-centered and oriented principally toward the initial acquisition of oral skills, proceeding ultimately into the written form of the language.

Students in CLP courses work intensively with specially prepared texts and AV material, and meet in small group drill sessions twice a week with a native-speaking tutor. They continue their language practice in two additional sessions each week in WLAC's audiovisual and computer laboratories. Exams are given on an individual basis with external examiners. These examiners are professors of their respective languages at other institutions who come to campus to examine Samford CLP students at the end of each semester.

CLP courses follow the traditional semester calendar and meet Tuesdays and Thursdays. They are available to both daytime and evening (Evening Studies) students. Courses are sequential, with successful completion of the previous course serving as prerequisite to the next. Courses numbered 101 and 201 are offered during fall semesters only; courses numbered 102 and 202 are offered during spring semesters only. A world languages and cultures minor is offered in any of the CLP languages, but content-based coursework beyond the 200-level can only be completed abroad in courses preapproved by the CLP director.

Critical languages offered at Samford are: Arabic, Chinese, Haitian Creole, Hindi, Italian, Japanese, Korean, Portuguese, Russian, Swahili, Thai, and Vietnamese.

CRITICAL LANGUAGES – ARABIC

ARAB 101 Elementary Arabic I (4)

Introduction to understanding, speaking, reading, and writing Arabic. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

ARAB 102 Elementary Arabic II (4)

Introduction to understanding, speaking, reading, and writing Arabic. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

ARAB 201 Intermediate Arabic I (4)

Continued study in understanding, speaking, reading, and writing Arabic. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

ARAB 202 Intermediate Arabic II (4)

Continued study in understanding, speaking, reading, and writing Arabic. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

ARAB 205 Intermediate Arabic III (4)

Intensive practice of listening, speaking, reading, and writing Arabic and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two-three intensive tutorial drills and one-two laboratory sessions per week. Prereqs: ARAB 202 and permission of the program director. Offered: Fall.

ARAB 206 Intermediate Arabic IV (4)

Continued intensive practice of listening, speaking, reading, and writing Arabic and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two-three intensive tutorial drills and one-two laboratory sessions per week. Prereqs: ARAB 205 and permission of the program director. Offered: Spring.

ARAB 311 Directed Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

ARAB 321 Directed Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

ARAB 331 Directed Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

ARAB 351 Language Study Abroad: Advanced I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

ARAB 352 Language Study Abroad: Advanced II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

ARAB 353 Language Study Abroad: Cultural Studies I (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

ARAB 354 Language Study Abroad: Cultural Studies II (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

ARAB 360 Language for Missions Internship (1-4 each term of service)

Missions fieldwork in a country where the target language is spoken, under the direction of a Samford mentor and on-site mission personnel. Open to all students with intermediate language proficiency or higher in the target language. Prereq: Permission of the program director and the WLAC language missions coordinator. Offered: As needed.

CRITICAL LANGUAGES – CHINESE**CHIN 101 Elementary Chinese I (4)**

Introduction to understanding, speaking, reading, and writing Chinese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

CHIN 102 Elementary Chinese II (4)

Introduction to understanding, speaking, reading, and writing Chinese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

CHIN 201 Intermediate Chinese I (4)

Continued study in understanding, speaking, reading, and writing Chinese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

CHIN 202 Intermediate Chinese II (4)

Continued study in understanding, speaking, reading, and writing Chinese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

CHIN 205 Intermediate Chinese III (4)

Intensive practice of listening, speaking, reading, and writing Chinese and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two-three intensive tutorial drills and one-two laboratory sessions per week. Prereqs: CHIN 202 or permission of the program director. Offered: Fall.

CHIN 206 Intermediate Chinese IV (4)

Continued intensive practice of listening, speaking, reading, and writing Chinese and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two-three intensive tutorial drills and one-two laboratory sessions per week. Prereqs: CHIN 205 or permission of the program director. Offered: Spring.

CHIN 311 Directed Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

CHIN 321 Directed Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

CHIN 331 Directed Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

CHIN 345 Language Across-the-Curriculum (1)

Mentored experience in the reading of content-specific texts. Course may be repeated for a maximum of 4 credits with different host classes. Prereqs: Successful completion of at least one 4-credit upper-level Chinese course or the equivalent, concurrent enrollment in an approved host class in another discipline, and permission of the program director. Offered: Upon request.

CHIN 351 Language Study Abroad: Advanced I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

CHIN 352 Language Study Abroad: Advanced II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

CHIN 353 Language Study Abroad: Cultural Studies I (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

CHIN 354 Language Study Abroad: Cultural Studies II (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

CHIN 360 Language for Missions Internship (1-4 each term of service)

Missions fieldwork in a country where the target language is spoken, under the direction of a Samford mentor and on-site mission personnel. Open to all students with intermediate language proficiency or higher in the target language. Prereq: Permission of the program director and the WLAC language missions coordinator. Offered: As needed.

CRITICAL LANGUAGES – HAITIAN CREOLE**CREO 101 Elementary Haitian Creole I (4)**

Introduction to understanding, speaking, reading, and writing Haitian Creole. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Prereq: Permission of the department. Offered: Fall.

CREO 102 Elementary Haitian Creole II (4)

Introduction to understanding, speaking, reading, and writing Haitian Creole. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Prereq: Permission of the department. Prereq/Co-Req: CREO 101. Offered: Spring.

CREO 201 Intermediate Haitian Creole I (4)

Continued study in understanding, speaking, reading, and writing Haitian Creole. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Prereq: Permission of the program director. Offered: Fall.

CREO 202 Intermediate Haitian Creole II (4)

Continued study in understanding, speaking, reading, and writing Haitian Creole. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Prereq: CREO 201 and permission of the program director. Offered: Spring.

CRITICAL LANGUAGES – HINDI**HIND 101 Elementary Hindi I (4)**

Introduction to understanding, speaking, reading, and writing Hindi. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

HIND 102 Elementary Hindi II (4)

Introduction to understanding, speaking, reading, and writing Hindi. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

HIND 201 Intermediate Hindi I (4)

Continued study in understanding, speaking, reading, and writing Hindi. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

HIND 202 Intermediate Hindi II (4)

Continued study in understanding, speaking, reading, and writing Hindi. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

HIND 205 Intermediate Hindi III (4)

Intensive practice of listening, speaking, reading, and writing Hindi and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two-three intensive tutorial drills and one-two laboratory sessions per week. Prereqs: HIND 202 and permission of the program director. Offered: Fall.

HIND 206 Intermediate Hindi IV (4)

Continued intensive practice of listening, speaking, reading, and writing Hindi and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two-three intensive tutorial drills and one-two laboratory sessions per week. Prereqs: HIND 205 and permission of the program director. Offered: Spring.

HIND 311 Directed Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

HIND 321 Directed Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

HIND 331 Directed Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

HIND 345 Language-Across-the-Curriculum (1)

Mentored experience in the reading of content-specific texts. Course may be repeated for credit with different host classes. Prereqs: HIND 206, plus successful completion of at least one 4-credit upper-level Hindi course or the equivalent, concurrent enrollment in an approved host class in another discipline, and permission of the program director. Offered: Upon request.

HIND 351 Language Study Abroad: Advanced I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

HIND 352 Language Study Abroad: Advanced II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

HIND 353 Language Study Abroad: Cultural Studies I (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

HIND 354 Language Study Abroad: Cultural Studies II (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

HIND 360 Language for Missions Internship (1-4 each term of service)

Missions fieldwork in a country where the target language is spoken, under the direction of a Samford mentor and on-site mission personnel. Open to all students with intermediate language proficiency or higher in the target language. Prereq: Permission of the program director and the WLAC language missions coordinator. Offered: As needed.

CRITICAL LANGUAGES – ITALIAN

ITAL 101 Elementary Italian I (4)

Introduction to understanding, speaking, reading, and writing Italian. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

ITAL 102 Elementary Italian II (4)

Introduction to understanding, speaking, reading, and writing Italian. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

ITAL 201 Intermediate Italian I (4)

Continued study in understanding, speaking, reading, and writing Italian. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

ITAL 202 Intermediate Italian II (4)

Continued study in understanding, speaking, reading, and writing Italian. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

ITAL 311 Directed Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

ITAL 321 Directed Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

ITAL 331 Directed Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

ITAL 345 Language Across-the-Curriculum (1)

Mentored experience in the reading of content-specific texts. Course may be repeated for a maximum of 4 credits with different host classes. Prereqs: Successful completion of at least one 4-credit upper-level Italian course or the equivalent, concurrent enrollment in an approved host class in another discipline, and permission of the program director. Offered: Upon request.

ITAL 351 Language Study Abroad: Advanced I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

ITAL 352 Language Study Abroad: Advanced II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

ITAL 353 Language Study Abroad: Cultural Studies I (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

ITAL 354 Language Study Abroad: Cultural Studies II (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

ITAL 360 Language for Missions Internship (1-4 each term of service)

Missions fieldwork in a country where the target language is spoken, under the direction of a Samford mentor and on-site mission personnel. Open to all students with intermediate language proficiency or higher in the target language. Prereq: Permission of the program director and the WLAC language missions coordinator. Offered: As needed.

CRITICAL LANGUAGES – JAPANESE

JAPN 101 Elementary Japanese I (4)

Introduction to understanding, speaking, reading, and writing Japanese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

JAPN 102 Elementary Japanese II (4)

Introduction to understanding, speaking, reading, and writing Japanese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

JAPN 201 Intermediate Japanese I (4)

Continued study in understanding, speaking, reading, and writing Japanese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

JAPN 202 Intermediate Japanese II (4)

Continued study in understanding, speaking, reading, and writing Japanese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

JAPN 205 Intermediate Japanese III (4)

Intensive practice of listening, speaking, reading, and writing Japanese and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two-three intensive tutorial drills and one-two laboratory sessions per week. Prereqs: JAPN 202 and permission of the program director. Offered: Fall.

JAPN 206 Intermediate Japanese IV (4)

Continued intensive practice of listening, speaking, reading, and writing Japanese and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two-three intensive tutorial drills and one-two laboratory sessions per week. Prereqs: JAPN 205 and permission of the program director. Offered: Spring.

JAPN 311 Directed Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

JAPN 321 Directed Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

JAPN 331 Directed Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

JAPN 345 Language-Across-the-Curriculum (1)

Mentored experience in the reading of content-specific texts. Course may be repeated for credit with different host classes. Prereqs: Successful completion of at least one 4-credit upper-level Japanese course or the equivalent, concurrent enrollment in an approved host class in another discipline, and permission of the program director. Offered: Upon request.

JAPN 351 Language Study Abroad: Advanced I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

JAPN 352 Language Study Abroad: Advanced II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

JAPN 353 Language Study Abroad: Cultural Studies I (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

JAPN 354 Language Study Abroad: Cultural Studies II (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

JAPN 360 Language for Missions Internship (1-4 each term of service)

Missions fieldwork in a country where the target language is spoken, under the direction of a Samford mentor and on-site mission personnel. Open to all students with intermediate language proficiency or higher in the target language. Prereq: Permission of the program director and the WLAC language missions coordinator. Offered: As needed.

CRITICAL LANGUAGES – KOREAN

KORE 101 Elementary Korean I (4)

Introduction to understanding, speaking, reading, and writing Korean. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

KORE 102 Elementary Korean II (4)

Introduction to understanding, speaking, reading, and writing Korean. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Prereq: KORE 101. Offered: Spring.

KORE 201 Intermediate Korean I (4)

Continued study in understanding, speaking, reading, and writing Korean. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Prereq: KORE 102. Offered: Fall.

KORE 202 Intermediate Korean II (4)

Continued study in understanding, speaking, reading, and writing Korean. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Prereq: KORE 201. Offered: Spring.

KORE 205 Intermediate Korean III (4)

Intensive practice of listening, speaking, reading, and writing Korean and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Prereq: KORE 202 and permission of the program director. Offered: Fall.

KORE 206 Intermediate Korean IV (4)

Continued intensive practice of listening, speaking, reading, and writing Korean and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Prereq: KORE 205 and permission of the program director. Offered: Spring.

CRITICAL LANGUAGES – RUSSIAN

RUSS 101 Elementary Russian I (4)

Introduction to understanding, speaking, reading, and writing Russian. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

RUSS 102 Elementary Russian II (4)

Introduction to understanding, speaking, reading, and writing Russian. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

RUSS 201 Intermediate Russian I (4)

Continued study in understanding, speaking, reading, and writing Russian. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

RUSS 202 Intermediate Russian II (4)

Continued study in understanding, speaking, reading, and writing Russian. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

RUSS 311 Directed Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

RUSS 321 Directed Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

RUSS 331 Directed Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

RUSS 345 Language-Across-the-Curriculum (1)

Mentored experience in the reading of content-specific texts. Course may be repeated for credit with different host classes. Prereqs: Successful completion of at least one 4-credit upper-level Russian course or the equivalent, concurrent enrollment in an approved host class in another discipline, and permission of the program director. Offered: Upon request.

RUSS 351 Language Study Abroad: Advanced I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

RUSS 352 Language Study Abroad: Advanced II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

RUSS 353 Language Study Abroad: Cultural Studies I (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

RUSS 354 Language Study Abroad: Cultural Studies II (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

RUSS 360 Language for Missions Internship (1-4 each term of service)

Missions fieldwork in a country where the target language is spoken, under the direction of a Samford mentor and on-site mission personnel. Open to all students with intermediate language proficiency or higher in the target language. Prereq: Permission of the program director and the WLAC language missions coordinator. Offered: As needed.

CRITICAL LANGUAGES – SWAHILI

SWAH 101 Elementary Swahili I (4)

Introduction to understanding, speaking, reading, and writing Swahili. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

SWAH 102 Elementary Swahili II (4)

Introduction to understanding, speaking, reading, and writing Swahili. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

SWAH 201 Intermediate Swahili I (4)

Continued study in understanding, speaking, reading, and writing Swahili. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

SWAH 202 Intermediate Swahili II (4)

Continued study in understanding, speaking, reading, and writing Swahili. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

SWAH 311 Directed Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

SWAH 321 Directed Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

SWAH 331 Directed Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

SWAH 351 Language Study Abroad: Advanced I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

SWAH 352 Language Study Abroad: Advanced II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

SWAH 353 Language Study Abroad: Cultural Studies I (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

SWAH 354 Language Study Abroad: Cultural Studies II (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

SWAH 360 Language for Missions Internship (1-4 each term of service)

Missions fieldwork in a country where the target language is spoken, under the direction of a Samford mentor and on-site mission personnel. Open to all students with intermediate language proficiency or higher in the target language. Prereq: Permission of the program director and the WLAC language missions coordinator. Offered: As needed.

CRITICAL LANGUAGES – THAI

THAI 101 Elementary Thai I (4)

Introduction to understanding, speaking, reading, and writing Thai. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

THAI 102 Elementary Thai II (4)

Introduction to understanding, speaking, reading, and writing Thai. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

THAI 201 Intermediate Thai I (4)

Continued study in understanding, speaking, reading, and writing Thai. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Fall.

THAI 202 Intermediate Thai II (4)

Continued study in understanding, speaking, reading, and writing Thai. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Offered: Spring.

THAI 205 Intermediate Thai III (4)

Intensive practice of listening, speaking, reading, and writing Thai and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two-three intensive tutorial drills and one-two laboratory sessions per week. Prereqs: THAI 202 and permission of the program director. Offered: Fall.

THAI 206 Intermediate Thai IV (4)

Continued intensive practice of listening, speaking, reading, and writing Thai and presentation of further intermediate-level grammatical structures. Self-instructional (text and AV material), with two-three intensive tutorial drills and one-two laboratory sessions per week. Prereqs: THAI 205 and permission of the program director. Offered: Spring.

THAI 311 Directed Teaching Experience I (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

THAI 321 Directed Teaching Experience II (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

THAI 331 Directed Teaching Experience III (1)

Guided practicum in language teaching to develop the individual's linguistic, instructional, and leadership skills. Prereqs: Successful completion of 202 level in the target language, or the equivalent, and permission of the program director.

THAI 351 Language Study Abroad: Advanced I (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

THAI 352 Language Study Abroad: Advanced II (4)

Intensive practice of audio-lingual skills and advanced grammatical structures in a setting abroad where the target language is spoken. Stresses practical communication and effective self-expression in the target language.

THAI 353 Language Study Abroad: Cultural Studies I (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

THAI 354 Language Study Abroad: Cultural Studies II (4)

Study of civilization and culture and overview of contemporary society in a target-culture setting abroad.

THAI 360 Language for Missions Internship (1-4 each term of service)

Missions fieldwork in a country where the target language is spoken, under the direction of a Samford mentor and on-site mission personnel. Open to all students with intermediate language proficiency or higher in the target language. Prereq: Permission of the program director and the WLAC language missions coordinator. Offered: As needed.

CRITICAL LANGUAGES – VIETNAMESE**VIET 101 Elementary Vietnamese I (4)**

Introduction to understanding, speaking, reading, and writing Vietnamese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Prereq: Permission of the program director. Offered: Fall.

VIET 102 Elementary Vietnamese II (4)

Introduction to understanding, speaking, reading, and writing Vietnamese. Self-instructional (text and AV material), with two intensive tutorial drills and two laboratory sessions per week. Prereq: VIET 101 and permission of the program director. Offered: Spring.

ADDITIONAL LANGUAGES**GREEK, HEBREW, LATIN**

For a list of Greek and Latin courses, see the Department of Classics. For a list of Hebrew courses, see the Biblical Languages course listing in the Department of Religion.

Scott Fisk, Chair, Professor, Art
Jeannie C. Krumdieck, Chair, Professor, Interior Architecture
Don T. Sandley, Chair, Professor, Theatre and Dance
Eric L. Mathis, Chair, Academic Studies, Assistant Professor, Music
W. Randall Richardson, Chair, Performance Studies, Professor, Music

History

Since the earliest years of the University's history, music and the dramatic arts have been a vital part of campus life. The college Glee Club sang at commencements, and seniors and dramatic arts students performed in campus productions during the school year. The Masquers Club, organized in 1933, invited all students to be a part of their dramatic productions. Within five years, the popularity of The Masquers Club increased to such a degree that their productions were limited to drama students only. Throughout the state, Howard College dramatic productions were well recognized, and that recognition continues to the present.

In 1948, the Board of Trustees unanimously approved the establishment of the Department of Music to offer the bachelor of music degree. Prior to that time, music was taught on campus by professional musicians from a local music school through a cooperative agreement, but a bachelor's degree was not offered. By 1952, the music curriculum was so successful that more teaching space was required to accommodate the demand for music courses. In 1970, the department was elevated to School status.

In 2001, dramatic arts, known as the Theatre Department, moved to the School of Music, and the school was renamed the School of Performing Arts with a Division of Music and a Department of Theatre. A new major, musical theatre, was introduced, in both the music division and the theatre department. In 2008, the Department of Art formally joined the school, which was renamed the School of the Arts.

In 2009, the theatre department was renamed the Department of Theatre and Dance, to recognize the expanded focus of the department. That same year, a new bachelor of fine arts in musical theatre was introduced.

In 2011, the Department of Interior Design formally joined the school and was renamed the Department of Interior Architecture, offering a bachelor of fine arts in interior design as well as a concentration in pre-architecture. In 2014, the Department of Art and the Department of Interior Architecture were joined together as the Division of Visual Arts.

Interdisciplinary Courses

SOA 200 Arts in Society (3)

This course provides students with a working knowledge of the meaning and importance of the arts as a product of the creative imagination in a dynamic interaction with a society. Its purpose is to develop deeper understanding of human expression in the context of global and national development. Satisfies the general education fine arts requirement for non-School of the Arts majors. Prereqs/Co-reqs: UCCA 102; UCCP 101 and 102. Offered: Every semester.

SOA 250 Arts Perspective (3)

This course will explore the language and application of "arts" across the disciplines of music, theatre, and visual arts in order to develop a deeper understanding of the creative imagination in a dynamic interaction with society. Satisfies the general education fine arts requirement for School of the Arts majors. Prereqs/Co-reqs: UCCA 102; UCCP 101 and 102. Offered: Every semester.

School of the Arts Core Courses

SOA 101 Introduction to the Arts (1)

First-year School of the Arts students are introduced to concepts of community, worldview, artistic awareness, good study habits, and professionalism through shared artistic activities, discussion, and self-reflection. Offered: Fall.

SOA 102 Professionalism in the Arts (1)

Continued examination of topics and issues introduced in SOA 101 with application to specific divisions within the School of the Arts. Sections organized by Division. Prereq: SOA 101 or instructor permission. Offered: Spring.

SOA 301 Creative Investigation (1)

Through analysis students will examine various processes related to creative work in the arts, and examine how professional artists apply skills and knowledge to develop works of art. Interdisciplinary sections. Prereqs: SOA 101, 102, and 250. Offered: Fall.

SOA 302 Creative Investigation in Practice (1)

Students apply various processes related to personal and professional interests in the arts to plan and propose a unique work and/or project to be implemented in SOA 460, 470, or 480. Interdisciplinary sections. Prereqs: SOA 101, 102, 250, and 301. Offered: Spring.

SOA 460 Senior Project: Art (6)

Implementation and public presentation of a focused individual or collaborative investigation under the direction of a primary and secondary advisor. The final course in the School of the Arts sequence. Must have approval. Individual sections by program of study. Prereqs: SOA 101, 102, 250, 301, and 302. Offered: Fall and Spring.

SOA 470 Senior Project: Music (6)

Implementation and presentation of a focused individual or collaborative project under the direction of a primary and secondary advisor. This is the capstone course in the School of the Arts Archetype sequence. Prereqs: SOA 101, 102, 250, 301, and 302. Offered: Fall and Spring.

SOA 480 Senior Project: Theatre (6)

Implementation and public presentation of a focused individual or collaborative investigation under the direction of a primary and secondary advisor. The final course in the School of the Arts sequence. Must have approval. Individual sections by program. Prereqs: SOA 101, 102, 250, 301, and 302. Offered: Fall and Spring.

 Graphic Design (B.F.A.)

Minors

Art
 Minor in the Arts

The Department of Art offers majors in fine arts leading to a bachelor of arts (if a language is taken) or a bachelor of science (no language requirement), and in graphic design leading to a bachelor of fine arts. The department also offers a minor in art and, in cooperation with the Music Division and the Department of Theatre and Dance, offers an interdisciplinary minor in the arts.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

For students pursuing a bachelor of science, there is no language requirement.

* To complete the 3-credit externship/independent study requirement, students can take either ART 455 (for 3 credits) or a combination of the 2-cred ART 455 and the 1-cred ART 494 (available in Summer or Jan Term).

Minor in the Arts

The arts minor is focused on broad experience in music, theatre/dance, and art. The minor includes experience in contextual/historical, performance, foundational, and elective courses across the various areas of the School of the Arts.

Minor in the Arts Required Courses	Course Credits	Total Required Credits
Arts Core		12
(12 credits required in the Arts Core, including the minimum number stated within each subgroup below.)		
History/Literature Course (complete at least 2 credits)		
ART 381 Ancient and Medieval Art <i>or</i>	4	
ART 382 Renaissance and Baroque Art <i>or</i>		
ART 383 Modern and Contemporary Art		
MUSC 2400 Introduction to Music Literature	2	
THEA 330 Theatre History & Literature I	3	
THEA 332 Theatre History & Literature II	3	
Foundations Courses (complete at least 4 credits)		
ART 101 Two-Dimensional Design	3	
MUSC 1510 Theory I: The Syntax of Music	3	
MUSC 1511 Theory Lab I	1	
MUSC 1520 Theory II: Diatonic Harmonic Idioms	3	
MUSC 1521 Theory Lab II	1	
THEA 242 Fundamentals of Design	3	
THEA 341 Set Design	3	
THEA 343 Lighting Design	3	
THEA 344 Makeup Design	3	
THEA 345 Costume Design	3	
Performance Courses (complete at least 2 credits)		
ART 221 Beginning Drawing	3	
ART 231 Beginning Painting	3	
ART 240 Ceramics	3	
DANC 101 Ballet I	2	
DANC 102 Ballet II	2	
Applied Music Lessons (juried)*	2-6	
Arts Electives		12
Art Electives	4	
Music Electives	4	
Theatre/Dance Electives	4	
Total Required Credits		24

* Permission of the associate dean of music is required before enrolling in applied music lessons; an audition is required.

Note: At least six (6) hours required in the minor must be upper-level credits. School of the Arts majors may only include four (4) hours from their major discipline; these credits will be counted as elective credits within the minor.

Courses**ART****ART 101 Two-Dimensional Design (3)**

Study of the elements of design through introduction to art materials and processes with art principles as a basis. Emphasis placed on a series of problem-solving projects and experimental 2-D studio work, primarily in black and white. Offered: Fall.

ART 102 Three-Dimensional Design (3)

Study of the elements of design transitioning from 2-D to 3-D. Emphasis placed on a series of problem-solving projects dealing with both 2-D and 3-D concepts that explore design elements and principles in black and white and color. Should be taken with ART 231. Offered: Spring.

ART 200 Art Appreciation (2)

Survey of artistic terms, methods, and philosophy, including recognition of styles in periods of art history, and development of aesthetic experiences that better prepare students for living in society. For students who fall under the 2016-17 or an earlier catalog, this course satisfies two credits of the general education fine arts requirement for most majors. Sections of this course may still be offered in the 2017-18 academic year, but will be unavailable in future years.

ART 206 School Art (2)

Study of the materials used in elementary school art and the essentials of a qualitative art program.

ART 210 Basic Photography (3)

Introduction to a basic knowledge of photography as a medium of expression. Includes the history of photography, working knowledge of 35mm cameras, and basic darkroom printing techniques in black and white. The course approaches photography as an art form and not merely as a technical means to preserve images. Offered: Fall and Spring.

ART 221 Beginning Drawing (3)

Introduction to a variety of traditional drawing materials and techniques with emphasis on shape, line, perspective, value, and objective rendering. No prereqs. Offered: Fall.

ART 222 Advanced Drawing (3)

Advanced exploration of drawing materials and techniques with emphasis on rendering value, texture, advanced perspective, color, and personal expression. Includes research into historical and contemporary precedents. Prereqs: ART 101 and ART 221. Offered: Fall. (Formerly ART 322)

ART 231 Beginning Painting (3)

Introduction to traditional painting materials and techniques with an emphasis on oil paint and acrylic media, objective subject matter, composition development, and color mixing and theory. No prereqs. Offered: Spring.

ART 232 Water-Based Media (3)

Study of water-based materials and techniques with an emphasis on traditional, experimental, and expressive approaches, composition development, and color. Includes research into historical and contemporary precedents. Prereqs: ART 101, 221, and 231. Offered: Fall.

ART 240 Ceramics (3)

Study of various forming methods and cycles of ceramic production for the creation of pottery and other clay applications. Offered: Fall and Spring.

ART 250 Graphic Production (3)

Introduction to production theory and application which serve as the basis for all future design skills. Development of skills and creative processes necessary for mass production of print materials, incorporating traditional hand production (for theoretical insight) as well as the use of various imaging and page layout software. Prereq: ART 102. Offered: Fall, in conjunction with ART 251.

ART 251 Introduction to Computer Graphics (3)

Application of design principles through computer software and media. Introduction to hardware and system interface as well as to foundation software for page layout, vector-based imaging, and bitmap imaging. Prereq: ART 102. Offered: Fall, in conjunction with ART 250.

ART 258 Typography (3)

Exploration of techniques, tools, methods of typographic expression, and symbols and communicative skills of the printed letter or word, with emphasis on design and type. Prereqs: ART 250 and ART 251. Offered: Spring.

ART 260 Beginning Printmaking (3)

Introduction to printmaking materials and techniques with emphasis on monotypes, relief, and dry-point processes. Prereqs: ART 101 and ART 221. Offered: Spring.

ART 261 Letterpress Printmaking (3)

Use of the letterpress printmaking process to create projects with graphic design content. Historic overview of letterpress printmaking from 1450 to the present. Prereqs: ART 250 and ART 251. Offered: Jan Term.

ART 270 Beginning Sculpture (3)

Introduction to traditional and non-traditional sculpture materials and techniques with an emphasis on additive, subtractive, and assemblage construction methods. Prereqs: ART 102 and ART 221. Offered: Spring.

ART 301 Art Appreciation (3)

Study of artistic terms, methods, and philosophy, including recognition of styles in periods of art history, and development of aesthetic experiences that better prepare students for living in society. Because of additional coursework, class time, and art works, this course, offered only during Jan Term, is much more intensive than a comparable course offered during a regular semester. For students who fall under the 2016-17 or an earlier catalog, this course satisfies, in whole or in part, the general education fine arts requirement for most majors. Offered: Jan Term.

ART 323 Figure Drawing (3)

Advanced exploration of drawing materials and techniques with emphasis on the human figure as subject. Includes research into contemporary and historical precedents. Prereqs: ART 101 and ART 221. Offered: Spring.

ART 333 Figure Painting (3)

Advanced exploration of painting materials and techniques with emphasis on the human figure. Includes research into historical and contemporary precedents. Prereqs: ART 101, 221, 231, and 323. Offered: Fall.

ART 334 Advanced Painting (3)

Advanced exploration of painting materials and techniques with special emphasis on the development of self-directed work in painting through practice and criticism as the student explores personal style and expression. Includes research into historical and contemporary precedents. Prereqs: ART 101, 221, and 231. Offered: Fall.

ART 340 Advanced Ceramics (3)

Continued study and use of the basics learned in Ceramics, with emphasis placed on wheel throwing, glazing, and firing. Prereq: ART 240. Offered: Fall and Spring.

ART 351 Beginning UI/UX Design (3)

Introduction to user interface and user experience design principles and software. Prereqs: ART 250 and ART 251. Offered: Fall.

ART 352 History and Application of Graphic Design (3)

Study and application of design from its origins to contemporary design. Includes portfolio design projects with consideration of specific periods, styles, and subjects. Prereqs: ART 250 and ART 251. Offered: Spring.

ART 353 Graphic Design: Advertising (3)

Introduction to marketing and advertising strategy and practice, and application of that strategy through visual design. Includes corporate identity development and collateral materials, print and television advertising, direct mail, and advertising/marketing planning. Prereqs: ART 250 and ART 251. Offered: Spring.

ART 354 Graphic Design: Publication (3)

In-depth study of page layout, grid system, and design sequence through development of a publication. Includes corporate identity development and direct mail. Emphasis placed on development of a cohesive design which can embrace diversity of content while presenting continuity of form. Prereqs: ART 250 and ART 251. Offered: Fall.

ART 356 Illustration (3)

Introduction to editorial and advertising illustration, primarily through traditional methods and media. Examination of creative process, design principles, and the discipline of illustration as a profession. Prereqs: ART 102 and ART 231. Offered: Fall.

ART 358 Photodesign (3)

Study and practice of photography as a vital part of graphic design. Photography-driven projects explore both location and studio techniques through digital imaging. Access to a digital camera capable of manual override is required. Limited access to a camera may be provided by the art department. Prereqs: ART 250 and 251. Offered: Spring.

ART 359 Digital Photography (3)

Study of digital photography with an artistic approach to digital images, the studio environment, and postproduction software. Includes research into historical and contemporary photography. Digital SLR (DSLR) camera with manual mode, and editing software is required. Offered: Spring.

ART 360 Advanced Printmaking (3)

Advanced exploration of printmaking materials and techniques with emphasis on screen-printing, woodblock relief printing, experimental, expressive, and portable processes. Includes research into contemporary and historical precedents. Prereqs: ART 101, 221, and 260. Offered: Spring.

ART 380 History of Fashion and Costume (3)

Study of historical clothing as dress and stage costuming, from primitive apparel to present fashion. Cross-listed as THEA 380. Offered: Fall, on rotation.

ART 381 Ancient and Medieval Art (4)

Study of art, architecture, graphics, and interior design from prehistory to the Gothic Age, including their place in cultural, social, political, economic, and religious settings. Offered: On rotation.

ART 382 Renaissance and Baroque Art (4)

Study of art, architecture, graphics, and interior design from late Gothic to Neoclassicism and Romanticism including their place in cultural, social, political, economic, and religious settings. Offered: On rotation.

ART 383 Modern and Contemporary Art (4)

Study of art, architecture, graphics, and interior design from Realism to the present time, including their place in cultural, economic, social, political, and religious settings. Offered: On rotation.

ART 390 Mixed Media (3)

Study of mixed media materials and techniques with emphasis on 2-D traditional and non-traditional methods, collage, composition development, and personal expression. Includes research into historical and contemporary precedents. Prereqs: ART 101, 221, and 231. Offered: Fall, Jan Term, and/or Spring.

ART 401 Workshop I (1)

Independent study in any media for advanced art students. Content to be decided in consultation between student and supervising faculty member.

ART 402 Workshop II (2)

Independent study in any media for advanced art students. Content to be decided in consultation between student and supervising faculty member.

ART 403 Workshop III (3)

Independent study in any media for advanced art students. Content to be decided in consultation between student and supervising faculty member.

ART 450 Senior Portfolio (3-6)

Final portfolio, under supervision of the faculty, for senior art students, with periodic evaluation by professionals. The advanced nature of these assignments is designed to produce portfolio examples for job-hunting or graduate school.

ART 451 Video Motion Graphics (3)

Introduction to digital video production. Objectives include how to use a Macintosh computer as a video editing and creation tool, and exploration of lighting, camera technique, and video effects. Prereqs: ART 101 and ART 102. Prereqs/Co-Reqs: ART 250 and ART 251.

ART 455 Externship and Independent Study (2-3)

Opportunity for advanced students to gain valuable work experience for credit as they near completion of their collegiate experience. Several internships with local businesses are available. Co-req: ART 494.

ART 456 Advanced Illustration (3)

Study of contemporary image making through vector and bitmap applications. Traditional media and processes are reviewed and practiced where appropriate. Examination of creative process, design principles, and the discipline of illustration as a profession. Prereqs: ART 102, 231, and 251. Offered: Spring.

ART 458 Advanced UI/UX Design (3)

Advanced exploration of user interface and user experience design principles and software. Prereqs: ART 250 and ART 251. Offered: Spring.

ART 459 Senior Portfolio-Graphic Design (6)

Directed study of an individually determined subject, intended to be the focus of the undergraduate portfolio. Prereqs: ART 250, 251, 258, 351, 352, 353, 354, 455/494, and 458. Offered: Fall and Spring.

ART 480 Art History Independent Study (3)

Independent study and/or selected research in an area of art history that is of particular interest or has a personal application to the student's field of study.

ART 494 Internship Summer/Jan Term (1)

Independent study in which the student gains practical experience while working in an art/graphic design-related business. Grading is pass/fail. Co-requisite: ART 455. Offered: Summer and Jan Term.

SCHOOL OF THE ARTS

SOA 460 Senior Project: Art (6)

Implementation and public presentation of a focused individual or collaborative investigation under the direction of a primary and secondary advisor. The final course in the School of the Arts sequence. Must have approval. Individual sections by program of study. Prereqs: SOA 101, 102, 250, 301, and 302. Offered: Fall and Spring.

Interior Architecture

Faculty

Jeannie C. Krumdieck, Chair, Professor
Charles L. Ford, Associate Professor
Preston Hite, Associate Professor

Undergraduate Programs and Requirements

Majors

Interior Design
Pre-Architecture Concentration (non-degree)

The Department of Interior Architecture offers a major in interior design leading to a bachelor of fine arts degree. The department also offers a non-degree seeking concentration in pre-architecture.

The interior design major and the pre-architecture concentration students share a common curriculum for the first two years of study. These foundation courses introduce applicable theory and skills, preparing the students for a more specific design direction: interior design, interior architecture, or architecture.

Interior Design

Those choosing to complete their bachelor of fine arts in interior design at Samford University will engage in a curriculum sequence whose content adheres to CIDA (Council for Interior Design Accreditation) standards. The program prepares design students to combine aesthetic values with practical needs and realities. Program graduates weigh design decisions with social, cultural, and ecological context in mind. Based on a foundation in fine art, the students utilize a holistic approach that integrates interior design with architecture; stresses the three-dimensional use of space; considers the user's awareness and experience of space; and incorporates the necessary understanding of codes and life-safety issues.

Pre-Architecture

A pre-architecture concentration is offered within the Department of Interior Architecture. This track is a two-year, non-degree plan that shares a common curriculum sequence with the interior design major. Students choosing pre-architecture, and meeting admission requirements, may transfer seamlessly into the bachelor of arts (B.A.) in architectural studies at Judson University, Elgin, Illinois, and continue into that school's masters of architecture (M.A.), an NAAB-accredited architectural program. This is the result of collaboration between Samford and Judson, with an articulation agreement outlining such.

Pre-architecture students who choose to remain at Samford University and complete the aforementioned continuation requirements are on track to complete Samford's bachelor of fine arts (B.F.A.) in interior design. These students can then pursue the masters of architecture degree program at Judson University or at other universities that offer similar programs of study.

Curriculum

Interior design students work toward a bachelor of fine arts degree. Course requirements include 45 general education credits (including 22 in the University Core Curriculum), 10 credits in the School of the Arts core, 51 interior architecture (IARC) credits, 18 credits in art, plus 4 credits in general electives, for a total of 128 credits required for graduation.

Freshmen begin their studies with core curriculum and foundational art courses shared with the pre-architecture concentration, as well as fine arts and graphic design majors within the School of the Arts. These students are also introduced (in IARC 101) to a survey of the professions (interior design, interior architecture, and architecture).

As sophomores, students continue foundation courses that build upon the art courses and extend those concepts and theories into the built environment. In addition, digital communication, presentation techniques, and building systems information are addressed. At the end of the sophomore year, students submit portfolios of their work for eligibility to continue in the program.

The junior and senior years are focused on application of the concepts and skills they have acquired. The projects are developed in studio settings and focus on small to large scale commercial and residential projects. Birmingham's professional design community is actively engaged through field experiences to firms and built projects, and by providing lectures, project critiques, and final project juries. Students are also required to complete an internship under a registered interior designer or architect.

Department Fee

For all students in the Department of Interior Architecture, there is a \$175 fee per semester for students enrolled in any IARC department program. The fee is subject to change without notice. See the Bursar's Office Web site for more information.

Requirements for Admission to Interior Design Undergraduate Program

Because the bachelor of fine arts in interior design (IARC) presupposes a certain level of professional competence, each interior design major is required to fulfill application requirements for this major during the spring of the sophomore curriculum sequence.

1. Minimum cumulative GPA of 2.50 in the major after completion of the preliminary ART and IARC courses.
2. Successful completion of Portfolio Review including work from those courses listed above (in item 1) along with work in progress from selected IARC courses.
3. Successful completion of an interview with the interior architecture faculty members following completion of the aforementioned courses (in item 1) to continue in the program.
4. Completion of application form including permission to retain student work for use in marketing and accreditation purpose.

Note: Entering freshmen and transfer students in the Department of Interior Architecture are required to attend a seminar early in the fall semester. This will include delineation of the course of study for both interior design and pre-architecture, explanation of the portfolio review, and outline specifications for personal computers and software that will be required for the sophomore through senior courses of study. Opportunities for the pursuit of studies at Judson University, Elgin, Illinois, will also be discussed.

Accreditation

The Samford University interior design program is accredited by the Council for Interior Design Accreditation (CIDA).

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Courses

INTERIOR ARCHITECTURE - UNDERGRADUATE

IARC 101 Architecture/Interior Design: Survey of the Professions (1)

Introduction to the professions of architecture and interior design. Topics of discussion will include: development of the professions, educational requirements, professional practice, and current works. Discussions will be led by instructors and professional practitioners. Open to non-majors. Offered: Spring.

IARC 201 Shop Craft (1)

Introduction to the processes and skills required for model-building and furniture production. Emphasis is on the craft and technology used in these processes - familiarizing the student with the safe operation of this equipment for use in future class projects. For majors in pre-architecture, interior design, or theatre only. Recommended Co-req: IARC 251. Offered: Fall.

IARC 202 Interior Architecture Thought and Theory II: Movements in Architecture (3)

Study of the development of architecture around the world from pre-history to the present, analyzing concurrent developments in different regions, grounding students in each cultural period, and hallmarking determinants that shaped each culture's aesthetics and design history. For majors in pre-architecture or interior design only. Lecture format. Offered: Fall.

Art Electives		6
ART 200-499 Art Elective(s)	3	
ART 300-499 Art Elective(s) related to Senior Project	3	
General Electives (must be related to the Senior Project)		4
Total Required Credits		128

Pre-Architecture Concentration (Non-Degree)

Samford University offers a two-year pre-architecture concentration that allows the student, after two years of study, to transfer seamlessly into Judson University's School of Arts, Design, and Architecture (Elgin, Illinois). Or, the student may remain at Samford and obtain a bachelor of fine arts (B.F.A.) in interior design through the Department of Interior Architecture. To be admitted into this major, students must have a 2.50 GPA. A portfolio review is preferred, but not required, as part of the program admission process.

Pre-Architecture Concentration (Non-Degree) Required Courses		Course Credits	Total Required Credits
General Education - University Core Curriculum			16
UCCA 101	Communication Arts I	4	
UCCA 102	Communication Arts II	4	
UCCP 101	Cultural Perspectives I	4	
UCCP 102	Cultural Perspectives II	4	
General Education - Distribution Areas			11
Natural and Computational Sciences (select one)			4
PHYS 101	General Physics I	4	
PHYS 102	General Physics II	4	
Mathematics (select one course)			4
MATH 240	Calculus I	4	
MATH 260	Calculus II	4	
Fine Arts: SOA 250 Arts Perspective (SOA majs)			3
Pre-Architecture Concentration (Non-Degree):			36
School of the Arts Core			2
SOA 101	Introduction to the Arts	1	
SOA 102	Professionalism in the Arts	1	
Interior Architecture Core			22
IARC 101	Survey of the Profession	1	
IARC 203	Sustainable Design	3	
IARC 231	Drafting Architectural Systems	3	
IARC 232	Advanced Drafting & Modeling	3	
IARC 241	Design Fundamentals	3	
IARC 242	Residential Design	3	
IARC 304	Codes and Regulation	3	
IARC 333	Digital Rendering	3	
Art			12
ART 101	Two-Dimensional Design	3	
ART 102	Three-Dimensional Design	3	
ART 221	Beginning Drawing	3	
ART 222	Advanced Drawing	3	
Total Required Credits			63

IARC 203 Interior Architecture Thought and Theory III: Sustainable Design (3)

This course is intended for those who are new to green building and looking to learn the basics of green building and LEED. The course offers an introduction to USGBC, sustainable building principles, and the fundamentals of the LEED Rating System. Students will leave this course with a basic understanding of the intent, concepts, and terms for each LEED credit category, as well as green building best practices, regulations and incentives, sustainable products, synergies, and trade-offs of LEED credits. For majors in pre-architecture or interior design only. Lecture format. Offered: Spring.

IARC 220 Presentation Techniques (3)

Studio course for interior design majors and pre-architecture concentration students that focuses on developing perspective sketches, rendering techniques, and graphic compositions for presentation purposes. Skills acquired in ART 221 (Advanced Drawing) serve as a foundation for this course. Technical/studio format. Recommended Co-reqs: IARC 221 and IARC 251. Offered: Spring.

IARC 221 Digital Communication I (3)

Designing interior-architecture requires cultivating the ability to compose form simultaneously in both two and three-dimensional space. In this course we explore architectural language and graphical standards of two-dimensional graphic composition as a foundation for three-dimensional graphic compositions. Our goals are to 1) develop formal technical drawing skills that lead to understanding the relationship between 2-dimensional design and 3-dimensional design; 2) to cultivate the ability to encode and decode abstract representations in the field of design/architecture; and 3) to enhance the ability to visually and graphically communicate design intent. For majors in pre-architecture or interior design only. Technical/studio format. Recommended Co-reqs: IARC 220 and IARC 251. Offered: Fall.

IARC 222 Digital Communication II (3)

Review of contemporary methods of digital representation as both a communicative device and conceptual tool for interior-architecture. Projects will explore appropriate computer graphics (CG) techniques and three-dimensional modeling and compositing software in order to expand our ability to communicate architecturally. For majors in pre-architecture or interior design only. Technical/studio format. Prereq: IARC 221. Recommended Co-reqs: IARC 224 and IARC 252. Offered: Spring.

IARC 224 Construction Documents/Building System I (4)

Survey course in which interior design/pre-architectural majors gain an understanding of the basic technical components of building construction including the structural, mechanical, and electrical building systems and how these systems relate to interior architectural building code requirements. For interior design majors only. Prereq: IARC 221. Recommended Co-reqs: IARC 222 and IARC 252. Offered: Fall.

IARC 231 Interior Architecture Tools and Techniques I: Drafting Architectural Systems (3)

Designing interior-architecture requires cultivating the ability to compose form simultaneously in both two- and three-dimensional space. In this course we explore architectural language and graphical standards of two-dimensional graphic composition as a foundation for three-dimensional graphic compositions. Our goals are to 1) develop formal technical drawing skills that lead to understanding the relationship between two-dimensional design and three-dimensional design; 2) to cultivate the ability to encode and decode abstract representations in the field of design/architecture; and 3) to enhance the ability to visually and graphically communicate design intent. For majors in pre-architecture or interior design only. Technical/studio format. Offered: Fall.

IARC 232 Interior Architecture Tools and Techniques II: Advanced Drafting and Modeling (3)

Study of design exploration, visualization, and documentation using building information modeling (BIM) processes, and of custom model element creation using common industry software applications. Course builds on concepts learned in IARC 231 and parallels the design effort in IARC 242. For majors in pre-architecture or interior design only. Technical/studio format. Prereq: IARC 231. Offered: Spring.

IARC 241 Interior Architecture Process and Practice I: Design Fundamentals (3)

A transitional architectural design studio course that builds upon the fundamental elements and principals of design introduced in ART 101 and ART 102. In particular, this course links the abstract compositional concepts of form and space introduced in ART 102 with the pragmatic requirements of programming, space planning, and schematic design of the habitable environment (user needs, human factors, context, building components, codes, etc.), while retaining aesthetic strategies of meaning and purpose, and considering relationships between the body and the design. For majors in pre-architecture or interior design only. Technical/studio format. Prereqs: ART 101, 102, 221, and 222. Offered: Fall.

IARC 242 Interior Architecture Process and Practice II: Residential Design (3)

Studio course in which concepts of interior architecture are introduced and developed. It follows and applies knowledge developed in IARC 241, and draws its foundation from the elements and principles of design that were introduced in fine art foundation courses. These abstract principles will be applied to spatial problem-solving as the design methodology process is introduced. Residential design issues and criteria are the emphasis for studio projects. For majors in pre-architecture or interior design only. Technical/studio format. Prereqs: IARC 231 and IARC 241. Recommended Co-Reqs: IARC 203 and IARC 232. Offered: Spring.

IARC 251 Design Fundamentals I (4)

A transitional interior architecture/design studio course that builds upon the fundamental principles and elements of design introduced in ART 101 and 102 (Two-Dimensional and Three-Dimensional Design). This course explores three-dimensional design composition generated from two-dimensional expressions. Initially conceptual and abstract in nature, the process moves the student toward a rational design solution as it relates to space design and the habitable environment; exploring spatial composition and transformation, progression, perception and sequence, light, color, and materiality. For majors in pre-architecture or interior design only. Technical/studio format. Prereqs: ART 101, 102, 221, and 231. Offered: Fall. Recommended Co-reqs: IARC 220 and IARC 221.

IARC 252 Design Fundamentals II (4)

A studio course in which students will begin to link architectonic principles introduced in IARC 251 to coherent, meaningful, and useful design resolutions. Relationships between body, objects, culture, events, the environment, will be integrated into the study of the habitable realm of the built environment, synthesizing both aesthetic and pragmatic program requirements (user needs, human factors, context, building systems, codes, etc.). For majors in pre-architecture or interior design only. Technical/studio format. Prereq: IARC 251. Recommended Co-reqs: IARC 222 and IARC 224. Offered: Spring.

IARC 301 Design Concepts I (4)

Introduction to the design methodology process, as abstract principles are applied to spatial problem-solving. Based on elements and principles of design that were introduced in the art courses. Technical/studio format. Prereqs: IARC 222 and 251. Offered: Fall.

IARC 302 Design Concepts II (4)

Continuation of concepts as presented in Design Concepts I, with greater application of the design methodology process toward spatial problem-solving. Although project types vary, focus is on residential issues. Technical/studio format. Prereq: IARC 301. Offered: Spring.

IARC 304 Interior Architecture Thought and Theory IV: Codes and Regulation (3)

Construction Documents/Building Systems (IARC 224) is a survey course in which interior architecture/pre-architectural majors gain an understanding of building code and life-safety requirements through the exploration of the basic technical components of building construction including the structural, mechanical, and electrical building systems. For majors in pre-architecture or interior design only. Lecture format. Prereq: IARC 232. Co-req: IARC 343. Offered: Fall.

IARC 312 Lighting (2)

Study of basic lighting principles and their application. Sources, lamp properties, fixture design, photometrics, lumen/footcandle calculations, and lifecycle evaluation are derived for specification. Prereqs: ART 101 and 102; and IARC 222, 224, 252, and 301. Offered: Fall.

IARC 324 Construction Documents/Building System II (4)

Continuation of IARC 224. After cultivating an understanding of building systems and building code requirements, students develop construction documentation for a commercial interior project reflecting core objectives of IARC 224. The course applies experientially the knowledge and skill developed in IARC 221 by encoding construction processes. For interior design majors only. Technical/studio format. Prereq: IARC 224. Offered: Fall.

IARC 325 Historic Preservation and Adaptive Reuse (4)

Identification and study of historical architectural styles as designed and constructed in specific projects. Students research the building's original appearance and restore the project to its original purpose or to a converted purpose. Prereqs: ART 101 and 102; and IARC 222, 224, and 301. Offered: Spring.

IARC 333 Interior Architecture Tools and Techniques III: Digital Rendering (3)

This course presents contemporary methods of digital representation as both a communicative device and conceptual tool for interior-architecture. The projects will explore appropriate computer graphics (CG) techniques and three-dimensional modeling and compositing software in order to expand our ability to communicate architecturally. For majors in pre-architecture or interior design only. Technical/studio format. Prereqs: IARC 231 and IARC 232. Offered: Spring.

IARC 334 Interior Architecture Tools and Techniques IV: Furniture and Millwork (3)

Introduction to the design process, technical criteria, and historical precedent to be considered in the design of furniture and millwork items. The student should have a basic knowledge of the design process, artistic drawing, and technical drawing which will be used as tools to develop project design solutions. For majors in pre-architecture or interior design only. Technical/studio format. Prereq: IARC 333. Offered: Spring.

IARC 340 Concepts and Theories of Sustainability (2)

Exploration of sustainable design and the basics of the green building initiative. The course offers an introduction to USGBC, sustainable building principles, and the fundamentals of the LEED Rating System. Students will leave this course with a basic understanding of the intent, concepts, and terms for each LEED credit category, as well as green building best practices, regulations and incentives, sustainable products, synergies, and tradeoffs of LEED credits. For majors in pre-architecture or interior design only. Technical/studio format. Offered: Spring.

IARC 343 Interior Architecture Process and Practice III: Small-Scale Commercial Design (6)

Third in the interior design studio sequence, this course follows and applies knowledge developed in IARC 241 and IARC 242, and heightens further the application of the design methodology process. Small-scale commercial typology will be explored with emphasis on: materiality, building systems, codes and regulations while further investigating concepts and principles of sustainability. For majors in pre-architecture or interior design only. Technical/studio format. Prereqs: IARC 241 and IARC 242. Co-req: IARC 232. Recommended Co-reqs: IARC 304 and IARC 333. Offered: Fall.

IARC 344 Interior Architecture Process and Practice IV: Contract Design (6)

Fourth in the interior design studio sequence, this course follows and applies knowledge developed in IARC 343, and heightens further the application of the design methodology process through exploration of large-scale commercial projects and issues common to this typology. For majors in pre-architecture or interior design only. Technical/studio format. Prereq: IARC 343. Recommended Co-Req: IARC 334. Offered: Spring.

IARC 346 Textiles and Materials (2)

Exploration of characteristics, properties, and applications of textiles and other materials used for construction, furnishings, and as finish surfaces in the built environment. Offered: Spring.

IARC 380 History and Theory of Interiors and Furnishings (4)

Study of the development of architectural interiors and furnishings from pre-history to the present, grounding students in each cultural period of hallmarking a set of determinants that shaped the culture's aesthetics and design history. Offered: Fall and Spring.

IARC 400 Interior Design Independent Study (1-4)

Exploration of a particular design content area as selected by the student, with approval of the program coordinator, under guidance and supervision of an assigned staff member. Offered: See advisor.

IARC 401 Special Topics in Interior Design (1-4)

Special topics in interior design not normally examined in depth in regular course offerings. May explore a special design interest of a faculty member or a newly emerging area in interior design. Topics vary depending on the instructor. Technical/studio format. Offered: See advisor.

IARC 403 Design Concepts III (4)

Continuation of concepts as presented in Design Concepts I and II, with further application of the design methodology process toward spatial problem-solving. Although project types vary, focus is on commercial design issues. Technical/studio format. Prereqs: IARC 301 and IARC 302. Offered: Fall.

IARC 405 Interior Architecture Thought and Theory V: Professional Practice (3)

Exploration of business practices of the professions of architecture and interior design such as marketing, compensation, business structures, legal responsibilities, and more. For majors in pre-architecture or interior design only. Lecture format. Offered: Spring.

IARC 415 Professional Practice for Interior Designers (2)

Exploration of business practices of the profession of Interior Design, such as marketing, compensation, business structure, legal responsibilities, and more. Lecture format. Offered: Spring.

IARC 420 Furniture and Millwork Design (3)

Introduction to the design process as well as technical criteria to be considered in the design of furniture, merchandising, and millwork items. Students should have a basic knowledge of the design process and artistic and technical drawing as used as tools to develop project design solutions. Technical/studio format. Prereqs: IARC 222 and IARC 324. Offered: Fall.

IARC 445 Interior Architecture Process and Practice V: Historic Preservation and Adaptive Re-Use (6)

This course will incorporate and apply historic preservation and adaptive reuse principles in a final senior-level design studio. Students will incorporate components from all previously studied interior design courses, applying the design methodology process to create a project scenario, and to research and develop an appropriate design solution utilizing a documented historic structure as a basis of form. For majors in pre-architecture or interior design only. Technical/studio format. Prereq: SOA 460. Offered: Spring.

IARC 450 Portfolio (2)

Designed for upper-level interior design students who are preparing portfolios for job interviews, graduate school applications, design grants, or competitions. Technical/studio format. Prereqs: IARC 301, 302, and preferably 403. Offered: Spring.

IARC 455 Internship (2)

Independent study in which students gain practical experience while working in an architectural or interior design firm, or in a business involved in the practice of interior design. Grading is pass/fail. Prereqs: IARC 301 and IARC 302. Offered: See advisor.

IARC 490 Thesis Research (1)

Prerequisite to the senior capstone course, IARC 495 (Senior Thesis), students select a relevant topic to the field of interior architecture, and through research and analysis develop a project scenario about which this topic can be further studied and explored. For interior design majors only. Prereq: IARC 302. Co-req: IARC 403. Offered: Fall.

IARC 495 Senior Thesis (3)

Final, senior-level design studio course that incorporates components from all previously studied interior design courses. Students design projects based on their own research and program development. Technical/studio format. Prereqs: IARC 301, 302, 403, and 490. Offered: See advisor for approval.

LEED=Leadership in Energy and Environmental Design

Graduate Programs and Requirements

Degree

Master of Science in Design Studies (M.S.D.S.)

The Department of Interior Architecture offers an online master of science in design studies (M.S.D.S.) degree.

Admission Requirements

1. Application for graduate admission.
2. Application fee.
3. Possess a baccalaureate degree or higher from an accredited college or university (degree should be first professional degree in interior architecture/design, or architecture and accredited by CIDA and/or NAAB).
4. Official transcripts from all colleges and universities attended verifying undergraduate GPA of 3.00 on a 4.00 scale.
5. International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
6. Copy of curriculum vitae or résumé.
7. Two letters of recommendation.
8. Graduate Record Exam.

Program-Specific Admission Requirements

1. Eligibility to sit for professional certification/registration (NCIDQ, NCARB, and or state licensure).
2. Personal statement of intent (completed with online application). Explain why you would like to pursue a graduate degree in design studies and identify a possible area of research.
3. A portfolio. Portfolios will not be returned to applicants. Candidates should submit portfolio of design work that demonstrates the candidate's creative abilities as well as their verbal and graphic communications skills. A portfolio may include:
 - a. A selection of design projects produced within the last three years.
 - b. Examples of recent art projects completed by the candidate.
 - c. Studies of buildings that demonstrate the candidate's analytical ability
 - d. Format: 8 1/2" x 11", bound. 11" x 17" sheets maybe folded to 8 1/2" x 11".

Progression Policies

In order to progress through the M.S.D.S. program, each student must:

1. Adhere to the Code of Ethical/Professional Conduct as specified in the Samford University Catalog.
2. Possess, or provide evidence of in-process, professional licensure in your state of practice.
3. Maintain a cumulative GPA of 3.00. Any student who falls below a GPA of 3.00 will be placed on academic probation.
4. Acknowledge that a required course can be repeated only once.
5. Acknowledge that failure of the same course twice constitutes dismissal from the program of study.
6. Acknowledge that any courses repeated will delay the initial projected graduation date.
7. Students must be aware that matters of plagiarism, unethical, unprofessional, or unsafe conduct may result in immediate dismissal from the School of the Arts.

Transfer Credit

A maximum of six (6) semester hours of graduate academic credit toward the 33-semester-hour graduate degree may be given for courses appropriate to the M.S.D.S. curriculum. Only graduate courses with grades of at least a 3.0 (B) taken at institutions with a level of graduate course content and level of instruction comparable to that of Samford University may be transferred. Credit may be accepted from institutions that are approved by the U.S. Department of Education and hold regional accreditation, or have appropriate specialized or programmatic accreditation, or have been evaluated and proven to be comparable in course content and level of instruction to Samford University, or are recognized by the ministry of education or equivalent agency in the applicant's home country.

Prior to the end of the first semester of enrollment, the student must submit

to the admission office official transcripts, course descriptions, a portfolio or, in the case of a lecture class, projects and papers, and a written request for transfer credit review for the course(s) the student wishes to transfer. Materials are reviewed to determine if the work is comparable to that which would earn at least a 3.0 in a Samford University graduate-level course. Transfer credit appears on the transcript as such and is not calculated in the student's institutional grade point average. Students who wish to appeal the transfer credit process after the first semester of enrollment must submit a written request to the program director.

Time Limit

All courses required for the M.S.D.S. program must be completed within a period of five years from the academic session of first admission.

Time-to-Degree Completion Plan

The program is designed to be completed in 24 months (approximately two years).

Master of Science in Design Studies (M.S.D.S.)

The School of the Arts (SOA) Department of Interior Architecture online master of science in design studies (M.S.D.S.) provides an opportunity for 24 months of advanced study with an emphasis on design, research, and teaching. The online master of science in design studies is a 33-credit, post-professional degree designed for students and experienced designers with a first professional degree in interior architecture/design or architecture.

Master of Science in Design Studies Required Courses	Course Credits	Total Required Credits

Total Required Credits		33

Graduate Courses

INTERIOR ARCHITECTURE - GRADUATE

IARC 601 Academic Writing (3)

This course is designed to support and prepare students for academic writing at the graduate level, focusing on critical tasks in graduate writing: summarizing and critiquing scholarly sources, writing a literature review, and using sources appropriately. Emphasis will be placed on the process of scientific inquiry (quantitative and qualitative) as well as how to critique various forms of research. This course is not designed to provide intensive language study for non-native speakers of English. Offered: Summer.

IARC 602 Research Design and Methods I (3)

This course introduces graduate students to key issues and concepts in quantitative and qualitative research. Students develop skills in research design, basic statistical methodology, quantitative and qualitative data collection and analyses, and how to prepare a scholarly paper. This course is required for the master's thesis requirement. Prereq: IARC 601. Offered: Fall.

IARC 603 Research Design and Methods II (3)

In this course, students will expand their knowledge base of research design and methods. At the end of this course students will have created a research prospectus to outline a program of research in their interest area. Topics discussed in this course include the scientific method; measurement; sampling; quantitative, qualitative, and mixed data collection techniques, specifically single-subject design and survey data collection; data analysis and interpretation; statistical analyses, and the development of a research program. Prereq: IARC 602. Offered: Spring.

IARC 604 Design Theory and Criticism (3)

This course seeks to explore the development of pragmatic and creative attitudes regarding art and design, and develop tools for probing a more comprehensive understanding of shifts in these attitudes over time. Strategies of correlational research are emphasized. Prereq: IARC 601. Offered: Fall.

IARC 605 Design Issues in the Interior Built Environment (3)

Emphasis is placed upon contemporary and controversial issues of the field and practice of interior design and its relationship to the allied design disciplines. Topics include, but are not limited to global issues, biomimicry, social and environmental responsibility, technology, project delivery, health and safety, and advanced anthropometry. Prereq: IARC 601. Offered: Spring.

IARC 610 Pedagogy of Design Methods and Processes (3)

Emphasis is on an advanced investigation of the theoretical aspects of the design methods and processes within the context of design practices. Students will explore the relationship of the design process with the pedagogy of the design studio. Qualitative research methods will be emphasized. Prereq: IARC 601. Offered: Fall, on rotation.

IARC 611 Architecture, Society, and Culture (3)

In support of the student's research agenda, this course seeks to provide perspectives for educators on current topics in design. The response of design to global issues, to the metropolis, and to the changing landscape of project delivery are central themes. The course also aims to introduce students to differences between design practice and design academia, while considering the importance of bridging the two. Prereq: IARC 601. Offered: Fall, on rotation.

IARC 695 Master Thesis (6)

The thesis will be used to explore new insights, thereby contributing to the body of knowledge that can in turn advance the discipline and practice of interior design and/or design education. It is a significant part of the work done towards the completion of the master of science degree. The thesis must demonstrate both a sound understanding of research methods and the ability to apply those methods to a research program related to the design discipline. Prereq: IARC 602 and IARC 603. Offered: Spring, on rotation.

Music Division

Faculty

Joseph Hopkins, Dean, Professor, Voice
 Kathryn Fouse, Associate Dean for the Division of Music, Professor, Piano
 Eric L. Mathis, Chair, Academic Studies in Music,
 Associate Professor, Music and Worship
 W. Randall Richardson, Chair, Performance Studies in Music, Professor, Voice
 Demondrae Thurman, Director, Graduate Studies, Professor, Low Brass
 Philip L. Copeland, Professor, Choral Music
 Sharon L. Lawhon, Professor, Voice
 Ronald R. Shinn, Professor, Piano
 Susanne Finch Burgess, Associate Professor, Music Education
 Grant B. Dalton, Associate Professor, Percussion
 Joel Scott Davis, Associate Professor, Music Theory, Composition
 Brad Diamond, Associate Professor, Voice
 Jeffrey Z. Flaniken, Associate Professor, Violin
 Kristin Kenning, Associate Professor, Voice
 Larry E. Hardin, Assistant Professor, Music Education
 Mark A. Lackey, Assistant Professor, Music Theory, Composition
 Margaret Elizabeth (Beth) McGinnis, Assistant Professor, Class Piano, Musicology
 Brian B. Viliunas, Assistant Professor, Clarinet
 Emily Snider Andrews, Instructor, Music and Worship
 Timothy Heath, Instructor, Music Education
 Kimberly A. Bain, Lecturer
 Ryan A. Beach, Lecturer, Trumpet
 Kenneth D. Berg, Jr., Lecturer, Choral Arranging
 Allison Clough, Lecturer, Class Piano
 William J. Dorroh, Lecturer, University Organist
 Laura H. Doss, Lecturer, Voice
 Angela M. Flaniken, Lecturer, Viola
 Barbara K. Harrington, Lecturer, Flute
 Judith S. Hicks, Lecturer, Harp
 W. Michael Huebner, Lecturer, Music Theory
 Stephen B. Knight, Lecturer, University Carillonneur
 Kevin J. Kozak, Lecturer, Horn
 Sarah J. Lanclos, Lecturer, Class Piano
 Tariq M. Masri, Lecturer, Bassoon
 Caroline J. Nordlund, Lecturer, Violin
 Samuel Nordlund, Lecturer, Cello
 Vicki L. Portis, Lecturer, Music Education
 John Robertson, Lecturer, Staff Accompanist
 Barbara A. Shinn, Lecturer, Class Piano
 Brandon S. Slocumb, Lecturer
 Christopher Smith, Lecturer, Guitar
 James B. Sullivan, Lecturer, Oboe
 Jaroslaw P. Szurek, Lecturer, Music Appreciation, Assistant Librarian
 David Walbert, Lecturer, Guitar

Mission

The Division of Music is preparing musicians to enrich society through a diligent pursuit of excellence.

General Information

Music study at Samford University is essentially a threefold program, including training in basic musicianship, training in specialized professional areas, and studies in the liberal arts. The core of the program is musicianship-continuous study in music performance, including solo and ensemble experiences, along with extensive work in music theory and history. In specialized areas, such as teacher training, composition, and music and worship, requirements include training and experiences in the special skills and knowledge appropriate to the respective degree program to equip the graduate to function effectively on the professional level. The liberal arts requirements contribute to the breadth of knowledge appropriate for the professional musician.

The Division of Music in the School of the Arts is an accredited institutional member of the National Association of Schools of Music, and the teacher educa-

tion program is accredited by the Alabama State Department of Education. In addition to the academic programs, a wide variety of ensembles offer opportunities to both music and non-music majors for meaningful experiences in music making. University ensembles include A Cappella Choir, University Chorale, Samford Opera, Opera Workshop, Orchestra, Wind Ensemble, Marching Band, Jazz Band, and numerous chamber ensembles.

Undergraduate Programs and Requirements

Majors

Composition (B.M.)
 Music (B.A.)
 Music (B.S.)
 Music (Education) (B.M.E.)
 with a Concentration in Instrumental Music or Vocal/Choral Music
 Music and Worship (B.M.)
 Performance (B.M.)
 Instrumental Music
 Organ
 Piano
 Piano with Emphasis in Piano Pedagogy
 Voice

Minors

Music
 Minor in the Arts*
 Worship Leadership*

The Division of Music offers undergraduate programs that meet requirements for the bachelor of arts, the bachelor of science, the bachelor of music education, and the bachelor of music degrees. Degrees offered through the graduate program include the master of music and the master of music education. The music division also offers minors in music, the arts*, and worship leadership*.

*The minor in the arts is interdisciplinary, offered in cooperation with the Division of Visual Arts and the Department of Theatre and Dance. The worship leadership minor is also interdisciplinary, offered in cooperation with the Department of Religion.

Student Objectives

Bachelor of Arts in Music: This degree is designed for students desiring to major in music within the framework of a liberal arts degree. The degree is intended to serve the needs of undergraduate students who are interested in a broad program of general studies and who wish also to develop their musical skills and knowledge.

Bachelor of Music in Composition: This degree is designed for students pursuing a career in the field of music theory and/or composition. Most students in this field continue their study with graduate-level work in the discipline.

Bachelor of Music in Music and Worship: This degree is designed for students committed to vocational music and worship ministry. The program includes coursework in music, worship, ministry, and religion, and a supervised experience in a congregational setting.

Bachelor of Music in Performance: These degrees (instrumental music, organ, piano, and voice) are designed for students highly motivated toward excellence in performance. The student combines studies in basic musicianship and music history with concentrated emphasis in the major performance area.

Bachelor of Music in Performance: Piano with Emphasis in Piano Pedagogy: This degree is designed for piano majors who have a strong interest in teaching as well as performance.

Bachelor of Music Education in Music: This degree (with concentration options of instrumental music and vocal/choral music) is designed for students who wish to prepare for a career as a K-12 music educator and leads to the Alabama Class B teaching certificate. Practical experiences in teaching music are provided in the greater Birmingham area.

Bachelor of Science in Music: This degree is designed for students who would like to combine premedical studies with concentrated studies in music.

Admission Policies

Students desiring to major or minor in music must be admitted to the Division of Music in addition to gaining admission to the University. All prospective music majors and music minors must audition in their principal performance area(s) and take a music placement examination. If not admitted, a student may re-audition. A maximum of two (2) auditions is allowed in a single performance area. Non-keyboard majors must also complete a piano placement.

Appointments for auditions and placement examinations will be scheduled upon receipt of School of the Arts application materials, which can be obtained by contacting the Arts Recruiter, School of the Arts, Samford University, Birmingham, AL, 35229. Students will be notified by mail of the results of the auditions and will be admitted for registration as music majors only if they have acceptance notices sent by the dean of the School of the Arts.

Transfer students desiring to major in music must audition in the principal performance area(s) and take a placement examination in music theory and piano to determine both acceptance and transfer of credit. Transfer of credit for other music courses is determined by either placement examinations or review of the student's previous work in an equivalent course.

Non-music majors desiring instruction in applied music may register for private or group instruction only with the permission of the associate dean.

Grade Restrictions

No grade below C- in music courses which are required for a degree with a major or a minor in music will count toward fulfillment of degree requirements. Any grade below C- in sequenced courses (such as Theory and Class Piano) requires that the class be successfully repeated in order for the student to advance to the next course in the series.

Recital Requirements

All students seeking a degree in music must present a half-hour degree recital (MUSC 4698). Composition and all performance majors have additional performance requirements associated with their SOA 470 Senior Project enrollment. Consult your advisor for details.

Ensembles

Students with an undergraduate major in music must register for at least one major ensemble each semester in residence. As a general principle, music majors will enroll in major ensembles associated with their principal applied performance area. At Samford University the following groups are defined as major ensembles: A Cappella Choir, University Chorale, Musical Theatre Ensemble, Samford Opera, Opera Workshop, Orchestra, Orchestra, Wind Ensemble, and Marching Band.

The following guidelines also apply:

1. All keyboard principals must fulfill two of the required major ensemble credits by taking MUSC 1740 (Accompanying) for two semesters. Keyboard principals may fulfill two additional credits of major ensemble requirements by taking two additional credits of MUSC 1740.
2. All vocal principals must take at least four semesters of a major choral ensemble. Vocal performance majors must also take a minimum of two semesters of Samford Opera or Opera Workshop.
3. Music and worship majors may substitute MUSC 1750/3750 (Worship Arts Ensemble) or MUSC 1751/3751 (Campus Worship Team) for up to four credits as a major ensemble.
4. Music and worship major with an instrumental or keyboard performance principle must take at least two semesters of a major choral ensemble.

Piano Proficiency

In order to graduate, all non-keyboard majors must complete the piano proficiency examination. Such students must enroll for piano study each long semester until the piano proficiency examination has been passed. All degree candidates must complete piano proficiency requirements before enrolling in a senior recital. Music education majors must complete all piano proficiency requirements before enrolling for student teaching.

Upper Level Status

Each music major will be evaluated for approval for upper level status at the end of two years of music study. Consult the Division of Music Manual for Undergraduate Studies for more details.

Performance

One of the most important aspects of a music major's educational experience is the area of performance. The requirements for number of credits in performance appear in the curricular tables for the various degrees in music.

Progression Policy for Bachelor of Music Education

Once admitted into the bachelor of music education program with a major in music, a 3.00 GPA requirement must be maintained in all areas: cumulative, major courses, and education courses. These GPA requirements also pertain to graduation and certification.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Minor in the Arts

The arts minor is focused on broad experience in music, theatre/dance, and art. The minor includes experience in contextual/historical, performance, foundation-al, and elective courses across the various areas of the School of the Arts.

Minor in the Arts Required Courses		Course Credits	Total Required Credits
Arts Core			12
(12 credits required in the Arts Core, including the minimum number stated within each subgroup below.)			
History/Literature Course (complete at least 2 credits)			
ART 381	Ancient and Medieval Art <i>or</i>	4	
ART 382	Renaissance and Baroque Art <i>or</i>		
ART 383	Modern and Contemporary Art		
MUSC 2400	Introduction to Music Literature	2	
THEA 330	Theatre History & Literature I	3	
THEA 332	Theatre History & Literature II	3	
Foundations Courses (complete at least 4 credits)			
ART 101	Two-Dimensional Design	3	
MUSC 1510	Theory I: The Syntax of Music	3	
MUSC 1511	Theory Lab I	1	
MUSC 1520	Theory II: Diatonic Harmonic Idioms	3	
MUSC 1521	Theory Lab II	1	
THEA 242	Fundamentals of Design	3	
THEA 341	Set Design	3	
THEA 343	Lighting Design	3	
THEA 344	Makeup Design	3	
THEA 345	Costume Design	3	
Performance Courses (complete at least 2 credits)			
ART 221	Beginning Drawing	3	
ART 231	Beginning Painting	3	
ART 240	Ceramics	3	
DANC 101	Ballet I	2	
DANC 102	Ballet II	2	
Applied Music Lessons (juried)*		2-6	
Arts Electives			12
Art Electives		4	
Music Electives		4	
Theatre/Dance Electives		4	
Total Required Credits			24

* Permission of the associate dean of music is required before enrolling in applied music lessons; an audition is required.

Note: At least six (6) hours required in the minor must be upper-level credits. School of the Arts majors may only include four (4) hours from their major discipline; these credits will be counted as elective credits within the minor.

Composition Major (B.M.)

Music Minor

Students desiring to minor in music must audition in their principal performing area and take a placement examination in music theory. Appointments for these will be scheduled upon receipt of the School of the Arts application materials, which can be obtained by contacting the Arts Recruiter at arts@samford.edu.

Students must register for two credits for each semester of study in the principal performance area and must take a jury examination at the end of each semester. The ensemble credits must be in major ensembles.

Music Minor Required Courses		Course Credits	Total Required Credits
Music Core			22
MUSC 0999	Music Seminar/Recital Attend (4 times)	0	
MUSC 1510	Theory I: The Syntax of Music	3	
MUSC 1511	Theory Lab I	1

Ensembles		4	
Music Electives			2
Total Required Credits			24

* Music minors whose principal performance area is voice must take MUSC 1610 and MUSC 1620 (Diction for Singers I and II).

Worship Leadership Minor

The minor in worship leadership is for students who seek to serve the church by becoming better worship leaders, pastoral musicians, and worshipers. By nature, Christian worship is an interdisciplinary activity that incorporates multiple disciplines. The minor in worship leadership engages theology, history, sociology, and the arts to prepare students for bi-vocational ministry in the local church and in parachurch organizations.

Worship Leadership Minor Required Courses		Course Credits	Total Required Credits

MUSC 1920-1921	Class Voice I & II	1	
MUSC 1941-1942	Class Piano I & II	1	
Total Required Credits			22-24

* At least one course must be at the 300/400 level.

** Prereq: Musicianship Assessment, administered by the Division of Music. If the assessment is passed, students may substitute any 3 music credits with permission of the advisor.

Undergraduate Courses

COMPOSITION

MUSA 2160, 2260, 2360, 3160, 3260, 3360, 4160, 4260, 4360

Composition (1-3)

Students acquire compositional skills through applied lessons, practice, and performance. The first number of the course indicates classification level (1000-Freshman, 2000-Sophomore, 3000-Junior, 4000-Senior, 5000-Graduate) while the second number indicates the amount of course credits (i.e., 2160, sophomore, 1 credit; 3260, junior, 2 credits, etc.). May be repeated six times for credit. Prereq: MUSC 1560. Offered: Fall and Spring.

MUSA 2570 Composition I (2)

Study of the fundamentals of modal composition using the traditional modal scales; also covers contemporary approaches to rhythm and meter. Offered: Fall.

MUSA 2580 Composition II (2)

Introduction to chord structures in 20th-century music: superimposed thirds, added note chords, tertian polychords, nontertian sonorities, and mirror chords. Offered: Spring.

MUSA 3540 Composition III (2)

Study of advanced 20th-century compositional techniques, including thematic metamorphosis, imitative procedures, and atonality. Prereq: MUSA 2580. Offered: Fall.

MUSA 3550 Composition IV (2)

Study of advanced 20th-century compositional techniques, including composition with serialized pitch, indeterminate procedures, aleatory music, sound mass, and proportional notation. Offered: Spring.

MUSA 4560 Composition V (2)

Advanced compositional approaches to multimovement structures and large ensemble writings. Offered: Fall.

MUSA 4570 Composition VI (2)

Preparation of the composition portfolio, final editing of scores and parts, culminating in the Senior Composition Recital. Offered: Spring.

MUSC 1560 Introduction to Composition (2)

Exploration of basic methods of music composition and study of fundamental compositional devices through a series of listening assignments and composition projects in both traditional and contemporary styles. Prereq: Permission of the instructor. Offered: Spring.

MUSC 4599 Senior Composition Recital (0)

Certification of satisfactory completion of senior composition recital for composition majors. Registration for this requirement should be done the same semester the recital will be given.

CONDUCTING

MUSC 1200 Basic Conducting (2)

Study of the rudimentary mechanical and expressive aspects of conducting gesture, with emphasis upon development of students' individual skills. Prereq: Music major. Offered: Fall.

MUSC 3220 Choral Conducting (2)

Builds upon concepts covered in MUSC 1200, with particular emphasis upon conducting choral groups. Prereqs: MUSC 1200 and MUSC 2649. Offered: Spring.

MUSC 3230 Instrumental Conducting (2)

Builds upon concepts covered in MUSC 1200, with particular emphasis upon conducting instrumental groups. Prereqs: MUSC 1200 and MUSC 2649. Offered: Fall.

MUSIC AND WORSHIP

MUSC 2110 Introduction to Music and Worship (2)

Introduction to music and worship ministry for students pursuing vocational ministry. Through exploration of ministry identity and practice, students are introduced to aspects of music ministry such as the theology and practice of ministry, the call to ministry, the philosophy and history of church music, and pastoral musicianship in the church. Offered: Spring.

MUSC 2115 Introduction to Worship Leadership (3)

Introduction to basic principles and skills for worship planning and leadership. Attention is given to worship leadership practices that contribute to the spiritual formation of a worshipping community. Offered: Fall. (Formerly MUSC 2160)

MUSC 2120 Music and Worship with All Generations (3)

Survey of music ministry in the church with attention given to the relationship between musical development and faith formation. Emphasis will be placed on the preparation, implementation, and ministerial framework necessary to lead children, teenagers, and adults in music and worship. Offered: Fall, on rotation.

MUSC 3130 Singing the Faith (3)

Survey of the history and practice of congregational song, with primary focus on texts and secondary attention to functional use of music. Application of this literature in the design and leadership of worship. Cross-listed with RELG 316. Offered: Spring, on rotation.

MUSC 3151 and 3152 Service Playing I and II (1 each course)

Study of organ structure, registration, and repertoire; hymn playing; ornamentation; anthem accompaniment; conducting from the console. This course is required of all church music keyboard majors. Offered: Fall (3151); Spring (3152).

MUSC 4140 Worship Design (3)

Study of musical, theological, pastoral, philosophical, and technological principles that inform public Christian worship. Application of principles through guided experience in worship planning and leadership. Cross-listed with RELG 414. Offered: Spring.

MUSC 4180 Music and Worship Practicum (2)

Supervised internship with a mentor in an established music and worship ministry. Prior to registering for this course, student must initiate placement with a local congregation by submitting a cover letter and resume to the professor of record. May be repeated for a maximum of 4 credits. Offered: Fall and Spring.

MUSIC EDUCATION

MUSC 1310 Foundations of Music Education (2)

This course introduces the historical, philosophical, and social foundations of music education and offers students an overview of the teaching profession. Students will participate in Socratic seminar, observe in music classrooms, and learn the requirements of the Samford music education curriculum and the process of becoming a licensed music teacher in the region. Offered: Spring.

MUSC 2331 Marching Band Techniques (1)

This course covers the pedagogy, administration procedures, and materials of the high school marching band as part of the overall instrumental music program. Through practical assignments and multimedia presentations, students will gain a better understanding of the terminology, pedagogy, and infrastructure of marching band. Offered: Fall.

MUSC 3300 School Music (2)

Study of basic concepts in teaching music, designed for education majors who are not music majors. (MUSC 3300 meets the four-hour certification requirement for teachers.) Offered: Fall.

MUSC 3310 Materials and Methods of Teaching Music in the Elementary Grades (3)

Introduction to Orff, Kodaly, and other teaching methodologies appropriate for teaching music in the elementary grades. Course content includes observation in actual classroom settings. Offered: Fall.

MUSC 3311 Vocal Techniques (1)

Overview of the structure, function, and care of the human voice as it is used in singing. Offered: Fall.

MUSC 3320 Materials and Methods of Choral Music in the Secondary Grades (3)

Survey of methodologies, materials, and processes used in teaching choral music in the secondary grades. Emphasis is placed upon vocal development and choral techniques. Offered: Spring.

MUSC 3330 Materials and Methods of Teaching Instrumental Music in the Secondary Grades (3)

Survey of methodologies, materials, and processes used in teaching instrumental music in the secondary grades. Emphasis is placed upon instrumental techniques and the development of instrumental programs. Offered: Fall.

MUSC 3331 Instrumental Techniques I (1)

Overview of techniques used to perform and teach the playing of woodwind and percussion instruments at the elementary, middle school, and high school levels, with emphasis on beginning-level pedagogy. Offered: Fall.

MUSC 3332 Instrumental Techniques II (1)

Overview of techniques used to perform and teach the playing of brass and string instruments at the elementary, middle school, and high school levels, with emphasis on beginning-level pedagogy. Offered: Spring.

MUSC 3390 Music Education Practicum (1)

Observation and assistance in school settings, for the purpose of broadening students' understanding of the classroom environment. Designed for music education majors, students in this practicum spend three weeks in an elementary or secondary music classroom, observing and helping a teacher. Students observe the learning environment, teaching strategies, students' interactions, classroom management techniques, and ways in which instruction is differentiated for diverse learners, especially for children with special needs. Offered: Jan Term.

MUSC 4399 Student Teaching Grades P-12 (12)

Supervised-teaching experiences. Offered: Fall and Spring.

MUSIC HISTORY AND LITERATURE

MUSC 200 Music Appreciation (2)

Introduction to historical and stylistic developments in music for non-music majors. Emphasis is placed upon listening, through recordings and live concerts. For students who fall under the 2016-17 or an earlier catalog, this course satisfies two credits of the general education fine arts requirement for most majors. Sections of this course may still be offered in the 2017-18 academic year, but will be unavailable in future years.

MUSC 1970 Special Topics (0-3)

Unique, one-time, lower-level course, examining a particular topic in music. May be repeated, if topics are different, for a maximum of 8 credits. Offered: Fall and Spring.

MUSC 2400 Introduction to Music Literature (2)

A foundational course that prepares students for the comprehensive historical survey in Music History I, II, and III. Standardization of musical vocabulary, writing about music topics, and critical listening skills are emphasized. Although the focus is the Western cultivated tradition, non-Western and vernacular music is also included. Offered: Fall.

MUSC 2412 Musicology I: Music of the Middle Ages and the Renaissance (2)

A survey that extends from the early Christian era until the end of the 16th century, examining music and its relationship to political and religious history and to the other arts. Compositions are analyzed, both visually and aurally, to develop an understanding of the evolution of musical styles. Prereq: MUSC 2400. Offered: Spring.

MUSC 3404 World Music (2)

Survey of music outside the European-American classical tradition, with special attention to how culture shapes music and how music shapes culture. Offered: On rotation.

MUSC 3423 Musicology II: Music of the Baroque and Classic Eras (3)

A survey of the music of the 17th, 18th, and early 19th centuries. Baroque and Classic musical styles are examined in the context of political and religious history and of the other arts. Prereqs: MUSC 2412 and junior-level or higher standing in the Division of Music. Offered: Fall.

MUSC 3433 Musicology III: Music of the 19th Century to the Present (3)

A survey of the music from the early 19th century to the present that examines the role of music in relation to political, social, and religious history, and to the other arts. Emphasis is on the western cultivated tradition, but certain aspects of non-western and vernacular music are considered. Prereqs: MUSC 3423 and junior-level or higher standing in the Division of Music. Offered: Spring.

MUSC 3970 Special Topics (1-4)

Unique, one-time, upper-level course, examining a particular topic in music. May be repeated, if topics are different, for a maximum of 8 credits.

MUSC 4421 Survey of Vocal Literature (2)

Study of major contributors to solo vocal literature and their compositions. Offered: Spring, on rotation.

MUSC 4422 Survey of Choral Literature (2)

Study of choral forms and literature from c. 1450 to the present. Offered: Spring, on rotation.

MUSC 4430 Survey of Symphonic Literature (2)

Study of major developments in symphonic literature, with emphasis upon major contributors and their compositions. Offered: Spring, on rotation.

MUSC 4440 Survey of Piano Literature (2)

Study of major contributors to piano literature and their compositions. Offered: Spring, on rotation.

MUSC 4450 Survey of Organ Literature (2)

Study of major contributors to organ literature and their compositions. Offered: Spring, on rotation.

MUSC 4499 Senior Seminar in Music (2)

Integrative study of connections between historical and theoretical aspects of music at an advanced level. Offered: Spring.

MUSIC THEORY

MUSC 1500 Music Fundamentals (3)

Required of entering freshmen with a deficiency in music fundamentals. This course includes, but isn't limited to, the study of major and minor scales, key signatures, intervals, triads, basic rhythms, and meters, in the context of theory, sight singing, aural skills, and keyboard skills. Students must pass this course with a grade of C- or better to advance to Theory I (MUSC 1510), Theory Lab I (MUSC 1511), and Class Piano I (MUSC 1941). Prereq: Musicianship Assessment administered by the Division of Music. Offered: Fall.

MUSC 1510 Theory I: The Syntax of Music (3)

Study of scale construction, intervals, notation practices, major and minor key signatures, and rhythm and meter. This course concludes with introduction to diatonic part-writing. Students must pass this course with a grade of C- or better to advance to Theory II (MUSC 1520). Prereq: Musicianship Assessment. Offered: Fall and Spring.

MUSC 1511 Theory Lab I (1)

Development of basic sight-singing and ear-training skills. Students must pass this course with a grade of C- or better to advance to Theory Lab II (MUSC 1521). Prereq: Musicianship Assessment. Offered: Fall and Spring.

MUSC 1520 Theory II: Diatonic Harmonic Idioms (3)

Focuses on the fundamentals of diatonic part-writing and voice leading, culminating with the introduction of secondary dominants. Students must pass this course with a grade of C- or better to advance to Theory III (MUSC 2530). Prereq: MUSC 1510. Offered: Fall and Spring.

MUSC 1521 Theory Lab II (1)

Continuing development of basic sight-singing and ear-training skills. Students must pass this course with a grade of C- or better to advance to Theory Lab III (MUSC 2531). Prereq: MUSC 1511. Offered: Fall and Spring.

MUSC 2500 Introduction to Music Technology (2)

Introduction to basic aspects of the use of computers in music. This course includes a brief history of computer music, introductory hands-on experience with computer notation, electronic sound production, and sequencing. Sections of this course will still be offered in Fall 2017, but will be unavailable in future terms.

MUSC 2530 Theory III: Formal and Chromatic Expansion (3)

Study of chromatic harmony and binary/ternary part forms to include: secondary functions, modulation and tonicization, borrowed chords, the Neapolitan chord, and augmented sixth chords. Students must pass this course with a grade of C- or better to advance to Theory IV (MUSC 2540). Prereqs: MUSC 1510 and MUSC 1520. Offered: Fall and Spring.

MUSC 2531 Theory Lab III (1)

Development of advanced sight-singing and ear-training skills. Students must pass this course with a grade of C- or better to advance to Theory Lab IV (MUSC 2541). Prereqs: MUSC 1511 and MUSC 1521. Offered: Fall and Spring.

MUSC 2540 Theory IV: Analysis and Formal Structures (3)

Study of the development of chromatic harmonies, contrapuntal practices, and large formal structures of the 18th and 19th centuries with analysis of representative examples from music literature. Students must pass this course with a grade of C- or better to advance to Theory V (MUSC 3560). Prereqs: MUSC 1510, 1520, and 2530. Offered: Fall and Spring.

MUSC 2541 Theory Lab IV (1)

Continuing development of advanced sight-singing and ear-training skills. Prereqs: MUSC 1511, 1521, and 2531. Offered: Fall and Spring.

MUSC 2550 Elementary Keyboard Harmony (1)

Specifically designed for the non-keyboard major, this course focuses on the realization of lead sheets and chord charts with a variety of accompaniment styles. Attention is given to recognizing and reproducing various musical styles. Prereqs: MUSC 1941 and MUSC 1942. Offered: Spring.

MUSC 2551 Keyboard Harmony I (1)

Study of basic functional skills at the keyboard including harmonization with various accompaniment styles and melodic transpositions with chordal accompaniments. This course will allow each student to move at his/her own pace. No previous experience in these areas is required. Offered: Fall.

MUSC 2552 Keyboard Harmony II (1)

Study of advanced functional skills at the keyboard. Emphasis is on keyboard improvisation and elaboration of written keyboard arrangements. Prereq: MUSC 2551. Offered: Spring.

MUSC 3520 Choral Arranging (2)

Introduction to basic principles of arranging for choral ensembles, both unaccompanied and with instrumental accompaniment. Students develop choral arranging skills through practical exercises exploring a variety of voicings and accompaniments. Prereqs: MUSC 2540 and MUSC 2541. Offered: Fall.

MUSC 3530 Orchestration (2)

Study of advanced concepts of instrumentation and orchestration: history and development of the symphonic orchestra, technical capabilities of orchestral instruments, practical exercises in idiomatic writing for strings, woodwinds, brass, percussion, and scoring for full orchestra. Prereqs: MUSC 2540 and MUSC 2541. Offered: Spring.

MUSC 3531 Instrumental Arranging (2)

Practical experience in the craft of arranging for instruments. Prereqs: MUSC 2540 and MUSC 2541. Offered: Spring.

MUSC 3560 Theory V: Post-Tonality to the Present (3)

Analytical survey of post-tonal styles, structures, materials, and techniques with an emphasis upon representative works from the late 19th, 20th, and 21st centuries. Prereq: MUSC 2540. Offered: Spring.

MUSC 4510 Counterpoint (3)

Study of contrapuntal technique in 18th century style, including practical exercises in species counterpoint in two parts, canon, invertible counterpoint, two-part invention. Prereqs: MUSC 2540 and MUSC 2541. Offered: Fall.

PERFORMANCE-RELATED COURSES

MUSA 0011 Performance Lab (0)

Weekly studio meetings to develop and refine performance skills for the applied student. May be repeated for a maximum 8 times. Grading is pass/fail. Co-req: Applied lessons (MUSA enrollment). Offered: Fall and Spring.

MUSC 0999 Music Seminar/Recital Attendance (0)

Seven semesters required for all music division majors; four required for the music minor. Grading is pass/fail.

MUSC 1610 Diction for Singers I (2)

Introduction to the International Phonetic Alphabet (IPA) and its application to Latin, Italian, and English diction for singers. Offered: Fall.

MUSC 1620 Diction for Singers II (2)

Introduction to the International Phonetic Alphabet (IPA) and its application to German, French, and Spanish diction for singers. Prereq: MUSC 1610. Offered: Spring.

MUSC 2649 Piano Proficiency (0)

Certification of completion of piano proficiency requirements for non-keyboard music majors. Such students must enroll for piano study each semester until the piano proficiency examination has been passed. Registration for this requirement should be done in the same semester as registration for MUSC 2942 or in the semester immediately after the examination has been completed.

MUSC 4620 Vocal Pedagogy (2)

Overview of the physiology and acoustics of singing and the application of this information to the teaching of singers. Offered: Fall.

MUSC 4630 Instrumental Pedagogy (1)

Study of pedagogical techniques for instrumental performance majors in the student's major instrument. This course is taught in directed study format.

MUSC 4640 Piano Pedagogy I (2)

This course is an examination of the various aspects involved in teaching piano in individual lessons, from elementary to advanced levels of study. Offered: Fall, on rotation. Note: Course offered for 3 credits through Spring 2020; It will be offered for 2 credits beginning Fall 2020.

MUSC 4641 Piano Pedagogy Practicum I (2)

Observation and assistance with qualified piano instructors in studio settings. This course is designed for students majoring in piano performance with an emphasis in piano pedagogy in order to broaden their experience in individual piano instruction. Offered: Fall, on rotation. Note: Course offered for 3 credits through Spring 2020; It will be offered for 2 credits beginning Fall 2020.

MUSC 4643 Piano Pedagogy II (2)

This course is an examination of the various aspects involved in teaching piano in a class setting—from teaching groups within an independent studio experience to the teaching of class piano courses at the college level. Offered: Spring, on rotation. Note: Course offered for 3 credits through Fall 2020; It will be offered for 2 credits beginning Spring 2021.

MUSC 4644 Piano Pedagogy Practicum II (2)

Observation and assistance with qualified instructors in class piano settings. This course is designed for students majoring in piano performance with an emphasis in piano pedagogy in order to broaden their experience in group piano instruction. Offered: Spring, on rotation. Note: Course offered for 3 credits through Fall 2020; It will be offered for 2 credits beginning Spring 2021.

MUSC 4650 Organ Pedagogy (2)

Introduction to pedagogical techniques that enable students to teach organ to persons who already have basic keyboard skills. Offered: Fall, on rotation.

MUSC 4698 Degree Recital (0)

Certification of completion of degree recital for all music majors. Registration for this requirement should be done the same semester the recital will be given. Grading is pass/fail. Prereqs: MUSC 2649 and applied instruction (MUSA) courses at the 2200/2300-level. Co-req: Applied instruction at the 3000/4000-level.

MUSC 4699 Performance Recital (0)

Certification of completion of performance recital for all music performance majors. Grading is pass/fail. Registration for this requirement should be done the same semester the recital will be given. Prereqs: MUSC 2649 and applied instruction (MUSA) courses at the 2200/2300-level. Co-req: Applied instruction at the 3000/4000-level.

ENSEMBLES

The following courses are designated for the first four successful semesters of ensemble participation:

MUSC 1720 University Chorale (0-1)

Performs a cross-section of quality literature in major concerts and University events each year. No audition is required.

MUSC 1721 A Cappella Choir (0-1)

Performs both regionally and internationally, as well as for important University functions throughout the year. Auditions for membership in the A Cappella Choir are held before July 1.

MUSC 1723 Samford Opera (0-1)

Performance of operas and operettas. Audition only, open to any major. May be repeated for credit. Offered: Fall or Spring.

MUSC 1724 Opera Workshop (0-1)

Study of stagecraft related to opera and other forms of music theatre, including basic acting and movement. Students will workshop and perform short selections from operas, plays, and musicals. Open to all music majors and musical theatre majors. Non-majors need to request an interview with the instructor. May be repeated for a maximum of 4 credits. Offered: Fall or Spring.

MUSC 1730 Wind Ensemble (0-1)

Performance of appropriate wind ensemble works from all areas. Auditions are held at the beginning of each semester. May be repeated for credit. For advanced students. Offered: Fall and Spring.

MUSC 1731 Orchestra (0-1)

Performs standard orchestral literature, operas, oratorios, concerti, and musical theatre shows. Admission by audition only.

MUSC 1732 Chamber Ensemble (0-1)

Chamber ensemble groupings of varying combinations including, but not limited to, Jazz Ensemble, Bells of Buchanan, Percussion Ensemble, etc. Grading is pass/fail.

MUSC 1739 Marching Band (0-1)

Performs at home football games and away games as needed. Offered: Fall.

MUSC 1740 Accompanying (0-1)

Keyboard accompanists collaborate with voice, string, woodwind, and brass students weekly and in separate rehearsal times.

MUSC 1750 Worship Arts Ensemble (0-1)

A versatile ensemble that collaborates to perform music, dance, drama, and visual art from diverse worshiping traditions in service to the church. By audition only, open to any major. May be repeated for a maximum of 8 credits. Offered: Fall and Spring.

MUSC 1751 Campus Worship Team (0-1)

A vocal and instrumental ensemble that plans and leads worship for the campus community. By audition only, open to any major. May be repeated for a maximum of 8 credits. Offered: Fall and Spring.

The following courses are designated for junior and senior music majors only:

MUSC 3720 University Chorale (0-1)

Performs a cross-section of quality literature in major concerts and University events each year. No audition is required.

MUSC 3721 A Cappella Choir (0-1)

Performs both regionally and internationally, as well as for important University functions throughout the year. Auditions for membership in the A Cappella Choir are held before July 1.

MUSC 3723 Samford Opera (0-1)

Performance of operas and operettas. Audition only, open to any major. May be repeated for credit. Offered: Fall or Spring.

MUSC 3724 Opera Workshop (0-1)

Study of stagecraft related to opera and other forms of music theatre, including basic acting and movement. Students will workshop and perform short selections from operas, plays, and musicals. Open to all music majors and musical theatre majors. Non-majors need to request an interview with the instructor. May be repeated for a maximum of 4 credits. Offered: Fall or Spring.

MUSC 3730 Wind Ensemble (0-1)

Performance of appropriate wind ensemble works from all areas. Auditions are held at the beginning of each semester. May be repeated for credit. For advanced students. Offered: Fall and Spring.

MUSC 3731 Orchestra (0-1)

Performs standard orchestral literature, operas, oratorios, concerti, and musical theatre shows. Admission by audition only.

MUSC 3739 Marching Band (0-1)

Performs at home football games and away games as needed. Offered: Fall.

MUSC 3750 Worship Arts Ensemble (0-1)

A versatile ensemble that collaborates to perform music, dance, drama, and visual art from diverse worshiping traditions in service to the church. By audition only, open to any major. May be repeated for a maximum of 8 credits. Offered: Fall and Spring.

MUSC 3751 Campus Worship Team (0-1)

A vocal and instrumental ensemble that plans and leads worship for the campus community. By audition only, open to any major. May be repeated for a maximum of 8 credits. Offered: Fall and Spring.

PERFORMANCE INSTRUCTION

Credit for performance study is consistent with the National Association of Schools of Music minimum standard of three hours of practice per week for each credit. For performance study, the first number of the course indicates classification level (1000-Freshman, 2000-Sophomore, 3000-Junior, 4000-Senior, 5000-Graduate) while the second number indicates the amount of course credits: [i.e., MUSA 1151 Piano (1); MUSA 2251 Piano (2); 3251 Piano (2); 4351 Piano (3)].

MUSA 1111 Violin

MUSA 1113 Viola

MUSA 1115 Cello

MUSA 1117 String Bass

MUSA 1119 Harp

MUSA 1120 Percussion

MUSA 1121 Trumpet

MUSA 1123 Trombone

MUSA 1125 French Horn

MUSA 1127 Tuba

MUSA 1129 Euphonium

MUSA 1131 Saxophone

MUSA 1133 Flute

MUSA 1135 Oboe

MUSA 1137 Bassoon

MUSA 1139 Clarinet

MUSA 1148 Harpsichord

MUSA 1151 Piano

MUSA 1153 Organ

MUSA 1157 Voice

MUSA 1179 Classical Guitar

CLASS INSTRUCTION

MUSC 1910 Class Guitar I (1)

Introductory course in fundamentals of guitar playing to enable leading and accompanying group singing. Offered: Fall, on rotation.

MUSC 1911 Class Guitar II (1)

Advanced course for fundamentals of guitar playing so students can lead and accompany group singing. Prereq: MUSC 1910. Offered: Spring, on rotation.

MUSC 1912 Class Fretted Instruments (1)

This course will familiarize students with fundamental characteristics and typical uses of fretted instruments employed in educational and congregational settings. Offered: Fall and Spring.

MUSC 1920 Class Voice I (1)

First course for fundamentals of singing, including vocal technique and solo vocal performance. Offered: Fall.

MUSC 1921 Class Voice II (1)

Second course for fundamentals of singing, including vocal technique and solo vocal performance. Prereq: MUSC 1920. Offered: Spring.

MUSC 1941 Class Piano I (1)

Students must pass this course with a grade of C- or better to advance to Class Piano II (MUSC 1942). Prereq/Co-req: MUSC 1510.

MUSC 1942 Class Piano II (1)

Students must pass this course with a grade of C- or better to advance to Class Piano III (MUSC 2941).

MUSC 2941 Class Piano III (1)

Advanced course for fundamentals of piano playing. This is the final course in the Class Piano sequence. Prereqs: MUSC 1941 and MUSC 1942 with a grade of C- or higher, or approval by Coordinator of Class Piano. Offered: Fall and Spring.

MUSC 2942 Class Piano IV (1)

Includes the administration of the piano proficiency exam.

Students acquire a working knowledge of each family of instruments. The following courses are all offered on rotation:

MUSC 3931 Class Strings (1)

MUSC 3932 Class Woodwinds (1)

MUSC 3933 Class Brass (1)

MUSC 3934 Class Percussion (1)

SCHOOL OF THE ARTS

SOA 470 Senior Project: Music (6)

Implementation and presentation of a focused individual or collaborative project under the direction of a primary and secondary advisor. This is the capstone course in the School of the Arts Archetype sequence. Prereqs: SOA 101, 102, 250, 301, and 302. Offered: Fall and Spring.

Graduate Programs and Requirements

Degrees

Master of Music (M.M.)

Church Music with a Concentration in Conducting, Performance, or Thesis
Piano Performance/Pedagogy
Vocal Performance

Master of Music Education (M.M.E.)

Music (Pattern 1: Traditional)
Music (Pattern 2: Fifth Year Non-Traditional)
Music (National Board Cohort)

Joint-Degree

Master of Music/Master of Divinity (M.M./M.Div.)

The Division of Music offers graduate programs that meet requirements for the master of music and master of music education degrees. In cooperation with the Beeson School of Divinity, the School of the Arts also offers a joint degree in music and divinity (M.M./M.Div.)

Master of Music in Church Music: The master of music in church music (M.M.) is designed for college graduates who have articulated a call to vocational Christian ministry, chosen to pursue a graduate degree in ministry and possibly ordination. The degree program includes coursework in music, worship, ministry, and religion in order to adequately prepare students for sustainable tenures in the local church or in a parachurch organization. Students must choose a concentration in either conducting, performance, or thesis.

Master of Music in Piano Performance and Pedagogy: The master of music in piano performance and pedagogy (M.M.) prepares students to be proficient performers and scholarly musicians who are ready to pursue professional careers as teachers of piano. Emphasis is placed on musical artistry and pedagogical professionalism, together with developing research skills. The degree requires two recitals and an oral comprehensive examination.

Master of Music in Vocal Performance: The master of music in vocal performance (M.M.) prepares students to be proficient performers who are ready to pursue professional careers. Emphasis is placed on musical artistry and professionalism, together with developing research skills. The degree concludes with a recital and an oral comprehensive examination.

Master of Music Education: The master of music education in music (M.M.E.) is designed to prepare students for increasing responsibilities in the field of music teaching. Completion of this degree qualifies the individual for an Alabama Class A teaching certificate. Two distinct programs are offered. The traditional program (Pattern 1) is for persons who hold an Alabama Class B teaching certificate or its equivalent. The fifth year non-traditional program (Pattern 2) is for persons whose previous education does not make them eligible for an Alabama Class B teaching certificate. Both programs conclude with an oral comprehensive examination.

Master of Music Education in Music (National Board Cohort): The master of music education in music with national board cohort (M.M.E.-MNBC) is designed specifically for in-service (practicing) music teachers who hold initial (Class B) certification in K-12 music in Alabama. The cohort design requires 15 months of continuous enrollment from start to finish, comprising two summers of full-time study plus part-time studies (fall and spring semesters) during the in-between academic year. The degree concludes with an oral comprehensive exam in the Division of Music. Class A teacher certification is granted by the State of Alabama's Department of Education and will be issued by ALSDE upon meeting the Alabama Quality Teaching Standards (AQTS). Students must have a minimum GPA of 3.00 for admission to the program.

Master of Music/Master of Divinity: The M.M./M.Div. joint-degree program, offered in conjunction with the School of Divinity, allows students to use credits from each school as part of the other school's degree.

Admission

A bachelor of music (B.M.) degree, or an equivalent degree, from an institution accredited by the National Association of Schools of Music is required for admission to all programs. An applicant whose undergraduate preparation does not meet these specifications may be admitted provisionally, with the requirement that course work stipulated at the time of admission be completed to ensure that preparation is equivalent to that of a graduate of the bachelor of music degree program offered by the Division of Music at Samford. Courses completed in satisfying this requirement must earn a grade of at least B and do not count toward the master's degree.

Unconditional admission to any program requires a grade-point average of 3.00 or above. Admission to the master of music education programs requires a minimum grade-point average of 3.00 (on a 4-point scale) in music courses and on the undergraduate degree as a whole. There will be no exceptions. Minimum GPA for conditional admission to all other programs is 2.50 on a 4-point scale. All applicants for the master of music education programs must have passed the Alabama Educator Certification Testing Program (AECTP) examination. Applicants for the master of music education (traditional program) must also submit minimum scores of 150 on the Music: Content Knowledge Exam (Test #0013) on the Praxis II Examination.

International applicants must contact the director of graduate studies in music for additional procedures.

A complete application includes:

1. The application form and fee (\$35).
2. An official transcript from each institution attended since high school. Applicants for the master of music education degrees must provide two official transcripts.
3. Applicants whose native language is not English must take the Test of English as a Foreign Language (TOEFL iBT), on which a minimum score of 90 is required.
4. Three (3) recommendations from teachers or supervisors who can assess the student's competence to undertake graduate study.
5. Consult the Division of Music Graduate Program Manual for additional requirements specific to each degree.

In addition to application materials, each applicant must audition and interview for the appropriate music faculty.

Master of Music: Vocal Performance (M.M.)

The master of music in vocal performance (M.M.) prepares students to be proficient performers who are ready to pursue professional careers. Emphasis is placed on musical artistry and professionalism, together with developing research skills. The degree concludes with a recital and an oral comprehensive examination.

Master of Music: Vocal Performance Required Courses		Course Credits	Total Required Credits

† No more than three credits of special studies can be counted toward the degree.

†† No more than two credits of Samford Opera, Opera Workshop, and/or Graduate Ensemble can be counted toward the degree.

††† No more than four credits of performance can be counted in this cluster.

NOTE: Program subject to change if state and/or federal requirements are revised.

Master of Music Education: Music: Pattern 2: Fifth-Year Non-Traditional Prog (M.M.E.)

The master of music education in music (M.M.E.) is designed to prepare students for music teaching. The fifth year non-traditional program (Pattern 2) is for persons whose previous education does not make them eligible for an Alabama Class B teaching certificate. Completion of this degree qualifies the individual for an Alabama Class A teaching certificate.

* Students pursuing instrumental certification who have not previously completed a course in vocal techniques must take MUSC 5321.

** Certification in Orff-Schulwerk Level I (MUSC 5360) prerequisite.

*** Students pursuing vocal/choral certification who have not previously completed a course in vocal pedagogy must take MUSC 5620.

† No more than three credits of special studies can be counted toward the degree.

†† No more than two credits of Samford Opera, Opera Workshop, and/or Graduate Ensemble can be counted toward the degree.

††† No more than four credits of performance can be counted in this cluster.

§ May be waived by proficiency examination.

NOTE: Program subject to change if state and/or federal requirements are revised.

Graduate Courses

CHURCH MUSIC

MUSC 5115 Music Ministry on the Lord's Day (3)

Explores theological, historical, and practical dimensions of Christian worship, examining issues related to the planning and implementation of worship on the Lord's Day in various Christian traditions. Particular attention devoted to the liturgical functions of music. Offered: Fall, on rotation.

MUSC 5125 Singing the Faith (3)

Survey of the history and practice of congregational song, with primary focus on texts and secondary attention to functional use of music. Application of this literature in the design and leadership of worship. Offered: Spring, on rotation.

MUSC 5135 Music as Theological Expression (3)

Explores theological and philosophical assumptions undergirding the practices of music in Christian faith and worship. A variety of models are considered. Offered: Fall, on rotation.

MUSC 5145 Worship Arts in the Church (3)

Explores theological, pastoral, and artistic frameworks undergirding the practices of arts ministry in Christian faith and worship. Offered: Spring, on rotation.

MUSC 5155 Performance Document (2)

This discipline-based course explores significant research on topics related to the student's applied area of study, concentration, and coursework. Prereq: MUSC 5300. Offered: Spring.

MUSC 5160 Congregational Song (4)

Survey of the history and practice of congregational song, with primary focus on texts and secondary attention to functional use of music. Application of this literature in the design and leadership of worship. Offered: Spring, on rotation.

MUSC 5165 Graduate Thesis in Church Music (2)

The graduate thesis is an integrative and culminating project of the master of music in church music degree. It provides students the opportunity to carefully and reflectively integrate their coursework with their particular musical, theological, and pastoral interest. This course is taken for two semesters and is guided by a church music faculty mentor. May be repeated for a maximum of 4 credits. Offered: Fall and Spring.

CONDUCTING

MUSA 5160 Composition (1)

Students acquire compositional skills through applied lessons, practice, and performance. May be repeated for a maximum of 4 credits. Offered: Fall and Spring.

MUSC 5221 Seminar in Choral Conducting (2)

Integrated study of score analysis, choral styles, rehearsal techniques, and conducting gesture. Permission of the instructor is required. Offered: Spring, on rotation.

MUSC 5230 Seminar in Instrumental Conducting (2)

Advanced studies in instrumental conducting. Offering: Spring, on rotation.

MUSC 5240 Graduate Conducting (2)

Advanced study of score analysis, rehearsal techniques, and conducting gesture. Special projects assigned according to student's development and interests. May be repeated for a maximum of 4 credits. Offered: Fall and Spring.

MUSIC EDUCATION AND PEDAGOGY

MUSC 5000 Graduate Theory Review (3)

Review of music theory from late Renaissance to the present with focus on chromatic harmony through part-writing and analysis. Offered: Fall.

MUSC 5300 Research in Music (3)

Study of bibliographical material and research techniques in music. Offered: Fall.

MUSC 5310 Curriculum and Teaching in the Elementary School (3)

Survey of methodologies and techniques for teaching elementary age children. This course is designed for graduate music education students pursuing the master of music education degree (fifth year non-traditional program). Offered: Fall.

MUSC 5320 Curriculum and Teaching in the Secondary School: Choral (3)

Survey of methodologies and techniques for teaching secondary vocal/choral students, with emphasis upon vocal development and choral techniques. This course is designed for graduate music education students pursuing the master of music education degree (fifth year non-traditional program). Offered: Spring.

MUSC 5321 Vocal Techniques (1)

Overview of the structure, function, and care of the human voice as it is used in singing. Offered: Fall.

MUSC 5330 Curriculum and Teaching in the Secondary School: Instrumental (3)

Survey of methodologies and techniques for teaching secondary instrumental students, with emphasis upon building curricular models for instrumental students, developing administrative skills, and creating a healthy environment for music learning. This course is designed for graduate music education students pursuing the master of music education degree (fifth year non-traditional program). Offered: Fall.

MUSC 5340 Foundations and Curricular Trends in American Music Education (3)

Comprehensive review of the internal components (what, when, how, why) and external impact of music curricula, with special demands of writing and implementing curricula for the future. Offered: Spring.

MUSC 5360 Orff Schulwerk, Level I (3)

Orff Schulwerk is a child-centered approach to music education based on the principles of German educator and composer, Carl Orff (1895-1982). It combines speaking, singing, playing instruments, and movement in a creative atmosphere that encourages participation, creates enjoyment, and enables learning. Level I Orff Schulwerk is limited to pentatonic scale only. Offered: Summer.

MUSC 5361 Orff Schulwerk, Level II (3)

Continuation of Level I as it reviews and reinforces Level I concepts using more advanced materials, including the diatonic scale. In addition, Level II refines the teaching process through searching for materials from all cultures, assessing musical growth and development, and practicing with advanced orchestration. Prereq: MUSC 5360, or instructor permission. Offered: Summer, on rotation.

MUSC 5380 Assessment of Music and Reading Across the Curriculum (2)

Study of the purpose and process of evaluation in music education. Trains pre-service music teachers to quantify and interpret assessment results to make informed judgments in the reflective teaching process. Offered: Spring, on rotation.

MUSC 5391 National Board Professional Teaching Standards for Music I (3)

Study of aspects of practice that distinguish accomplished teachers. Cast in terms of actions that teachers take to advance student achievement, this course addresses the standards for National Board certification while incorporating the essential knowledge, skills, dispositions, and commitments that allow teachers to practice at a high level. Offered: Fall.

MUSC 5392 National Board Professional Teaching Standards for Music II (3)

Continuation of the study of aspects of practice that distinguish accomplished teachers. Cast in terms of actions that teachers take to advance student achievement, this course addresses the standards for National Board certification while incorporating the essential knowledge, skills, dispositions, and commitments that allow teachers to practice at a high level. Prereq: MUSC 5391. Offered: Spring.

MUSC 5399 Student Teaching Grades P-12 (6)

Supervised teaching experiences. Offered: Fall and Spring.

MUSC 5597 Curriculum Integration of Music Technology (3)

Introduction to the practice of technology in music. Includes hands-on experience with computer notation, sound sequencing, audio podcasting, and short film editing. Prereq: Permission of the instructor. Offered: Summer, on rotation.

MUSC 5620 Seminar in Vocal Pedagogy (2)

Development of a sophisticated understanding of vocal function, together with effective patterns of studio teaching and application of research skills to this discipline. Offered: Fall.

MUSC 5630 Seminar in Instrumental Pedagogy/Literature (2)

This course is designed to acquaint graduate music students with current methods and materials in teaching and their practical applications. This course will provide insights on business practices for music teachers and an introduction to the latest pedagogical methods, music teaching technology, and apps that aid in teaching lessons. Offered: On rotation. Note: Course offered for 1 credit through Summer 2018; It will be offered for 2 credits beginning Fall 2018.

MUSC 5640 Piano Pedagogy I (3)

In-depth study of methods, materials, and curriculum for teaching piano. Additional topics include the history of piano pedagogy, current trends, professionalism, and the philosophical and psychological bases for piano study. Offered: Fall, on rotation.

MUSC 5642 Piano Pedagogy II (3)

In-depth study of methods, materials, and curriculum for teaching piano. Additional topics include the history of piano pedagogy, current trends, professionalism, and the philosophical and psychological bases for piano study. Offered: Spring, on rotation.

MUSC 5650 Organ Pedagogy (2)

Introduction to pedagogical techniques that enable students to teach organ to persons who already have basic keyboard skills. Offered: Fall, on rotation.

MUSC 5662-5664 Special Studies in Music Education (2-4, respectively)

Directed, independent studies in music education.

MUSIC HISTORY AND LITERATURE**MUSC 5401 History and Application of Performance Practices I (2)**

Study of vocal and instrumental performance practice in historical context. Students explore primary sources and apply the principles to problems of musical performance and pedagogy. Offered: Fall, on rotation.

MUSC 5402 History and Application of Performance Practices II (2)

Seminar in performance practice in students' individual musical disciplines. Participants engage in research using primary sources and present their findings in a public forum. Offered: Spring, on rotation.

MUSC 5421 Seminar in Vocal Literature (2)

Study of the vocal repertoire of representative composers from Europe, the United States, and South America. Offered: Spring, on rotation.

MUSC 5422 Survey of Choral Literature (2)

Study of choral forms and literature from c. 1450 to the present. Offered: Spring, on rotation.

MUSC 5430 Survey of Symphonic Literature (2)

Study of major developments in symphonic literature, with emphasis upon major contributors and their compositions. Offered: Spring, on rotation.

MUSC 5440 Survey of Piano Literature (2)

Study of major contributors to piano literature and their compositions. Offered: Spring, on rotation.

MUSC 5450 Survey of Organ Literature (2)

Study of major contributors to organ literature and their compositions. Offered: Spring, on rotation.

MUSC 5462 Topics in Music History (2)

Courses offered by music professors based on an in-depth study of a particular topic. Offered: Fall and Spring, on rotation.

MUSIC THEORY AND COMPOSITION**MUSC 5500 Analytical Techniques (2)**

Graduate-level studies in analyzing music from major periods of music history, beginning with the medieval period. Offered: Spring and Summer, on rotation.

MUSC 5520 Choral Arranging (2)

Introduction to basic principles of arranging for choral ensembles, both unaccompanied and with instrumental accompaniment. Students develop choral arranging skills through practical exercises exploring a variety of voicings and accompaniments. Offered: Fall.

MUSC 5530 Instrumental Arranging (2)

Practical experience in the craft of arranging for instruments. Offered: Spring.

PERFORMANCE-RELATED COURSES**MUSC 5699 Graduate Recital (0)**

Certification of completion of graduate performance recital. Registration for this requirement should be done the same semester the recital will be given. Grading is pass/fail.

ENSEMBLES**MUSC 5720 University Chorale (0-1)**

Performs a cross-section of quality literature in major concerts and University events each year. No audition is required.

MUSC 5721 A Cappella Choir (0-1)

Performs both regionally and internationally, as well as for important University functions throughout the year. Auditions for membership in the A Cappella Choir are held before July 1.

MUSC 5723 Samford Opera (0-1)

Performance of operas and operettas. Audition only, open to any major. May be repeated for credit. Offered: Fall or Spring.

MUSC 5724 Opera Workshop (0-1)

Study of stagecraft related to opera and other forms of music theatre, including basic acting and movement. Students will workshop and perform short selections from operas, plays, and musicals. Open to all music majors and musical theatre majors. Non-majors need to request an interview with the instructor. May be repeated for a maximum of 4 credits. Offered: Fall or Spring.

MUSC 5730 Wind Ensemble (0-1)

Performance of appropriate wind ensemble works from all areas. Auditions are held at the beginning of each semester. May be repeated for credit. For advanced students. Offered: Fall and Spring.

MUSC 5731 Orchestra (0-1)

Performs standard orchestral literature, operas, oratorios, concerti, and musical theatre shows. Admission by audition only.

MUSC 5732 Graduate Chamber Ensemble (0-1)

Chamber ensemble groupings of varying combinations including, but not limited to, Jazz Ensemble, Bells of Buchanan, Percussion Ensemble, etc. May be repeated four times, for a maximum of 4 credits. Grading is pass/fail.

MUSC 5739 Marching Band (0-1)

Performs at home football games and away games as needed. Offered: Fall.

MUSC 5750 Worship Arts Ensemble (0-1)

A versatile ensemble that collaborates to perform music, dance, drama, and visual art from diverse worshiping traditions in service to the church. By audition only, open to any major. May be repeated for a maximum of 4 credits. Offered: Fall and Spring.

MUSC 5751 Campus Worship Team (0-1)

A vocal and instrumental ensemble that plans and leads worship for the campus community. By audition only, open to any major. May be repeated for a maximum of 4 credits. Offered: Fall and Spring.

PERFORMANCE INSTRUCTION

Credit for performance study is consistent with the National Association of Schools of Music minimum standard of three hours of practice per week for each credit. For performance study, the first number of the course indicates classification level (1000-Freshman, 2000-Sophomore, 3000-Junior, 4000-Senior, 5000-Graduate) while the second number indicates the amount of course credits: i.e., MUSA 5111 Violin (1); MUSA 5251 Piano (2); MUSA 5357 Voice (3).

- MUSA 5111 Violin
- MUSA 5113 Viola
- MUSA 5115 Cello
- MUSA 5117 String Bass
- MUSA 5119 Harp
- MUSA 5120 Percussion
- MUSA 5121 Trumpet
- MUSA 5123 Trombone
- MUSA 5125 French Horn
- MUSA 5127 Tuba
- MUSA 5129 Euphonium
- MUSA 5131 Saxophone
- MUSA 5133 Flute
- MUSA 5135 Oboe
- MUSA 5137 Bassoon
- MUSA 5139 Clarinet
- MUSA 5151 Piano
- MUSA 5153 Organ
- MUSA 5157 Voice
- MUSA 5179 Classical Guitar

CLASS INSTRUCTION

Students acquire a working knowledge of each family of instruments.

- MUSC 5931 Class Strings (1)
- MUSC 5932 Class Woodwinds (1)
- MUSC 5933 Class Brass (1)
- MUSC 5934 Class Percussion (1)

Theatre and Dance

Faculty

- Mark J. Castle, Chair, Associate Professor
- Don T. Sandley, Professor
- Laura S. Byland, Associate Professor
- David J. Glenn, Associate Professor

Undergraduate Programs and Requirements

Majors

- Musical Theatre (B.F.A.)
- Theatre (B.A.)
- Theatre for Youth (B.F.A.)

Minors

- Dance
- Film Production
- Minor in the Arts
- Theatre

The Department of Theatre and Dance in the School of the Arts offers a major in theatre leading to a bachelor of arts degree. The department also offers two majors leading to a bachelor of fine arts degree: musical theatre and theatre for youth. Much of the training is accomplished by practical experience that also provides cultural and intellectual stimuli to campus and community life. These activities include main-stage theatre productions, experimental plays, workshops, visiting artists, and sponsorship of many theatre productions. Students seeking admission to either the B.A. in theatre, the B.F.A. in musical theatre, or the B.F.A. in theatre for youth degree programs should contact the theatre and dance department to arrange for an audition and interview.

Theatre students are required to complete oral examinations each spring semester covering the prescribed reading list. Students will also display a current portfolio at the end of the spring semester and upon approval will be advanced to the next level courses.

The department also offers minors in dance and theatre and, in cooperation with the Department of Art and the Division of Music, offers an interdisciplinary minor in the arts. In cooperation with the Department of Journalism and Mass Communication, the department also offers a minor in film production.

Accreditation

The Samford University theatre program is accredited by the National Association of Schools of Theatre (NAST).

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Musical Theatre Major (B.F.A.)

The bachelor of fine arts (B.F.A.) degree in musical theatre is designed for students who wish to pursue a career in musical theatre. The program will provide interrelated educational experiences in music, theatre, and dance that prepare students for the production of musical theatre in the professional, academic, and community theatre environment. Students must have a minimum GPA of 2.50 for admission to the program.

Theatre for Youth Major (B.F.A.)

The bachelor of fine arts (B.F.A.) in theatre for youth provides a comprehensive training experience including academics, studio training, performance opportunities, and outreach. The Department of Theatre and Dance offers TY students the opportunity to be involved in main-stage productions including an annual TY selection. In addition, TY students are a part of touring performances at local schools and are actively involved in outreach and camp experiences.

DANC 222 Modern Dance II	2	
DANC 401 Choreography	2	
DANC 410 Dance History	3	
DANC 450 Dance Pedagogy	2	
THEA 350 Business of the Arts	2	
Total Required Credits		23

* Students who test into a higher level of dance may substitute DANC 360 (Dance Company) for DANC 101-222. DANC 360 may be repeated for a maximum of 8 credits.

Film Production Interdisciplinary Minor

The interdisciplinary film production minor, offered in cooperation with the Department of Journalism and Mass Communication, allows students to become conversant with the conceptual and practical aspects of visual storytelling. Students will write and edit their own scripts, use digital video cameras to capture scenes, and edit their own projects using high-end software.

Film Production Interdisciplinary Minor Required Courses	Course Credits	Total Required Credits
Film Production Core		15
FLMJ 200 Introduction to Film Production	4	
FLMJ 300 Film Production	4	
FLMT 310 Screenwriting	3	
FLMJ 400 Documentary Film Production <i>or</i> FLMJ 410 Short Film Production	4	
Film Production Electives (choose from the following)		7-8
ENGL 350 Film History	4	
FLME 352 Foreign Film	4	
FLMJ 341 Film Production, Technology, & Culture	4	
FLMT 371 Acting for the Camera	3	
JMC 362 The Film Genre	2	
JMC 364 Film Criticism	2	
POLS 355 Politics in Film	4	
Total Required Credits		22-23

Minor in the Arts

The arts minor is focused on broad experience in music, theatre/dance, and art. The minor includes experience in contextual/historical, performance, foundational, and elective courses across the various areas of the School of the Arts.

Minor in the Arts Required Courses		Course Credits	Total Required Credits
Arts Core			12
(12 credits required in the Arts Core, including the minimum number stated within each subgroup below.)			
History/Literature Course (complete at least 2 credits)			
ART 381	Ancient and Medieval Art <i>or</i>	4	
ART 382	Renaissance and Baroque Art <i>or</i>		
ART 383	Modern and Contemporary Art		
MUSC 2400	Introduction to Music Literature	2	
THEA 330	Theatre History & Literature I	3	
THEA 332	Theatre History & Literature II	3	
Foundations Courses (complete at least 4 credits)			
ART 101	Two-Dimensional Design	3	
MUSC 1510	Theory I: The Syntax of Music	3	
MUSC 1511	Theory Lab I	1	
MUSC 1520	Theory II: Diatonic Harmonic Idioms	3	
MUSC 1521	Theory Lab II	1	
THEA 242	Fundamentals of Design	3	
THEA 341	Set Design	3	
THEA 343	Lighting Design	3	
THEA 344	Makeup Design	3	
THEA 345	Costume Design	3	
Performance Courses (complete at least 2 credits)			
ART 221	Beginning Drawing	3	
ART 231	Beginning Painting	3	
ART 240	Ceramics	3	
DANC 101	Ballet I	2	
DANC 102	Ballet II	2	
Applied Music Lessons (juried)*		2-6	
Arts Electives			12
Art Electives		4	
Music Electives		4	
Theatre/Dance Electives		4	
Total Required Credits			24

* Permission of the associate dean of music is required before enrolling in applied music lessons; an audition is required.

Note: At least six (6) hours required in the minor must be upper-level credits. School of the Arts majors may only include four (4) hours from their major discipline; these credits will be counted as elective credits within the minor.

Theatre Minor

Theatre Minor Required Courses		Course Credits	Total Required Credits
Theatre Core			9
THEA 201	Theatre Production (take three times)	0-1	
THEA 212	Acting I	3	
THEA 242	Fundamentals of Design	3	
THEA 330	Theatre History & Literature I <i>or</i>	3	
THEA 332	Theatre History & Literature II	3	
Theatre Electives*			14
Total Required Credits			23

* Twelve (12) credits must be in upper-level courses.

NOTE: This program is under review and subject to change.

Courses

DANCE

DANC 100 Ballet Fundamentals (1)

Fundamentals of ballet dance technique for students new to the discipline and those with little formal training. A movement class which includes barre, floor, and center work; dance vocabulary; and discussions of the origins of ballet. Offered: Fall.

DANC 101 Ballet I (2)

Instruction of ballet dance technique for students with some prior training. Emphasis on proper body alignment of all movements through the sequential training of the muscles, thereby reducing injuring and increasing ability. Students will improve movement memory and musicality, and increase personal fitness while developing self-discipline and self-awareness. Offered: Fall and Spring.

DANC 102 Ballet II (2)

Continuation of DANC 101. Prereq: DANC 101 or instructor permit. Offered: Spring.

DANC 201 Jazz I (2)

Instruction of jazz dance technique. Emphasis on the elements of attitude, focus, energy, music, projection, and the combining of those elements with the dancer's own personal style. Students will develop performance quality, the ability to learn movement quickly and remember combinations, and the ability to move with the rhythm of a musical composition. Offered: Fall, on rotation.

DANC 202 Jazz II (2)

Continuation of DANC 201. Prereq: DANC 201 or instructor permit. Offered: Spring, on rotation.

DANC 210 Dance Performance (0-1)

Dance performance participation course. Students will perform and may also choreograph, design costumes, sets, lights, or sound for dance performances. May be repeated for a maximum of 4 credits. Dance minors must complete course twice. Prereqs: DANC 101 and either DANC 201 or DANC 221. Offered: Spring.

DANC 211 Tap Dance I (2)

Instruction of tap dance technique. Students will acquire skill and knowledge of basic tap dance steps while improving their physical fitness, body awareness, and problem-solving skills. Historical foundations, social dance aspects, and the application of tap dance to musical theatre dance will be studied. Offered: Fall, on rotation.

DANC 212 Tap Dance II (2)

Continuation of DANC 211. Prereq: DANC 211 or permission of instructor. Offered: Spring, on rotation.

DANC 221 Modern Dance I (2)

Instruction of modern dance technique. Emphasis on the techniques of modern dance pioneers of the early 20th century, and how this art form is similar yet very different from classical ballet. Students learn the physical aspects of alignment, succession, opposition, potential and kinetic energy, fall, weight, recovery and rebound, suspension, and isolation. Students will also strengthen muscles, increase flexibility, and coordination while developing self-discipline and self-awareness. Prereq/Co-req: DANC 102. Offered: Fall. (Formerly DANC 301)

DANC 222 Modern Dance II (2)

Continuation of DANC 221. Prereq: DANC 221 or instructor permit. Prereq/Co-req: DANC 102. Offered: Spring. (Formerly DANC 302)

DANC 360 Company Dance (1)

Continued application of advanced dance techniques focusing on ballet, jazz, tap, and modern dance styles. May be repeated for a maximum of 8 credits. Prereqs: DANC 102, 202, and 222. Offered: Fall and Spring.

DANC 401 Choreography (2)

Basic approach to the choreographic process, from the beginnings of the choreographic impulse to the completion of the dance, and including the costuming, staging and performance of the student-created work. Emphasis on using dance as a way to communicate through movement, with students applying and demonstrating critical and creative-thinking skills through self and peer evaluations. Includes coverage of National Dance Content Standards, which are necessary for the application of teaching dance in grades K-12. Offered: Fall, on rotation.

DANC 410 Dance History (3)

Survey of the history of dance from the 1500s through today, with emphasis on the 20th century. Topics include the progression of ballet from European court dance to its current forms; the development of modern dance in America and Europe; and the emergence of jazz dance. Pioneering choreographers, presenters, and performers, along with social and political influences on the art form, are explored. Prereq: DANC 102. Offered: Fall, on rotation.

DANC 450 Dance Pedagogy (2)

Survey of the tools and approaches used in teaching all levels of dance. Particular focus is given to dance anatomy and teaching methods employed in a K-12 setting. Prereq: DANC 102. Offered: Spring.

DANC 451 Musical Theatre Dance I (2)

Instruction of musical theatre dance styles. Emphasis is placed on accurate execution of movement and performance quality. Students will deepen their understanding of how dance contributes to the development of character and plot in musical theatre. Instruction will include dances from canonical repertory and modern musicals. May be repeated for a maximum of 4 credits. Prereqs: DANC 101, 201, and 211. Offered: Fall and Spring, on rotation.

DANC 452 Musical Theatre Dance II (2)

Continuation of DANC 451. Instruction of musical theatre dance styles. May be repeated for a maximum of 4 credits. Prereq: DANC 451. Offered: Fall and Spring, on rotation.

THEATRE

THEA 101-102 Introduction to Theatre I and II (1 credit each course)

Team-taught introduction to theatre arts including elements of directing/acting, technical/design, and play reading/analysis. Required of all theatre majors. Offered: Fall (101); Spring (102).

THEA 112 Beginning Acting (2)

Introduction to the principles and techniques of acting, with emphasis on script analysis and play structure. May be repeated for a maximum of 4 credits. Offered: Fall and Spring.

THEA 175 Freshman Acting Workshop (1)

Acting workshop for freshman theatre students, designed to maintain existing skills and prepare students for auditions and performance. Course repeatable for maximum of two credits. Offered: Fall and Spring.

THEA 200 Theatre Appreciation (2)

Study of the historical and literary significance of theatre through the ages. This course follows the development of the theatre, engaging students through practical theatre production exercises and attendance of live performances. For students who fall under the 2016-17 or an earlier catalog, this course satisfies two credits of the general education fine arts requirement for most majors. Sections of this course may still be offered in the 2017-18 academic year, but will be unavailable in future years.

THEA 201 Theatre Production (0-1)

Theatre activity participation course; required of all theatre majors. Students are assigned responsibility on a scenic, lighting, costume, or makeup crews and must demonstrate proficiency in the assigned area of theatrical production by the end of the course. Other students are evaluated for acting roles and/or directing and stage management responsibility. Theatre and theatre for youth majors must complete six semesters of THEA 201, musical theatre majors must complete seven, while theatre minors must complete three. Grading is pass/fail; credit is variable. Offered: Fall and Spring.

THEA 212 Acting I (3)

Introduction to the basic principles and techniques of acting, with emphasis on script analysis, play structure, movement techniques, and voice work audition techniques. Offered: Fall.

THEA 242 Fundamentals of Design (3)

Introduction to the design areas of scenery, lighting, sound, and costuming with emphasis on conceptualization, communication, process and implementation. Concentration will be in areas of drafting, visualization, programming, and editing. Prereq: THEA 243. Offered: Spring.

THEA 243 Stagecraft (3)

Introduction for students to the process of realizing stage design from the theatre technician's point of view. Emphasis on the craft and technology used in mounting a theatrical production. Topics include the principles and tools used in the construction, rigging, and handling of scenery for the stage. Offered: Fall.

THEA 312 Acting Methods (3)

Study of advanced problems in movement, perception of characters, and acting methods including Stanislavski, Meisner, and Adler. Prereq: THEA 112, or permission of the instructor. Offered: Fall, on rotation.

THEA 313 Acting Styles (3)

Practical study in acting styles of the most influential dramatic periods to include Greek, Medieval, Commedia Dell'Arte, Shakespeare, Neo-Classic, Restoration, Naturalism, Epic, and Non-Realistic. Prereqs: THEA 112 and THEA 312, or permission of the instructor. Offered: Spring, on rotation.

THEA 316 Auditioning and Professional Development (2)

Introduction to the literature of musical theatre, and to the techniques, practices, and expectations for professional auditions. Prereq: THEA 112 or THEA 175. Offered: Fall, on rotation.

THEA 317 Musical Theatre Song Study (2)

Continued examination of the literature of musical theatre, and the techniques, practices, and expectations for professional performance. Prereq: THEA 316. Offered: Spring.

THEA 318 Musical Theatre Scene Study (2)

Continued examination of the literature of musical theatre, and the techniques, practices, and expectations for professional performance. The course will focus on ensemble performance. Prereqs: THEA 316 and THEA 317. Offered: Fall.

THEA 322 Beginning Directing (3)

Study of the principles and methods of play directing. Also includes training in selecting and analyzing scripts, experience in casting and conducting rehearsals from the director's point of view, and participation in the workshop program. Required of all theatre majors. Offered: Fall.

THEA 323 Advanced Directing (3)

Practical application of skills learned in THEA 322 (Beginning Directing), with focus on advanced studies in scene analysis and play structure, continued-blocking techniques, and working with the actor. Additional emphasis placed on designing the rehearsal period, working with designers, and complete preparation for directing a full-length, main-stage production. Prereq: THEA 322. Offered: Spring, on rotation.

THEA 324 Directing for Theatre for Young Audience (3)

This course offers practical experience in the area of play direction for Theatre for Young Audiences. It is designed to provide the student training in directing techniques. Practical application of the presented directing principles will be required. Prereqs: THEA 101 and THEA 102. Offered: Fall and Spring, on rotation.

THEA 330 Theatre History and Literature I (3)

Survey of the history and literature of the theatre from its origins to the English Restoration. This course examines the predominant influences, staging practice, and accompanying literature of each period. Required of all theatre majors. Prereqs: THEA 101, THEA 102, UCCA 102, UCCP 101, and UCCP 102. Offered: Fall.

THEA 332 Theatre History and Literature II (3)

Survey of the history and literature of the theatre from the American Revolution to present day. This course examines the predominant influences, staging practice, and accompanying literature of each period. Required of all theatre majors. Prereqs: THEA 101, THEA 102, UCCA 102, UCCP 101, and UCCP 102. Offered: Spring.

THEA 341 Set Design (3)

Study of the theory and practice of scenic design for the stage. Problems in set design involving sketching, drafting, and scale model-making comprise this course of study. Particular emphasis is given to the process of design conceptualization and communication. Prereq: THEA 242 or permission of the instructor. Offered: Fall, on rotation.

THEA 342 Scenic Art for the Theatre (3)

Introduction to the skills required to function as a scenic artist in the theatre scenic studio. Reproduction of works of fine art, practical exercises, and work on actual productions comprise the bulk of the student's work. Prereq: Permission of the instructor. Offered: Spring, on rotation.

THEA 343 Lighting Design (3)

Examination of the art of stage lighting from a theoretical and practical point of view. Concentration will be in areas of conceptualization, communication, and equipment application. Prereq: THEA 242. Offered: Spring, on rotation.

THEA 344 Makeup Design (3)

Practical study of the design and application principles of stage makeup with emphasis on student participation and projects. Prereq: THEA 242. Offered: Fall, on rotation.

THEA 345 Costume Design (3)

Study of the elements of costume design and the graphic interpretation of characters from plays. Includes a practical explanation of the basic construction of stage costumes. Prereq: THEA 242. Offered: Spring, on rotation.

THEA 346 Sound Design (3)

Study of the theory and practice of sound design. Concentration on conceptualization, communication, introduction of new media, and practical application of technology. Course of study includes editing, sequencing, reinforcement, and recording. Prereq: THEA 242. Offered: Spring, on rotation.

THEA 347 Stage Management (3)

Examination of the craft of stage management from a theoretical and practical point of view. Course objectives includes comprehension and implementation of theatre safety procedures from a practical viewpoint. Concentration will be in areas of organization, rehearsal and performance processes, communication, and safety applications. Prereq: THEA 101, 242 or permission of the instructor. Offered: Fall, on rotation.

THEA 350 Business of the Arts (2)

Practical examination of concepts and techniques for managing personal finances for the independent artist. Using case studies, students will develop an applied framework for analyzing key issues for commercial and non-profit arts organizations. The course employs seminars, lectures and guest speakers. Offered: Spring.

THEA 360 Creative Drama I (3)

Study of the history of children's theatre and creative dramatics. In addition to in-class work and lectures, students gain hands-on experience with practical teaching and play production by working with schools and afterschool programs. Prereqs: THEA 101 and THEA 102. Offered: Fall, on rotation. (Formerly THEA 415)

THEA 361 Theatre for Youth Tour (2)

This course examines the dramatic structure, audience needs, directing, and acting techniques that are employed in the touring production of theater for youth. Practical and creative applications of scenery, costumes and props are among the topics studied in the preparation of the tour. May be repeated for a maximum of 4 credits. Prereq: THEA 101. Offered: Spring.

THEA 362 Theatre for Youth Outreach (1)

The course will afford the student the opportunity to develop youth theatre curriculum and participate in community outreach. May be repeated for a maximum of 2 credits. Prereq: THEA 101. Offered: Fall.

THEA 375 Acting Workshop (1)

Development of skills learned in acting classes. Support and preparation for auditions, scene work, and performance. Opportunity to develop special skills in dialect, physical theatre, character analysis, or advanced technique work in acting theory. May be repeated seven times. Prereq: Permission of the instructor. Offered: Fall and Spring.

THEA 380 History of Fashion and Costume (3)

Study of historical clothing as dress and as stage costuming, from primitive apparel to present fashion. Prereq: THEA 101, 242, or permission of the instructor. Co-listed as ART 380. Offered: Fall, on rotation.

THEA 394 Musical Theatre Ensemble (0-1)**THEA 395 Improv Ensemble (1)**

Participation as a performer in the Samford Improv ensemble. May be repeated for a maximum of 6 credits. Prereq: THEA 112. Offered: Fall and Spring.

THEA 396 Studio Ensemble (1)

Participation as a director in a studio theatre production. May be repeated for a maximum of 6 credits. Prereqs: THEA 102 and permission of the instructor. Offered: Fall and Spring.

THEA 397 Acting Ensemble (0-1)

Participation as an actor in a main stage (fully realized, funded, technically supported, and academically supervised) theatre production. May be repeated seven times. Prereq: Permission of the instructor. Offered: Fall and Spring.

THEA 398 Technical Theatre Ensemble (0-1)

Participation as a designer, technical director, or stage manager in a main stage (fully realized, funded, technically supported, and academically supervised) theatre production. Students are assigned to productions based upon their experience and expertise in specific technical areas. May be repeated seven times. Prereq: Permission of the instructor. Offered: Fall and Spring.

THEA 414 Playwriting (3)

Seminar and workshop in writing for the stage. Readings emphasize plays from a range of literary eras and playwriting theory texts. Writing assignments include weekly exercises and the execution of a one-act play. Prereqs: UCCA 102; UCCP 101 and 102. Offered: Spring, on rotation.

THEA 424 Theatre Internship (3)

Seminar and workshop in writing for the stage. Readings emphasize plays from a range of literary eras and playwriting theory texts. Writing assignments include weekly exercises and the execution of a one-act play. Prereq: Permission of instructor. Offered: Fall, Spring, and Summer.

THEA 434 American Musical Theatre History (2)

Overview of the art and craft of American musical theatre as seen in the evolution of landmark productions. Offered: Spring, on rotation.

THEA 435 Musical Theatre History II (2)

Continued exploration of the art and craft of musical theatre as seen in the evolution of landmark productions. Prereq: THEA 434. Offered: Fall, on rotation.

THEA 443 Computer Aided Design (3)

Study of advanced theatrical design and communication principles through computer software and digital media. Course objectives include practical application of these technologies in technical direction, lighting, sound, costume and scenic design processes. Prereq: THEA 242. Offered: Fall, on rotation.

THEA 450 Capstone Course (3)

Completion of a major project in theatre, in conjunction with a faculty mentor. Reading and study of works listed on the departmental reading list. An oral examination must be passed. Required of all theatre majors. Prereqs: Senior standing, completion of major requirements, and mentor choice on record. Offered: Fall and Spring.

THEA 455 Directed Studies in Theatre (3)

Advanced study of a specific area of theatre or a related field. This course involves written, oral, and other forms of communication, including a required paper, oral presentation, and/or other major presentation. Designed to meet a variety of needs, this course can be structured as an individual study or as a group seminar. Can be repeated for up to twelve (12) credits. Prereq: Permission of the instructor. Offered: Fall and Spring.

THEA 460 Creative Drama II (3)

The course will afford the student the opportunity to integrate their understanding and knowledge of creative drama by creating and participating in workshops for school age children. In addition, the student will gain knowledge of the literature of children's theatre and the creation of play from story. Prereq: THEA 101, 102, and 360. Offered: Spring, on rotation.

THEA 461 Theatre for Youth Camp (1)

The course will afford the student the opportunity to develop curriculum for a summer theatre camp experience. Prereq: THEA 101. Offered: Spring.

THEA 463 Theatre for Youth Curriculum Development (3)

The course will afford students the opportunity to integrate their understanding and knowledge of Theatre for Youth by creating curriculum units and lesson plans. Included will be developing curriculum for summer camp experiences, afterschool workshops, and advanced theatre classes. In addition, students will participate in a workshop for school-age children. Prereq: THEA 360. Offered: Spring.

THEA 464 Theatre for Youth History and Literature (3)

We will explore the evolution of Theatre for Youth (TY) and the canon of TY literature. The course will focus on classic and contemporary American TY plays/musicals, in addition to the development of Children's Theatre in America. Prereq: THEA 360. Offered: Spring.

THEATRE - FILM PRODUCTION**FLMT 310 Screenwriting (3)**

Lectures, seminars, and screenings of films illustrating basic aspects of screenwriting, structure, action, conflict, character development, and script format. Students analyze original screenplays and write original works, including a first and second draft of two short screenplays. Prereq: Permission of instructor. Offered: Spring, on rotation.

FLMT 371 Acting for the Camera (3)

Introduction to acting techniques for the camera. Students will read screenplays and participate in discussions comparing acting techniques for stage and screen. The student will work on roles and will develop the tools needed for on-camera performance. Offered: Spring, on rotation.

SCHOOL OF THE ARTS**SOA 480 Senior Project: Theatre (6)**

Implementation and public presentation of a focused individual or collaborative investigation under the direction of a primary and secondary advisor. The final course in the School of the Arts sequence. Must have approval. Individual sections by program. Prereqs: SOA 101, 102, 250, 301, and 302. Offered: Fall and Spring.

Brock School of Business

Administration

J. Howard Finch, Dean, Professor of Finance
Charles M. Carson, IV, Associate Dean, Professor of Management
Barbara H. Cartledge, Assistant Dean of Academic Programs,
Assistant Professor of Business

History

The Brock School of Business was named in 2007 for long-time Samford trustee, banking pioneer, and entrepreneur Harry B. Brock, Jr. The School of Business is fully accredited by AACSB International.

The business school offers undergraduate programs of study leading to the bachelor of science in business administration (B.S.B.A.) with majors in accounting, economics, entrepreneurship, finance, management, and marketing. Concentrations in professional sales, social entrepreneurship and sports marketing are also available. Students in the University Fellows program as well as the B.S.B.A. program can pursue the Brock Scholars major while students whose primary focus is not business can pursue a bachelor of arts (B.A.) in economics. Non-business students may pursue minors in economics, general business, marketing, and social entrepreneurship.

The business school also offers a special joint degree, leading to a B.S.B.A. in accounting initially, but ultimately to a master of accountancy (M.Acc.).

In addition, at the graduate level, students may earn the master of business administration (M.B.A.), with concentrations in entrepreneurship, finance, and marketing, or the master of accountancy.

Mission

The Samford University Brock School of Business delivers life-long business education to its constituents through quality teaching, meaningful scholarship, and servant relationships, imbued by its Christian commitment.

Vision

The Samford University Brock School of Business is a recognized leader and school of choice among institutions offering undergraduate and graduate business education informed by Christian principles.

Core Values

- We affirm Samford University's purpose and mission as our own in the development of business leaders.
- We believe that our Christian perspectives and commitments should permeate and integrate all of our organizational goals and activities.
- We consider learning to be an activity that never ceases, and that the life of the mind is a faithful and noble pursuit.
- We believe that service within organizations is a vocation in the sense that it is a calling that should be treated with great importance and utmost respect.
- We believe in the pursuit of excellence in all dimensions and activities.
- We value the creation of timely, relevant, participatory, and experiential learning environments that develop well-trained persons who add value and achieve fulfilling roles within their organizations, communities, and the global environment.
- We value research and scholarship that develops core competencies, serves society, and equips people and organizations to cope with change and meet challenges.
- We are blessed with and compelled by our tremendous resources to serve our community.
- We respect and value unique and diverse experiences and perspectives contributed by individuals learning and working in a collegial environment.
- We demand ethical behavior, integrity, caring concern, and stewardship from ourselves, our constituents, and the organizations we serve.

Undergraduate Programs and Requirements

Accreditation

The Brock School of Business is accredited by AACSB International—the Association to Advance Collegiate Schools of Business (www.aacsb.edu)—and by SACS—the Southern Association of Colleges and Schools.

Joint Degree

Professional Accountancy (B.S.B.A. in Accounting/M.Acc.)

Interdisciplinary Concentrations*

Language and World Trade
Public Administration

The Brock School of Business offers majors in accounting, economics, entrepreneurship, finance, management, and marketing, each leading to a bachelor of science in business administration (B.S.B.A.) degree. Any of the above majors may be combined with any of the following concentrations: professional sales, social entrepreneurship or sports marketing. For University Fellows and outstanding pre-business students pursuing a major in business, the Brock Scholars major is available to those who meet the selection criteria (see Brock Scholars Major, B.S.B.A./Fellows for more information). For students whose primary focus is not business, a bachelor of arts (B.A.) in economics is also available.

The business school also offers a special joint degree, leading to a B.S.B.A. in accounting initially, but ultimately to a master of accountancy.

In addition, minors are offered in economics, entrepreneurship, general business, marketing, and social entrepreneurship and non-profit management. However, none of the above minors are available for School of Business majors.

*See the World Language and Cultures section for details on language and world trade and the Political Science section for details on public administration.

Student Objectives

B.S.B.A. in Accounting: Graduates will be prepared to pursue a professional career as a CPA, CMA, CIA, auditor, tax accountant, or other positions requiring accounting credentials.

B.S.B.A. in Brock Scholars: Graduates will be prepared to engage in their selected vocation.

B.S.B.A. in Economics: Graduates will be prepared to enter a variety of fields and careers in business and public policy. The economics major is easily paired as a double-major with other programs within the School of Business so that students focusing on accounting, management, marketing, finance, or entrepreneurship will be equipped with both specific skills and a broad general knowledge of economic forces that impact industry and government.

B.S.B.A. in Entrepreneurship: Graduates will be prepared to start or find

employment in new, family, or small ventures. Students will be equipped with both specific skills and broad general knowledge of factors impacting the success of these businesses.

B.S.B.A. in Finance: The finance major provides students with the analytic and theoretical tools necessary for mastering practical issues in financial management of private businesses and other financial institutions. Graduates will be prepared to enter a variety of areas in finance-related fields. Such positions include investment banking firms, securities sales, financial planning, commercial banking, securities research, and corporate treasurer functions.

B.S.B.A. in Management: Graduates will be prepared in general knowledge of core functional areas of business, equipped for immediate entry-level positions in functional areas and industries of choice, and trained for the potential long-term goal of higher level management positions.

B.S.B.A. in Marketing: Graduates will be prepared to explore opportunities in advertising, sales, market research, retailing, product management, and public relations. The program focuses on marketing for products and services, occurring in for-profit as well as not-for-profit organizations.

B.S.B.A. in Accounting/Master of Accountancy: Graduates will be prepared to pursue a professional career as a CPA, CMA, CIA, auditor, tax accountant, or other positions requiring accounting credentials.

B.A. in Economics: Graduates will be able to identify and discuss the importance of key macroeconomic indicators; describe the policy tools which influence economic growth, prices, and employment; identify and explain the major types of market structures; and identify those conditions where market failure is most likely to occur.

Concentration in Professional Sales: Students majoring in accounting, economics, entrepreneurship, finance, management, or marketing can add the professional sales concentration to their program, which will help prepare them for careers in many different business fields where sales skills are valued.

Concentration in Social Entrepreneurship: Coupled with any major, this concentration equips students to start or find employment in either not-for-profit organizations or for-profit firms pursuing social missions. Students will focus on broad issues, such as the role of these organizations in a national economy, and develop specific skills needed to successfully run these types of organizations.

Concentration in Sports Marketing: This program equips students with the skills necessary for career opportunities in the global sports marketplace. Students majoring in accounting, economics, entrepreneurship, finance, management, or marketing can add this concentration to their program. The concentration presents a rigorous curriculum in such areas as sponsorship, international sports marketing, advertising, social media, and analytics while paying close attention to industry trends.

Admission into the Brock School of Business

To be admitted into the Brock School of Business, students must earn a C- or better in each pre-business course, a 2.25 or higher pre-business GPA in business school courses (prefixes ACCT, BUSA, DATA, and ECON, utilizing the highest grade earned in each pre-business course), and a cumulative 2.00 Samford University GPA. Pre-business courses consist of ACCT 211, 212; BUSA 100, 200; DATA 200, 201; and ECON 201, 202.

Admission to the School of Business will be automatic for students who meet the above requirements. Provisional admission status will be granted if a student meets the 2.25 pre-business GPA and 2.00 Samford GPA requirements, but has not completed one pre-business course and/or has not met the C- requirement. Such students will be allowed to take 300-level business courses, but will not be allowed to progress to 400-level business courses until the completion of the one pre-business course and the C- requirement are met.

Progression Policy

Once admitted into the Brock School of Business, a student must maintain a cumulative 2.00 GPA in School of Business courses to graduate.

Graduation Requirements

1. Complete a minimum of 128 credits.
2. Complete at least 50 percent of business courses at Samford. Only six (6) transient hours will be allowed for all business courses from the 100-400 level.

Exception: See Important Note under the Accounting Major table.

All lower level transient courses (200-level and below) are to be accepted only from "Accredited Colleges and Universities." All upper-level courses (300-level and above) are to be accepted only with the approval of the appropriate department chair. The general assumption is that such approval will be granted only when the course has been taken at an AACSB-accredited college or university. No 100- or 200-level transient (transferred) course is equivalent to a 300- or 400-level business course.

3. Earn a 2.00 GPA in the following area: Samford.
4. Earn a 2.00 GPA in each of the following two areas (utilizing the highest grade earned in each pre-business course): business and the 24 credits which constitute a major.
3. Earn a 2.00 GPA in each of the following areas: Samford, business, and the 24 credits which constitute a major. These GPA assessments will utilize the highest grade earned in each pre-business course.
4. Meet other requirements as outlined by the University.

Exceptions

Approval of course substitutions, prerequisite waivers, or other exceptions to the degree requirements are rare and made only under extreme circumstances. The associate dean or director of undergraduate programs approves such exceptions.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

All Brock School of Business majors must take ECON 201 (Principles of Macroeconomics) as their general education social science requirement* and MATH 150 (Precalculus) as their general education mathematics requirement.*

*Brock Scholars-Fellows majors take ECON 201 as a major requirement and MATH 240 (Calculus I), instead of MATH 150, as a University Fellows Core Curriculum requirement.

Language

The study of a language introduces the student to another culture active in the global economy and develops his/her ability to communicate with individuals of that culture. The student may satisfy this requirement by taking eight credits at the 100 level or by demonstrating proficiency on the Samford foreign language placement exam.

Joint Degree

Professional Accountancy (B.S.B.A. in Accounting/M.Acc.)

The Department of Accounting and Management Information Systems offers a major in accounting that leads to the bachelor of science in business administration (B.S.B.A.) degree. In addition, students can earn a concentration in professional sales, social entrepreneurship, or sports marketing. The department also offers coursework leading to the master of accountancy (M.Acc.) degree.

The department also offers a special joint degree, leading to a B.S.B.A. in accounting initially, but ultimately to a master of accountancy. This program is only available to students enrolled as undergraduates pursuing a B.S.B.A. in accounting at Samford and is designed to allow students to earn both a B.S.B.A. degree in accounting and master of accountancy degree upon completion of 150 credits.

Student Objectives

B.S.B.A. in Accounting: Graduates will be prepared to pursue a professional career as a CPA, CMA, CIA, auditor, tax accountant, or other positions requiring accounting credentials.

B.S.B.A. in Accounting/Master of Accountancy: Graduates will be prepared to pursue a professional career as a CPA, CMA, CIA, auditor, tax accountant, or other positions requiring a graduate degree and/or professional certification. Graduates of this program will have met the requirements necessary to sit for the CPA exam in Alabama.

Professional Accountancy Program

The Professional Accountancy Program offers seamless integration of coursework within our B.S.B.A. and M.Acc. degree programs to prepare students for professional accountancy careers. Students are notified of their conditional acceptance along with their financial aid package for the program by November 15 of their senior year. This declaration will be used to alert the Brock School of Business Academic Programs Office and the Registrar's Office that this student will matriculate into the Professional Accountancy Program. Candidates of this degree program will earn both the B.S.B.A. in accounting and the master of accountancy degree assuming continued successful enrollment.

Students must have a minimum overall 2.50 GPA for program admission, including a 2.50 GPA in all prior undergraduate ACCT courses.

Important Note: Students are required to earn a B or higher in ACCT 410 (Income Tax II). Otherwise, this course will be taken as ACCT 510.

Minor

Economics

The Department of Economics, Finance, and Quantitative Analysis offers majors in economics and finance, each leading to a bachelor of science in business administration (B.S.B.A.) degree. In addition, students can earn a concentration in professional sales, social entrepreneurship, or sports marketing. For students whose primary focus is not business, a bachelor of arts (B.A.) in economics is also available.

A minor in economics is also available. However, the economics minor is not available for School of Business majors.

Student Objectives

B.S.B.A. in Economics: Graduates will be prepared to enter a variety of fields and careers in business and public policy. The economics major is easily paired as a double-major with other programs within the School of Business so that students focusing on accounting, management, marketing, finance, or entrepreneurship will be equipped with both specific skills and a broad general knowledge of economic forces that impact industry and government.

B.S.B.A. in Finance: The finance major provides students with the analytic and theoretical tools necessary for mastering practical issues in financial management of private businesses and other financial institutions. Graduates will be prepared to enter a variety of areas in finance-related fields. Such positions include investment banking firms, securities sales, financial planning, commercial banking, securities research, and corporate treasurer functions.

B.A. in Economics: Graduates will be able to identify and discuss the importance of key macroeconomic indicators; describe the policy tools which influence economic growth, prices, and employment; identify and explain the major types of market structures; and identify those conditions where market failure is most likely to occur.

Economics Major (B.A.)

The economics major (bachelor of arts) provides students with the tools to study how incentive structures cause people, firms and governments to make optimal or less than optimal decisions. Students will learn how to research and analyze the marketplace by examining logical models. These models can then be applied to particular problems to predict actions that need to be taken to incentivize people, firms and governments to react in a certain way. Such models involve analyzing economic, political, historical, and social indicators in order to understand the economic marketplace.

 Social Entrepreneurship and Non-Profit Management

The Department of Entrepreneurship, Management, and Marketing offers majors in entrepreneurship, management, and marketing, each leading to a bachelor of science in business administration (B.S.B.A.) degree. In addition, students can earn a concentration in professional sales, social entrepreneurship, or sports marketing.

Minors in entrepreneurship, general business, marketing, as well as social entrepreneurship and non-profit management are also available. However, none of the minors are available for School of Business majors.

Student Objectives

B.S.B.A. in Entrepreneurship: Graduates will be prepared to start or find employment in new, family, or small ventures as well as large, innovative firms. Students will be equipped with both specific skills and broad general knowledge of factors impacting the success of these businesses.

B.S.B.A. in Management: Graduates will be prepared in general knowledge of core functional areas of business, equipped for immediate entry-level positions in functional areas and industries of choice, and trained for the potential long-term goal of higher level management positions.

B.S.B.A. in Marketing: Graduates will be prepared to explore opportunities in advertising, sales, market research, retailing, product management, and public relations. The program focuses on marketing for products and services, occurring in for-profit as well as not-for-profit organizations.

General Electives**		8-20
Total Required Credits		128

* Pre-Business curriculum includes ECON 201 from above.

** More than 8 credits may be required, depending on placements in UCCA, language, and math.

Entrepreneurship Minor*

This program will equip students with the foundational knowledge and skills needed to start or work in new and small businesses or in large, innovative companies. The minor is suitable for students enrolled in non-business degree programs at Samford University who want to include entrepreneurial knowledge and innovative thinking in their skill set as they pursue their careers. The minor is not available to School of Business majors.

** Students must maintain a 2.00 GPA in the general business minor.

*** Prerequisites not required.

NOTE: The general business minor is not available for School of Business majors.

Marketing Minor*

This program will equip students with the foundational marketing knowledge and skills needed to explore opportunities in advertising, sales, market research, retailing, product management, and public relations. The program focuses on marketing for products and services, occurring in for-profit as well as not-for-profit organizations. It is suitable for students enrolled in non-business degree programs at Samford University, who want to include marketing knowledge in their skill set as they pursue their careers in either non-business or business settings. The minor is not available to School of Business majors. To be admitted into the marketing minor, students must have a 2.50 GPA. Once in the minor, students must maintain a 2.00 GPA.

Total Required Credits			21

* Social entrepreneurship minors must complete 6 of the 9 credits in the 300-level at Samford.

** Students must maintain a 2.00 GPA in the social entrepreneurship minor.

*** Prerequisites not required.

† Depending on the student's major, this course may also be used to satisfy a general education social science requirement.

NOTE: The social entrepreneurship minor is not available for School of Business majors.

Professional Sales Concentration

Students majoring in accounting, economics, entrepreneurship, finance, management, or marketing can add the professional sales concentration to their program, which will help prepare them for careers in many different business fields where sales skills are valued. All requirements must be met for both the major and the concentration, although some course overlap may occur.

Professional Sales Concentration Required Courses		Course Credits	Total Required Credits
Professional Sales Core			9
MARK 418	Professional Selling	3	
MARK 422	Customer Relationship Management	3	
MARK 492	Business Internship: Professional Sales	3	
Professional Sales Elective** (choose one course)			3
ENTR 304	Entrepreneurship/Small Business Concepts	3	
MARK 301	Sports Marketing	3	
MARK 402	Retailing	3	
MARK 405	Social Media Marketing	3	
MARK 414	Marketing Research	3	
MARK 415	Marketing Communication	3	
MARK 416	Consumer Behavior	3	
MARK 417	Topics in Marketing*	3	
MARK 419	Services Marketing	3	
Total Required Credits			12

* The internship and topics in marketing courses must be sales-focused and require the written approval of the sales concentration director or the entrepreneurship, management, and marketing department chair.

** Students majoring in marketing must select an elective other than MARK 414, 416, or 419, which are part of the marketing core.

Social Entrepreneurship Concentration

Students majoring in accounting, economics, entrepreneurship, finance, management, or marketing can add the social entrepreneurship concentration to their program, which will prepare them to start or find employment in either not-for-profit or for-profit firms pursuing social missions. All requirements must be met for both the major and the concentration, although some course overlap may occur.

Social Entrepreneurship Concentration Required Courses		Course Credits	Total Required Credits
Social Entrepreneurship Core			12
ENTR 384	Financial Management-Non-Profit Entities	3	
ENTR 486	Social Entrepreneurship and Not-for-Profit Management	3	
ENTR 487	Applied Social Entrepreneurship and Not-for-Profit Management*	3	
ECON 394	Development Economics <i>or</i>	3	
ENTR 485	Entrepreneurship <i>or</i>		
MNGT 310	Business and Local Poverty		
Total Required Credits			12

* ENTR 487 is a variable credit course (1-3 crds) that is repeatable up to a maximum of 3 credits.

Sports Marketing Concentration

This program equips students with the skills necessary for career opportunities in the global sports marketplace. Students majoring in accounting, economics, entrepreneurship, finance, management, or marketing can add this concentration to their program, which prepares them for opportunities in team marketing, sponsor relations/activation, ticket sales, event marketing, sports retailing, and league operations. The concentration presents a rigorous curriculum in such areas as sponsorship, international sports marketing, advertising, social media, and analytics while paying close attention to industry trends. Students will be prepared for admission into top MBA/Sports Business programs in AACSB business schools or gain employment in the sports industry.

Sports Marketing Concentration Required Courses		Course Credits	Total Required Credits
Group I (must be completed before starting Group II)			3
MARK 301	Sports Marketing	3	
Group II (must be completed before starting Group III)			6

Brock Scholars Major (B.S.B.A.)

The Brock Scholars major is an imaginative, demanding, and competitive program of study designed for University Fellows and outstanding pre-business students who desire to major in business. Brock Scholars are selected annually through a rigorous application process in the fall of the sophomore year. The program allows students the flexibility to create their own unique curriculum, coupled with international travel, student research, hands-on experience through internships, and a high degree of faculty involvement.

† See University Fellows Program for a complete list of University Fellows Core Curriculum requirements. These courses are typically completed in the freshman and sophomore years.

†† See University Core Curriculum and General Education Requirements for a list of course options for the General Education Requirements.

††† Students must achieve language proficiency through the 102 level.

* Any of these core business courses may be replaced/substituted with related coursework applicable to the student's chosen course of study upon approval from the appropriate department chair and the student's faculty committee.

§ Brock Scholars receive stipends to support their Internship and Summer Fellowship.

§§ May be offered in conjunction w/a business course or independently (+1 crd).

§§§ Offered once every two years in the fall, for all junior- and senior-level Scholars.

NOTE: Brock Scholars design their own degree program in conjunction with their faculty committee (three faculty, no more than one from outside the Brock School of Business), who will approve the entire program of study.

Brock Scholars Courses**BSBB 201 Brock Scholars Internship (3)**

Increasingly, business and nonprofit leaders design, grow, and lead enterprises that extend beyond traditional business. As the traditional lines blur between nonprofit enterprises, government, and business, it is critical that business students understand the opportunities and challenges in this new landscape. Through first-hand field experience, Brock Scholars will explore this emerging trend and its relationship to broader issues regarding virtuous and ethical business behavior. Students will partner with local for-profit and nonprofit organizations in this individualized, experiential learning program. This course includes several seminars, presentations, and counseling at Samford in conjunction with on-site learning taking place at the business organization. May be repeated for a maximum of 6 credits. Grading is pass/fail. Prereq: Admission to the Brock Scholars Program. Offered: Fall.

BSBB 301 Summer Fellowship (1)

Increasingly, business and nonprofit leaders design, grow, and lead enterprises that extend beyond traditional business. As the traditional lines blur between nonprofit enterprises, government, and business, it is critical that business students understand the opportunities and challenges in this new landscape. Through first-hand field experience, Brock Scholars will explore this emerging trend and its relationship to broader issues regarding virtuous and ethical business behavior. Students will partner with regional, national, or international for-profit and nonprofit organizations in this individualized, experiential learning program. May be repeated for a maximum of 2 credits. Prereq: Admission to the Brock Scholars Program. Offered: Summer.

BSBB 302 Oxbridge Tutorial (1)

Students will work with a single faculty member to explore a topic in a functional area of business using the Oxbridge tutorial method. Through meetings with a faculty member at which a paper will be presented orally and in writing, the student will develop critical thinking, research, and written and oral communication skills. May be repeated for a maximum of 2 credits. Prereq: Admission to the Brock Scholars Program. Offered: Fall, Spring, and Summer.

BSBB 410 Senior Research Project I (2)

Seminar designed to prepare students to write their Brock Scholars senior project proposal. The seminar provides an introduction to research proposal writing, basic research design, and the construction of a research project. By the end of the seminar each student will have a detailed proposal of his/her project, an annotated bibliography, and the first chapter of the project paper. Prereq: Admission to the Brock Scholars Program. Offered: Fall.

BSBB 420 Senior Research Project II (2)

Seminar designed to assist students with the creation of their Brock Scholars senior projects. The seminar provides an overview of research methods, including basic methods of data gathering and data analysis, and summarizing research findings. By the end of the seminar each student will have produced a completed senior research project. Prereqs: Admission to the Brock Scholars Program and BSBB 410. Offered: Spring.

BSBB 430 Brock Scholars Seminar (3)

Explores the fundamental principles and best practices for managing organizational ethics, compliance, and social responsibility in today's business environment. Topics and assignments cover both domestic and international business issues, emphasizing the challenges of making decisions in a climate of increasing demands for transparency and accountability. Through focused readings, simulated organizational scenarios, meetings with executives, and class discussions, students will develop competencies in managing employee and corporate conduct. Prereqs: Admission to the Brock Scholars Program and junior/senior status. Offered: Fall, on rotation.

Undergraduate Courses

ACCOUNTING

ACCT 211 Accounting Concepts I (3)

Introduction to the preparation and use of financial statements for business entities, focusing on the uses and limitations of accounting information for external reporting, and emphasizing accounting as a provider of financial information. Prereq/Co-req: DATA 201, MATH 150, or any college-level math course. Offered: Fall, Spring, and Summer I.

ACCT 212 Accounting Concepts II (3)

Examination of accounting as an information provider with emphasis on the use of information for managerial decision-making. Includes an introduction to cost behavior, budgeting, responsibility accounting cost control, and product costing. Prereq: ACCT 211. Offered: Fall, Spring, and Summer 2

ACCT 310 Income Tax I (3)

Study of concepts of taxation applied in a client-oriented setting with a planning emphasis. Includes income, exclusions, deductions, credits, tax research, and policy. Prereq: ACCT 212. Offered: Spring.

ACCT 311 Financial Accounting and Reporting I (3)

Study of financial accounting and reporting practices. Particular emphasis on theoretical foundations, concepts, and principles underlying financial statements with emphasis on assets and current liabilities. Prereq: ACCT 212. Offered: Fall.

ACCT 312 Financial Accounting and Reporting II (3)

Study of concepts and principles underlying financial statements with emphasis on long-term liabilities and stockholders' equity. Prereq: ACCT 311. Offered: Spring.

ACCT 313 Cost Accounting (3)

Study of the concepts, analyses, and techniques needed to effectively use accounting data for management planning and control decisions. Topics include product costing, cost-volume-profit analysis, budgeting, cost estimation, responsibility accounting, differential analysis, and cost allocation. Prereq: ACCT 212. Offered: Spring.

ACCT 410 Income Tax II (3)

Study of tax aspects of operating a corporation, partnership, estate, trust, or limited-liability entity. Client service-oriented course that includes review of exempt organizations, international organizations, international and multi-state topics, and development of tax planning and communication skills. Prereq: ACCT 310. Offered: Fall.

ACCT 415 Governmental and Not-for-Profit Accounting (3)

Introduction to governmental and non-profit accounting and auditing, including accounting methods used at hospitals, universities, and other not-for-profit entities. Prereq: ACCT 212. Offered: Spring.

ACCT 420 Auditing I (3)

Introduction to the independent-auditing process. Includes review of accepted and commonly used auditing standards and procedures, with emphasis on the professional, ethical, and legal obligations of auditors. Prereq: ACCT 312. Prereq/Co-req: ACCT 470. Offered: Fall.

ACCT 470 Accounting Information Systems (3)

Study of how accounting information is recorded, summarized, and reported in both manual and computerized systems. Emphasis on internal control features necessary to produce accurate and reliable accounting data. Includes description of methods used to develop accounting systems and auditor involvement in the process. Prereqs: ACCT 212 and DATA 301. Offered: Fall.

ACCT 496 Accounting Internship (2-3)

Academic credit may be awarded for students who complete accounting internships with local firms or businesses. Students should see the director of the accounting program for eligibility parameters. Grading is pass/fail. Prereq: Permission from the department chair of accounting and management information systems.

BUSINESS ADMINISTRATION

BUSA 100 World of Business (3)

Examination of current issues that businesses face as they operate in a global environment. Includes simulation, readings, business plan development, and teamwork to provide an understanding of major business functions and how they interrelate in actual practice. Designed for first-year students considering a business major. Offered: Fall, Spring, and Summer.

BUSA 200 Business Communications (3)

Study of communication concepts, techniques, and applications from a business perspective. Class focuses on business writing and presentation skills. Co-req: ACCT 211 or ACCT 212. Offered: Fall and Spring.

BUSA 252 Legal Environment of Business (3)

Study of the fundamental areas of law that impact business and the government's role in the development of those laws. Through cases and lectures, the interrelationship of these two dominant institutions of our society are analyzed. Specific areas addressed include the regulation of employment, the law of contracts, torts, administrative agencies, international law, and Article 2 (sales) of the Uniform Commercial Code. Prereq: Sophomore standing or higher. Offered: Fall and Spring.

BUSA 308 Web Design for Business Use (3)

Study of activities involved in starting a company that would be based on the World Wide Web. Activities include: 1) assessment of potential business opportunities, 2) development of preliminary business plan, 3) design of technology process, and 4) hands-on implementation of technology procedures. Students design and develop websites utilizing software applications. Class time includes both classroom and computer lab settings. Offered: Jan Term.

BUSA 322 Personal Finance (3)

Managing personal finances has become increasingly complex. Financial institutions are subject to fewer regulations and are offering consumers more options. Homebuyers face an array of alternative mortgages. Car buyers can lease or purchase. Corporations are altering retirement plans. How much and what type of insurance coverage is becoming increasingly complex. Students today are interested in the practical application of concepts and techniques for managing their personal finances. This course addresses the needs of students in making informed decisions that will affect their financial future. Offered: Jan Term and Summer 1.

BUSA 391 Financial Implications of International Business (3)

Purpose of course is two-fold: 1) In the area of subject matter knowledge, course is designed to supplement and broaden students' knowledge of international financial management practices, both through their own readings and research, and through direct contacts with key financial managers in the United Kingdom. 2) In the area of global awareness, students will acquire a greater understanding of the impact of cultural, political, and regulatory similarities and differences that affect the business environment of firms operating in the United States compared to those operating in Europe generally, and in the United Kingdom in particular. Offered: Jan Term, in London.

BUSA 399 London Study Topics (4)

Special courses designed for and offered at the Daniel House London Study Centre. Topics vary. Offered: Jan Term.

BUSA 454 Business Law (3)

Study of business and law that began in Legal Environment of Business (BUSA 252). Specific areas addressed are agency, partnerships, corporations, real and personal property, bailments, leases, secured transactions, commercial paper, trusts, and descendant's estates. This course is required for the accounting major, the CPA exam, and is a prerequisite for the M.Acc. program. Prereq: BUSA 252. Offered: Fall and Spring.

BUSA 471 Professional Development Seminar (1)

Series of activities and events scheduled throughout the academic year that focuses on building career skills. The seminar's objective is to engage students in a variety of co-curricular events that will enhance professional development. After gaining admission to the Brock School of Business their junior year, students must attend a total of 10 events approved by the Dean's Office to earn one credit hour prior to graduation. Grading is pass/fail. Prereq: Admission to the Brock School of Business and senior status. Offered: Fall and Spring.

BUSA 479 Business Independent Study (3)

Individualized academic work for qualified students under faculty direction. Opportunity to study a specialized topic not covered in regularly scheduled courses. Prereqs: Samford GPA of at least 2.25 and permission from the Office of the Dean, School of Business.

BUSA 495 London Business Internship (2)

Individualized, experiential learning program structured through a variety of business organizations. Study is oriented toward cultural exploration, as well as application of business principles to the workplace environment. Grading is pass/fail. Prereq: Permission from Office of Internship, School of Business.

BUSA 496 Business Management Internship I (1-3)

Individualized, experiential learning program structured through a variety of business organizations. Every attempt is made to match the student's objectives with the internship experience. Study is project-oriented, merging theory learned in the classroom with the workplace environment. Exposes the student to the world of business and the career-planning process. Grading is pass/fail. Prereq: Permission from the Office of Internship, School of Business. Offered: Every term.

BUSA 497 Business Management Internship II (2-3)

Individualized, experiential learning program structured through a variety of business organizations. Every attempt is made to match the student's objectives with the internship experience. Study is project-oriented, merging theory learned in the classroom with the workplace environment. Exposes the student to the world of business and the career-planning process. Grading is pass/fail. Prereq: Permission from the Office of Internship, School of Business. Offered: Every term.

BUSA 498 and 499 Business Research Project I and II (3 each course)

Experiential study activity for small groups of selected students. Groups, under the supervision of a faculty member, are placed in a professional work environment in a business enterprise for the purpose of accomplishing a specially designed project. Prereq: Permission from Office of the Dean, School of Business.

DATA ANALYTICS**DATA 200 Introduction to Spreadsheet Applications (1)**

This course introduces students to the study of data analytics through a focus on analyzing business problems, questions, and decision making using spreadsheets. This course includes an emphasis on thinking analytically about problem solving and solving problems commonly occurring in business settings using spreadsheets. Co-req: DATA 201. Offered: Fall and Spring. (Formerly BUSA 260)

DATA 201 Introduction to Data Analytics (3)

This course provides students with the fundamental concepts and tools needed to understand the role of statistics and data analytics in business organizations. By developing and embracing an analytical mindset, students will gain a foundational understanding of probability and statistics for data analysis used in business decision making. Evaluating these alternatives and gaining insight from past performance is the essence of data analytics. This course is designed as an introduction to data analytics, an area of business administration that considers the extensive use of data, methods, and fact-based management to support and improve decision making. Co-req: DATA 200. Offered: Fall and Spring. (Formerly BUSA 231)

DATA 301 Intermediate Data Analytics (3)

This intermediate level course builds on both DATA 200 (Introduction to Spreadsheet Applications) and DATA 201 (Introduction to Data Analytics) through a focus on data management using diverse software applications, data analysis using Excel to test hypotheses in order to answer business questions, and communicating insights gained through the analysis. Prereqs: DATA 200 and DATA 201. Offered: Fall and Spring. (Formerly BUSA 360)

DATA 401 Advanced Data Analytics (3)

Students in this course will continue their exposure to data analytics by studying advanced statistical techniques and methods, managing and manipulating large data sets in order to produce actionable information, and communicating this information to interested parties. Prereq: DATA 301. Offered: Fall and Spring. (Formerly BUSA 332)

ECONOMICS**ECON 201 Principles of Macroeconomics (4)**

Study of macroeconomics, providing a theoretical framework from which aggregate economic events such as inflation, unemployment, and economic growth are explained. The framework is used for analysis of current and potential problems of society. This course provides an organizing structure for understanding how the world economy works, providing the student with some ability to predict future economic events. Offered: Fall, Spring, and Summer 1.

ECON 202 Principles of Microeconomics (3)

Study of microeconomics, providing a theoretical framework from which the operations of and interrelationships between individual markets are explained. The market system allows for effective coordination of economic decisions of consumers and business firms. This course provides the organizing structure for understanding the operations of the business firm and the markets that it serves. Prereq: MATH 110, 150, 240, or 260. Offered: Fall, Spring, and Summer 2.

ECON 301 Intermediate Macroeconomics (3)

Examination of forces that determine growth, income, and employment in economic systems, with special reference to the United States and other industrialized countries. Understand the causes of unemployment and inflation and the role of government in maintaining stable prices and sustained growth. Prereq: ECON 201. Offered: Spring

ECON 302 Intermediate Microeconomics (3)

Focus on the optimizing behavior of individuals and firms as they interact in markets. Topics will include the consumer theory, the theory of the firm, risk and uncertainty, models of perfect and imperfect competition, asymmetric information, as well as advanced modeling of externalities and public goods. Prereq: ECON 202. Offered: Fall.

ECON 394 Development Economics (3)

Cross-disciplinary introduction to the scope, causes, and consequences of poverty. Examination of the various measures of poverty as well as basic economic theory, explaining differences in income, wealth, and economic growth among regions. Emphasis on understanding poverty issues from a Biblical perspective. Course relies heavily on site visits to observe a wide variety of anti-poverty projects, including faith-based organizations and international nonprofit agencies. International travel required. Cross-listed as POLS 394. Offered: Jan Term.

ECON 401 Money and Banking (3)

Examination of determinants of the money supply; overview of the nation's financial system and the activities of non-banking institutions; in-depth discussion of commercial banking; and study of the structure and functions of the Federal Reserve System. Includes monetary theory and the mechanisms connecting the money supply with economic activities, as well as the weaknesses of monetary policy. Discussions cover the relations and effects of the world's banking systems, including the International Monetary Fund. Prereq: ECON 201. Offered: On rotation.

ECON 410 Game Theory (4)

Elementary examination of the theory of games and strategic behavior with an emphasis on applications. Topics discussed include strategic-form games, extensive-form games, and games of asymmetric and incomplete information. Various equilibrium concepts also discussed. The course will apply game theoretic concepts to strategic behavior in the social sciences, particularly economics and political science, with applications ranging from cartel behavior to international diplomacy. Cross-listed as POLS 410. Prereq: ECON 201. Offered: On rotation.

ECON 415 Philosophy, Politics, and Economics (3)

This course considers issues like property, liberty, collective action, and justice by bringing the ideas of philosophers, political theorists, and economists into conversation with one another. The course emphasizes analysis and evaluation of classic and contemporary texts through class discussion and written work. Prereq: ECON 201. Offered: Jan Term.

ECON 420 International Economics (3)

Analysis of the theoretical principles underlying international trade, investment, and the international monetary system. Includes effects on domestic and foreign economics of commercial, monetary, and fiscal policies. Prereq: ECON 201. Offered: On rotation.

ECON 425 Econometrics (3)

Introduces students to regression methods for analyzing data in economics and related areas. Emphasizes both the theoretical and practical aspects of statistical analysis and focuses on techniques for estimating econometric models of various kinds and interpreting the estimates from such models. The objective is for the student to learn how to conduct—and how to critique—empirical studies in economics and related fields. Prereq: DATA 401. Offered: On rotation.

ECON 426 Topics in Economics (3)

Study of topics in economics of current interest. The course provides the opportunity to obtain additional depth of knowledge in areas such as public economics, political economy, and international monetary economics. Topics subject to change; see class schedule for course title. Prereq: ECON 201. Offered: Fall and Spring, on rotation.

ECON 430 Law and Economics (3)

Introduction to the use of microeconomic concepts as a means to understand law and the American legal system. Emphasis on the economic analysis of the common law—that is, property, contract, tort, and criminal law. Prereq: ECON 201 or ECON 202. Offered: Fall, on rotation.

ECON 435 Public Finance and Public Policy (3)

Study of theoretical and empirical public finance and policy analysis, with special attention to the economic evaluation of current policy questions. Analysis of government involvement in markets, including but not limited to: political economy, major government welfare and redistributive programs, education policy, health policy, environmental policy, tax policy, and the division of powers among federal, state, and local governments. Prereqs: ECON 201 and ECON 202. Offered: Spring.

ECON 493 Business Internship: Economics (3)

Individualized, experiential learning program structured through a variety of business organizations. This course is project-oriented, merging theory learned in the classroom with the workplace environment. Includes several seminars, presentations, and counseling at Samford in conjunction with on-site learning taking place at the business organization. Exposes students to the world of economics and the career planning process. Grading is pass/fail. Prereq: ECON 201 and ECON 202; permission from Office of Internship, School of Business, and economics faculty. Offered: Fall, Spring, and Summer.

ENTREPRENEURSHIP**ENTR 304 Entrepreneurship and Small Business Concepts (3)**

Study of critical concepts in new ventures and small businesses. Key topics will include management, marketing, and financial issues related to successfully starting a new business or operating a small business. Serves as the foundation course for the entrepreneurship major. Prereqs: Completion of pre-business curriculum. Offered: Spring.

ENTR 384 Financial Management of Non-Profit Entities (3)

Introduction to the financial statement model for non-profit entities with an emphasis on how the information in non-profit financial statements should be used to manage non-profit enterprises. Topical coverage includes planning and budgeting, analyzing results, techniques for financial decision making, and using financial information in motivating and rewarding performance. Prereq: ACCT 212. Offered: Fall, on rotation.

ENTR 401 Discovering New Business and Product Ideas (3)

The primary goal of this course is to help students generate potential ideas for a new product or business. Through a combination of readings, brainstorming sessions, presentations, and on-line discussions, we will learn how to search for and identify entrepreneurial opportunities. Learning objectives of this course include generating several ideas for potential products or businesses based on important trends and each student's interests as well as developing each student's entrepreneurial mindset. The course can count as an elective for the entrepreneurship, management, or marketing major. Prereq: BUSA 100. Offered: Summer, on rotation.

ENTR 407 Topics in Entrepreneurship (3)

Study of specific entrepreneurship topics of current interest, providing additional depth of knowledge in such areas as family business, innovation, new venture creation, venture capital, corporate entrepreneurship, and social entrepreneurship. May be repeated for a maximum of 6 credits. Prereq: BUSA 100. Offered: On rotation.

ENTR 408 Family Business (3)

Study of the unique advantages and challenges of family business management. Examines critical issues such as corporate governance and management succession faced by managers in these firms. Prereq: ENTR 304. Offered: Fall, on rotation.

ENTR 409 Management of Innovation (3)

Examination of the role of innovativeness in managerial processes, product design, and process design. The shrinking global environment is forcing a shift in emphasis from management of stability and control to leadership directed toward speed of product or service delivery, empowerment, flexibility, and continuous improvement. Any existing organization, whether a business, a church, a labor union, or a hospital is faced with the task of promoting and managing organizational innovation. Prereq: MNGT 303. Offered: On rotation.

ENTR 410 Entrepreneurial Finance (3)

Emphasis on the fundamental issues of financing a small business. Topics include debt versus equity financing, venture and angel capital, business valuation, cash flow, and pro-forma financial statement development. Prereq: FINC 321. Offered: Spring.

ENTR 485 Entrepreneurship (3)

Examination of new attitudes, knowledge, and skills about entrepreneurs and their activities. Critical course objective is the development of an entrepreneurial perspective, helping students to understand and evaluate diverse entrepreneurial situations while providing practice responding to those situations. Secondary course objective includes preparation of a first-cut business plan for a new business, such as one the student or a family member or friend hopes to launch. Prereq: ACCT 212. Offered: Fall.

ENTR 486 Social Entrepreneurship and Not-for-Profit Management (3)

Examination of management topics unique to the particular objectives of non-profit firms, including mission setting, governance, assessment, and fundraising. Using case studies and practitioner writings, the course develops an applied framework for analyzing key strategic issues for the nonprofit firm. Students integrate course content by developing a strategic plan for a new or existing non-profit. Prereqs: FINC 321, MARK 311, and MNGT 303. Offered: Spring.

ENTR 487 Applied Social Entrepreneurship and Non-Profit Management (1-3)

Students partner with local for-profit and non-profit organizations to develop new or to improve existing community outreach initiatives. Alternatively, students may design their own programs that target specific community needs. Grading is pass/fail. May be repeated for a maximum of 3 credits. Offered: Fall and Spring.

ENTR 488 Small Business Consulting (3)

Project-based course in which students apply skills and concepts acquired in the core entrepreneurship courses to real-world small business issues. The course employs lectures, guest speakers, and class discussions involving an in-depth consulting project with a small business. Prereq: ENTR 485. Offered: Spring.

ENTR 494 Business Internship: Entrepreneurship (3)

Individualized, experiential learning program structured through a variety of business organizations. This course is project-oriented, merging theory learned in the classroom with the workplace environment. Includes seminars, presentations, and career counseling in conjunction with on-site learning at the business organization. Exposes students to the world of entrepreneurship and the career planning process. Grading is pass/fail. Prereq: ENTR 304; permission from Office of Internship, School of Business, and entrepreneurship faculty. Offered: Fall, Spring, and Summer.

FINANCE**FINC 321 Financial Management (3)**

Examination of the theory and practice of financial management, with an emphasis on corporate applications. Topics include: financial environment, time value of money, risk-return relationships, multinational financial management, features and valuation of corporate securities, cost of capital, and capital budgeting. Prereqs: ACCT 212, BUSA 100, DATA 201, and ECON 201. Offered: Fall, Spring, and Summer.

FINC 422 Financial Statement Analysis (3)

Emphasis on the fundamental techniques of financial statement analysis. Building upon a review of accounting and investment concepts, course covers the analysis and interpretation of financial accounting information including the balance sheet, income statement, and statement of cash flows. Examination of accounting information used in investment and credit decisions, including valuation and debt ratings. Prereqs: ACCT 211, ACCT 212, and FINC 321. Offered: On rotation.

FINC 423 History of Capitalism (3)

Examination of the cultural, moral, and political effects of capitalism from Biblical times to present day. Readings from economists, philosophers, and historians, across the ideological spectrum, will be discussed. The second portion details three infrastructure elements of capitalism: an effective capital market, a stable economy and currency, and the ability to manage risk effectively. Prereq: FINC 321. Offered: Fall.

FINC 424 Investments (3)

Review of techniques, vehicles, and strategies for implementing investment goals in a portfolio context and in light of risk-return trade-off. Emphasis on gaining a fundamental understanding of the various capital markets as well as investment vehicles, such as stocks, bonds, options, and futures. Designed for students interested in careers in financial advising and investment management. Prereq: FINC 321. Offered: Fall and Spring.

FINC 426 Topics in Finance (3)

Study of specific finance topics of current interest, providing additional depth of knowledge in areas such as financial statement analysis and international financial issues. Topics subject to change; see class schedule for course title. Prereq: FINC 321. Offered: On rotation.

FINC 427 Financial Risk Management (3)

Introduction to financial risk management. Addresses use of derivative contracts including options, futures, and swaps to manage price risk in equities, commodities, and fixed income instruments. Focus on valuation techniques with application to corporate finance and investment management. Prereq: FINC 321. Offered: Spring.

FINC 428 Financial Institutions (3)

Study of the various types of financial institutions—banks, insurance companies, brokerage firms, and mutual funds—and the regulatory and competitive environment in which they exist. Specific areas addressed include: the role of government in financial markets, the changing competitive boundaries of financial services firms, the markets for various financial instruments, and the measurement and management of risk among financial institutions. Prereq: FINC 321. Offered: Fall.

FINC 429 Intermediate Financial Management (3)

Case-based course in which students apply skills and concepts acquired in the core finance course (Financial Management) to actual business situations. Prereq: FINC 321. Offered: Spring.

FINC 444 Security Analysis (3)

This course is intended to acquaint students with the techniques, vehicles, and strategies for implementing investment goals in a portfolio context and in light of risk-return trade-offs. Emphasis is placed upon gaining a fundamental understanding of the various capital markets as well as investment vehicles such as stocks, bonds, options, and futures. Prereq: FINC 321. Offered: Fall and Spring.

FINC 450 Bulldog Investment Fund (1-3)

Vehicle for participating in The Bulldog Fund, a student-managed investment portfolio. Students analyze existing positions, research new investment ideas, present their proposals, and report results to Samford's Investment Committee. Variable credit. May be repeated once for a maximum of 6 credits. Prereqs: FINC 321. Offered: Fall and Spring.

FINC 460 Treasury Management (3)

This course covers the principals and practices used by corporate finance and treasury professionals to optimize cash resources, maintain liquidity, ensure access to short-term and long-term financing, judge capital investment decisions, and control exposure to financial risk. Prereq: FINC 321. Offered: Jan Term.

FINC 492 Business Internship: Finance (3)

Individualized, experiential learning program structured through a variety of business organizations. This course is project-oriented, merging theory learned in the classroom with the workplace environment. Includes seminars, presentations, and career counseling in conjunction with on-site learning at the business organization. Exposes students to the world of finance and the career planning process. Grading is pass/fail. Prereq: FINC 321; permission from Office of Internship, School of Business, and finance faculty. Offered: Fall, Spring, and Summer.

MANAGEMENT

MNGT 301 International Management (3)

Study of current issues facing international businesses, incorporating an understanding of the economic, cultural, and legal structural differences among countries and regions. Includes discussion of the economic and political implications of international trade, foreign investment, and ethical issues faced by companies operating globally. Prereq: ECON 201. Offered: Jan Term and Summer.

MNGT 303 Principles of Management (3)

Study of the individual-, group-, and organizational-level phenomena and processes that affect the functioning and outcomes of organizations in which we live and work. Key topics include diversity, perception and attribution, motivation, decision-making, teams and groups, leadership, communication, culture power and negotiation, organizational structure and design, and international dimensions of organizational behavior. Prereqs: Completion of pre-business curriculum. Offered: Fall, Spring, and Summer.

MNGT 305 History of Management Thought (3)

Examination of the historical foundations of management thought, including the individuals who shaped the early development and study of management as a movement, vocation, and field of study. Connects early management thought and thinkers to current day management practices. Offered: Jan Term.

MNGT 310 Business and Local Poverty (3)

Explores the tenets of poverty against the backdrop of experiential learning in Birmingham venues. The course examines the basic myths, beliefs, and facts regarding poverty in a modernistic worldview. Includes discussion through the lens of Christian perspective and social entrepreneurial understanding. Offered: Jan Term.

MNGT 342 Operations Management (3)

Examination of the central core of operations activities in manufacturing, utilities, and consumer service organizations. Focus on topics such as product and process development, capacity planning, inventory control, production scheduling, and quality. Emphasis on integration of strategic long-term and analytical short-term decisions and integration of operation functions within a firm. Includes use of quantitative models, spreadsheet models, and computers to provide framework and support for the development of management decisions. Prereqs: ACCT 212, DATA 201, and ECON 201. Offered: Fall and Spring.

MNGT 400 Managerial Values (3)

Study of ethical perspectives and values in management decision-making. Through cases, readings, and field experiences, students explore the nature of ethical dilemmas faced by managers in making decisions and in exercising their responsibilities to society, their respective stakeholders, and themselves. Emphasis on students becoming aware of their own value systems, taking accountability for their own professional development, and recognizing their personal and professional responsibilities as managers. Prereq: MNGT 303 and senior status. Offered: Fall and Spring.

MNGT 401 Organizational Behavior Concepts (3)

Expansion of MNGT 303 (Principles of Management) by focusing on concepts behind individual, group, and organizational action. Emphasis on issues related to key phenomena such as perception and attribution, motivation, communication, and organizational culture. Prereq: MNGT 303 or PSYC 304. Offered: On rotation.

MNGT 404 Human Resource Management (3)

Examination of the contributions made by human resource management (HRM) to organizational effectiveness. Focus on the history, current developments, and future trends in HRM while analyzing how HRM policies and practices can create a competitive advantage. Prereq: MNGT 303. Offered: Fall and Spring.

MNGT 405 Leadership (3)

Examination of leadership and the influencing of others to accomplish something the leader deems important. Leadership theories, applications, and examples are reviewed, but the primary purpose is to experience leadership. As a present or future leader, much of one's effectiveness is measured by the ability to speak and write with clarity and conviction. A true leader learns to communicate well. This course allows the opportunity to practice communicating by leading a portion of a class session and making significant contributions. Prereq: MNGT 303. Offered: Fall and Spring.

MNGT 406 Topics in Management (3)

Study of specific management topics of current interest, providing additional depth of knowledge in such areas as human resource management, operations management, and strategic management. May be repeated for a maximum of 6 credits. Prereq: MNGT 303. Offered: On rotation.

MNGT 444 Total Quality Management (TQM) (3)

Study of the pervading philosophy of Total Quality Management (TQM) and its implications for global competition on one scale and for organizational effectiveness on another. Basic tenets of TQM are addressed. General approaches of the quality gurus provide a framework for evaluating the industry-specific designs that are emerging. Includes exploration of the impact on organizational structure and behavior, and the study of specific TQM-related methodologies for continuous improvement and process reengineering. Prereq: MNGT 342. Offered: On rotation.

MNGT 481 Business Strategy (3)

Capstone course for business majors, integrating knowledge acquired from earlier courses and experiential learning. Uses case studies to discuss issues facing top management and to propose action plans. Focus on global, strategic decision-making for large, medium, and small businesses in a variety of industries, with emphasis on the development of analytical, written, and oral communications skills. Must be taken in the last semester, unless otherwise specified. Prereqs: FINC 321, MNGT 303, MNGT 342, and MARK 311, as well as completion of all 300-level business or accounting courses, and senior status. Offered: Fall and Spring.

MNGT 482 Business Simulation (1)

Laboratory course utilizing an enterprise simulation. Teams play the role of managers and engage in an experience that integrates all of the functional areas of business. Special emphasis given to application of the strategic management process. Prereq: Enrollment in MNGT 481. Offered: Fall and Spring.

MARKETING

MARK 301 Sports Marketing (3)

Introduction to sports marketing and management with emphasis on activities designed to meet the needs and wants of sports consumers through exchange processes. The course examines sports marketing theory and practice. Prereq: Marketing major or permission of instructor. No prereq. Offered: Fall and Summer.

MARK 311 Marketing Management (3)

Study of business activities planned and implemented to facilitate the exchange of goods and services in a contemporary marketing environment. Examines the product, price, promotion, and channel decisions faced by domestic and international business firms. Prereqs: ACCT 212, BUSA 100, DATA 201, and ECON 201. Offered: Fall, Spring, and Summer.

MARK 402 Retailing (3)

Study of the field of retailing presenting the requirements for successful retail store management, careers in retailing, structures of the retail organization, retail personnel management, buying and pricing of merchandise, customer services, and retail store control. Prereq: MARK 311. Offered: Fall, on rotation.

MARK 405 Social Media Marketing (3)

On-line commerce, social media, and mobile technologies all have had profound impacts on business. This course examines how entrepreneurs or marketing professionals can employ these tools to launch or grow their businesses. Important topics will include concepts and theories related to e-commerce, search engine optimization, and growing a brand through social media. Prereq: MARK 311. Offered: Summer, on rotation.

MARK 414 Marketing Research (3)

Practical, hands-on approach to marketing research. Emphasis on gaining a fundamental understanding of both qualitative and quantitative research, including the application of different research techniques and methods of analysis. Students apply knowledge gained through various exercises, cases, and group-based research projects. Prereq: MARK 311. Offered: Fall.

MARK 415 Marketing Communications (3)

Overview of principles, practices, context, and structure of persuasive marketing communications. Special emphasis on ethics, and on global, social, environmental, technological, and diversity issues. Extensive written and oral communication is expected of students. Prereq: MARK 311. Offered: Fall.

MARK 416 Consumer Behavior (3)

Examination of concepts, principles, and theories from social sciences to the study of the factors that influence the acquisition, consumption, and disposition of products, services, and ideas. Knowledge of consumer behavior principles is important for a variety of reasons: 1) to develop products that fulfill the needs and wants of consumers, 2) to make good decisions by understanding how consumers are likely to respond to the actions of the firm, and 3) to understand our own buying patterns as consumers. Prereq: MARK 311. Offered: Spring.

MARK 417 Topics in Marketing (3)

Study of specific marketing topics of current interest, providing additional depth of knowledge in such areas as consumer behavior, marketing communication, marketing research, services marketing, retail management, sports marketing, and sales force management. Prereq: MARK 311. Offered: On rotation.

MARK 418 Professional Selling (3)

Examination of one of the most important aspects of an organization's marketing effort: the professional selling process. Students will learn how to be a successful salesperson. Time will be spent on understanding and demonstrating the professional selling process as well as communication skills essential for success today. Ethical issues in today's business and cultural environment and an understanding of the steps to begin a sales career will also be discussed. Prereq: MARK 311. Offered: Fall.

MARK 419 Services Marketing (3)

In-depth exploration of services marketing. Highlights distinctions and identifies unique problems in marketing intangible products and services, and explores strategies and other measures designed to increase effectiveness. Services marketing poses special challenges for managers due to the differences between goods and services, and service organizations require a distinct approach to marketing strategy. Prereq: MARK 311. Offered: Fall.

MARK 420 Sales Leadership (3)

Examines sales leadership from both an institutional and a motivational perspective. Course goal is to examine the elements of operating an effective sales force as the key component to organizational success. Course will focus on ways to achieve organizational goals and have a positive influence on shareholder return. Objectives include relationship management as a key account control, sales force structure, the use of technology to improve sales force effectiveness, and soft skills such as recruiting, developing, retaining, organizing, and motivating talent. Prereq: MARK 311. Offered: Spring.

MARK 421 International Marketing (3)

Global approach to the study of current marketing management issues faced by both goods and service-producing industries. Focus on understanding the myriad of economic, social, and cultural differences among countries today. Course addresses the economic and political implications of international trade, foreign investment, and ethical issues faced by companies operating globally. Prereq: MARK 311. Offered: On rotation.

MARK 422 Customer Relationship Management (3)

Examination and application of strategies for developing, managing, and strengthening customer relationships. From lead generation to mature relationships, students learn techniques for building customer relationships and enhancing loyalty. The course provides students hands-on experience with a number of tools and technologies that are used in professional sales, including cloud-based CRM solutions. Prereq: MARK 311. Offered: Spring.

MARK 431 Advanced Theory and Practice in Sports Marketing (3)

In-depth study of advanced marketing issues pertaining to sports products and services. Includes the affinity transfer model, the antecedents and consequences of fan identification, development of long-term customer relationships, sports retailing, sports cape management, social media in sports, effective sponsor-linked marketing, and financial analysis. The course integrates relationship marketing, statistics, and informational technology. Learning tools include case study, role playing, and interaction with executives in professional sports. Prereqs: MARK 301 and MARK 311, and admission into the sports marketing concentration. Offered: Spring.

MARK 491 Business Internship: Marketing (3)

Individualized, experiential learning program structured through a variety of business organizations. This course is project-oriented, merging theory learned in the classroom with the workplace environment. Includes seminars, presentations, and career counseling in conjunction with on-site learning at the business organization. Exposes students to the world of marketing and the career planning process. Grading is pass/fail. Prereq: MARK 311; permission from Office of Internship, School of Business, and marketing faculty. Offered: Fall, Spring, and Summer.

MARK 492 Business Internship: Professional Sales (3)

Individualized, experiential learning program structured through a variety of business organizations. This course is project-oriented, merging theory learned in the classroom with the workplace environment. Includes seminars, presentations, and career counseling in conjunction with on-site learning at the business organization. Exposes students to the world of professional sales and the career planning process. Grading is pass/fail. Prereq: MARK 418; permission from the director of professional success in the Brock School of Business, and professional sales faculty. Offered: Every semester.

MARK 493 Business Internship: Sports Marketing (3)

Individualized, experiential learning program structured through a variety of business organizations. This course is project-oriented, merging theory learned in the classroom with the workplace environment. Includes seminars, presentations, and career counseling in conjunction with on-site learning at the business organization. Exposes students to the world of sports marketing and the career planning process. Grading is pass/fail. Prereq: MARK 301 and MARK 311; permission from the director of professional success in the Brock School of Business, and sports marketing faculty. Offered: Every semester.

Master of Business Administration (M.B.A.) with a Concentration in

Entrepreneurship and Innovation

Finance

Marketing

Joint-Degrees

Master of Accountancy/Juris Doctor (M.Acc./J.D.)

Master of Business Administration/Juris Doctor (M.B.A./J.D.)

Master of Business Administration/Master of Accountancy (M.B.A./M.Acc.)

Master of Business Administration/Master of Divinity (M.B.A./M.Div.)

Master of Business Administration/Master of Science in

Environmental Management (M.B.A./M.S.E.M.)

Coordinated Degree

Master of Business Administration/Doctor of Pharmacy (M.B.A./Pharm.D.)

Minor

Graduate Business

Admissions

Academic ability is evaluated on the basis of undergraduate and graduate academic records, scores on the Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE), recommendations, and academic recognition. Applicants must have a bachelor's degree from a regionally accredited institution prior to enrolling in the program.

The candidate will be considered for admission to the Brock School of Business graduate program(s) upon submission of the following required materials:

1. Completion of online application and online payment of application fee.
2. Receipt of official transcript(s) showing a completed undergraduate degree.
3. Receipt of official GMAT or GRE score from testing agency.
4. Résumé.

For international application requirements and checklist, please visit <http://www.samford.edu/business/>.

Admission decisions are made on a rolling basis. Applicants are informed of the application decision by email. Once a student is admitted to the program, he/she has an individual advising session and orientation with a graduate program advisor.

Visit <http://www.samford.edu/business/> for the online application link.

Transfer Credit

Graduate students are permitted to transfer a maximum of 9 graduate credits for the MBA and up to 6 credits for the M.Acc. from an accredited college or university. The student must have earned a B (3.00) or better in the course in order for credits to be eligible. Credits earned 10 years from date of application are ineligible for transfer. Transfer credits will be evaluated for applicability to the graduate program.

Exemptions

M.B.A. Course Exemptions: Exemption from ACCT 511, ECON 512, and FINC 514 may be awarded if a student has taken an equivalent accounting, economics, statistics, or finance course at a regionally accredited institution and earned a C- or better.

M.Acc. Course Exemptions: Exemptions from ACCT 510, ACCT 515, and ACCT 540 may be awarded if the student took an equivalent undergraduate course at an AACSB institution. Grades earned must be a B or better. Exempted courses do not count towards the 24 required graduate accounting credits.

Transient Credit

A graduate student may take up to 6 graduate credits at another AACSB accredited institution as a transient student. Professional accountancy majors may take up to 3 graduate credits as a transient student. These credits count toward the maximum of 9 or 6 allowed transfer credits. A student must be in good academic standing with a 3.00 GPA or higher. A student must earn a B (3.00) or better in the course to be eligible for transfer. The transient grades are not included in the Samford GPA.

Progression Policies

Students must maintain a cumulative 3.00 GPA or higher throughout their tenure in the program. If a student's cumulative GPA falls below a 3.00 GPA, then the student will be placed on academic probation. The student must improve his/her GPA in the next semester. If the student fails to raise his/her GPA in the next semester, the student will be terminated from the program.

The status of good standing is required for transient work, adding a concentration, and graduation.

The minimum grade in a graduate class is a C-. If a student earns a D, he/she must repeat the course in the next term offering.

If a student earns an F in any M.B.A. or M.Acc. course (except ACCT 511, ECON 512, and FINC 514), then the student will be terminated from the program.

Coordinated Degree Program

Brock School of Business M.B.A. students may also apply for the doctor of pharmacy degree offered by Samford University. M.B.A. students must apply and meet the admission criteria of the coordinated program. In addition, students must adhere to the academic policies and standards of the coordinated program. Selected coordinated program courses can count towards the M.B.A. electives. For more information regarding the coordinated programs, please contact the assistant director of academic programs in the Brock School of Business.

Master of Accountancy

The M.Acc. degree requires a minimum of 30 credits of approved graduate coursework, including at least 24 graduate accounting credits and six graduate business credits. At least 18 graduate accounting credits must be earned at Samford University. Students must have a cumulative Samford graduate GPA of 3.00 or better in order to graduate.

Upon completion of the program, students will meet the State of Alabama's education requirements to sit for the Certified Public Accountant (CPA) exam. The following undergraduate courses, or their equivalents, must be completed prior to beginning graduate work: ACCT 211, 212, 310, 311, 312, 313, 420, 470; and BUSA 252 and BUSA 454. Additionally, students may be required to take up to 19 credits of non-accounting business courses before beginning the M.Acc. program. See the Pre-MAcc portion of our website and the undergraduate business course listings for more information.

Master of Accountancy Required Courses	Course Credits	Total Required Credits
Accounting:		24
Accounting Core		6-15

MBA Elective(s)	3-6	
Total Required Credits		30

* Course may be waived with appropriate undergraduate credit. Waived courses do not count towards the required 24 graduate accounting credits nor the 30 credits required overall. If waived, an additional 500-level ACCT course, with a grade of C- or better, must be completed to reach 24 graduate accounting hours.

** Must meet prerequisites of courses selected.

Master of Business Administration

The curriculum requirement for the M.B.A. ranges from 36-45 credits, depending on previous academic experiences. Students who have a 3.00 or better GPA in the M.B.A. program may add an optional concentration in either entrepreneurship and innovation, finance, or marketing by taking one additional course beyond the two required for an M.B.A. A concentration is not required for graduation, but it provides the opportunity to study interdisciplinary business issues in greater depth and increase the marketability of a graduate. Students must have a cumulative Samford graduate GPA of 3.00 or better in order to graduate.

† Topics in Marketing may be taken twice if the topics differ and if approved by the director of academic programs.

Graduate Business Minor

This program will equip students with the foundational business knowledge and skills necessary to enhance or expand their future career plans. The minor is suitable for students enrolled in non-business graduate degree programs at Samford University who want to include business knowledge in their skill set as they pursue their careers in either non-business or business settings. The minor is not available to School of Business graduate students.

Graduate Business Minor Required Courses	Course Credits	Total Required Credits
Graduate Business Core		12
ACCT 511 Financial Accounting for Managers	3	
BUSA 505 Managerial Communications & Analysis	3	
ECON 512 Foundations of Economics and Statistics	3	
FINC 514 Corporate Finance	3

MNGT 535 Human Resources & Organization Mgt	3	
MARK 541 Marketing Strategy	3	
MBA Elective(s): One to two courses as seen in the MBA Electives table*	3-6	
Total Required Credits		18

* Graduate Business Minor students can choose any MBA class as an elective, provided prerequisites have been met.

NOTE: No course substitutions will be granted with undergraduate-level business courses--students must complete the minor as outlined above. Admission to the minor is based on undergraduate degree completion and a status of good standing in a Samford graduate program. If the student decided to seek entry to the full MBA program, he/she would be required to take the GMAT or GRE and follow normal admission requirements.

Students must attain a business minor GPA of 3.00 to graduate with the minor. The student's graduate program is responsible for determining acceptance of business courses as electives towards the student's primary graduate degree.

Graduate Courses

ACCOUNTING

ACCT 510 Income Tax II (3)

Study of tax aspects of operating a corporation, partnership, estate, trust, or limited-liability entity. Includes review of exempt organizations, international and multi-state tax topics, client service oriented settings, and development of tax planning and communication skills. Prereq: Admission to the M.Acc. program.

ACCT 511 Financial Accounting for Managers (3)

Review of financial accounting concepts from a user's perspective, including how financial statements are prepared; the ability to interpret the information provided in financial statements; the ability to conduct a preliminary financial analysis of a firm. Prereq: None.

ACCT 514 Tax Research (3)

Review and development of skills needed to conduct professional tax research—fact gathering, issue identification, finding and assessing controlling tax authorities, developing and communicating recommendations in spoken and written form. Students use traditional and electronic materials; approach is case-oriented. Prereq: Admission to the M.Acc. program.

ACCT 515 Governmental and Not-for-Profit Accounting (3)

Introduction to governmental and nonprofit accounting and auditing, including accounting methods used at hospitals, universities, and other not-for-profit entities. Prereq: Admission to the M.Acc. program.

ACCT 519 Accounting for Decision-Making (3)

Survey of major issues involved in financial reporting and accounting for management decisions. Alternative accounting methods are identified, with emphasis on the managerial implications of choices among these methods. Prereq: ACCT 511.

ACCT 520 Auditing II (3)

Advanced look at the professional external auditing process, including an in-depth study of auditing standards and processes completed by each student. Prereq: Admission to the M.Acc. program.

ACCT 521 Fraud Examination (3)

Introduction to fraud examination. Course will focus on developing an understanding of how and why occupational fraud is committed; identifying how fraudulent conduct may be deterred; and determining how allegations of fraud should be investigated and resolved. Prereq: Admission to the M.Acc. program.

ACCT 525 Applied Professional Research (3)

Instruction in professional research methods, materials, and techniques to provide students with a working knowledge of research methodology utilized by practicing accountants in the fields of audit, financial, and taxation. Aims to develop the student's capacity for solving and defending his/her position with respect to particular accounting issues. Prereq: Admission to the M.Acc. program.

ACCT 540 Financial Accounting and Reporting III (3)

Advanced study of accounting concepts and procedures with focus on accounting for business combinations and consolidations. Includes foreign currency transactions, partnerships, segment and interim reporting, and SEC reporting. Discuss both U.S. GAAP and IFRS. Prereq: Admission to the M.Acc. program.

ACCT 550 Managerial Accounting Seminar (3)

In-depth discussion of major issues in providing accounting information for management decisions. The course relies heavily on case analysis, and develops in students the knowledge and analytical skills necessary for designing, implementing, and using planning and control systems. Topics include cost accumulation, budgeting, transfer pricing, activity-based costing, and behavioral considerations in accounting system design. Open to both M.B.A. and M.Acc. students. Prereq: ACCT 519 or admission to the M.Acc. program.

ACCT 555 Accounting Internship (3)

Academic credit may be awarded for students who complete accounting internships with local firms or businesses. Students should see the chair of accounting for eligibility parameters. Prereq: Permission from the accounting area coordinator and admission to the M.Acc. program.

ACCT 560 Accounting Theory (3)

Study of advanced accounting theory in seminar format. Includes development of financial accounting principles and standards and extensive use of research and discussion. Prereq: Admission to the M.Acc. program.

ACCT 570 Financial Statement Analysis (3)

Analysis of corporate financial reports from a decision-maker's perspective. This course is case-and-applications-oriented and will emphasize the fundamental techniques of financial statement analysis. Building upon a review of accounting and investment concepts, we will cover the analysis (including ratio analysis) and interpretation of financial accounting information including the balance sheet, income statement and statement of cash flows. Additionally, we will examine the use of accounting information in investment and credit decisions, including valuation and debt ratings. Cross-listed as FINC 570. Prereq: Admission to the M.Acc. program.

ACCT 594 Topics in Accounting (3)

Advanced study in accounting. Prereq: Admission to the M.Acc. program.

ACCT 599 Contemporary Issues in Accountancy (1)

Discussion of current issues confronting the accounting profession. Includes presentations by practicing professional accountants and managers. Prereq: Admission to the M.Acc. program.

BUSINESS

BUSA 505 Managerial Communications and Analysis (3)

Provides first semester MBA students with foundational skills in the areas of communication, case analysis, management, marketing, and data analysis necessary for student success in the Brock School of Business MBA program.

BUSA 533 Management Information Systems (MIS) and Communications Technology (3)

Study of the design, development, and implementation of management information systems (IS). Includes issues related to managing the IS function and current developments in information technology that are impacting managerial decisions. Prereq: BUSA 505.

BUSA 534 Planning and Design for Web-Based Business (3)

Includes steps for planning and implementing an e-commerce site. Students will learn how to create a custom business model; select hardware, software, and a hosting service to meet business needs; choose appropriate type of site by researching alternatives; choose correct vendors to match needs; and build an impressive website.

BUSA 551 Operations Management (3)

Examines the planning, design, execution, and coordination of all activities that create goods or provide services. Addresses how upper level management can improve decision-making in both manufacturing and service sectors. Prereq: BUSA 505.

BUSA 552 Managing Corporate Integrity (3)

Explores fundamental principles and best practices for managing corporate ethics, compliance, and social responsibility in today's business environment. Topics and assignments cover both domestic and international business issues, emphasizing the challenges of making decisions in a climate of increasing demands for transparency and accountability. Through focused readings, simulated corporate scenarios, meetings with corporate executives, and class discussions, students will develop competencies in managing employee and corporate conduct. Prereq/Co-req: BUSA 505.

BUSA 555 MBA Internship (1)

Academic credit may be awarded for students who complete business internships. Students should see the director of academic programs for eligibility parameters. Grading is pass/fail. May be repeated for a maximum of 2 credits.

BUSA 590 Topics in International Business/Field Study (3)

Advanced study in international business.

BUSA 595 Topics in Information Systems (3)

Advanced study in information systems.

BUSA 599 Topics in Business Law Regulation (3)

Advanced study in business law regulation.

ECONOMICS

ECON 512 Foundations of Economics and Statistics (3)

Survey of the theorems, tools, and techniques of basic economic analysis. Provides an integrated framework of micro and macroeconomics, preparing the student for more advanced study in ECON 520. Prereq: None.

ECON 520 The Economics of Competitive Strategy (3)

Study of the methods used in making economic decisions in an uncertain world. Topics such as forecasting economic activity and decision making using game theory, are discussed. In addition, the course examines the effects of the global economic environment on business decisions. Prereq: ECON 512. Prereq/Co-req: BUSA 505.

ECON 522 International Economics (3)

Graduate-level analysis of the theoretical principles underlying international trade, investment, and the international monetary system. Includes effects on domestic and foreign economics of commercial, monetary, and fiscal policies. Prereq: ECON 512.

ECON 593 Topics in Economics (3)

Advanced study in economics. May be repeated for a maximum of 9 credits, if topics vary.

ENTREPRENEURSHIP

ENTR 531 Entrepreneurship: Concepts and Consulting (3)

Study of critical concepts in new ventures and small businesses. Key topics will include management, marketing, and financial issues related to successfully starting a new business or operating a small or family business.

ENTR 543 Corporate Entrepreneurship and Innovation (3)

Graduate-level examination of the role of innovativeness in managerial processes, product design, and process design. The shrinking global environment is forcing a shift in emphasis from management of stability and control to leadership directed toward speed of product or service delivery, empowerment, flexibility, and continuous improvement. Any existing organization, whether a business, a church, a labor union, or a hospital is faced with the task of promoting and managing organizational innovation.

ENTR 544 Social Entrepreneurship and Non-Profit Management (3)

Graduate-level examination of management topics unique to the particular objectives of nonprofit firms, including mission setting, governance, assessment, and fundraising. Using case studies and practitioner writings, the course develops an applied framework for analyzing key strategic issues for the nonprofit firm. Students integrate course content by developing a strategic plan for a new or existing nonprofit.

ENTR 545 New Product Development and Strategy (3)

A team-based, consulting-type course focusing on crafting a sustainable growth strategy for new product development in the early stage technology sector. This course can serve as an elective for either the entrepreneurship or marketing concentration. Prereq: BUSA 505.

ENTR 555 New Venture Business Planning (3)

Examination of entrepreneurs and their activities. Critical course objective is the development of an entrepreneurial perspective, helping students to understand and evaluate diverse entrepreneurial situations while providing practice responding to those situations. Secondary course objective includes preparation of a first-cut business plan for a new business. Prereq: BUSA 505.

ENTR 597 Topics in Entrepreneurship (3)

Advanced study in entrepreneurship. May be repeated for a maximum of 9 credits, if topics vary.

FINANCE

FINC 514 Corporate Finance (3)

Study of concepts and skills used in financial decision-making and analysis. Includes valuing assets, determining the cost of capital, calculating the most appropriate leverage and capital structure, understanding the dynamics of international finance, analyzing working capital needs, and forecasting funds flow. Prereqs: ACCT 511 and ECON 512.

FINC 521 Managerial Finance (3)

Study of the strategies and tactics of acquiring and applying financial assets, measuring results, and matching requirements with funding sources. Includes coverage of international financial issues. Prereq: FINC 514. Prereq/Co-req: BUSA 505.

FINC 523 Behavioral Finance (3)

Study of the various behavioral barriers to appropriate financial decisions and actions, how these behavioral patterns often conflict with the underlying assumptions of classical finance theory, and how these contradictions can be dealt with most appropriately. Prereq: FINC 514 or permission of the instructor.

FINC 524 Investments (3)

Focus on the great ideas that have helped to shape modern investment thought and practice. Particular emphasis is placed upon an inquiry into a central theorem of investing: is the market efficient? Throughout the course, practical aspects of individual and institutional investing will also be discussed. The course structure will be a seminar format. Contemporary topics and events will be discussed each week. Prereq: FINC 514.

FINC 525 Bulldog Investment Fund (3)

Students are selected to participate in The Bulldog Fund, a student-managed investment portfolio. They analyze existing positions, research new investment ideas, present their proposals, and report results to Samford's Investment Committee. Prereqs: FINC 521 and permission of the instructor.

FINC 528 Financial Markets and Institutions (3)

Study of the various types of financial institutions—banks, insurance companies, and mutual funds—and the regulatory and competitive environment in which they exist. Specific areas addressed include: the role of government in financial markets, the changing competitive boundaries of financial services firms, the markets for various financial instruments including money markets, bonds, stocks, futures, options, swaps, foreign exchange, and the measurement and management of risk among financial institutions. Prereq: FINC 514.

FINC 530 Personal Financial Planning (3)

Provides students with a broad-based knowledge of the key elements of financial planning. Key topics include: budgeting, credit issues, taxation, investments, insurance, retirement planning, and estate planning. Course goals include both an understanding of current practice and the development of analytical abilities that should prove useful as options change due to new products, new technologies, and changes in the law. Prereq: FINC 514 or permission of the instructor.

FINC 560 Treasury Management (3)

This course covers the principals and practices used by corporate finance and treasury professionals to optimize cash resources, maintain liquidity, ensure access to short-term and long-term financing, judge capital investment decisions, and control exposure to financial risk. Prereq: FINC 514. Offered: Jan Term.

FINC 570 Financial Statement Analysis (3)

Analysis of corporate financial reports from a decision-maker's perspective. This course is case-and-applications-oriented and will emphasize the fundamental techniques of financial statement analysis. Building upon a review of accounting and investment concepts, we will cover the analysis (including ratio analysis) and interpretation of financial accounting information including the balance sheet, income statement and statement of cash flows. Additionally, we will examine the use of accounting information in investment and credit decisions, including valuation and debt ratings. Cross-listed as ACCT 570. Prereqs: ACCT 519 and FINC 521, or by permission of instructor.

FINC 594 Topics in Finance (3)

Advanced study in finance. Prereq: FINC 514. May be repeated for a maximum of 9 credits, if topics vary.

MANAGEMENT

MNGT 532 International Management (3)

Graduate-level case-based course highlighting management issues encountered by companies when they conduct business overseas.

MNGT 535 Human Resources and Organization Management (3)

Examines the strategic, planning, and organizational issues associated with managing people in different and complex organizations. Upon completion, students will be able to understand the challenges of managing the staffing process within businesses. Prereq/Co-req: BUSA 505.

MNGT 540 Project Management (3)

Offers an overview of generally accepted project management concepts to provide students with a foundation of project-related terms, processes, dynamics, and outcomes. Course topics will correspond with industry standards and prepare students for the projectized environments prevalent in today's complex, virtual, and global organizations.

MNGT 545 Organizational Change (3)

This is a practical course that addresses the issues, basic theories, and methods associated with proactive organizational change in contemporary organizations. Participants will be exposed to a number of organizational issues including, but not limited to, the need for change, why organizations change or fail to change (e.g., organizational readiness, resistance), and how change helps organizations become more competitive and profitable. Discussions will also explore the role of leadership in change, how leaders effect change, and the critical role of communication in impacting change.

MNGT 561 Strategic Management (3)

Study of strategic management and policy-making processes that provide direction, unity, and consistency to overall organizational action. Integrates learning experiences from required courses in the curriculum by concentrating on decisions made at the senior management level. To be taken in the final semester prior to graduation. Prereqs/Co-reqs: ACCT 519; BUSA 505, 533, 551, 552; ECON 520; FINC 521; MNGT 535; and MARK 541.

MNGT 591 Topics in Organizational Behavior (3)

Advanced study in organizational behavior.

MNGT 596 Topics in Human Resources (3)

Advanced study in human resources.

MNGT 598 Topics in Organizational Leadership (3)

Advanced study in organizational leadership.

MARKETING

MARK 541 Marketing Strategy (3)

Review of the planning and execution of marketing strategies designed to facilitate the exchange of goods and services in a global environment in seminar format. Through case study, lecture, and team-based projects, students examine marketing management issues that arise due to cultural, economic, political, legal, financial, and technological differences among nations. Prereq: BUSA 505.

MARK 516 Consumer Behavior (3)

The objective of this course is to examine basic concepts and research evidence useful in the analysis and understanding of consumer behavior. Although valuable for a variety of personal and societal purposes, the main application of the material will be toward marketing management. This knowledge is important because marketing strategy development must incorporate a thorough knowledge of buyers as its cornerstone. Offered: Summer.

MARK 542 International Marketing (3)

Provides a global approach to the study of current marketing management issues faced by both goods and service-producing industries. The course focuses on understanding myriad economic, social, and cultural differences among countries today. It addresses the economic and political implications of international trade, foreign investment, and ethical issues faced by companies operating globally.

MARK 592 Topics in Marketing (3)

Advanced study in marketing. Prereq: BUSA 505.

History

On February 9, 1988, the Board of Trustees of Samford University authorized the establishment of a School of Divinity beginning in the 1988-89 academic year. In one sense this action fulfilled the founding purpose of the University adopted in 1841, which provided for "the establishment of a Theological Institution, connected with the college hereinafter established."

In December 1988, the Samford Board of Trustees voted to name the school the Beeson School of Divinity in honor of Ralph Waldo Beeson and his late father, John Wesley Beeson. Ralph Beeson provided the largest gift from a living individual in Samford history to establish the only divinity school at that time at a Baptist college or university in the nation.

In its first year, Beeson School of Divinity secured the dean, four full-time faculty, and two adjunctive faculty, and enrolled 32 students.

The School of Divinity, like other entities of Samford University, is open to persons from all denominations. The confessional context in which the faculty teaches is defined by the Baptist Faith and Message Statement of 1963. The school offers quality theological education in a Christian university setting from an explicitly evangelical perspective. Non-Baptist faculty teach in accordance with their own convictions on matters of denominational distinctives.

Graduate Programs and Requirements

Degrees

Master of Arts in Theological Studies (M.A.T.S.)
 Master of Divinity (M.Div.)
 Doctor of Ministry (D.Min.)

Joint-Degrees

Master of Arts in Theological Studies/Juris Doctor (M.A.T.S./J.D.)
 Master of Arts in Theological Studies/Master of Social Work (M.A.T.S./M.S.W.)
 Master of Divinity/Juris Doctor (M.Div./J.D.)
 Master of Divinity/Master of Business Administration (M.Div./M.B.A.)
 Master of Divinity/Master of Music (M.Div./M.M.)
 Master of Divinity/Master of Science in Education (M.Div./M.S.E.)
 Master of Divinity/Master of Social Work (M.Div./M.S.W.)

Certificates

Certificate of Anglican Studies
 Certificate in Missions

Below and at right are brief summaries of the degree requirements for the M.A.T.S., M.Div. and D.Min. degrees, the certificate of Anglican studies, the certificate in missions, as well as available joint degrees. Students seeking to enter a joint degree program must meet admission requirements for both schools participating in the joint program. Please refer to the Beeson School of Divinity Bulletin for further information on all curricular listings. To obtain a divinity school bulletin, application forms, or additional information, write the Director of Admissions, Beeson School of Divinity, Samford University, Birmingham, Alabama 35229, or call 1-877-575-0595 or (205) 726-2066.

Master of Arts in Theological Studies

Admission to the master of arts in theological studies (M.A.T.S.) program requires a bachelor's degree from a recognized institution. The M.A.T.S. is specifically designed for individuals wanting to deepen their understanding of the Christian faith and to integrate their faith more effectively in professional vocations and lay ministry settings. This degree requires at least 40 credits, with not less than two-thirds of these credits being completed at Samford. A minimum grade point average of 2.00 is required.

Master of Arts in Theological Studies Required Courses	Course Credits	Total Required Credits
Biblical Studies		15
Biblical Interpretation	3	
Old and New Testament Theology	6	
Old and New Testament Exposition	6	
Historical and Doctrinal Studies		12
History and Doctrine	12	
Practical Studies		7
Spiritual Formation	3	
Faith and Vocation	1	
Christian Missions	3	
Electives		6
Total Required Credits		40

Master of Divinity

Admission to the master of divinity (M.Div.) program requires a bachelor's degree from a recognized institution. The M.Div. is the flagship degree of the Beeson School of Divinity. This degree requires at least 93 credits, with not less than two-thirds of these credits being completed at Samford. A minimum grade point average of 2.00 is required.

Master of Divinity Required Courses	Course Credits	Total Required Credits
Biblical Studies		33
Biblical Interpretation	3	
Old and New Testament Theology	6	
Introduction to Biblical Greek	6	
Greek Exegesis	6	
Introduction to Biblical Hebrew	6	
Hebrew Exegesis	6	
Historical and Doctrinal Studies		18
History and Doctrine	12	
Ecclesiology and Worship	3	
Doctrine and Ethics	3	
Practical Studies		30
Spiritual Formation	6	
Evangelism and Church Growth	3	
Pastoral Theology	3	
Christian Missions	3	
Christian Preaching	6	
Pastoral Counseling	3	
Pastoral Formation	3	
Ministry of Administration	3	
Electives		12
Total Required Credits		93

Doctor of Ministry

Admission to the doctor of ministry (D.Min.) program requires a master of divinity degree or its equivalent from an accredited school. As an advanced professional degree, admission requires a GPA of 3.00. Probationary admission is possible in some cases with a slightly lower average. Applicants must be engaged currently in vocational Christian ministry, with a minimum of three years of ministry experience since completing the master of divinity degree. The D.Min. degree requires 42 credits.

Doctor of Ministry Required Courses	Total Required Credits
On-Campus Seminars	
First Year – Two two-week Foundational Seminars	12
Second Year – One two-week Foundational Seminar One two-week Ministry Studies Seminar One semester of Research in Ministry	15
Third Year – One one-week Ministry Studies Seminar Ministry Praxis Proposal Seminar	6
Three Semesters of Approved-Field Supervision Concurrent with Seminars	3
Ministry Praxis - Written Ministry Dissertation	6
Total Required Credits	42

Joint-Degree Programs

Master of Arts in Theological Studies/Juris Doctor (M.A.T.S./J.D.)

The M.A.T.S./J.D. joint-degree program, offered in collaboration between the Beeson School of Divinity and the Cumberland School of Law, allows students to use credits from each school as part of the other school's degree, thereby reducing the total number of hours for the two degrees combined. Students must complete their first year of law school before beginning work in the divinity school.

Master of Arts in Theological Studies/Master of Social Work (M.A.T.S./M.S.W.)

The M.A.T.S./M.S.W. joint-degree program, offered in collaboration between the Beeson School of Divinity and the School of Public Health, allows students to use credits from each school as part of the other school's degree, thereby reducing the total number of hours for the two degrees combined by 12. This 88-hour program takes approximately three years to complete. Students must complete at least 24 hours in the M.A.T.S. program before beginning work in the M.S.W. program. This requirement constitutes one year of full-time study in the Divinity School. Students must apply for admission to each school separately. This joint program will prepare students for ministry in settings that require theological training as well as knowledge and skills related to social service provision.

Master of Divinity/ Juris Doctor (M.Div./J.D.)

The M.Div./J.D. joint-degree program, offered in collaboration between the Beeson School of Divinity and the Cumberland School of Law, allows students to use credits from each school as part of the other school's degree, thereby reducing the total number of hours for the two degrees combined. Students must complete their first year of law school before beginning work in the divinity school.

Master of Divinity/Master of Business Administration (M.Div./M.B.A.)

The M.Div./M.B.A. joint-degree program, offered in collaboration between the Beeson School of Divinity and the Brock School of Business, allows students to use credits from each school as part of the other school's degree, thereby reducing the total number of hours for the two degrees combined. The program is designed to enrich the educational opportunities available to students in the separate disciplines by encouraging interdisciplinary approaches to ministry preparation and organizational problems that directly impact churches and other religious institutions. Students interested in this joint program should apply to the School of Business for admission into the M.B.A. program at the conclusion of the first year of the M.Div. program. Contact the Beeson School of Divinity for more information.

Master of Divinity/Master of Music (M.Div./M.M.)

The M.Div./M.M. joint-degree program, offered in collaboration between the Beeson School of Divinity and the School of the Arts, allows students to use credits from each school as part of the other school's degree, thereby reducing the total number of hours for the two degrees combined. Divinity students must qualify for admission to the M.M. program no later than the beginning of the third semester of M.Div. work.

Master of Divinity/Master of Science in Education (M.Div./M.S.E.)

The M.Div./M.S.E. joint-degree program, offered in collaboration between the Beeson School of Divinity and the Orlean Beeson School of Education, allows students to use credits from each school as part of the other school's degree, thereby reducing the total number of hours for the two degrees combined. Twelve credits of education-degree coursework are accepted as part of the elective requirement of the M.Div. degree. Crossover credit from the divinity degree to the education degree is determined on a case-by-case basis, as allowed within government regulations concerning teacher certification. Students normally are required to complete the first year of the M.Div. program before beginning work in the School of Education.

Master of Divinity/Master of Social Work (M.Div./M.S.W.)

The M.Div./M.S.W. joint-degree program, offered in collaboration between the Beeson School of Divinity and the School of Public Health, allows students to use credits from each school as part of the other school's degree, thereby reducing the total number of hours for the two degrees combined by 18. In addition, students in the M.Div./M.S.W. program are eligible to complete the required internships for both programs simultaneously in an approved church or ministry setting. Although

this option does not further lower the credit requirement for either program, it does allow students to save time by completing two internship requirements simultaneously. This 135-hour program takes four to five years to complete. Students must complete at least 24 hours in the M.Div. program before beginning work in the M.S.W. program. This requirement constitutes one year of full-time study in the Divinity School. Students must apply for admission to each school separately. This joint program will prepare students for ministry in settings that require extensive theological training as well as knowledge and skills related to social service provision.

Certificate of Anglican Studies

A certificate of Anglican studies will be awarded to students who successfully complete at least 15 hours of their master of divinity (M.Div.) degree in courses that are either specifically Anglican in content or have a significant Anglican component. For more information contact Dr. Gerald McDermott, professor of Anglican studies.

Certificate in Missions

A certificate in missions will be awarded to students who successfully complete at least 15 hours of their master of divinity (M.Div.) degree in courses dedicated to Christian missions (DVMS) and cross-cultural ministry (DVCC), as part of the 93-hour M.Div. degree. They will be required to spend a minimum of six consecutive weeks in the field, engaged in cross-cultural ministry. These students will also complete their supervised ministry practicum in a one-year training experience in the Birmingham area designed to provide training for cross-cultural missions. For more information contact the Global Center at Beeson Divinity School.

Global Center

The Global Center in the Beeson School of Divinity exists to help people know their world, help people serve God in the world, and help the world know God through Jesus Christ. It serves as an education center for the worldwide Christian movement, and a networking and research center for those involved in missions.

The Global Center exhibit area highlights cross-cultural Christian witness, and major issues of global concern for the twenty-first century. The Global Center hosts several World Christianity and missions education and/or mobilization events each semester that are open to the public as well as students.

Global Center staff members are involved in teaching; speaking in churches and academic settings; facilitating short-term missions for students, and prayerfully supporting our Beeson Divinity alumni serving in missions.

BEESON SCHOOL OF DIVINITY TUITION AND FEES FOR ACADEMIC YEAR 2017-2018*

The following tuition and fees apply to Samford Divinity Students. Unless otherwise indicated, all fees are due on or before the e-bill payment due date and are nonrefundable.

Description	Student Classification	Expense	Notes
Tuition			
Tuition Deposit	All Divinity Students	\$200	Nonrefundable; Due upon acceptance
Less than 9 credits - Fall & Spring	Part-Time Master's Degree Divinity Students	\$657/credit	
9 to 16 credits - Fall & Spring	Full-Time Master's Degree Divinity Students	\$6,912/semester	
More than 16 credits - Fall & Spring	Full-Time Master's Degree Divinity Students	\$657/credit	
All credits - Summer	All Master's Degree Divinity Students - Summer	\$263/credit/term	
Doctor of Ministry	All Doctor of Ministry (D.Min.) Students	\$418/credit (each semester)	
Doctor of Ministry Continuation Fee	All D.Min. Students granted extension beyond fourth year	\$1,000/semester	
Joint Degree	Joint Degree Divinity Students	By Classification	
Fees			
Application Fee - Master's Degree Program	All Master's Degree Divinity Students	\$35/application	Nonrefundable; Due at time of application
Application Fee - Doctor of Ministry Program	All Doctor of Ministry Students	\$50/application	Nonrefundable; Due at time of application
Campus Life Fee - Fall & Spring	All Divinity Students	\$100/term	
Reinstatement Fee (all terms)	All Divinity Students	\$100/term, as applicable	
Technology Fee - Fall & Spring	All Divinity Students	\$175/semester	

* For complete details and additional information, contact the Director of Admissions and Recruitment, Beeson School of Divinity, Samford University, Birmingham, AL 35229-2252 or phone (205) 726-2991 or (800) 888-8266.

NOTE 1: Click here for a list of General Fees (Vehicle Registration/Decal, ID Replacement, etc.) that apply to ALL students.

NOTE 2: Fees are subject to change without notice. See the Bursar's Office Web site for the latest tuition and fee info: <http://www.samford.edu/departments/financial-services/>

NOTE ON PAYMENT/REINSTATEMENT: Charges incurred after the e-bill has been generated for the semester/term are due on or before the payment due date. Charges incurred during the drop/add period are due when incurred. To avoid registration cancellation and reinstatement fee, students should pay all tuition and fees by the payment due date. See the Billing and Refund Schedule tables for dates for e-bill, payment due, refund availability, and registration cancellation.

Administration

Jean Ann Box, Dean, Professor, Interim Chair, Curriculum and Instruction
Jo Beth Newton, Associate Dean, Associate Professor, Educational Leadership
Leslie Sturdivant Ennis, Interim Chair, Professor, Educational Leadership, Graduate Director of Admissions
Kristie B. Chandler, Chair, Associate Professor, Human Development and Family Life Education
Karen J. Birkenfeld, Chair, Assistant Professor, Teacher Education

Mission

The mission of the Orlean Beeson School of Education is to guide, develop, and challenge students, academically, professionally, personally, and spiritually to prepare leaders who will positively influence and shape society. The School strives to provide the highest quality Christian education led by a dedicated faculty and staff committed to student success.

Vision

The vision of the Orlean Beeson School of Education is to be known as one of the leading institutions for intellectual and spiritual development through teaching, scholarship, and service that will positively impact local, national, and global communities.

Values

The Orlean Beeson School of Education seeks to demonstrate the following values:

- Faith** - We demonstrate Christian faith in our daily lives.
- Respect** - We treat all with respect and fairness.
- Honesty** - We promote honesty and integrity.
- Service** - We commit ourselves and our talents to serve God and humankind through generosity of spirit and caring.
- Collegiality** - We collaborate with one another to maximize knowledge, skills, and experiences.
- Scholarship** - We promote intellectual rigor, reflection, and thorough preparation.
- Learning** - We confirm that learning is a life-long commitment.
- Distinctiveness** - We affirm Samford's commitment to quality education and to distinctive practices and programs.

Strategic Principles

1. We will ensure a culture of excellence.
2. We will obtain the funding necessary for teaching, scholarship, and service to accomplish our mission.
3. We will offer innovative programs and practices that enhance the educational experience, promote creativity, and prepare students for graduate study and careers.
4. We will support faculty and staff with professional development to assure current and best practices.
5. We will provide resources, such as time, technology, materials, and facilities, to optimize the learning environment.
6. We will promote greater awareness of the accomplishments of the Orlean Beeson School of Education.
7. We will evaluate programs and practice through assessment and evidence of excellence.
8. We will fulfill our professional responsibilities in a manner consistent with our Christian faith.

Graduate Programs and Requirements

Degrees

Master of Science in Education (M.S.E.) - Class A Certification

Elementary Education

Fifth-Year Non-Traditional: Early Childhood & Elementary Education (MSE-ECEL)

Fifth-Year Non-Traditional: Secondary Education (MSE-FYNT)

Gifted Education

K-12 Collaborative Special Education

Music Education*

Master of Science in Education (M.S.E.) - Non-Certification

Instructional Design and Technology

Educational Specialist (Ed.S.) - Class AA Certification

Early Childhood Education

Elementary Education

Teacher Leader

The Department of Curriculum and Instruction offers graduate education programs in several areas (early childhood education, elementary education, gifted education, special education, and secondary education) and at two levels of certification (provided current certification requirements of the Alabama State Department of Education have been met): a master of science in education (M.S.E.) degree with Class A certification and an educational specialist (Ed.S.) degree with Class AA certification. See the Graduate Advisement subsection for contact information. The department also offers a master of science in education degree in instructional design and technology.

*See the School of the Arts Music Division section for details on graduate music education programs.

Graduate Admission Standards for Traditional and Fifth-Year Non-Traditional Programs

Admission Requirements

1. Completion of application and payment of application fee.
2. Receipt of one official transcript from all institutions attended.
3. Satisfactory score on Graduate Record Exam (GRE) admissions test or Miller Analogies Test (MAT) (not required for fifth-year non-traditional programs).
4. Alabama Class B or Class A certification (except for fifth-year non-traditional programs) to be eligible for certification.
5. Satisfactory performance on statement of purpose essay.
6. Satisfactory performance on scholarly writing sample.
7. One letter of reference.
8. Disposition recommendation from supervisor if employed, if not a college professor.

The admissions committee will evaluate each candidate on a case-by-case basis and may admit students whose qualifications differ from those listed or who have successfully completed a prior graduate degree. Applicants must meet ALSDE minimum admission requirements to apply for certification upon completion of the program.

Additional requirements may apply to specific programs.

Levels of Admission

Formal Admission

1. Minimum GPA of 2.75 for all college work attempted.
2. Minimum of 295 (combined verbal and quantitative) on the Graduate Record Exam (GRE) or a minimum of 396 on the Miller Analogies Test (MAT). (Not required for fifth-year non-traditional programs.)
3. Satisfactory performance on scholarly writing essay.
4. Completion of undergraduate prerequisites or passing score on the appropriate content area Praxis II test (fifth-year non-traditional program only).

Transfer Credit

In traditional graduate studies, a student may transfer up to six semester hours of graduate credit from an accredited four-year college or university which has a state-approved graduate program in the major and in teacher education for degree programs only.

Please note: Courses may not be transferred into the fifth-year non-traditional program in early childhood/elementary education (MSE-ECEL), nor can any course taken for undergraduate credit be used to count toward graduate credit. No more than two content area courses may be transferred into the fifth-year non-traditional program in secondary education (MSE-FYNT). Exceptions may be granted by the dean of the School of Education.

Graduate Tuition Scholarships

Tuition scholarships are available to all candidates who have been accepted for graduate study at the master of science or educational specialist level. These scholarships are available for courses in education throughout the year.

Retention and Completion

Students on the M.S.E. and Ed.S. level must maintain a GPA of 3.00. All students must follow a prescribed course of study specified on their program checklist as approved by the Alabama State Department of Education. They must complete all work within six years. All graduate students in an approved program must take and pass a comprehensive examination for each certification area following completion of their coursework. All graduate students receiving initial certification must also pass the Alabama Education Certification Testing Program (AECTP), which includes the appropriate PRAXIS examination. At the end of any semester, a student whose cumulative GPA falls below the required minimum (3.00 for M.S.E. and Ed.S.) may not continue in the program. Any grade below a C- shall not be counted for credit and the course must be retaken.

Graduate Advisement

Frequent meetings with the program director are required throughout the graduate program. Samford University complies with the requirements of the Alabama State Department of Education concerning the admission, retention, and completion of all requirements for students seeking Class A or Class AA certification.

Requests for information about or applications to the fifth-year non-traditional programs should be addressed to the program director.

Master of Science in Education

The master of science in education (M.S.E.) degree is open to candidates who hold a bachelor's degree from a regionally accredited institution. Completion of the degree requires 30 credits beyond a bachelor's degree. Upon successful completion, the candidate is eligible for the master of science in education degree and Class A certification, provided current certification requirements of the Alabama State Department of Education have been met (with the exception of the instructional design and technology major, which does not earn Class A Certification).

Elementary Education (M.S.E.)

This program is designed for those holding a bachelor's degree and who are seeking advanced preparation in the field. Upon successful completion, the candidate is eligible for the master of science in education degree and Class A certification (provided current certification requirements of the Alabama State Department of Education have been met).

Fifth-Year Non-Traditional Program: Early Childhood and Elementary Education (M.S.E.) (ECEL)

This program is designed for candidates who have earned a bachelor's degree in another field and who now wish to earn a master of science in education with Class A certification. Upon successful completion of this one-year program, the candidate is eligible for the master of science in education degree in early childhood (P-3) and elementary education (K-6) and Class A certification (provided current certification requirements of the Alabama State Department of Education have been met). Please contact the program advisor, OBB 308, for requirements and additional information.

Instructional Design and Technology (M.S.E.)

This 30-hour program prepares graduates with the knowledge and skills necessary to be an industry leader in the growing field of instructional design and technology. This program is designed around project-based learning opportunities in business, education, healthcare, and the military in instructional analysis, design, development, implementation, and evaluation as well as online teaching and learning. Graduates will master concepts in the integration of technology into instructional systems and curricula, the study of the foundations of instructional design, computer applications, assessment, multimedia instruction, web-based instruction, distance education, and design and production of instructional materials. This program does not earn Class A Certification. A grade of C or better (or retake the class) is required to stay in the program.

**Master of Science in Education
(Alternative A Program, Secondary Education)****Class A Certification - Fifth-Year Non-Traditional Program:
Secondary Education (M.S.E.) (FYNT)**

The master of science in education Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT) is a teacher training program designed to prepare prospective teachers who already hold a degree from an accredited university/college the opportunity to earn Class A teacher certification, grades 6-12, in biology, English/language arts, general science, history, mathematics, physical education, social studies, and Spanish. The program offers an accelerated approach to certification through advanced courses in the teaching field (12) and a core of professional courses (24) in education. All courses are offered in the evening and some science courses are offered on Saturday. If employed full-time, students must be willing to use vacation or personal leave to fulfill 20-45 hours of clinical experience associated with each education course. The final semester requires a full-time commitment to student teaching.

Total Required Credits		36

* Students complete the chosen secondary education teaching course above and then all requirements (12 crds) in the corresponding teaching field block below.

** EDUC 572 (Teaching Secondary Science) is required for students completing either the Biology or General Science teaching field.

*** EDUC 573 (Teaching Secondary Social Studies) is required for students completing either the History or Social Studies teaching field.

Teaching Field: General Science

Secondary Education: Teaching Field: General Science Required Courses	Course Credits	Total Required Credits
General Science Core		4
PHYE 510 General Physics for the Secondary Educator	4	
General Science Electives (choose 8-9 credits)		8-9
BIOE 504 Basic Toxicology	3	
BIOE 510 General Biology for the Secd Educator	4	
BIOE 514 Wetlands	3	
BIOE 517 Environmental Biomonitoring	3	
BIOE 519 Conservation Biology & Nat Res Mgt	3	
CHME 510 General Chemistry for the Secd Educator	4	
Total Required Credits		12-13

Teaching Field: History

Secondary Education: Teaching Field: History Required Courses	Course Credits	Total Required Credits
History Core		12
HISE 521 Seminar in American History	4	
HISE 531 Seminar in World History	4	
HISE 541 Seminar in History and Culture	4	
Total Required Credits		12

Teaching Field: Mathematics

Secondary Education: Teaching Field: Mathematics Required Courses	Course Credits	Total Required Credits
Mathematics Core		12
MATE 530 Abstract Algebra for Teachers	4	
MATE 540 Foundations of Analysis for Teachers	4	
MATE 560 Discrete Mathematics for Teachers	4	
Total Required Credits		12

Teaching Field: Physical Education

Secondary Education: Teaching Field: Physical Education Required Courses	Course Credits	Total Required Credits
Physical Education Core		12
KINE 522 Advanced Adapted Physical Education	4	
KINE 560 Curriculum Design & Development in PE	4	
KINE 565 Strategies & Issues in P-12 Physical Educ	4	
Total Required Credits		12

Teaching Field: Social Studies

Secondary Education: Teaching Field: Social Studies Required Courses	Course Credits	Total Required Credits
Social Studies Core (choose one from the following)		4
GEOE 510 Human Geography	4	
POLE 500 American Politics and Economy	4	
Social Studies Electives (choose two from the following)		8
HISE 521 Seminar in American History	4	
HISE 531 Seminar in World History	4	
HISE 541 Seminar in History and Culture	4	
Total Required Credits		12

Secondary Education: Teaching Field: Spanish (6-12 Certification) Required Courses	Course Credits	Total Required Credits
Spanish Core		12
SPAE 501 Advanced Methodology & Applied Linguistics	4	
SPAE 502 Hispanic Culture in the Foreign Lang Classrm	4	
SPAE 503 Literature/Film in the Spanish-Speaking World	4	
Total Required Credits		12

Educational Specialist

The educational specialist (Ed.S.) program is open to candidates who hold a master's degree from a regionally accredited institution. Completion of the degree requires 30 credits beyond a master's degree. Upon successful completion, the candidate is eligible for the educational specialist degree and Class AA certification (provided current certification requirements of the Alabama State Department of Education have been met).

Early Childhood Education (Ed.S.)

This program is designed to prepare specialists in the field of education of young children (P-3) and is open to students who hold a master's degree and Class A certification in early childhood education.

Early Childhood Education Required Courses	Course Credits	Total Required Credits
Early Childhood & Elementary Education Core		27
EDLD 622 Seminar in Instructional Leadership	3	
EDLD 623 Organizational Innovation: Strategies & Tactics	3	
EDLD 629 Practicum in Quality Leadership: The Quality Improvement Analysis Project	3	
EDUC 607 Early Childhood Exemplary Programs	3	
EDUC 624 Learning Theories: The Pursuit of Knowledge	3	
EDUC 625 Legal and Policy Issues in Education	3	
EDUC 627 Professional Development & Mentor Training for Quality Education	3	
EDUC 628 Advanced Eval. of Teaching and Learning	3	
EDUC 630 Quality Improvement Practicum in Education	3	
Early Childhood/Elem Educ Electives (choose 1 crse)		3
Choose from EDUC/EDLD 600-699 (with advisor approval)	3	
Total Required Credits		30

Note: This program is currently under review and is subject to change.

Elementary Education (Ed.S.)

This program is designed to prepare specialists in the field of elementary education (K-6). The program described here is for students who hold a master's degree in elementary education.

Elementary Education (Ed.S.) Required Courses	Course Credits	Total Required Credits
Elementary Education Core		27
EDLD 622 Seminar in Instructional Leadership	3	
EDLD 623 Organizational Innovation: Strategies and Tactics	3	
EDLD 629 Practicum in Quality Leadership: The Quality Improvement Analysis Project	3	
EDUC 608 Elementary Education Programs	3	
EDUC 624 Learning Theories: The Pursuit of Knowledge	3	
EDUC 625 Legal and Policy Issues in Education	3	
EDUC 627 Professional Development and Mentor Training for Quality Education	3	
EDUC 628 Advanced Eval. of Teaching and Learning	3	
EDUC 630 Quality Improvement Practicum in Education	3	
Elementary Education Elective (choose one course)		3
Choose from EDUC/EDLD 600-699 (with advisor approval)	3	
Total Required Credits		30

Note: This program is currently under review and is subject to change.

Teacher Leader (Ed.S.)

This program is available to candidates holding a master's degree from a regionally accredited institution. The degree is designed to provide teachers in public and private K-12 schools with advanced knowledge and skills to be successful teacher leaders. The program encompasses essential competencies for improving schools and increasing student achievement, utilizing research-based "best practices" for adult learners. Upon successful completion, the candidate is eligible for the educational specialist degree and Class AA certification (provided current certification requirements of the Alabama State Department of Education have been met).

Teacher Leader Required Courses		Course Credits	Total Required Credits
Teacher Leader Core			21
EDLD 622	Seminar in Instructional Leadership	3

Graduate Courses

EDUCATION - GRADUATE

The courses listed below represent only a portion of the graduate-level education courses available. See the Department of Educational Leadership for additional courses that may apply to programs offered through the Department of Curriculum and Instruction. NOTE: Courses numbered 600 and above are open to post-master's degree students.

EDUC 500 Teaching Math in Today's Elementary Classroom (3)

This course is designed to provide the elementary teacher opportunities to deepen math knowledge, examine effective instructional strategies, conduct action research to inform instructional decisions, and demonstrate school leadership in the area of mathematics. Candidates will gain insight into relevant mathematical concepts and principles, the impact of real-life mathematical contexts and accompanying models, and the role of choosing and developing rich mathematical tasks to develop the necessary habits of mind for mathematical success (de Lange, 2003). Offered: Spring.

EDUC 501 Assessment & Instruction for Elementary Reading/ Literacy (3)

This graduate course provides an in-depth study of assessment strategies for elementary readers at various reading levels. Effective reading assessments for groups and individual learners, data-driven decision-making, and assessment of curriculum will be emphasized. This course will expand graduate student's knowledge of on-going diagnostic instruction through the practice of reading assessment tools. Data analysis and patterns of performance at the individual, class and whole school level will be discussed. Students will design reading evaluation reports and collaborate with colleagues. Offered: Fall.

EDUC 502 Assessment Strategies to Impact Student Achievement (3)

This course is designed to develop knowledge, skills, and essential professional dispositions necessary for teachers to understand the nature and application of assessment strategies, to create and employ valid and reliable classroom-based assessments of student learning, and to enable teachers to be effective consumers of standardized and commercially-produced assessments and assessment results. The course emphasizes the integration of assessment into the core professional responsibilities of teaching. Emphasis is placed upon accurate, systematic collection, organization, and reporting of student assessment data so that all students are given supportive feedback for academic growth. Offered: Summer.

EDUC 503 Principles and Application of Curriculum and Instruction (3)

This course presents a comprehensive overview of curricular design—principles, foundations, issues, and procedures for developing, implementing, and evaluating curriculum. Graduate candidates will determine effective strategies to plan and implement instruction based on knowledge of students, learning theory, connections across the curriculum, curricular goals, and standards. This course will provide practical knowledge for blending content areas to maximize student learning and prepare teachers to meet the needs of all students across the curriculum. Candidates will demonstrate the ability to integrate and apply knowledge for instruction, adapt to diverse students, promote critical thinking and problem solving, and active engagement in learning. Offered: Jan Term.

EDUC 504 Teaching in the Diverse Classroom (3)

This class prepares candidates to look at the factors that make students diverse and the instructional implications for teaching them. Teachers will gain formidable skills in building their students' resiliency, teaching to students' learning styles, and minimizing the effects of poverty on student achievement. This course will provide candidates with realistic approaches, strategies, and practices for improving their students' academic performance in the classroom. Teachers will come away with the ability to identify biases that affect student learning and modify their instructional practices for working with students at risk of failure including English language learners and students from poverty. Offered: Spring.

EDUC 505 Independent Study (1-3)

Individual research project carried out under the supervision of a faculty advisor. Course may be taken for 1, 2, or 3 credit hours and repeated for a maximum of 6 credit hours total. See faculty advisor for course requirements. Offered: Every semester.

EDUC 506 Teaching Thinking Skills in the Elementary Classroom (3)

This course explores the concepts, theories, and research regarding creative and critical thinking. Candidates participate in activities/experiences designed to foster understanding of creative and critical thinking skills, and methods/techniques/strategies appropriate for the development and nurturing of these skills in elementary students. "Thinking Skills" is a general term that includes a variety of cognitive thinking processes, including critical thinking and creative thinking. Critical thinking involves distinguishing valid from invalid reasoning primarily by identifying assumptions, determining their validity, seeing them from varying perspectives, and taking action based on valid reasoning. Creative thinking allows for going beyond our normal modes of thinking to generate new approaches to problem solving, to see the world from varying perspectives, and to create new/novel solutions. Offered: Summer.

EDUC 507 Inquiry-Based Instruction in the Elementary Classroom (3)

R.L. Moore's (1996) assumption that "students learn the most when they are told the least" is the foundation for the design of this course. Candidates will be provided opportunities to deepen understanding regarding the practice of inquiry and its classroom implications and explore the meaning and importance of inquiry as it pertains to not only science and math but to all elementary content. Inquiry will be investigated as a way of "seeking truth" rather than a methodology. Offered: Summer.

EDUC 508 Concepts of Christian Education and Missions (3)

This course is designed to introduce graduate candidates to the aims, methods and principles of Christian education, with regard to teaching in the mission field: locally, nationally, and internationally. This course is designed to support the practicing teacher who desires to participate in short term missions. Offered: Summer.

EDUC 509 Advanced Techniques for the Diagnosis and Remediation of Reading Problems (3)

Designed for teachers and/or administrators seeking the master of science in education degree in elementary/early childhood education. Focus on critical training in diagnosing and correcting a wide range of specific and general reading disabilities.

EDUC 510 Instructional Adaptation for Student Diversity (3)

Exploration of current legal requirements, best practice in program delivery, and services for students with special needs. Special emphasis on attitudes, knowledge, and skills needed by regular education teachers for working effectively with special needs populations in the regular classroom.

EDUC 511 Mathematics for Elementary Teachers (3)

This course is designed to enhance content knowledge in elementary teachers. Concepts taught in this course include properties of rational and irrational number systems, geometry, algebra, probability and statistics, and number theory, with an emphasis on problem solving and critical thinking. This course focuses on the knowledge, skills, and dispositions necessary for effective teaching and learning in elementary mathematics classrooms. Offered: Every semester.

EDUC 512 Contemporary Legal Issues for the Classroom Teacher (2-3)

Special emphasis on current legal issues that affect a variety of phases of public and private schools.

EDUC 513 Instructional Design for Optimal Student Learning (3)

Investigation of instructional planning as related to student achievement in a seminar setting.

EDUC 514 Social Dynamics and Student Learning (3)

Discussion of social issues as related to their impact on the child and the learning process.

EDUC 515 Standards-Driven Teacher Leadership (3)

Design and implementation of classroom and school improvement plans with emphasis on "best practices" for increasing student achievement in the elementary school.

EDUC 516 Instructional Design for Active Learning (3)

Discussion of current research linking active learning strategies to authentic learning and retention of knowledge. Focus on implementing active learning strategies in the classroom.

EDUC 517 Effective Curriculum Design (3)

Development of teachers who are able to make reflective decisions about the design, development, and implementation of curricula, including creation of learning environments that support learning for all students to a high degree of proficiency.

EDUC 518 Action Research: Theory and Techniques (3)

Designed to provide graduate students an opportunity to formulate a research proposal, and implement and evaluate a special research project which focuses upon improving teaching and learning in diverse early childhood and elementary classrooms.

EDUC 519 Field-Based Action Research (3)

Implementation of action research and evaluation of a special research project—based on data collected for the research proposal developed in EDUC 518—which focuses upon improving teaching and learning in diverse early childhood and elementary classrooms. Prereq: EDUC 518.

EDUC 524 Curriculum Design for P-12 Instructional Leaders (3)

Provides a forum where students will reflect upon the context, student, and content factors that influence curriculum design. Cross-listed with EDLD 524. Offered: Fall, Jan Term, Spring, and Summer.

EDUC 529 Program Design for School Improvement (3)

Identification of strategies that successfully address barriers to learning, and implementation of these strategies in diverse K-12 classrooms.

EDUC 531 Child Growth and Learning within the Educational Culture (6)

Integrated course of study within historical educational periods regarding interrelationships among educational systems, developmental concerns, and the learning domain culminating in the use of a case study to help train teachers to be better problem-solvers.

EDUC 532 Early Childhood and Elementary Education Programs (6)

Emphasis on the study of exemplary early childhood and elementary programs. Examination of developmentally appropriate curricula design, implementation, and assessment for infant and toddler, preschool, kindergarten, primary and elementary programs.

EDUC 533 The Arts: Curriculum and Instruction in the Early Childhood and Elementary Grades (8)

Integrated course of study dealing with the teaching of reading, diagnosis, and remediation of reading problems, language arts, and fine arts.

EDUC 534 The Sciences: Curriculum and Instruction in the Early Childhood and Elementary Grades (6)

Integrated course of study dealing with the teaching of mathematics, natural and physical sciences, and social studies. Primary components include curriculum design, educational assessment, case studies, and media/technology.

EDUC 535 Current Issues in Education (4)

Review of emerging issues impacting schools and classrooms, and how to acquire the skills needed to participate effectively in creating an effective educational improvement. Focus on educational reform and restructuring, the impact of technological change on the classroom of the future, the impact of the standards movement on classroom instruction, dealing with controversial issues and special interest groups, reflective decision-making with a multicultural emphasis, and legal issues that affect the classroom teacher.

EDUC 574 Differentiating Instruction and Teaching the Gifted in the Regular Classroom (3)

Emphasis on developing differentiated curriculum and instructional strategies for meeting the needs of gifted learners in general education classrooms.

EDUC 575 Nature and Needs of the Gifted Learner (3)

Survey course examining the characteristics and identification of gifted and talented learners, developing gifted education programs, and special issues regarding gifted learners.

EDUC 577 Current Issues in Gifted Education Seminar (3)

Discussion of current issues in gifted education, such as academic and social-emotional needs of special populations of gifted learners.

EDUC 578 Curriculum Materials and Methods for the Gifted (3)

Development of curriculum materials and instructional strategies appropriate for gifted and talented learners.

EDUC 579 Practicum in Gifted Education (3)

Field experience in developing and delivering appropriate gifted education services in schools. Includes reflective seminars for reviewing and evaluating internship experiences. Practicum experiences are conducted in student's school/district. Prereqs: EDUC 574, 575, 577, 578, and 580.

EDUC 580 Developing Creative and Critical Thinking Skills (3)

Exploration of personal creative and critical thinking processes, with focus on integrating creative and critical thinking in the classroom.

EDUC 582 Low Incidence Disabilities (K-12) (3)

This course provides in-depth instruction on the unique needs of students with low incidence disabilities and effective instructional strategies for working with students with low incidence disabilities in the K-12 classroom. Specific instructional requirements will be outlined including the Alabama Alternative Assessment (AAA), teaching to extended standards, planning for medications and medical needs, mobility issues, communication and language skills, and assistive technology. Offered: Spring.

EDUC 585 Assessment Procedures & Processes in Special Education (3)

Overview of the current processes and procedures in place for referral, assessment, placement, and reevaluation in special education. Prereq: EDUC 582.

EDUC 586 Managing Challenging Behavior in the Classroom: A Functional Behavioral Approach (3)

Examination of individualized behavioral management using a functional behavioral approach. Outlines the principles of applied behavioral analysis and how to apply those principles in the classroom. Prereq: EDUC 582.

EDUC 589 High Incidence Disabilities (K-12) (3)

This course provides in-depth instruction on the unique needs of students with high incidence disabilities and effective instructional strategies for working with students with high incidence disabilities in the K-12 classroom. Specific instructional requirements will be outlined including teaching to standards, using assessments to change instruction to impact student learning, accommodating lessons to improve student learning, using strategic learning and content enhancement routines, planning for transition post-school, and effective reading and math instruction to improve overall content learning. Offered: Fall and Summer.

EDUC 592 Student Teaching (12)

(Fifth-Year Non-Traditional; MSE-ECEL) Supervised field internship for prospective teachers in early childhood and elementary education, grades P-6.

EDUC 593 Research-Based Methods of Instruction in the K-12 Special Education Classroom (3)

This course provides research-based methods of instruction for prospective collaborative special education (K-12) level teachers who hold Class B certification. Prospective collaborative special education (K-12) teachers will acquire knowledge of current best classroom practices and the ability to apply them in collaborative K-12 special education settings. Offered: Fall.

EDUC 594 Clinical Internship in K-12 Collaborative Special Education (6)

Supervised field internship for prospective teachers in the K-12 collaborative special education (Alternative A) program. Cross-listed with EDUC 591. Prereq: EDUC 593. Offered: Fall, on rotation.

EDUC 595 Practicum in Collaborative Special Education (K-12) (3)

This course serves as the practicum/field experience for students seeking a master's degree in collaborative special education (K-12). This course provides both seminar and supervised field experience in the collaborative special education (K-12) setting. It provides an opportunity for students to apply their knowledge of characteristics and educational needs of students with disabilities at the K-12 level. Students must also demonstrate competencies in program planning, assessment, collaboration, consultation, content knowledge, instructional delivery and strategies for students with disabilities in the collaborative special education (K-12) setting. Prereq: EDUC 593. Offered: Fall and Spring.

EDUC 596 Current and Emerging Instructional Technologies (3)

Additional review of computer-based instructional technologies as they are applied in the educational environment. Includes opportunities for teachers to become reflective decision makers as they explore opportunities in the classroom.

EDUC 597 Curriculum Integration of Technology (3)

Expanded review of computer-based instructional technologies as they are applied in the educational environment. Includes opportunities for teachers to become reflective decision makers as they develop the necessary skills to infuse technology into the curriculum.

EDUC 607 Early Childhood Exemplary Programs (3)

Investigation of the characteristics of exemplary programs in early childhood education. Includes study of models of current outstanding programs.

EDUC 608 Elementary Exemplary Programs (3)

Investigation of the characteristics of exemplary programs in elementary education. Includes study of models of current outstanding programs.

EDUC 624 Learning Theories: The Pursuit of Knowledge (3)

Study of contemporary theories of learning so that reflective decisions made about the design and development of school programs are grounded in research-based conceptions of learning and the developmental nature of learners.

EDUC 626 Social Problems of Children and Youth (3)

Examination of appropriate solutions for social problems of children and youth which contribute to behavioral and learning difficulties. Emphasis on using acquired knowledge to reflect upon possible causes and solutions and to make informed decisions which will assist students and parents to deal successfully with societal forces.

EDUC 630 Quality Improvement Practicum in Education (3)

Using concepts and tools learned in EDUC 629, students improve a process in a K-12 school or system and develop a plan to improve a curricular/instructional system for better student learning.

EDUC 640 Trends and Issues in Teacher Leadership (3)

Designed for candidates enrolled in the educational specialist degree program who seek certification at the Class AA level in teacher leader. This course addresses current trends and issues in education for prospective teacher leaders with particular emphasis on professionalism, ethics, and meeting diverse needs in the classroom. Candidates will use content knowledge regarding evidence-based best practices, including differentiation of curriculum and instruction, to provide teachers with models and strategies that support student learning. Offered: Fall, Spring, and Summer.

EDUC 641 Mentor Training and Professional Development in Teacher Leadership (3)

Designed for candidates enrolled in the educational specialist degree program who seek certification at the Class AA level in teacher leader. The purpose of this course is to prepare teacher leaders to become effective mentors, providing guidance and professional support; to successfully facilitate interactions among colleagues; and to develop and implement professional development programs that increase student achievement. Emphasis is placed on developing expertise in coaching colleagues in curriculum and instruction. Offered: Fall, Spring, and Summer.

EDUC 642 Leadership for Differentiation in Schools (3)

Designed for candidates enrolled in the educational specialist degree program who seek certification at the Class AA level in teacher leader. This course addresses leadership for meeting the needs of diverse learners in schools. Candidates will use content knowledge regarding evidence-based best practices, including differentiation of curriculum and instruction, to provide colleagues models and strategies that support student learning. Offered: Fall, Spring, and Summer.

EDUC 670 Advanced Curriculum Workshop (3)

Designed for candidates enrolled in the educational specialist degree program who seek certification at the Class AA level in teacher leader. The purpose of this course is to offer advanced training in curriculum development and implementation for elementary and secondary students. Offered: Fall, Spring, and Summer.

EDUC 671 Program Planning and Evaluation in Gifted Education (3)

Intended for candidates enrolled in the educational specialist degree program who seek certification at the Class AA level in teacher leader. This course offers advanced training in program planning and evaluation for gifted education specialists or individuals who administer gifted education programs. Offered: Fall, Spring, and Summer.

EDUC 672 Seminar in Gifted Education (3)

Designed for candidates in education who obtained their master's degree and certification at the Class A Level in gifted education or for those individuals who administer gifted education programming in the schools. The purpose of the course is to encourage reflective decision making and leadership skills by conducting professional learning and investigating topics related to gifted education. Offered: Fall, Spring, and Summer.

EDUCATION - GRADUATE (FYNT PROGRAM)

NOTE: A prerequisite for each of the following courses is admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). These courses cannot be applied towards a different graduate education program.

EDUC 550 Foundations and Issues (3)

Exploration of political, economic, and sociological events that impact education in America and shape philosophical and historical trends in secondary education. Survey of contemporary educational issues that prospective teachers encounter in their work. Class members will reflect upon the teacher as a moral role model in relation to fairness in teaching, school reform, equality of opportunity, student diversity, student achievement, and professional leadership. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Fall.

EDUC 553 Diversity and Learner Development (3)

Designed for prospective secondary and P-12 teachers, this course will prepare classroom teachers to look at the factors that make students diverse and the instructional implications for teaching to diverse populations. The course will allow candidates to gain skills in meeting the needs of diverse learners in three areas: Culturally Responsive, Linguistically Responsive, and Socioeconomically Responsive. Prospective teachers will develop a knowledge base of the lifespan between childhood and adulthood, a developmental period in which major adaptations are made in all levels of human functioning. Candidates will also develop an understanding of the research and theory underpinning effective teaching and learning and will gain formidable skills in building student resiliency, fostering a sense of community within the classroom, teaching to student learning styles with realistic approaches, strategies, and practices for improving student academic performance and success in the classroom. Candidates will come away with the ability to identify biases that affect student learning and modify their instructional practices for working with students at risk of failure. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Jan Term and Summer.

EDUC 556 Methods, Management and Technology (3)

Introduction to classroom management approaches, instructional strategies, and educational technologies that facilitate learning in diverse P-12 classrooms and enable teachers of P-12 students to establish effective learning environments. Emphasis is upon developing reflective teachers who address holistic student needs and concerns. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Fall.

EDUC 559 Exceptional Learners and Collaboration (3)

Overview of special education in the P-12 environment. Includes characteristics of specific disabilities, laws, issues, trends, methods of collaboration with general education teachers, and transition issues. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Jan Term and Summer.

EDUC 563 Curriculum, Reading, and Assessment (3)

Overview of curriculum standards, long and short-range planning, and multiple means of assessment for use in P-12 classrooms. Practice in the design, implementation, and measurement of desired student outcomes in content teaching fields with special emphasis upon utilization of reading comprehension strategies effective for P-12 students. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Spring.

EDUC 568 Teaching Physical Education (3)

Focuses on the development of curricula in physical education grades P-12. Principles of curriculum development, existing curriculum models and current trends and contemporary issues related to curriculum development are discussed. This course will focus on information to help potential physical educators attain teaching skills and knowledge (including critical thinking and reflective decision making) necessary to design, implement and evaluate appropriate physical education programs P-12. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Fall and Spring.

EDUC 569 Teaching Secondary Spanish (2-3)

Introduction to specific methods for use in classrooms for teaching students in grades 6-12 Spanish classes. Prospective teachers of secondary level students will observe, develop, present, and analyze for effectiveness original lessons addressing content standards of the Alabama Course of Study for Spanish. Emphasis is upon the norms and structures that contribute to safe and stimulating learning environments including professional research and national standards. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Fall and Spring.

EDUC 570 Teaching Secondary English (2-3)

Introduction to specific methods for use in classrooms for teaching students in grades 6-12 English/language arts classes. Prospective teachers of secondary level students will observe, develop, present, and analyze for effectiveness original lessons addressing content standards of the Alabama Course of Study for English/Language Arts. Emphasis is upon the norms and structures that contribute to safe and stimulating learning environments including professional research and national standards. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Fall and Spring.

EDUC 571 Teaching Secondary Mathematics (2-3)

Introduction to specific methods for use in classrooms for teaching students in grades 6-12 mathematics classes. Prospective teachers of secondary level students will observe, develop, present, and analyze for effectiveness original lessons addressing content standards of the Alabama Course of Study for Mathematics. Emphasis is upon the norms and structures that contribute to safe and stimulating learning environments including professional research and national standards. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Fall and Spring.

EDUC 572 Teaching Secondary Science (2-3)

Introduction to specific methods for use in classrooms for teaching students in grades 6-12 science classes. Prospective teachers of secondary level students will observe, develop, present, and analyze for effectiveness original lessons addressing content standards of the Alabama Course of Study for Science. Emphasis is upon the norms and structures that contribute to safe and stimulating learning environments including professional research and national standards. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Fall and Spring.

EDUC 573 Teaching Secondary Social Studies (2-3)

Introduction to specific methods for use in classrooms for teaching students in grades 6-12 social studies classes. Prospective teachers of secondary level students will observe, develop, present, and analyze for effectiveness original lessons addressing content standards of the Alabama Course of Study for Social Studies. Emphasis is upon the norms and structures that contribute to safe and stimulating learning environments including professional research and national standards. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Fall and Spring.

EDUC 591 Internship for Secondary Education (6)

Supervised field internship for prospective teachers in the secondary education (Alternative A) program, grades 6-12, in a specialty area classroom. Prereq: Admission into the master of science Alternative A fifth-year non-traditional program in secondary education (MSE-FYNT). This course cannot be applied towards a different graduate education program. Offered: Fall.

BIOE 504 Basic Toxicology (3)

Examination of the basics of applied toxicology for the non-technician. Course covers experimental toxicology definitions, biochemical mechanisms, and signs of exposure and insult. Includes an overview of how toxic materials enter the body, how they interact with the body, and how they are eliminated. Students learn specific toxic effects of metals, pesticides, and solvents. Meets a requirement in the biology or general science teaching field of the MSE-FYNT program. Prereq: ENVM 501 or permission of the department. Offered: Fall.

BIOE 510 General Biology for the Secondary Educator (4)

Instructional emphasis on pedagogical techniques for teaching basic biological principles, such as biological chemistry, cellular biology, inheritance, and survey of animals and plants, and ecology. Instruction includes problem-solving and laboratory techniques appropriate for the secondary education classroom. This course is designed to be a part of the master of science in education, Alternative Class A, Fifth-Year Non-Traditional Program in secondary education (MSE-FYNT) and satisfies the biology requirement toward Class A certification in general science. Offered: Summer.

BIOE 514 Wetlands (3)

Introduction to the development, structure, and importance of wetlands, including the background necessary to understand the current controversies concerning wetland protection. Instructional methods include lecture, problem sheets, and field exercises. Meets a requirement in the biology or general science teaching field of the MSE-FYNT program. Prereqs: ENVM 501, 502, 504, and 505, or permission of the department.

BIOE 517 Environmental Biomonitoring (3)

Review of the basics of modern environmental analysis. Topics include proper field sampling and preservation, legal aspects, traceability, and chain of custody records. Aspects of a quality assurance and quality control program are addressed, as well as fundamentals of laboratory instrumentation and air quality monitoring. Meets a requirement in the biology or general science teaching field of the MSE-FYNT program. Prereqs: ENVM 501 and ENVM 505, or permission of the department.

BIOE 519 Conservation Biology and Natural Resource Management (3)

Study of the basic theories, models, and techniques of the science of conservation biology and their utilization in the conservation and management of natural resources. Meets a requirement in the biology or general science teaching field of the MSE-FYNT program. Prereqs: ENVM 502 and ENVM 505, or permission of the department.

CHME 510 General Chemistry for the Secondary Educator (4)

Introduction to problem-solving and laboratory measurement techniques appropriate to the secondary classroom. Instructional emphasis on chemical principles, such as: atomic structure, periodic properties, molecular structure, chemical reactions, stoichiometry, gas laws, thermodynamics, kinetics, equilibrium and electrochemistry. Course concentrates on developing advanced understanding on both the theoretical and practical levels. Meets a requirement in the general science concentration for Alternative Class A Certification in secondary education (MSE-FYNT). Offered: Spring.

COME 519 Argumentation and Debate (4)

Teaches students to analyze, understand, and present public arguments as practiced in law, politics, science, and other public arenas. As a result, it will give roughly equal attention to argument theory and practice. Meets a requirement in the English/language arts teaching field of the MSE-FYNT program. Offered: Summer.

ENGE 500 African-American Literature (4)

Focuses on representative poetry, fiction, essays, film, and music that reflect important movements in African-American literary history. Meets a requirement in the English/language arts teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

ENGE 510 Southern Literature (4)

Examines texts which address dominant themes in the Southern tradition and investigates the current movement of New Southern Studies. Meets a requirement in the English/language arts teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

ENGE 520 Early British Literature Survey (4)

Survey of British literature from the Anglo-Saxon through the medieval period and the Renaissance to the 18th century, with emphasis on preparation for secondary school English/language arts teachers. Meets a requirement in the English/language arts teaching field of the MSE-FYNT program. Prereq: Admission to the MSE-FYNT program. Offered: Fall.

ENGE 530 Graduate Survey of American Literature (4)

Chronological survey of American literature from its beginnings to contemporary times, using the principles and practices of literary interpretation and other skills essential to the discipline and appropriate to the secondary classroom. Meets a requirement in English Language Arts concentration for Alternative Class A Certification in Secondary Education. Offered: Fall.

GEOE 510 Human Geography (4)

Introduces students to the systematic study of patterns and processes that have shaped human understanding, use, and alteration of Earth's surface. Students employ spatial concepts and landscape analysis to examine human social organization and its environmental consequences. They also learn about the methods and tools geographers use in their science and practice. Meets a requirement in the social studies teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

HISE 521 Seminar in American History (4)

Focuses on social, intellectual, cultural, and political developments in American history. Meets a requirement in the history or social studies teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

HISE 531 Seminar in World History (4)

Focuses on historical and cultural developments in one nation or geographic region as a model for understanding world history. Meets a requirement in the history or social studies teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

HISE 541 Seminar in History and Culture (4)

Focuses on historical and cultural developments in American, European, and/or world histories. Meets a requirement in the history or social studies teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

KINE 522 Advanced Adapted Physical Education (4)

Covers pertinent information concerning legislation, inclusion, the physical education IEP, and movement constraints of individuals with physical, intellectual, and emotional disabilities. The contents of this course are tied to national and state professional standards, including those set forth by the Interstate Teacher New Assessment and Support Consortium (INTASC, 2002), and NASPE/NCATE 2001 Physical Education Standards. Preparation of knowledge, skills, and dispositions will be objectives of the course in order to prepare individuals for teaching physical education and promoting physical activity among individuals in diverse communities. Offered: Summer.

KINE 560 Curriculum Design & Development in Physical Education (4)

Focuses on the development of curricula in physical education grades P-12. Principles of curriculum development, existing curriculum models and current trends and contemporary issues related to curriculum development are discussed. This course will focus on information to help potential physical educators attain teaching skills and knowledge (including critical thinking and reflective decision making) necessary to design, implement and evaluate appropriate physical education programs P-12. Offered: Summer.

KINE 565 Strategies and Issues in P-12 Physical Education (4)

The purpose of this course is to update graduate students who are currently teaching physical education or seeking initial certification regarding current state and national issues affecting P-12 physical education programs. Offered: Summer.

MATE 530 Abstract Algebra for Teachers (4)

Introduces students to topics from abstract algebra, including group theory, ring theory, field theory, and rings of polynomials. Course connects content to secondary school mathematics. Meets a requirement in the mathematics teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

MATE 540 Foundations of Analysis for Teachers (4)

Introduction to the essential elements of real analysis, including a thorough discussion of the set of real numbers and the topology of the real line, functional limits and continuity, sequences and series of real numbers, the derivative, sequences and series of functions, the definite integral, Fourier series, Lagrange interpolation, Newton interpolation, and introductory splines. Course connects content to secondary school mathematics. Meets a requirement in the mathematics teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

MATE 560 Discrete Mathematics for Teachers (4)

Introduction to a variety of topics in discrete mathematics. Includes study of graph theory and various counting techniques. Other topics may include Latin squares, magic squares, block designs, and codes. Course connects content to secondary school mathematics. Meets a requirement in the mathematics teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

PHYE 510 General Physics for the Secondary Educator (4)

Instructional emphasis on basic physical principles, such as Newton's Laws, energy and momentum conservation, and the application of these principles in diverse areas of physics, such as mechanics, thermodynamics, wave motion and electricity and magnetism. Includes problem-solving and laboratory measurement techniques appropriate for the secondary education classroom. Course concentrates on developing advanced understanding of previously-learned material at both the theoretical (lecture) and practical (practicum) levels. Meets a requirement in the general science teaching field of the MSE-FYNT program. Prereq: One algebra-based course in general physics. Offered: Fall, Spring, and Summer, on rotation.

POLE 500 American Politics and Economy (4)

Survey of topics vital for an understanding of American national institutions, politics, and economics. Readings, lectures, and discussions will examine the democratic and economic principles of the national government, the institutions of the United States political system, citizen-government linkages, and public policy. Meets a requirement in the social studies teaching field of the MSE-FYNT program. Prereq: Admission to the MSE-FYNT program. Offered: Fall, on rotation.

SPAE 501 Advanced Methodology and Applied Linguistics (4)

Addresses two essential areas for teachers of Spanish: advanced foreign language methodology and applied linguistics. Students will examine methods unique to language teaching and language teachers and use technology for language learning. In applied linguistics students will review Spanish phonetics, second language acquisition, and bilingualism. Meets a requirement in the Spanish teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

SPAE 502 Hispanic Cultures in the Foreign Language Classroom (4)

Using national standards of the American Council on the Teaching of Foreign Language, the course provides an overview of methodologies and approaches to teaching Latin American and Spanish cultures in the foreign language classroom for secondary education. Meets a requirement in the Spanish teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

SPAE 503 Literature and Film of the Spanish-Speaking World (4)

Students will review masterpieces of Hispanic literature and film while developing linguistic proficiency in reading, speaking, writing, and understanding the Spanish language. They will also strengthen their understanding of literary terminology and critical analysis while exploring pedagogical strategies for teaching literature and film in their own classrooms. Meets a requirement in the Spanish teaching field of the MSE-FYNT program. Offered: Fall, Spring, and Summer, on rotation.

INSTRUCTIONAL DESIGN & TECHNOLOGY**IDTE 518 Research Design and Methodology in Instructional Design (3)**

This course introduces candidates for the graduate degree in instructional design and technology to key issues and concepts in quantitative and qualitative research. Candidates develop skills in research design, location and synthesis of research literature to support line of inquiry, basic statistical methodology, quantitative and qualitative data collection and analyses, and how to prepare a scholarly paper. This course is the pre-requisite for the capstone project in instructional design and technology. Offered: Fall.

IDTE 550 Foundations of Instructional Design (3)

This course provides an historical overview of the field and outlines the foundational knowledge, skills, and attitudes needed by professionals in the field of instructional design and educational technology. Offered: Fall.

IDTE 551 Instructional Design I (3)

This course examines theoretical perspectives (behavioral, cognitive, and constructivist) to learning as related to the instructional design process. Motivation theory, as well as new developments in educational neuroscience, will be explored as students learn how these principles are applied to practical settings using a variety of design models. Offered: Jan Term and Spring.

IDTE 553 Instructional Design II (3)

This course provides students with experiences necessary to develop the knowledge, skills, and attitudes required for designing effective instruction utilizing technology. Students will explore the instructional design and development process from analysis through evaluation and engage in authentic instructional design activities. Offered: Spring.

IDTE 556 Designing Multimedia for Instruction (3)

In this course, students will be introduced to principles and current technologies of multimedia systems. Issues in effectively representing, processing, and retrieving multimedia data such as sound and music, graphics, image, and video will be addressed. This course incorporates lectures, tutorials, and hands-on activities to build the skills necessary to create and edit multimedia content. Offered: Spring.

IDTE 563 Organizational Leadership in Instructional Design and Technology (3)

Through extensive case study analysis and research, this course explores the theories and principles that form the foundation of organizational leadership. The influences of culture, diversity, ethics, mission, vision, motivation, communication, and technology on organizational dynamics and leadership will be examined. Utilizing research theory, students will determine and analyze their own philosophies of leadership as they relate to leading, management, conflict resolution, and other organizational dynamics. Offered: Spring and Summer.

IDTE 566 Assessment and Evaluation in Instructional Design and Technology (3)

This course is designed to help students understand the importance of valid and reliable assessments to support learning, the interplay between instructional assessments and larger scale assessments, and how to utilize assessment and evaluation data. Students will also learn how to lead a process of analyzing assessment data for instructional decision-making. Offered: Spring and Summer.

IDTE 570 E-Learning (3)

This course is designed to expose students to the latest innovations in e-learning technologies and environments as well as the theoretical issues central to e-learning. The course will cover online learning environments including, but not limited to, online learning communities, communication and sharing tools, content creation tools, and communities of practice. Students will research and present various emerging e-learning applications and how new approaches to learning can be integrated into today's education/training environments. Issues of target audience, design, usability, and accessibility will be addressed. Students will also work in teams to design, develop and implement e-learning modules using one or more of the technologies explored during the course. Prereq: IDTE 556. Offered: Spring and Summer.

IDTE 575 Issues and Trends in Instructional Design and Technology (3)

This course explores trends and issues of current and historical significance to instructional design. Readings will include contributions of key scholars, past and present, in instructional design and related fields. Includes analysis of trends and issues to track and predict their impact on the future of the field. Offered: Every semester.

IDTE 599 Advanced Practices in Instructional Design and Technology (3)

In this capstone course, students create, use, evaluate, and manage effective learning environments, and demonstrate effective implementation of educational technologies and processes based on contemporary content and pedagogy. Students also complete a professional portfolio. Prereqs: IDTE 518, 550, 551, 553, 556, 563, 566, 570, and 575. Offered: Fall, Spring, and Summer.

Graduate Programs and Requirements

Degrees

Master of Science in Education (M.S.E.) - Class A Certification
 Instructional Leadership
 Music Education*

Master of Science in Education (M.S.E.) - Non-Certification
 Policy, Organizations, and Leadership

Educational Specialist (Ed.S.) - Class AA Certification
 Instructional Leadership

Doctor of Education (Ed.D.)
 Educational Leadership

The Department of Educational Leadership offers graduate education programs in three areas (instructional leadership; policy, organizations, and leadership; and educational leadership) and at two levels of certification (provided current certification requirements of the Alabama State Department of Education have been met): a master of science in education (M.S.E.) degree with Class A certification and an educational specialist (Ed.S.) degree with Class AA certification. An M.S.E. with non-certification is offered in policy, organizations, and leadership. The department also offers a doctorate in education (Ed.D.). See the Graduate Advisement subsection for contact information.

Candidates currently holding a master's degree and Class A certification may complete an 18-hour certification program in instructional leadership.

*See the School of the Arts Music Division section for details on graduate music education programs.

Graduate Admission Standards for Educational Leadership

Admission Requirements

1. Completion of application and payment of application fee.
2. Receipt of two official transcripts from all institutions attended.
3. Satisfactory score on Graduate Record Exam (GRE) admissions test or Miller Analogies Test (MAT).
4. Alabama Class B or Class A certification to be eligible for certification.
5. Satisfactory performance on statement of purpose essay.
6. Satisfactory performance on scholarly writing sample.
7. Three letters of reference. One must be from the applicant's supervisor.
8. Professional portfolio (applies only to M.S.E. in instructional leadership).

The admissions committee will evaluate each candidate on a case-by-case basis and may admit students whose qualifications differ from those listed or who have successfully completed a prior graduate degree. Applicants must meet ALSDE minimum admission requirements to apply for certification upon completion of the program.

Additional requirements may apply to specific programs.

Levels of Admission

Formal Admission

1. Minimum GPA of 2.75 for all college work attempted.
2. Minimum of 295 (combined verbal and quantitative) on the Graduate Record Exam (GRE) or a minimum of 396 on the Miller Analogies Test (MAT).
3. Satisfactory performance on scholarly writing essay.

Transfer Credit

In traditional graduate studies, a student may transfer up to six semester hours of graduate credit from an accredited four-year college or university which has a state-approved graduate program in the major and in teacher education for degree programs only. Exceptions may be granted by the dean of the School of Education. Transfer credits will be evaluated by the educational leadership chair for applicability to the Samford program after application to educational leadership is received. For the interview with the chair, each graduate transfer student will be asked to bring a catalog from the college where the courses were taken. Transfer credits more than six years old will not be accepted. These policies apply to each graduate program.

Graduate Tuition Scholarships

Tuition scholarships are available to all candidates who have been accepted for graduate study at the master of science or educational specialist level. These scholarships are available for courses in education throughout the year. Please note that this scholarship is not available for doctoral students.

Retention and Completion

Students on the M.S.E. and Ed.S. level must maintain a GPA of 3.00; students on the Ed.D. level must maintain a GPA of 3.50. All students must follow a prescribed course of study specified on their program checklist as approved by the Alabama State Department of Education. They must complete all work within six years. All graduate students in an approved program must take and pass a comprehensive examination for each certification area following completion of their coursework. All graduate students receiving initial certification must also pass the Alabama Prospective Teacher Testing Program (APTTP), which includes the appropriate PRAXIS examination. At the end of any semester, a student whose cumulative GPA falls below the required minimum (3.00 for M.S.E. and Ed.S.; 3.50 for Ed.D.) may not continue in the program. Any grade below a C- shall not be counted for credit and the course must be retaken.

Graduate Advisement

Frequent meetings with the graduate advisement counselor are required throughout the graduate program. Samford University complies with the requirements of the Alabama State Department of Education concerning the admission, retention, and completion of all requirements for students seeking Class A or Class AA certification.

Requests for information about or applications to educational leadership should be addressed to the Chair of Educational Leadership, Department of Educational Leadership, Samford University. This office is located in OBB Room 226.

Graduate Program Advisors

M.S.E. in Instructional Leadership – Julie Hannah
 M.S.E. in Policy Organizations and Leadership – Monique Witherspoon
 Ed.S. in Instructional Leadership – Jane Cobia
 Ed.D. in Educational Leadership – Jodi Newton

Master of Science in Education

The master of science in education (M.S.E.) degree is open to candidates who hold a bachelor's degree from a regionally accredited institution. Completion of the degree requires 30 credits beyond a bachelor's degree. Upon successful completion, the candidate is eligible for the master of science in education degree and Class A certification, provided current certification requirements of the Alabama State Department of Education have been met.

Instructional Leadership (M.S.E.)

This program is designed for those holding a bachelor's degree and who are seeking advanced preparation in the field. Upon successful completion, the candidate is eligible for the master of science in education degree and Class A certification (provided current certification requirements of the Alabama State Department of Education have been met). Please contact the chair of educational leadership, OBB 226, for requirements and additional information.

Instructional Leadership (M.S.E.) Required Courses		Course Credits	Total Required Credits
Instructional Leadership Core			15
EDLD 520	Foundations of Instructional Leadership	3	
EDLD 521	Issues in School Finance	3	
EDLD 522	Management Design-School Improvement	3	
EDLD 523	Managing P-12 Exceptional Ed Program*	3

* An applicant for certification in instructional leadership who holds Class A certification in another teaching field or area of instructional support must take ALL courses indicated above that were not required for certification in another program at the Class A level.

Policy, Organizations, and Leadership (M.S.E.)

This program is designed for students who seek leadership positions in educational organizations and institutions. Studies include international education, policy and governance in various educational systems, and innovative concepts. Traditional topics, such as law and finance, are considered from a global perspective. Research and practicum experiences include a variety of work settings, such as educational agencies, foundations, advocacy groups, professional associations, and preschool through higher education. The program is intended for those who do not require K-12 administrative certification.

Policy, Organizations, & Leadership (Non-Cert) Required Courses		Course Credits	Total Required Credits
Policy, Organizations, & Leadership Core			30
EDUC 518	Action Research: Theory and Techniques	3	
EDUC 519	Field-Based Action Research	3	
EDLD 536	Educational Leadership for Learning	3	
EDLD 537	Comparative International Education	3

EDLD 541	Issues in Educational Finance	3	
EDLD 542	Comparative Legal Issues in Education	3	
EDLD 544	Practicum in Educational Leadership	3	
Total Required Credits			30

Educational Specialist

The educational specialist (Ed.S.) program is open to candidates who hold a master's degree from a regionally accredited institution. Completion of the degree requires 30 credits beyond a master's degree. Upon successful completion, the candidate is eligible for the educational specialist degree and Class AA certification (provided current certification requirements of the Alabama State Department of Education have been met). Please contact the chair of educational leadership, OBB 226, for requirements and additional information.

Instructional Leadership (Ed.S.)

This program is open to candidates holding a master's degree from a regionally accredited institution. It is designed to provide administrators in public and private K-12 schools with advanced knowledge and skills to be successful instructional leaders.

Instructional Leadership (Ed.S.) Required Courses		Course Credits	Total Required Credits

Graduate Courses

The courses listed below represent only a portion of the graduate-level education courses available. See the Department of Curriculum and Instruction for additional courses that may apply to programs offered through the Department of Educational Leadership. Two such courses are EDUC 518 (Action Research: Theory and Techniques) and EDUC 519 (Field-Based Action Research). NOTE: Courses numbered 600 and above are open to post-master's degree students.

EDUCATIONAL LEADERSHIP

EDLD 520 Foundations of Instructional Leadership (3)

Overview of the work required of an instructional leader with emphasis on specific skills used to create professional learning communities.

EDLD 521 Issues in School Finance (3)

Study of the economic factors relative to the financing of public schools. Involves in-depth study of taxation, state school finance systems, impact of school finance litigation, budgeting processes, and current/emerging issues in school finance policy.

EDLD 522 Management Design for School Improvement (3)

Exploration of enhanced learning through effective, efficient, and equitable utilization of resources and organizations used to create a learning environment conducive to school success.

EDLD 523 Managing the P-12 Exceptional Education Program (3)

Students explore current legal requirements, state and federal legislation, administrative rulings, recent case law decisions, existing standards, research-based best practices, and leadership trends used in programs serving children who have special needs. Offered: Fall, Spring, and Summer.

EDLD 524 Curriculum Design for P-12 Instructional Leaders (3)

Provides a forum where students will reflect upon the context, student, and content factors that influence curriculum design. Cross-listed with EDUC 524. Offered: Fall, Jan Term, Spring, and Summer.

EDLD 525 Practicum in School Improvement (3)

Purposeful "hands-on" experiences designed to prepare students to lead the essential work of school improvement. Leadership skills are developed through studying the key concepts and skills used by effective leaders, by observing effective models, and by experiencing one's own trial and error in the workplace.

EDLD 526 Legal and Ethical Issues in Education (3)

Overview of how public education is organized and operated and how local, state, and federal laws have played a role in establishing school policies and practices consistent with current legal and ethical standards.

EDLD 527 Internship in Instructional Leadership (3)

Completion of an explicit set of school-based assignments that progress from observing to participating in and then leading activities related to curriculum, instruction, and student achievement.

EDLD 536 Educational Leadership for Learning (3)

Students will gain the knowledge and skills required to direct educational improvement and create a positive climate, a challenging curriculum, and effective instructional practices to increase learner success. As a result of this course, students should understand the work required of an educational leader with specific skills for instructional leadership in educational settings. Offered: Fall, Spring, and Summer, on rotation.

EDLD 537 Comparative International Education (3)

Introduction to comparative international education by exploring the role that history, culture, economics, and politics play in shaping educational systems around the world. Offered: Fall, Spring, and Summer, on rotation.

EDLD 538 Governance and Policy in Educational Systems (3)

Students will gain understanding of governance and policy in educational systems. This understanding will be built as students are introduced to policy debates and acquire knowledge and skills from theories, research, and current practices related to governance and policy in educational systems. Students will examine processes that occur at many levels of the education system—from preschool through college, from the statehouse to the schoolhouse, and from Congress to advocacy groups. Offered: Fall, Spring, and Summer, on rotation.

EDLD 539 Innovative Concepts in Education (3)

Designed to help students understand the factors that are driving change and innovation in educational organizations. Students develop an understanding of the driving force and restraining forces of change, and develop strategies for building organizational capacity for innovation. Offered: Fall, Spring, and Summer, on rotation.

EDLD 540 Design for Educational Improvement (3)

Students will address the need to enhance leadership and improvement in educational settings through effective, efficient, and equitable utilization of resources. Students will develop knowledge of organizations in order to create an educational environment conducive to the success of educational settings/systems. Students will learn the proper allocation of resources such as personnel, facilities, and technology, and develop skills for decisions that give priority to teaching, learning, student achievement, and student development. Students will learn the skills of conflict resolution, consensus building, group processes, and effective communication in order to involve stakeholders in management decisions. Offered: Fall.

EDLD 541 Issues in Educational Finance (3)

Designed to provide the students with knowledge and understanding of the economic factor relative to the financing of institutions that support education. The course involves an in-depth study of taxation; organization's finance systems; the impact of finance litigation; the budgeting process; and current/emerging issues in educational finance policy. Offered: Fall, Spring, and Summer, on rotation.

EDLD 542 Comparative Legal Issues in Education (3)

Students will gain knowledge and understanding of the legal, ethical, and human resource frameworks for leading and managing educational systems. As a result of this course, students will understand how educational systems are organized and operated locally, nationally and globally, and the laws, ethical frameworks, and resource considerations that have played a major role in educational policies and practices. Offered: Fall, Spring, and Summer, on rotation.

EDLD 544 Practicum in Educational Leadership (3)

Designed to provide students the opportunity to engage in the day-to-day work related to educational leadership. The student will complete an explicit set of assignments that progress from observing to participating to leading activities related to completion of their specific workplace expectations. Students will also participate in seminars for the purpose of reviewing and evaluating practicum experiences. Leadership skills are developed through studying the key concepts and skills used by effective leaders, by observing effective models, and by experiencing one's own trial and error in the workplace. Offered: Fall, Spring, and Summer, on rotation.

EDLD 621 Educational Management and Strategic Thinking (3)

This course is designed to provide students enrolled in an educational specialist program with the skills and understanding necessary for successful management of the educational enterprise. Course content will focus on the study of the economics of education, finance, and taxation, including the issues of strategic planning, analysis of policy for fiscal equity and adequacy, staffing, and the use of technology in managing the educational organization. Offered: Every semester.

EDLD 622 Seminar in Academic Leadership (3)

The purpose of this course is to introduce emerging theory and practice designed to equip the school leader with the knowledge and skill to cope with the changing social, political, and economic context of schooling. Major emphasis is placed on chaos theory, complexity science, learner-centered leadership, systems management, and strategic thinking. Offered: Every semester.

EDLD 623 Organizational Innovation: Strategies and Tactics (3)

This course helps students understand the different organizational and human factors that impact an organization's ability to implement and sustain change. Students develop an understanding of the tools of adaptive leadership designed to develop a vision of, and strategies for, implementation of sustainable change. Offered: Every semester.

EDLD 625 Legal and Policy Issues in Education (3)

This course provides for an in-depth study of legal and policy issues inherent in instructional, non-instructional, and administrative positions throughout the education profession. Special attention given to legal and policy issues in the field of special education, personnel, policy development, and specific political issues that impact upon the role and direction of education in America. Offered: Every semester.

EDLD 627 Professional Strategies for Learning (3)

This course is designed for students enrolled in an educational specialist program who seek certification at the Class AA level. The purpose is to prepare educational leaders to become effective mentors, providing guidance and professional support for aspiring future leaders; to successfully facilitate interactions among personnel; and to develop and implement professional development programs that increase student achievement. Class members will review current research, analyze professional development programs, and design a school orientation and induction program. Emphasis is placed on reflective decision making concerning the strengths and needs of employees being served. Offered: Every semester.

EDLD 628 Assessment of Teaching and Learning (3)

This course is designed to provide students enrolled in an educational specialist program with the skills and understanding necessary for successful interpretation and implementation of data for the variety of assessment tools and strategies, the administrator's role in assessment, current and emerging trends for effective work, and overall program evaluation. Offered: Every semester.

EDLD 629 Practicum in Quality Leadership: The Quality Improvement Analysis Project (3)

Participation in a school improvement project utilizing tools of the total quality education process. Emphasis on continuous improvement, identification of the customer/supplier relationship as applied to an education setting, working cooperatively in teams, and utilizing data in solving problems.

EDLD 630 Leading in a Diverse Society (3)

The purpose of this course is to equip the educational leader with the knowledge and skills for dealing with the cultural complexity, challenges, and opportunities that come with demographic diversity. Standardized industrial models of education focusing on test results no longer meet the needs of a pluralistic and diverse 21st century society. Students will develop an understanding of the impact of diversity, and explore emerging strategies for creating programs that better serve all the school's clientele. Offered: Fall, Spring, and Summer.

EDLD 637 Practicum in School Improvement (3)

This course provides students the opportunity to experience practical application of previously studied theory and/or current trends in school improvement. Students will review current literature on school improvement and evaluate application in school settings through site visits, case study analysis, and program evaluation. Offered: Every semester.

EDLD 638 Professionalism and Ethics in Education (3)

This course addresses the educational leader's role as the "first citizen" of the educational community. Students will develop the ability to examine personal and professional values that reflect a code of ethics, accepting responsibility for using their position ethically and constructively on behalf of the school/system where they work. Offered: Fall, Spring, and Summer, on rotation. Offered: Every semester.

EDLD 681 Action Research (3)

Review of the fundamental concepts, principles, and methods of educational research that will establish the foundation for the graduate student to begin to understand the research process. The purpose of this course is to provide an overview of research design for quantitative, qualitative, and mixed methods research studies. Offered: Every semester.

Doctor of Education in Educational Leadership (Ed.D.)

Curriculum

The Ed.D. program requires 66 semester credits above the master of science degree. Students first complete a 30-credit educational specialist program and then begin 36 credits of coursework for the Ed.D. degree. The coursework is organized in the following five categories as recommended by the National Council for the Accreditation of Teacher Education (NCATE):

1. Instructional Leadership
2. Strategic Leadership
3. Organizational Leadership
4. Political and Community Leadership
5. Field-Based Research

A program leading to the doctor of education (Ed.D.) degree is offered in the area of educational leadership. The doctoral program is designed for students interested in leadership issues, as applied to educational institutions. A master of science degree from an accredited institution is required for admission along with other criteria designed to select those students who provide evidence of previous academic success, exhibit leadership skills, have excellent teaching and/or administrative abilities, and show creative energy for solving educational problems.

Admission decisions will be based on a combined evaluation of the candidate's GPA or previous graduate work, qualifying score on the Graduate Record Exam (GRE) or Miller's Analogy Test (MAT), results of a writing sample, written recommendations, and a personal interview. The following requirements are required for admittance:

1. The candidate shall have earned a master of science degree and an educational specialist degree in educational leadership or teacher leader from an accredited college or university.
2. The candidate shall have earned a 3.75 GPA on all previous graduate work.
3. Each candidate shall submit writing samples for the purpose of assessing the candidate's ability to meet graduate school standards.
4. Each candidate must be recommended by his/her immediate supervisor (superintendent, principal) or by a professor knowledgeable of the student's previous academic and/or work experience.
5. Each candidate must submit a minimum of two additional references, one of which shall be a peer or professional colleague and the other a person knowledgeable of the candidate's character.
6. Each candidate will participate in an interview with the cohort mentor team for the purpose of assessing the candidate's leadership abilities and motivation for graduate work.

Admission to the program will be competitive. Decisions will be based on advice from the interviewer(s) and the candidate's ability to meet admission criteria.

Doctoral Courses

EDUCATION - DOCTORAL

EDLD 731 Educational Policy Development and Analysis: The Political Dimension of Schooling (3)

Examination of the factors that influence the development of school and school system policy. Exploration of the origin of policy issues, the educational policy infrastructure, and the interrelationship of educational policy to school practice, with particular emphasis on the political process as the major driving force in the policy-making arena.

EDLD 732 Foundations of Educational Inquiry (3)

Development of skills in designing and implementing research methodologies, reading and interpreting research reports, and developing strategies for converting research into action. Students develop an awareness of, and appreciation for, educational research as a tool for advancing the educational renewal agenda.

Educational Leadership (Ed.D.)

The Instructional Leadership, Ed.S. program must be completed before a prospective student may be admitted to the Educational Leadership, Ed.D. program.

Instructional Leadership (Ed.S.) Required Courses		Course Credits	Total Required Credits
EDLD 621	Educational Business Management	3	
EDLD 622	Seminar in Instructional Leadership	3	
EDLD 623	Organizational Innovation: Strategies & Tactics	3	
EDLD 625	Legal and Policy Issues in Education	3	
EDLD 627	Professional Development & Mentor Training for Quality Education	3	
EDLD 628	Advanced. Eval. of Teaching and Learning	3	
EDLD 629	Practicum in Quality Leadership: The Quality Improvement Analysis Project	3	
EDLD 637	Current Issues in Education & Leadership	3	
EDLD 638	Professionalism & Ethics in Education	3	
EDLD 681	Research in Certification Field	3	
Total Required Credits			30

Educational Leadership (Ed.D.) Required Courses		Course Credits	Total Required Credits
Educational Leadership Core			36
EDLD 731	Educational Policy Development & Analysis: The Political Dimension of Schooling	3	
EDLD 732	Foundations of Educational Inquiry	3	
EDLD 733	Field-Based Inquiry: Authentic Problems of Practice	3	
EDLD 734	Strategic Planning	3	
EDLD 735	Ethical Issues in Education: The Moral Dimension of Schooling	3	
EDLD 737	Organizational Dynamics: Creating the School of the Future	3	
EDLD 739	Foundations of Qualitative Inquiry	3	
EDLD 744	The Emerging School Superintendency: The Practice of Paradoxical Leadership	3	
EDLD 745	The Art & Practice of Negotiation and Conflict Resolution	3	
EDLD 746	Behavioral Research and Statistics	3	
EDLD 750	Dissertation Manuscript Seminar (Must be enrolled until completed. Minimum of 6 hrs req'd.)	6	
Educational Leadership Elective			1
EDLD 742	Dissertation Research	1	
Total Required Credits			36

EDLD 733 Field-Based Inquiry: Authentic Problems of Practice (3)

Examination of authentic problems of practice in a clinical and/or field-based environment. Through this hands-on clinical process, students demonstrate leadership, administrative and management skills, and develop their ability to function effectively as a member of a learning team. Students learn inquiry and research skills as they conduct studies on authentic problems of practice that have direct relationship to the school leader's job.

EDLD 734 Strategic Planning (3)

Review of the skills and understanding necessary for successful management of the educational enterprise. Focus on a study of re-engineering organizations, strategic planning and decision making, the use of technology in managing the educational organization, and creating customer-focused schools and school systems.

EDLD 735 Ethical Issues in Education: The Moral Dimension of Schooling (3)

Study of ethical and moral theory and consideration of school administration as a moral activity. Central focus on helping students articulate an explicit set of values and beliefs to guide their actions. Religious, economic, social, and cultural issues that affect expectations about schooling are explored in an effort to help school administrators understand that all administrative decisions have ethical implications.

EDLD 737 Organizational Dynamics: Creating the School of the Future (3)

Investigation of emerging organizational behavior theory and its application to the development of the school and school system of the future. Major emphasis on the concept of building human capital as central to managing organizational behavior in education.

EDLD 738 The Learning Organization (3)

Exploration of the art and practice of learning organizations as applied to educational institutions. Students are provided with the knowledge needed to develop their skills in leading schools by taking a learning orientation as the major strategy for educational reform.

EDLD 739 Foundation of Qualitative Inquiry (3)

Introduction to qualitative inquiry, including an understanding of qualitative research methods and guidance in designing and implementing a qualitative research project. Includes opportunity to design and implement a qualitative study through guided instructions.

EDLD 741 Directed Doctoral Study (2)

Directed doctoral study provides the student with optimal support and direction in his/her dissertation research. The director of the dissertation and the student's dissertation committee provide ongoing supervision and assistance for completion of the dissertation phase of the student's doctoral program. Course may be repeated for a maximum of 12 credits.

EDLD 742 Dissertation Research (1)

Additional support and direction in the completion of doctoral research. Student works with the dissertation committee to complete research, data analysis, dissertation writing, and dissertation debate. Grading is pass/fail.

EDLD 743 Seminar in Educational Leadership (1)

Doctoral students are provided additional opportunities to explore current political, economic, and social issues that impact the governance of education. Students read and discuss current literature and interact with leaders from education, business, and governmental agencies.

EDLD 744 The Emerging School Superintendency: The Practice of Paradoxical Leadership (3)

In-depth study of the major tasks and related activities of school superintendents. Students are provided opportunities to study complex issues driving the changing role of school superintendents. Problem-based learning, case study analysis, and action research are also used to develop the skills necessary for leading a complex organization operating in a chaotic environment.

EDLD 745 The Art and Practice of Negotiation & Conflict Resolution (3)

Focuses on strategies of negotiation and conflict resolution such as managing organizational issues and conflicts, avoiding litigation, mediating differences, defusing crises, and dealing with difficult individuals.

EDLD 746 Behavioral Research and Statistics (3)

Designed to enhance innovative research in the doctoral program, this course builds on the introduction to research and basic statistics course (EDLD 733 Field Based Inquiry). It provides students the opportunity to develop advanced skills in quantitative research design, advanced statistics, and the use of a social science statistical software package (Predictive Analytic Software [PASWI]). Students will explore a large-scale data set to pose an educational research question of their choice. Students will analyze data, interpret, and write up results. Prereq: EDLD 733. Offered: Fall and Spring.

EDLD 750 Ed.D. Dissertation Manuscript Seminar (3)

Focus on identification of a research topic, development of a research plan, implementation of the plan, and presentation of the dissertation-manuscript. Working under the direction of faculty members, students culminate the program of study in a final public presentation of the completed dissertation-manuscript. Can be repeated for a maximum of 12 credits. Grading is pass/fail. Prereqs: EDLD 732 and EDLD 733. Offered: Fall, Spring, and Summer.

Accelerated Programs

3+3 Law Program (B.A. in HDPE/J.D.)
Fast Track Master of Social Work Program (B.A. in HDPE/M.S.W.)

Human development and family science is an interdisciplinary field of study which applies knowledge and research about individuals and families in a changing world. This discipline concerns the study of an individual's physical, emotional, social, cognitive, and spiritual development from birth through adulthood and how that individual development impacts the family unit.

Students gain the knowledge and service-learning experience required to plan, implement, and evaluate educational programs and services designed to optimize family functioning within the larger society. Courses expose students to both the research and theory supporting the ten content areas required to become a certified family life educator through the National Council on Family Relations (NCFR). The content areas include: families and individuals in societal contexts, internal dynamics of families, human growth and development across the lifespan, human sexuality, interpersonal relationships, family resource management, parent education and guidance, family law and public policy, professional ethics and practice, and family life education methodology.

Mission Statement

Enriching the lives of families through education, service and advocacy.

Certification

Since 1999 the human development and family science curriculum has met the requirements for the Provisional Certified Family Life Educator (CFLE) designation awarded by the National Council on Family Relations (NCFR; www.ncfr.org).

Degree Programs*

The Department of Human Development and Family Life Education (HDPE) offers a bachelor of arts (B.A.) degree in human development and family science.

Some students may choose to specialize in one of the pre-established concentrations (see below for further details about these concentrations) in child development education, child life specialist, gerontology, the 3+3+ law program, or the fast-track master of social work program, or they may wish to declare a minor in one of the numerous possibilities throughout the academic programs available at Samford.

The department also offers a minor in human development and family science.

*During your first semester as a major or minor, you must obtain and submit your ABI and FBI fingerprint and background check.

Child Development Education Concentration

This concentration focuses on the development and education of young children from infancy through preschool. Students in this concentration receive education and experience which prepares them for work in early childhood settings as a preschool teacher and/or administrator. Special emphasis is given to the importance of family involvement during this most crucial time of development.

Child Life Concentration

This concentration may interest students who desire to work in a medical setting to provide emotional support and coping strategies for children and their families facing short and long-term hospitalization and other health care related issues. Upon completion of this concentration, students must submit their coursework for review to the Child Life Council, as well as pass a certification exam to become a Certified Child Life Specialist. Extensive clinical hours, including a 600-hour internship experience, is also required by the Child Life Council. Completion of the coursework does not guarantee certification. For more information regarding certification, please visit www.childlife.org.

Gerontology Concentration

Due to the rapid growth of the aging population, this concentration prepares students to provide services and research for those in the later stages of the lifespan. Special emphasis is placed upon how aging affects the individual as well as the family system. Caregiving is an important service that families provide for their loved ones as well to the larger society. Professionals with a gerontology background can help individuals and their families through the successful transition required during this stage of life.

3+3 Law and Family Science Program

For students interested in family law, policy, or advocacy, the 3 + 3 law program combined with a degree in human development and family science is ideal for students interested in adoption, divorce, foster care, intimate partner violence and other areas impacting the well-being of children and families.

Samford University and the Cumberland School of Law have created an accelerated law degree program which permits a Samford student who has completed three-fourths of the work acceptable for a bachelor's degree to be admitted to the law school. After successful completion of the first year of classes at Cumberland, the student will be awarded a bachelor's degree in his/her undergraduate major. This program is available to Samford students from several undergraduate majors. However, the human development and family science degree works particularly well for those interested in family law and policy issues. This program requires acceptance into Cumberland Law School following the normal application process, and careful advisement and documentation in order to ensure the completion of the bachelor's degree. Please consult your academic advisor for additional details regarding this program.

Fast-Track Master of Social Work and Family Science Program

Human development and family science majors are eligible to participate in a fast-track option that allows students to graduate with a bachelor of arts degree in human development and family science and a master of social work (M.S.W.) after just five years of study. The first three years are dedicated to completion of all required undergraduate courses. Students then enroll in M.S.W. courses during their senior year of undergraduate studies. The M.S.W. courses they complete during that year also satisfy general and directed undergraduate elective requirements, allowing them to graduate with a bachelor's degree after four years of study. A final year of graduate coursework leads to completion of the M.S.W. Participation in this program requires careful advisement and scheduling, as well as permission of both the undergraduate department chair and the chair of the Department of Social Work.

Career Options

Many human development and family science majors are attracted to job opportunities available through non-profit and not-for-profit organizations. The program is designed to prepare students for professional careers in the helping professions, in human service agencies, the non-profit and not-for-profit sectors, or for graduate school and research. Career options include counseling, marriage and family therapy, family life education, parenting education, helping professions, elder care services, family and social services, child development, youth ministry, family policy, community advocacy, and education.

While human development and family science is a solid foundation for a career in the helping professions, a master's degree or higher may be required to practice and be employed at a competitive level. A significant portion of human development and family science majors plan to attend a master's degree program.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Courses

HUMAN DEVELOPMENT & FAMILY LIFE EDUCATION

HDFE 200 Professional Perspectives in Family Science (2)

Exploration of career calling in the field of family science. Examination of the historic development, interdisciplinary nature, and integrative perspectives in the field. Students will formulate individual plans for education and career calling. Students will investigate professional opportunities within business, education, research, and service agencies. Grading is pass/fail. Offered: Fall, Spring, and Summer.

HDFE 202 Marriage and the Family (4)

Overview of theories and research methodologies related to the study of relationships in modern personal and family living. Topics covered include dating, marriage, stages of family life, intrafamily relationships (e.g. husband-wife), parenting, the role of family and extended family, as well as micro and macro level influences on family issues. Offered: Fall and Spring.

HDFE 290 Introduction to Child Life (2)

An introduction to the field of child life taught by a Certified Child Life Specialist. This course encompasses the six required topics set forth by the Child Life Council: Child Life Documents; Scope of Practice; Impact of Illness, Injury, and Health; Family Centered Care; Therapeutic Play; and Preparation. Offered: Summer.

HDFE 300 Parenting (4)

Exploration of emotional, physical, and sociological aspects of parenthood, with special attention on the needs of children. Introduction to parenting philosophies, theories, and programs, including developmental parenting throughout the lifespan, family diversity, and challenges to contemporary parents and their children. Focus on parent education programs and how the family life educator can present and use these programs. Offered: Fall.

HDFE 310 Counseling Foundations (4)

Emphasis on (1) orienting students to the field of counseling, with its different settings and variety of activities, and (2) equipping the student with basic understanding of counseling techniques and basic skill proficiency intended to serve the student well in many aspects of interpersonal interaction. Prereq: HDFE 202. Offered: Fall, on rotation.

HDFE 322 Family Life Education (2)

Introduction to the general philosophy and broad principles of family life education, in conjunction with the ability to plan, implement, and evaluate such educational programs. Students observe family life education in practice, and then critique and develop their own curriculum presentations. Emphasis on process-oriented teaching methodology. Prereq: HDFE 202. Offered: Fall.

HDFE 324 Human Sexuality (4)

Examination of human sexuality from multidisciplinary perspectives, including the biological, spiritual, psychosocial, and cultural dimensions. Discussion of beliefs and values that influence individual health and well-being. Implications for personal values formation and decision-making. Co-listed as PSYC 324 and SOCI 324. Prereq: HDFE 202. Offered: Spring.

HDFE 330 Death and Dying (4)

Introduction to personal death awareness, including aspects associated with counseling clients who are facing death, as well as the concerns of family members going through the grief process. Offered: On rotation.

HDFE 331 Family Dynamics (4)

Analysis of family dynamics from a systemic, developmental framework. Students are challenged to examine common and particular needs and issues of families as they navigate through the family life cycle. Includes examination of the contemporary social context in which families operate. As a writing course, HDFE 331 focuses on training students to develop effective APA research writing skills. Prereq: HDFE 202. Offered: Spring.

HDFE 345 Families and Health (4)

Study of dynamic aspects of health and wellness in the family throughout the lifespan. Focus on preventative and remedial approaches to safeguarding emotional and physical health to promote optimal well-being for families. Impact of illness and disabilities on family dynamics. Emphasis on family behaviors related to nutrition, fitness, stress, and illness, and responsibly contributing to their own and others' health and well-being. Prereq: HDFE 202 or instructor permission. Offered: Spring.

HDFE 346 Family Resource Management (4)

A study of the decisions individuals and families make about developing and allocating financial and human resources including time, money, material assets, energy, friends, neighbors, and space, to meet their goals throughout the lifespan. This course examines the complexities of family dynamics and societal influences in the resource allocation process. Prereq: HDFE 202 or instructor permission. Offered: Fall.

HDFE 350 Introduction to Non-Profit Organizations & Grant Writing (4)

Survey course that explores the role of non-profit organizations in society. Students will examine the theoretical, philosophical, practical, and ethical perspectives related to the creation and administration of non-profit organizations, including grant writing. Prereq: HDFE 202. Offered: On rotation.

HDFE 360 Infant and Child Development (4)

Overview of the science of child development. Includes introduction to major theories of child development and a close examination of the major domains of child development (cognitive, physical, social-emotional) from prenatal to early adolescence. Special focus will also be given to specific disabilities which interplay with development (e.g., ADHD, autism). Additionally, students will gain hands on training and practice administering the Denver II instrument. Prereq: HDFE 202. Offered: Fall.

HDFE 365 Adolescent and Adult Development (4)

In depth study of the physical, emotional, cognitive, social, personality, and spiritual development of persons from adolescence through later life. Major theories of adolescent and adult development are presented as well as various issues related to these stages such as peer relationships, dating, marriage, career choice, transitions to parenting, empty nest, mid-life, and retirement. Prereq: HDFE 202 or instructor permission. Offered: Spring.

HDFE 366 Gerontology and the Family (4)

Introduction to the growing field of family gerontology. Serves as the introductory course for the gerontology concentration within the human development and family science major. Students will gain an understanding of demographic trends, theoretical perspectives, and research methods in gerontology. Students will examine major developmental late-life events and the impact of those events on the family. Special attention will be given to issues involving family caregiving. Offered: Fall and Spring.

HDFE 370 Practicum in Family Life Education (4)

Students complete a practicum of 125 hours in a child/family/social/community agency, as well as attend class. The focus is on personal and professional development, ethical guidelines of various helping professions, and compilation of a professional portfolio. Practicum sites must meet specified criteria, available from the HDFE practicum supervisor. Enrollment is limited to juniors and seniors. Prereq: HDFE 202. Offered: Fall and Spring.

HDFE 375 Independent/Special Study (1-5)

Individual problem selected by the student, with approval of the department chair, arranged with the guidance and supervision of an assigned staff member. Prereq: HDFE 202. Offered: See advisor.

HDFE 383 Research Methods (2)

Introduction to research methods in family studies. Drawing on examples from the discipline, this course introduces students to basic elements of scientific thought and stages in the quantitative research process, as well as research ethics. Students design a research project that is completed in the senior research course to follow. Prereq: HDFE 331. Offered: Fall.

HDFE 390 Child Life Practicum (4)

Students in the child development education concentration work (as volunteers) in an early childhood learning program under supervision of its staff and Samford faculty. Class meets once per week for 2 hours and 40 minutes, plus 8 hours per week of field experience. (Students pursuing the child life concentration will work as volunteers in a hospital child life program under supervision of the hospital child life staff and Samford faculty.)

HDFE 391 Therapeutics of Play (2)

This course focuses on the therapeutic aspects and/or learning objectives of play. Play is considered the primary vehicle and indicator of physical, intellectual, social and emotional development of children. Students will explore the classical and contemporary theories or concepts of play through observing, structuring, assessing, and using play to make judgments on children's learning. This course is required for students seeking certification as a Child Life Specialist. Prereq: HDFE 202. Offered: Every semester.

HDFE 397 Special Topics (1-4)

Examination of a particular topic in human development and/or family science that is not normally examined in depth in the regular course offerings. This course is designed to teach students about a special research interest of a faculty member or a newly emerging area of family science. Topics vary. May be repeated for a maximum of 12 credits. Prereq: HDFE 202 or instructor permission.

HDFE 399 Special Topics Abroad (4)

Special courses designed for and offered through the Office of International Studies. Topics vary. May be repeated for a maximum of 12 credits. Prereq: HDFE 202 or instructor permission.

HDFE 400 Family Law and Public Policy (4)

Promotion of interdisciplinary knowledge in the content areas of family law and public policy. Topics include legislation and policies relating to marriage, family leave, divorce, family support, child custody, child protection, and economic support for children and families. Ethics are emphasized as pertaining to the lifespan and to the helping professions, specifically human development and family life education. Prereq: HDFE 202 or instructor permission. Offered: Spring.

HDFE 413 Multicultural Perspectives (4)

Overview of contemporary family science scholarship related to multicultural, diversity and gender perspectives. Examines the centrality of cultural identity and gender in the organization, structure and functioning of families and societies. Cultural competence and cross cultural skills are explored through multicultural and diversity perspectives in national and international contexts. Offered: On rotation.

HDFE 483 Senior Research (2)

Capstone course designed to familiarize seniors with theoretical and applied research, and research ethics, as it relates to their particular discipline and interests. Final objective is a senior project, which is evaluated by practitioners in the field. Prereq: HDFE 383. Offered: Fall.

HDFE 490 Child Life Internship (12)

Students complete an approved Child Life internship experience in a hospital setting. All internship experiences are supervised by a certified Child Life Specialist and involve a minimum of 480 hours of experience. Enrollment in this course is dependent upon acceptance into an approved hospital program. Security clearance and proper immunizations may be required by the hospital prior to the start of the internship. Failure to meet these requirements may result in termination of enrollment. Prereqs: HDFE 390 and instructor permission.

HDFE 491 Child Development Education Internship (12)

Students complete an approved internship involving a minimum of 450 hours of clinical, structured experiences working with young children and their families in one or more early childhood learning center locations. Hours include a minimum of four supervisory consultations by approved University personnel. Travel within and outside the Birmingham metro area may be required to reach the site(s). Students enrolled in this course MUST have a **negative security clearance** by the Alabama Department of Human Resources prior to the start of their internship. Failure to receive clearance may result in termination of enrollment. Prereqs: HDFE 390 and instructor permission. Offered: Spring.

Undergraduate Programs and Requirements

Majors

Early Childhood/Special Education/Elementary/Collaborative (ESEC)
Elementary Education with a Concentration in
Christian Education and Missions (ELMN-CEM)
Secondary Education (SEED)

The Department of Teacher Education offers three distinct undergraduate majors—ESEC (early childhood/early childhood special education/elementary/elementary collaborative); elementary education with a concentration in Christian education and missions; and secondary education—all leading to a bachelor of science in education.

Teacher certification is available in the collaborative degree program (ESEC) for grades P-3 (early childhood education and early childhood special education) and grades K-6 (elementary education and elementary collaborative education), in the elementary education program for grades K-6, and in secondary education for grades 6-12 (biology, English, French, German, history, mathematics, Spanish). In addition, the department offers P-12 teacher certification in world languages and music for students pursuing bachelor's degrees in those respective departments.

Each program offered by the teacher education department complies with teacher certification requirements prescribed by the Alabama State Department of Education. Certification requirements outlined by the Alabama State Department of Education differ slightly from traditional Arts and Sciences majors and must be followed exactly.

Information about other programs may be obtained from the department chair or advisor. While all teacher education students are advised in the department, it is also imperative that any student planning to earn certification in education come to the Orlean Beeson School of Education at the beginning of the freshman year for advisement.

The School of Education is accredited by the National Council for Accreditation of Teacher Education (NCATE, www.ncate.org), 2010 Massachusetts Avenue NW, Suite 500, Washington, DC 20036.

Special Requirements

A summary of special requirements for teacher education undergraduate students in general may be noted:

1. ESEC majors are not required to earn additional majors or minors; however, a concentration in Christian education and missions may be earned by selecting three additional courses.
2. Students earning P-12 certification in world languages are not required to earn additional majors or minors.
3. Students wishing to take courses from other colleges must obtain permission beforehand to ensure program compatibility.
4. Students choosing to take a course offered in summer terms or during the Jan Term, will incur additional tuition expenses.
5. Students must complete their program within four years of being admitted to teacher education or reapply for admission.

Admission

Admission to teacher education undergraduate programs and permission to enroll in selected Teaching Field and Professional Studies level courses requires:

1. A minimum grade of C- in all required courses.
2. Successful completion of EDUC 200, 202, 300, 323 (ESEC/ELMN)*
OR
Successful completion of EDUC 200, 202, 213 (Secondary, SEED)*
*Courses may be taken prior to admission to teacher education.
3. Completion of 60 credits of coursework with a GPA of at least 2.75.
4. Completion of a projected schedule with the teacher education advisor.
5. Satisfactory completion of the Professional Expectations and Responsibilities Module.
6. Completion of an interview with a faculty member in the School of Education.
7. Documentation verifying ABI and FBI criminal background checks (at the student's expense).
Note that any student taking a teacher education course (EDUC) with an embedded field experience must provide documentation verifying ABI and FBI criminal background checks at the expense of the student. The teacher education advisor will assist with background check information.
8. Passing scores on all three (3) sections of the Praxis Core Academic Skills for Educators examination.
9. Two (2) Dispositions Phase I forms: One from general education faculty and one from teacher education faculty.
10. Demonstration of satisfactory potential for teaching, including evidence of emotional stability and a satisfactory record as to conduct, character, and mental health, to the effect that the applicant does not have any personal qualities prejudicial to satisfactory performance as a teacher.
11. Completion of application for admission.

Acceptance is contingent upon the recommendation of the faculty admissions panel.

Applicants will be notified in writing of their acceptance or rejection. Transfer students follow the same admission policies. Education courses (EDUC) may *not* be transferred into the teacher education program without permission from the department chair.

Retention

Once admitted to an undergraduate teacher education program, candidates must maintain a minimum GPA of 2.75* (cumulative, major courses, and professional courses) and must maintain professional dispositions desirable for teachers.**

* Failure to maintain the required minimum cumulative GPA, major teaching field GPA, and professional field GPA will prevent a student from enrolling in specific education courses until that GPA requirement is met. Grades below C- in any EDUC course are not permitted; in cases where a lower grade is earned, the course must be repeated.

**Any teacher education candidate who, in the opinion of the School of Education faculty, develops dispositions or characteristics deemed undesirable for the profession may, after review, be removed from, counseled out of, or presented with the option to graduate without certification from the program, regardless of GPA.

Field Experiences

Field experiences in K-12 schools and other learning settings are an essential component in the learning process of becoming a professional educator. It is the philosophy of the teacher education faculty that candidates be placed in these settings early and often in their programs of study. All teacher education majors are required to complete a variety of field experiences in a range of settings with diverse populations of students. Field placements will be within driving distance from the university campus. Some EDUC courses hold classes off campus at a partner school campus.

Clinical Internship

Clinical internship experiences immerse candidates in a school or learning setting culture and affords them the opportunity to teach while receiving support from an in-service professional and a university mentor. The capstone clinical internship experience includes approximately 15 weeks of student teaching.

Teacher Certification Subject Areas Offered (P-12 and Secondary Education)

Composite Subject Areas (Grades 6-12)	Major Subject Areas (Grades 6-12)	Major Subject Areas (Grades P-12)
English/Language Arts History/Social Studies	World Languages: (French, German, Spanish) Biology, History, Mathematics	World Languages: (French, German, Spanish) Instrumental Music Vocal/Choral Music

Teacher Certification

In order to be recommended for licensure, candidates must pass all exit exams and licensure requirements as mandated by the Alabama State Department of Education.

If a student successfully completes all program requirements, he/she may graduate, but cannot be recommended for certification until all exams are passed and all requirements are met.

Secondary Education and P-12 Majors

Curriculum requirements for secondary education and P-12 education requirements may be obtained from the certification officer/advisor, or the director of secondary education. All secondary education (SEED) majors are required to meet with the certification officer/advisor upon admission to the University to ensure timely program completion.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Additional information about admissions, retention, certification, and specific programs can be found in the *Undergraduate Teacher Education Handbook*.

Undergraduate Courses

EDUCATION - UNDERGRADUATE

EDUC 200 Foundations of Education (4)

This course is designed to guide prospective teacher education candidates in developing insight into contemporary educational issues. Students will examine philosophical and historical trends in education. This course is designed to develop a deep level of reflectiveness about the central issues it examines: the teacher as a moral role model who may experience the moral tension between caring and fairness in teaching, school reform, equality of opportunity, and student diversity, especially cultural diversity in the backgrounds of students. A field experience component is embedded.

EDUC 201 Sign Language I (1)

Introduction to finger spelling as well as American Sign Language issues pertaining to the deaf community.

EDUC 202 Issues and Trends in Special Education (2)

This course is an introduction to special education issues and trends to be taken by prospective teacher education candidates. Students will review the history of special education; laws and legislation in special education; current practices in special education; characteristics of students with disabilities; identification and teaching of students with disabilities; accommodations, modifications, and adaptations for students with disabilities; and impact of special education services on the general education classroom.

EDUC 204 Tutoring Experiences in Education (2)

Provides an introductory field experience opportunity for undergraduates interested in pursuing a career in teaching.

ESEC Major (B.S.E.)

The following requirements apply for a combined major in: early childhood education (Grades P-3); early childhood special education (Grades P-3); elementary education (Grades K-6); elementary collaborative education (Grades K-6).

Elementary Education Major (ELMN) with a Concentration in Christian Education and Missions (B.S.E.)

This program is designed to give students a broad, multidisciplinary approach to Christian education within the context of a local church or mission field. The program provides students with both the academic rigor and the practical experience necessary to successfully minister to children and youth. In addition, students will develop an awareness of how to engage families as partners in the spiritual development of children. Students pursuing this degree will be certified to teach students in grades K-6 and will be prepared for any aspect of Christian education including missions outreach, and Children's and Youth Ministries.

Secondary Education Major (B.S.E. w/Teacher Certification)

The secondary education major is a Class B teacher certification program. Students in this major must choose a content area and take all required courses to meet state certification qualifications. Students also have the option of pursuing a second major. All electives must be directed by the advisor.

EDUC 213 Adolescent Development within the Educational Culture (2 or 4)

Study of the life span between childhood and adulthood, a time when major adaptations are made in the total organism. Emphasis on these adjustments, including modifications of a physiological, physical, psychosocial, sexual, moral, and cognitive nature. Special consideration given to education of the adolescent, including gender differences, learning styles, learning theories, and motivation. Primary focus on how adolescents are impacted by these changes, how they deal with them, and how this is reflected in their behavior within the educational environment, plus implications for the educator. Clinical experiences included for secondary teacher education students, who should take course for 4 credits. Students not involved in clinical experiences should take the course for 2 credits.

EDUC 221 Issues within the Educational Culture (4)

Exploration of contemporary educational issues for prospective teachers. Students examine philosophical and historical bases of education as a profession and apply an understanding of such frameworks to an analysis of current issues in education. Emphasis on assigned readings and analyses of cases drawn from real-life situations in order to challenge students to view the educational process from many perspectives and to begin their journey as reflective decision-makers. Students will develop an informed personal philosophy of education, which they will continue to challenge throughout their educational program. Co-req: EDUC 222.

EDUC 222 Clinical Experiences in the Educational Culture (4)

Intensive field experiences (45 hours) in urban, rural and suburban educational settings. Focus on student development of a personal philosophy of teaching/learning based on observation of sound teaching practices and strategies. Reflective decision-making skills developed through observational journal writing and actual classroom teaching experience. Methodologies include field experience, lecture, journals, case studies, and problem-solving sessions. Designed for prospective P-12 teachers. Co-req: EDUC 221.

EDUC 223 Introduction to Technology (1)

Introduction to currently available technology for prospective teachers. Includes instruction on how students can use various media in their classrooms, in their own education, and in their own professional careers. Emphasis on how multi-media can be used to meet the needs of various learning styles.

EDUC 300 Integrated Arts in the Elementary School Classroom (4)

This course seeks to prepare prospective teacher education candidates to utilize the arts in preparation of lesson and unit design. Candidates must be aware that quality arts-integrated instruction can impact student achievement through meeting the needs of all students, increasing student comprehension, as well as increased motivation and engagement. Arts integration will support student understanding at all levels and will inspire students to take responsibility for their own learning. Through this course, students will gain knowledge of the important tenets of each arts discipline, critical pedagogical strategies for teaching the arts and connecting the arts to the other curricular areas. A field experience component is embedded.

EDUC 301 Diverse Learners in Today's Classroom (3)

Meeting the needs of all students is an essential task for all educators and upon completion of this course candidates will understand why diversity is an important consideration in the context of education. This course will include an overview of the theory and research behind differentiated instruction and present them with classroom instructional strategies designed to respond to the varying needs of students. Candidates will engage in various learning activities through which they will learn and implement teaching strategies designed to individualize learning activities to take advantage of each student's strengths, interests, and readiness.

EDUC 302 Research in Special Education (3)

This course reviews the specific characteristics and needs of students with high and low incidence disabilities identified in the early childhood and elementary years. This course will teach candidates how to manage the varied behavioral and medical needs of students with disabilities, as well as how to implement evidenced-based practices in behavior management, academic instruction, and family involvement in the P-6 classroom. Prereq: EDUC 202.

EDUC 303 Assessment Procedures and Processes for Students with Disabilities in the P-6 Classroom (3)

This course serves as an overview of assessment procedures and processes in special education. Candidates will learn of the current processes and procedures in place for referral, placement, and reevaluation in special education. Students will be taught how to assess student progress using both standardized and non-standardized assessment instruments. Candidates will also be taught how to interpret test results into a report-like format and explain test results to parents and other professionals. Students will be able to use the results from an assessment team report to write an Individualized Education Plan (IEP) focused on the individual needs of a student. Prereq: EDUC 202.

EDUC 305 Teaching in the Middle School (4)

Study of middle school philosophy and objectives. Emphasis on curriculum plans and activities for meeting the educational needs of preteens and early teenagers.

EDUC 307 Foundations of Leadership (4)

Introduction to the foundations of leadership and the importance of principled leadership in all areas of life.

EDUC 308 Foundations of Educational Missions (3)

This course is designed to provide undergraduate teacher education candidates the aims, methods and principles of teaching in a mission setting, with regard to: locally, nationally, and internationally. This course is designed to support pre-service teachers who desire to participate in educational missions.

EDUC 309 Issues and Trends in Christian Education (3)

This course is designed to provide undergraduate teacher education candidates an overview of Christian education; the history, goals, issues and function within the community. In addition, candidates will be guided to discover their own spiritual gifts that will inform their personal philosophy of Christian education.

EDUC 311 The Development of the Young Child (2)

Introduction to the developmental characteristics of the child from conception to age eight, or the end of the primary grades. Special consideration given to developmental dynamics of the following areas as they relate to working with this age child: physical, social, psychological, emotional, cognitive, moral, and psycholinguistic. Additional coverage includes instructional planning and strategies for children with special needs. Co-reqs: EDUC 312, 313, and 316.

EDUC 312 Principles of Early Learning (6)

Introduction to the principles of early learning in preschool, kindergarten, and primary grades for the prospective teacher. Emphasis on development of an integrated curriculum in content areas, assessment, classroom management, teaching to divergent cultures, and inclusion of students with special needs. Class members are expected to apply knowledge of these principles of early learning as they analyze case studies and develop lesson plans. Students are also required to create an integrated, thematic unit and teach lesson plans they have written and evaluated. Co-reqs: EDUC 311, 313, and 316.

EDUC 313 Application of Early Learning (6)

Application of early learning principles through problem-based decision cases that focus on self-reflection and decision-making, plus the technology that supports the instructional process. Includes seminars with classroom teachers and interactive clinical experiences. Designed for prospective teachers of children from infancy through age eight. Co-reqs: EDUC 311, 312, and 316.

EDUC 315 Teaching Methods and Management in Secondary Classrooms (3)

This course is designed to expose prospective teachers to methods of teaching, classroom management, and the creation of effective learning environments for pre-adolescent and adolescent students with a goal of appreciating the great diversity that exists among students today. Emphasis is upon developing reflective practitioners who draw upon an array of solutions to classroom challenges as represented in literature, research, and informed practice in the field of secondary education.

EDUC 316 Practical Teaching and Learning (2)

Early childhood field experience as a prelude to the professional semester. Emphasis on curriculum development and implementation, plus reflective decision-making and integrated teaching/learning strategies within the framework of a multicultural educational and special needs setting. Designed for elementary and early childhood education majors contemplating a P-6 teaching career. Co-reqs: EDUC 311, 312, and 313.

EDUC 321 Foundations and Applications of Effective Planning and Instruction (4)

This course is designed to introduce pre-service teachers to instructional design and implementation. This course develops prospective teachers' understanding of individual learners and how to select and design appropriate strategies as well as resources to enhance understanding. Students in this course will develop the ability to think through important educational issues and make informed decisions regarding planning and instruction. This course will include a blend of university instruction and field experiences within a partnership setting. On-site coursework at a K-12 school will support theory and practice. Co-reqs: EDUC 322, 326, 412, and 413.

EDUC 322 Teaching Language Arts in the Early Childhood and Elementary Classroom (3)

This course is designed for elementary and early childhood education majors interested in a P-6 teaching career. The purpose of the course is to establish a foundation of content and application relative to the teaching of language arts as it relates to the P-6 curriculum emphasizing reflective decision making and integrated teaching/learning strategies. Methodologies utilized will include discussion, lecture, field experiences, case studies, problem solving sessions, projects and research. A field experience component is embedded. Co-reqs: EDUC 321, 326, 412, and 413.

EDUC 323 Overview of Child Development (2)

Establishment of a comprehensive knowledge base of developmental characteristics regarding the child of elementary school age (nine to eleven). Includes major developmental theories related to the areas of cognition, learning, motivation, communication, language acquisition, physical, social, psychological, and moral development.

EDUC 324 The Arts Curriculum (6)

Establishment of a foundation of content and application relative to an arts-based P-6 curriculum emphasizing reflective decision-making and integrated-teaching/learning strategies. Methodologies utilized include discussion, lecture, field experiences, projects and research. Designed for elementary and early childhood education majors contemplating a P-6 teaching career.

EDUC 325 Teaching of Reading I (4)

This course is designed to introduce prospective teachers of children in grades pre-kindergarten through third grade to principles of early learning acknowledging cultural, social, and developmental differences among children. This course develops prospective teachers' understanding of language development and literacy as fundamental to learning and academic development. Co-reqs: EDUC 327 and EDUC 421.

EDUC 326 Math Literacy in the Early Childhood & Elementary Classroom (4)

Students are living in a mathematical world where those who understand and can do math will have opportunities that others do not (NCTM, 2010). This course is designed to impact prospective teacher's understanding of current mathematical teaching and learning theory and principles through the investigation of research-based practices. Content and position statements from NCTM and Alabama's CCRS are given prominence. Prospective teachers gain insight into relevant mathematical concepts and principles, the impact of real-life mathematical contexts and models, and the role of choosing rich mathematical tasks to develop the habits of mind for mathematical success. A field experience component is embedded. Co-reqs: EDUC 321, 322, 412, and 413.

EDUC 327 Elementary Content Methods: Science & Social Studies (4)

This course is designed to promote the strategies and pedagogy necessary for candidate competency in teaching content in the areas of science and social studies in the elementary school. Within this course, candidates will explore inquiry-oriented investigations preparing them to engage future students in learning about their world. A field experience component is embedded. Co-reqs: EDUC 325 and EDUC 421.

EDUC 329 The Science Curriculum (6)

Study of the materials and methods used in teaching science, math, social studies, and technology. Emphasis on curriculum development, construction of knowledge, problem-solving techniques, and practical application to promote optimum teaching and learning. Emphasis also on reflective decision-making and integrated-teaching/learning strategies within the framework of a multicultural educational and special needs setting. Methodologies utilized include discussion, lab experience, case studies, lecture, field experience, and curriculum (unit/lesson) development. Designed for elementary and early childhood education majors contemplating a P-6 teaching career.

EDUC 330 Curriculum Application (2)

Elementary field experience as a prelude to the professional semester. Emphasis on curriculum development and implementation to promote optimum teaching and learning. Emphasis also on reflective decision-making and integrated-teaching/learning strategies within the framework of a multicultural educational and special needs setting. Designed for elementary and early childhood education majors contemplating a P-6 teaching career.

EDUC 331 Curriculum Applications in Diverse Secondary Classrooms (3-4)

This course is designed to provide prospective secondary teachers opportunities to apply conceptions of curriculum, instruction, classroom management and discipline, multimedia, and human resources, and assessment in the context of an actual classroom. Prospective secondary education teachers design and teach a mini-unit using problem-based learning techniques, and analyze assessment data collected in the field to determine the effectiveness of their teaching. Emphasis is upon developing reflective classroom practitioners who consider a wide array of classroom variables in analyzing a particular educational context. Prereq: EDUC 315.

EDUC 373 Practical Classroom Experience (1)

Intensive clinical experiences in a public or private school classroom, focusing on methodologies and strategies for successful classroom performance. Designed for P-12 teacher education majors.

EDUC 402 Methods and Strategies for Teaching Students with Disabilities in the P-6 Classroom (3)

This course is designed for prospective teachers of children from preschool through grade six. The course focus is given to the principles of early childhood special education and elementary collaborative teaching. Emphasis is placed on teaching methods and strategies appropriate for meeting individual needs of students with disabilities. Case studies, seminars with community and educational leaders, and technology will serve as vehicles for reflection and, in addition, will provide opportunities to develop decision-making skills necessary to make appropriate curricular and instructional choices for children with diverse needs. Co-req: EDUC 403. Prereqs: EDUC 302 and EDUC 303.

EDUC 403 Clinical Internship in Special Education (4)

The purpose of this course is to prepare prospective collaborative special education teachers to facilitate student learning by providing opportunities to apply sound educational practices within the school setting in a variety of special education settings. Emphasis is given to developing the ability of prospective teachers to become reflective decision-makers and problem solvers in the classroom as they practice the adaptation, implementation, and assessment of lessons for special needs children. Prospective teachers are provided with experiences in inclusive and collaborative settings and opportunities to apply problem-based learning and classroom management techniques. Grading is pass/fail. Co-req: EDUC 402. Prereqs: EDUC 302 and EDUC 303. Offered: Fall.

EDUC 407 Cross-Cultural Practicum (1-4)

Practicum experience involving a sustained-direct relationship with people of different cultural groups. Students complete assigned tasks under supervision, after making a thorough study of the culturally different groups. See advisor.

EDUC 408 Curricular Applications in Educational Missions (3)

This course is designed to provide undergraduate teacher education candidates the opportunity to create educational curricula to be used in a local mission setting. Candidates will be placed in local nonprofit organizations serving K-6 children and will be required to develop an educational program to provide educational outreach. Samford's Christian mission will be evident in this course as candidates will be encouraged in their intellectual development, faith, and service to others.

EDUC 409 Meeting Success in a Diverse World (3)

Examination of the richness of cultural differences evidenced by students in a pluralistic modern society and of the ways these differences may be utilized in instruction to bring about achievement of all students. See advisor.

EDUC 412 Assessment for the Elementary Classroom (2)

This course is designed to introduce prospective teachers to the importance of utilizing assessment strategies to inform instruction. This course develops prospective teachers' understanding of assessment strategies, uses and planning. Students in this course will develop an understanding of the diverse abilities, experiences, and backgrounds of elementary students as well as identify appropriate learning outcomes. Co-reqs: EDUC 321, 322, 326, and 413.

EDUC 413 Classroom Management (2)

This course establishes a foundation of content and application relative to classroom management and discipline. There is an emphasis on reflective decision-making and integrated-teaching/learning strategies. Methodologies utilized include discussion, lecture, field experiences, projects and research. Designed for elementary and early childhood education majors contemplating a P-6 teaching career. Co-reqs: EDUC 321, 322, 326, and 412.

EDUC 414 Reading, Writing, and Assessment across the Curriculum Areas (2)

Introduction to a variety of teaching strategies that encourage reading and writing across the curriculum areas. Includes assistance with identification of problems related to educational assessment, strategies for effective measurement of teacher performance, and an understanding of standardized testing, including selection, administration, scoring, and interpretation of instrumentation.

EDUC 415 Technology across the Curriculum (2-3)

This course is designed to prepare teacher education candidates for lifelong learning and service as a teacher by developing knowledge and skills related to the use of technology inside and outside of the classroom. The course includes some technology training as well as methods of integrating technology into education. Candidates will be required to demonstrate ways in which technology can be used effectively in the classroom to teach a wide variety of curriculum content and to meet the needs of diverse learners. Candidates are expected meet state and national standards, demonstrating competence in the use of available resources and keeping current with the constantly changing technological environment.

EDUC 416 The Professional Educator (2)

Review of major issues related to becoming a professional educator. Students explore and reflect on expectations of, and relationships with, principals, parents, and teaching colleagues. Course also serves as a culmination of the teacher education focus on problem-based learning, including exploration of the role of facilitator in a problem-based learning classroom. Students facilitate cases with other students entering the teacher education program and design and teach an open-ended problem in a classroom. Co-reqs: EDUC 413, 417, and 418.

EDUC 417 Educational Practices in Action (6)

Application of sound educational practices within clinical settings as a means to facilitate student learning. Emphasis on developing the ability of prospective teachers to become reflective decision-makers and problem-solvers in the classroom as they practice the adaptation, implementation, and assessment of lessons for children with special needs. Includes experiences in inclusive and collaborative settings and opportunities to apply problem-based learning and classroom management techniques. Co-reqs: EDUC 413, 416, and 418.

EDUC 418 Collaboration in Educational Practices (4)

Study of the principles of early childhood special education and elementary collaborative teaching. Emphasis on communication and involvement with families of children with special needs, avenues by which prospective teachers can access community and family resources, and teaching strategies appropriate for meeting individual needs of children. Case studies, seminars with community and educational leaders, and technology serve as vehicles for reflection and provide opportunities to develop decision-making skills necessary to make appropriate curricular and instructional choices for children with diverse needs. Designed for prospective teachers of children from infancy through grade six. Co-reqs: EDUC 413, 416, and 417.

EDUC 421 Advanced Teaching, Learning, and Planning (4)

This course is designed to advance the knowledge of pre-service teachers in instructional design and implementation. This course furthers candidate understanding of individual learners and how to select and design appropriate instruction, select and implement appropriate strategies, select appropriate resources, and synthesize this knowledge to create an instructional content unit. Candidates in this course will develop the ability to think conceptually about content and make informed decisions regarding instructional design. This course will be integrated to include university instruction and clinical experiences in the field within a variety of settings. Co-reqs: EDUC 325 and EDUC 327. Prereq: EDUC 321.

EDUC 425 Teaching of Reading II (3)

This course is designed for elementary and early childhood education majors interested in a P-6 teaching career. The purpose of the course is to establish a foundation of content and application relative to an arts-based P-6 curriculum emphasizing reflective decision making and integrated teaching/learning strategies. Methodologies utilized will include discussion, lecture, field experiences, case studies, problem solving sessions, projects and research. Prereq: EDUC 325.

EDUC 426 Content Pedagogy for the Professional Secondary English/Language Arts Teacher (3)

Field-based advanced preparation of secondary level language arts/English teachers as professional educators who work collaboratively with fellow teachers, principals, and supervisors within an assigned secondary level school environment in their content area. Emphasis on establishing professional habits that ensure lifelong growth as language arts/English teachers. Prereq: EDUC 331.

EDUC 427 Content Pedagogy for the Professional Secondary Mathematics Teacher (3)

Field-based advanced preparation of secondary level mathematics teachers as professional educators who work collaboratively with fellow teachers, principals, and supervisors within an assigned secondary level school environment in their content area. Emphasis on establishing professional habits that ensure lifelong growth as mathematics teachers. Prereq: EDUC 331.

EDUC 428 Content Pedagogy for the Professional Secondary History/Social Science Teacher (3)

Field-based advanced preparation of secondary level history/social science teachers as professional educators who work collaboratively with fellow teachers, principals, and supervisors within an assigned secondary level school environment in their content area. Emphasis on establishing professional habits that ensure lifelong growth as history/social science teachers. Prereq: EDUC 331.

EDUC 429 Content Pedagogy for the Professional Secondary French/German/Spanish Teacher (3)

Field-based advanced preparation of secondary level French, German, or Spanish teachers as professional educators who work collaboratively with fellow teachers, principals, and supervisors within an assigned secondary level school environment in their content area. Emphasis on establishing professional habits that ensure lifelong growth as French, German, or Spanish teachers. Prereq: EDUC 331.

EDUC 430 Content Pedagogy for the Secondary Science Teacher (3)

This class is a field-based advanced preparation for secondary level science teachers as professional educators who work collaboratively with fellow teachers, principals, and supervisors within an assigned secondary level school environment in their content area. There is special emphasis on establishing professional habits that ensure lifelong growth as a science teacher. Prereq: EDUC 331. Offered: Fall and Spring.

EDUC 443 Creative Classroom Materials (3)

Development of creative teaching materials that may be used in the preschool, elementary, or secondary school classroom. See advisor.

EDUC 473 Internship for K-6 Elementary Education (12)

Supervised clinical internship for prospective teachers of elementary students, grades K-6. The internship experience is designed to provide a capstone learning opportunity of approximately 15 weeks for teacher education candidates in the professional semester. The internship is intended to be a full-time teaching experience. See the *Teacher Education Handbook* for additional information.

EDUC 474 Clinical Internship: Elementary Education (4)

This clinical internship is designed to provide an opportunity for ESEC teacher education students in their professional semester to participate in actual classroom experiences for seven (7) consecutive weeks in the elementary setting (K-6). The experience is intended to be full-time, with student teachers arriving at the school before 8:00 a.m. and remaining until after 3:00 p.m. Student teachers are expected to focus completely upon the classroom(s) and students to whom they are assigned. A major objective in this experience will be the refinement of the student teacher as a reflective decision maker. Grading is pass/fail. Prereq: EDUC 402. Offered: Fall and Spring.

EDUC 475 High School Internship in Education (4)

Supervised clinical internship for prospective teachers of high school students, grades 9-12. The internship experience is designed to provide a capstone learning opportunity for teacher education candidates in the professional semester. The internship is intended to be a full-time teaching experience. See the *Teacher Education Handbook* for additional information. Grading is pass/fail. Offered: Fall and Spring.

EDUC 476 Clinical Internship: Early Childhood Education (4)

This field experience is designed to provide an opportunity for ESEC teacher education students in their professional semester to participate in actual classroom experiences for eight (8) consecutive weeks in early childhood settings. The experience is intended to be full-time, with student teachers arriving at the school before 8:00 a.m. and remaining until after 3:00 p.m. Student teachers are expected to focus completely upon the classroom(s) and students to whom they are assigned. A major objective in this experience will be the refinement of the student teacher as a reflective decision maker. Grading is pass/fail. Prereq: EDUC 402. Offered: Fall and Spring.

EDUC 477 Seminar in Clinical Internship (4)

This course is attached to the clinical internship completed during the professional semester by students in the Teacher Education programs. Students will attend professional development seminars and submit all work assignments completed during the professional semester for a letter grade. Offered: Fall and Spring.

EDUC 478 Middle School Internship in Education (4)

This class is a supervised clinical internship for prospective teachers in a middle school. For secondary education majors, the internship experience is divided as follows: half of the semester is spent in middle schools, while the other half is spent in high schools (in EDUC 475). This experience is designed to provide a capstone learning opportunity for teacher education candidates in the professional semester. The internship is intended to be a full-time teaching experience. See the *Teacher Education Handbook* for additional information. Grading is pass/fail. Prereq: EDUC 331. Offered: Fall and Spring.

Healthcare is one of the most dynamic career paths in the world today. It is reinventing itself in the face of constant change. Opportunities exist now that no one imagined 10 years ago. Although many things are changing, the one thing in healthcare that will never change is the need for knowledgeable, compassionate, skilled, and motivated people who are answering their call to care for others. Individuals fortunate enough to have such a calling go on to more than just a career; they create a life rich in opportunity and fulfillment. The College of Health Sciences was created to extend the reach of Samford's mission and to provide students the opportunity to answer the call of caring for others.

Four schools make up the College of Health Sciences: School of Health Professions, Ida Moffett School of Nursing, McWhorter School of Pharmacy, and School of Public Health. At the intersection of these schools is the Center for Faith and Health. The Center is where our academic programs and Christian faith intersect to care for people at home, in the community, and around the world. This purposeful interaction with the world around us is the practical application of all that we know, believe, and continue to learn.

Students who begin their careers at Samford are uniquely positioned to combine their faith, skills and knowledge to positively impact the lives of patients and families. We believe in caring for the whole person and our graduates are prepared and committed to caring for others physically, spiritually, and emotionally.

For those called to the healthcare profession, the opportunities you will find within the College are unprecedented in our history. This year, we have more than 30 health-related majors divided between undergraduate and graduate programs, and we expect to add many more in the future. The College prepares students for some of the fastest-growing, in-demand, and fulfilling careers in the world. To learn more about the College of Health Sciences, please visit samford.edu/healthsciences.

School of Health Professions

Administration

Alan P. Jung, Dean, Professor, Kinesiology
Jonathan B. Vaughn, Chair, Professor, Cardiopulmonary Sciences
Margaret L. Johnson, Chair, Professor, Communication Sciences and Disorders
John K. Petrella, Chair, Associate Professor, Kinesiology
Matthew P. Ford, Chair, Professor, Physical Therapy

The School of Health Professions provides students the opportunity to pursue a variety of specialties and fields of study within the health care workforce. Graduates are prepared to actively engage with teams of health care providers to deliver high quality care for the identification, prevention and treatment of diseases and disorders. The School was established in 2013 as a part of the College of Health Sciences.

Interprofessional education is at the core of the programs within the School of Health Professions and opportunities for students will continue to increase as new majors are added. The school is expected to grow exponentially over the next five years, to begin offering degrees at the master's and doctoral level, in addition to adding new baccalaureate degree programs.

Within the School of Health Professions the opportunities for students are rich and the impact that these graduates will have on the health of our community and around the world is immeasurable. The school includes the Department of Cardiopulmonary Sciences, the Department of Communication Sciences and Disorders, the Department of Kinesiology, and the Department of Physical Therapy. The School currently offers a variety of baccalaureate degrees, a master of science degree in respiratory care or speech language pathology, a master of athletic training degree, and a doctor of physical therapy degree. * To stay up to date with the latest news within the School of Health Professions, visit us online at samford.edu/healthprofessions.

*NOTE: Effective April 29, 2015, Samford University has been granted Candidate for Accreditation status by the Commission on Accreditation in Physical Therapy Education (CAPTE) (1111 North Fairfax Street, Alexandria, VA 22314; phone; 703-706-3245; accreditation@apta.org).

Candidate for Accreditation is a pre-accreditation status of affiliation with CAPTE that indicates the program is progressing toward accreditation and may matriculate students in technical/professional courses. Candidate for Accreditation is not an accreditation status nor does it assure eventual accreditation.

Cardiopulmonary Sciences

Faculty

Jonathan B. Waugh, Chair, Professor
Michael Canfield, Director of Clinical Education, Instructor
Tadashia Jabril Cooper, Instructor

Accreditation

The Samford University Respiratory Care program, B.S. and M.S. degrees, CoARC program numbers 210620 and 200620 respectively, in Birmingham, AL, hold Provisional Accreditation from the Commission on Accreditation for Respiratory Care (www.coarc.com). This status signifies that a program that has been granted an Approval of Intent has demonstrated sufficient compliance to initiate a program in accordance with the Standards through the completion and submission of an acceptable Provisional Accreditation Self Study Report (PSSR), completion of an initial on-site visit, and other documentation required by the CoARC. The conferral of Provisional Accreditation denotes a new program that has made significant progress towards meeting the Standards of Accreditation. The program will remain on Provisional Accreditation until achieving Continuing Accreditation. It is recognized by the National Board for Respiratory Care (NBRC) toward eligibility to the Respiratory Care Credentialing Examination(s). Enrolled students completing the program under Provisional Accreditation are considered graduates of a CoARC accredited program.

Undergraduate Programs and Requirements

Major

Respiratory Care

The Department of Cardiopulmonary Sciences offers a major in respiratory care leading to a bachelor of science degree. Students are required to earn at least 50 percent of the credit for a first undergraduate degree in each degree program from Samford.

Admission Requirements

Freshman applicants: High school graduates must have a cumulative GPA of 3.00 or above, have completed four units of English, two units of math, and two units of lab sciences with a grade of C (2.0) or better.

Transfer students with less than 24 semester credits or 36 quarter credits in total at other institutions must also meet the requirements of entering freshmen.

Transfer students with 24 credits or more must meet one of the following admission requirements:

1. Cumulative GPA of 2.50 or above in all college coursework and a composite score of 21 on the ACT or 1000 on the SAT within the last five years.
OR
2. Cumulative GPA of 3.00 on all college coursework attempted.

Program Specific Requirements

Progression Policy: In order to progress into the clinical phase of the respiratory care program, the student must:

1. Have a completed Health Data Record (with all required immunizations) updated annually and on file in the cardiopulmonary sciences (CAPS) department.
2. Submit negative results on drug screen and background check.
3. Have a signed HIPAA confidentiality statement on file in the CAPS department.
4. Maintain a cumulative GPA of 2.50 or above on all college coursework.
5. Complete the following courses with a minimum grade of "B" prior to starting respiratory care coursework:
 - Microbiology with lab (BIOL 225 or 325, 4 credits)
 - Human or mammalian anatomy (BIOL 217 or 301, 4 credits)
 - Human or mammalian physiology (BIOL 218 or 302, 4 credits)
 - Chemistry with lab (CHEM 108/109 or 205 & 206, 3+1 credits)
6. Complete the following courses with a minimum grade of "B" before the second semester of respiratory care coursework:
 - Physics with lab (PHYS 100 or 101, 4 credits)
 - Statistics (MATH 210, 4 credits)

Exceptions to any admission requirement will be handled on an individual basis.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Respiratory Care Major (B.S.)

A full-time program culminating in a bachelor of science degree with a major in respiratory care, this program will prepare graduates to be advanced respiratory therapists for assessment and treatment of patients with heart and lung problems. In addition to hospital-based care, graduates will also be prepared to assist in the prevention of cardiopulmonary disease, and the management, care, and rehabilitation of patients with chronic disease. This program will prepare students to sit for the national board exam and obtain a license to practice. It is also an excellent option for those interested in preparing for admission to other health profession graduate degree programs.

Respiratory Care Major Required Courses	Course Credits	Total Required Credits
General Education - University Core Curriculum		22
General Education - Distribution Areas:		24
Natural and Computational Sciences		8
CHEM 108/109 General/Org/Biological Chem w/Lab	4	
PHYS 100 Physics for Society	4	
Social Sciences (select one course)		4
COMS 221 Interpersonal Communication	4	
PSYC 101 General Psychology	4	
SOCI 100 Introduction to Sociology	4	
Mathematics		8
MATH 110 Contemporary Mathematics or higher	4	
MATH 210 Elementary Statistics	4	
Humanities		4
Respiratory Care Major:		82
Respiratory Care Core		70
RCBS 310 Cardiopulmonary Pharmacology	3	
RCBS 312 Cardiopulmonary Physiology	4	
RCBS 320 Respiratory Care Principles	3	
RCBS 322 Cardiopulmonary Pathophysiology	3	
RCBS 324 Patient Assessment/Disease Management	3	
RCBS 326 Assessment/Diagnostics/Therapeutics Lab	3	
RCBS 328 Clinical Practice Observation I	1	
RCBS 329 Cardiopulmonary Diagnostics	3	
RCBS 330 Neonatal & Pediatric Respiratory Care	3	
RCBS 332 Critical Care & Mechanical Ventilation I	3

Undergraduate Courses

RESPIRATORY CARE - UNDERGRADUATE

RCBS 310 Cardiopulmonary Pharmacology (3)

Introduces the physiologic and pharmacologic basis of cardiopulmonary medications. Preparation, calculation of dosages and mixtures, and general principles of pharmacology will be covered followed by an in-depth discussion of bronchoactive drugs and drug groups related to the cardiopulmonary system such as neuromuscular blocking agents, central nervous system depressants, cardiovascular agents, and diuretics. Offered: Spring.

RCBS 312 Cardiopulmonary Physiology (4)

In-depth study of cardiac and pulmonary anatomy and physiology, including the procedures commonly used to evaluate these systems. Topics include function of the respiratory system, ventilation mechanics; gas transport in the blood; regulation of breathing, circulation, blood flow and pressure, and cardiac output. The heart-lung relationship and clinical applications will be emphasized. Offered: Spring.

RCBS 320 Respiratory Care Principles (3)

The history of the profession, the principles of chemistry, physics, and infection control as they apply to respiratory care, as well as respiratory care procedures are presented. Principles of applying respiratory care to patients, indications, hazards, contraindications, and evaluation of therapy are addressed. Modes of care include medical gases, humidity/aerosol therapy, aerosol medications, positive pressure breathing, incentive spirometry, expiratory resistance, postural drainage and percussion/vibration. Non-invasive monitoring techniques including oximetry, transcutaneous monitoring, capnography, and simple pulmonary function testing will be included. Review of clinical analyzing devices, patient safety, recordkeeping, and an introduction to patient assessment, respiratory pharmacology, and evidence-based care. Prereqs: RCBS 310 and RCBS 312. Offered: Fall.

RCBS 322 Cardiopulmonary Pathophysiology (3)

In-depth study of pathologies of the cardiac and pulmonary anatomy and physiology, including the procedures commonly used to evaluate these systems. Common pathophysiology etiology, diagnosis, treatment and prognosis. Specific pulmonary medicine topics include: obstructive and restrictive disorders, neoplastic lung disease, disordered breathing, cardiovascular disorders, neurologic and neuromuscular disorders, shock, trauma, sepsis, near drowning, burns, smoke inhalation, carbon monoxide poisoning, drug overdose, renal failure, acute G.I. disturbances, and post-operative respiratory care. Prereqs: RCBS 310 and RCBS 312. Offered: Fall.

RCBS 324 Patient Assessment and Disease Management (3)

Fundamentals of respiratory assessment will be covered to include review of existing data in the patient record, patient history, physical examination, oximetry, blood gases, respiratory monitoring, pulmonary function assessment, laboratory studies, chest and upper airway radiographs, ventilation/perfusion scans, bedside EKG interpretation, and cardiovascular monitoring. Respiratory care management of chronic/extended diseases and conditions will be practiced with special emphasis on chronic intermittent obstructive lung disease (asthma), chronic obstructive lung diseases, restrictive lung diseases, and heart failure. Prereqs: RCBS 310 and RCBS 312. Offered: Fall.

RCBS 326 Assessment, Diagnostics, and Therapeutics Lab (3)

Students will gain hands-on experience with respiratory care equipment. Students select, assemble, and check equipment for proper function, operation, and cleanliness. Equipment malfunctions and actions to correct malfunctions will also be covered. Equipment will include oxygen-delivery devices, humidifiers, aerosol generators, pressure ventilators, gas delivery, metering and analyzing devices, percussors, vibrators, environmental devices, manometers, gauges, and vacuum systems. Maintenance of artificial airways, fiber optic bronchoscopy, thoracentesis, chest tube maintenance, and arterial blood gas sampling will also be discussed. Basic life support will be covered to include cardiopulmonary resuscitation, manual ventilation, endotracheal intubation, airway care, and administration of respiratory medications. Prereqs: RCBS 310 and RCBS 312. Offered: Fall.

RCBS 328 Clinical Practice Observation I (1)

Students will observe and critique competencies related to respiratory care procedures in general medical and surgical floors. Introduces students to clinical respiratory care procedures. Topics include: introduction to the clinical affiliate, patient assessment, medical gas therapy, aerosol therapy, incentive spirometry, positive pressure breathing, chest physiotherapy, and airway care. Prereqs: RCBS 310 and RCBS 312. Offered: Fall.

RCBS 329 Cardiopulmonary Diagnostics (3)

An overview of the various areas comprising cardiopulmonary diagnostics to include normal and abnormal pulmonary function and related technology. The student will learn how to perform, interpret, and evaluate various pulmonary function studies. In addition, the student will learn the operation and maintenance of pulmonary function and gas analysis equipment. Other topics include 12-lead ECG interpretation, nutritional assessment, sleep disorders and testing, stress and exercise testing, metabolic testing, and non-invasive cardiology. Prereqs: RCBS 310 and RCBS 312. Offered: Fall.

RCBS 330 Neonatal and Pediatric Respiratory Care (3)

The processes of growth and development relating to respiratory care from the fetus to the adolescent will be discussed. This course relates physiologic function to respiratory care including assessment, evaluation, and treatment. Topics include: fetal growth and development, neonatal growth and development, fetal assessment, fetal evaluation, neonatal assessment, neonatal evaluation, neonatal respiratory care, neonatal pathology, pediatric pathology, pediatric assessment, pediatric respiratory care, and mechanical ventilation of the neonatal and pediatric patient. Prereqs: RCBS 320 and RCBS 322. Offered: Spring.

RCBS 332 Critical Care and Mechanical Ventilation I (3)

Provides instruction in the theory, set-up, operation and maintenance of mechanical ventilators and related equipment, including noninvasive ventilators. Topics include: mechanical ventilator theory, ventilator operation, ventilator maintenance and trouble shooting. Provides instruction on all phases of adult critical care and continuous mechanical ventilation. The history of mechanical ventilation, modes of mechanical ventilatory support, implementation, monitoring, ventilator weaning and discontinuance will be covered. Advanced critical care techniques for invasive and non-invasive patient monitoring will be covered. Hemodynamic monitoring will include arterial pressure monitoring, central venous and pulmonary artery catheters, and cardiac output measurement. Non-invasive monitoring techniques such as oximetry, capnography, and ECG monitoring will be included. Prereqs: RCBS 320 and RCBS 322. Offered: Spring.

RCBS 334 Introduction to Research (2)

This course will introduce the student to clinical research methods and review concepts involved in descriptive and inferential statistics. Topics covered include overview of the research process, literature review, research hypothesis, research designs, sample selection, measurement methods, descriptive statistics, and inferential statistics. Offered: Spring.

RCBS 336 Critical Care Lab (3)

Students will gain hands-on experience with respiratory care equipment used in the critical care setting. Students select, assemble, and check equipment for proper function, operation and cleanliness. Equipment malfunctions and actions to correct malfunctions will also be covered. Equipment will include specialized oxygen-delivery devices (high flow), critical care and specialized mechanical ventilators, advanced monitoring and therapy devices. Special procedures associated with the care of patients receiving mechanical ventilation and arterial monitoring and sampling will also be discussed. Advanced life support will be covered and practiced with simulated critical-care patient scenarios. Prereq: RCBS 326. Offered: Spring.

RCBS 338 Clinical Practice I (5)

This course provides students the opportunity to further develop both basic and advanced skills required in the intensive care of the respiratory patient. Topics include: patient assessment, medical gas therapy, aerosol therapy, incentive spirometry, positive pressure breathing, chest physiotherapy; airway care using nasal, endotracheal, tracheal tubes; initiation of mechanical ventilation, patient stabilization and monitoring, evaluation of hemodynamic variables, bronchial hygiene, evaluation for weaning, endotracheal intubation, extubation, arterial line sampling, arterial puncture, blood gas analysis, and non-invasive monitoring. The students will also begin rotations in pulmonary function testing, bronchoscopy observation, long-term care, and pediatric care. Prereq: RCBS 328. Offered: Spring.

RCBS 440 Critical Care and Mechanical Ventilation II (3)

Advanced mechanical ventilation techniques, including advanced concepts in adult and neonatal mechanical ventilators, transport, and homecare; overview of advanced mechanical ventilation techniques, such as high frequency oscillation, NAVA, tracheal gas insufflation, and partial liquid ventilation. Prereq: RCBS 332. Offered: Fall.

RCBS 442 Clinical Seminar I (3)

Case presentations are required to integrate clinical and theory. Review of respiratory care with an emphasis on problem solving and decision making. Practice board credentialing examinations will be administered for CRT and RRT examination preparation. Current issues relevant to respiratory care will be explored to include new treatments and technologies, and issues related to professional development and practice. Prereqs: RCBS 330 and RCBS 332. Offered: Fall.

RCBS 444 Research Project I (1)

Guided activities to develop an appropriate research question and research methodology for completion of the required research requirements. This course also includes an introduction to basic testing and/or procedures used in basic sciences research, such as gene arrays, assays, and cell cultures. Prereq: RCBS 334. Offered: Fall.

RCBS 446 Advanced Critical Care Lab (2)

Students will gain hands-on experience with advanced respiratory care equipment used in the critical care setting. Students select, assemble, and check equipment for proper function, operation, and cleanliness. Equipment malfunctions and actions to correct malfunctions will also be covered. Equipment will include critical care and specialized mechanical ventilators, advanced monitoring and therapy devices. Special procedures associated with the care of patients receiving mechanical ventilation and arterial monitoring and sampling will also be discussed. Advanced life support will be covered and practiced with simulated critical-care patient scenarios. Prereq: RCBS 336. Offered: Fall.

RCBS 448 Clinical Practice II (8)

This course provides an opportunity to acquire clinical experience in the intensive care of neonatal and pediatric patients. Topics include: patient assessment, medical gas therapy, aerosol therapy, incentive spirometry, chest physiotherapy, airway care, initiation of mechanical ventilation, patient stabilization and monitoring, evaluation of hemodynamic variables, bronchial hygiene, evaluation for weaning, endotracheal intubation, monitoring (invasive and non-invasive), labor and delivery assistance, and transport. Students are also given the opportunity to further develop their adult critical-care skills. Prereq: RCBS 338. Offered: Fall.

RCBS 450 Clinical Seminar II (3)

Case presentations are required to integrate clinical and theory. Emphasis will be placed on decision-making and problem-solving as they relate to neonatal and pediatric respiratory care. Current issues relevant to the neonatal and pediatric respiratory care will be discussed. Review of respiratory care will continue as it pertains to the certified (CRT) and registry (RRT) credentialing examinations administered by the National Board for Respiratory Care (NBRC). Successful completion of the NBRC self-assessment (SAE) registry examinations are required in order to meet course requirements. Prereq: RCBS 442. Offered: Spring.

RCBS 452 Senior Seminar and Simulation Capstone (2)

This capstone course is designed to help students unify the knowledge obtained throughout the program and practice applying it to challenging scenarios that require ethical decision-making and wisdom to determine professional conduct. Effective communication and interpersonal skills will be practiced in a variety of live scenarios. Prereq: RCBS 442. Offered: Spring.

RCBS 454 Research Project II (1)

Guided activities to investigate an appropriate research question, completion of data collection, and analysis for completion of the required program research requirements. Investigation will occur through participation in small teams. Prereq: RCBS 444. Offered: Spring.

RCBS 456 Management and Education (3)

An introduction to basic principles and techniques used in respiratory care education. Topics include: patient education, in-service education, course design, objectives, lesson plan development, learning activities, use of media, presentation development, testing, and evaluation. Management principles and problems as they relate to respiratory care and the management of the department, hospital, service organization, and health programs will be discussed. Offered: Spring.

RCBS 458 Clinical Practice III (6)

This course provides an opportunity to advance the student experience with neonatal and pediatric respiratory care in the areas of patient assessment and monitoring (invasive and non-invasive), mechanical ventilation, extracorporeal membrane oxygenation (ECMO), airway care, labor and delivery assistance, and transport. Reinforcement of adult intensive care, greater participation in critical-care procedures, and assisting physician and other clinicians with advanced procedures is encouraged. In addition, students are provided with opportunities for assisting with pulmonary rehabilitation and sleep disorders testing. Elective clinical rotations may be requested as available. Greater interaction with physicians and other health care practitioners is expected in this final clinical. Prereq: RCBS 448. Offered: Spring.

Graduate Programs and Requirements

Degree

Master of Science (M.S.)

Respiratory Care

The Department of Cardiopulmonary Sciences offers the master of science degree in respiratory care.

Accreditation

The Samford University Respiratory Care program, B.S. and M.S. degrees, CoARC program numbers 210620 and 200620 respectively, in Birmingham, AL, hold Provisional Accreditation from the Commission on Accreditation for Respiratory Care (www.coarc.com). This status signifies that a program that has been granted an Approval of Intent has demonstrated sufficient compliance to initiate a program in accordance with the Standards through the completion and submission of an acceptable Provisional Accreditation Self Study Report (PSSR), completion of an initial on-site visit, and other documentation required by the CoARC. The conferral of Provisional Accreditation denotes a new program that has made significant progress towards meeting the Standards of Accreditation. The program will remain on Provisional Accreditation until achieving Continuing Accreditation. It is recognized by the National Board for Respiratory Care (NBRC) toward eligibility to the Respiratory Care Credentialing Examination(s). Enrolled students completing the program under Provisional Accreditation are considered graduates of a CoARC accredited program.

Admission Requirements

Applicants must:

1. Possess a baccalaureate degree from an accredited college or university (degree in any field) or be in the senior year of undergraduate study.

Conditional Admission: A completed bachelor's degree is required prior to enrollment, as evidenced by a final official college/university transcript. Applicants may receive conditional acceptance with a letter from the university registrar stating they have completed the requirements for the degree. The conditional status is removed once an official transcript is received.

2. Cumulative GPA minimum of 3.00 (4-point scale).
3. Minimum of B letter grade in all prerequisite courses. These include:
 - Microbiology with lab (BIOL 225 or 325, 4 credits)
 - Physics with lab (PHYS 100 or 101, 4 credits)
 - Human or Mammalian Anatomy (BIOL 217 or 301, 4 credits)
 - Human or Mammalian Physiology (BIOL 218 or 302, 4 credits)
 - Chemistry with lab (CHEM 108/109 or 205 & 206, 3+1 credits)
 - Statistics (MATH 210, 4 credits)
 - Recommended: Immunology (BIOL 344, 4 credits)
4. GRE score within the past five years (minimum scores: Verbal 153, Quantitative 144; Writing 4.0).
5. Eight (8) hours of documented shadowing observation with a respiratory therapist in a hospital setting.
6. Three letters of reference submitted through the application system. The three required letters of recommendation should be from 1) a current or previous professor, 2) a work supervisor, 3) a respiratory therapist.
7. International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (Internet) on the Test of English as a Foreign Language (TOEFL).

Exceptions to any admission requirements will be handled on an individual basis. If accepted, a non-refundable fee of \$500 is required to secure admission into the program. The fee is applied to the first semester's tuition.

For more on the admission/application process, see the following Web site: <https://www.samford.edu/healthprofessions/cardiopulmonary-sciences-ms-respiratory-care>.

Time-to-Degree Completion Plan

The program is designed to be completed in two years (five Semesters) of full-time study.

Master of Science: Respiratory Care (M.S.)

The master of science degree (M.S.) in respiratory care will prepare graduates to be advanced respiratory therapists for the assessment, treatment, and care of patients with heart and lung problems. In addition to hospital-based care, graduates will also be prepared to assist in the prevention of cardiopulmonary disease, and the management, care, and rehabilitation of patients with chronic disease. This program will prepare students to sit for the national board exam and obtain a license to practice. This rewarding health care career has many options for specialization in different environments.

Master of Science: Respiratory Care Required Courses		Course Credits	Total Required Credits
Respiratory Care Core			69
RCMS 510	Cardiopulmonary Pharmacology	3	
RCMS 512	Cardiopulmonary Physiology & Pathology	4	
RCMS 520	Respiratory Care Principles	3	
RCMS 524	Patient Assessment/Disease Management	3	
RCMS 526	Assessment/Diagnostics/Therapeutics Lab	3	
RCMS 528	Clinical Observation I	1	
RCMS 529	PFT and Cardiopulmonary Diagnostics	3	
RCMS 530	Neonatal & Pediatric Respiratory Care	3	
RCMS 532	Critical Care & Mechanical Ventilation I	3	
RCMS 534	Introduction to Research	2	
RCMS 536	Critical Care Lab	3

Graduate Courses

RESPIRATORY CARE - GRADUATE

RCMS 510 Cardiopulmonary Pharmacology (3)

Introduces the physiologic and pharmacologic basis of cardiopulmonary medications. Preparation, calculation of dosages and mixtures, and general principles of pharmacology will be covered followed by an in-depth discussion of bronchoactive drugs and drug groups related to the cardiopulmonary system such as neuromuscular blocking agents, central nervous system depressants, cardiovascular agents, and diuretics. Offered: Fall.

RCMS 512 Cardiopulmonary Physiology and Pathophysiology (4)

In-depth study of cardiac and pulmonary anatomy and physiology, including the procedures commonly used to evaluate these systems. Topics include function of the respiratory system; ventilation mechanics; gas transport in the blood; regulation of breathing, circulation, blood flow and pressure, cardiac output; common pathophysiology etiology, diagnosis, treatment, and prognosis. The heart-lung relationship and clinical applications will be emphasized. Specific pulmonary medicine topics include: obstructive and restrictive disorders, neoplastic lung disease, disordered breathing, cardiovascular disorders, neurologic and neuromuscular disorders, shock, trauma, sepsis, near drowning, burns, smoke inhalation, carbon monoxide poisoning, drug overdose, renal failure, acute G.I. disturbances, and post-operative respiratory care. Offered: Fall.

RCMS 520 Respiratory Care Principles (3)

The history of the profession, the principles of chemistry, physics, and infection control as they apply to respiratory care, as well as respiratory care procedures are presented. Principles of applying respiratory care to patients, indications, hazards, contraindications, and evaluation of therapy are addressed. Modes of care include medical gases, humidity/aerosol therapy, aerosol medications, positive pressure breathing, incentive spirometry, expiratory resistance, postural drainage and percussion/vibration. Non-invasive monitoring techniques including oximetry, transcutaneous monitoring, capnography, and simple pulmonary function testing will be included. Review of clinical analyzing devices, patient safety, recordkeeping, and an introduction to patient assessment, respiratory pharmacology, and evidence-based care. Offered: Fall.

RCMS 524 Patient Assessment and Disease Management (3)

Fundamentals of respiratory assessment will be covered to include review of existing data in the patient record, patient history, physical examination, oximetry, blood gases, respiratory monitoring, pulmonary function assessment, laboratory studies, chest and upper airway radiographs, ventilation/perfusion scans, bedside EKG interpretation, and cardiovascular monitoring. Respiratory care management of chronic/extended diseases and conditions will be practiced with special emphasis on chronic intermittent obstructive lung disease (asthma), chronic obstructive lung diseases, restrictive lung diseases, and heart failure. Offered: Fall.

RCMS 526 Assessment, Diagnostics, and Therapeutics Lab (3)

Students will gain hands-on experience with respiratory care equipment. Students select, assemble, and check equipment for proper function, operation, and cleanliness. Equipment malfunctions and actions to correct malfunctions will also be covered. Equipment will include oxygen-delivery devices, humidifiers, aerosol generators, pressure ventilators, gas delivery, metering and analyzing devices, percussors, vibrators, environmental devices, manometers, gauges, and vacuum systems. Maintenance of artificial airways, fiber optic bronchoscopy, thoracentesis, chest tube maintenance, and arterial blood gas sampling will also be discussed. Basic life support will be covered to include cardiopulmonary resuscitation, manual ventilation, endotracheal intubation, airway care, and administration of respiratory medications. Offered: Fall.

RCMS 528 Clinical Observation I (1)

Students will observe and critique competencies related to respiratory care procedures in general medical and surgical floors. Introduces students to clinical respiratory care procedures. Topics include: introduction to the clinical affiliate, patient assessment, medical gas therapy, aerosol therapy, incentive spirometry, positive pressure breathing, chest physiotherapy, and airway care. Offered: Fall.

RCMS 529 PFT and Cardiopulmonary Diagnostics (3)

An overview of the various areas comprising cardiopulmonary diagnostics to include normal and abnormal pulmonary function and related technology. The student will learn how to perform, interpret, and evaluate various pulmonary function studies. In addition, the student will learn the operation and maintenance of pulmonary function and gas analysis equipment. Other topics include 12-lead ECG interpretation, nutritional assessment, sleep disorders and testing, stress and exercise testing, metabolic testing, and non-invasive cardiology. Prereqs: RCMS 512 and RCMS 524. Offered: Spring.

RCMS 530 Neonatal and Pediatric Respiratory Care (3)

The processes of growth and development relating to respiratory care from the fetus to the adolescent will be discussed. This course relates physiologic function to respiratory care including assessment, evaluation, and treatment. Topics include: fetal growth and development, neonatal growth and development, fetal assessment, fetal evaluation, neonatal assessment, neonatal evaluation, neonatal respiratory care, neonatal pathology, pediatric pathology, pediatric assessment, pediatric respiratory care, and mechanical ventilation of the neonatal and pediatric patient. Prereqs: RCMS 512 and RCMS 524. Offered: Spring.

RCMS 532 Critical Care and Mechanical Ventilation I (3)

Provides instruction in the theory, set-up, operation and maintenance of mechanical ventilators and related equipment, including noninvasive ventilators. Topics include: mechanical ventilator theory, ventilator operation, ventilator maintenance and troubleshooting. Provides instruction on all phases of adult critical care and continuous mechanical ventilation. The history of mechanical ventilation, modes of mechanical ventilatory support, implementation, monitoring, ventilator weaning and discontinuance will be covered. Advanced critical care techniques for invasive and non-invasive patient monitoring will be covered. Hemodynamic monitoring will include arterial pressure monitoring, central venous and pulmonary artery catheters, and cardiac output measurement. Non-invasive monitoring techniques such as oximetry, capnography, and ECG monitoring will be included. Prereqs: RCMS 520 and RCMS 526. Offered: Spring.

RCMS 534 Introduction to Research (2)

This course will introduce the student to clinical research methods and review concepts involved in descriptive and inferential statistics. Topics covered include overview of the research process, literature review, research hypothesis, research designs, sample selection, measurement methods, descriptive statistics, and inferential statistics. Offered: Summer.

RCMS 536 Critical Care Lab (3)

Students will gain hands-on experience with respiratory care equipment used in the critical care setting. Students select, assemble, and check equipment for proper function, operation and cleanliness. Equipment malfunctions and actions to correct malfunctions will also be covered. Equipment will include specialized oxygen-delivery devices (high flow), critical care and specialized mechanical ventilators, advanced monitoring and therapy devices. Special procedures associated with the care of patients receiving mechanical ventilation and arterial monitoring and sampling will also be discussed. Advanced life support will be covered and practiced with simulated critical-care patient scenarios. Prereq: RCMS 520 and RCMS 526. Offered: Spring.

RCMS 538 Clinical Practice I (5)

This course provides students the opportunity to further develop both basic and advanced skills required in the intensive care of the respiratory patient. Topics include: patient assessment, medical gas therapy, aerosol therapy, incentive spirometry, positive pressure breathing, chest physiotherapy; airway care using nasal, endotracheal, tracheal tubes; initiation of mechanical ventilation, patient stabilization and monitoring, evaluation of hemodynamic variables, bronchial hygiene, evaluation for weaning, endotracheal intubation, extubation, arterial line sampling, arterial puncture, blood gas analysis, and non-invasive monitoring. The students will also begin rotations in pulmonary function testing, bronchoscopy observation, long-term care, and pediatric care. Prereq: RCMS 510 and RCMS 528. Offered: Spring.

RCMS 548 Clinical Practice II (5)

This course provides an opportunity to acquire clinical experience in the intensive care of neonatal and pediatric patients. Topics include: patient assessment, medical gas therapy, aerosol therapy, incentive spirometry, chest physiotherapy, airway care, initiation of mechanical ventilation, patient stabilization and monitoring, evaluation of hemodynamic variables, bronchial hygiene, evaluation for weaning, endotracheal intubation, monitoring (invasive and non-invasive), labor and delivery assistance, and transport. Students are also given the opportunity to further develop their adult critical care skills. Prereq: RCMS 538. Offered: Summer.

RCMS 640 Critical Care and Mechanical Ventilation II (3)

Advanced mechanical ventilation techniques, including advanced concepts in adult and neonatal mechanical ventilators, transport, and homecare; overview of advanced mechanical ventilation techniques, such as high frequency oscillation, NAVA, tracheal gas insufflation, and partial liquid ventilation. Prereq: RCMS 532. Offered: Summer.

RCMS 642 Clinical Seminar I (3)

Case presentations are required to integrate clinical and theory. Review of respiratory care with an emphasis on problem solving and decision making. Practice board credentialing examinations will be administered for CRT and RRT examination preparation. Current issues relevant to respiratory care will be explored to include new treatments and technologies, and issues related to professional development and practice. Prereqs: RCMS 640. Offered: Fall.

RCMS 644 Research Project I (1)

Guided activities to develop an appropriate research question and research methodology for completion of the required research requirements. This course also includes an introduction to basic testing and/or procedures used in basic sciences research, such as gene arrays, assays, and cell cultures. Prereq: RCMS 534. Offered: Fall.

RCMS 646 Advanced Critical Care Lab (1)

Students will gain hands-on experience with advanced respiratory care equipment used in the critical care setting. Students select, assemble, and check equipment for proper function, operation, and cleanliness. Equipment malfunctions and actions to correct malfunctions will also be covered. Equipment will include critical care and specialized mechanical ventilators, advanced monitoring and therapy devices. Special procedures associated with the care of patients receiving mechanical ventilation and arterial monitoring and sampling will also be discussed. Advanced life support will be covered and practiced with simulated critical-care patient scenarios. Prereq: RCMS 536. Offered: Summer.

RCMS 648 Clinical Practice III (6)

This course provides an opportunity to advance students' clinical experience in neonatal and pediatric respiratory care in the areas of patient assessment and monitoring (invasive and non-invasive), mechanical ventilation, ECMO, airway care, labor and delivery assistance, and transport. Students will also have an opportunity for reinforcement of adult intensive care, greater participation in critical care procedures, and assisting physicians and other clinicians with advanced procedures. In addition, students are provided with opportunities for assisting with pulmonary rehabilitation and sleep disorders testing. Prereq: RCMS 548. Offered: Fall.

RCMS 650 Clinical Seminar II (3)

Case presentations are required to integrate clinical and theory. Emphasis will be placed on decision-making and problem-solving as they relate to neonatal and pediatric respiratory care. Current issues relevant to the neonatal and pediatric respiratory care will be discussed. Review of respiratory care will continue as it pertains to the certified (CRT) and registry (RRT) credentialing examinations administered by the National Board for Respiratory Care (NBRC). Successful completion of the National Board for Respiratory Care (NBRC) SAE self-assessment registry examinations are required in order to meet course requirements. Prereq: RCMS 642. Offered: Spring.

RCMS 654 Research Project II (1)

Guided activities to investigate an appropriate research question, completion of data collection, and analysis for completion of the required program research requirements. Investigation will occur through participation in small teams. Prereq: RCMS 644. Offered: Spring.

RCMS 656 Management and Education (3)

An introduction to basic principles and techniques used in respiratory care education. Topics include: patient education, in-service education, course design, objectives, lesson plan development, learning activities, use of media, presentation development, testing, and evaluation. Management principles and problems as they relate to respiratory care and the management of the department, hospital, service organization, and health programs will be discussed. Offered: Fall.

RCMS 658 Clinical Practice IV (6)

This course provides an opportunity to complete remaining clinical competencies and obtain additional exposure to clinical areas. Elective clinical rotations may be experienced as available. Students will also have an opportunity for reinforcement of adult intensive care, greater participation in critical care procedures, and assisting physicians and other clinicians with advanced procedures. Greater interaction with physicians and other health care practitioners is expected in this final clinical. Prereq: RCMS 648. Offered: Spring.

RCMS 660 Critical Thinking and Professionalism (1)

This capstone course is designed to help students unify the knowledge obtained throughout the program and practice applying it to challenging scenarios that require ethical decision-making and wisdom to determine professional conduct. Effective communication and interpersonal skills will be practiced in a variety of live scenarios. Prereq: RCMS 656. Offered: Spring.

Communication Sciences and Disorders

Faculty

Margaret L. Johnson, Chair, Professor
 Carol L. Koch, Professor
 Karen L. Thatcher, Associate Professor
 Candice Adams-Mitchell, Assistant Professor
 Aaron L. Johnson, Assistant Professor and Director of Clinical Education, AUD
 Hollea Ryan, Assistant Professor
 Kelly F. Jackson, Instructor, Clinical Lab Coordinator, SLPA
 Laura S. Promer, Instructor and Director of Undergraduate Studies

Mission Statement

The mission of the Department of Communication Sciences and Disorders (CSDS) in the School of Health Professions is to prepare highly qualified speech-language pathologists through faith-based academic coursework and clinical placements designed to foster lifelong learning, attainment of personal career goals and high moral and ethical competency so that practitioners will be of service to others in their community and throughout the world.

Vision for the CSDS Department

- Learning through commitment
- Preparing professionals for service
- Distinctive education for the 21st century clinician
- Helping and serving others through educational experiences
- Creating leaders as speech-language pathologists and audiologists

CSDS Code of Values and Philosophy

- Faith – we live our faith by our words and actions
- Excellence – we strive for excellence in our academic programming and in our students' learning outcomes
- Integrity – we embrace persons who hold themselves to a higher standard
- Learning – we provide a platform for becoming lifelong learners
- Teamwork – we believe that together we are stronger
- Service – we believe in serving others as our gifts and talents allow

"Don't be jealous or proud; be humble and consider others more important than yourselves. Care about them as much as you care about yourselves and think the same way that Jesus thought."

Philippians 2: 3-5

Communication Sciences and Disorders Minor

The minor in communication sciences and disorders consists of 22 hours of coursework with clinical observation experiences included within the academic coursework. Students pursuing the minor will be required to take all CSDS courses at Samford to earn this designation.

Communication Sciences and Disorders Minor Required Courses	Course Credits	Total Required Credits
Communication Sciences and Disorders Core		22
CSDS 211 Clinical Phonetics	4	
CSDS 212 Anatomy/Physiology-Speech/Hearing Mech	4	
CSDS 213 Development of Language in Children	4	
CSDS 312 Principles of Audiology	3	
CSDS 314 Rehabilitation Audiology	3	
CSDS 414 Clin Methods-Communicative Disorders	4	
Communication Sciences and Disorders Electives (encouraged electives, if time permits)		
CSDS 313 Language Disorders in Children	4	
CSDS 318 Basic Speech Science	3	
Total Required Credits		22

Undergraduate Programs and Requirements

Major

Communication Sciences and Disorders

Minor

Communication Sciences and Disorders

The Department of Communication Sciences and Disorders (CSDS) offers a major in communication sciences and disorders leading to a bachelor of science degree. Students are required to earn at least 50 percent of the credit for a first undergraduate degree in each degree program from Samford.

The department also offers a minor in communication sciences and disorders.

Admission Requirements

Freshman applicants: Must be accepted for admission to Samford University. Must achieve a minimum composite score of 21 on the ACT or 1000 on the SAT. High school graduates must have a cumulative GPA of 3.00 or above, have completed four units of English, two units of math, and two units of lab sciences with a grade of C (2.0) or better.

Transfer students with less than 24 semester credits or 36 quarter credits in total at other institutions must also meet the requirements of entering freshmen.

Transfer students with 24 credits or more must meet one of the following admission requirements:

1. Cumulative GPA of 3.00 or above in all coursework and a 21 ACT or 1000 SAT within the last five years.
OR
2. Have a cumulative GPA of 3.00 on all coursework attempted.

Program Specific Requirements:

Progression Policy: In order to progress in the undergraduate program in communication sciences and disorders, the student must:

1. Have a completed Health Data Record (with all required immunizations) updated annually and on file in the CSDS department.
2. Submit negative results on drug screen and background check.
3. Have a signed HIPAA confidentiality statement on file in the CSDS department.
4. Maintain a cumulative GPA of 3.00 or above on all coursework.
5. Make a grade of B- or better in each required or prescribed course in the CSDS curriculum. Note: A grade of C or lower constitutes failure in any required or prescribed course in the CSDS curriculum. The CSDS department will accept no lower than a C- in any required general education course.
6. A student will be allowed to take a failed CSDS course one additional time, but must make greater than a B- for a passing grade.
7. A student who fails (C) two CSDS courses will be terminated from the department.
8. A student may not enroll in any CSDS course more than twice.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Communication Sciences and Disorders Major (B.S.)

The four-year curriculum in the CSDS program is built on a foundation of rigorous academics and code of values. Our faith-based academic coursework focuses on service, leadership and critical thinking skills. Interprofessional education experiences with students and faculty from other health care disciplines are also a key component of the program. Students will have service opportunities to work alongside professionals in the community to learn by experience, working with children and adults who exhibit communication disorders.

The four-year program in communication sciences and disorders prepares the student for entry into graduate degree programs such as the master of science in speech language pathology, or the doctor of audiology degree, which prepares the student for practice in the profession.

Communication Sciences and Disorders Major Required Courses	Course Credits	Total Required Credits
General Education - University Core Curriculum		22
General Education - Distribution Areas:		27-35
Natural and Computational Sciences		8
BIOL 110 Human Biology	4	
1 Physics OR 1 Chemistry course from Gen Ed list	4	
Social Sciences (two courses)		8
Mathematics* (see note)		4
Languages: Proficiency through 102 or higher		0-8
Fine Arts		3
SOA 200 Arts in Society (non-SOA majors)	3	
Humanities		4
Communication Sciences and Disorders Major:		61-62
CSDS 110 Intro to Speech-Lang Pathology/Audiology	4	
CSDS 211 Clinical Phonetics	4	
CSDS 212 Anatomy/Physiology-Speech/Hearing Mech	4	
CSDS 213 Development of Language in Children	4	
NURS 232 Statistics for Health Care Professionals <i>or</i> MATH 210 Elementary Statistics (4)*	3-4

CSDS 313 Language Disorders in Children	4	
CSDS 314 Rehabilitation Audiology	3	
CSDS 315 Dev Leadership Potential in Health Profess	3	
CSDS 318 Basic Speech Science	3	
CSDS 319 Speech Sound Disorders in Children	4	
CSDS 412 Basics of Critical Thinking-Helping Profess	2	
CSDS 413 Low Incidence Disorders	4	
CSDS 414 Clin Methods-Communicative Disorders	4	
CSDS 415 Communication Disorders-Medical Setting	4	
CSDS 416 Supervision in Comm Sciences/Disorders	2	
CSDS 417 Roles/Resp/Trends-SLP Special Ed Setting	2	
CSDS 418 Senior Seminar	4	
General Electives		9-18
Total Required Credits		128

*If MATH 210 taken to satisfy statistics requirement in the major, a different MATH course must be taken to satisfy the general education requirement.

Undergraduate Courses

COMMUNICATION SCIENCES AND DISORDERS

CSDS 110 Introduction to Speech-Language Pathology & Audiology (4)

This course will provide an overview of varying types of speech-language and hearing disorders. The role of the speech-language pathologist and audiologist will be discussed and the student will be exposed to information on varied work settings and potential career opportunities. Attention will be given to interprofessional collaborative teamwork that occurs in all workplace settings. An emphasis on cultural awareness, sensitivity to persons with disabilities, etiologies, and principles of management will be discussed. This course will also provide observation experiences for the student. Offered: Spring.

CSDS 211 Clinical Phonetics (4)

Introduction and training with the International Phonetic Alphabet (IPA) including practice in transcribing both normal and disordered speech. Offered: Fall.

CSDS 212 Anatomy & Physiology of the Speech & Hearing Mechanism (4)

An in-depth course that provides the learner with the anatomical and physiological workings of the communication system. Emphasis will be placed on the respiratory, phonatory, articulatory, and sensory systems required for speech, language, and hearing. Prereqs: BIOL 110 and PHYS 100. Offered: Fall.

CSDS 213 Development of Language in Children (4)

The study of the development of language in children including theoretical constructs and beliefs that guide practitioners in working with children. Neuroplastic principles will be discussed as students examine case studies. Offered: Spring.

CSDS 312 Principles of Audiology (3)

The introduction to the science of hearing as it relates to communication; also included are basic instrumentation skills for the screening and evaluation of hearing. Prereq: CSDS 212. Offered: Fall and Jan Term, on rotation.

CSDS 313 Language Disorders in Children (4)

This course will cover possible language disorders that occur from birth into adolescence and introduce the student to the evaluation and treatment utilizing best practice techniques from the literature. Prereq: CSDS 213. Offered: Fall.

CSDS 314 Rehabilitation Audiology (3)

The study of the techniques utilized in the habilitation/rehabilitation of hearing including amplification, cochlear implants, speech sound training, and auditory training. Prereq: CSDS 312. Offered: Spring.

CSDS 315 Developing Leadership Potential in Health Professions (3)

This course provides students with the opportunity to evaluate their leadership potential and also provides them with a look into faith based leadership principles that can be utilized in the health professions. Must be junior level or higher status. Offered: Spring.

CSDS 318 Basic Speech Science (3)

The basic principles for the acoustic, perceptual, and physiological characteristics of speech. Prereqs: CSDS 212 and CSDS 312. Offered: Spring.

CSDS 319 Speech Sound Disorders in Children (4)

The study of articulatory and phonologic disorders exhibited by children at varied stages in their development. The student will be immersed with information on evaluation and treatment for these disorders. Prereq: CSDS 211. Offered: Spring.

CSDS 412 The Basics of Critical Thinking in the Helping Professions (2)

Critical thinking is an essential skill for speech-language pathologists and audiologists. This course will provide the learner with the tools for faith-based critical thinking and students will have the opportunity to practice these skills via case examples using research from professional journals. Must be junior level or higher status. Offered: Fall.

CSDS 413 Low Incidence Disorders (4)

Disorders such as voice, fluency, and resonance problems will be covered in this course as they relate to children and adults. Prereq: CSDS 212. Offered: Fall.

CSDS 414 Clinical Methods in Communicative Disorders (4)

This hands-on course will introduce the CSDS student to the therapeutic management of patients with developmental and/or acquired disorders. The skills required for treating persons with specific disorders will be discussed and students will become familiar with steps in the evaluation and treatment of communication disorders. The student will learn how to write SOAP notes and evaluate data through case studies and observation of patients. Prereq/Co-req: CSDS 213. Offered: Fall.

CSDS 415 Communication Disorders in the Medical Setting (4)

This survey course is designed to provide the learner with information related to communication disorders that occur in adults such as aphasia, acquired brain injury, dysarthria, apraxia, and other related disorders. Prereqs: CSDS 212 and CSDS 318. Offered: Spring.

CSDS 416 Supervision in Communication Sciences & Disorders (2)

As students graduate and become practicing speech-language pathologists and audiologists, they are often called upon to supervise students themselves. This course teaches the basic theory of supervision and provides the continuum of learning that all clinicians follow as they progress toward independence in clinical practice. Prereq: Junior level or higher status. Offered: Spring. Note: Course offered for 4 credits through Fall 2017; It will be offered for 2 credits beginning Jan Term/Spring 2018.

CSDS 417 Roles, Responsibilities, & Trends for the Speech-Language Pathologist in the Special Education Setting (2)

Communication disorders professionals often seek employment in the educational setting. Upon entering schools, there is sometimes confusion as to "who does what." This course will provide the student with insight into this complex setting and teach collaborative skills that serve the best interest of children. Prereqs: CSDS 213 and CSDS 313. Offered: Spring.

CSDS 418 Senior Seminar (4)

Students will integrate essential topics in communication sciences and disorders as well as their clinical observation experiences through a portfolio-based product that should reflect their sequence of learning within the major. Prereqs: CSDS 213, 313, 319, 413, 414, and 415. Offered: Spring.

CSDS 467 Exploring Medical Missions (2)

An introduction to medical missions aimed at understanding the need to provide medical care among the world's underserved communities, the roles and responsibilities of various healthcare providers, and how to serve Jesus Christ by providing spiritual and physical healthcare with an emphasis on global healthcare. The course will be aimed at understanding the social, emotional, and cultural needs of specific patient populations, and providing patient care, medicine, and spiritual guidance to the less fortunate. Students in any non-pharmacy degree program in the College of Health Sciences may enroll in this interprofessional course. Course is taught online. Cross-listed with KINE 467, PHRX 467; SLPA 567. Offered: Spring.

Graduate Programs and Requirements**Degree**

Master of Science (M.S.)

Speech Language Pathology

Non-Background Master of Science (M.S.) (Bridge Program)

Speech Language Pathology

The Department of Communication Sciences and Disorders (CSDS) offers the master of science degree (M.S.) in speech language pathology (SLPA) and a non-background master of science in speech language pathology. The master of science degree is designed to help students become a highly qualified speech-language pathologist with the skills, compassion, and motivation to make a difference in their community. Faith-based academic coursework and clinical placements are designed to help students reach their career goals, while emphasizing life-long learning, high moral, and ethical competencies. As students graduate, they will be prepared to impact people's lives in truly meaningful ways.

Admission Requirements

Two options of admission status are designated:

1. Possess a CSD/SLP baccalaureate degree.

Conditional admission: A completed bachelor's degree is required prior to enrollment, as evidenced by a final official college/university transcript. Applicants may receive conditional acceptance with a letter from the registrar stating they have completed the requirements for the degree. The "conditional" status is removed once an official transcript is received.

Prerequisite courses:

Biological science (4 credits)

Physical science (must be chemistry or physics) (4 credits)

Statistics (math, psychology, health sciences accepted) (3 credits)

Social/Behavioral Science (i.e., sociology, psychology, anthropology) (3 credits)

2. Possess a baccalaureate degree or higher in a related field such as education, health sciences, psychology, or family sciences.

Prerequisite courses:

Biological science (4 credits)

Physical science (must be chemistry or physics) (4 credits)

Statistics (math, psychology, health sciences accepted) (3 credits)

Social/Behavioral Science (i.e., sociology, psychology, anthropology) (3 credits)

CSDS 211 Clinical Phonetics (4)

CSDS 212 Anatomy & Physiology of the Speech & Hearing Mechanism (4)

CSDS 213 Development of Language in Children (4)

CSDS 312 Principles of Audiology (3)

CSDS 314 Rehabilitation Audiology (3)

CSDS 414 Clinical Methods in Communicative Disorders (4)

These courses may be taken at another university; however they must be approved by the chair of the department so that course content can be evaluated.

Additional requirements:

1. Obtain a minimum cumulative GPA of 3.00 on a 4.00 scale and a minimum of 3.25 on a 4.00 scale in the last 60 hours. Undergraduate CSD or major area—no grade in a "major" area less than a C.
2. Submit GRE scores earned within the past five years (GRE minimum scores: Verbal: 160; Quantitative: 140; Analytical Writing: 4.0; CSDCAS Code: 6967.)
3. Submit three letters of reference submitted through the application system. The three required references should be from a) current or previous professor, b) work supervisor, c) professional colleague.
4. International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
5. Attend an on-campus interview.
6. Exceptions to any admission requirements will be handled on an individual basis.
7. If accepted, a non-refundable fee of \$500 is required to secure admission into the program. This fee is applied to the first semester's tuition.
8. The application may be found at <https://portal.csdcas.org/>.

Transfer Credit

At this time, students may not transfer in any credit to count towards the speech language pathology program.

Progression Policies

In order to progress in the graduate program in speech language pathology, the student must:

1. Have completed health and immunization forms on file in the CSDS department.
2. Submit proof of health insurance while enrolled at Samford.
3. Submit negative results on drug screen and background check.
4. Have achieved a passing grade of greater than or equal to 80% HIPAA, OSHA, and Bloodborne Pathogens Quizzes located on Moodle.
5. Maintain a cumulative GPA of 3.00 or above on all coursework.
6. Make a grade of B or better in each required or prescribed course in the SLPA curriculum. Note: A grade of C+ or lower constitutes failure in any required or prescribed course in the SLPA curriculum.
7. A student will be allowed to take a failed SLPA course one additional time, but must make greater than a B for a passing grade.
8. Failure in a course may cause an interruption in the students' matriculation in terms of scheduling courses.
9. A student who fails (C+ or lower) two SLPA courses will be terminated from the department.
10. A student may not enroll in any SLPA course more than twice.
11. A student who fails to successfully complete a required SLPA course within one calendar year of academic probation notification will be dismissed from the program.
12. Students must be aware that matters of plagiarism, unethical, unprofessional, or unsafe conduct may result in immediate dismissal from the MS-SLPA program.

Students may not receive any grades lower than B for MS-SLPA courses. Courses with grades lower than B may be re-taken one time. When a course is retaken, both grades remain on the transcript and both are used in calculating the student's grade point average (GPA). Students must maintain a GPA of 3.00 or higher and may not re-take more than two courses during their MS-SLPA studies. Students whose GPA falls below 3.00 will be placed on academic probation and will not be able to take more than three courses. Students who remain on academic probation for more than two semesters and students who receive a grade lower than B in more than two courses will be terminated from the MS-SLPA program. Students retain the right to appeal termination decisions via the grievance procedure outlined in the MS-SLPA Academic and Clinical Student Handbook.

Graduate Courses

SPEECH LANGUAGE PATHOLOGY

SLPA 500 Introduction to Clinical Practicum in Speech Language Pathology (2)

This course is intended as a preparatory knowledge and skills course as first-year M.S. SLPA students learn about clinical placements and skills that are required for entry into clinical courses. Students will be introduced to clinical writing, professionalism training, and skill-based rationale during the course. Additionally, students will learn and demonstrate basic skill competencies as they move toward their first clinical practicum. Grading is pass/fail. Prereq: Admission into the M.S. program and completion of 25 hours of observation in supervised clinicals. Offered: Summer.

SLPA 501 Beginning Clinical Practicum (1)

This beginning clinical practicum begins in the second semester of the student's graduate program. The student will be asked to apply theoretical concepts gained in academic coursework to assess, diagnose, and provide appropriate evidence-based treatment for individuals with speech, language, cognitive, hearing, and swallowing disorders. Students will further their clinical knowledge and skill base while working with patients in a variety of settings. This practicum is designed to assist the clinician with beginning to develop competencies defined by ASHA in the Knowledge and Skills document (KASA). Grading is pass/fail only. Prereq: Admission into the M.S. program and completion of 25 clinical clock hours of supervised observation experiences. Offered: Fall.

Master of Science: Speech Language Pathology (M.S.)

The Department of Communication Sciences and Disorders offers a master of science degree (M.S.) in speech language pathology. This program is created as a hybrid program that has both an on-campus traditional didactic component and an online/distance education component. Candidates who complete this program will be eligible for both state licensure and national certification by the American Speech-Language-Hearing Association. Students are required to complete clinical rotations in each semester of their program.

SLPA 612 Capstone Seminar	3	
Total Required Credits		57

SLPA 502 Clinical Practicum (1)

This clinical practicum begins in the third semester of the student's graduate program. The student will be asked to apply theoretical concepts gained in academic coursework to assess, diagnose, and provide appropriate evidence-based treatment for individuals with speech, language, cognitive, hearing, and swallowing disorders. Students will further their clinical knowledge and skill base while working with patients in a variety of settings. This practicum is designed to assist the clinician with continuing to develop competencies defined by ASHA in the Knowledge and Skills document (KASA) as their clinical breadth and depth is expanded with varied clinical populations. Grading is pass/fail. Offered: Spring.

SLPA 503 Neuroscience for Speech Language Pathologists (3)

The introduction to neuroanatomy, neurophysiology, and neuroscience as the foundation for diagnosis and treatment related to speech, language, hearing, and swallowing disorders. Offered: Summer.

SLPA 504 Research Methods in Speech Language Pathology (2)

The study of research questions and methodologies utilized in speech-language pathology that include how to read, understand, and critically evaluate research in the literature. Offered: Fall.

SLPA 505 Practical Application of Speech Science (2)

Focused study on the speech/vocal mechanism, speech production, and acoustics of speech. Hands-on applications utilizing everyday technological equipment will be addressed for use in clinical practice settings. Prereq: SLPA 503. Offered: Fall.

Non-Background Master of Science (Bridge Program): Speech Language Pathology (M.S.)

The non-background master of science bridge program in speech language pathology is designed for students with a bachelor's degree in areas outside of speech language pathology or audiology. The CSDS department has determined that six courses in the major program of study are required. The non-background program prepares the student for entry into graduate degree programs. This curriculum in the CSDS department is built on a foundation of rigorous academics and code of values. Our faith-based academic coursework focuses on service, leadership, and critical-thinking skills. Interprofessional education experiences with students and faculty from other healthcare disciplines are a key component of the program.

Total Required Credits			79

SLPA 506 Language Disorders I: Infant Feeding and Communication (2)

Communication development for children between the ages of birth through adolescence and the disorders that may occur at these stages of life will be addressed. Strategies for preventing the onset of disorders will be reviewed. Offered: Summer.

SLPA 507 Language Disorders II: Toddlers and Preschoolers (2)

Assessment strategies and instruments will be introduced for children between the ages of birth through adolescence. Emphasis will be placed on utilizing critical thinking/analysis and the importance of evidence-based and culturally appropriate practice when working with children and their families. Prereq: SLPA 506. Offered: Fall.

SLPA 508 Language Disorders III: School Age (3)

Evidence-based treatment techniques and best practice guidelines will be presented for children between the ages of birth through adolescence. Special emphasis will be provided for intervention of children with language and learning disorders. Interprofessional collaboration will be promoted by lectures from all disciplines working with children. Prereq: SLPA 507. Offered: Spring.

SLPA 509 Articulation and Phonological Disorders (4)

Etiology, symptomatology, evaluation, and evidence-based treatment techniques for all speech sound disorders including consideration of cultural and linguistic differences. Offered: Summer.

SLPA 511 Prevention and Diagnosis of Speech, Language, & Cognitive Disorders (2)

This course will provide the student with knowledge in the area of diagnostic tools utilized in the analysis process for speech, language, and cognitive assessment. The student will learn to use differential diagnosis, review of pertinent literature, interpretation of test results, and the implications of the diagnostic findings. Offered: Fall.

SLPA 512 Counseling Strategies in Speech Language Pathology (2)

This course will provide principles and methods of counseling for persons with various communication disorders. Students will learn basic counseling and critical thinking skills to use when working with patients and families. A special emphasis of the course will be to enable students to improve their own personal coping strategies and stress when working with clients and families and the emotion that coexists within these stressful environments. Offered: Spring.

SLPA 521 Clinical Phonetics (4)

Introduction and training with the International Phonetic Alphabet (IPA) including practice in transcribing both normal and disordered speech. Offered: Fall.

SLPA 522 Anatomy and Physiology of the Speech and Hearing Mechanism (4)

An in-depth course that provides the learner with the anatomical and physiological workings of the communication system. Emphasis will be placed on the respiratory, phonatory, articulatory, and sensory systems required for speech, language, and hearing. Offered: Fall.

SLPA 523 Development of Language in Children (4)

The study of the development of language in children including theoretical constructs and beliefs that guide practitioners in working with children. Neuroplastic principles will be discussed as students examine case studies. Prereq: SLPA 522. Offered: Spring.

SLPA 524 Principles of Audiology (3)

The introduction to the science of hearing as it relates to communication; also included are basic instrumentation skills for the screening and evaluation of hearing. Offered: Fall.

SLPA 525 Rehabilitation Audiology (3)

The study of the techniques utilized in the habilitation/rehabilitation of hearing including amplification, cochlear implants, speech sound training, and auditory training. Offered: Spring.

SLPA 526 Clinical Methods in Communicative Disorders (4)

This hands-on course will introduce the SLPA student to the therapeutic management of patients with developmental and/or acquired disorders. The skills required for treating persons with specific disorders will be discussed and students will become familiar with steps in the evaluation and treatment of communication disorders. The student will learn how to engage in the supervisory relationship, understand multicultural issues, complete written documentation, collaborate with other professionals, and collect and evaluate data through case studies and observation of patients. Offered: Spring.

SLPA 567 Exploring Medical Missions (2)

An introduction to medical missions aimed at understanding the need to provide medical care among the world's underserved communities, the roles and responsibilities of various healthcare providers, and how to serve Jesus Christ by providing spiritual and physical healthcare with an emphasis on global healthcare. The course will be aimed at understanding the social, emotional, and cultural needs of specific patient populations, and providing patient care, medicine, and spiritual guidance to the less fortunate. Students in any non-pharmacy degree program in the College of Health Sciences may enroll in this interprofessional course. Course is taught online. Cross-listed with CSDS 467, KINE 467, and PHRX 467. Offered: Spring.

SLPA 601 Clinical Practicum (1)

This specialty clinical practicum is in the fourth semester of the student's graduate program. The student will be asked to apply theoretical concepts gained in academic coursework to assess, diagnose, and provide appropriate evidence based treatment for individuals with speech, language, cognitive, hearing, and swallowing disorders. Students will be assigned "specialty" clinical rotations in the Birmingham area as students will be on campus during this semester. Students will further their clinical knowledge and skill base while working with patients in a variety of complex settings. This practicum is designed to assist the clinician with continuing to develop competencies defined by ASHA in the Knowledge and Skills document (KASA) as their clinical breadth and depth is expanded with varied clinical populations. Grading is pass/fail. Offered: Summer.

SLPA 602 Clinical Practicum (2)

This initial clinical externship is in the fifth semester of the student's graduate program. The student will be asked to independently apply theoretical concepts gained in academic coursework to assess, diagnose, and provide appropriate evidence-based treatment for individuals with speech, language, cognitive, hearing, and swallowing disorders. Students will conduct their more extensive externship in varied healthcare facilities, schools, and private clinics. Students will continue to further their clinical knowledge and skill base while working with patients in a variety of complex settings. This practicum is designed to assist the clinician with continuing to develop competencies defined by ASHA in the Knowledge and Skills document (KASA) as their clinical breadth and depth is expanded with varied clinical populations. Grading is pass/fail. Offered: Fall.

SLPA 603 Clinical Practicum (2)

This final clinical externship is in the last semester of the student's graduate program. The student will be asked to independently apply theoretical concepts gained in academic coursework to assess, diagnose, and provide best-practice evidence-based treatment for individuals with speech, language, cognitive, hearing, and swallowing disorders. Students will conduct their extensive externship in varied healthcare facilities, schools, and private clinics. Students will continue to further their clinical knowledge and skill base while working with patients in a variety of complex settings. This practicum is designed to assist the clinician with continuing to develop and refine competencies defined by ASHA in the Knowledge and Skills document (KASA) as their clinical breadth and depth is expanded with varied clinical populations. Grading is pass/fail. Offered: Spring.

SLPA 604 Evaluation and Treatment of Aphasia in Adults (3)

The focused study of language disorders in adults including the neurological bases, differential diagnosis, prevention, and efficacious treatment strategies for persons with aphasia. Prereqs: SLPA 503 and SLPA 504. Offered: Spring.

SLPA 605 Voice and Resonance Disorders across the Lifespan (3)

This course includes a focus on the clinical aspects of voice and cleft palate and the etiological factors that contribute to these disorders. Diagnostic skills and therapeutic methods will be discussed for both aspects of voice and resonance with practical applications of evidence-based treatment provided. Offered: Fall.

SLPA 606 Motor Speech Disorders (3)

This course covers the anatomic, physiologic, and neurological correlates of dysarthria and apraxia across the lifespan. Assessment and treatment strategies will be discussed with a specific focus on augmentative and alternative communication. Prereqs: SLPA 503 and SLPA 505. Offered: Summer.

SLPA 607 Medical Aspects of Speech Language Pathology (2)

This course will be offered as an interprofessional course with nursing students and other health care majors. The focus of the course will be to introduce the student learner to the world of healthcare in terms of medical abbreviations, pharmacology, communication within healthcare environments, and ethical considerations. The student will also be exposed to computer simulation patients where they will experience hands-on care with tracheotomies, ventilators, oral and non-oral communication tools, respiration, and swallowing. Offered: Summer.

SLPA 608 Dysphagia in Pediatrics and Adults (3)

The study of the sequence of events for normal swallowing in pediatrics and adults. This course will also include the congenital and acquired swallowing disorders along with their neurological and anatomic bases, the differential diagnosis of various swallowing disorders, and treatment techniques that are evidence-based. Prereqs: SLPA 503 and SLPA 607. Offered: Summer.

SLPA 609 Cognitive-Communicative Disorders in Adults (3)

This course will focus on the pathophysiology of acquired brain injuries and the neuroanatomical correlates of the cognitive and communicative impairments associated with brain injury in pediatrics, adolescents, and adults. Particular attention will be given to treatment strategies, using the World Health Organization guidelines for functional outcomes, as they relate to return to school and/or work for the survivor of ABI. Prereqs: SLPA 503 and SLPA 504. Offered: Fall.

SLPA 610 Fluency Disorders across the Lifespan (3)

This course covers the theories, principles, and protocols for the assessment and treatment of stuttering and its related disorders. Prereq: SLPA 504. Offered: Spring.

SLPA 611 Professional Trends in Speech Language Pathology (3)

This course will introduce current professional topics to students studying speech-language pathology which will impact their career such as licensing, credentialing, political endeavors, ethics, and others. Offered: Spring.

SLPA 612 Capstone Seminar (3)

A capstone course will be required as the exit criteria for all graduate students in speech-language pathology. Students will be required to complete a portfolio that will document their overall learning sequence related to knowledge and skills. Students will be required to present their findings to faculty/staff at two points during matriculation. Offered: Spring.

Kinesiology

Faculty

John K. Petrella, Chair, Associate Professor
 Alan P. Jung, Professor
 Robert W. Hensarling, Jr., Associate Professor
 Christopher Ballmann, Assistant Professor
 Darrell Jon Gililand, Jr., Assistant Professor
 Allison J. Jackson, Assistant Professor
 W. Nathan Kirkpatrick, Assistant Professor
 Thomas J. Kopeck, Assistant Professor
 Mallory Marshall, Assistant Professor
 Joseph A. Pederson, Assistant Professor
 Tyler D. Williams, Assistant Professor
 Shannon M. Ashe, Instructor
 Rebecca R. Rogers, Instructor, Human Performance Lab Coordinator
 Kyle Southall, Visiting Instructor, Clinical Coordinator

Mission

In the Department of Kinesiology, we are called to nurture and prepare students to positively impact the health and well-being of members of society and to instill in all students, faculty, and staff, a commitment to lifetime fitness and positive health. An exemplary education provided in a Christian context, by individuals with a demonstrated commitment to excellence in scholarship, service and teaching provide the mechanism to fulfill this mission.

Vision

The vision of the Department of Kinesiology is to challenge students continually to improve the health and well-being of society by exhibiting the highest standards of quality in teaching, scholarship and service; and to assume the leadership role among academic programs in our field in meeting the challenges of preventive medicine and health care.

Values

Five fundamental values form the foundation of the Department of Kinesiology culture.

Collaboration - The phrase "to act as a unit" forms the basis of the kinesiology department. This value ensures that all students will benefit from the collective wisdom of a team of education professionals.

Excellence - A commitment to excellence has created the kinesiology department's legacy of achievement and innovation in curricular and programmatic areas resulting in high achievement for students and faculty.

Integrity - Adherence to scientific, professional, and personal integrity are our ethical cornerstones; they underlie our desire to mentor students, conduct clinical research investigations, educate students and allied health professionals, while guiding the fiscal and administrative management of the kinesiology department.

Compassion - A commitment to compassion includes a respect for all persons, while providing the highest level of service.

Commitment - As an institution, the kinesiology department recognizes its responsibilities to the community in which we reside, to the students it services, to Samford University and to the individuals in leadership who oversee the management of its resources.

Undergraduate Programs and Requirements

Majors

Athletic Training
 Exercise Science (Pre-Physical Therapy)
 Health Sciences
 Sport Administration
 Sports Medicine

Minor

Sport and Recreation Ministry

Joint Degrees

Fast Track Master of Athletic Training (B.S./M.A.T.)
 Fast Track Doctor of Physical Therapy (B.S./D.P.T.)

The Department of Kinesiology offers majors in athletic training (ATTR), exercise science (pre-physical therapy) (EXER), health sciences (HESC), sport administration (SADM), and sports medicine (SMED) leading to a bachelor of science degree. The department also offers two fast track programs for students pursuing both a bachelor of science degree and a master of athletic training or a doctor of physical therapy degree. Additionally, the University offers an early assurance option for eligible freshmen interested in pursuing the master of athletic training. The department also offers a minor in sport and recreation ministry. See department chair for details.

A minimum grade of C- must be achieved in all KINE prefix courses within each major and minor.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Fast Track Master of Athletic Training (M.A.T.)

Fast Track B.S./M.A.T. Admission Requirements

The department offers a fast track master of athletic training degree in combination with a bachelor of science degree. Students must first be admitted to Samford University. To apply, go to www.samford.edu/admission.

Students must then meet the following requirements:

- Once admitted, students must notify the director of graduate athletic training and the undergraduate advisor for the School of Health Professions.
- Achieve a 3.00 cumulative GPA as of the end of the fall semester, junior year.
- Earn a B- or better in the following courses: NURS 243; PHYS 100; CHEM 108; and CHEM 109; BIOL 105, 217, and 218; and all KINE courses.
- Completion (or in-progress) of all of the following: Samford University General Education Requirements (including Core Curriculum) and any other courses specified by the 3/2 Health Science/MAT Sequence.
- Completion and submission of the GRE with minimal scores as follows: Verbal: 153, Quantitative: 144, Analytical: 4.0.
- Completion of a minimum of 50 clinical observation hours under direct supervision of a certified athletic trainer. These clinical observation hours may be completed during KINE 370.
- Completion and submission of a résumé and personal statement concerning interest in athletic training.
- Completion and submission of three recommendation forms from: 1) the supervising certified athletic trainer where observations hours were completed; 2) a professor within the Samford University Kinesiology Department; and 3) a mentor, work supervisor, pastor, academic advisor, etc.
- Completion of on-campus interview with the Master of Athletic Training Admissions Committee that will be held in November of the applicant's junior year at Samford University.
- Must hold Current CPR for the professional rescuer certification.

Program Acceptance

- Applicants will be notified on or before February 1st of the junior year.
- Acceptance is conditional until grades are posted at the conclusion of the junior year.
- A non-refundable fee of \$500 is required to secure admission upon acceptance. This fee is applied to the MAT-Summer I tuition.

Fast Track Doctor of Physical Therapy (D.P.T.)

Fast Track B.S./D.P.T. Admission Requirements

The Samford Departments of Kinesiology and Physical Therapy offer a fast track undergraduate degree in exercise science (B.S.) and doctorate in physical therapy (D.P.T.) that can be completed over a six-year period. Incoming Samford freshmen who meet the following criteria are eligible to apply.

Criteria to apply for the competitive Fast Track program:

1. Admitting high school seniors only.
2. 29 ACT minimum.
3. 3.80 GPA or higher in high school.
4. Significant record of service to the community.
5. Be accepted into the undergraduate exercise science major within the Department of Kinesiology.

Eligible admitted students will be e-mailed a secondary application in late January/early February. From that pool of applicants, select students will be invited to attend an on-campus interview. A faculty selection committee will then determine acceptance into the program.

If accepted, during their freshman year, students will begin taking the undergraduate requirements in the Kinesiology Department's exercise science major, and continue with that training through the first three years. During the summer before the fourth year, the first year in the graduate cohort of the physical therapy program will begin. Provided students maintain degree requirements and progression standards, they will be awarded a bachelor of science in exercise science degree in December of the fourth year and the doctor of physical therapy degree at the end of the sixth year. This reduces the amount of time typically needed to earn a bachelor's and doctorate degrees by one year. Students will not need to apply to the doctoral physical therapy program again, because of early acceptance into the program as a freshman.

Progression Policies

During the undergraduate program, students must meet the following progression standards to remain in the program:

- Must be a declared exercise science major and follow the precise plan of study.
- Complete all exercise science requirements on time in the first three years at Samford University.
- Achieve a B or higher in all major KINE courses.
- Earn a 3.20 GPA and complete 20 convocation hours by end of freshman year.
- Earn a 3.50 GPA and complete 40 convocation hours by end of sophomore year.
- Earn a 3.80 GPA and complete 60 convocation hours by end of junior year.
- Participate in Samford-approved service or mission work by spring semester of third year.
- Meet with an academic advisor once a semester.
- Candidates must pay a nonrefundable fee of \$1,000 to secure admission into the D.P.T. program by January of the junior year, once they have begun the doctoral program, D.P.T. progression standards apply.

In regards to the Physical Therapy Department, the current status of accreditation is as follows: Effective April 29, 2015, Samford University has been granted Candidate for Accreditation status by the Commission on Accreditation in Physical Therapy Education (1111 North Fairfax Street, Alexandria, VA 22314; phone: 703-706-3245; Email: accreditation@apta.org). Candidate for Accreditation is a pre-accreditation status of affiliation with the Commission on Accreditation in Physical Therapy Education that indicates the programs is progressing toward accreditation and may matriculate students in technical/professional courses. Candidate for Accreditation is not an accreditation status nor does it assure eventual accreditation.

Early Assurance Program

Samford University also offers an early assurance option for high performing incoming freshmen who are interested in pursuing athletic training at the masters' level.

Admission Requirements:

With completion of all program requirements, students are guaranteed admission into the master of athletic training program. To be considered for this program, students must:

1. Maintain cumulative high school GPA of 3.50 on a 4.00 scale.
2. Score a 26 on the ACT (or SAT equivalent).
3. Be accepted into Samford University.
4. Provide a letter of interest for the guaranteed program to the program director of graduate athletic training. Letters will be accepted from qualified students from October 1st through April 1st.

The Graduate Athletic Training Admission Committee will review applications and invite candidates who meet the standards above to campus for an interview with the committee. Students will be notified via email regarding their status in the guaranteed program. Students not chosen for the guaranteed program may complete the accelerated program by meeting the admissions standards listed in that program.

Once accepted into the Early Assurance Program, students must:

1. Maintain an undergraduate cumulative GPA of 3.50 or higher as of the end of fall semester, junior year. Students who fall below this progression standard will have until the end of the next semester (fall/spring) to return their GPA to 3.50 or higher. Students who have two consecutive semesters below a GPA of 3.50 will have their guaranteed admissions status removed.
2. Earn a "B" or better in the following:
 - a. NURS 243
 - b. PHYS 100
 - c. CHEM 108 and CHEM 109
 - d. BIOL 105, 217, and 218
 - e. All KINE courses
3. Completion (or in-progress) of all Samford University following:
 - a. University Core Curriculum
 - b. General Education Requirements
 - c. Other courses as specified by the 3/2 Health Science/MAT sequence.
4. Completion of Clinical Observation Hours:
 - a. 50 hours minimum
 - b. Must be completed under direct supervision of a certified athletic trainer.
 - c. These clinical observation hours may be completed during KINE 370.
5. Completion of three (3) Recommendation Forms:
 - a. One from a supervising certified athletic trainer where observations hours were completed
 - b. One from a professor within the Kinesiology Department
 - c. One from a mentor, work supervisor, pastor, academic advisor, etc.
6. Must hold Current CPR for the professional rescuer certification.

Documentation of each item must be submitted to the Graduate Athletic Training Admissions Committee before February 1st of the junior year, along with a non-refundable fee of \$500. The fee will be applied to MAT – Summer I tuition. If students do not meet the above standards, they may apply for admission as outlined in the accelerated program.

Athletic Training Major

Athletic training is designed to prepare students in the content areas utilized in the practice of athletic training. The content areas include: (1) evidence-based practice, (2) prevention and health promotion, (3) clinical examination and diagnosis, (4) acute care of injury and illness, (5) therapeutic interventions, (6) psychosocial strategies and referral, (7) healthcare administration, and (8) professional development and responsibility. This program was developed to prepare students to meet Board of Certification requirements.

The Samford University Athletic Training Education Program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE). The program has met the nationally-recognized Standards for Entry-Level Athletic Training Education that were established with support of the following sponsoring organizations: the American Academy of Family Physicians, the American Academy of Pediatrics, the American Orthopaedic Society for Sports Medicine, and the National Athletic Trainer's Association, Inc.

Admission Requirements and Procedures

- Accepted for admission to Samford University.
- Make a written request for an Athletic Training Education Program application packet to: Director of Athletic Training Education, Samford University, Birmingham, Alabama, 35229.
- Complete an application and obtain three letters of recommendation, three reference forms, and official transcripts from all high schools and higher education institutions attended. Submit materials to: Director of Athletic Training Education, Samford University, Birmingham, Alabama 35229.
- Priority consideration will be given to prospective students who meet the following academic standards:
 - Achieve a composite score of 21 on the ACT or 900 on the SAT.
 - Graduate from high school with a GPA of 3.00 or above.
 - Transfer to Samford University from another institution with a GPA of 3.00 or above.
- Approved by the Athletic Training Admissions Committee (ATAC). The ATAC reviews all application packets and makes a report to the director of athletic training education regarding eligibility for admission to the program.
- After eligibility status has been approved, the applicant must interview with the ATAC.
- Must demonstrate technical standards for admission. (See Technical Standards for Admission box below.)
- In order to be admitted to the Athletic Training Education Program a student must have completed a course in CPR (Cardiopulmonary Resuscitation) and AED (Automatic Electronic Defibrillator). Documentation of completion of this course must be included with application materials.
- All students entering the Athletic Training Education Program must have reviewed the OSHA/Blood Borne Pathogens Guidelines included in the application packet. Upon review of the materials, the student must sign the statement indicating that they have reviewed and understand the materials. During athletic training student orientation a quiz regarding this material will be given after a brief review of the materials.
- All students entering the Athletic Training Education Program must be immunized for Hepatitis B. Proof of this vaccination must be provided in the application materials.
- Prospective students should sign the confidentiality statement included with the application materials. This statement informs the students that they may see or hear medical information regarding the health and welfare of a student athlete. Athletic training students are not allowed to discuss medical information with anyone other than the athletic training and sports medicine staff.
- Upon completion of all interviews, recommendations are made by the ATAC concerning admission to the program. In order for the student to be admitted, there must be an available position so that the clinical instructor-to-student ratio guidelines are not violated. Students selected for admission into the program will be notified in writing by the director of athletic training education.
- Any student who, in the opinion of the ATAC, is judged to have characteristics that are deemed to be undesirable for the profession of athletic training may, with proper review, be denied admission to the athletic training program.
- Applicants who do not meet the stated criteria may be considered on an individual basis for conditional status admission. The ATAC will stipulate the terms of the conditional status admission in writing to the applicant. Students admitted under conditional status must carefully follow the stipulations set forth by the ATAC. If the student is unable to follow the said stipulation, he/she will be dismissed from the program.

Transfer Policy Information

- Transfers are considered to be students who come to Samford University from other schools or who are currently enrolled at Samford but change their major to athletic training.
- Transfer students must follow the guidelines of the University to be admitted to the program. This information may be found in the Transfer Student Applicant section of this catalog.
- A student who is transferring will be given priority consideration if he/she has a 3.00 GPA from the institution that they formerly attended.
- Transfer students will follow the academic and clinical progression as a sophomore in the program, and enter the sophomore cohort. Attempts will be made to maintain course sequencing as is possible pursuant to the classes offered across the curriculum.

Retention Requirements

- Athletic training students must maintain academic requirements set forth by Samford University. In addition, each student must maintain an overall GPA of 2.00.
- Should a student's GPA fall below the required level, he/she will be placed on probation by the director of athletic training education. Should a student be placed on probation, he/she must make satisfactory progress within two semesters. Should he/she be unable to do so, the student will be dismissed from the program. In the event that the student's GPA rises to the acceptable level after being dismissed from the program, the application process is the same as for any other student.
- Students making less than a C- in a required athletic training course will be required to repeat the course. These courses are: KINE 232, 246, 250, 274, 275, 277, 303, 304, 345, 374, 375, 376, 398, 451, 473, 476, 477, 478, 479, 485, 486, 498, and 499.
- A student may repeat only one required course (see list above) in which a grade of less than C- was received. Failure to make at least a C- in two required courses or one course twice will result in dismissal from the program.
- Any student who, in the opinion of the ATAC, is judged to have developed characteristics that are deemed to be undesirable for the profession of athletic training may, with proper review, be dismissed from the program.
- A student must be able to demonstrate technical standards to continue in the program.
- Athletic training students are required to submit a current CPR/AED certification card at the beginning of each academic year. The certification must be current through the end of that school year.
- Students will attend a basic review of OSHA guidelines and complete a quiz regarding the information discussed in this review.
- All athletic training students must abide by the disciplinary rules of Samford. Any student not abiding by the rules will be subject to University discipline.
- All athletic training students are subject to random drug testing in accordance with Department of Athletics rules. All discipline will be carried out in the appropriate manner as specified and defined in the Department of Athletics drug testing policy and procedures statement.
- Appeals regarding any of the retention rules and requirements will be heard by the director of athletic training education, the chair of the Department of Kinesiology, and the dean of the School of Health Professions. All appeals must be made in writing and submitted to the director of athletic training education.

Admission Scoring System	
INFORMATION	
(20 Points Needed for Unconditional Acceptance)	
Application	
Scoring: 3 = excellent 2 = good 1 = average 0 = poor	
Three (3) Reference Forms and/or Letters of Recommendation	
Scoring: 3 = excellent 2 = good 1 = average 0 = poor (Reference #1)	
Scoring: 3 = excellent 2 = good 1 = average 0 = poor (Reference #2)	
Scoring: 3 = excellent 2 = good 1 = average 0 = poor (Reference #3)	
Application Essay	
Scoring: 3 = excellent 2 = good 1 = average 0 = poor	
Interview	
Scoring: 3 = excellent 2 = good 1 = average 0 = poor

Technical Standards for Admission to the Athletic Training Education Program

NOTE: A formal version of the following is included in the admissions materials for the Athletic Training Education Program. The official form requires the student's signature.

The Athletic Training Education Program at Samford University is a rigorous and intense program that places specific requirements and demands on the students enrolled in the program. An objective of this program is to prepare graduates to enter a variety of employment settings and to render care to a wide spectrum of individuals engaged in physical activity. The technical standards set forth by the Athletic Training Education Program establish the essential qualities considered necessary for students admitted to this program to achieve the knowledge, skills, and competencies of an entry-level athletic trainer, as well as meet the expectations of the program's accrediting agency. The following abilities and expectations must be met by all students admitted to the Athletic Training Educational Program. In the event a student is unable to fulfill these technical standards, with or without reasonable accommodation, the student will not be admitted to the program.

Compliance with the program's technical standards does not guarantee a student's eligibility for the BOC certification exam.

Candidates for selection to the Athletic Training Educational Program must demonstrate:

1. The mental capacity to assimilate, analyze, synthesize, integrate concepts, and problem-solve to formulate assessment and therapeutic judgments and to be able to distinguish deviations from the norm.
2. Sufficient postural and neuromuscular control, sensory function, and coordination to perform appropriate physical examinations using accepted techniques; and accurately, safely, and efficiently use equipment and materials during the assessment and treatment of patients.
3. The ability to communicate effectively and sensitively with patients and colleagues, including individuals from different cultural and social backgrounds; this includes, but is not limited to, the ability to establish rapport with patients and communicate judgments and treatment at a level consistent with competent professional practice.
4. The ability to record the physical examination results and a treatment plan clearly and accurately.
5. The capacity to maintain composure and continue to function well during periods of high stress.
6. The perseverance, diligence, and commitment to complete the athletic training education program as outlined and sequenced.
7. Flexibility and the ability to adjust to changing situations and uncertainty in clinical situations.
8. Affective skills and appropriate demeanor and rapport that relate to professional education and quality patient care.

Candidates for selection to the athletic training education program will be required to verify they understand and meet these technical standards or that they believe that, with certain accommodations, they can meet the standards.

The advisor for students with disabilities will evaluate a student who states he/she could meet the program's technical standards with accommodation and confirm that the stated condition qualifies under applicable laws.

If a student states he/she can meet the technical standards with accommodation, then the University will determine whether it agrees that the student can meet the technical standards with reasonable accommodation; this includes a review whether the accommodations requested are reasonable, taking into account whether accommodation would jeopardize clinician/patient safety, or the education process of the student or the institution, including coursework, clinical experiences, and internships deemed essential to graduation.

I certify that I have read and understand the technical standards for selection listed above, and I believe to the best of my knowledge that I meet each of these standards without accommodation. I understand that if I am unable to meet these standards I will not be admitted into the program.

Alternative statement for students requesting accommodations:

I certify that I have read and understand the technical standards for selection listed above, and I believe to the best of my knowledge that I can meet each of these standards with certain accommodations. I will contact the advisor for students with disabilities to determine what accommodations may be available. I understand that if I am unable to meet these standards with or without accommodations, I will not be admitted into the program.

Exercise Science Major (B.S.)

The purpose of the exercise science major is to prepare students for an entry-level doctoral degree program in physical therapy. An interdisciplinary approach is applied to this major, including classes in psychology, biology, physics, chemistry, athletic training, and exercise science. The courses contained within the major meet or exceed the prerequisites for the majority of physical therapy schools. Students are encouraged to volunteer service in all aspects of physical therapy prior to and during their undergraduate studies. Students must have a minimum GPA of 2.50 for admission to the program.

Health Sciences Major (B.S.)

The health sciences major is designed to prepare students for a variety of careers or graduate programs within the broad field of health. This major is ideal for students pursuing graduate programs in physician assistance or occupational therapy. Students in this major also pursue areas such as strength and conditioning and corporate wellness, among other health professions. The health sciences major provides many elective hours along with inter-professional education to allow students, under the guidance of an advisor, to tailor programs of study to meet professional goals. Students must have a minimum GPA of 2.50 for admission to the program.

Sport Administration Major (B.S.)

The sport administration major is designed to prepare students for sport industry leadership positions in: intercollegiate athletic administration, professional sports, facility and event operations, marketing and public relations, law, interscholastic athletic administration, sport business, and related fields. Every course is grounded in leadership skills such as punctuality, problem-solving, professional speaking and intentionality. Students must have a minimum GPA of 2.50 for admission to the program and must maintain a minimum 2.30 GPA to remain in the program. If, at any time a student falls below a 2.30 GPA, a one semester probation will be implemented. After this probation, if a student's overall GPA remains below 2.30, he/she will be dismissed from the program for one academic year.

Sports Medicine Major (B.S.)

This major is the department's pre-medicine program and is an alternative to the traditional pre-medical programs. In addition to meeting the prerequisite requirements for medical school the sports medicine major provides a prevention-oriented curriculum with course options in nutrition, exercise physiology and exercise prescription. Students will be assigned a departmental academic advisor in addition to the health professions advisor who will guide their progress toward medical school or other medically-based professional school (e.g., dental school). An interdisciplinary approach including nutrition, biology, mathematics, chemistry, athletic training, and exercise science is included in the major. Students must have a minimum GPA of 2.50 for admission to the program.

Undergraduate Courses

KINESIOLOGY - UNDERGRADUATE

KINE 141 Introduction to Health Sciences (2)

This introductory course is designed to expose students in the Department of Kinesiology to their specific area of study and to provide experiences in selecting and using appropriate technology in this profession. Each sub-discipline will be examined relative to philosophical and historical foundations, impact and contribution to society, potential career opportunities and the relationship to other disciplines in the department (exercise science, health sciences, sports medicine). Learning strategies, including experiential learning and problem-based learning (PBL), will be used to link real world situations with content. These experiences will provide students with skills needed to become reflective decision-makers. Offered: Fall, Spring, and Summer.

KINE 142 Introduction to Sport Administration (2)

This course examines the details and techniques involved in leading and administering in a wide variety of sport organizations and settings. A multitude of specific administrative principles, practices, and strategies will be examined to provide a strong and thorough foundation for leadership and supervision of sport organizations from a distinctively Christian perspective. This course will also provide an overview of sport organization functions such as: structure and policy, economics, marketing, human and labor relations, career development, and Christian ministry through sport. Offered: Fall and Spring.

KINE 143 Core Program for Majors and Minors I (2)

Introduction to a variety of sports and activities. Emphasis on both skill acquisition and teaching techniques. Prereq: KINE 141. Offered: On rotation.

KINE 144 Core Program for Majors and Minors II (2)

Introduction to a variety of sports and activities. Emphasis on both skill acquisition and teaching techniques. Prereq: KINE 141. Offered: On rotation.

KINE 145 Core Program for Majors and Minors III (2)

Introduction to a variety of sports and activities. Emphasis on both skill acquisition and teaching techniques. Prereq: KINE 141. Offered: On rotation.

KINE 200 Introduction to Sports and Recreation Ministry (2)

Introduction to and overview of the field of recreation, sports, and leisure service. Course will examine the importance of recreation and leisure participation in our society, as well as how it can be a valuable tool for ministry. Students will explore a broad variety of program-providing entities. Offered: Spring.

KINE 201 Instructional Strategies for Elementary School Physical Educators (4)

Study of the program of physical education activities for the elementary school. Includes methods and procedures for conducting such a program. Prereq: KINE 141. Offered: Spring.

KINE 202 Physical Education for Elementary Schools (2)

Study of the program of physical education activities for the elementary school. Includes methods and procedures for conducting such a program. Offered: Spring and Jan Term.

KINE 232 Prevention and Care of Athletic Injuries (2)

Study of safety and preventive measures and treatment of injuries incurred in athletic contests or practices.

KINE 241 First Aid and CPR (2)

Study of the principles of first aid, CPR, and automated external defibrillators (AED). Instruction leads to American Red Cross Certification in first aid, CPR, and AED. Prereq: KINE 141.

KINE 246 Emergency Care in Sports Medicine (3)

A classroom and practical study in emergency skills and situations which may be encountered by the athletic trainer or sports medicine provider. These areas include, but are not limited to, emergency situation planning and immediate emergency management. Prereq: KINE 141. Offered: Fall.

KINE 250 Medical Terminology (2)

Systematic study of medical terminology emphasizing understanding and using medical terms. Restricted to majors and minors in the kinesiology department. Students majoring in other areas must have special permission of the instructor. Prereqs: KINE 141 or NUTR 210. Offered: Spring, Summer, and Jan Term.

KINE 265 Disability for Health Sciences (2)

This course is designed to give exposure to a broad range of disabilities. The course will include content, organization, conduct, and application of activities designed for individuals with disability. Students will learn about characteristics of various disabilities or health conditions as they relate to health science. Offered: Fall and Spring.

KINE 274 Practicum in Athletic Training I (1)

Practical study of taping, protective equipment, sports safety training, and prevention and care techniques. Emphasis on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training Education. Offered: Fall.

KINE 275 Practicum in Athletic Training II (1)

Practical study of therapeutic modality skills and techniques commonly used in the athletic training setting. Emphasis on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training Education. Prereq/Co-req: KINE 274. Offered: Fall.

KINE 276 Therapeutic Modalities in Sports Medicine (4)

Introduction to the proper use of therapeutic modalities. Emphasis on practical experience and hands-on operation. Prereq: KINE 141. Offered: Fall.

KINE 277 Practicum in Athletic Training III (1)

Practical study of rehabilitation skills and techniques commonly used in the athletic training setting. Emphasis on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training Education. Prereq: KINE 275. Offered: Spring.

KINE 280 Sport Facility and Event Operations (3)

This course examines the methods, details and techniques involved in the full operations of a wide variety of sport facilities and their specific events. A multitude of specific management principles, practices, and strategies will be examined to provide a strong and thorough foundation for leadership and supervision of sport and recreation facilities as well as other public facilities including: college and high school buildings, convention centers, museums, theaters, and other arena or stadium type structures. This course will also provide an in depth look at sport facility management: history, theory, planning, site design, construction, systems and operations, maintenance, marketing and sales, finances, legal responsibilities, security, and event preparation. Prereq/Co-req: KINE 142. Offered: Fall.

KINE 285 History of Sport (3)

This course surveys the history of sport in the United States. Specifically, the course will look at sport history starting with historical events and individuals prior to the founding of America, and will conclude with present day sport and societal events, individuals, and outcomes. Most importantly, this course will examine historical events and people in sport in the United States through the lens of the Gospel, and seek to answer biblically and honestly questions that arise regarding how Christians should respond to these events, people, outcomes, and cultural realities. Prereqs: KINE 142 and KINE 280. Offered: Fall.

KINE 300 Rehabilitation Techniques in Sports Medicine (4)

Classroom and practical study in appropriate use of therapeutic rehabilitation and techniques of athletic injuries. Includes scientific/physiological rationales, selection criteria, indications/contraindications, and clinical applications. Prereq: KINE 141. Offered: Spring.

KINE 302 Health & Physical Education for Elementary School Teachers (4)

This course is designed to provide future elementary classroom teachers with knowledge about providing quality, daily physical education and movement experiences in the classroom throughout the day. Material presented in this course describes changes in movement behavior occurring throughout the lifespan and the influences of variables such as growth and maturation, physical fitness development and perceptual motor development upon these changes. The purpose is to establish a foundation for effective teaching in the cognitive, affective, and physical domain. Offered: Fall and Spring.

KINE 303 Therapeutic Interventions in Sports Medicine I (3)

A classroom and practical study in the use of therapeutic modalities and their use in the treatment of athletic injuries; encompassing scientific and physiological rationales, selection criteria, indications for use, contraindications and clinical applications. This course will also include therapeutic rehabilitation and techniques of athletic injuries, encompassing scientific/physiological rationales, selection criteria, indications/contraindications and clinical applications. Prereq: KINE 141. Offered: Spring.

KINE 304 Therapeutic Interventions in Sports Medicine II (3)

A classroom and practical study in the use of therapeutic modalities and their use in the treatment of athletic injuries; encompassing scientific and physiological rationales, selection criteria, indications for use, contraindications and clinical applications. This course will also include therapeutic rehabilitation and techniques of athletic injuries, encompassing scientific/physiological rationales, selection criteria, indications/contraindications and clinical applications. Prereq: KINE 303. Offered: Fall.

KINE 320 Sport and Communication (3)

This course examines the history of communication and technology changes in the sport industry. Specific attention will be given to technological improvements and cultural trends in the dissemination of sporting news, advertisements, promotions, and viewer consumption. A strong emphasis will be placed on mobile and social media platforms, technological software packages, and the digital realm of sport messaging and consumer acquisition and choice. Prereqs: KINE 142 and KINE 280. Offered: Spring and Summer.

KINE 321 Motor Development (Non-Majors) (1-2)

Study of perceptual motor development and psychomotor development in early childhood. Includes exposure to a broad range of motor/cognitive disabilities. For non-kinesiology department majors. May be repeated for a maximum of 2 credits.

KINE 322 Lifespan Motor Development (Majors) (4)

Study of motor development across the lifespan, including the impact of physiological, sociological, and psychological developmental trends. Exposure to a broad range of motor/cognitive disabilities is included. Includes laboratory. For kinesiology department majors only. Prereq: KINE 141.

KINE 325 Practicum in Sports and Recreation Ministry (1-4)

Designed to apply the principles of the sports and recreation ministry to a real world setting, this course will place the student in a professional setting to gain practical experience. May be repeated for a maximum of 4 credits. Prereqs: KINE 142 and KINE 280. Offered: Every semester.

KINE 330 Externship in Physical Therapy (2)

Observational externship in an outpatient physical therapy setting. Designed to provide the student with an understanding of physical therapy in an ambulatory outpatient facility. Prereqs: KINE 141, plus 30 volunteer hours in a physical therapy setting. Offered: Every semester.

KINE 331 Personal and Community Health (4)

Study of the basic fundamentals of general health. Emphasis on such topical areas as personal fitness, nutrition, mental and emotional health, and community and environmental health. Prereq: KINE 141.

KINE 336 Fundamental Sports Skills: Acquisition and Analysis (4)

Opportunity to acquire the knowledge and skill necessary for analysis and teaching of sports skills. Prereq: KINE 141. Offered: Spring.

KINE 339 Exercise for Special Populations (4)

Survey of proper physiological assessment, analysis of test data, and exercise programming for disease states (e.g., cardiovascular disease, diabetes, obesity, hypertension) and other special populations, including older adults, adolescents, and athletes. Prereq: KINE 141. Offered: Fall.

KINE 340 Practicum in Fitness and Health Promotion (2-4)

Practical externship experience in various areas of fitness management. Includes exercise leader, fitness programming, and marketing/finance. May be repeated for a maximum of 8 credits. Prereq: KINE 141.

KINE 345 Medical Aspects of Exercise and Sport (2)

Study of the recognition, evaluation, management, and prevention of the most common medical conditions that affect exercise and sport participation. Emphasis will be placed on differentiating medical conditions. Emphasis will also be placed on the appropriate history, physical exam, indications for referral, and treatment for each condition. Prereqs: BIOL 217 and BIOL 218; and KINE 141. Offered: Spring.

KINE 350 Laboratory Techniques for Kinesiology (4)

This course is designed to be an introduction to the various instruments and techniques used in human performance and sports medicine labs. A practical approach will provide students the opportunity to learn techniques to assess health, fitness, and performance. Prereq: KINE 141. Offered: Fall and Spring.

KINE 351 Coaching Principles and Administration (3)

Insight into important areas of coaching not associated with the techniques of coaching. Includes sports nutrition, sports psychology, sports administration, weight training, and developmental stages. Prereq: KINE 141. Offered: Fall.

KINE 355 Legal and Contractual Aspects of Sport (3)

This course introduces the varied legal aspects of the sport industry (tort law, criminal and civil law, labor relations, Title IX issues, etc.) and specifically focuses on the interaction between leadership positions in sport and the legal issues they encounter. This course will also provide an in depth view of contract law, including the specific legal issues associated with contract negotiation, execution, and breach. A strong emphasis will be placed on understanding how to read and write contracts that legally protect one's business interests and financial goals within the framework of sport organizations and leagues, facilities, and events. Prereqs: KINE 142 and KINE 280. Offered: Fall.

KINE 360 Curriculum Design and Instructional Strategies for Physical Education (4)

Overview of the curriculum, content, instructional methods, and management of middle and high school health, and physical education classrooms. Prereqs: KINE 141, 201, 322, and 336. Offered: Fall.

KINE 362 Coaching Techniques (Football/Soccer) (2)

Opportunity to learn and develop techniques based on the latest theories of coaching. Combines theory in the classroom with application on the playing field. Prereq: KINE 141. Prereq/Co-req: KINE 351.

KINE 363 Coaching Techniques (Basketball/Volleyball) (2)

Opportunity to learn and develop techniques based on the latest theories of coaching. Combines theory in the classroom with application on the playing court. Prereq: KINE 141. Prereq/Co-req: KINE 351.

KINE 365 Contemporary Issues in Sport (3)

This course examines and discusses the various sport leadership and business topics that impact the sport industry as a whole, and the professionals working in positions of influence. Prereqs: KINE 142 and KINE 280. Offered: Fall.

KINE 370 Health Professions Internship (2 or 4)

Understanding and insight into the duties of a physician, or other health care profession, in a medical setting. May be repeated for a maximum of 6 credits. Prereq: KINE 141. Offered: Fall, Jan Term, and Summer 1.

KINE 374 Administration of Athletic Training Program (1)

Understanding of the planning, coordinating, and supervision of all administrative components of an athletic training program. Includes high school, college, or professional organizations. Prereq: KINE 141. Offered: Spring.

KINE 375 Practicum in Athletic Training IV (1)

Practical study in evaluation of lower-body athletic injuries commonly sustained by the competitive athlete. Emphasis on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training Education. Prereq: KINE 277. Offered: Fall.

KINE 376 Practicum in Athletic Training V (1)

Practical study in evaluation of lower-body athletic injuries commonly sustained by the competitive athlete. Emphasis on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training Education. Prereq: KINE 375. Offered: Spring.

KINE 380 Sport Marketing and Finance (3)

Provides students with an overview of the major marketing and financial issues facing the sport industry. Content will focus on developing basic knowledge and understanding of sport marketing and promotion, specifically the history of sport marketing, evaluation of sport marketing programs, sources of revenue, and public versus private sector funding in sports. Prereq: KINE 141. Offered: Spring.

KINE 390 Leadership and Programming in Sports and Recreation (3)

Introduction to core aspects of sports and recreation program planning. Assessment, implementation, and evaluation of total programs and individual program activities will be investigated, discussed, and applied. The roles of leadership and management within various organizations will be examined as will leadership and management styles, theories, and decision making processes. A personal approach to leadership and management will also be explored. Prereq: KINE 200. Offered: Fall.

KINE 391 Christian Leadership and Ethics in Sport (3)

This course will teach students how to be leaders in the sport industry with a Christian mindset. Students will discuss the ever-changing culture in sports where revenue generation and profit maximization are sought and expected. This course will review current sport industry trends and issues, and will focus on purposeful discussion on how to be Christian leaders. Prereqs: KINE 142 and KINE 280. Offered: Spring.

KINE 396 Internship in Sport Administration I (4)

The purpose of this required internship is to provide students a practical and tangible experience to work in a variety of sport industry roles, and to learn how to practice Christian leadership and sport business skills that students have been immersed in through the sport administration curriculum. The practical work experience of this internship is designed to be an introductory professional sport administrative experience at Samford. Prereqs: KINE 142, 280, 320, 355, 365. Prereqs/Co-reqs: KINE 391 and KINE 400. Offered: Fall, Spring, and Summer.

KINE 397 Special Topics in Kinesiology (1-4)

This course will cover topics in kinesiology that are not typically examined in depth in other course offerings. Students will learn about emerging topics and current research within the field of kinesiology. Topics vary with each instructor. May be repeated for a maximum of 8 credits. Prereq: KINE 141 or KINE 142. Offered: Fall, Jan Term, and Spring.

KINE 398 Foundations of Scientific Inquiry (2)

Provides students with an overview of how to answer questions using the scientific process. Students will learn how to read, review and critique scientific literature, while learning the components of research design. Prereq: KINE 141 or KINE 142. Offered: Fall and Spring.

KINE 399 London Study Topics (4)

Special courses designed for and offered at the Daniel House London Study Centre. Topics vary.

KINE 400 Sport Governance and the NCAA (3)

This course examines the governance structures of the three different layers of the National Collegiate Athletic Association (NCAA), in addition to other collegiate governing bodies such as the NAIA and NCCAA. Specific attention will be given to the three NCAA divisions (I, II, and III) leadership structures, respective academic eligibility requirements, financial aid structures, recruiting regulations, and institutional oversight. Prereqs: KINE 142 and KINE 280. Offered: Spring.

KINE 404 Student Teaching Physical Education, P-12 (12)

Supervised field internship for prospective teachers of elementary and secondary students, grades P-12. Prereqs: KINE 141 and KINE 360; EDUC 213 and 323.

KINE 405 Advanced Research Techniques in Exercise Science (2)

Externship designed to give the student in-depth practical experience in various areas of clinical and applied research techniques. Research techniques will be taught in an exercise-based research laboratory environment. At completion of externship, students will have gained practical knowledge and skills needed to function with competence in a laboratory-based research setting. Students will work with research personnel for 100 hours. May be repeated for a maximum of 4 credits. Prereqs: KINE 141 and junior or senior status. Offered: Summer.

KINE 420 Tests and Measurements (4)

Investigation of the basic concepts of measurement and evaluation as applied to the field of kinesiology. Prereqs: KINE 141; MATH 210 or equivalent. Offered: Fall and Summer 1.

KINE 430 Sport Sponsorship and Sales (3)

This course provides an overview of sport sales strategies, sales trends throughout the sport industry, and sales practices that apply to: professional sports, college athletics, and international and domestic sport businesses. In addition, specific attention will be given to sport sponsorship opportunities, sponsorship selection and activation, and brand association between sponsors and targeted sports. Prereqs: KINE 142 and KINE 280. Offered: Summer.

KINE 433 Organization and Administration (3)

Practical study of organizational and administrative theories and principles in exercise, health, and sport-related professions. Prereq: KINE 141. Offered: Fall.

KINE 450 Practicum in Athletic Training VI (1)

Practical study in the evaluation of upper body athletic injuries and injuries to the spine commonly sustained by the competitive athlete. Exploration of administrative skills commonly needed by certified athletic trainers. Emphasis on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training Education. Prereq: KINE 376. Offered: Fall.

KINE 451 Practicum in Athletic Training VII (1)

Practical study in psychosocial intervention, health care administration, and nutritional skills commonly needed by the certified athletic trainer. Review of selected educational competencies and proficiencies instructed and evaluated during the athletic training students' educational career. Emphasis on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training Education. Prereq: KINE 450.

KINE 460 Financial Operations in Sport (3)

This course examines the many financial operations and functions of organizations in the sport industry, and specifically addresses the necessary details in helping sport organizations generate net profit and create new revenue streams. This course directly covers a multitude of significant financial areas including: the valuations and tax considerations of professional sport teams, how sports are positioned in the United States and world economies, revenue sharing and competitive balance issues in professional sport, ticket pricing, how star players generate higher gate receipts, media contracts, inflationary and deflationary salary mechanisms, college athletic fundraising, intercollegiate athletic winning and the costs associated with competition, and many more details. Prereqs: KINE 142 and KINE 280. Offered: Spring.

KINE 467 Exploring Medical Missions (2)

An introduction to medical missions aimed at understanding the need to provide medical care among the world's underserved communities, the roles and responsibilities of various healthcare providers, and how to serve Jesus Christ by providing spiritual and physical healthcare with an emphasis on global healthcare. The course will be aimed at understanding the social, emotional, and cultural needs of specific patient populations, and providing patient care, medicine, and spiritual guidance to the less fortunate. Students in any non-pharmacy degree program in the College of Health Sciences may enroll in this interprofessional course. Course is taught online. Cross-listed with CSDS 467, PHRX 467; SLPA 567. Offered: Spring.

KINE 470 International Sport Business (3)

This course is designed to provide students with a broad overview of sport administration from an international perspective, and familiarize students to the various practices and ideas in the global sports business world. Coursework will allow students to acclimate themselves with the global aspects of the sport management field. Thus, the overall purpose of the course is to make students aware of the magnitude of the global expansion and development of sport; to familiarize them with major "players" (firms and organizations) on the global scene, major issues in global sports, and to emphasize the business opportunities that are created internationally. Prereqs: KINE 142 and KINE 280. Offered: Spring.

KINE 472 Problems and Practical Experiences in Kinesiology (1-6)

Concentrated study in the area of kinesiology, designed to meet the particular needs and interests of individual students. May be repeated for a maximum of 6 credits. Prereq: KINE 141.

KINE 473 Exercise Physiology (4)

Study of the effects of exercise on the major systems of the human body, including cardiorespiratory, neuromuscular, glandular, and digestive. Includes examination of other effects influencing human exercise, such as climate, altitude, and ergogenic aids. Includes laboratory. Prereq: KINE 141.

KINE 476 Anatomy and Kinesiology (4)

Analysis of the musculoskeletal anatomy of the human body. Emphasis on body movements and the action of muscles in human activity. Prereq: KINE 141.

KINE 477 Sports Nutrition (4)

Introduction to the functions of nutrients, their availability in foods, and factors affecting their utilization. Emphasis on food and fluid planning for proper athletic performance and the selecting and planning of adequate diets for good health. Prereq: KINE 141 or NUTR 210.

KINE 478 Sport Psychology (4)

Overview of essential/psychological considerations involved in athletic participation, athletic training, and in coaching athletic teams. Prereqs: KINE 141; and PSYC 101 or equivalent. Offered: Fall and Spring.

KINE 479 Exercise Testing and Prescription (4)

Classroom and practical study of a variety of exercise testing techniques used to determine cardiorespiratory fitness, muscular fitness, body composition, flexibility, and blood pressure in healthy populations. Primary focus includes selection of appropriate tests, proper administration of tests, and accurate interpretation of test results. Further study will include use of testing results to determine appropriate exercise prescriptions for improving health and fitness. Prereq/Co-req: KINE 473. Offered: Spring.

KINE 485 Recognition & Evaluation of Athletic Injuries: Lower Body (4)

Practical and classroom study in clinical evaluation of lower body injuries and illnesses commonly sustained by the competitive athlete. Emphasis on proper evaluation for the purpose of (1) administering proper first aid and emergency care and (2) making appropriate referrals to physicians for diagnosis and medical treatment. Prereqs: KINE 141 and KINE 476. Offered: Fall.

KINE 486 Recognition & Evaluation of Athletic Injuries: Upper Body (4)

Practical and classroom study in clinical evaluation of upper body injuries and illnesses commonly sustained by the competitive athlete. Emphasis on proper evaluation for the purpose of (1) administering proper first aid and emergency care and (2) making appropriate referrals to physicians for diagnosis and medical treatment. Prereqs: KINE 141 and KINE 485. Offered: Spring.

KINE 490 Exercise as Medicine (4)

Integration of classroom work with laboratory exercises to increase the understanding of exercise as medicine. Includes exposure to laboratory equipment used in physiological research. Prereqs: KINE 141 and KINE 473. Offered: Fall.

KINE 495 Fitness and Health Promotion Externship (8 or 12)

Practical externship experience in one of various areas of fitness and health promotion. Settings and/or experiences may include wellness coordinator/director, fitness leader, exercise programming, cardiac rehabilitation, strength and conditioning, fitness management, research assistant, and/or corporate wellness. Prereqs: KINE 479, 490, 498, and senior status. Offered: Fall, Spring, and Summer.

KINE 497 Internship in Sport Administration II (4)

The purpose of this internship is to provide students a second tangible experience to work in a variety of sport industry roles, and to put into practice advanced leadership and sport business skills that students have been immersed in through the sport administration curriculum and their first internship. This second practical work experience is designed to benefit students who have worked diligently in the classroom to earn and maintain a 3.00 overall GPA, and serves as an additional sport industry experience for valuable learning and relationship building. Prereq: KINE 396. Offered: Fall, Spring, and Summer.

KINE 498 Research Methods (2)

Mastery of content and ability to bridge knowledge and application through development of a research proposal. Provides opportunity to compare "actual" with "expected" student outcomes so that alignment can be improved between expectations, actual results, and educational programs. Prereqs: KINE 141 or NUTR 210, plus KINE 398. Offered: Fall and Spring.

KINE 499 Senior Seminar in Kinesiology (2)

Mastery of content and demonstration of ability to apply skills through completion of a comprehensive experimental research project. Includes preparation of results for publication, presentation of results in a professional setting, and a comprehensive examination. Prereqs: KINE 141 or NUTR 210; and KINE 498. Offered: Fall and Spring.

PHYSICAL EDUCATION (CORE CURRICULUM)

UCFH 120 Concepts of Fitness and Health (2)

Fitness and health are homeostatic states that must be maintained throughout the course of one's life. This introductory course provides a foundation of the dimensions of wellness and their relationship to overall health for activities of daily living. Principles of fitness, basic nutrition, body composition, cardiovascular disease, substance abuse, stress, and other topics necessary for optimum health will be discussed. Offered: Every semester.

PHYSICAL ACTIVITY COURSES (NON-VARSITY)

All regular physical activity courses earn standard letter grades.

PHED 101 Outdoor Adventure (1)

PHED 102 Softball (1)

PHED 103 Flying Disc Sports (1)

PHED 104 Aqua Aerobics (1)

PHED 105 Beginner/Intermediate Golf (1)

PHED 106 Tennis (1)

PHED 107 Fitness Walking (1)

PHED 108 Fitness Running (1)

PHED 109 Strength Training-Physical Conditioning (1)

PHED 110 Personal Fitness (1)

PHED 111 Scuba (1)

PHED 112 Basketball (1)

PHED 113 Racquetball-Badminton (1)

PHED 114 Aerobics (1)

PHED 115 Volleyball-Wallyball (1)

PHED 116 Snow Skiing (1)

PHED 117 Beginning Social Dance-Women (1)

PHED 118 Beginning Social Dance-Men (1)

PHED 119 Karate (1)

PHED 120 Fitness Swimming (1)

PHED 121 Jazz/Tap for Fitness (1)

PHED 122 Spin® Cycling (1)

PHED 123 Kayaking (1)

PHED 124 Dance for Fitness (1)

PHED 127 Yoga (1)

PHED 131 Soccer (1)

PHED 132 Lacrosse (1)

PHED 133 Beginning Swimming (1)

PHED 134 Intermediate Swimming (1)

PHED 135 Synchronized Swimming (1)

PHED 136 Fencing (1)

PHED 137 Lifeguard Training (1)

PHED 138 Water Safety Instructor Course (2)

(Prereq: Advanced swimming skills)

PHED 139 Pilates (1)

PHED 140 Special Physical Activity (1) (Section titles vary)

VARSITY SPORTS

All varsity sports are graded pass/fail and may be repeated once, for a maximum of 2 credits.

PHED 125 Varsity Track and Field (1)

PHED 126 Varsity Cheerleading (1)

PHED 128 Varsity Tennis (1)

PHED 129 Varsity Golf (1)

PHED 130 Varsity Basketball (Men) (1)

PHED 147 Varsity Volleyball-Women (1)

PHED 148 Varsity Baseball (1)

PHED 149 Varsity Soccer-Women (1)

PHED 150 Varsity Basketball-Women (1)

PHED 151 Varsity Football (1)

PHED 152 Varsity Softball-Women (1)

PHED 153 Varsity Cross Country (1)

Graduate Programs and Requirements

Degree

Master of Athletic Training (M.A.T.)

The Department of Kinesiology offers the master of athletic training degree (M.A.T.), a 56-hour program designed to prepare students for entry into the practice of athletic training. The program is grounded in evidence-based practice and a patient-centered approach to health care. Upon completion, students will be eligible to take the Board of Certification, Inc. examination for athletic trainers.

Master of Athletic Training (M.A.T.)

Admission to the Master of Athletic Training program is competitive.

Admission Requirements

Requirements for admission consideration include:

- Baccalaureate degree or higher from an accredited college or university (degree in any field), or be enrolled in your senior year of undergraduate study.

Conditional admission:

A completed bachelor's degree is required prior to enrollment, as evidenced by a final official college/university transcript. Applicants may receive a conditional acceptance with a letter from the registrar stating they have in fact completed the requirements for the degree. The "conditional" status is removed once an official transcript is received.

- Minimum cumulative GPA of 3.00 on a 4.00 scale.
- Achieve a "C" or better in all prerequisite courses. All prerequisite courses must have been completed within 10 years prior to application.
- Required prerequisite courses include:
 - o Anatomy and Physiology I and II with labs
 - o General Psychology
 - o Motor Learning or Biomechanics
 - o Kinesiology
 - o Exercise physiology
 - o Health/Wellness
 - o Statistics
- Recommended Courses:
 - o Chemistry
 - o Physics
 - o Pathophysiology
 - o Research design
- CPR - Must be one of the following:
 - o Professional Rescuer and AED by the American Red Cross
 - o BLS Healthcare Provider CPR by the American Heart Association
 - o CPR PRO for the Healthcare Professional by Health and Safety Institute
- Graduate Record Examination score (within the past 5 years) with minimum scores of:
 - o Verbal: 153
 - o Quantitative: 144
 - o Analytical: 4.0.

Applicants must self-report their GRE scores in ATCAS and submit official GRE records to Samford University at code: 1779.
- 50 hours of documented volunteer/shadowing experience with a certified athletic trainer.
- Three letters of reference through the ATCAS application system. References should be from: 1) current or previous professor; 2) work supervisor, mentor, pastor, academic advisor, etc.; and 3) a Certified Athletic Trainer.
- International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer), or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
- On-campus interview. Invitations will be sent after the initial review of materials.

Upon acceptance, a non-refundable fee of \$500 is required to secure admission into the program. This fee is applied to the first semester's tuition.

Application Process

The steps below outline the application process for the master of athletic training program. To apply, you are required to submit both an application through ATCAS as well as the Master of Athletic Training Supplemental Form.

Before starting these applications, we recommend that you complete the following checklist:

- Obtain student copies of your college transcripts to assist you in completing the coursework section for the application.
- Before you begin your application, please review the ATCAS Instructions & FAQs.
- Request official transcripts from each institution attended by using the transcript request form in ATCAS. Complete the form, submit it to the registrar's office of each institution attended, and instruct them to enclose the form with your official sealed transcript. Transcripts must be sent to the ATCAS Transcript Department. ATCAS accepts official transcripts sent directly from the registrar's office only. Please send transcripts as early as possible and no less than four to six weeks before the application deadline due to the time needed by ATCAS to verify your application.

Send transcripts to:

ATCAS Verification Department
PO Box 1932
Watertown, MA 02471

- Pay the initial service fee of \$85 when submitting the ATCAS application.
- Obtain three letters of recommendation from : 1) current or previous professor; 2) supervisor; and 3) an Athletic Trainer. These letters of recommendation must be submitted through ATCAS. The references should attest to the applicant's academic ability and potential.
- Self-report GRE scores to ATCAS and send official scores to Samford University Code 1779.
- Please complete application in its entirety.
- If selected, complete an on-campus interview.

Time-to-Degree Completion Plan

The program is designed to be completed in two years (five Semesters) of full-time study. Cohorts will begin during the summer semester and graduate in at the end of the spring semester.

Graduate Courses

KINESIOLOGY - GRADUATE

NOTE: Additional graduate-level KINE courses can be found in the course listings for the MSE-FYNT program, under the Department of Curriculum & Instruction. Those courses are specific requirements for the physical education teaching field of the Fifth-Year Non-Traditional Program: Secondary Education (MSE-FYNT), Class A Certification, M.S.E.

KINE 501 Athletic Performance (3)

This course will cover the theory of performance in athletes and other active individuals. Includes an overview of kinesiology, biomechanics and physiology of exercise. Offered: Summer.

KINE 502 Athletic Training Skills (3)

An introduction to athletic training clinical education knowledge and athletic training skills necessary for practice as an athletic training student in the clinical setting. Emphasis is placed on pre-participation physical examination, medical terminology, documentation, protective equipment, taping/wrapping techniques, appropriate and safe application of modalities, and common knowledge of general medical conditions. Offered: Summer.

Master of Athletic Training (M.A.T.)

The master of athletic training program is designed to prepare students for entry into the practice of athletic training. This educational program is grounded in evidence-based practice and a patient-centered approach to health care. Upon completion of this program, students will be eligible to take the Board of Certification, Inc. examination for athletic trainers.

Master of Athletic Training Required Courses		Course Credits	Total Required Credits
Athletic Training Core			56
KINE 501	Athletic Performance	3	
KINE 502	Athletic Training Skills	3	
KINE 503	Emergency Care in Athletic Training	3	
KINE 559	Clinical in Athletic Training I	2	
KINE 510	Evaluation of Orthopedic Injuries I	3	
KINE 513	Evaluation of Orthopedic Injuries I - Lab	1

KINE 503 Emergency Care in Athletic Training (3)

A classroom and practical study in emergency care for athletes and other active populations. Emphasis will be placed on airway management, proper immobilization following a traumatic injury, and management of other emergent situations. Offered: Summer.

KINE 504 Evidence-Based Practice/Research Methods in Athletic Training (3)

A classroom and practical study in the role of evidence in the practice of athletic training. The course will include clinical question formation, outcome measures and epidemiology data review, and the role of each in patient care. Offered: Fall.

KINE 510 Evaluation of Orthopedic Injuries I (3)

Classroom and practical study of the clinical evaluation of lower extremity injuries/illnesses commonly sustained by competitive athletes and active individuals. Students will apply an evidence-based approach to clinical examination, diagnosis, and referral of pathologies of the lower extremity. Co-req: KINE 513. Offered: Fall.

KINE 511 Evaluation of Orthopedic Injuries II (3)

Classroom and practical study of the clinical evaluation of upper extremity injuries/illnesses commonly sustained by competitive athletes and active individuals. Students will apply an evidence-based approach to clinical examination, diagnosis, and referral of pathologies of the upper extremity. Prereq: KINE 510. Co-req: KINE 514. Offered: Spring.

KINE 512 Medical Aspects of Sport (3)

A study of physiologic concepts, adaptations, diagnostic procedures, and outcomes of systemic disease in competitive athletes and active individuals. Students will demonstrate knowledge and skills in evaluative procedures and therapeutic interventions. Offered: Spring.

KINE 513 Evaluation of Orthopedic Injuries I - Lab (1)

Laboratory study in the clinical evaluation of lower extremity injury/illnesses commonly sustained by competitive athletes and active individuals. Students will apply knowledge and skills of orthopedic assessment of lower extremity pathologies through patient simulation and case-based learning. Co-req: KINE 510. Offered: Fall.

KINE 514 Evaluation of Orthopedic Injuries II - Lab (1)

Laboratory study in the clinical evaluation of upper extremity injury/illnesses commonly sustained by competitive athletes and active individuals. Students will apply knowledge and skills of orthopedic assessment of upper extremity pathologies through patient simulation and case-based learning. Prereq: KINE 513. Co-req: KINE 511. Offered: Spring.

KINE 520 Therapeutic Interventions I (3)

An introduction to rehabilitation principles and biophysical agents in relation to musculoskeletal and general medical pathologies of the human body. Emphasis is placed on the theory of rehabilitation, the theory of pain control, and the precautions, indications, and contraindications of therapeutic intervention. Co-req: KINE 521. Offered: Spring.

KINE 521 Therapeutic Interventions I - Lab (1)

A laboratory introduction to practical application of rehabilitation principles and biophysical agents. Co-req: KINE 520. Offered: Spring.

KINE 559 Clinical in Athletic Training I (2)

The clinical experiences are supervised professional experiences in an athletic training or other healthcare setting to provide the opportunity to utilize and master acquired knowledge, skills and abilities to patient/client care. Additionally this course will be a practical study of taping, protective equipment, prevention and care of injuries sustained by active individuals. Additionally, planning and management of emergent situations will be covered. Emphasis is placed on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training. Offered: Summer.

KINE 561 Clinical in Athletic Training II (2)

Practical study of prevention, care, evaluation and diagnosis of injuries of the lower body sustained by active individuals. Additionally, the role of evidence in the practice of athletic training will be covered. Emphasis is placed on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training. Prereq: KINE 559. Offered: Fall.

KINE 562 Clinical in Athletic Training III (2)

The clinical experiences are supervised professional experiences in an athletic training or other healthcare setting to provide the opportunity to utilize and master acquired knowledge, skills and abilities to patient/client care. Additionally this course will be a practical study of prevention, care, evaluation and diagnosis of injuries of the upper body sustained by active individuals. The role of therapeutic modalities and rehabilitation in the practice of athletic training will be covered. Emphasis is placed on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training. Prereq: KINE 561. Offered: Spring.

KINE 601 Administration of Athletic Training (3)

This course is designed to effectively plan, coordinate, and supervise all administrative components of an athletic training organization including those pertaining to healthcare services, financial management, personnel management, facilities guidelines and management, and public relations. Offered: Fall.

KINE 602 Sport Nutrition (3)

Study of the function of nutrients, their availability in foods, and factors affecting their utilization. Emphasis on food and fluid planning on proper performance for the active individual and planning of diets for good health. Additionally, this course will study the role of dietary supplements on health and athletic performance. Offered: Spring.

KINE 605 Special Populations in Athletic Training (1)

Survey of injury and illness risk factors associated with sports participation by the preadolescent/adolescent, geriatric, male, female, and patients with disabilities. Offered: Spring.

KINE 610 Evaluation of Orthopedic Injuries III (3)

Classroom and practical study of the clinical evaluation of head, spine, and torso injuries/illnesses commonly sustained by competitive athletes and active individuals. Students will apply an evidence-based approach to clinical examination, diagnosis, and referral of pathologies of the head, spine, and torso. Co-req: KINE 611. Offered: Summer.

KINE 611 Evaluation of Orthopedic Injuries III Lab (1)

Laboratory study in the clinical evaluation of head, spine, and torso injury/illnesses commonly sustained by competitive athletes and active individuals. Students will apply knowledge and skills of orthopedic assessment of head, spine, and torso pathologies through patient simulation and case-based learning. Co-req: KINE 610. Offered: Summer.

KINE 620 Therapeutic Interventions II (3)

A continuation of rehabilitation principles and biophysical agents in relation to musculoskeletal and general medical pathologies of the human body. Emphasis is placed on the development of a rehabilitation plan of care and evaluation of therapeutic interventions. Prereq: KINE 520. Co-req: KINE 622. Offered: Fall.

KINE 621 Therapeutic Interventions III (3)

An advanced study of rehabilitation practice and application of alternative therapeutic interventions. Emphasis is placed on manual therapy, vestibular, aquatic rehabilitation, alternative biophysical agents, and psychosocial interventions. Prereq: KINE 620. Co-req: KINE 623. Offered: Spring.

KINE 622 Therapeutic Interventions II - Lab (1)

Lab practice and appraisal of rehabilitation principles and biophysical agents in the development of a patient plan of care for musculoskeletal and general medical pathologies of the human body. Prereq: KINE 521. Co-req: KINE 620. Offered: Fall.

KINE 623 Therapeutic Interventions III - Lab (1)

Practical application of advanced rehabilitation practice, alternative therapeutic interventions, and psychosocial interventions. Prereq: KINE 622. Co-req: KINE 621. Offered: Spring.

KINE 660 Clinical in Athletic Training IV (2)

The clinical experiences are supervised professional experiences in an athletic training or other healthcare setting to provide the opportunity to utilize and master acquired knowledge, skills and abilities to patient/client care. Additionally, this course will be a practical study of the role of therapeutic modalities and rehabilitative techniques in athletic training. Administrative aspects of the practice of athletic training will be included. Emphasis is placed on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training. Prereq: KINE 562. Offered: Fall.

KINE 661 Clinical in Athletic Training V (2)

The clinical experiences are supervised professional experiences in an athletic training or other healthcare setting to provide the opportunity to utilize and master acquired knowledge, skills and abilities to patient/client care. Additionally this course will be a practical study of the role of therapeutic modalities, rehabilitative techniques, common medications and psychosocial interventions in athletic training. Emphasis is placed on meeting the competencies and proficiencies as set forth by the Commission on Accreditation of Athletic Training. Prereq: KINE 660. Offered: Spring.

Physical Therapy

Faculty

Matthew P. Ford, Chair, Professor
Christopher Scott Bickel, Associate Professor
Andrea Bowens, Assistant Professor
Moira Jackson, Assistant Professor
Ashley E. Parish, Assistant Professor
Sarah Ross, Assistant Professor
Lydia A. Thurston, Assistant Professor
Nicholas B. Washmuth, Assistant Professor

Graduate Programs and Requirements

Degrees

Doctor of Physical Therapy (D.P.T.)
Fast Track Doctor of Physical Therapy (D.P.T.)

The Department of Physical Therapy offers a clinical doctorate in physical therapy degree (D.P.T.). This is a full-time, three-year graduate program preparing students to practice physical therapy in a variety of settings: hospitals, inpatient rehab, inpatient, out-patient, pediatrics, schools, nursing homes, home health, and community wellness. In collaboration with the School of Public Health's Department of Kinesiology, the department also offers a six-year fast track doctor of physical therapy—a combination of their bachelor of science in exercise science with our doctor of physical therapy program.

Graduate Courses

PHYSICAL THERAPY

PHTH 610 Human Anatomy (6)

Study of the gross anatomical structure of the human body including the limbs, back, abdominal wall and cavity, head, neck, thoracic and pelvic cavity. Specific emphasis includes regional study of the relationships between musculoskeletal, nervous, and vascular systems, joint structure, cardiovascular and pulmonary systems, and surveys of selected viscera. Offered: Summer.

PHTH 611 Neuroscience (4)

Study of the structure and function of the human nervous system with focus on sensory/motor function and neuroanatomical/ neurophysiological principles underlying normal and abnormal movement. Emphasis will be placed on neuroanatomical correlates of nervous systems diseases commonly encountered by physical therapists. Offered: Summer.

PHTH 620 Histology/Physiology (3)

Fundamental principles and concepts of histology and human physiology are covered regarding the cell, cardiovascular, endocrine, gastrointestinal, pulmonary, renal, and skeletal muscle systems. Emphasis will also be placed on thermoregulation and nutrition and the effects on histology and physiology of these systems. Offered: Summer.

PHTH 621 Pathophysiology (3)

This course provides a foundation for understanding pathophysiological processes related to various health conditions across the lifespan. Emphasis will be placed on deviations from normal physiological processes and mechanisms across various body systems. In addition to understanding the human pathophysiology, content will be focused on the typical clinical manifestations of the various health conditions across the lifespan. Offered: Fall.

PHTH 631 Human Movement Science 1: Exercise Physiology (3)

This is the first course in the human movement science series. The focus is on human physiological systems during and after exercise. An emphasis will be placed on transfer of energy, physiological adaptations, prescription, nutrition, and body composition. Research evidence on exercise, physical activity, wellness, and disease is also covered. Offered: Summer.

Graduation from a physical therapist education program accredited by the Commission on Accreditation in Physical Therapy Education is necessary for eligibility to sit for the licensure examination, which is required in all states.

Effective April 29, 2015, Samford University has been granted Candidate for Accreditation status by the Commission on Accreditation in Physical Therapy Education (CAPTE) (1111 North Fairfax Street, Alexandria, VA 22314; phone; 703-706-3245; accreditation@apta.org).

Candidate for Accreditation is a pre-accreditation status of affiliation with CAPTE that indicates the program is progressing toward accreditation and may matriculate students in technical/professional courses. Candidate for Accreditation is not an accreditation status nor does it assure eventual accreditation.

Doctor of Physical Therapy (D.P.T.)

Admission Requirements

1. Possess a baccalaureate degree from an accredited college or university (degree in any field) or be in the senior year of undergraduate study. A completed bachelor's degree is required prior to enrollment, as evidenced by a final official college/university transcript. Applicants may receive a conditional acceptance with a letter from the registrar stating they have in fact completed the requirements for the degree. The "conditional" status is removed once an official transcript is received.
2. Cumulative grade point average of at least 3.00 on a 4.00 scale.
3. Achieve a "B" or better in all pre-requisite courses. All pre-requisite courses must have been completed within ten years prior to application.
Required pre-requisite courses include:
Biology I & II with labs; Chemistry I & II with labs; Physics I & II with labs; Human Anatomy and Physiology I & II with labs; Pre-calculus; Statistics; Psychology
4. Graduate Record Examination within the past 5 years. (Minimum scores: Verbal: 146; Quantitative: 146; Analytical: 4.0).
5. Ten hours of documented volunteer experience in each of three different physical therapy practice settings (30 hours total).
6. Three letters of reference submitted through the application system. The three required references should be from a) current or previous professor, b) work supervisor, c) professional colleague.
7. International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
8. Exceptions to any admission requirements will be handled on an individual basis.
9. If accepted, a non-refundable fee of \$500 is required to secure admission into the program. This fee is applied to the first semester's tuition.

Transfer Credit

At this time, students may not transfer in any credit to count towards the physical therapy program.

Doctor of Physical Therapy (D.P.T.)

This is a three-year, full-time graduate study program in physical therapy, culminating in a doctor of physical therapy (D.P.T.). The program admits one class of students per year, in June. They are on campus for three consecutive semesters of didactic course work, then off campus in clinical experiences during the fourth semester. The students then come back to campus for three more semesters, and end their degree program with two consecutive semesters of full time clinical experiences.

PHTH 782	Professional Internship 2	12	
Year III, Spring			12
PHTH 783	Professional Internship 3	12	
Year III, Total Required Credits			38
Total Required Credits			128

Fast Track Doctor of Physical Therapy (D.P.T.)

For those called to a career in physical therapy, Samford University offers a fast track program that provides eligible students the opportunity to earn both a bachelor of science in exercise science and a doctor of physical therapy in just six years. Incoming freshmen may apply for the fast track and must meet specific progression standards in order to remain in the program. Acceptance to the fast track as a freshman guarantees admission into Samford's D.P.T. program as long as progression standards are met. The first three years of the program are dedicated to completion of all required undergraduate courses. Summer of the fourth year, students begin the D.P.T. program. A bachelor's in exercise science is awarded in December of the fourth year, and a doctor of physical therapy at the end of the sixth year.

Admission into the fast track program is highly competitive (see below). Based on the application, a limited number of candidates will be interviewed for admission. If selected, students are assigned a faculty mentor in the Kinesiology and Physical Therapy Departments.

Admission Requirements

The following requirements apply:

1. Admission to Samford University with a declared major in exercise science.
2. Minimum high school GPA of 3.80 (4.00 scale).
3. Minimum ACT score of 29.
4. Completion of the Fast Track D.P.T. Application.
5. On-campus interview.

Progression Standards for the Fast Track Doctor of Physical Therapy

During the undergraduate program, bachelor of science in exercise science (BS-EXER), students must meet the following progression standards to remain in the program.

1. Complete all exercise science degree requirements on time in the first three years.
2. Achieve a B or higher in all major courses.
3. Earn a minimum 3.20 GPA and complete 20 convocation credits by end of freshman year.
4. Earn a minimum 3.50 GPA and complete 40 convocation credits by end of sophomore year.
5. Earn a minimum 3.80 GPA and complete 60 convocation credits by end of junior year.
6. Participate in Samford approved service or mission work by spring semester of third year.
7. Must pay a nonrefundable fee of \$1,000 to secure admission into the D.P.T. program by January 15th of the junior year.

Once students have begun the doctoral program, D.P.T. progression standards apply.

PHTH 632 Human Movement Science 2: Biomechanics & Motion Analysis (4)

The fundamental concepts of human movement: physics, musculoskeletal biology, musculoskeletal anatomy, and biomechanics are covered in order to develop an understanding of normal human movement and provide a foundation for analyzing pathological human movement. Offered: Fall.

PHTH 633 Human Movement Science 3: Motor Learning (2)

Study of the theories of motor learning will serve as a foundation for the understanding how the CNS is organized in acquiring or (re)acquiring motor skills. Emphasis will be placed on learning how to design/organize practice environment in rehabilitation setting. Offered: Spring.

PHTH 634 Human Movement Science 4: Motor Development & Motor Control (3)

This is the fourth course in the Human Movement Science Series. Focus in this course is placed on learning how the motor system of the CNS develops over time. Additionally students will learn about how the CNS is organized around providing sitting/standing balance, and mobility. An emphasis will be placed on understanding abnormal motor control as it pertains to assessment and measurement. Offered: Fall.

PHTH 641 Medical Management of Health Conditions 1 (2)

Introduces students to the management of health conditions outside of physical therapy. In this first course of a series emphasis is placed on both medical and nursing care of patients from the emergency room to when they are discharged back to their home community setting. Emphasis will be placed on understanding how physical therapy practice can work collaboratively with patients across various settings, improving their overall outcome. Offered: Spring.

PHTH 642 Medical Management of Health Conditions 2 (2)

Introduces students to the management of health conditions outside of physical therapy. In this second course of a series emphasis is placed on both medical and nursing care of patients with musculoskeletal health conditions that require surgical, medical, and/or nursing care. Emphasis will be placed on understanding how physical therapy practice can work collaboratively with patients across various settings, improving their overall outcome. Offered: Spring.

PHTH 643 Medical Management of Health Conditions 3 (2)

Introduces students to the management of health conditions outside of physical therapy. In this third course of a series emphasis is placed on both medical and nursing care of patients with musculoskeletal and neurological health conditions that require surgical, medical, and/or nursing care. Emphasis will be placed on understanding how physical therapy practice can work collaboratively with patients across various settings, improving their overall outcome. Offered: Spring.

PHTH 644 Medical Management of Health Conditions 4 (2)

In this fourth course students learn about the management of health conditions outside of physical therapy. Emphasis is placed on the healthcare of patients with musculoskeletal and neurological health conditions of adults and older adults that require surgical, medical, and/or nursing care. Emphasis will be placed on understanding how physical therapy practice can work collaboratively with adult and older adult patients across various settings, aiming to improve their overall outcome. Offered: Summer.

PHTH 651 Pharmacology (1)

In this course students will learn about pharmacology. Emphasis will be placed on principles of pharmacokinetics. Students will learn the factors that affect pharmacokinetics, how drugs are transformed and absorbed in the various body systems. This course will serve as a foundation for understanding how pharmacology can affect physical therapy management of patients with movement dysfunction. Offered: Summer.

PHTH 681 Teaching and Learning 1 (1)

This is the first of two courses that are related to teaching and learning for health care professionals. In this course, students will be introduced to theories of teaching and learning, principles of communication and listening. The focus of this course will be on applying these principles in the academic setting. Offered: Fall.

PHTH 682 Teaching and Learning 2 (1)

This is the second of two courses that are related to teaching and learning for health care professionals. In this course, students will be introduced to theories of teaching and learning, principles of communication and listening. The focus of this course will be on applying these principles in the academic setting. Offered: Summer.

PHTH 691 Evidence-Based Practice and Research Design 1 (2)

In this course students will discuss evidence-based practice and learn about the statistical procedures that are commonly used to create evidence in physical therapy practice. Emphasis will be placed on understanding the statistical measures and assessing their use in answering various PT-related research questions. Offered: Spring.

PHTH 692 Evidence-Based Practice and Research Design 2 (2)

This is the second course related to research and evidence-based practice. The focus of the course is to examine the current evidence related to physical therapy practice with particular emphasis on the components of the patient-client management model. This course is online, and students are expected to integrate the objectives of this course with PHTH 780 (Health Care Service/Field Experience) and PHTH 781 (Professional Internship 1). Offered: Summer.

PHTH 701 Faith, Ethics, Healthcare, and Physical Therapy (1)

Introduction to the profession of physical therapy, health care and other related disciplines. Students will examine the history of PT, APTA, and scope of practice. Introduction to professional issues, specifically accountability, responsibility, and communication. Offered: Fall.

PHTH 702 Interprofessionalism and Healthcare (1)

This is the second course in a series where professionalism is the primary focus. In this course the emphasis is on other health care professions, their roles, and how PT can work with these professions, in teams, to best serve patients and their families. In this course students will participate in IPE activities with other students from other disciplines/programs within CHS. Offered: Spring.

PHTH 703 Physical Therapy Practice Management (3)

Students are introduced to administration and management of physical therapy practices and services across various settings. Students learn about the various components (e.g., communication, documentation, budget, reimbursement, legal, ethics) of being manager in a physical therapy practice/health care system. Emphasis is placed on understanding the demands of owning a PT practice and managing wellness services in different settings. Offered: Spring.

PHTH 731 PT Exam 1 (4)

In this course the students will be introduced to the PT exam process as it relates to the Guide to PT Practice and the Patient-Client Management Model. Emphasis will be placed on the process and procedures related to examining muscle performance and joint integrity across multiple joints in the human body. Offered: Summer.

PHTH 732 PT Exam 2 (4)

In this course the students will be introduced to the PT exam process as it relates to the Guide to PT Practice and the Patient-Client Management Model. Emphasis will be on common physical examination strategies for impairments in body structure/function and activities. There will also be a focus on clinical decision-making leading to a PT diagnosis. Offered: Fall.

PHTH 733 PT Interventions 1 (4)

This is the third course in a series related to the physical therapy examination process including history taking, systems review, and tests and measures. Overview of the major types of tests and measures employed by physical therapists and the type of data generated with a focus on self-care for the patient. Introduction to the components and process of physical therapy intervention. Emphasis on beginning communication and documentation skills and basic procedural interventions of patient transfers, gait with assistive devices, superficial physical agents, massage, and passive range of motion. Offered: Spring.

PHTH 741 Patient Client Management: Acute Care to Community (4)

Introduces students to the management of health conditions commonly seen in hospital and community care settings. In this first course of a series emphasis is placed on medical, nursing, and pharmacy practice for patients in the hospital and home community setting. Emphasis will be placed on understanding how physical therapists should understand the etiology of a health condition in order to work collaboratively with other healthcare disciplines, including patients and their family. Offered: Spring.

PHTH 761 Patient Client Management: Pediatrics (5)

This course focuses on managing impairments in body structures/function, activity, and participation related pediatric clients. Emphasis will be placed on the patient-client management process: examination, evaluation, diagnosis, prognosis, interventions, and outcomes, with specific attention to how delay in motor development determines the plan of care and outcomes for managing pediatric clients. Offered: Fall.

PHTH 762 Patient Client Management: Young Adults (4)

This course focuses on managing impairments in body structures/function, activity, and participation related young adults with brain and/or spinal cord injury. Students will continue to apply the patient-client management process: examination, evaluation, diagnosis, prognosis, interventions, and outcomes. Emphasis will be placed on learning to evaluate problems of a maturing adult with significant physical disabilities due to injury. Offered: Spring.

PHTH 763 Patient Client Management: Older Adults (5)

This course focuses on managing impairments in body structures/function, activity, and participation related older adults with various impairments in body structure/function, activity, and participation. Students will continue to apply the patient-client management process: examination, evaluation, diagnosis, prognosis, interventions, and outcomes. Emphasis will be placed on furthering mastery in the evaluation and diagnosis process, and learning specific interventions that improve overall function in older adults. Offered: Summer.

PHTH 771 Patient Client Management: Spine (5)

This course focus on managing impairments in body structures/function related to the spine. Emphasis will be place on the patient-client management process: examination, evaluation, diagnosis, prognosis, interventions, and outcomes. Students will learn to provide patient-centered care and collaborate with community organizations to provide the best care for their patients. Offered: Fall.

PHTH 772 Patient Client Management: Lower Quarter (5)

This course focuses on managing adults with impairments in body structure/function related to lower extremity joints. The focus of this course will be physical therapy examination, evaluation, diagnosis, prognosis, interventions, and outcomes. In applying the patient-client management model students will learn to manage LE problems while also considering the relationship between spinal function (PHTH 771) and lower extremity impairments. Emphasis will also be placed on collaborating with community organizations educating other healthcare providers on wellness programs for back and LE joints. Offered: Spring.

PHTH 773 Patient Client Management: Upper Quarter (5)

This course focuses on managing adults with impairments in body structure/function related to upper extremity joints. The focus of this course will be physical therapy examination, evaluation, diagnosis, prognosis, interventions, and outcomes. In applying the patient-client management model students will learn to manage UE problems while also considering the relationship between spinal function (PHTH 771), lower extremity function (PHTH 772), and upper extremity impairments. Emphasis will also be placed on collaborating with community organizations educating other healthcare providers on wellness programs for back and UE joints. Offered: Summer.

PHTH 780 Health Care Service/Field Experience (4)

Full time experience working in environments to serve persons in need. Students will work with community service providers in the Birmingham area, around the state, and internationally with the primary aim of assisting in the service delivery and/or health and wellness of underserved populations. Offered: Summer.

PHTH 781 Professional Internship 1 (4)

Full-time supervised clinical education in a clinical setting to provide students with the opportunity to apply previously acquired knowledge and skill to client care. Emphasis is on examination and evaluation skills; intervention techniques, and treatment planning (including care of problems related to musculoskeletal, neuromuscular, cardiovascular/pulmonary and integumentary systems). Available experiences in supervision, consultation, research, management, and teaching are also included. Grading is pass/fail. Offered: Summer.

PHTH 782 Professional Internship 2 (12)

Full-time supervised clinical education in a clinical setting to provide students with the opportunity to apply previously acquired knowledge and skill to client care. Emphasis is on examination and evaluation skills; intervention techniques, and treatment planning (including care of problems related to musculoskeletal, neuromuscular, cardiovascular/pulmonary and integumentary systems). Available experiences in supervision, consultation, research, management, and teaching are also included. Grading is pass/fail. Offered: Fall.

PHTH 783 Professional Internship 3 (12)

Full-time supervised clinical education in a clinical setting to provide students with the opportunity to apply previously acquired knowledge and skill to client care. Emphasis is on examination and evaluation skills; intervention techniques, and treatment planning (including care of problems related to musculoskeletal, neuromuscular, cardiovascular/pulmonary and integumentary systems). Available experiences in supervision, consultation, research, management, and teaching are also included. Grading is pass/fail. Offered: Spring.

PHTH 791 Capstone Project 1 (1)

Cumulative, culminating, and integrative project that draws upon the interests, skills, knowledge, and competencies that have been fostered through the curriculum. This is the first of three courses related to the Capstone Project. The Capstone Project is an independent, student-derived experience in which the student focuses his/her project around one specific topic: scholarship, practice and service, or leadership. Students will work independently under the direction of a faculty mentor, and will culminate their experience in the Samford PT Program by presenting their Capstone Projects to classmates and faculty. Grading is pass/fail. Offered: Fall.

PHTH 792 Capstone Project 2 (1)

Cumulative, culminating, and integrative project that draws upon the interests, skills, knowledge, and competencies that have been fostered through the curriculum. This is the second of three courses related to the Capstone Project. The Capstone Project is an independent, student-derived experience in which the student focuses his/her project around one specific topic: scholarship, practice and service, or leadership. Students will work independently under the direction of a faculty mentor, and will culminate their experience in the Samford PT Program by presenting their Capstone Projects to classmates and faculty. Grading is pass/fail. Offered: Spring.

PHTH 793 Capstone Project 3 (1)

Cumulative, culminating, and integrative project that draws upon the interests, skills, knowledge, and competencies that have been fostered through the curriculum. This is the last of three courses related to the Capstone Project. The Capstone Project is an independent, student-derived experience in which the student focuses his/her project around one specific topic: scholarship, practice and service, or leadership. Students will work independently under the direction of a faculty mentor, and will culminate their experience in the Samford PT Program by presenting their Capstone Projects to classmates and faculty. Grading is pass/fail. Offered: Summer.

History

Rich in tradition, the Ida Moffett School of Nursing was founded in 1922 by the Birmingham Baptist Association as a hospital-based diploma program. In 1955, the school became the first program in Alabama to achieve national accreditation and it has remained fully accredited throughout its existence. The nursing program transferred to Samford University in 1973 following a merger agreement with the Baptist Health System to offer associate and baccalaureate degrees in nursing. In 1988, the school moved to its current home on the Samford campus. Extraordinary growth and transformation have occurred since the school's inception, all while remaining focused on preparing students to provide exceptional, patient-centered care. Pass rates for graduates taking national licensure and certification examinations exceed national averages. The Ida Moffett School of Nursing offers a variety of options for obtaining a bachelor of science in nursing, a master of science in nursing, or a doctor of nursing practice degree.

Accreditation and Approval

The baccalaureate degree in nursing, master's degree in nursing, and doctor of nursing practice degree at Samford University is regionally accredited and also accredited by The Commission on Collegiate Nursing Education (CCNE), 655 K Street NW, Suite 750, Washington, DC, 20001; phone (202) 887-6791. In addition, the nurse anesthesia program is accredited by the Council on Accreditation of Nurse Anesthesia Educational Programs (COA), 222 South Prospect Avenue, Suite 304, Park Ridge, Illinois, 60068-4010; phone (847) 692-7050. The School of Nursing is also approved by the Alabama Board of Nursing.

Curricular Options

The Ida Moffett School of Nursing offers a unique curricular approach that allows students several choices in pursuing their nursing education. These options are:

Bachelor of Science in Nursing (B.S.N.): The goal of nursing is directing, maintaining, and reinforcing the adaptation of individuals, families, and groups toward optimal health. Students enrolled in the B.S.N. program in the School of Nursing are prepared to meet this goal as they use knowledge, critical thinking skills and practice skills obtained from both nursing and liberal arts to provide professional care in a variety of settings. Upon completion of this program, the student is eligible to write the licensing examination for registered nurses (NCLEX-RN).

Accelerated Second Degree B.S.N.: The accelerated second degree B.S.N. is a 12-month/three-semester program for individuals who already hold a baccalaureate degree in a field of study other than nursing. Upon graduation with the B.S.N. degree, the graduate is eligible to write the licensing examination for registered nurses (NCLEX-RN).

Second Degree B.S.N.: The second degree B.S.N. program is a five-semester program for individuals who already hold a baccalaureate degree in a field of study other than nursing. Upon graduation with the B.S.N. degree, the graduate is eligible to write the licensing examination for registered nurses (NCLEX-RN).

Veterans B.S.N.: The Veterans B.S.N. program is designed for honorable or generally discharged service members, active duty service members, reservists, or guard members. The program bridges the gap between military culture and today's professional nursing culture and offers unique pathways to earning a B.S.N. by allowing veterans to receive credit for prior valuable hands-on learning experiences. Upon completion of this program, the student is eligible to write the licensing examination for registered nurses (NCLEX-RN).

Master of Science in Nursing (M.S.N.): The M.S.N. program prepares advanced practice nurses in a variety of specialty areas. Graduates are prepared as family nurse practitioners, nurse anesthetists, and nurse educators.

RN to M.S.N.: The RN-M.S.N. option provides an opportunity for associate degree and diploma-prepared nurses to obtain the M.S.N. online within one program of study.

Post-Master of Science in Nursing Certificate: The post master's certificate is available to those who already possess the M.S.N. degree but who wish to receive additional graduate level instruction.

RN to D.N.P.: The RN-M.S.N. option provides an opportunity for associate degree and diploma-prepared nurses to obtain the D.N.P. online within one program of study.

Doctor of Nursing Practice (D.N.P.): The D.N.P. program will prepare clinicians (nurse practitioners, nurse anesthetists, and clinical nurse specialists) and nurse administrators for leadership roles, evidence-based practice, and to fully implement the emerging science and practice innovations in health care.

Program Goals

The goals of the Ida Moffett School of Nursing are as follows:

1. Recruit qualified nurse educators and staff who are committed to the mission and philosophy of Samford University and the Ida Moffett School of Nursing.
2. Promote professional development of faculty through mentoring and collegial relationships and administrative support.
3. Recruit and retain qualified students who have demonstrated high standards of scholarship, outstanding personal character, and serious educational aims.
4. Maintain a qualified and diversified student body by mentoring students and providing financial aid support.
5. Provide an environment that promotes scholarship, critical thinking, and responsiveness to community needs.
6. Create a Christian environment in which diverse student populations may develop an academic and social network that supports their uniqueness and promotes professionalism and lifelong learning.
7. Integrate the liberal arts, sciences, and professional nursing education in order for graduates to make positive contributions to society.
8. Develop individuals who are competent in the application of knowledge and skills and who possess values and attitudes consistent with the nursing profession.
9. Prepare graduates to contribute to the advancement of professional nursing and the improvement of the health care system.

Code of Ethical and Professional Conduct

Students in the School of Nursing must adhere to standards of conduct specified in the Samford University *Student Handbook* as well as the Samford University *Student Guide to Academic Integrity*, and certain standards of behavior appropriate for all health professionals. Students shall comply with legal, moral, and legislative standards that determine acceptable behavior of the nurse. Noncompliance may be cause for suspension/dismissal from the nursing school and denial of permission by individual state boards of nursing to take the NCLEX-RN examination or be approved as an advanced practice nurse.

Students documented to have demonstrated unethical, unprofessional, or unsafe conduct merit immediate probation or dismissal from the nursing school. Grievances, which result from students failing to adhere to appropriate personal and professional conduct, will be considered by utilizing the grievance process in the Ida Moffett School of Nursing *Student Handbook* and the University Catalog.

School of Nursing Expenses

In addition to tuition, fees, and room and board costs (as described in this catalog), undergraduate students are responsible for other costs associated with beginning nursing courses. Costs include uniforms, books, medical equipment, yearly physical examinations, required immunizations, background checks, certification in basic life support, a personal laptop computer, testing software, and required health insurance. Additional expenses for undergraduates include costs associated with application for licensure, and may include costs for the School of Nursing pin and lamp. Students are responsible for providing transportation to and from clinical experiences.

Graduate students who are enrolled in specialty tracks can expect additional expenses. Costs include lab coat, books, medical equipment, testing software, yearly physical examinations, required immunizations, required drug testing, background checks, a personal laptop with a webcam and microphone, software for electronic medical records, and required health insurance.

Personal Health Insurance

Students in the School of Nursing are required to provide proof of current personal health insurance coverage. Each semester, students in the IMSON are automatically enrolled in the University sponsored student health insurance plan. There is a charge for this coverage. To have the charge removed from his/her Samford account, a nursing student must provide proof of insurance by completing the insurance waiver at: http://www.firststudent.com/school_page/samford-university/home-samford-university/

International Students: Based upon federal regulations and University policy, all F and J visa holders are required to carry insurance that meets certain coverage requirements. Information about specific policy carriers, minimum coverage, and premium costs is available from the International Studies Office at (205) 726-4334.

Liability Insurance

Professional liability insurance, which covers undergraduate and graduate nursing students, is provided by Samford University. Personal professional liability insurance for clinical practice, while not required, is highly recommended for all undergraduate and graduate nursing students. Nurse anesthesia students are not covered under the Samford University insurance and must purchase their own professional liability coverage through the AANA insurance program.

Clinical Resources

Clinical experiences for the School of Nursing are provided in Birmingham-area hospitals and selected community health clinics and settings. All clinical facilities are accredited by the appropriate agencies. In addition, a wide variety of agencies are utilized for graduate student experiences including, but not limited to primary care facilities, schools of nursing, acute care facilities, and managed care organizations.

Required Health Data

The student must have completed and submitted all necessary documentation required by the University, the School of Nursing, and all clinical agencies before starting clinical courses. The following health data must be current:

1. **Health Form:** Prior to starting a clinical course, the undergraduate student must have a College of Health Sciences health form (updated yearly) on file. Graduate students must also have this form on file to register for classes.
2. **Basic Life Support (BLS) Certification:** BLS is a requirement for all clinical nursing courses. The School of Nursing does not accept online courses. **Certification must be updated every two years.** This certification must be obtained through the American Heart Association. This certification must include one-rescuer and two-rescuer cardiopulmonary resuscitation (CPR) of adult, child, and infant. Evidence of a current card issued by the American Heart Association is required.
3. **Rubella immunity:** Each student must submit evidence of rubella immunity.
4. **Varicella (Chicken Pox):** Students who have not had the chicken pox must complete the two-step varicella vaccine prior to completing the first clinical course in order to progress to the second clinical nursing course. If a student refuses the vaccine, a waiver must be completed, signed, and filed.
5. **Influenza immunization:** Each undergraduate student must submit an influenza immunization, annually, in the fall semester.
6. **Hepatitis B:** The School of Nursing requires each student to take the Hepatitis B vaccine. University Health Services offers the vaccine, or the student may consult a physician or local health department for the vaccination. If a student refuses the vaccination series, a waiver form must be completed, signed, and filed.
7. **Mantoux Tuberculin Skin Test:** The School of Nursing requires each student to have a Mantoux tuberculin skin test **annually**. Students who test positive must meet current CDC guidelines.
8. **Drug Testing and Background Checks:** All undergraduate students are required to submit to drug testing and a background check prior to beginning clinical experiences and an additional drug screen at the beginning of the senior year. Accelerated second degree students must complete a background check prior to admission. Graduate students are drug tested and background checked at the beginning of the program. Nurse anesthesia students are required to submit to a background check prior to admission. Additionally, all students may be tested for cause or clinical affiliation requirements. Students are responsible for all costs associated with the background check. (See School of Nursing *Student Handbook for Substance Abuse Policy and Procedure*.)
9. **Additional Requirements:** Clinical agencies may place additional health requirements on students affiliating with that agency. Clinical instructors will notify students when applicable.

Undergraduate Programs and Requirements

Majors

Nursing

Nursing (Five-Semester Second Degree B.S.N.)

Nursing (Accelerated Second Degree B.S.N.)

Nursing (Veterans B.S.N.)

Nursing (Veterans Second Degree B.S.N.)

Nursing (Veterans Accelerated Second Degree B.S.N.)

Students enrolled in the bachelor of science in nursing (BSN) program in the Ida Moffett School of Nursing are prepared to use knowledge, critical thinking skills, and practice skills learned from both nursing and liberal arts to provide professional nursing care in a variety of clinical settings. Upon completion of the program, graduates are eligible to write the National Council Licensure Examination for Registered Nurses (NCLEX-RN). Our graduates consistently achieve pass rates above state and national averages on the NCLEX-RN and experience excellent employment rates.

In addition to the traditional B.S.N. program, individuals who already hold a baccalaureate degree in a field other than nursing may pursue a B.S.N. through the accelerated second degree program, or the five-semester second degree program. Students may apply to the school of nursing immediately upon admission to Samford University.

For students who are military veterans, there is now a bachelor of science in nursing degree available in the same three pathways: traditional nursing, second degree nursing, and accelerated second degree nursing.

Admission Policies

Admission to the Ida Moffett School of Nursing is competitive. To be considered for admission all prospective undergraduate students who desire to enter the Ida Moffett School of Nursing (IMSON) must submit an application for admission to Samford University AND submit the nursing application form.

Freshman applicants must meet the following academic requirements:

1. A minimum composite score of 21 on the ACT or 1000 on the SAT.
2. High school graduates must have a cumulative GPA of 3.00 or above, have completed four units of English, two units of math, and two units of lab sciences with a grade of C (2.0) or better in the lab sciences. **Transfer students** with less than 24 semester credits or 36 quarter credits in total at other institutions must meet the requirements of entering freshmen.

Transfer students with 24 credits or more must meet the following admission requirements:

1. Have a cumulative GPA of 3.00 or above in all coursework taken to be admitted.
2. Have a minimum science GPA of 2.30 on a 4.00 scale in all required science courses (anatomy, physiology, chemistry, microbiology); or to be considered for conditional admission have a 2.3 on two of the four required courses (anatomy, physiology, chemistry, microbiology). Additionally, the 2.30 or higher GPA must be maintained for the remaining two science courses in order to be removed from conditional admission.
3. Have completed all required science courses within the last five years. All grades earned in the required science courses within the last five years will be used to calculate the science GPA.
4. Have repeated no more than two of the required science courses one time each.
5. Have a C (2.0) or better on a 4.0 scale on all required science courses.
6. Applicants who have previously attended schools of nursing must submit a letter of good standing from the dean or program director of all nursing schools attended. The letter must include a statement regarding the individual's eligibility to continue and/or to be readmitted to the nursing program for which the administrator is responsible. An applicant who did not earn a passing grade in a nursing course (C or better) from another institution will not be considered for admission.

Five-semester second degree students must meet the following admission requirements:

1. Hold a minimum of a baccalaureate degree in another discipline/field from a regionally accredited institution at the time the degree was awarded.
2. Have a minimum cumulative GPA of 2.70 on a 4.00 scale in courses required for prior bachelor degree(s).

3. Have a minimum science GPA of 2.30 on a 4.00 scale in all required science courses (anatomy, physiology, chemistry, microbiology); or to be considered for conditional admission have a 2.3 on two of the four required courses (anatomy, physiology, chemistry, microbiology). Additionally, the 2.30 or higher GPA must be maintained for the remaining two science courses in order to be removed from conditional admission.
4. Have completed all required science courses within the last five years. All grades earned in the required science courses within the last five years will be used to calculate the science GPA.
5. Have repeated no more than two of the required science courses one time each.
6. Have a C (2.0) or better on a 4.0 scale on all required science courses.
7. Applicants who have previously attended schools of nursing must submit a letter of good standing from the dean or program director of all nursing schools attended. The letter must include a statement regarding the individual's eligibility to continue and/or to be readmitted to the nursing program for which the administrator is responsible. An applicant who did not earn a passing grade in a nursing course (C or better) from another institution will not be considered for admission.

Accelerated second degree students must meet the following admission requirements:

1. Hold a minimum of a baccalaureate degree in another discipline/field from a regionally accredited institution at the time the degree was awarded.
2. Have a minimum cumulative GPA of 2.70 on a 4.00 scale in courses required for prior bachelor degree(s).
3. Submit three letters of recommendation speaking to the applicant's ability to successfully complete a rigorous academic load. References will not be accepted from relatives.
4. Complete a video or virtual interview.
5. Have a minimum science GPA of 2.50 on a 4.00 scale in all required science courses (anatomy, physiology, chemistry, microbiology) at the time of enrollment.
6. Have completed all required science courses within the last ten years. All grades earned in the required science courses within the last ten years will be used to calculate the science GPA.
7. Have repeated no more than two of the required science courses one time each.
8. Have a C (2.0) or better on a 4.0 scale on all required science courses.
9. Applicants who have previously attended schools of nursing must submit a letter of good standing from the dean or program director of all nursing schools attended. The letter must include a statement regarding the individual's eligibility to continue and/or to be readmitted to the nursing program for which the administrator is responsible. An applicant who did not earn a passing grade in a nursing course (C or better) from another institution will not be considered for admission.

Veterans B.S.N. students must meet the following admission requirements:

1. Apply as an undergraduate transfer and request a military transcript.
2. Have completed all required science courses within the last ten years.
3. Complete a video or virtual interview.
4. No ACT or SAT scores required.
5. If applying for the accelerated or second degree pathway, a minimum of a baccalaureate degree in a field other than nursing from a regionally accredited institution is also required.
6. International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer), or 80 (Internet) on the Test of English as a Foreign Language (TOEFL).
7. College credit may be awarded for prior learning experience after an individualized evaluation of any of the following:
 - a. Academic transcripts
 - b. Joint service transcript
 - c. College of the Air Force transcript
 - d. CLEP exam scores

All applicants must be recommended by the School of Nursing Undergraduate Admission/Progression Committee. The committee reviews all completed admission folders and makes recommendations to the associate dean regarding applicant's admission to the School of Nursing.

Transfer Credit and Placement

1. Credit through the College Level Examination Program (CLEP) is available. Contact the Office of the Registrar for information.
2. A student wishing to transfer to the School of Nursing from another division within Samford University must apply to the Ida Moffett School of Nursing through Slate.
3. A student who has attended another school of nursing must submit a letter of good standing from the dean or department chair of the program attended.
4. The student who voluntarily withdraws from the School of Nursing and remains out for 12 months or longer must apply for readmission. The student who left in good standing may be readmitted but must meet all current criteria for admission and adhere to current performance standards, progression policies, and graduation requirements. Re-admission is contingent upon seat and clinical space availability.

Progression Policies

In order to progress in the undergraduate program in the School of Nursing, the student must:

1. Have a completed College of Health Sciences health form (with all required immunizations) updated annually and on file.
2. Submit negative results on drug screen and background check.
3. Have a signed Confidentiality Statement on file.
4. Make a grade of C (2.0) or better in each required course in the School of Nursing curriculum. Note: A grade of D or F constitutes failure in any required course. The nursing school accepts a C- in any required general education course in the nursing curriculum with the exception of the required science courses.
5. Achieve a grade of C or better in all required science courses (anatomy, physiology, microbiology, and chemistry), and can repeat no more than two of the required science courses one time each.
6. Complete all required science courses (anatomy, physiology, microbiology, and chemistry) with a minimum science GPA of 2.30 on a 4.00 scale prior to enrolling in any NURS course. All attempts will be calculated.
7. Satisfy all prerequisites as prescribed in this catalog.
8. Adhere to the following limitation: Students are allowed to enroll in the same nursing course a maximum of two times.
9. The course repeat policy published in the Samford University Catalog will be followed.

Any student who fails to meet progression standards may continue as a Samford student, but will be terminated from the School of Nursing.

Policies Regarding Course Failures

A traditional or five-semester second degree student who fails one nursing course in which a grade of D or F was received may repeat the course the following semester, if space is available. If the student fails a clinical nursing course the student may not enroll in another clinical nursing course until the failed course is successfully completed.

An accelerated second degree program (ASDP) student who fails one nursing course may not progress in the accelerated second degree program until the failed course is successfully completed. Transfer to the non-accelerated BSN program is not an option.

Any student who fails two nursing courses with grades of D or F will be terminated from the School of Nursing and is eligible to be considered for readmission.

An ASDP student who fails two courses is not eligible to apply for consideration for readmission to the ASDP. If the student wishes to be considered for readmission to the IMSON, he/she may apply to the associate dean of the undergraduate nursing program for consideration for readmission to the non-accelerated BSN program.

Any student desiring readmission, who has been terminated from the School of Nursing due to failure and is eligible to be considered for readmission, is responsible for submitting a formal, written letter (no email) to the associate dean of the undergraduate program asking to be considered for readmission. Students seeking readmission must meet current admission criteria and readmission is contingent upon approval from the Undergraduate Admission/Progression Committee, the associate dean, and space availability.

After readmission due to academic failure, one failure in a required nursing course results in permanent termination from the School of Nursing. Termination from the School of Nursing does not change the status of the student's admission or progression at Samford University.

Any student who fails three or more nursing courses or who fails the same nursing course twice with grades of D or F will be permanently terminated from the School of Nursing and is not eligible to be considered for readmission.

All students must adhere to the Code of Ethical/Professional Conduct as specified in this catalog, School of Nursing section.

The student with an incomplete (INC) in any nursing course may not progress in the nursing curriculum until the incomplete is removed. All prerequisites must be satisfied as prescribed in this catalog.

Bachelor of Science in Nursing

BSN Program Outcomes

Graduates with a B.S.N. from Ida Moffett School of Nursing will be prepared to:

1. Synthesize and apply knowledge gained from a liberal education and nursing to deliver safe, compassionate, and therapeutic nursing care.
2. Apply principles of leadership, management, and quality improvement to positively impact healthcare outcomes.
3. Integrate reliable evidence from multiple sources to inform practice, make clinical judgments and positively impact patient outcomes.
4. Demonstrate knowledge and skills to use information management and patient care technologies to enhance safe nursing practice.
5. Demonstrate an understanding of the significance of financial and regulatory agencies on quality patient care outcomes and nursing practice.
6. Demonstrate effective communication and collaboration within an interprofessional team to deliver care that is patient-centered and evidence-based.
7. Apply health promotion and disease prevention strategies to assist individuals, population groups, and communities in maintaining and/or improving an optimal level of wellness across the lifespan.
8. Demonstrate professional standards and accountability in working with other health professionals, patients, and communities.
9. Design, implement and coordinate patient centered, evidence-based nursing care across the life span in a variety of health care settings.

General Requirements for the Bachelor of Science in Nursing

1. Completion of overall general University graduation requirements for the bachelor's degree.
2. Completion of the required curriculum of 128 credits.
3. Maintenance of a cumulative Samford GPA of 2.00.
4. Transfer students must follow the University policy for resident credit as outlined in this catalog.
5. Transfer students must complete a minimum of 50 nursing credits.
6. Nursing students may pursue a minor in a field other than nursing. It is not required that nursing students complete a minor, and there is no limitation on the selected minor. Non-nursing students may not pursue a minor in nursing.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Nursing Major (B.S.N.)

Nursing Major Required Courses	Course Credits	Total Required Credits
General Education - University Core Curriculum		22
General Education - Distribution Areas:		12-13
Natural and Computational Sciences		4-5

Undergraduate Courses**NURSING - TRADITIONAL, 2nd DEGREE BSN, VETERANS BSN****NURS 210 Medication Dosage Calculation for Nurses (1)**

Introduces students to the basic principles of medication calculation and facilitates the development of skills necessary to ensure accuracy when calculating medication dosage. LEC 1. Prereqs: Admission to the School of Nursing and all required science courses must be completed with a minimum science GPA of 2.30 on a 4.00 scale.

NURS 211 Transition to Civilian Healthcare (2)

Examination of the needs of service members planning to assume civilian health-care roles, emphasizing knowledge, technology, and practical tools essential to make the change. Offered: Summer.

NURS 222 Professional Nursing Practice (2)

This course initiates the process of professional nursing socialization for the baccalaureate student, focusing on the major nursing concepts and current trends and issues in healthcare. LEC 2. Prereqs: Admission to the School of Nursing and all required science courses must be completed with a minimum science GPA of 2.30 on a 4.00 scale. Offered: Fall, Jan Term, and Spring.

NURS 223 Introduction to Professional Nursing (2)

Introduction to current healthcare issues and trends. Topics discussed include the aging, vulnerable populations, healthcare delivery systems, genetics, biogenetics, regulatory agencies, professional organizations, bioterrorism, emerging infections, health insurance, and informatics. Students are introduced to the process of cultural/spiritual competence in the delivery of healthcare services. Offered: Summer.

NURS 224 Health Promotion across the Lifespan (2)

This course emphasizes the integration of cultural/spiritual and health promotion theories in promoting health and wellness for diverse populations across the lifespan. Emphasis is placed on basic human needs, quality of life, risk reduction, and outcomes improvement. Prereqs: NURS 223 and NURS 243. Co-reqs: NURS 242 and NURS 342. Offered: Summer.

NURS 232 Statistics for Health Care Professionals (3)

Study of descriptive statistics as well as basic parametric and nonparametric statistical tests. These statistics are necessary for a beginning understanding of factual information and probability decision-making required to critique and utilize research in nursing. LEC 3. Prereq: College algebra or higher.

NURS 241 Health Assessment (4)

Students will be introduced to health assessment principles with a consideration for cultural and spiritual sensitivity and competence. Students will acquire the skills to perform a systematic examination of an adult and document the findings. LEC 3, LAB 2. Prereqs: Admission to the School of Nursing and all required science courses, including BIOL 225, must be completed with a minimum science GPA of 2.30 on a 4.00 scale. Co-req/Prereq: NURS 222. Offered: Fall and Spring.

NURS 242 Health Assessment across the Lifespan (2)

This course introduces students to beginning health assessment principles, with a consideration for cultural/spiritual diversity across the lifespan. Students will acquire the skills to perform systematic examination of healthy newborn to older adult and document the findings. Prereqs: NURS 223 and NURS 243. Co-reqs: NURS 224 and NURS 342. Offered: Summer.

NURS 243 Pathophysiology (4)

Study of disruptions in homeostasis across the life span. Content stresses the pathophysiology of cellular alteration and function. LEC 4. Prereqs: Admission to the School of Nursing and all required science courses, including BIOL 217, 218, 225 and CHEM 108, 109, must be completed with a minimum science GPA of 2.30 on a 4.00 scale.

NURS 332 Pharmacology in Nursing (3)

Provides theoretical and conceptual bases for pharmacology in nursing based on a collaborative interdisciplinary approach. Emphasis on developing a broad base of knowledge of the major drug classifications necessary for safe and effective administration and monitoring of medications to clients of all ages. Key concepts of pharmacology, basic medication facts, and dosage calculations will be discussed. LEC 4. Prereqs: NURS 210, 241, and 243.

NURS 335 Research Basic to Nursing Interventions (3)

Provides an introduction to the research process and the application to scholarship and clinical practice. Students learn to be consumers of research through reviewing the literature, critiquing research, and identifying methods appropriate to study specific practice-related problems. Emphasis is placed on critical thinking, evidence-based practice, and quality improvement. LEC 3. Prereqs: NURS 232 and NURS 381.

NURS 342 Introduction to Pharmacology & Dosage Calculation (4)

Provides theoretical and conceptual bases for pharmacology across the lifespan in nursing based on a collaborative interdisciplinary approach. Emphasis on developing a broad base of knowledge of the major drug classifications necessary for safe and effective administration and monitoring of medications to clients of all ages. Key concepts of pharmacology, basic medication facts, and dosage calculations will be discussed. Prereqs: NURS 223 and NURS 243. Co-reqs: NURS 224 and NURS 242. Offered: Summer.

NURS 344 Psychiatric Mental Health Nursing (4)

Examination of psychiatric mental health needs of individuals, families, and groups across the life span, emphasizing communication, neurobiology and psychosocial nursing with clinical experiences in acute and community mental health care settings. LEC 2, LAB 6. Prereqs/Co-reqs: NURS 332.

NURS 351 Childbearing Family (5)

Development of skills and the acquisition of knowledge and professional values to prepare the student for the role of health care provider for the childbearing family. Clinical experiences provide a variety of in-patient and community-based learning opportunities. LEC 2.5, LAB 7.5. Prereq: NURS 381. Prereq/Co-req: NURS 344.

NURS 381 Foundations for Clinical Nursing Practice (8)

Initiates the acquisition of basic clinical nursing skills that will assist students to become safe, efficient, compassionate practitioners. Students will utilize and continue to develop physical assessment skills and a theoretical knowledge base to be used in clinical situations. Opportunities are provided for the student to implement the nursing process to deliver safe care to individual clients. LEC 5, LAB 9. Prereqs: NURS 222, 241, and 243. Prereqs/Co-reqs: NURS 332 and NURS 344.

NURS 383 Nursing Process in Adult Health (8)

Focuses on clinical decision making in the management of adult medical surgical clients in secondary health care settings. Emphasis is placed on acute well-defined health stressors and their effect on the whole person. Students develop collaborative problem solving and evidence-based practice as they provide care for individual and small groups of clients. Nutritional needs and rehabilitation are integrated throughout the content. LEC 5, LAB 9. Prereqs: NURS 344 and NURS 381.

NURS 422 Senior Seminar (3)

Capstone seminar experience designed for the student to develop and present a written and oral presentation of a selected quality improvement project with application of concepts of leadership and collaboration. Last semester, senior standing. Prereqs: NURS 335, 451, and 452. Co-req: NURS 454. Offered: Fall and Spring.

NURS 430 Leadership and Management for Nurses (3)

Study of concepts, principles, and theories as a basis for developing the role of an entry-level nurse-manager in a health care organization. Critical thinking skills are utilized to problem-solve and effect change in the clinical setting. Co-req: NURS 440. Co-req/Prereq: NURS 335. Offered: Spring.

NURS 438 Clinical Preceptorship (4)

Concentrated clinical immersion experience with concepts of leadership and management applied in assigned clinical practicum setting. Emphasis is on the use of the nursing process and clinical skills as students assess, plan, implement, and evaluate evidence-based care provided to a small, select number of patients. Includes 180 clinical hours. Grading is pass/fail. Last semester, senior standing. Prereq: NURS 460. Co-reqs: NURS 422 and NURS 454. Offered: Fall and Spring.

NURS 440 Senior Seminar/Preceptorship (4)

A capstone seminar experience where the student develops, analyzes, implements, and presents a written and oral presentation of a selected project. The clinical preceptorship component consists of a concentrated clinical immersion experience. Students enhance the use of the nursing process and clinical skills as they assess, plan, implement, and evaluate evidence-based care provided to a small, select number of patients in secondary and tertiary healthcare settings. Co-req/Prereq: NURS 335. Offered: Spring.

NURS 451 Community Health Nursing (5)

Relates public health principles to professional nursing practice. Focuses on health promotion, disease prevention, and risk reduction in individuals, families, groups, and populations across the lifespan in the community setting. LEC 2.5, LAB 7.5 hours per week. Prereqs: NURS 351 and NURS 383.

NURS 452 The Childrearing Family (5)

Examination of health needs of families from birth through adolescence. Refinement of critical thinking and decision-making skills as students care for the pediatric client and family experiencing simple, complex and/or multiple health stressors. LEC 2.5, LAB 7.5. Prereqs: NURS 351 and NURS 383.

NURS 454 Principles of Leadership and Management in Nursing (3)

Study of concepts, principles and theories as a basis for developing leadership skills for an entry-level professional nurse. Emphasis is on patient care management, evaluation of outcomes, healthcare systems, legal safeguards, ethics, finance, and policy. Critical thinking skills are utilized to problem-solve, promote patient safety, and effect change in the clinical setting. Prereqs: NURS 335, 451 and 452. Co-reqs: NURS 422 and NURS 460. Offered: Fall and Spring.

NURS 460 Principles of Critical Care Nursing (6)

Provides structured learning experiences in adult critical care environments in tertiary health care settings. The student establishes priorities of care for patients experiencing complex and multisystem health stressors. Communication skills are strengthened as students collaborate with other members of the health care team to become managers of care for critically ill patients. LEC 3.5, LAB 12 hours per week for 12 weeks. Prereqs: NURS 335, 451, and 452. Co-reqs: NURS 422, 438 and 454. Offered: Fall and Spring.

NURSING ELECTIVES - TRADITIONAL, 2nd DEGREE BSN, VETERANS BSN**NURS 110 Health Care Perspectives (1)**

Examination of basic understanding of human beings, health care consumerism, decision-making, career opportunities, and health care issues pertinent to nursing. LEC 1. Open to non-nursing majors.

NURS 301 Camp Nursing (3)

Examination of collaborative practice as members of an interdisciplinary health care team in a residential camp setting. Explores education and health care of children age 6 to 17 years who are affected with a chronic illness. Students utilize knowledge of principles of growth and development as they assist children with risk reduction and health promotion strategies. Students engage in direct interaction with individuals and small groups and act as patient advocates, while anticipating, planning, and managing developmentally appropriate care. Prereqs: NURS 381, and permission of the instructor.

NURS 302 Nursing Care of the Older Adult (3)

Examination of in-depth nursing care issues of the older adult. Topics discussed include theories of aging, the gerontological nursing specialty, legal aspects, models of care, geriatric syndromes, and gerontological care issues. Prereq: NURS 381.

NURS 303 Technology and Informatics in Health Care (3)

Provides the student with knowledge regarding informatics and technology in the health care delivery system. Students use an electronic health record program and technology to help facilitate health of the individual, family, and community. Prereq: NURS 241.

NURS 304 Missions Nursing Abroad (3)

Examination of missions nursing from a global perspective. Provides the opportunity to explore the nature of missions nursing, to examine one's calling to missions nursing, to plan and participate in nursing activities related to missions, and to share experiences from the mission field. Prereq: Permission of the instructor.

NURS 305, 306, & 307 Independent Study (1, 2, & 3, respectively)

Content varies with the needs and interests of the student. Prereqs: Permission of the instructor and associate dean of the School of Nursing.

NURS 308 High-Risk Neonatal Nursing (3)

Study of high-risk neonates and their families, including genetic abnormalities, preventive measures, and long-term sequelae associated with birth of these neonates. Exploration of the roles of the nurse and other health care professionals, including the role of providers in early intervention services. Prereqs: NURS 351, 383, and permission of the instructor.

NURS 309 Perioperative Nursing (3)

Examination of the role of the nurse and other health care professionals involved in the care of the patient undergoing surgical intervention. Emphasis on the nursing care of the patient in the operating room as well as the preoperative and post anesthesia recovery areas. Prereqs: NURS 381 and permission of the instructor.

NURS 310 Ethical Considerations in Nursing (3)

Examination of legal, ethical, and moral issues relative to the profession of nursing. Attention to classical and contemporary ethical theories, principles, and philosophical considerations. Exploration of ethical decision making and problem solving in the context of providing ethically appropriate nursing care consistent with personal and professional values. LEC 3. Prereq: NURS 381 or permission of the instructor.

NURS 313 Labor and Delivery Nursing (3)

Opportunities for the student to gain additional theoretical knowledge and clinical skills related to the labor and delivery process. The student will complete a preceptor clinical experience with a registered nurse in a labor and delivery setting. LEC 1.5, LAB 4.5. Prereq: NURS 351 and permission of the instructor.

NURS 316 Developmental Disabilities (2)

This elective interdisciplinary online course facilitates the acquisition of knowledge, skills, and professional values to prepare students to work with individuals with developmental disabilities and their families. Attention is given to interprofessional collaborative teamwork that coordinates and provides care for individuals with developmental disabilities and their families. The course content emphasizes the issues and challenges that affect the lives of people with disabilities and their families, while increasing cultural awareness, sensitivity, and knowledge of available support services in the community. Prereq: Sophomore standing or higher.

NURS 317 CampUS for Developmental Disabilities (1)

This summer lab intensive elective course allows students from various disciplines/majors the opportunity to care for individuals with developmental disabilities in an inclusive summer day camp environment. Attention is given to interprofessional collaborative teamwork that coordinates and provides care for individuals with developmental disabilities. Students engage in direct interaction with individuals with disabilities while anticipating, planning, managing and evaluating developmental care. Web-enhanced. Prereq: Permission of instructor; sophomore standing or higher (no major restrictions).

NURS 318 Emergency Nursing (3)

Examination of the role and responsibilities of the nurse in emergency nursing. This course utilizes the preceptor model in local hospital emergency departments. Prereqs: NURS 351 and NURS 383, and permission of the instructor.

NURS 322 Health Seminar (2)

Focuses on current practice as related to foundational areas of nursing care. Designed to meet the educational needs of students who have training and experience in healthcare and who desire to enter the workplace as a nurse, the emphasis of the course is to expand the student's knowledge, skills, and attitudes by applying information related to new technology, equipment, current nursing trends, and legal requirements to previously acquired education and skills competency. Grading is pass/fail. Offered: Fall, Spring, and Summer.

NURS 323 Nursing in the Military Medical Health System (2)

Observation of the role of the nurse in the military medical system with emphasis on historical influence on professional nursing. Offered: Fall.

NURS 402 Nursing in the British Isles (3)

Observation of the role of the nurse in the British Health Care System with emphasis on historical influence on professional nursing. London serves as the setting for the course. Prereq: NURS 241 and permission of the instructor.

NURS 403 Missions Nursing (3)

Examination of missions nursing from a global perspective. Provides the opportunity to explore the nature of missions nursing, to examine one's calling to missions nursing, to plan and participate in nursing activities related to local and foreign missions, and to share experiences from the mission field. Meets requirements for Samford's Convocation program that encourages students to develop both spiritually and academically and to integrate faith and learning from a distinctively Christian perspective. LEC 3. Prereq: NURS 241.

NURS 404 Advanced Practice Roles in Nursing (3)

Examination of advanced practice roles in nursing. Provides the opportunity to explore history and context, education, certification and licensure, and current issues affecting the Advanced Practice Registered Nurse (APRN). Emphasis is given to the roles of certified registered nurse anesthetists, certified nurse-midwives, clinical nurse specialists, and certified nurse practitioners. Prereq: NURS 383. Offered: Spring.

NURS 405 National Health Service in the United Kingdom (3)

This course explores the evolution of the largest healthcare system in the world (the National Health Service of the United Kingdom) with an emphasis on its predictive, preventive, and personalized medicine elements. A comparison of health care delivery systems, public health systems, and health promotion approaches in the US and UK will also be undertaken. Using the Interprofessional Educational Collaborative (IPEC) competencies, students will trace the origins of the public health movement as we walk through the streets of London, Edinburgh, and other locations in the UK. Cross-listed with PHLT 405. Prereq: Permission of the instructor. Offered: Jan Term and Summer, on rotation.

NURS 406 Women's Health Nursing (3)

This course facilitates the acquisition of knowledge, skills, and professional values to prepare the student to work with women as clients in the health care setting. Through problem-based learning activities, students will gain knowledge about current evidence-based women's health information to promote optimal health and well-being. Students will explore health care issues related to women throughout the life span with an emphasis placed on self-care and health promotion. Content will reflect the degree and extent of diversity among women in the population. Attention will be focused on the physiological, psychosocial, developmental, educational, and spiritual needs of women as clients in the health care setting. Students will learn about women's health issues related to vulnerable populations. The influence of current social, political, economic, environmental, and genetic factors will be explored. Offered: Spring.

NURS 407 Forensic Nursing (3)

An introduction to the emerging field of forensic nursing and forensic nursing practice. Offered: Fall.

NURS 408 Mental Health and the Movies: Using Films to Understand Psychopathology (3)

This course focuses on the portrayal of mental illness in films. Representations of psychopathological states in films will be examined within the context of contemporary social issues such as stigma and discrimination. Major mental disorders will be highlighted. The course is open to all majors within the university. Offered: Fall.

NURS 411 Pediatric Oncology Nursing (3)

Focus on health needs of children and their families who are affected with devastating illnesses. Students collaborate with interdisciplinary care teams to provide safe nursing care and refine critical decision-making skills in a preceptor model of learning. LEC .5, LAB 6.5. Prereq: NURS 452, and permission of instructor.

NURSING - ACCELERATED 2nd DEGREE BSN**NUAD 223 Introduction to Professional Nursing (2)**

Introduction to current healthcare issues and trends. Topics discussed include the aging, vulnerable populations, healthcare delivery systems, genetics, biogenetics, regulatory agencies, professional organizations, bioterrorism, emerging infections, health insurance, and informatics. Students are introduced to the process of cultural/spiritual competence in the delivery of healthcare services. Offered: Summer.

NUAD 224 Health Promotion across the Lifespan (2)

This course emphasizes the integration of cultural/spiritual and health promotion theories in promoting health and wellness for diverse populations across the lifespan. Emphasis is placed on basic human needs, quality of life, risk reduction, and outcomes improvement. Prereqs: NUAD 223 and NUAD 243. Co-reqs: NUAD 242 and NUAD 342. Offered: Summer.

NUAD 242 Health Assessment across the Lifespan (2)

This course introduces students to beginning health assessment principles, with a consideration for cultural/spiritual diversity across the lifespan. Students will acquire the skills to perform systematic examination of healthy newborn to older adult and document the findings. Prereqs: NUAD 223 and NUAD 243. Co-reqs: NUAD 224 and NUAD 342. Offered: Summer.

NUAD 243 Pathophysiology (4)

Study of disruptions in homeostasis across the life span. Content stresses the pathophysiology of cellular alteration and function. LEC 4. Prereqs: Admission to the School of Nursing and all required science courses, including BIOL 217, 218, 225 and CHEM 108, 109, must be completed with a minimum science GPA of 2.30 on a 4.00 scale.

NUAD 321 Informatics and Patient Care Technologies (2)

Provides the student with knowledge regarding informatics and technology in the health care delivery system including telehealth. Students use a variety of health care related technology, helping to facilitate health of the individual, family, and community. Prereqs: NUAD 224, 242, and 342. Co-req: NUAD 384. Offered: Fall.

NUAD 335 Research Basic to Nursing Interventions (3)

Provides an introduction to the research process and the application to scholarship and clinical practice. Students learn to be consumers of research through reviewing the literature, critiquing research, and identifying methods appropriate to study specific practice-related problems. Emphasis is placed on critical thinking, evidence-based practice, and quality improvement. LEC 3. Prereqs: NURS 232 and NURS 381.

NUAD 342 Introduction to Pharmacology & Dosage Calculation (4)

Provides theoretical and conceptual bases for pharmacology across the lifespan in nursing based on a collaborative interdisciplinary approach. Emphasis on developing a broad base of knowledge of the major drug classifications necessary for safe and effective administration and monitoring of medications to clients of all ages. Key concepts of pharmacology, basic medication facts, and dosage calculations will be discussed. Prereqs: NUAD 223 and NUAD 243. Co-reqs: NUAD 224 and NUAD 242. Offered: Summer.

NUAD 384 Nursing Process across the Lifespan I (8)

This course initiates the acquisition of basic clinical nursing skills that will assist students to become safe, efficient, and compassionate practitioners. Students will be prepared with the knowledge, skills, and attitudes required to provide safe, quality nursing care to clients across the lifespan. Family-centered care, including health education, nutrition, and advocacy are emphasized as essential to ensure high-quality health outcomes. Nursing care for clients with selected altered physical and mental health states are discussed with application to client-focused clinical practice. Students will utilize the nursing process, health assessment skills, and theoretical knowledge base for application in clinical situations. Prereqs: NUAD 224, 242, and 342. Co-req: NUAD 321. Offered: Fall.

NUAD 385 Nursing Process across the Lifespan II (8)

This course focuses on utilizing the nursing process in clinical decision making for the management of acute and chronic illnesses across the lifespan. Evidence-based practice and professional nursing standards are used to validate judgments and enhance critical thinking in the provision of safe, quality care. Professional role performance is broadened by caring for clients with complex health needs in a variety of acute and community-based settings. Nutritional needs and rehabilitation are integrated throughout the content. Students identify client learning needs and implement measures to decrease risk and facilitate health promotion, maintenance, and restoration. Prereq: NUAD 384. Co-req/Prereq: NUAD 321. Offered: Fall.

NUAD 430 Leadership and Management for Nurses (3)

Study of concepts, principles, and theories as a basis for developing the role of an entry-level nurse-manager in a health care organization. Critical thinking skills are utilized to problem-solve and effect change in the clinical setting. Prereqs: NUAD 321 and NUAD 385. Co-req: NUAD 440. Co-reqs/Prereqs: NUAD 335 and NUAD 480. Offered: Spring.

NUAD 440 Senior Seminar/Preceptorship (4)

A capstone seminar experience where the student develops, analyzes, implements, and presents a written and oral presentation of a selected project. The clinical preceptorship component consists of a concentrated clinical immersion experience. Students enhance the use of the nursing process and clinical skills as they assess, plan, implement, and evaluate evidence-based care provided to a small, select number of patients in secondary and tertiary healthcare settings. Prereq: NUAD 480. Co-reqs/Prereqs: NUAD 335 and NUAD 430. Offered: Spring.

NUAD 480 Nursing Process across the Lifespan III (8)

In this course, students integrate advanced nursing concepts and leadership principles to care for clients with acute and critical physical and mental crises across the lifespan. Utilizing the nursing process, the student establishes priorities of care for clients experiencing complex and multisystem health stressors. Evidence-based practice and professional nursing standards are used to validate judgments and enhance critical thinking in the provision of safe, quality care. Nutritional needs for the critically ill client are integrated throughout the content. Prereqs: NUAD 321 and NUAD 385. Co-reqs/Prereqs: NUAD 335 and NUAD 430. Offered: Spring.

Graduate Programs and Requirements

Degrees

Master of Science in Nursing (M.S.N.)

Nurse Anesthesia
Nursing
Family Nurse Practitioner
Nurse Educator

RN to M.S.N. Option (M.S.N.)

Nursing
Family Nurse Practitioner
Nurse Educator

Certificates

Emergency Nurse Practitioner Certificate (Post-MSN/FNP)

Family Nurse Practitioner Certificate (Post-MSN)

The Ida Moffett School of Nursing offers flexible, innovative options in a program leading to a master of science in nursing degree. Graduates are prepared to practice in an advanced role to meet and/or manage health care needs of families across the life span. The graduate will be prepared to practice in a variety of settings with a functional focus in one of the following areas: emergency nurse practitioner, family nurse practitioner practice, nursing education, and nurse anesthesia.

Through the R.N. to M.S.N. option, the School of Nursing provides experienced registered nurses, who currently hold an associate of science in nursing or a hospital diploma, the opportunity to earn an M.S.N. through a nontraditional path. As in the main M.S.N. program, the same options are available, with the exception of nurse anesthesia.

A post-master of science in nursing certificate is available in family nurse practitioner (FNP). Students completing the post-M.S.N./FNP option will have fulfilled the educational requirements to take the Family Nurse Practitioner Certification examinations.

M.S.N. Outcomes

Graduates with a master of science in nursing from the Ida Moffett School of Nursing will be prepared to:

1. Integrate interprofessional scientific findings for the continual improvement of nursing care across diverse settings.
2. Demonstrate leadership skills that emphasize ethical and critical decision making, effective working relationships, and a systems perspective to promote high quality and safe patient care.
3. Articulate and apply quality methods, tools, performance measures, and standards within organizations.
4. Apply research outcomes within the practice setting to resolve practice problems, work as a change agent, and disseminate results.
5. Utilize patient-care and communications technologies to deliver, enhance, integrate, and coordinate care.
6. Intervene at the system level by developing and advocating policy to influence health and health care.
7. Demonstrate effective collaborative, communicating, and consulting skills as a leader and as a member of interprofessional teams to manage and coordinate care.
8. Provide evidence-based clinical prevention and health promotion care and services in a client-centered manner to individuals, families, and populations.
9. Synthesize an advanced level of understanding of nursing and relevant sciences to integrate this knowledge for direct or indirect care.

M.S.N. Program

Admission to the Family Nurse Practitioner, Health Systems Management and Leadership, and Nurse Educator Programs

Applications for the M.S.N. degree program are considered on a competitive basis by the School of Nursing; thus, applicants' admission profiles are evaluated according to stated admission criteria.

The applicant will be considered for admission to Samford University and the School of Nursing graduate program upon submission of the following required material:

1. Completion of application. For complete admission instructions, visit www.samford.edu/nursing.
2. Attach a CV/résumé to your application.
3. Current unencumbered license as a registered nurse.
4. Bachelor of science in nursing degree from a regionally accredited and CCNE, CNEA, or an ACEN (formerly NLNAC) accredited program.
5. One undergraduate course in nursing research with a grade of C (2.00) or better.
6. One undergraduate health assessment course with a grade of C (2.00) or better (for FNP students only).
7. Nursing GPA of 3.00 on a 4.00 scale.
8. International applicants (applicants who are not United States citizens or permanent residents) must contact the director of graduate student services for detailed program requirements.
9. American citizens or permanent residents who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
10. Should any of the above conditions not be met, the applicant may be considered on an individual basis.
11. Video interview.
12. If accepted, a non-refundable fee of \$750 is required to secure admission into the program. This fee is applied to the first semester's tuition.

Academic Policy and Progression

Transfer Credit

Graduate students are permitted to transfer a maximum of twelve hours of graduate credit from a regionally accredited and a CCNE, CNEA, or an ACEN (formerly NLNAC) accredited college or university. To do so, students should complete a course substitution form and attach a copy of the syllabus. Transfer credits will be evaluated by the appropriate course coordinator for applicability to the graduate program.

Progression Policies

In order to progress in the master's program in the School of Nursing, the student must:

1. Have a completed Health Data Record (with all required immunizations) updated annually and on file.
2. Verify and keep current the following requirements:
 - a. Carry health insurance while enrolled at Samford. Students in the School of Nursing are required to provide proof of current personal health insurance coverage. Each semester, students in the IMSON are automatically enrolled in the University-sponsored student health insurance plan. There is a charge for this coverage. If you are a new nursing student, you will need to register your health insurance coverage by clicking on the following link and completing the information: <https://studentcenter.uhcsr.com/school-page>.
 - b. BLS certification
3. Adhere to the Code of Ethical/Professional Conduct as specified in this catalog.
4. Possess a current unencumbered registered nursing license.
5. Submit to a criminal background check and random drug testing.
6. Make a grade of B or better in each required or prescribed course in the M.S.N. program. Note: A grade of C, D or F constitutes a failure in any prescribed or required course in the M.S.N. program. **Students must maintain a cumulative 3.00 GPA and may not earn a grade below B in any course to progress in the curriculum.
7. Have a 3.00 cumulative GPA to graduate.
8. Meet track and department-specific academic policies.

Academic Policies

Graduate students who receive a grade below a B in any required or prescribed course or whose cumulative GPA falls below a 3.00 will be placed on academic probation.

Students placed on academic probation must:

- Repeat any nursing course in which a grade received was below a B and receive a grade of B or better.
- Failure of the same course twice or failure of two separate courses constitutes dismissal from the program

Students on academic probation who fail to successfully complete a required nursing course within one calendar year of the academic probation notification

will be dismissed from the program. Students must be aware that plagiarism, unethical, unprofessional or unsafe conduct may result in immediate dismissal from the School of Nursing.

Program Interruptions

Students who need more than five years to complete the program, may petition the School of Nursing graduate program to request an additional year for completion (a total of six years for completion).

Readmissions

A student who has been dismissed from the Ida Moffett School of Nursing graduate program may apply through the Office of Graduate Student Services for readmission after an intervening period of not less than one semester. The appropriate graduate admission committee will consider such requests for readmission on presentation of substantial evidence of a responsible and successful period of work or study during the intervening period. There is no guarantee, however, that a student will be readmitted. The decision regarding readmission rests with the Dean and is based upon the faculty's evaluation of the likelihood of the applicant's ability to perform successfully in graduate coursework.

RN TO M.S.N. Option

The School of Nursing offers the master of science in nursing (M.S.N.) degree through a nontraditional pathway. The program provides the experienced registered nurse (RN) who holds an associate of science in nursing degree or hospital diploma an opportunity to earn a master's degree within one program of study.

In the RN to M.S.N. option, the graduate does not earn a bachelor's degree. Should an individual not complete the requirements for the M.S.N., whether for personal or academic reasons, no B.S.N. is awarded nor is academic credit transferred to the B.S.N. program.

The RN to M.S.N. option consists of five bridge courses and the M.S.N. curriculum. The bridge courses (NURG 500, 501, 502, 503, and 504) can be completed in two semesters and must be completed prior to progressing to the M.S.N. core courses. When taken full time and in sequence, the length of the RN to M.S.N. option is approximately seven semesters, or two years. General education courses may be completed at another college or university and then transferred to Samford University prior to enrolling in the RN to M.S.N. option.

Admission Criteria

Applications for the RN to M.S.N. degree program are considered on a competitive basis by the School of Nursing; thus, applicants' admission profiles are evaluated according to stated admission criteria. The applicant will be considered for admission to Samford University and the School of Nursing graduate program upon submission of the following required materials. In addition, a completion of a minimum of 72 hours of college credit is required for admission to the RN to M.S.N. program:

1. Completion of application. For complete admission instructions, visit www.samford.edu/nursing.
2. Attach a CV/résumé to your application.
3. Current unencumbered license as a registered nurse.
4. Associate of science in nursing degree from a regionally accredited and CNEA or an ACEN (formerly NLNAC) accredited program, or hospital diploma.
5. Nursing GPA of 3.00 on a 4.00 scale.
6. Completion of general education prerequisites before program begins.
7. International applicants (applicants who are not United States citizens or permanent residents) must contact the director of graduate student services for detailed program requirements.
8. American citizens or permanent residents who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
9. Should any of the above conditions not be met, the applicant may be considered on an individual basis.
10. Video interview.
11. If accepted, a non-refundable fee of \$750 is required to secure admission into the program. This fee is applied to the first semester's tuition.

RN to M.S.N. Progression Policies

1. Have a completed Health Data Record (with all required immunizations) updated annually and on file.
2. Adhere to all Ida Moffett School of Nursing policies and procedures, as well as the Code of Ethical/Professional Conduct.
3. Make a grade of B or better in each RN to M.S.N. bridge course.
4. Submit to a background check and random drug testing.

Certificates/Post-Master of Science in Nursing**Admissions for the Family Nurse Practitioner/Post M.S.N. Certificate**

Applications for the family nurse practitioner/post-M.S.N. certificate are considered on a competitive basis by the School of Nursing; thus, applicants' admission profiles are evaluated according to stated admission criteria. The applicant will be considered for admission to Samford University and the School of Nursing graduate program upon submission of the following required materials:

1. Completion of application. For complete admission instructions, visit www.samford.edu/nursing.
2. Current unencumbered license as a registered nurse.
3. Master of science in nursing degree from a regionally accredited and ACEN or CCNE accredited program.
4. Cumulative GPA of 3.00 on a 4.00 scale.
5. The MAT or GRE is waived if the applicant has successfully completed a graduate program with a 3.00 GPA or higher.
6. International applicants (applicants who are not United States citizens or permanent residents) must contact the director of graduate student services for detailed program requirements.
7. American citizens or permanent residents who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
8. Video interview.
9. If accepted, a non-refundable fee of \$750 is required to secure admission into the program. This fee is applied to the first semester's tuition.

Admissions for the Emergency Nurse Practitioner/Post M.S.N. - FNP Certificate

Applications for the emergency nurse practitioner/post-M.S.N.-FNP certificate are considered on a competitive basis by the School of Nursing; thus, applicants' admission profiles are evaluated according to stated admission criteria. The applicant will be considered for admission to Samford University and the School of Nursing graduate program upon submission of the following required materials:

1. Completion of application. For complete admission instructions, visit www.samford.edu/nursing.
2. Master of science in nursing degree from a regionally accredited and ACEN, CCNE, or CNEA accredited program.
3. Hold current national certification as a family nurse practitioner.
4. Emergency department or critical care experience preferred.
5. Cumulative GPA of 3.20 on a 4.00 scale.
6. International applicants (applicants who are not United States citizens or permanent residents) must contact the director of graduate student services for detailed program requirements.
7. American citizens or permanent residents who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
8. Video interview.
9. If accepted, a non-refundable fee of \$750 is required to secure admission into the program. This fee is applied to the first semester's tuition.

Department of Nurse Anesthesia

Admission Criteria

Applications for the M.S.N. Nurse Anesthesia program are considered on a competitive basis by the School of Nursing; thus, applicants' admission profiles are evaluated according to stated admission criteria. (Final cohort for the M.S.N. nurse anesthesia will begin January 2018.) The applicant will be considered for admission to Samford University and the School of Nursing graduate program upon submission of the following required materials:

1. Completion of application directly through Slate. For complete admission instructions, visit www.samford.edu/nursing.
2. Completed the Supplemental Application Form for the nurse anesthesia program, found at www.samford.edu/nursing/supplemental-application-forms.aspx.
3. Current unencumbered license as a registered nurse.
4. Bachelor of science in nursing degree from a regionally accredited and ACEN or CCNE accredited program.
5. Cumulative GPA of 3.00 on a 4.00 scale.
6. Minimum one year full time critical care experience as a registered nurse.
7. Minimum GRE score within the last 5 years.
 - a. Verbal: 153; Quantitative: 144; Analytical 4.0
 - b. The Miller Analogy Test (MAT) is not accepted.
8. International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer), or 80 (Internet) on the Test of English as a Foreign Language (TOEFL).
9. On-campus interview.
10. If accepted, a non-refundable fee of \$1,000 is required to secure admission into the program. This fee is applied to the first semester's tuition.

Progression Policies

In order to progress in the School of Nursing nurse anesthesia program, the student must:

1. Have a completed Health Data Record (with all required immunizations) updated annually and on file, according to policy with ESS.
2. Carry health insurance while enrolled at Samford. Students in the School of Nursing are required to provide proof of current personal health insurance coverage. Each semester, students in the IMSON are automatically enrolled in the University-sponsored student health insurance plan. There is a charge for this coverage. If you are a new nursing student, you will need to register your health insurance coverage by clicking on the following link and completing the information: <https://studentcenter.uhcsr.com/school-page>.
3. Document and keep current professional liability insurance for clinicals.
4. BLS, ACLS, PALS certification prior to clinical rotations and through graduation.
5. Adhere to the Code of Ethical/Professional Conduct, School of Nursing section.
6. Possess a current unencumbered Alabama registered nursing license and in the states of all clinical rotations.
7. Submit to random drug testing and a criminal background check.
8. Obtain a grade of "B" or better in each didactic course and a "Pass" grade in each clinical course.

Program Interruptions and Readmissions

1. Students must complete all semester coursework before progressing to the next semester. Individual exceptions may be made by the department chair. An incomplete grade (INC) may be awarded if the student has done work that would earn a passing grade in the course but has failed to complete some portion of the required work because of an emergency, and the work can be completed without further class attendance. An INC grade automatically becomes an F if not removed by the last day of classes in the next full semester after the grade was given.
2. Students who receive a non-progressing grade may reapply to continue their course of study the following year. Additional remedial courses may be required on a case-by-case basis prior to readmission. Determination for readmission will be made by the nurse anesthesia program faculty with approval of the dean of the School of Nursing.
3. Students who take a leave of absence or withdraw from the program may reapply to continue their course of study the following year. Additional remedial courses may be required on a case-by-case basis prior to readmission. Determination for readmission will be made by the nurse anesthesia program faculty with approval of the dean of the School of Nursing.
4. Students will be obligated for complete tuition payments for any enrolled semester. For students readmitted to the program, tuition costs will be at the tuition rate in place at the time of readmission.

Graduate Courses

NURSE ANESTHESIA

NUNA 514 Population Health and Policy (3)

Exploration of epidemiology, policies, theories, concepts, and research as a framework for advanced practice care in promoting health in diverse populations. Health behaviors and health promotion activities as well as ethical principles, administration planning models, and appropriate funding are also explored. Co-listed as NURG 514. Prereq: Admission to graduate program. Offered: Fall.

NUNA 515 Statistics for Advanced Practice Nursing (3)

Study of biostatistical principles with an emphasis on management and analysis of outcome data utilizing descriptive and inferential statistics. These statistical principles are necessary to critically appraise, utilize, and conduct nursing research to provide evidence for practice. Co-listed as NURG 515. Prereq: Admission to the M.S.N. Program. Offered: Summer.

NUNA 516 Research, Theory, and Quality Improvement (3)

Exploration of the scientific and theoretical foundations of nursing, the evidence-based practice process, research methodologies, and quality improvement process that support advanced nursing practice. Co-listed as NURG 516. Prereq: NUNA 515 and admission to graduate program. Offered: Spring.

NUNA 517 Ethical Leadership and Collaboration (3)

Ethical leadership in complex organizations includes knowledge, skills, and attitudes of organizational behavior, communication, collaboration, and change. A review of theories of organizations, systems, economics, change, leadership, and ethics provides the foundation for this course. Emphasis is placed on an understanding that organizational systems leadership is critical to the promotion of high quality and safe patient care. Development of leadership skills that emphasize ethical decision making and effective working relationships from a systems perspective prepares the student for inter-professional teamwork. Co-listed as NURG 517. Prereq: None. Offered: Spring.

NUNA 550 Human Anatomy for Nurse Anesthesia (3)

Survey of gross human anatomy with special emphasis for the nurse anesthetist. Provides the foundation needed in other basic and clinical science courses in the nurse anesthesia curriculum. Muscles, skeletal elements, vascular and neural supply and significant supporting connective tissues from clinically important anatomical regions are studied. Method of instruction is an equal mixture of lecture and instructor guided laboratory cadaver dissections. Prereq: Admission to the Department of Nurse Anesthesia. Offered: Spring.

NUNA 579 Pharmacology for Advanced Nursing Practice (3)

Study of the concepts of pharmacology and pharmacotherapeutics used as a means of assessing and analyzing the need for medication, as well as planning, implementing, and evaluating the therapeutic effect of medication. Selected drugs within categories are compared and contrasted for indications, efficacy, therapeutic, and adverse effects, monitoring parameters, dosing principles, and common drug interactions. Offered: Summer.

NUNA 580 Nurse Anesthesia Pharmacology I (3)

Addresses clinical application of neuromuscular blockers, opioids, intravenous anesthetic agents, monitoring of neuromuscular blocking agents, and drugs such as analgesics, and anesthetic adjuncts. Prereq: Admission to the Department of Nurse Anesthesia. Offered: Spring.

NUNA 581 Nurse Anesthesia Pharmacology II (3)

Addresses pharmacokinetics, pharmacodynamics, clinical application, and drugs such as inhalation anesthetic agents, analgesics, anesthesia adjuncts, and injectable drugs used to control cardiovascular function. Prereq: NUNA 580. Offered: Fall.

NUNA 582 Nurse Anesthesia Physiology I (3)

Provides working knowledge of human physiology; how cells, tissues, organs, and organ systems function together to create one organism. Emphasis placed on communication and integration of structure-function relationships at the micro and macro organizational levels, under normal and abnormal conditions. Prereq: Admission to the Department of Nurse Anesthesia. Offered: Spring.

NUNA 584 Pathophysiology for Nurse Anesthetists (3)

Exploration of the etiology, processes, and clinical manifestations of disease and the associated anesthesia management of patients with specific disorders. Prereq: NUNA 582. Offered: Fall.

NUNA 590 Nurse Anesthesia Principles I (3)

Explores the principles of physics including gas laws, fluid dynamics, thermal principles, and mechanisms of vaporization; principles of monitoring including monitoring modalities used in practice of anesthesia, with emphasis on application involved with specialty procedures and pathological states. Prereq: Admission to the Department of Nurse Anesthesia. Offered: Spring.

NUNA 591 Nurse Anesthesia Principles II (3)

Focus on airway management, anesthesia management plans, premedication, anesthesia techniques and procedures, equipment use and requirements, fluid management, positioning, infection control, monitoring, and record keeping. Prereq: NUNA 590. Offered: Summer.

NUNA 592 Nurse Anesthesia Principles III (3)

Focus on major surgical specialties with emphasis on laparoscopic, trauma, outpatient, orthopedic, neurosurgical, ENT, head and neck, gynecologic, thoracic, cardiovascular, urologic, transplant, and plastic procedures. Also included are principles of anesthetic management in the pediatric patient population. Prereq: NUNA 591. Offered: Fall.

NUNA 601 Advanced Physical Assessment (2)

Application of advanced physical assessment and health history knowledge. Emphasis is placed on learning how to perform and document comprehensive health histories and physical exams. Prereq: NUNA 550. Offered: Summer.

NUNA 640 Obstetric and Regional Anesthesia (4)

Emphasizes techniques for labor analgesia and operative delivery and regional anesthesia. Obstetric topics include changes in anatomy and physiology during pregnancy, changes in pharmacokinetics and dynamics, and the maternal-fetal interface. Regional anesthesia topics encompass the principles and techniques involved in anesthesia and analgesia. Offered: Fall.

NUNA 650 Nurse Anesthesia Seminar I (2)

Focuses on cognitive and practical application in the areas of pre-anesthetic assessment, formulating a safe and effective anesthetic plan, and post-anesthetic evaluation of care, and evidence-based practice. Provides an opportunity to discuss issues surrounding the graduate student's clinical experiences, inconsistencies in evidence and clinical practice, and adjustment to the clinical anesthesia environment. Prereqs: Completion of all year one didactic coursework of the program. Offered: Spring.

NUNA 651 Nurse Anesthesia Seminar II (2)

Focuses on evidenced-based practice and clinical problem solving. The problems explored may be the genesis to capstone project ideas. Explores issues such as quality assurance, contract negotiation, informed consent, and legal/ethical issues related to anesthesia practice. Prereq: NUNA 650. Offered: Summer.

NUNA 652 Nurse Anesthesia Seminar III (3)

Focus on personal and professional aspects of anesthesia conduct. Discussions include wellness, chemical dependency, practice development, professional association membership, leadership legal and malpractice issues, quality improvement processes and activities and anesthesia reimbursement. Testing for certification examination competency. Prereq: NUNA 651. Offered: Fall.

NUNA 653 Nurse Anesthesia Seminar IV (3)

Refining care/case evaluation skills, utilizing evidence-based practice information and journal club presentations. Transition to the professional role. Testing for certification examination competency. Prereq: NUNA 652. Offered: Spring.

NUNA 654 Nurse Anesthesia Capstone Project (2)

Focuses on identification of a clinical topic, development and completion of the nurse anesthesia capstone project. Under the direction of a faculty member, students prepare and present a current topic on anesthesia practice. Prereq: Year one nurse anesthesia coursework. Offered: Fall

NUNA 660 Nurse Anesthesia Clinical Practicum I (4)

Emphasizes clinical anesthesia management, including pre-anesthetic assessment, equipment utilization, use of anesthetic drugs, and airway management. Prereq: Successful completion of year one didactic coursework in the nurse anesthesia curriculum. Offered: Spring.

NUNA 661 Nurse Anesthesia Clinical Practicum II (7)

Emphasizes advanced application of anesthesia principles and techniques in assessment, anesthetic management, and technical skills across specialized patient populations. Prereq: NUNA 660. Offered: Summer.

NUNA 662 Nurse Anesthesia Clinical Practicum III (7)

Emphasizes management of patients and procedures with increased complexity and high acuity, demonstrating substantial progress toward self-direction and independence in clinical practice. Prereq: NUNA 661. Offered: Fall.

NUNA 663 Nurse Anesthesia Clinical Practicum IV (7)

Emphasizes completion of all clinical requirements of the Department of Nurse Anesthesia, IMSON, and the Council on Accreditation of Nurse Anesthesia Educational Programs, which would qualify the graduate for certification by the Council on Certification and the Board of Nursing in Alabama, or the graduate's chosen state of practice. Prereq: NUNA 662. Offered: Spring.

NUNA 670 Seminar I for Advanced Practice Nurses (4)

Development of a portfolio for validation of the achievements and competencies of the advanced practice nurse/student entering the degree completion program. Exploration of adult learning theories and theoretical bases of portfolio assessments to provide evidence and to demonstrate past achievements and future educational needs. Development of strategies to meet specific educational goals. Offered: Fall, Spring, and Summer.

NUNA 671 Seminar II for Advanced Practice Nurses (4)

Second of a three-seminar series in the degree completion program for clinically active nurse anesthetists. This seminar focuses specifically on continued portfolio development and goal establishment. Students will be introduced to evidence-based practice principles and clinical problem-solving methods. Prereqs: NURG 670. Offered: Fall, Spring, and Summer.

NUNA 672 Seminar III for Advanced Practice Nurses (4)

Third of a three-seminar series in the degree completion program for clinically active nurse anesthetists. This seminar focuses on completion of portfolio development and goal establishment, and abstract development from current professional journals. Prereqs: NURG 671. Offered: Fall, Spring, and Summer.

NUNA 673 Capstone for Advanced Practice Nurses (6)

Capstone is a culminating experience designed to provide the student with opportunity to demonstrate synthesis of knowledge, practice, and skills developed throughout the program of study. A final project will reflect the integration of research methodology, theory, and advanced nursing practice in an area of specialization. The project may consist of a written manuscript, oral presentation, or other approved product. Grading is pass/fail. Prereqs: NURG 672. Offered: Fall, Spring, and Summer.

NUNA 698 Clinical Practicum-Independent Study (1-4)

Guided clinical independent study in nurse anesthesia. Arranged with permission of the director of clinical anesthesia services.

NUNA 699 Independent Study in Nurse Anesthesia (1-3)

Content varies with the needs and interests of the student. Credits determined by student and faculty. Offered: TBA.

NURSING - GRADUATE**NURG 500 Transition to Professional Nursing Practice (3)**

Introduction to theories, concepts, and knowledge necessary for the transition into professional nursing practice. Emphases are on professional role development; the value of life-long learning; and the trends, issues, values, and standards that shape professional nursing practice. Offered: Spring.

NURG 501 Health Assessment (3)

Promotes the development of safe essential professional registered nursing skills. Expands of knowledge base through the study of physical assessment, health promotion and disease prevention strategies, complimentary alternatives, pathophysiology, and cultural spiritual concepts. Prereq/Co-req: NURG 500. Offered: Spring.

NURG 502 Healthcare Research and Introduction to Statistics (3)

Professional role development through an introduction to the research process and descriptive statistics. Students develop the ability to interpret and use quantitative data necessary to critique and utilize research in order to improve efficacy and effectiveness of nursing interventions. Prereqs: NURG 500 and NURG 501. Offered: Spring.

NURG 503 Clinical Prevention and Population Health (3)

Focuses on the nursing concepts and theories needed to promote health and prevent disease at the population level with diverse cultures and at-risk populations. Explores the role of the community health nurse in assessing and analyzing trends and issues in national and global health initiatives that impact a community's health. Prereqs: NURG 500, 501, and 502. Offered: Summer.

NURG 504 Leadership and Management (3)

Study of concepts and principles basic to professional nursing practice as a leader and manager in an entry level position. Critical thinking skills are utilized to problem solve and affect change in the clinical setting. Prereqs: NURG 500, 501, and 502. Offered: Summer.

NURG 514 Population Health and Policy (3)

Exploration of epidemiology, policies, theories, concepts, and research as a framework for advanced practice care in promoting health in diverse populations. Health behaviors and health promotion activities as well as ethical principles, administration planning models, and appropriate funding are also explored. Co-listed as NUNA 514. Prereq: Admission to graduate program. Offered: Spring and Summer.

NURG 515 Statistics for Advanced Practice Nursing (3)

Study of biostatistical principles with an emphasis on management and analysis of outcome data utilizing descriptive and inferential statistics. These statistical principles are necessary to critically appraise, utilize, and conduct nursing research to provide evidence for practice. Co-listed as NUNA 515. Prereq: Admission to the M.S.N. Program. Offered: Fall and Spring.

NURG 516 Research, Theory, and Quality Improvement (3)

Exploration of the scientific and theoretical foundations of nursing, the evidence-based practice process, research methodologies, and quality improvement process that support advanced nursing practice. Co-listed as NUNA 516. Prereq: NURG 515 and admission to graduate program. Offered: Spring and Summer.

NURG 517 Ethical Leadership and Collaboration (3)

Ethical leadership in complex organizations includes knowledge, skills, and attitudes of organizational behavior, communication, collaboration, and change. A review of theories of organizations, systems, economics, change, leadership, and ethics provides the foundation for this course. Emphasis is placed on an understanding that organizational systems leadership is critical to the promotion of high quality and safe patient care. Development of leadership skills that emphasize ethical decision making and effective working relationships from a systems perspective prepares the student for inter-professional teamwork. Co-listed as NUNA 517. Prereq: None. Offered: Summer and Fall.

NURG 533 Advanced Physiology and Pathophysiology (3)

Study of physiologic concepts, adaptations, and alterations that occur in selected disease processes using a systems approach. Building upon previously learned principles of physiology and pathophysiology, knowledge gained in this course serves as a basis for understanding the rationale for assessment and evaluation of therapeutic interventions learned in advanced clinical nursing courses. Required for all students in the advanced practice nursing courses (FNP) and all educator students. Offered: Fall and Spring.

NURG 600 Common Diagnostics/Procedures (3)

Focus on acquisition of knowledge related to common lab, diagnostic tests, and procedures routinely performed, ordered, and interpreted by advanced practice nurses. Prereq: Admission to graduate nursing program or permission of instructor. Offered: Fall and Spring.

NURG 601 Advanced Physical Assessment (3)

Focus is on comprehensive advanced health and physical assessment of individuals. Emphasis is placed on learning how to obtain and interpret comprehensive health histories and perform accurate advanced physical exams across the lifespan. Prereq: NURG 533; admission to DNP program or permission of instructor. Offered: Summer.

NURG 602 Family Practice I: Care of Adults (6)

First clinical course in the family nurse practitioner track. Focus on identifying and managing common acute and chronic health care problems in the adult client. Health promotion and disease prevention strategies for the adult are emphasized. Prereq: NURG 533, 601, and 633; and admission to graduate nursing program. Offered: Fall and Spring.

NURG 603 Family Practice II: Care of Women (3)

Second clinical course in the family nurse practitioner track. Focus on identifying and managing common acute and chronic health care problems in the female client. Health promotion and disease prevention strategies for female clients are emphasized. Prereq: NURG 533, 601, and 633; and admission to graduate nursing program. Offered: Spring and Summer.

NURG 604 Family Practice III: Care of Children (3)

Third clinical course in the family nurse practitioner track. Focus on identifying and managing common acute and chronic health care problems in the pediatric client. Immunizations, developmental assessments, and health promotion and disease prevention strategies for pediatric clients are emphasized. Prereq: NURG 602 and NURG 603; and admission to graduate nursing program. Offered: Fall and Summer.

NURG 605 Family Practice IV: Practicum (6)

Fourth and final clinical course in the family nurse practitioner track. Focus on synthesis and application of knowledge and skills gained from previous courses and intensive practice in the role of an advanced family nurse practitioner. Emphasis on the provision of safe, quality, cost-effective, evidence-based health care, with attention to appropriate health promotion and disease prevention education to clients across the lifespan. Prereqs: NURG 602, 603, and 604; and admission to graduate nursing program. Offered: Fall and Spring.

NURG 620 Health Care Systems and Management (3)

Foundational course for the advanced practice nurse manager. Organizational behavior and management functions, based on classic and contemporary theories, are reviewed. This course familiarizes the nurse manager with the system components of the health care organization and principles of management. Course includes 45 hours of field experience. Prereq: Admission to the M.S.N. Program. Offered: Fall.

NURG 621 Resource Management (3)

Identification and review of the major components of strategic resource management. Workforce planning, recruitment and retention strategies are reviewed. The evidence to create a healthy work environment is discussed. Patient safety and risk issues from an organization and human resource perspective are identified. Course includes 50 hours of field experience. Prereq: NURG 620. Offered: Spring.

NURG 622 Financial and Project Management (3)

Covers the financial, marketing, information management, and project management competency areas. The course is followed by a 3-credit management skill practicum course. Prereq: NURG 621. Offered: Summer.

NURG 623 Management Practicum (3)

Covers the application of financial, marketing, and information management theories and principles. This is a 135-hour practicum. Prereq: NURG 622. Offered: Fall.

NURG 624 Management Outcomes Practicum (6)

The practicum is a culminating experience for the student in the Health Systems Leadership option. The practicum provides an organizational-based practice setting in which the nurse management student synthesizes and applies knowledge and skills learned in previous nursing courses. Each practicum is individualized and builds on the student's professional goals, special interests, prior experience, and personal strengths and weaknesses. This course is a 270-hour practicum. Prereq: NURG 623. Offered: Spring.

NURG 633 Pharmacotherapeutics for APRN (3)

Focus is on application of pharmacotherapeutic concepts; prescribing safe, appropriate medication for clients across the lifespan; and management of clients taking therapeutic agents. Common medications are compared and contrasted for indications, efficacy, therapeutic and adverse effects, monitoring parameters, dosing principles, and drug interactions. Legal and ethical implications of pharmacotherapeutics will be addressed, as well as elements of prescription writing. Course is repeatable for a maximum of 6 credits. Prereqs/Co-reqs: NURG 533 and permission of the instructor. Offered: Fall and Summer.

NURG 660 Educational Theory and Curriculum Development (3)

Emphasis is on application of theories of education and the process of curriculum and course development, including curricular components, philosophical foundation, writing objectives, selection of learning experiences, and factors and issues influencing curriculum development. Offered: Fall.

NURG 661 Principles of Teaching-Learning and Student Evaluation (3)

Emphasis is on principles of teaching-learning and student evaluation including learning styles, planning teaching-learning experiences, test construction, classroom assessments, standardized testing, high-stakes testing, program outcomes, and admission/progression requirements. Offered: Spring.

NURG 662 Advanced Health Assessment for Nurse Educators (3)

Emphasis is on advanced assessment of the acute care patient, cultural and spiritual needs, and special populations. This course provides the nurse educator student with the theoretical and clinical knowledge required to teach health assessment to students enrolled in basic nursing education programs. Offered: Spring.

NURG 663 Advanced Pharmacology for Nurse Educators (3)

Emphasis is on the principles of pharmacology in relation to various patient populations and disease processes. The concepts of pharmacodynamics, pharmacokinetics, pharmacotherapeutics, and pharmacogenetics will be discussed as well as broad categories of pharmacologic agents. This course provides the nurse educator student with the theoretical and clinical knowledge required to teach pharmacology to students enrolled in basic nursing education programs. Prereq: NURG 533. Offered: Summer.

NURG 664 Clinical Practicum I (2)

Emphasis is placed on strengthening the student's scientific background and application of health-related information in a selected area of nursing practice. Opportunities are provided for the student to apply content from the core and specialty courses including evidence-based practice, quality and safety, population health, health policy, inter-professional education, and collaborative practice. Students will initiate a clinically-focused project related to a current topic such as patient safety, informatics, technology, end-of-life care, genetics, genomics, gerontology, or nursing care of diverse patient populations. The project will be completed during enrollment in NURG 665, Clinical Practicum II. Offered: Summer.

NURG 665 Clinical Practicum II (2)

Emphasis is placed on strengthening the student's scientific background and application of health-related information in a selected area of nursing practice. Opportunities are provided for the student to apply content from the core and specialty courses including evidence-based practice, quality and safety, population health, health policy, inter-professional education, and collaborative practice. Students will complete the clinically-focused project initiated in NURG 664, Clinical Practicum I, on a current topic such as patient safety, informatics, technology, end-of-life care, genetics, genomics, gerontology, or nursing care of diverse patient populations. The project will be formally presented at the end of the semester. Prereq: NURG 664. Offered: Fall.

NURG 667 Clinical Education (3)

Emphasis is on selection of clinical sites, clinical teaching strategies, clinical simulation, clinical performance evaluation, legal-ethical aspects of clinical education, and trends and issues affecting student clinical experiences. Practicum provides opportunity to explore technologies used in clinical education including concentrated hours in a clinical simulation setting. Prereqs: NURG 660 and NURG 661. Offered: Fall.

NURG 668 Nurse Educator Role Transition and Teaching Practicum (4)

Examination of role theory for transition to advanced practice roles in nursing education. Includes study of legal-ethical aspects of nursing education, student-faculty relationships, trends and issues in nursing education, and role expectations for both classroom and clinical teaching. Practicum provides an opportunity to demonstrate synthesis, refinement, and application of nursing, educational, and evaluation theory in a variety of educational settings. Prereqs: NURG 662, 663, 665, and 667. Offered: Spring.

NURG 699 Independent Study in Nursing (1-3)

Credits determined by student and faculty. Offered: TBA.

Doctoral Programs and Requirements

FNP-Emergency Nurse Practitioner Dual Concentration
Health Systems and Administration
Health Systems and Administration Concentration
Informatics Concentration
Transformation of Care Concentration

Doctor of Nursing Practice (D.N.P.)

The doctor of nursing practice (D.N.P.) is a terminal degree in nursing that can be completed in one calendar year of full-time study or in two years of part-time study. The D.N.P. program will fulfill a need within the profession for advanced practice nurses who can provide leadership in the healthcare system of the 21st century. The D.N.P. will be a visionary leader for the practice of nursing and the delivery of health care in all settings. This program prepares graduates to demonstrate competencies, including organizational and systems leadership, advanced clinical skills, the ability to mobilize interdisciplinary teams, the ability to establish collaborative relationships to solve complex clinical problems, and to initiate policy and programmatic changes. The D.N.P. program will prepare clinicians (nurse practitioners, nurse anesthetists, and clinical nurse specialists) and nurse administrators for leadership roles, evidence-based practice, and to fully implement the emerging science and practice innovations in health care.

D.N.P. Outcomes

Graduates with a doctor of nursing practice from the Ida Moffett School of Nursing will be prepared to:

1. Practice at the highest level of nursing by integrating nursing science and the biophysical, psychosocial, analytical, organizational and public health sciences to improve health, nursing and education outcomes;
2. Integrate advanced critical reasoning and judgment in the management of complex clinical situations and systems;
3. Assimilate ethical principles, personal beliefs, and Christian values to provide a framework for advanced nursing practice;
4. Engage in scholarship and analytical methods for evidence-based practice to effect optimal outcomes;
5. Apply information systems and technology for the provision and/or transformation of health care delivery and nursing practice;
6. Participate in interprofessional collaboration for the improvement of individual and population health outcomes;
7. Advocate change in health care practice through policy development, implementation and evaluation.

Admissions

Applications for the D.N.P. program are considered on a competitive basis by the School of Nursing; thus, applicants' admission profiles are evaluated according to stated admission criteria. The applicant will be considered for admission to Samford University and the School of Nursing graduate program upon submission of the following required materials:

1. Completion of application. For complete admission instructions, visit www.samford.edu/nursing.
2. Complete the Verification of Clinical Hours form.
3. In one document, include a curriculum vitae or résumé AND a 1-2 page paper describing a clinical practice problem that you are interested in. This could be a practice improvement issue, a clinical management problem, or an area of practice in need of change that the applicant will address while in the D.N.P. program. This paper should cite appropriate sources and follow APA format. In addition, the applicant must be able to identify key resources (personnel, preceptors, institutions) necessary to complete the project. Attach this document to your application.
4. Current unencumbered license as a registered nurse.
5. Master's degree from a regionally accredited and CCNE, CNEA, or an ACEN (formerly NLNAC) accredited program in the area of advanced practice or administration (applicants with unique credentials will be considered on a case-by-case basis).
6. Master's degree cumulative GPA of at least 3.50 on a 4.00 scale.
7. International applicants (applicants who are not United States citizens or permanent residents) must contact the director of graduate student services for detailed program requirements.
8. American citizens or permanent residents who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
9. Video interview.

Academic Policy and Progression Transfer Credit

Graduate students are permitted to transfer a maximum of twelve hours of graduate credit from a regionally accredited and a CCNE, CNEA, or an ACEN (formerly NLNAC) accredited college or university. To do so, students should complete a course substitution form and attach a copy of the syllabus. Transfer credits will be evaluated by the associate dean of the graduate program for applicability to the program.

Progression Policies

In order to progress in the doctoral program in the School of Nursing, the student must:

1. Have a completed Health Data Record (with all required immunizations) updated annually and on file in University Health Services and the School of Nursing.
2. Carry health insurance while enrolled at Samford. Students in the School of Nursing are required to provide proof of current personal health insurance coverage. Each semester, students in the IMSON are automatically enrolled in the University-sponsored student health insurance plan. There is a charge for this coverage. To have the charge removed from his/her Samford account, a nursing student must provide proof of insurance by completing the insurance waiver at <https://studentcenter.uhcsr.com/school-page>.

International Students: Based upon federal regulations and University policy, all F and J visa holders are required to carry insurance that meets certain coverage requirements. Information about specific policy carries, minimum coverage, and premium costs is available from the Office of Global Engagement at (205) 726-4334.

3. Provide current documentation of BLS certification
4. Adhere to the Code of Ethical/Professional Conduct as specified in the Samford University catalog.
5. Possess a current unencumbered RN nursing license in your state of practice and in the state of all clinical rotations.
6. Maintain licensure and certification. It is the student's responsibility to notify the IMSON of any encumbrance that is placed on any license.
7. Submit to background check and random drug testing.
8. Make a grade of B or better in each required or prescribed course in the D.N.P. program. NOTE: A grade of C, D or F constitutes a failure in any prescribed or required course in the D.N.P. program.

9. Maintain a cumulative 3.00 GPA and may not earn a grade below B in any course to progress in the curriculum.

Academic Policies

Students who receive a grade below a B in any required or prescribed course or whose cumulative GPA falls below a 3.00 will be placed on academic probation and must:

- Repeat any nursing course in which a grade received was below a B and receive a grade of B or better.
- Be aware that a required nursing course can only be repeated one time.
- Be aware that failure of the same course twice or failure of two separate courses constitutes dismissal from the program

Students who fail to successfully complete a required nursing course within one calendar year of the academic probation notification will be dismissed from the program.

Students must be aware that matters of plagiarism, unethical, unprofessional or unsafe conduct may result in immediate dismissal from the School of Nursing.

Students who need more than five years to complete the program may petition the IMSON graduate program to request an additional year for completion (a total of six years for completion).

Readmissions Policy

A student who has been dismissed from the Ida Moffett School of Nursing graduate program may apply through the Office of Graduate Student Services for readmission after an intervening period of not less than one semester. The appropriate graduate admission committee will consider such requests for readmission on presentation of substantial evidence of a responsible and successful period of work or study during the intervening period. There is no guarantee, however, that a student will be readmitted. The decision regarding readmission rests with the dean and is based upon the faculty's evaluation of the likelihood of the applicant's ability to perform successfully in graduate coursework.

B.S.N. to D.N.P. (Doctor of Nursing Practice)

The doctor of nursing practice (D.N.P.) is a terminal degree in nursing. It can be completed, post-master's, in one calendar year of full-time study or in two years of part-time study. The B.S.N. to D.N.P. program can be completed in three years of full-time study. The D.N.P. program will fulfill a need within the profession for advanced practice nurses who can provide leadership in the healthcare system of the 21st century. The D.N.P. will be a visionary leader for the practice of nursing and the delivery of health care in all settings. This program prepares graduates to demonstrate competencies, including organizational and systems leadership, advanced clinical skills, the ability to mobilize interdisciplinary teams, the ability to establish collaborative relationships to solve complex clinical problems, and to initiate policy and programmatic changes. The D.N.P. program will prepare clinicians (nurse generalists, nurse practitioners, and clinical nurse specialists) and nurse administrators for leadership roles, evidence-based practice, and to fully implement the emerging science and practice innovations in health care.

Admissions

Applications for the B.S.N. to D.N.P. program are considered on a competitive basis by the School of Nursing; thus, applicants' admission profiles are evaluated according to stated admission criteria. The applicant will be considered for admission to Samford University and the School of Nursing graduate program upon submission of the following required materials:

1. Completion of application. For complete admission instructions, visit www.samford.edu/nursing.
2. Complete the Verification of Clinical Hours form.
3. In one document, include a curriculum vitae or résumé AND a 1-2 page paper describing a clinical practice problem that you are interested in. This could be a practice improvement issue, a clinical management problem, or an area of practice in need of change that the applicant will address while in the D.N.P. program. This paper should cite appropriate sources and follow APA format. In addition, the applicant must be able to identify key resources (personnel, preceptors, institutions) necessary to complete the project. Attach this document to your application.

- Current unencumbered license as a registered nurse.
- Bachelor of science in nursing degree from a regionally accredited and CCNE, CNEA, or an ACEN (formerly NLNAC) accredited program.
- Cumulative GPA of at least 3.00 on a 4.00 scale.
- International applicants (applicants who are not United States citizens or permanent residents) must contact the director of graduate student services for detailed program requirements.
- American citizens or permanent residents who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
- Video interview.
- For students pursuing the FNP-emergency nurse practitioner dual concentration, the following additional requirements apply: one undergraduate nursing research course with a grade of C (2.0) or better, and one undergraduate health assessment course with a grade of B (3.0) or better.

R.N. to D.N.P. (Doctor of Nursing Practice)

The doctor of nursing practice (D.N.P.) is a terminal degree in nursing. It can be completed, post-master's, in one calendar year of full-time study or in two years of part-time study. The R.N. to D.N.P. program can be completed in three and one-half years of full-time study. The D.N.P. program will fulfill a need within the profession for advanced practice nurses who can provide leadership in the healthcare system of the 21st century. The D.N.P. will be a visionary leader for the practice of nursing and the delivery of health care in all settings. This program prepares graduates to demonstrate competencies, including organizational and systems leadership, advanced clinical skills, the ability to mobilize interdisciplinary teams, the ability to establish collaborative relationships to solve complex clinical problems, and to initiate policy and programmatic changes. The D.N.P. program will prepare clinicians (nurse generalists, nurse practitioners, and clinical nurse specialists) and nurse administrators for leadership roles, evidence-based practice, and to fully implement the emerging science and practice innovations in health care.

Admissions

Applications for the R.N. to D.N.P. program are considered on a competitive basis by the School of Nursing; thus, applicants' admission profiles are evaluated according to stated admission criteria. The applicant will be considered for admission to Samford University and the School of Nursing graduate program upon submission of the following required materials:

- Completion of application. For complete admission instructions, visit www.samford.edu/nursing.
- Complete the Verification of Clinical Hours form.
- In one document, include a curriculum vitae or résumé AND a 1-2 page paper describing a clinical practice problem that you are interested in. This could be a practice improvement issue, a clinical management problem, or an area of practice in need of change that the applicant will address while in the D.N.P. program. This paper should cite appropriate sources and follow APA format. In addition, the applicant must be able to identify key resources (personnel, preceptors, institutions) necessary to complete the project. Attach this document to your application.
- Current unencumbered license as a registered nurse.
- Associate degree from a regionally accredited and CNEA or an ACEN (formerly NLNAC) accredited program, or hospital diploma.
- Cumulative GPA of at least 3.00 on a 4.00 scale.
- International applicants (applicants who are not United States citizens or permanent residents) must contact the director of graduate student services for detailed program requirements.
- American citizens or permanent residents who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
- Video interview.
- For students pursuing the FNP-emergency nurse practitioner dual concentration, the following additional requirements apply: one undergraduate nursing research course with a grade of C (2.0) or better, and one undergraduate health assessment course with a grade of B (3.0) or better.

Nurse Anesthesia, B.S.N. to D.N.P.

The doctor of nursing practice (D.N.P.) is a terminal degree in nursing. The nurse anesthesia option can be completed in thirty-six months of full-time study. The program will prepare graduates with competencies and skills to provide safe, evidence-based anesthesia care. The program emphasizes excellent clinical skills, sensitivity to cultural and spiritual matters, and a focus on care needs of rural and medically underserved populations. Entry-into-practice competencies related to clinical anesthesia care, leadership, collaboration, complex problem-solving, and advocacy will serve as the foundation upon which the graduates will further develop knowledge, skills, and abilities to function and thrive in the complex health care environment.

Family Nurse Practitioner – Emergency Nurse Practitioner Dual Concentration

The family nurse practitioner (FNP)-emergency nurse practitioner (ENP) dual concentration provides a pathway leading to the doctor of nursing practice (D.N.P.) degree. Graduates are prepared to practice as a family nurse practitioner to meet and manage health care needs of families across the life span as well as practice in emergency departments or urgent care clinical facilities.

NURG 503	Clinical Prevention & Population Health	3	
NURG 504	Leadership and Management	3	
D.N.P. Core Course Requirements**			22
Selected Option: Advanced Practice Courses**			47-55
Family Nurse Practitioner (FNP)			
Family Nurse Practitioner Concentration		47	
FNP-Emergency Nurse Practitioner Dual Conc		55	
Health Systems & Administration:			
Health Systems & Administration Concentration		49	
Informatics Concentration		51	
Transformation of Care Concentration		54	
Total Required Credits (excluding General Ed)			84-92

* Liberal arts credit may be chosen from political science, history, English literature, languages, philosophy, biology, chemistry, psychology, sociology, geography, economics, religion, and fine arts (no more than three credits may be in fine arts).

** See D.N.P. tables for course requirements.

NOTE: Total Required Credits does not include General Education Requirements.

Doctoral-Level Courses

NURSING - DOCTORAL

NURG 700 Theory and Philosophy of Nursing Practice (3)

Study of philosophy of science and its relationship to the philosophy of nursing as the basis for the highest level of nursing practice. Theory development is explored from the perspective of nursing science, ethics, and the biophysical, psychosocial, analytical, and organizational sciences, and is related to its application in effecting change in health care, administration, and education. Selected metaphors and theories from scientific disciplines are analyzed and applied to advanced nursing practice. Cross-listed with NUNA 700. Prereq: Admission to the D.N.P. Program. Offered: Fall and Summer.

NURG 701 Methods for Evidence-Based Practice (3)

Study of critical analysis and utilization of research evidence to improve health care outcomes, advance the nursing profession, and effect health care policy. Emphasis is on the transformation of research knowledge into nursing practice through planned change processes and includes an in depth study of the steps involved in implementing evidence-based practice. Activities are designed to facilitate development of the DNP project. Cross-listed with NUNA 701. Prereqs: Admission to the D.N.P. Program; NURG 700. Prereq/Co-req: NURG 702. Offered: Summer.

NURG 702 Biostatistics (3)

Study of descriptive and inferential biostatistical concepts with an emphasis on univariate, bivariate, and multivariate quantitative statistical methods utilized in the hypothesis testing process as well as statistics relevant to understanding reliability and validity measures, key epidemiological concepts, and meta-analysis reports. These concepts are necessary to appraise nursing research for discovering best evidence for practice. Cross-listed with NUNA 702. Prereq: Admission to the D.N.P. Program. Offered: Summer.

NURG 703 Information Systems and Technology (3)

Exploration of information systems technology and patient care technology for the provision and/or transformation of health care. Students will evaluate the design and application of selected information systems used to achieve program outcomes and quality improvement initiatives, as well as to support practice, the effectiveness of clinical and administrative decision-making, and the appropriateness of consumer health information. When evaluating information system technology and patient care technology, students will apply knowledge of standards and principles related to ethical, regulatory, and legal issues. Cross-listed with NUNA 703. Prereq: Admission to the D.N.P. Program. Offered: Fall.

NURG 704 Policy for Population Health (3)

By evaluating health and epidemiological data, policy, systems and related variables impacting health, students will analyze the interdependence of the significant issues influencing the development of health policy and the delivery of health care. Students will educate and advocate for effective, efficient, and equitable policies within healthcare arenas. Cross-listed with NUNA 704. Prereqs: Admission to the D.N.P. Program; NURG 700, 701, 702. Offered: Fall.

NURG 705 Leadership, Economics, and Quality (3)

Leadership attributes and responsibilities are explored in relation to health policy, ethical practice, collaboration, economic considerations, and quality in health care organizations. Selected concepts in health care leadership are investigated to prepare advanced practice nurses to improve quality within the health care system. Cross-listed with NUNA 705. Prereq: Admission to the D.N.P. Program. Offered: Fall and Spring.

NURG 710 Teaching-Learning Principles (3)

Emphasis on principles of teaching-learning, learning theories, learning styles, and how these principles can be used in planning teaching-learning experiences appropriate for various learning styles and level of learner. Prereq: Admission to the D.N.P. Program. Offered: Fall and Spring.

NURG 711 Nurse Faculty Role in Curriculum Development (3)

Introduction of the nurse educator student to the process of curriculum and course development, including curricular components, philosophical foundation, writing objectives, selection of learning experiences, and factors and issues influencing curriculum development. Curriculum development at both graduate and undergraduate levels will be explored. Prereq: NURG 710. Offered: Summer.

NURG 712 Nurse Faculty Role in Program Evaluation (3)

Introduction to the general evaluation principles and theory necessary for design and development of an evaluation plan in nursing education, including test construction, clinical evaluation, additional data collection instruments, as well as utilization of data in outcomes assessment and management. Prereq: Admission to the D.N.P. Program. Offered: Spring.

NURG 715 Nurse Faculty Role Transition (3)

A culminating experience that emphasizes the application of role theory in actualizing the multidimensional roles of the nurse faculty. Additionally, the student will explore the impact of current trends and issues on the faculty role in higher education and develop objectives to guide individual learning experiences. Prereqs: NURG 710 and NURG 712. Co-req: NURG 711. Offered: Summer.

NURG 720 Administrative and Organizational Theory (3)

Traces the evolution of administrative and organizational theory; examines various metaphors for understanding organizations; addresses the administrative process; assists administrators to "read" complex organizations and to utilize this knowledge and understanding to become more effective leaders and administrators. Includes 45 hours of field experience to be arranged based on individual student needs and objectives. Prereq: Admission to the D.N.P. Program or instructor's permission. Offered: Summer.

NURG 721 Strategic Management of Organizations (3)

Focuses on the three major aspects of strategic management—strategy formulation, strategy implementation, and strategy control. Additionally, a comparison of two schools of strategic management (prescriptive versus descriptive) are explored, along with a categorization of the essential characteristics of strategic planning. Includes 45 hours of field experience to be arranged based on individual student needs and objectives. Prereq: NURG 720. Offered: Fall.

NURG 722 Administrative and Organizational Controls (3)

Addresses the function and process of managerial control as it relates to achieving organizational strategic plans. Utilizes a systems theory approach; provides direction in attaining planned objectives at the operational, organizational, and policy levels. Various theories of control and measurement in relation to organizational resources and information requirements are examined. Includes 45 hours of field experience to be arranged based on individual student needs and objectives. Prereq: NURG 721. Offered: Spring.

NURG 725 Nurse Administrator Practicum (6-8)

A culminating experience that provides an organizational-based practice setting in which the student synthesizes and applies knowledge and skills learned in previous doctoral-level courses and actualizes the role of administrator. Emphasis on application of role theory in actualizing the multidimensional roles of the nurse administrator in complex health service organizations or institutions of higher education. Additionally, the student will explore the impact of current trends and issues on the administrative role in complex organizations. Six (6) credits require a minimum of 365 practice hours; 7 credits require a minimum of 487 practice hours; 8 credits require a minimum of 609 practice hours. Prereqs: All D.N.P. Core Courses and NURG 760. Co-req: NURG 722. Offered: Spring.

NURG 740 Resource Planning for the Advanced Practice Nurse (3)

Explore available avenues to fund projects in the students' specific areas of interest. The course will explore complex resource planning issues and offer solutions to associated challenges. In addition, the students will learn to apply best-practice capital management in a variety of settings. The student will identify essential objectives, incorporate appropriate methodology, and formulate a comprehensive budget as part of a clear and focused funding proposal. Includes 45 hours of field experience to be arranged based on individual student needs and objectives. Prereq: Admission to the D.N.P. Program. Offered: Summer.

NURG 741 Contemporary Issues within Vulnerable Populations (3)

Focus on assessing domestic and international issues that impact vulnerable patient populations and the interventions and evidence that support the highest level of nursing practice. Includes 45 hours of field experience to be arranged based on individual student needs and objectives. Prereq: NURG 742. Offered: Spring.

NURG 742 Emerging Diseases, Genetics, and Health Trends (3)

Focuses on three substantive areas—emerging infectious diseases, genetics, and health trends—as each relate to the role of the advanced practice nurse and impact the students' individual areas of interest. Includes 45 hours of field experience to be arranged based on individual student needs and objectives. Prereq: NURG 740. Offered: Fall.

NURG 745 Advanced Practice Practicum (6-8)

Course builds upon advanced nursing competencies developed at the master's level, the D.N.P. core curriculum, and advanced practice specialty courses, to expand knowledge for expert nursing practice. Students are expected to enhance practice and/or systems management skills, including clinical reasoning, and advance to a higher level of expertise in their chosen specialty area. The student will develop an individualized prospectus for his/her practicum in collaboration with a faculty advisor to complete a minimum of 500 post-M.S.N. clinical practice hours. Six (6) credits require a minimum of 365 practice hours; 7 credits require a minimum of 487 practice hours; 8 credits require a minimum of 609 practice hours. Prereqs: All D.N.P. core and specialty courses and NURG 760. Co-req: NURG 761. Offered: Spring.

NURG 750 Clinical Decision Making in Advanced Nursing Practice (2)

Introduces the nurse practitioner (NP) student to the role of the advanced practice nurse in the primary healthcare setting. The evolving scope of practice and multifaceted role of the NP as clinician, advocate, educator, collaborator, and leader as well as key clinical competencies are discussed. Clinical decision making and diagnostic reasoning skills will be developed through analysis of clinical case studies. Completion of accurate, clear, and concise clinical documentation will be practiced. Prereq: NURG 601. Offered: Fall.

NURG 751 Primary Care of Adults (6)

Focuses on the diagnosis and evidence-based management of common acute and chronic health problems encountered in the primary care of the adult. Health promotion and prevention of illness, as well as patient education, follow-up, and referral are emphasized. Prereq: NURG 533, 601, 633. Offered: Fall.

NURG 752 Advanced Practice Clinical: Adult (3)

This course provides the student with the clinical experiences in a variety of settings necessary for the management of complex acute conditions and chronic illnesses in adults. Emphasis is on critical thinking and evidence-based practice applied in the care of adults at various stages of health and from diverse backgrounds. Focus is on culturally-sensitive family-centered care. Grading is pass/fail. Prereq: NURG 750 and NURG 751. Offered: Spring.

NURG 753 Community Focused Primary Care (3)

Introduction to theories, concepts, and knowledge necessary for the care of vulnerable populations across the lifespan in the community setting. Emphasis is on professional role development of the nurse practitioner in the community, as well as trends, issues, values, and standards that shape the care of special populations. Clinical experiences will include 60 hours of supervised clinical activities in the community with a vulnerable population. Prereq: NURG 750 and NURG 751. Offered: Spring.

NURG 754 Primary Care of Women (2)

Focuses on identifying and managing common acute and chronic health care problems in the obstetric, gynecologic, or women's health client. Health promotion and disease prevention strategies for women's health are emphasized. Prereq: NURG 752. Offered: Summer.

NURG 755 Advanced Practice Clinical: Women (2)

This course provides the student with the clinical experiences in a variety of settings necessary for the management of complex acute conditions and chronic illnesses in women, including the care of the pregnant client. Emphasis is on critical thinking and evidence-based practice applied in the care of gynecologic and obstetric patients at various stages of health and from diverse backgrounds. Focus is on culturally-sensitive family-centered care. Grading is pass/fail. Prereq: NURG 754. Offered: Summer.

NURG 756 Primary Care of Children (3)

Focuses on identifying and managing common acute and chronic health care problems in the pediatric client including immunizations, developmental assessments, health promotion, and disease prevention strategies. Prereq: NURG 752. Offered: Fall.

NURG 757 Advanced Practice Clinical: Across the Lifespan (4)

This course provides the student with clinical experiences in a variety of settings necessary for the management of complex acute conditions and chronic illnesses in patients across the lifespan. Emphasis is on critical thinking and evidence-based practice applied in the care of patients across the lifespan at various stages of health and from diverse backgrounds. Focus is on culturally-sensitive family-centered care. Grading is pass/fail. Prereq: NURG 756. Offered: Fall.

NURG 758 Emergency/Urgent Care (2)

This course focuses on identifying and managing common acute and chronic health care problems in the emergency/urgent care client. Health promotion and disease prevention strategies for the emergency/urgent care patient are emphasized. Prereq: NURG 757. Offered: Spring.

NURG 759 Advanced Practice Clinical: Emergency/Urgent Care (2)

This course provides the student with the clinical experiences in a variety of settings necessary for the management of complex acute conditions and chronic illnesses in the emergency/urgent care population. Emphasis is on critical thinking and evidence-based practice applied in the care of emergency/urgent care patients at various stages of health and from diverse backgrounds. Focus is on culturally-sensitive family-centered care. Grading is pass/fail. Prereq: NURG 758. Offered: Spring.

NURG 760 DNP Project I (2)

Focuses on identification of topic and development of a plan for completing the D.N.P. capstone project. Under the direction of two faculty members, students formulate a plan to solve a problem and/or contribute to the advancement of the nursing profession through evidence-based practice. May be repeated for maximum of 8 credits. Grading is pass/fail. Cross-listed with NUNA 760. Prereqs: NURG 701 and NURG 702. Offered: Fall, Spring, and Summer.

NURG 761 DNP Project II (2)

Focuses on implementation and presentation of the D.N.P. capstone project designed to improve health care outcomes. Students critique the clinical projects of classmates. Working independently under the direction of two faculty members, students culminate the program of study as they present their capstone projects. May be repeated for maximum of 8 credits. Grading is pass/fail. Cross-listed with NUNA 761. Prereq: NURG 760. Offered: Fall, Spring, and Summer.

NURG 765 Case Management across the Continuum (3)

Case management is explored as an intervention that focuses on quality of care and client self-determination. Based on the Standards of Practice for Case Management (2010) the foundational knowledge and skills of the case manager across a spectrum of practice settings and transitions of care are presented. Offered: Summer.

NURG 766 Cultural and Spiritual Competence (3)

Exploration of theories, concepts, and research in providing transcultural and spiritual healthcare for application in various practice roles. The impact of cultural differences on health behaviors and health promotion activities as well as the impact of the provider's culture, values, beliefs, and religious practices on health care delivery are also examined. Offered: Fall.

NURG 770 Service Learning and Interprofessional Practice (2)

Service learning blends community service activities with didactic learning to help students gain and apply knowledge to address skills related to leadership, communication, interprofessional collaboration, and ethical decision making. The focus is on participating in experiences in the community that reinforce skills and concepts addressed in the FNP curriculum. Clinical experiences will include 60 hours of health focused service learning. Prereq: NURG 750. Offered: Summer.

NURG 777 Family Nurse Practitioner Synthesis Practicum (7)

Final course in the family nurse practitioner program of study. Focus is on synthesis and application of knowledge and skills gained from previous courses and intensive practice in the role of an advanced practice family nurse practitioner. Emphasis is on the provision of safe, quality, cost-effective, evidenced based health care, with attention to appropriate health promotion and disease prevention education to clients across the lifespan. Prereq: NURG 757. Offered: Fall.

NURG 780 Leadership Seminar I (2)

Focuses on cognitive and practical application in the advance practice role. Provides an opportunity to discuss issues surrounding the graduate students' clinical experiences, organizational behavior, inconsistencies in evidence and clinical practice, and approaches to changes to improve the healthcare environment. Prereq: NURG 784. Co-req: NURG 785. Offered: Summer.

NURG 781 Health Systems and Administration Seminar (2)

Synthesize the application of educational experiences to the design of aggregate level health interventions. Use conceptual and analytical skills in evaluating the links among practice, organizational, population, fiscal, and policy issues. Explore certification options for the advance practice role. Prereq: NURG 780. Co-req: NURG 786. Offered: Fall.

NURG 782 Health Systems and Administration Practicum I (2)

A clinical experience that provides an organizational-based practice setting in which the student synthesizes and applies knowledge and skills learned in previous or current courses. This is the first of five clinical practicum courses designed to provide progressive development of the advance practice role. Offered: Spring.

NURG 783 Health Systems and Administration Practicum II (2)

A progressive clinical experience that provides an organizational-based practice setting in which the student synthesizes and applies knowledge and skills learned in previous or current courses. This is the second of five practicum courses designed to provide progressive development of the advance practice role. Prereq: NURG 782. Offered: Fall.

NURG 784 Health Systems and Administration Practicum III (3)

A clinical experience that emphasizes actualizing the multidimensional roles of the advance practice nurse. This is the third of five courses designed to provide progressive development of the advance practice role. Prereq: NURG 783. Offered: Spring.

NURG 785 Health Systems and Administration Practicum IV (3)

A clinical experience that provides an organizational-based practice setting. Emphasis is on application of role theory in actualizing the multidimensional roles of the advance practice nurse in complex health service organizations. This is the fourth of five practicum courses designed to provide progressive development of the advance practice role. Prereq: NURG 784. Co-req: NURG 780. Offered: Summer.

NURG 786 Health Systems and Administration Practicum V (4)

A clinical experience in which the student synthesizes and applies knowledge and skills learned to improve care in complex healthcare organizations. Emphasis is on the practice of the advance practice nurse role. This is the fifth and final practicum course designed to provide progressive development of the advance practice role. Prereq: NURG 785. Co-req: NURG 781. Offered: Fall.

NURG 791 Emergency Care I (3)

This course focuses on identifying and managing acute illnesses and traumatic injuries in the urgent care/emergency client. Health promotion and disease prevention strategies for the urgent care/emergency client are emphasized. Prereq: NURG 757. Offered: Fall and Spring.

NURG 792 Emergency Care Clinical I (3)

This course provides the student with clinical experiences in a variety of settings necessary for the management of acute illnesses and traumatic injuries. Emphasis is on critical thinking and evidence-based practice applied in the patient-centered care of urgent care/emergency patients. This course introduces the student to procedures and skills required for the management of the urgent care/emergency patient. Graded pass/fail. Prereq: NURG 791. Offered: Fall and Spring.

NURG 793 Emergency Care II (3)

This course focuses on acute and chronic conditions with emergent complications in the urgent care/emergency client. Emphasis is on emergent complications that can occur in each specific body system. Prereqs: NURG 791 and NURG 792. Offered: Fall and Spring.

NURG 794 Emergency Care Clinical II (3)

This course provides the student with clinical experiences in a variety of settings necessary for the management of acute conditions and chronic conditions with acute complications in the urgent care/emergency population. Emphasis is on critical thinking and evidence-based practice applied in the care of urgent care/emergency patients. This course focuses on each specific body system. Graded pass/fail. Prereqs: NURG 791 and NURG 792. Co-req: NURG 793. Offered: Fall and Spring.

NURSE ANESTHESIA - DOCTORAL**NUNA 602 Advanced Physical Assessment (3)**

Application of advanced physical assessment and health history knowledge. Emphasis is placed on learning how to perform and document comprehensive health histories and physical assessments across the lifespan. Offered: Summer.

NUNA 678 Human Anatomy for Nurse Anesthesia (3)

Survey of gross human anatomy with special emphasis on functional knowledge for the nurse anesthetists. Provides the foundation needed in other basic and clinical science courses in the nurse anesthesia curriculum. Muscles, skeletal elements, vascular and neural supply and significant supporting connective tissues from clinically important anatomical regions are studied. Offered: Spring.

NUNA 679 Pharmacology for Advanced Nursing Practice (3)

Study of the concepts of pharmacology and pharmacotherapeutics used as a means of assessing and analyzing the need for medication, as well as planning, implementing, and evaluating the therapeutic effect of medication. Selected drugs within categories are compared and contrasted for indications, efficacy, therapeutic, adverse effects, monitoring parameters, dosing principles, and common drug interactions. Offered: Summer.

NUNA 680 Nurse Anesthesia Pharmacology I (3)

Study of pharmacokinetics/pharmacodynamics and clinical application of neuromuscular blockers, opioids, intravenous anesthetic agents, monitoring of neuromuscular blocking agents, and drugs such as analgesics, and anesthetic adjuncts in detail. Offered: Spring.

NUNA 681 Nurse Anesthesia Pharmacology II (3)

Study of pharmacokinetics/pharmacodynamics and clinical application of drugs such as inhalation anesthetic agents, anesthesia adjuncts and injectable drugs used to control cardiovascular function. Topics such as awareness under anesthesia, substance abuse, and hepatic and renal implications are also explored. Induction sequence simulation and case study discussion allows students to apply knowledge to clinical situations. Prereq: NUNA 680. Offered: Fall.

NUNA 682 Nurse Anesthesia Physiology (3)

Provides working knowledge of human physiology, how cells, tissues, organs, and organ systems function together to create one organism. Emphasis placed on communication and integration of structure-function relationships at the micro and macro organizational levels, under normal and abnormal conditions. Offered: Spring.

NUNA 684 Advanced Pathophysiology for Nurse Anesthetists (3)

Study of the causes, epidemiology, processes, and clinical manifestations of disease including specific emphasis regarding the impact of cultural and socioeconomic influences that contribute to disease. Formulation of specific anesthesia management of patients tailored to multiple pathological disease states. Prereq: NUNA 682. Offered: Fall.

NUNA 690 Nurse Anesthesia Principles I (3)

Investigates principles of physics including gas laws, fluid dynamics, thermal principles, and mechanisms of vaporization; principles of monitoring including all monitoring modalities used in practice of anesthesia, with emphasis on application involved with specialty procedures and pathological states. Anesthesia machine components focus on function, operation, and troubleshooting of an anesthesia machine. Simulation allows the integration and application of knowledge of theory into evidence-based practice. Offered: Spring.

NUNA 691 Nurse Anesthesia Principles II (3)

Principles and theories of anesthesia practice including basic and advanced airway management, basic and advanced airway equipment and accessories. Formulation of specific anesthesia management plans and post-operative management customizing anesthesia technique based on patient pathological state, and specific surgery or procedure, post-anesthetic evaluation, premedication, equipment use and requirements, principles of fluid management, positioning, infection control, monitoring, and perioperative complications. Prereq: NUNA 690. Offered: Summer.

NUNA 692 Nurse Anesthesia Principles III (3)

Focuses on anesthetic care related to major surgical specialties with emphasis on laparoscopic, trauma/burns, out-patient, remote-site, orthopedic, neurosurgical, ENT, thoracic, cardiovascular, urologic, transplant, congenital disorders and plastic procedures. Also included are principles of anesthetic management of patients across the lifespan. Prereq: NUNA 691. Offered: Fall.

NUNA 693 Obstetric and Regional Anesthesia (4)

Emphasizes techniques for labor analgesia and operative delivery and regional anesthesia. Obstetric topics include changes in anatomy and physiology during pregnancy, changes in pharmacokinetics and dynamics, and the maternal-fetal interface. Regional anesthesia encompasses the principles and techniques involved in anesthesia and analgesia of a portion of the body. Offered: Fall.

NUNA 700 Theory and Philosophy of Nursing Practice (3)

Study of philosophy of science and its relationship to the philosophy of nursing as the basis for the highest level of nursing practice. Theory development is explored from the perspective of nursing science, ethics, and the biophysical, psychosocial, analytical, and organizational sciences, and is related to its application in effecting change in health care, administration, and education. Selected metaparadigms and theories from scientific disciplines are analyzed and applied to advanced nursing practice. Cross-listed with NURG 700. Prereq: Admission to the D.N.P. Program. Offered: Fall and Summer.

NUNA 701 Methods for Evidence-Based Practice (3)

Study of critical analysis and utilization of research evidence to improve health care outcomes, advance the nursing profession, and effect health care policy. Emphasis is on the transformation of research knowledge into nursing practice through planned change processes and includes an in depth study of the steps involved in implementing evidence-based practice. Activities are designed to facilitate development of the DNP project. Cross-listed with NURG 701. Prereqs: Admission to the D.N.P. Program; NUNA 700. Prereq/Co-req: NUNA 702. Offered: Summer.

NUNA 702 Biostatistics (3)

Study of descriptive and inferential biostatistical concepts with an emphasis on univariate, bivariate, and multivariate quantitative statistical methods utilized in the hypothesis testing process as well as statistics relevant to understanding reliability and validity measures, key epidemiological concepts, and meta-analysis reports. These concepts are necessary to appraise nursing research for discovering best evidence for practice. Cross-listed with NURG 702. Prereq: Admission to the D.N.P. Program. Offered: Summer.

NUNA 703 Information Systems and Technology (3)

Exploration of information systems technology and patient care technology for the provision and/or transformation of health care. Students will evaluate the design and application of selected information systems used to achieve program outcomes and quality improvement initiatives, as well as to support practice, the effectiveness of clinical and administrative decision-making, and the appropriateness of consumer health information. When evaluating information system technology and patient care technology, students will apply knowledge of standards and principles related to ethical, regulatory, and legal issues. Cross-listed with NURG 703. Prereq: Admission to the D.N.P. Program. Offered: Fall.

NUNA 704 Policy for Population Health (3)

By evaluating health and epidemiological data, policy, systems and related variables impacting health, students will analyze the interdependence of the significant issues influencing the development of health policy and the delivery of health care. Students will educate and advocate for effective, efficient, and equitable policies within healthcare arenas. Cross-listed with NURG 704. Prereqs: Admission to the D.N.P. Program; NUNA 700, 701, 702. Offered: Fall.

NUNA 705 Leadership, Economics, and Quality (3)

Leadership attributes and responsibilities are explored in relation to health policy, ethical practice, collaboration, economic considerations, and quality in health care organizations. Selected concepts in health care leadership are investigated to prepare advanced practice nurses to improve quality within the health care system. Cross-listed with NURG 705. Prereq: Admission to the D.N.P. Program. Offered: Fall and Spring.

NUNA 750 Nurse Anesthesia Seminar I (2)

Focuses on cognitive and practical application in the areas of pre-anesthetic assessment, formulating a safe and effective anesthetic plan, post-anesthetic evaluation of care, and evidence based practice. Provides an opportunity to discuss issues surrounding the graduate students' clinical experiences, inconsistencies in evidence and clinical practice, and adjustment to the clinical anesthesia environment. Development of the DNP project proposal continues. Co-req: NUNA 790. Offered: Spring.

NUNA 751 Nurse Anesthesia Seminar II (2)

Focuses on evidenced based practice and clinical problem solving including simulation. Explores issues such as résumé development, quality assurance, informed consent, wellness, interprofessional collaboration, and legal/ethical issues related to anesthesia practice. Co-req: NUNA 791. Prereq: NUNA 750. Offered: Summer.

NUNA 752 Nurse Anesthesia Seminar III (3)

Focuses on personal and professional aspects of anesthesia conduct. Discussions include wellness, chemical dependency, practice development, professional association membership, leadership, legal and malpractice issues, standards of care, quality improvement processes, and activities and reimbursement within anesthesia. Additionally, a series of exams are administered with the goal of assisting in preparation for the National Certification Exam. Co-req: NUNA 792. Prereq: NUNA 751. Offered: Fall.

NUNA 753 Nurse Anesthesia Seminar IV (3)

Refining care/case evaluation skills, utilizing evidence-based practice information and journal club presentations. Transition to the professional role with demonstration of competencies met. Testing for certification examination competency. Co-req: NUNA 793. Prereq: NUNA 752. Offered: Spring.

NUNA 760 DNP Project I (2)

Focuses on identification of topic and development of a plan for completing the D.N.P. capstone project. Under the direction of two faculty members, students formulate a plan to solve a problem and/or contribute to the advancement of the nursing profession through evidence-based practice. May be repeated for maximum of 8 credits. Grading is pass/fail. Cross-listed with NURG 760. Prereqs: NUNA 701 and NUNA 702. Offered: Fall, Spring, and Summer.

NUNA 761 DNP Project II (2)

Focuses on implementation and presentation of the D.N.P. capstone project designed to improve health care outcomes. Students critique the clinical projects of classmates. Working independently under the direction of two faculty members, students culminate the program of study as they present their capstone projects. May be repeated for maximum of 8 credits. Grading is pass/fail. Cross-listed with NURG 761. Prereq: NUNA 760. Offered: Fall, Spring, and Summer.

NUNA 790 Nurse Anesthesia Clinical Practicum I (7)

Represents the first of four clinical courses designed to provide operating room experience for application of theoretical principles of anesthesia management to clinical practice. The emphasis of this course is on pre-anesthetic assessment, equipment utilization, use of anesthetic drugs, and airway management. Grading is pass/fail. Co-req: NUNA 750. Offered: Spring.

NUNA 791 Nurse Anesthesia Clinical Practicum II (7)

Represents the second of four clinical courses designed to provide operating room experience for application of theoretical principles of anesthesia management to clinical practice. The emphasis of this course is on advanced application of anesthesia principles and techniques in assessment, anesthetic management, and technical skills across the lifespan. Additional emphasis is on administration of anesthesia in urgent and emergent situations in obstetrics, pediatrics, cardiovascular, and neurosurgical procedures. In addition, it is designed to integrate advanced theoretical knowledge into a broader range of clinical situations with effective speed, accuracy, and consistency. Grading is pass/fail. Co-req: NUNA 751. Prereq: NUNA 790. Offered: Summer.

NUNA 792 Nurse Anesthesia Clinical Practicum III (7)

Represents the third of four clinical courses designed to provide operating room experience for application of theoretical principles of anesthesia management to clinical practice. The emphasis is on management of high acuity patients and more complex procedures, while demonstrating substantial progress toward self-direction and independence in clinical practice. Grading is pass/fail. Co-req: NUNA 752. Prereq: NUNA 791. Offered: Fall.

NUNA 793 Nurse Anesthesia Clinical Practicum IV (7)

Represents the fourth of four clinical courses designed to provide operating room experience for application of theoretical principles of anesthesia management to clinical practice. Emphasizes completion of all clinical requirements of the Department of Nurse Anesthesia, IMSON, and the Council on Accreditation of Nurse Anesthesia Educational Programs, which would qualify the graduate for certification by the NBCRNA and for advanced practice license by the Alabama Board of Nursing, or the graduate's chosen state of practice. Grading is pass/fail. Co-req: NUNA 753. Prereq: NUNA 792. Offered: Spring.

History

The McWhorter School of Pharmacy of Samford University was established January 31, 1927, in Birmingham, Alabama as the Howard College Department of Pharmacy. The Department grew steadily and became the Division of Pharmacy in 1938. Designation as the Samford University School of Pharmacy occurred in 1965 when Howard College reorganized to become Samford University. In 1995, Samford University Trustees authorized naming the school the McWhorter School of Pharmacy in recognition of the generous support of alumnus R. Clayton McWhorter ('55) and his family. In 2012, the School celebrated its 85th year of operation.

Vision and Mission

The vision of the pharmacy school is to prepare pharmacists who transform lives.

The pharmacy school supports the Joint Commission of Pharmacy Practitioners (JCPP) statement of a unified vision for the future of pharmacy practice that states that "Pharmacists will be the health care professionals responsible for providing patient care that ensures optimal medication therapy outcomes."

The mission of the Samford University McWhorter School of Pharmacy is to nurture and prepare persons within a Christian environment to be exemplary pharmacists and to improve health worldwide through innovative pharmacy practice, scholarship, and service.

Curriculum Outcome

A doctor of pharmacy graduate from the McWhorter School of Pharmacy is one who is prepared to:

- Render exemplary pharmaceutical care
- Succeed in a postgraduate training or degree program
- Pursue life-long learning
- Advance the practice and profession of pharmacy

McWhorter School of Pharmacy Values

Christian Faith

We value Christian faith, which encompasses:

- Supporting the Christian mission of the university
- Encouraging the exploration of calling in one's professional and personal life
- Creating an environment that fosters community and acceptance
- Providing opportunities for shaping one's own spiritual formation

Discovery

We value discovery, which encompasses:

- Acquiring knowledge relating to pharmacy and medication therapy
- Applying knowledge to better patients' health and lives
- Engaging in teaching and learning that challenges and enlightens
- Conducting research that contributes to the body of knowledge relating to pharmacy and medication therapy
- Fostering creativity and inquisitiveness

Patient Health

We value patient health, which encompasses:

- Caring for the individual patient as well as the population
- Cultivating patient-centered approach to healthcare
- Exhibiting compassionate care for the whole person
- Promoting patient wellness and preventative care
- Advancing pharmacists' role in the healthcare team
- Advocating use of the most effective healing methods
- Promoting optimal medication use
- Improving care for the underserved

Tradition

We value tradition, which encompasses:

- Providing rigorous academic inquiry in a Christian setting
- Promoting distinction in practice that spans generations of pharmacists since our founding in 1927
- Pursuing excellence in teaching and learning while engaging in quality scholarship and excellence in practice
- Producing accomplished student and alumni leaders in the pharmacy profession and in local communities
- Establishing collaboration with local, national, and international partners
- Recruiting and retaining highly credentialed and qualified faculty

Relationships

We value relationships, which encompass:

- Cultivating caring and respectful faculty-student interactions
- Maintaining involvement with alumni
- Encouraging student connectedness
- Providing a community environment for employees
- Appreciating and supporting external constituents

Achievement

We value achievement, which encompasses:

- Striving for excellence in teaching, learning, service, practice, and scholarship
- Cultivating an environment that encourages personal growth and development
- Maintaining continuous school accreditation through ACPE since our first site visit in 1940
- Graduating pharmacists who consistently exceed national averages on licensure exams
- Promoting life-long learning and an attitude of service to others and the profession

Professionalism

We value professionalism, which encompasses:

- Demonstrating personal integrity
- Accepting responsibility for the quality of individual practice
- Practicing with a commitment to service
- Serving the needs of both the patient and profession
- Exhibiting continuously the ethical, moral, and legal principles of our profession
- Participating in pharmacy organizations to advance the profession

Ability-Based Outcomes

- **Professionalism:** The candidate will exhibit behaviors and values consistent with the trust given to the profession of pharmacy and actively and effectively engage as a healthcare team member.
- **Communication:** The candidate will model effective communication through use of verbal, written, visual, and kinesthetic media.
- **Self-Directed Learning:** The candidate will develop and actively maintain depth and breadth of knowledge in biomedical, pharmaceutical, social, behavioral, administrative, and clinical sciences.
- **Patient-Centered Care:** The candidate will provide optimal, patient-centered pharmaceutical care by designing prevention, intervention, and educational strategies for common disease states to improve health and wellness for individuals and communities.
- **Resource Management:** The candidate will link business applications and clinical practices to manage human, financial, technological, and physical resources effectively and to optimize the safety and efficacy of medication use systems.
- **Evidence-Based Practice:** The candidate will demonstrate competency in using drug information skills to promote evidence-based practice.
- **Critical Thinking:** The candidate will effectively evaluate information and critically think through issues in order to exercise appropriate judgment and provide appropriate solutions to drug-related problems.
- **Leadership:** The candidate will take responsibility for the continual improvement and advancement of the profession of pharmacy.
- **Interprofessionalism:** The candidate will engage with other health care providers to learn the role of other disciplines in providing patient care and to contribute to the health care team.

Accreditation

The McWhorter School of Pharmacy is accredited by the Accreditation Council for Pharmacy Education, 20 North Clark Street, Suite 2500, Chicago, IL, 60602, telephone (312) 664-3575. Web address: www.acpe-accredit.org.

Academic Program and Requirements

Degrees/Majors

Doctor of Pharmacy (Pharm.D.)

Bachelor of Science (B.S.)

Pharmacy Studies

Non-Degree/Pre-Professional Majors

Pre-Pharmacy Curriculum for Samford Students

Pre-Pharmacy Curriculum for Transfer Students

Coordinated Degrees/Programs

Doctor of Pharmacy/Master of Business Administration (Pharm.D./M.B.A.)

Doctor of Pharmacy/Master of Public Health (Pharm.D./M.P.H.)

Doctor of Pharmacy with Graduate Business Minor (Pharm.D.)

Transfer

A student enrolled in another ACPE-accredited college/school of pharmacy may request a transfer into the McWhorter School of Pharmacy (MSOP). Because of the highly integrated nature of the MSOP curriculum, it may not be possible to grant credit for prior coursework completed in another ACPE-accredited professional program. The decision will be determined on a case-by-case basis. Any student requesting to transfer into MSOP must complete the MSOP admission process. The student is required to submit the following to the MSOP associate dean for academic affairs: Official transcript from the current college/school of pharmacy; current college/school of pharmacy curriculum from current catalog or first academic year enrolled; syllabus and learning objectives for each pharmacy course completed; two letters of reference from the current college/school of pharmacy, in which one letter has to be from the academic dean; and any other materials requested by MSOP admissions or deans.

Admission Policies

For the most up-to-date information on admissions policies, please visit our website at <http://www.samford.edu/pharmacy>.

All communications regarding admission should be directed to the director of pharmacy admissions in the McWhorter School of Pharmacy (MSOP). Applications are considered on a competitive basis by the MSOP Admissions Committee. The committee meets regularly beginning in September and notifies applicants as decisions are made. No student can be considered for admission to the program until 16 semester credits of prerequisite math and science coursework and 32 credits of total coursework have been completed. Applicants must be currently enrolled in or have satisfactorily completed the first course in organic chemistry by the fall semester of the current application cycle to be considered for admission.

Time limit on science prerequisite coursework

Applicants who have earned a bachelor's degree or higher may use a math and/or science prerequisite if the date of the pharmacy application is submitted within five years from the posting of the latest degree. Applicants who have not earned a bachelor's degree may use a math and/or science prerequisite if that coursework was completed within five years of the submission of the pharmacy application. For all applicants, there is no time limit on any non-math or non-science prerequisite coursework. An appeal process is available for math and science prerequisites that fall outside the five-year window of completion.

Criteria for being eligible to interview are published on our website: www.samford.edu/pharmacy.

Applicants who are international students, or American citizens who learned English as a second language, must demonstrate satisfactory written and verbal communication skills in English as a part of the admissions process.

For an applicant to be considered for admission, a PharmCAS application must be submitted by **March 1**. This deadline may be extended if the entering class is not filled. To make application to the MSOP, the applicant must complete the national online application at www.PharmCAS.org. References are processed through PharmCAS. Official transcripts, essay, and PCAT scores are sent to PharmCAS and then forwarded to every pharmacy school the applicant designates. The PCAT and ACT or SAT scores are required.

The ACT/SAT score should be uploaded directly into PharmCAS. Waiver of the ACT/SAT is granted to the applicant who took the ACT/SAT more than 12 years

ago, or has English as the applicant's second language and the applicant did not attend high school in the U.S. An interview on campus at the applicant's expense is required for applicants invited for admission consideration.

Initial decisions regarding admission are made by May 15. Students may be accepted from a rank-ordered alternate list approved for admission after this date if previously accepted students decline the opportunity to enter the program. Students who are notified of acceptance to the pharmacy school must return a deposit within a specified period of time to reserve a place in the class. The deposit is not refundable but will apply toward tuition for the first semester in residence.

Students who have been accepted by the MSOP may be denied admission just prior to or at the time of matriculation for: (1) failure to submit final transcripts of all college work completed at another institution, (2) a significant drop in grade point average, (3) failure to meet any academic stipulations set forth in the letter of acceptance, and/or (4) proven behavior that is not well-suited for the responsibilities and privileges embodied in the practice of pharmacy.

After notification of admission to the pharmacy school, students are expected to learn medical terminology on a self-study basis and be prepared for a proficiency examination at the start of the fall semester.

Notice to ADA Students

Samford University complies with applicable provisions of the Rehabilitation Act and the Americans with Disabilities Act. Students with disabilities who seek disability accommodations should contact Disability Resources located in room 205 of the University Center, or call (205) 726-2980. A faculty member will grant reasonable accommodations only upon written notification from Disability Resources.

Pre-Pharmacy Curriculum

The doctor of pharmacy degree at Samford University requires a minimum of six years of college work consistent with the standards set by the Accreditation Council for Pharmacy Education (ACPE). Candidates have the option of enrolling in Samford University for the entire program or completing the pre-pharmacy studies elsewhere and then completing the professional curriculum at Samford. Pre-pharmacy courses equivalent to those listed in the program table may be completed at any accredited junior college, community college, college, or university. Students entering Samford University as freshmen and enrolling in the pre-pharmacy program must follow the Samford pre-pharmacy curriculum, which includes the core curriculum courses unique to Samford University. Students enrolling at other institutions and expecting to transfer to the MSOP should complete the pre-pharmacy curriculum for transfer students. Pre-pharmacy students at other institutions are encouraged to work closely with the pre-pharmacy or health sciences advisor to assure the courses they take are consistent with the pre-pharmacy curriculum. Students are encouraged to contact the director of pharmacy admissions at the MSOP for answers to specific questions at (205) 726-2982 or (205) 726-4242. It is the student's responsibility to satisfy all prerequisite coursework requirements.

The pre-pharmacy curriculum includes courses in the arts, humanities, and sciences in order to provide students with a well-rounded liberal arts education. All pre-pharmacy courses must be completed prior to entry into the MSOP. Applicants holding a B.S. or B.A. degree and who have completed all mathematics and science requirements in the pre-pharmacy curriculum shall only be required to satisfy the speech and statistics requirement.

An incoming freshman must have a minimum ACT (or SAT equivalent) score of 22 to be eligible to declare pre-pharmacy as his/her chosen field of study. An incoming freshman with an ACT (or SAT equivalent) score below 22 may request a change of major into pre-pharmacy if he/she has an overall GPA and math/science GPA of 3.00 or higher after two (2) semesters of coursework completed here at Samford. Applicants are welcome to visit the school while their applications are under consideration.

Veterans, students over 30 years of age, and students with physical disabilities may petition for special consideration concerning physical education requirements. You may also refer to the Transfer Guide from our website at <http://pharmacy.samford.edu>.

A student from an ACPE-accredited college/school of pharmacy may request a transfer into the MSOP. Because of the highly integrated nature of the MSOP curriculum, it may not be possible to grant credit for prior coursework. Please contact the associate dean for academic affairs (205-726-2526) for further information.

Samford University offers a select group of incoming freshmen, who enter Samford directly from high school, an opportunity to participate in the Early

Assurance Program. After a minimum of two years of pre-pharmacy coursework, students selected for this program have the opportunity to earn a Doctor of Pharmacy (Pharm.D.) degree at Samford, provided they meet the following requirements. The entering requirements are: enroll in Samford as a freshman; and must have a minimum 26 ACT and a 3.50 GPA (high school) at time of application. The student also has to achieve these benchmarks once enrolled at Samford: hold a 3.00 overall and math/science GPA at the time of application to the McWhorter School of Pharmacy; achieve a minimum PCAT composite in the 50th percentile; complete all University core and science courses at Samford*; complete a pre-pharmacy specific Foundations (FOUN) 102 course while enrolled in the pre-pharmacy program; complete a successful interview (that results in approval of admission by the admission committee); complete all prerequisite courses in two (2) academic years.*

*Waivers may be considered on a case-by-case basis for exceptional circumstances.

Technical Standards for Admission to MSOP

In order to comply and proceed with the mission of MSOP, noted earlier in this section, technical standards for admission are a necessity, which ensures the education of pharmacists who facilitate competent patient care and professional services in all facets of healthcare. Students admitted to MSOP must possess the intellectual, emotional, and physical abilities, with reasonable accommodations as needed for those with disabilities, to acquire the knowledge, behaviors, and skills needed to complete the curriculum. These standards are essential to ensure the competencies of graduates of MSOP. Each applicant to MSOP will be assessed in the academic and technical standards set forth by the admissions committee, notwithstanding reasonable accommodations, prior to matriculation.

The doctor of pharmacy (Pharm.D.) degree identifies persons who have completed the curriculum necessary to perform the functions of a pharmacist; thus, graduates must convey and demonstrate abilities to preserve the safety and protection of public interests. Moreover, applicants for the Pharm.D. degree must be able, with or without reasonable accommodations, to perform specific essential functions that the faculty deem requisite for the practice of pharmacy. These functions fall into several categories including: communication, physical abilities, conceptual, interpretative, quantitative, behavioral, and social skills. Applicants must also have the physical and emotional stamina to perform in a competent manner in practice settings that involve heavy workloads and/or stressful stimuli. Furthermore, MSOP has determined that those individuals currently impaired by alcohol or substance abuse cannot meet the technical standards.

I. Communication: Candidates must be able to speak, hear, and observe patients in a practice setting. They must be able to record information accurately and clearly, speak fluent English, and communicate effectively and sensitively with patients. Candidates must also be able to communicate effectively—and accurately—with other members of the healthcare team in oral and written form, and in patient care settings in which decisions based upon those communications must be made rapidly. Students must also be able to both receive and deliver all necessary communication in an accurate, timely, and easily understood manner.

II. Physical Abilities: Candidates must possess sufficient visual, auditory, tactile and motor abilities to allow them to gather data from written and electronic reference material, from oral presentations, by observing demonstrations and experiments, by studying various types of medical illustrations, by observing a patient and his/her environment, by observing clinical procedures performed by others, by reading digital or analog representations of physiologic phenomena, and by performing basic physical examination techniques on a patient. Candidates must have sufficient physical function to elicit information from patients by palpation, auscultation, percussion and other diagnostic maneuvers necessary to assess a patient. Candidates must have the physical ability and manual dexterity to compound sterile and non-sterile products in an environment and manner compliant with existing regulations.

III. Interpretative, Conceptual, and Quantitative: Candidates must have effective and efficient learning techniques and habits that allow mastery of the complex curriculum. They must be able to learn through a variety of modalities including, but not limited to, classroom instruction, small group activities, individual study, preparation and presentation of reports, and use of computer technology. They must be able to measure, calculate, reason, analyze, synthesize, transcribe verbal messages accurately, and interpret written prescriptions accurately. Candidates must possess physical, emotional, and interpretative skills to complete examination and assessment requirements of the program in compliance

with the curricular schedule. Candidates must possess like skills to be able to fully assess a patient with regard to physical status, patient communication, and behavior plus patient outward presentation which might be indicative of the patient's status. Candidates must be able to read, comprehend and respond to serial information related to a medical situation or patient.

IV. Behavioral, Social and Emotional Attributes: Candidates must understand the legal and ethical aspects of the practice of pharmacy and function within the guidelines established by the law and by the ethical standards of the pharmacy profession. They must be able to relate to patients and their families, colleagues, and other members of the healthcare team with courtesy, maturity, and respect for the dignity of individuals. This requires that they place the welfare of their patients foremost, and demonstrate honesty, integrity, dedication, compassion and nondiscrimination in the care of their patients. Candidates must, at all times, demonstrate the emotional stability to be able to exercise good judgment, and carry out prompt completion of all responsibilities attendant to the care of their patients in a sensitive and effective manner. This sensitivity includes self-examination of personal attitudes, perceptions, and stereotypes in order to avoid potential negative impact on relationships and patient care. Applicants must be of sufficient emotional health to adapt to changing environments, display flexibility and professional responsibility to their patients, and learn to function in an environment of uncertainty, in which changes may occur rapidly and without warning. Candidates must have sufficient emotional health to perform to standard in all experiential settings and in all acceptable teaching practices. An individual with a diagnosed disability may function as a pharmacy student as long as the above technical standards are fulfilled.

V. Stamina: The study and ongoing practice of pharmacy may involve taxing workloads and stressful situations. A pharmacy student must have the physical and emotional stamina to maintain a high level of function in the face of such working conditions. In the event of a deteriorating behavioral, social or emotional function, it is essential that a pharmacy student be willing to engage in dialogue with MSOP officials as soon as there is evidence that the student is not meeting the technical standards.

A pharmacy student whose actions or decisions pose a danger to self, patients and/or colleagues will not be allowed to continue in the program unless the student agrees to accept professional help under conditions acceptable to MSOP.

Applicants are advised to contact the board of pharmacy of the states in which they intend to practice to be aware of any technical standards of those states which might restrict options to practice pharmacy.

Required Health Data

All MSOP students are required to have health insurance and must register their current health insurance or enroll in the health insurance offered to Samford students within two weeks of the first day of class. Information about the registration of insurance or enrollment in the insurance offered to Samford University students is sent by postcard from the health insurance company to students each academic year by the Office of Risk Management. Deadlines for enrollment or registration of current insurance coverage (referred to as a "waive") are set by Samford University. Once the deadline is passed any students not taking action (active enrollment or registration of current insurance) will be automatically enrolled in the plan offered to Samford University students. At that point, charges for the insurance are non-refundable. Students must also be able to provide proof of insurance on demand during any experiential course if requested by the experiential education site.

All pharmacy students accepted into the program will receive an e-mail notifying them of how to download a McWhorter School of Pharmacy Health Form and Immunization Record. Both forms must be completed and a copy of both forms uploaded to the credentialing Website maintained by Employment Screening Services (ESS) by the deadline provided. ESS will communicate with all incoming first-year students via e-mail during the spring semester prior to the student's enrollment in the upcoming fall semester. Physical exams for newly admitted students must be conducted within four months of the first day of classes in the P1 year, must be performed by a physician or mid-level provider (nurse practitioner or physician's assistant), and can only be submitted on the form provided. Tuberculin screening must be performed within the three months prior to enrollment and also submitted on the Immunization Record Form. Immunization history should be comprehensive and follow the requirements for students enrolled in the College of Health Sciences. Failure to submit both documents to ESS by their deadline, to therefore be available to University Health Services for review within two weeks of the first day of class, will result in a \$150 fine and a registration hold on the stu-

dent's record. Students who fail to upload the required documentation on the ESS Website by the deadline will be unable to begin required experiential coursework and will jeopardize their enrollment in the MSOP.

On an annual basis, documentation of a current physical exam, tuberculin screening, and seasonal flu vaccination must be provided throughout enrollment in pharmacy school. Documentation of the physical exam and tuberculin screening must be submitted on the official College of Health Sciences form, available through the Samford website.

The MSOP has the following additional specific requirements related to immunizations and health screenings:

- **Tetanus Diphtheria Pertussis (Tdap)** – All students are required to be immunized with adult Tdap vaccine due to the risk of transmitting pertussis. Only one dose of Tdap is required as an adult to provide protection from pertussis. Based upon guidelines from the Centers for Disease Control and Prevention for receipt of adult Tdap vaccine, even if you have received a tetanus antigen-containing vaccine (e.g. Td) within the past 10 years, you are required to receive the Tdap vaccine at this time. However, if it has been greater than 10 years since you received the Tdap vaccine you are required to provide documentation that you have received a tetanus booster (Td). Students who provide medical documentation from a physician of current uncontrolled seizure disorders are exempt from this requirement.
- **Measles, Mumps, Rubella (MMR)** – All students born on or after January 1, 1957 must provide documentation of either a) written documentation of two (2) live measles-antigen containing vaccines given no less than one month apart, and on or after the first birthday, or b) written documentation of immunity by blood test (titer) demonstrating protective antibody levels to measles, mumps, and rubella.
- **Tuberculosis (TB) Screening** – All P1 students must provide written evidence of two-step TB skin test within the past twelve (12) months of their first day of class (after the initial TB skin test another TB skin test will be performed within one [1] to three [3] weeks). If the second TB skin test is positive, an Interferon Gamma Release Assay (IGRA) test may be conducted to rule out a "false positive" and the test results provided as documentation. If the TB skin test is determined to be positive (10mm or greater), a letter from a physician must be submitted which addresses the health status of the student and includes a baseline chest x-ray report. For those students with a previously negative two-step TB skin test, a one-step TB skin test is required annually throughout the Pharm.D. program. International students with documentation of receipt of tuberculosis vaccine (Bacillus Calmette-Guérin, or BCG Vaccine) must provide a letter from a physician documenting that a chest x-ray and appropriate follow-up has been completed.
- **Hepatitis B** – All students must provide proof of immunity by quantitative blood titer or documentation of completed series of vaccinations. For those students who must begin the series, the first dose must be administered prior to the first week of class attendance. Completion of the full series is required by April 1 of the spring semester of the first year (P1).
- **Varicella (Chickenpox)** – All students must provide documentation of two doses of vaccine at least 4 weeks (28 days) apart. The first dose must be administered prior to the second week of class attendance. Documentation of immunity by blood test (titer) or documentation of disease (month/year) by physician is acceptable in lieu of vaccine administration dates.
- **Flu Vaccinations** – These are required on an annual basis. Students receive an e-mail in late summer with details about when new vaccines will be available. Documentation is due by October 1.
- **Random Urine Drug Screening** – All students enrolled in the MSOP will be subject to random drug urine screening until graduation from the program. The current policies and procedures for random urine drug screening are available in the *Pharmacy Student Handbook*. All fees associated with random urine drug screening are the sole responsibility of the student.
- **Criminal Background Checks** – All students are required to complete a criminal background check as part of the admissions process and periodically during their training. Criminal violations or failure to submit to background checks required by the experiential office may prevent enrollment in or result in suspension from the MSOP. All fees associated with criminal background checks are the sole responsibility of the student. Criminal background check "rechecks" will be conducted during the spring, prior to enrollment in PHRX 401 and prior to the P4 year.

- **Health Insurance Portability & Accountability Act (HIPAA) Training** – All students enrolled in the MSOP will be required to complete an online training program for protection of patient-sensitive health information as required by HIPAA. Students will be notified on the first day of class of the details for completion of this training, and will be given two weeks from the first day of class to complete this training. Failure to do so will result in being unable to complete required experiential courses and will jeopardize enrollment in the MSOP.
- **OSHA Training** – All students enrolled in the MSOP will be required to complete an online training program for prevention of exposure to blood-borne pathogens as required by the Occupational Safety and Health Administration (OSHA). This training must be renewed annually throughout the time enrolled in the MSOP.
- **CPR Training** – CPR training must be kept current the entire time while enrolled in pharmacy school beginning in the P2 year. CPR training is received at the MSOP during the spring of the P1 and P3 years and is valid for two (2) years. At the end of this time the student is responsible for recertification. Each student is responsible for providing the active certification to the experiential program office prior to the P4 year.

Tuition and Financial Aid

Students may apply for federal and private financial aid through the University's financial aid office. The MSOP has additional but limited funds available for loans and scholarships. A number of pharmacy scholarships are available and awarded on the basis of both merit and need. Applications for all MSOP scholarships are available in the spring.

Students who wish to take non-PHRX courses (undergraduate or graduate) during the academic year will be required to pay the undergraduate or graduate rate upon enrollment. This fee will be in addition to the normal pharmacy tuition. Students will not be allowed to take courses that interfere with pharmacy coursework.

Student Athletes and ROTC Candidates

The MSOP will cooperate with student athletes and ROTC candidates to accommodate class scheduling to the fullest extent possible. The MSOP cannot, however, alter its program schedule for these students and the pharmacy school schedule takes precedence with any scheduling conflicts.

Pre-Pharmacy Curriculum for Samford Students* Required Courses	Course Credits	Total Required Credits
Fall Semester I		17
CHEM 205 Foundations of Chemistry	4	
CHEM 206 Foundations of Chemistry Laboratory	1	
MATH 150 Precalculus	4	
UCCA 101 Communication Arts I	4	
UCCP 101 Cultural Perspectives I	4

Liberal Arts		12
Sociology <i>or</i> Psychology	3	
Other Liberal Arts †	9	
Physical Activity		2
Physical activity course <i>or</i> Health and Wellness/Prevention course	2	
Total Required Credits		67-70

* For students transferring more than 30 hours/credits, a religion course is not required. However, religion course credit may be applied to the liberal arts requirement.

**A prerequisite course may be required by most colleges.

*** Some schools offer only three hours of credit.

† The remaining credits may be chosen from political science, history, English literature, foreign languages, philosophy, psychology, sociology, geography, economics, and religion.

Pharmacy Studies Major (B.S.)

The bachelor of science in pharmacy studies is designed to provide doctor of pharmacy (Pharm.D.) students the opportunity to pursue other degree programs during or after completing the Pharm.D. degree. All pharmacy students completing the entire second year of the professional Pharm.D. program will be awarded this degree (regardless of graduating from the Pharm.D. program or other bachelor degree programs). A student must complete the University Convocation credit requirements to be eligible to receive this degree. Please refer to samford.edu/spiritual-life/convocation for more information. All students are expected to participate in the commencement activities. Please note that this bachelor's degree alone does not qualify a person to take the North American Pharmacist Licensure Examination (NAPLEX).

Total Required Credits		133-137

* Students will complete a one-week, 40-hour rotation during May or the first week of June.

Professional Pharmacy Curriculum

Our curriculum is designed to provide practical and innovative educational experiences for our students. The name of our curriculum describes this endeavor: **"Coordinated Topics with Integrated Applications: A Patient-Centered Approach Focusing on Drug-Related Problems and Pharmacy Applications."** One of our goals is to coordinate and integrate material for students to apply their knowledge.

As an overview, there are 145 total credit hours in this professional program. The first three years combine classroom instruction with direct patient interaction. The Introductory Pharmacy Practice Experiences occurring almost every semester during these years are planned to augment learning that takes place through coursework as well as offer opportunities for students to put their knowledge to practical use to help patients. The fourth year includes Advanced Pharmacy Practice Experiences in addition to a culminating project to provide students with a variety of environments in which to synthesize and apply their educational preparation.

As a means to coordinate and integrate content, the Integrated Pharmacy Applications course each semester will link information both across courses in a given semester as well as between years in the curriculum. Students enrolled in the same courses will have opportunities to see how content from these various classes can benefit patients. Additionally, students in all four years will meet together periodically to discuss aspects of patient care that reflect their particular knowledge levels. This horizontally and vertically integrated approach is intended to make learning interesting and relevant for our students.

Another method of integrating course content and documenting accomplishments and outcomes is the compilation of the student portfolio. All students are required to complete their own portfolio according to the instructions and information provided to them by the school of pharmacy. Also, the portfolio is read by designated faculty and feedback and advice are provided to the students.

Delivery of Curriculum

The Department of Pharmacy Practice is comprised of approximately 28 full-time faculty, three adjunct faculty, four post-graduate residents, seven and a half staff support personnel, and nearly 770 external affiliate faculty preceptors. The department is responsible for executing the practice-oriented components of the curriculum, including courses in drug information, pharmacotherapy, self-care, preparation for patient care, integrated pharmacy applications, population health, disease prevention and health promotion, numerous specialty elective courses, as well as IPPE and APPE coursework. The department is home to the Center for Healthcare Innovation and Patient Outcomes and Research (CHIPOR), the school's Experiential Program, Post-Graduate Programs in Pharmacy Practice (e.g. residencies and fellowships), the school's International/Global Engagement Initiatives, and the school's Continuing Education and Technician Training Programs. Furthermore, the department, in cooperation with numerous practice partners, carries out a rigorous program of clinical outcomes research, comparative effectiveness research, and educational research designed to improve medication use and enhance student learning.

The Department of Pharmaceutical, Social and Administrative Sciences (PSAS) is comprised of approximately 15 faculty, four adjunct faculty, and three staff. Faculty in the PSAS department deliver a wide variety of classroom-based and lab-based courses within the pharmacy curriculum. The biomedical sciences courses such as Cellular and Molecular Biochemistry, Pathophysiology, Pharmaceutics, Pharmacokinetics, and the integrated Pharmaceutical Sciences (Pharmacology and Medicinal Chemistry) lay the foundation for making rational decisions in the provision of medication therapy management. The social and administrative sciences aspect of this department addresses areas such as the patient care system, population health, financial management, ethics in Christianity and health care, human resources management, and pharmacy law. There is one social or administrative sciences course in each of the six didactic semesters to promote the building of knowledge in this area as students move through the curriculum. Laboratory instruction, such as sterile and non-sterile pharmaceutical compounding, is also delivered by faculty within the PSAS department. A broad range of research areas within the department exist, including cystic fibrosis, topical and ophthalmic drug delivery, antitumor immunotherapy, pharmaceutical analysis, drug metabolism, diabetes, pharmaceutical and patient care outcomes, ethical and moral reasoning, and pedagogical research. Many opportunities exist throughout the four-year Pharm.D. program for students to work closely with a PSAS faculty member on a research project. Additionally, many PSAS faculty provide experiential education opportunities for our students.

In addition to teaching, the MSOP faculty serves the School and University as advisors to professional, social, and honorary organizations encouraging student involvement in those organizations and developing professionalism and leadership among the students. The faculty exemplify leadership and professionalism through service in leadership roles in professional and scientific organizations. Furthermore, the faculty are engaged in a number of scholarly activities including research, writing, presentation, and publication.

The professional pharmacy curriculum is designed to impart in students the knowledge, skills, and attitudes essential for the practice of pharmacy today, as well as in the future. The doctor of pharmacy degree is a professional degree that requires basic educational preparation essential to provide patient-centered care and perform managerial functions.

The MSOP uses active learning (AL) concepts in its courses, with the percentage of time devoted to AL dependent upon the adaptability of the course material to these learning methods. Students in each professional year are divided into groups of four to nine students, and group work is periodically assigned. The percentage of the final grade for the course from group work is clearly stated in the syllabus for each course.

The professional curriculum includes 96 semester credits of didactic and laboratory instruction and approximately 49 semester credits (1900 contact hours) of experiential training in various practice settings. All required courses in the professional curriculum are to be completed at Samford University. Students may not receive an exemption waiver for a MSOP course based upon coursework completed at a non-ACPE-accredited program.

The professional curriculum requires 40 credits of Advanced Pharmacy Practice Experiences (APPE), beginning in mid-May or immediately following the successful completion of all required coursework prior to the fourth professional year in the pharmacy curriculum. Eight (8) APPEs must be completed by all students, including PHRX 601 (Primary/Ambulatory Care I), PHRX 620 (General Medicine I), PHRX 650 (Community Pharmacy I), PHRX 660 (Institutional Health Systems I), and four additional PHRX 600-level APPE courses. Students will be allowed to provide input into their preferences for non-specified PHRX 600-level APPE courses; however, the director of experiential programs will have the final say in which specific courses the student will be registered based upon site availability and academic needs.

The maximum load for a pharmacy student is 21 semester hours. Full-time status is granted for students taking 10 semester hours. If, for compelling reasons, a student is enrolled in less than 10 semester hours, the university will classify the student as part-time. A student taking less than 10 hours during the fall or spring semester will pay tuition at the hourly rate specified in the Financial Information section of this catalog.

The professional pharmacy curriculum of the MSOP follows the pharmacy calendar listed in this section of the catalog. The School incorporates January in its spring semester. Therefore, students enrolled in the professional pharmacy curriculum cannot take courses offered in the University's Jan Term. Furthermore, the first semester of the fourth professional year begins mid-May. Consequently, students enrolled in the last year of the professional curriculum cannot take courses offered during the summer terms at Samford (unless enrolled in one of the dual-track Pharm.D. programs), or another university, unless approved by the associate dean for academic affairs.

All incoming students are required to have their own personal laptop to use for various learning and teaching activities throughout the curriculum. The laptop must meet the minimum specifications, which will be provided to the students by the MSOP Admissions Department in advance of the beginning of the first semester of the first year (i.e., with the acceptance notification). Tablets and mobile phones do not meet the laptop requirement.

Academic Policies

The following policies for students are also published in the McWhorter School of Pharmacy (MSOP) Student Handbook. Additional academic policies addressing Introductory Pharmacy Practice Experience (IPPE) and Advanced Pharmacy Practice Experience (APPE) courses are published in the master syllabus and program requirements for Introductory and Advanced Practice Experiential Courses.

1. In order to receive a degree, candidates must satisfy all requirements of the MSOP and other applicable requirements of Samford University. A student must successfully complete the entire prescribed curriculum within six academic years from the original date of matriculation, and have a final cumulative GPA of at least 2.00 in order to be eligible for the degree. A student's academic standing is monitored by the associate dean of academic affairs and the

Academic Standards and Progression Committee. The associate dean advises any student who experiences academic difficulty. However, it is the responsibility of the individual student to ensure that all requirements have been met.

2. Satisfactory academic progress is required of all students to remain in the pharmacy school. Academic standing is determined by the GPA and/or the number of failed courses. MSOP students must pass all prerequisite and co-requisite courses to proceed in the curriculum. The prerequisite of all courses in the upcoming term is the successful completion of all required courses in the current term. Therefore, if a student fails a required course, the student will not take any required MSOP courses until the failed MSOP course is offered again. Students must complete all courses in the PHRX 300-500 level and achieve at least a cumulative 2.00 GPA in the professional curriculum before entering the APPE courses in the fourth professional year. If the student does not achieve the minimum GPA, the student will be withdrawn from the program and is not eligible for re-admission.
3. Unless otherwise stated in the course syllabus, grades are assigned by instructors in the school according to the following scale:

92-100 = A	88-89 = B+	78-79 = C+	67-69 = D
90-91 = A-	82-87 = B	70-77 = C	< 67 = F
	80-81 = B		

Only grades earned in PHRX courses are used to calculate the professional GPA. The MSOP does not "round" the GPA. Other letter grades that may be assigned and the quality point system utilized by the University are described in the current University Catalog.

4. A student may not repeat a pharmacy course unless there is a failure in the course. Both the failing course grade(s) and repeat course grade(s) are used to calculate the professional GPA. The minimum passing grade of "C" is required in IPPE and APPE courses, and the minimum passing grade in all other pharmacy coursework is a "D". All required coursework must be completed at the MSOP. Availability of courses is limited to that published in the University Catalog and offered during the specified semesters.
5. A student who fails a single course or whose cumulative professional GPA is below 2.00 in any academic term will be placed on academic probation. If academic probation is the result of failed coursework, then the student is cautioned that additional failed coursework will result in dismissal from the pharmacy school, either by academic suspension or expulsion, as delineated below. If academic probation is the result of the GPA being less than 2.00, then the student is cautioned that failure to achieve and maintain a cumulative GPA of at least 2.00 at the end of the remaining academic terms will result in academic suspension.
6. A student who fails two courses or whose cumulative GPA is below 2.00 for any two academic terms as a full-time student will be suspended, which results in suspension from the pharmacy school. A student on academic suspension must apply in writing to the Academic Standards and Progression Committee (the "Committee") for readmission. The letter requesting readmission should explain the reasons for his/her academic difficulty and what measures have been taken to ensure his/her ability to succeed academically. A student file encompassing academic and behavioral performance will be reviewed by the Committee. Additional information may be requested by the Committee. Should readmission be denied, that decision is not subject to review by the Committee or the associate dean for academic affairs. Should readmission be granted, the student shall be cautioned that further unsatisfactory academic performance may result in permanent dismissal from the pharmacy school. The Committee may require that a current criminal background check on the former student requesting readmission be completed at the former student's expense. If academic suspension was the result of failed coursework, a student who is granted readmission shall be cautioned that future failed coursework will result in permanent dismissal from the pharmacy school. If academic suspension was the result of a GPA less than 2.00, a student who is granted readmission shall achieve and maintain a cumulative GPA of at least 2.00 at the end of all remaining academic terms or be subject to permanent dismissal from the pharmacy school.
7. A student who fails three or more courses or who fails the same course twice or whose cumulative GPA falls below 2.00 for any three full-time academic terms, either sequential or non-sequential, will be dismissed, which results in permanent dismissal from the pharmacy school. Dismissal from the pharma-

cy school is without recourse. Dismissed pharmacy students desiring to remain at Samford University will become subject to University policies on academic progression and retention.

8. Since the level of a student's academic difficulty, i.e., academic probation, suspension, and expulsion may be determined by the quantity of failed coursework, multiple failed courses in a given academic term may preclude the need for academic probation or suspension. In any regard, Samford University rules on continued enrollment at the University prevail.
9. The school has the right to implement assessments that evaluate student learning and curricular effectiveness. This may be in the form of formative and/or summative evaluations. Students may be required to complete assessments (each semester and/or yearly) that gauge student knowledge and/or skills. Successful completion of the assessments may be required to proceed into the next academic semester and/or year.
10. Students are held accountable to the Academic Eligibility for Participation in Activities Policy. Refer to the MSOP Student Handbook for the details of this policy.
11. Students must adhere to the Code of Ethical/Professional Conduct, as well as plagiarism and copyright laws, as outlined in the MSOP Student Handbook and the University Catalog. Failure to do so can result in consequences that range from a verbal reprimand to expulsion from the academic program and university. This decision is made by the pharmacy school's Student Affairs Committee and/or the University Values Council.
12. Students enrolled at Samford University or other accredited institutions can not audit courses in the pharmacy curriculum.

Resources

World Wide Web – Students are invited to visit the McWhorter School of Pharmacy website for additional information regarding faculty, admissions, curriculum and other useful student information. Students may also visit the Samford University main website (www.samford.edu) for additional university information such as campus life, admissions, financial aid, and many other useful topics.

CHIPOR – The Center for Healthcare Innovation and Patient Outcomes and Research (CHIPOR) serves as a resource center, an advisory source for practitioners, and an information retrieval center for students, faculty, and practitioners. In addition to a variety of journals, books, and other printed materials, major pharmaceutical and medical databases and many electronic reference materials are available. The University's Davis Library also provides online reference services.

Student Computer Facilities – The MSOP is equipped with computers that contain various drug information databases for course work and research. Wireless computer access is available in the MSOP and across the University. The University also has several computer labs on campus.

Coordinated Degree Programs

MSOP students may be eligible to also be enrolled in the master of business administration (M.B.A.), or master of public health (M.P.H.), or graduate business minor programs, which are offered by schools within Samford University. Pharmacy students must apply and meet the admission criteria of the coordinated program. In addition, students must adhere to the academic policies and standards of the coordinated program. Selected coordinated program courses can count towards the MSOP didactic elective course requirement. Students enrolled in either coordinated program are still allowed to enroll in MSOP didactic elective courses. Only PHRX courses count towards the student cumulative GPA. MSOP full-time students are not eligible to be enrolled in courses of either coordinated program during the first-year fall and spring semesters. For more information regarding either of these coordinated programs, please contact the MSOP associate dean for academic affairs.

Doctor of Pharmacy Required Courses - Summary-All Years	Total Required Credits
Year I, Total Required Credits	36
Year II, Total Required Credits	32-34
Year III, Total Required Credits	34-36
Year IV, Total Required Credits	41
Total Required Credits for All Years	145

Note: See table at right for a detailed curriculum.

PHRX 450-499 Didactic Elective***	2	
Year III, Total Required Credits		34-36
Year IV, May-April****		
Required Adv Pharm Practice Experiences (APPE)		20
PHRX 601 Primary/Ambulatory Care I	5	
PHRX 620 General Medicine I	5	
PHRX 650 Community Pharmacy I	5	
PHRX 660 Institutional Health Systems I	5	
Selective (1)/Elective (3) APPE		20
One 600-level Selective APPE	5	
Three 600-level Elective APPEs	15	
Professional Seminar		1
PHRX 600 Capstone Project II	1	
Year IV, Total Required Credits		41
Total Required Credits		145

* Students will complete a one-week, 40-hour rotation during May or the first week of June.

** Students are required to complete a two-week, 80-hour rotation that begins during one of three rotation blocks: mid-May, late May, or mid-August.

*** Students must complete a total of 4 credits of electives (two, 2-cred electives) during two of the following semester options: Year II Spring, Year III Fall, Year III Spring.

**** Students are required to take eight (8) APPEs in nine possible time periods during the fourth year.

NOTE: Professional Seminar is completed from mid-May through December. The course grade will be assigned at the end of the fall semester.

Advanced Pharmacy Practice Experiences (APPE)

Enrollment in 600-level APPE courses is based on availability of training sites and preceptors for each course. Successful completion of all coursework prior to the fourth professional year in the pharmacy curriculum is a prerequisite for all 600-level courses. Refer to the Experiential Manual for additional information.

Course Number/Name	Credit Hrs

Courses

PHARMACY

PHRX 301, 302, and 303 Introductory Pharmacy Practice Experience (IPPE) I-II-III (1 each course)

Three-course sequence designed to complement, within a pharmacy practice setting, the academic content in the first professional year didactic courses. Each sequence is slightly more involved as a foundational experience in the practice of pharmacy and serves as preparation for the Advanced Pharmacy Practice Experiences in the fourth professional year. Offered: Fall (301); Spring (302) and Summer (303).

PHRX 305 Introduction to Pharmaceutical Sciences (4)

Introduction to the core concepts underlying pharmacology, pharmacokinetics, pharmacogenomics, and medicinal chemistry. Includes the basic pharmaceutical properties of various classes of antibiotics and their use in the treatment of infectious diseases. Topics covered serve as foundation for the Pharmaceutical Sciences course sequence in subsequent years of the curriculum. Offered: Spring.

Professional Electives

The doctor of pharmacy curriculum requires two, 2-credit electives (for a total of 4 credits) to be completed during two of the following semester options: Year II Spring, Year III Fall, Year III Spring. Didactic electives may be selected from the courses listed below, provided prerequisites are fulfilled. Courses taken prior to enrollment in the McWhorter School of Pharmacy cannot be counted toward elective requirements in the professional curriculum. Completion of the spring semester in the first professional year is a prerequisite for electives.

Course Number/Name	Credit Hrs
PHRX 450 Contemporary Topics in Pharmacy	2-3
PHRX 451 Geriatric Pharmacy	2
PHRX 452 Independent Pharmacy Ownership	2
PHRX 453 Radiopharmaceuticals	2
PHRX 454 Journal Club	2
PHRX 455 Therapeutic Immunology	2
PHRX 456 Managed Care Pharmacy	2
PHRX 458 Current Topics in Pediatric Pharmacotherapy	2
PHRX 459 Chemical Dependency in Health Care Professionals	2
PHRX 460 Research	2
PHRX 461 Latin American Culture for Pharmacy Practice	2
PHRX 462 Current Topics in Toxicology	2
PHRX 463 Complementary and Alternative Medicine	2
PHRX 465 Drug Discovery and Development	2
PHRX 466 Mental Illness and Treatment in the Movies	2
PHRX 467 Exploring Medical Missions	2
PHRX 468 Applied Medical Missions	2
PHRX 470 Pharmacy and Healthcare in Great Britain	2
PHRX 472 Medication Use in the 15th and 16th Century	2
PHRX 473 Advanced Topics in Extemporaneous Compounding	2
PHRX 475 Bioanalytical Techniques in Pharmaceutical Analysis	2
PHRX 478 Women's Health: A Focus on Select Gynecologic & Obstetric Disorders	2

PHRX 306 Cellular and Molecular Biochemistry (4)

Topics addressed include DNA/RNA/protein structure and synthesis, signal transduction pathways, gene regulation, organelle function and regulation, enzyme kinetics, energy catalysis, and bacterial/viral biology. Foundation for understanding the cellular and biochemical actions of drugs. Offered: Fall.

PHRX 307 Foundations of Drug Information (1)

Introduction to various drug information resources commonly used in the practice of pharmacy. The different types of research and database searching skills also are included. Afternoon lab sessions are mandatory to learn these resources and practice these skills. Concepts applied will be reinforced throughout the curriculum. Offered: Fall.

PHRX 308 and 309 Physiologic Basis of Disease I-II (4 each course)

Two-course sequence addresses the basics of physiologic processes in the body as they relate to various diseases. Provides basis for the Pharmaceutical Sciences and Pharmacotherapy courses in subsequent years of the program. Offered: Fall (308); Spring (309).

PHRX 312 Institutional Practice and Sterile Products (2)

Introduction to institutional/hospital pharmacy practice that specifically addresses the compounding of sterile products. Includes medication ordering and dispensing systems, patient medical charts, interprofessional interactions, and pharmacy-specific patient care activities. Students also learn the theory of sterile compounding and aseptic technique, and discuss USP 797 regulations for a sterile compounding environment, special procedures, and quality control as well as a review of state pharmacy regulations. In addition, this course addresses sterile compounding of hazardous drugs, USP 800 use of relevant references, applicable calculations, and production of total parenteral nutrition mixtures in addition to parenteral administration and equipment. Offered: Spring.

PHRX 313 Pharmaceutics I (4)

Integration of pharmaceutical calculations with biopharmaceutics and technologies related to drug delivery systems and pharmaceutical dosage forms. Topics include weights and measures, proper prescription interpretation, concentrations, conversions, dosing, and mathematics of various dosage forms integrated with drug stability, solubility, dissolution, storage, delivery systems, and extemporaneous compounding. Offered: Fall.

PHRX 314 Pharmaceutics II (3)

Continuation of Pharmaceutics I addressing biopharmaceutics and technologies related to drug delivery systems and pharmaceutical dosage forms. Specific topics include drug delivery systems, administration techniques, routes of administration, and extemporaneous compounding. Offered: Spring.

PHRX 315 Introduction to Patient Care Systems (2)

Introduction to the "big picture" of health care in this country. Aspects of patient care addressed include societal, financial, legal, and governmental influences. The pharmacist's role emphasized as students begin to understand the opportunities and responsibilities of taking care of patients. Assessment of current level of professionalism in pharmacy education. Offered: Fall.

PHRX 316 Population Health (3)

Encompasses communication with patients, health care professionals, and insurers including Medicare, Medicaid, and managed care. Introduction of broad concepts related to Medication Therapy Management, pharmacoepidemiology, pharmacoeconomics, public health, health care outcomes, health literacy and education, and cultural competence as they relate to the pharmacist as a change agent. Offered: Spring.

PHRX 320 and 321 Integrated Pharmacy Applications (IPA) I-II (1 each course)

Designed to integrate content within the first professional year as well as between years in the curriculum. Involves a combination of learning strategies such as labs and case discussions to augment student learning. Foundational content integrating students' knowledge of pharmacy courses completed in the first academic year. Offered: Fall (320); Spring (321).

PHRX 401 Introductory Pharmacy Practice Experiences (IPPE) IV (2)

Designed to complement, within a pharmacy practice setting, the academic content in the second professional year didactic courses. Provides deeper insights into patient care and serves as preparation for the Advanced Pharmacy Practice Experiences in the fourth professional year. Offered: Summer.

PHRX 403, 404, 503 and 504 Pharmacotherapy I-II-III-IV (4 each course)

Four-course sequence designed to examine the clinical use of medications in the management of acute and chronic disease. These courses explore approaches to pharmacotherapy that are evidence-based, patient-centered, and outcomes-oriented. Offered: Fall (403 and 503); Spring (404 and 504).

PHRX 405, 406, and 505 Pharmaceutical Sciences I-II-III (4 each course)

Three-course sequence developed to provide an understanding of the pharmacological and chemical properties of individual agents and various drug classes. These properties include mechanism of action, pharmacokinetics, indications, adverse effects, drug interactions, dosage forms, and contraindications. Designed to apply understanding of pharmaceutical sciences to make rational decisions in the management of medication therapy. Topics covered in Pharmaceutical Sciences will serve as the foundation for the treatment of disease states outlined in the Pharmacotherapy course sequence. Offered: Fall (405 and 505); Spring (406).

PHRX 407 Biopharmaceutics/Pharmacokinetics (4)

Encompasses foundational aspects of biopharmaceutics and pharmacokinetics. Designed to gain an understanding of the mathematical modeling of drug absorption, distribution, metabolism, and excretion. Addresses the impact of the dosage regimen and drug formulation on the ensuing therapeutic drug plasma concentrations. Offered: Fall.

PHRX 410 and 510 Patient Self-Care and Monitoring I-II (3 and 2 respectively)

Two-course sequence designed to prepare the pharmacist to effectively assist patients in making self-care decisions. Particular emphasis given to the therapeutic use and monitoring of non-prescription medications and dietary supplements. Offered: Spring (410); Fall (510).

PHRX 415 Financial Management (3)

Addresses concepts related to the fiscal management of pharmacy services at the systems, pharmacy, and patient level in various practice settings. Emphasizes decision-making related to the evaluation, procurement, and utilization of financial resources in order to maximize the value of the organization and to optimize patient care. Offered: Fall.

PHRX 416 Ethics in Christianity and Health Care (2)

Based around six character traits of ethical persons. Provides various biblical and health care perspectives on each of these traits by both faculty and students. Lectures are supplemented by small-group discussions during which current ethical issues and viable options are addressed. Reflects on the individual's moral character. Facilitated by faculty trained in pharmacy, nursing, and religion. Offered: Spring.

PHRX 420 and 421 Integrated Pharmacy Applications (IPA) III-IV (1 each course)

Designed to integrate content within the second professional year as well as between years in the curriculum. Built on the previous Integrated Pharmacy Applications courses (PHRX 320 and 321) and involves a combination of learning strategies such as labs and case discussions to augment student learning. More in-depth progression of content to integrate students' knowledge of all pharmacy courses in the second professional year. Offered: Fall (420); Spring (421).

PHRX 500 Introduction to Capstone Project (1)

Designed to provide the student with the opportunity to demonstrate a general knowledge of (1) the fundamentals of research, (2) how to develop a capstone project, (3) ways to collect appropriate data based on the project, (4) how to write and prepare a manuscript, possibly for publication, (5) ways to present project results in an appropriate and professional manner, (6) how to communicate effectively with various audiences, and (7) the appropriate forms for the IRB approval process. Offered: Fall.

PHRX 501 Introductory Pharmacy Practice Experiences (IPPE) V (2)

First in a two-course sequence designed to complement the academic content in the third professional year didactic courses. Involves more complex patient care situations and serves as preparation for the Advanced Pharmacy Practice Experiences in the fourth professional year. Prereq: Completion of second professional year or permission of course coordinator. Offered: Fall.

PHRX 502 Introductory Pharmacy Practice Experiences (IPPE) VI (2)

Active learning course designed to complement the academic content in the third professional year didactic courses. Involves more complex patient care situations and serves as preparation for the Advanced Pharmacy Practice Experiences in the fourth professional year. Offered: Spring.

PHRX 513 Preparation for Patient Care (4)

Designed to provide students with skills and information necessary to fulfill roles as patient care providers and self-directed learners during the Advanced Pharmacy Practice Experiences. Students will learn to assess a patient, present assessments to other health care professionals, and refine other clinical skills to optimize patient care. Offered: Spring.

PHRX 515 Human Resource Management (3)

Designed to equip students with essential personnel management and leadership skills necessary for practice in various pharmacy settings. Offered: Fall.

PHRX 516 Pharmacy Law (3)

Presents legal basis of pharmacy practice through examination of federal and state laws, administrative laws, and regulations. Other topics will include court decisions dealing with drug manufacturing and distribution, professional liability, and handling of medicinals, poisons, and controlled substances. Offered: Spring.

PHRX 527 Drug Literature Evaluation (2)

Provides students with the tools and skills for appropriately evaluating literature concerning drug therapy. The basics of this evaluation will be delivered in the Pharmacotherapy I course so that students have some background regarding this discipline at the beginning of that course sequence. Offered: Spring.

PHRX 550 Capstone Project I (1)

Building on knowledge and skills learned in Introduction to Capstone Project, this independent study course will enable a student to work with a faculty facilitator to design a capstone project. The student will be expected to demonstrate acceptable professional written communication skills. The capstone project will involve the basic, clinical, educational, social, or administrative sciences in an area related to the field of pharmacy. Topics may include original research or a different project related to: 1) education, 2) clinical specialty practice, 3) program or tool evaluation, 4) health care finance, 5) evidence-based practice, or 6) another area, with faculty approval. Grading is pass/fail. Offered: Spring.

PHRX 600 Capstone Project II (1)

Building on progress made in Capstone Project I, this independent study course will promote critical thinking as the student will be expected to demonstrate acceptable professional written and verbal communication skills. These skills will be assessed through completion and presentation of a capstone project in the basic, clinical, educational, social, or administrative sciences in an area related to the field of pharmacy. Topics may include original research or a different project related to: 1) education, 2) clinical specialty practice, 3) program or tool evaluation, 4) health care finance, 5) evidence-based practice, or 6) another area, with faculty approval. Offered: Fall.

PHRX 601 Primary/Ambulatory Care I (5)

Required APPE designed to grant experience in providing clinical pharmacy services to ambulatory patients in a community pharmacy setting and/or selected outpatients of a general medicine/family practice ambulatory care service. Offered: Fall and Spring.

PHRX 602 Primary/Ambulatory Care II (5)

APPE designed to provide in-depth experiences in the provision of clinical pharmacy services to ambulatory patients in a community pharmacy setting and/or selected in-patients of a general medicine/family practice ambulatory care service. Prereq: PHRX 601. Offered: Fall and Spring.

PHRX 610 Drug Information I (5)

Selective APPE designed to enhance knowledge and skills in preparing for the pharmacist's role as a pharmacotherapy advisor and consultant. Offered: Fall and Spring.

PHRX 611 Drug Information II (5)

Elective APPE providing the student with an opportunity to develop knowledge and skills in the operation of a Drug Information Center, formulary programs, DUE/DUR, managed care, continuous quality improvement, and antibiotic management programs. Prereq: PHRX 610. Offered: Fall and Spring.

PHRX 612 Poison Information/Toxicology (5)

Elective APPE providing the student with an opportunity to enhance knowledge and skills in assessing and managing drug-induced toxicity and poisoning. Offered: Fall and Spring.

PHRX 620 General Medicine I (5)

First in a three-course sequence designed to enhance knowledge and skills used when providing clinical pharmacy services to adult populations. Offered: Fall and Spring.

PHRX 621 General Medicine II (5)

Selective course, second in a three-course sequence designed to enhance knowledge and skills used when providing clinical pharmacy services to adult populations. Prereq: PHRX 620. Offered: Fall and Spring.

PHRX 622 General Medicine III (5)

Elective course, third in a three-course sequence designed to enhance knowledge and skills used when providing clinical pharmacy services to adult populations. Prereq: PHRX 621. Offered: Fall and Spring.

PHRX 623 Geriatric Pharmacy I (5)

Selective APPE providing the student with an opportunity to develop knowledge and skills in serving the unique drug therapy needs of a geriatric population. Offered: Fall and Spring.

PHRX 624 Geriatric Pharmacy II (5)

Elective APPE providing the student with an opportunity to enhance skills in the application of pharmaceutical knowledge to geriatric patients. Prereq: PHRX 623. Offered: Fall and Spring.

PHRX 625 Pediatric Pharmacy I (5)

Selective APPE providing the student with an opportunity to develop knowledge and skills in serving the unique drug therapy needs of a pediatric population. Offered: Fall and Spring.

PHRX 626 Pediatric Pharmacy II (5)

Elective APPE providing the student with an opportunity to enhance skills in the application of pharmaceutical knowledge to pediatric patients. Prereq: PHRX 625. Offered: Fall and Spring.

PHRX 627 Neonatology (5)

Selective APPE designed to provide the student with basic skills and the knowledge base needed to provide pharmaceutical care to the neonate. Offered: Fall and Spring.

PHRX 628 Psychiatric Pharmacy (5)

Selective APPE that provides the opportunity to enhance knowledge and skills in the delivery of pharmaceutical care in the psychiatric setting. Offered: Fall and Spring.

PHRX 629 Cardiology (5)

Selective APPE designed to enhance knowledge and skills in caring for patients with cardiovascular disease. Offered: Fall and Spring.

PHRX 630 Hematology and Oncology (5)

Selective APPE that will expose students to the care of patients with hematologic and oncologic diseases. Offered: Fall and Spring.

PHRX 631 Neurology (5)

Selective APPE designed to enhance knowledge and skills in providing clinical pharmacy services to patients with neurologic diseases. Offered: Fall and Spring.

PHRX 632 Nephrology (5)

Selective APPE designed to provide the student an opportunity to gain experience and skills in the provision of pharmaceutical care to adult patients with renal disease. Offered: Fall and Spring.

PHRX 633 Metabolic Support (5)

Selective APPE providing the student an opportunity to enhance fundamental knowledge in the provision of metabolic (nutritional) support through parenteral and enteral routes. Offered: Fall and Spring.

PHRX 634 Infectious Disease (5)

Selective APPE designed to enhance knowledge and skills in providing clinical pharmacy services to patients with infectious diseases. Offered: Fall and Spring.

PHRX 635 Cardiac Critical Care (5)

Selective APPE designed to enhance knowledge and skills in providing clinical pharmacy services to critically ill adult populations with cardiac diseases. Offered: Fall and Spring.

PHRX 636 Surgical Critical Care (5)

Selective APPE designed to enhance knowledge and skills in providing clinical pharmacy services to critically ill adult populations in a surgical unit. Offered: Fall and Spring.

PHRX 637 Medical Critical Care (5)

Selective APPE designed to enhance knowledge and skills in providing clinical pharmacy services to critically ill adult populations. Offered: Fall and Spring.

PHRX 650 Community Pharmacy I (5)

Required APPE focusing on development of clinical and managerial skills in a community pharmacy/ambulatory care setting. Offered: Fall and Spring.

PHRX 651 Community Pharmacy II (5)

Elective APPE designed to enhance knowledge and managerial skills in providing clinical pharmacy services to patients in a community pharmacy. Offered: Fall and Spring.

PHRX 652 Community Pharmacy III (5)

Elective APPE designed to further enhance knowledge and managerial skills in providing clinical pharmacy services to patients in a community pharmacy. Prereq: PHRX 651. Offered: Fall and Spring.

PHRX 660 Institutional Health Systems I (5)

Required APPE focusing on development of knowledge and skills in institutional pharmacy management and application of such systems in various practice environments. Offered: Fall and Spring.

PHRX 661 Institutional Health Systems II (5)

Elective APPE designed to enhance knowledge and skills in institutional pharmacy management and application of such systems in various practice environments. Prereq: PHRX 660. Offered: Fall and Spring.

PHRX 670 Home Infusion Therapy (5)

Elective APPE designed to provide experience in preparing intravenous preparations including chemotherapy, antimicrobials, and total parenteral nutrition. Students will also provide drug information, patient counseling, and in some cases, visit patients in the home. Offered: Fall and Spring.

PHRX 671 Nuclear Pharmacy (5)

Elective APPE providing the student with the opportunity to expand knowledge and skills in the area of radiopharmaceuticals. Offered: Fall and Spring.

PHRX 672 Managed Care Pharmacy (5)

Elective APPE designed to provide the opportunity to enhance knowledge and skills in managed care pharmacy. Offered: Fall and Spring.

PHRX 673 Pharmacy Management (5)

Elective APPE designed to enhance knowledge and skills in pharmacy management including such topics as financial planning and analysis, budgeting, pricing, capital investment, inventory control, organizational design, personnel development and administration, and legal aspects of pharmacy management. Offered: Fall and Spring.

PHRX 674 Association Management (5)

Elective APPE focusing on development of knowledge, skills, and attitudes necessary for professional association management. Experiences provided include budgeting, publication coordination, membership activities, legislative activities, and meeting planning. Offered: Fall and Spring.

PHRX 676 Specialty Pharmacy (5)

Elective APPE designed to provide the student with the opportunity to develop knowledge of the management of specialty pharmaceuticals and their use in a variety of patient care environments. Offered: Fall and Spring.

PHRX 677 Pharmacy Research (5)

Elective APPE that provides the opportunity to enhance knowledge and skills in planning and conducting research. Students will be introduced to research design, protocol development, regulatory requirements, data collection, and data analysis. Offered: Fall and Spring.

PHRX 678 International Pharmacy I (5)

Elective APPE designed to provide the student with an opportunity to develop knowledge and patient care skills in an international setting. Prereqs: Minimum pharmacy GPA of 3.00; no grades of D or F in required pharmacy coursework; good academic standing. Offered: Fall and Spring.

PHRX 679 International Pharmacy II (5)

Elective APPE designed to provide the student with an opportunity to develop advanced knowledge and patient care skills in an international setting. Prereqs: Minimum pharmacy GPA of 3.00; no grades of D or F in required pharmacy coursework; good academic standing. Offered: Fall or Spring.

PHRX 680 Academic Pharmacy I (5)

Elective APPE designed to develop knowledge and skills in various aspects of academic pharmacy. Students will have the opportunity to be exposed to and participate in faculty teaching, service, and scholarship. Prereqs: Minimum pharmacy GPA of 3.00; no grades of D or F in required pharmacy coursework; good academic standing. Offered: Fall and Spring.

PHRX 681 Academic Pharmacy II (5)

Elective APPE designed to develop knowledge and skills in the various aspects of academic pharmacy. Students will have the opportunity to be exposed to and participate in faculty teaching, service, and scholarship, with a more-in-depth exploration of the subject matter. Prereqs: PHRX 680. Minimum pharmacy GPA of 3.00; no grades of D or F in pharmacy coursework; good academic standing. Offered: Fall and Spring.

PHARMACY ELECTIVES**PHRX 450 Contemporary Topics in Pharmacy (2-3)**

Encompasses contemporary topics of interest in the pharmacy profession. Multiple or single topics may be considered. May be repeated for a maximum of 6 credits. Offered: Fall or Spring.

PHRX 451 Geriatric Pharmacy (2)

This elective prepares pharmacy students to practice in a pharmaceutical care setting which includes the elderly population. Emphasis on geriatric pharmacotherapy and the special needs of the older patient/resident. Prereq: Completion of P2 Spring curriculum. Offered: Spring.

PHRX 452 Independent Pharmacy Ownership (2)

Project-oriented elective that focuses on the fundamentals of entrepreneurial opportunities in pharmacy. Participants will work in groups with existing independent pharmacy owners to write business plans and explore ownership concepts in a real world environment. Business ownership concepts are explored in a seminar format. Consideration is given to the pros and cons of choosing an existing practice versus establishing a new practice. Prereq: PHRX 415. Offered: Fall.

PHRX 453 Radiopharmaceuticals (2)

Introduces radiopharmaceuticals and the practice of nuclear pharmacy. Consideration is given to the properties, methods of measurement and detection, preparation, storage, administration, and diagnostic and therapeutic applications of radioactive pharmaceuticals. Offered: Fall or Spring.

PHRX 454 Journal Club (2)

This elective is designed for students to further enhance their skill at evaluating and critiquing randomized, controlled clinical trials. Selected trials will be thoroughly assessed to identify strengths and limitations plus determine appropriate application into practice. Prereq: PHRX 403. Offered: Spring.

PHRX 455 Therapeutic Immunology (2)

This elective provides an overview of new and emerging therapies derived from the study of immunology as a basic science. Emphasis is placed on immunotherapy of cancer. Evaluation of the ever-increasing immunotherapies available to the pharmacist. Prereqs: Completion of P2 Fall curriculum. Offered: Spring.

PHRX 456 Managed Care Pharmacy (2)

This elective explores the fundamental knowledge and skills needed in the delivery of pharmaceutical care in a managed health care environment, primarily serving ambulatory patients. Emphasis on drug benefit management from a fiscal and clinical perspective. Offered: Spring.

PHRX 458 Current Topics in Pediatric Pharmacotherapy (2)

This elective provides an overview of pediatric pharmacotherapy with a focus on treatment and therapeutic monitoring of common pediatric diseases. A course fee (\$30) will be charged to students enrolled in this elective. Prereq: Completion of second professional year or permission of course coordinator. Offered: Fall.

PHRX 459 Chemical Dependency in Health Care Professionals (2)

Through participation in class-directed activities, students will study the field of addiction and examine multiple aspects of the disease of chemical dependency. Emphasis will be directed at the impact of addiction on health care professionals. Offered: Fall.

PHRX 460 Research (2)

Applies literature and laboratory techniques, or other methods of scientific investigation, to pharmaceutical problems. Students choose to study and investigate a suitable problem with faculty in either department in the McWhorter School of Pharmacy. Prereqs: Completion of P2 Fall curriculum and a professional GPA of at least 2.50. Offered: Fall or Spring.

PHRX 461 Latin American Culture for Pharmacy Practice (2)

Introduction to Latin American culture in relation to the health care profession and a review of Spanish phrases, as well as understanding the social, emotional, and cultural needs of the Latin American patient population. Prereq: Completion of P2 Spring curriculum. Offered: Spring.

PHRX 462 Current Topics in Toxicology (2)

Covers common biologic, chemical, and drug poisonings. Learn signs and symptoms, mechanisms of action, and toxicokinetics of various toxicants. Highlights "state of the science" treatment modalities. Includes site visit to local poison control center. Prereqs: Completion of the P2 Spring curriculum or consent of course coordinator. Offered: Spring.

PHRX 463 Complementary and Alternative Medicine (2)

This elective provides pharmacy students with more specific education regarding herbal/natural products and other practices of complementary and alternative medicine. Prereq: Successful completion of all P1 courses. Offered: Spring.

PHRX 465 Drug Discovery and Development (2)

This elective is designed to provide pharmacy students with more in-depth training and understanding of the process of drug discovery and development and about related careers in the pharmaceutical industry. Prereq: Successful completion of all P1 courses. Offered: Spring.

PHRX 466 Mental Illness and Treatment in the Movies (2)

This elective is designed to evaluate the description and treatment of mental illness as portrayed in the movies. The class will be divided into groups and each group will present one movie. The groups will focus on specific movie scenes that address the disease in terms of symptomatology, effects on the characters' lives, attitudes of friends/family, portrayal of health care workers, treatment, etc. Prereq: Successful completion of all P1 courses. Offered: Spring.

PHRX 467 Exploring Medical Missions (2)

An introduction to medical missions aimed at understanding the need to provide medical care among the world's underserved communities, the roles and responsibilities of various healthcare providers, and how to serve Jesus Christ by providing spiritual and physical healthcare with an emphasis on global healthcare. This course will be aimed at understanding the social, emotional, and cultural needs of specific patient populations and providing patient care, medicine, and spiritual guidance to the less fortunate. Students in any degree program in the College of Health Sciences may enroll in this interprofessional course (in cross-listed courses under other prefixes). Prereq for Pharmacy students: Successful completion of all P1 courses. Offered: Spring.

PHRX 468 Applied Medical Missions (2)

This elective allows students who desire to serve on an international healthcare mission team to explore more deeply their service on a team and their future in short-term medical missions. Students must be pre-approved for enrollment in the course by the instructor-of-record (IOR) and must participate in an international healthcare mission trip; as well as complete assigned reflective writings, readings, and post-trip discussion sessions. Students enrolled in the course are permitted to drop the course until the first day of the scheduled mission trip; thereafter, the student is not permitted to drop the course. Prereq: Successful completion of all P1 courses. Offered: Fall and Spring.

PHRX 470 Pharmacy and Healthcare in Great Britain (2)

Provides students with the opportunity to learn about the role of the pharmacist in the health care system of Great Britain. In addition to preparatory meetings at the McWhorter School of Pharmacy prior to the trip, the course requires international travel to the Samford University Study Centre in London, England (or other housing in London) and travel within Great Britain. It also involves local travel within London to multiple health care, cultural, and historical sites. Limited to a minimum of eighteen (18) and maximum of twenty-four (24) enrolled students and additional course fees apply. Prereqs: Completion of P1 curriculum; professional GPA above 2.00; no active university values violations. Offered: Spring.

PHRX 472 Medication Use in the 15th and 16th Century (2)

This elective is designed to provide the student with an overview of common disease states and treatments during the 15th and 16th centuries. The course will compare and contrast prevalence and treatment of common disease states of that period with modern day prevalence and treatment. Considerations will be given to social/cultural aspects of the period which may have influenced the use of medications in Western civilizations. Prereq: Successful completion of all P1 courses. Offered: Spring.

PHRX 473 Advanced Topics in Extemporaneous Compounding (2)

This elective explores advanced topics related to non-sterile and sterile extemporaneous compounding through a case-based approach. Topics include compounding techniques, regulations, and requirements; as well as pharmacy business models. Compounding laboratory sessions will simulate real-world scenarios in preparing and dispensing compounded products. A course fee (up to \$50) will be charged to students enrolled in this elective. Prereq: Successful completion of all P1 courses. Offered: Spring.

PHRX 475 Bioanalytical Techniques in Pharmaceutical Analysis (2)

This elective consists of a lecture and laboratory portion that applies analytical and bioanalytical methodologies to the qualitative and quantitative analysis of pharmaceutical compounds, their biological effects, and their metabolic stability in formulations and biological tissues and fluids. Theory and application of advanced techniques used in pharmaceutical analysis, including mass spectrometry, spectrophotometry, liquid chromatography, electrophoresis and immunochemistry are covered. Students will gain hands-on experience with these techniques as well as develop critical thinking skills in the ordering, processing and analyzing of data necessary for pharmaceutical analysis. Prereq: Successful completion of all P1 courses. Offered: Spring.

PHRX 478 Women's Health: A Focus on Select Gynecologic & Obstetric Disorders (2)

This elective is designed to provide an overview of gynecologic and obstetric disorders. Emphasis will be placed on medication therapy used for these disorders (e.g., PCOS, infertility, fibroids, uterine and ovarian cancer, disorders during pregnancy [hypertension, diabetes, thromboembolism], labor and delivery/post-partum care and issues, lactation and breastfeeding). Prereq: Successful completion of all P1 courses. Offered: Fall.

MCWHORTER SCHOOL OF PHARMACY TUITION AND FEES FOR ACADEMIC YEAR 2017-2018

<i>herwise</i> <i>indicated, all fees are due on or before the e-bill payment due date and are nonrefundable.</i>			
Description	Student Classification	Expense	Notes
Tuition			
Tuition Deposit	All Pharmacy Students	\$500	Nonrefundable; Due upon acceptance
10 to 21 credits - Fall, Spring, Sum - P4	All P4 Pharmacy Students	\$12,100/semester/term	
Less than 10 credits - Fall, Spring	Part-Time Pharmacy Students	\$1,505/credit	
10 to 21 credits - Fall, Spring	Full-Time Pharmacy Students	\$18,513/semester	
More than 21 credits - Fall, Spring	Full-Time Pharmacy Students	\$1,505/credit	
Joint Degree	Joint Degree Pharmacy Students	By Classification	
Residence Hall Fees, Double Occupancy*			
Beeson Woods	All Pharmacy Students	\$3,115/student/semester	
Evergreen Hall, Mountain View	All Pharmacy Students	\$2,908/student/semester	
Pittman	All Pharmacy Students	\$2,708/student/semester	
West Campus	All Pharmacy Students	\$3,296/student/semester	
West Village**	All Pharmacy Students	\$4,429/student/semester	
Student Apartments	All Pharmacy Students	\$2,297/student/semester	
Board			
19 meals/week + \$130 declining balance	All Pharmacy Students	\$2,432/semester (Fall & Spring)	
12 meals/week + \$130 declining balance	All Pharmacy Students	\$1,789/semester (Fall & Spring)	
7 meals/week + \$130 declining balance	All Pharmacy Students	\$1,134/semester (Fall & Spring)	
Fees			
Application Fee for Pharmacy School Admission	All Pharmacy Students	\$25/application	Nonrefundable; Due at time of application
Campus Life Fee - Fall & Spring	All P1, P2, & P3 Pharmacy Students	\$100/sem/term	
Campus Life Fee - Fall & Spring	All P4 Clinical Pharmacy Students	\$25/semester	
P4 Experiential Course Fee, Select Sites	All P4 Experiential Pharmacy Students	\$1,000	
PHRX Elective Course Fees:	All Pharmacy Students enrolled in the following:		
	PHRX 458 (Topics in Pediatric Pharmacotherapy)	\$30/per course	
	PHRX 468 (Applied Medical Missions)	up to \$4,000	fee varies by section
	PHRX 473 (Topics-Extemporaneous Compounding)	\$50/per course	
Pharmacy Drug Screening Fee	All Pharmacy Students	\$95/year	
Pharmacy Lab Fee	All Pharmacy Students	\$350/year	
Nonrefundable Course Admin Fee	All Pharmacy Students enrolled in PHRX 678 & 679	\$250/course	
Reinstatement Fee (all terms)	All Pharmacy Students	\$100/term, as applicable	
Technology Fee - Fall & Spring	All Pharmacy Students	\$175/semester	

* Double rooms assigned for single occupancy are 150% of the rate for double-occupancy rooms.

** West Village is considered single occupancy with one bed per bedroom.

NOTE 1: Click here for a list of General Fees (Vehicle Registration/Decal, ID Replacement, etc.) that apply to ALL students.

NOTE 2: Fees are subject to change without notice. See the Bursar's Office Web site for the latest tuition and fee info: <http://www.samford.edu/departments/financial-services/>

NOTE ON PAYMENT/REINSTATEMENT: Charges incurred after the e-bill has been generated for the semester/term are due on or before the payment due date. Charges incurred during the drop/add period are due when incurred. To avoid registration cancellation and reinstatement fee, students should pay all tuition and fees by the payment due date. See the Billing and Refund Schedule tables for dates for e-bill, payment due, refund availability, and registration cancellation.

School of Public Health

.....

Administration

- Keith T. Elder, Dean, Professor, Public Health
- Hal F. Neumeier, Chair, Associate Professor, Health Informatics and Information Management
- Monique Ahinee Amamoo, Interim Chair, Associate Professor, Healthcare Administration
- Suresh T. Mathews, Chair, Professor, Nutrition and Dietetics
- Melissa Galvin Lumpkin, Chair, Professor, Public Health
- David Cecil, Interim Chair, Associate Professor, Social Work

Students within the School of Public Health pursue a variety of disciplines focused on the prevention of disease and the promotion of improved health among entire communities and populations. Majors within the School of Public Health are inherently interdisciplinary, with teams of professionals working together to solve some of society’s most complex challenges. The school includes the Department of Health Informatics and Information Management, the Department of Healthcare Administration, the Department of Nutrition and Dietetics, the Department of Public Health, and the Department of Social Work.

The School currently offers baccalaureate degrees in foods and nutrition, healthcare administration, nutrition and dietetics, and public health. At the graduate-level, the School offers a dietetic internship certificate, a master of science in health informatics and analytics, a master of healthcare administration, a master of public health, a master of science degree in nutrition, and a master of social work. Fast track versions of the master of healthcare administration and master of social work are also available. Additional master’s and doctoral degree programs are coming soon.

Faith, health and service are at the core of the School of Public Health, making graduates uniquely prepared to pursue a variety of careers. Regardless of major, students will graduate prepared to pursue their calling as a health care advocate or researcher in the private or public sector, armed with the expertise and practical knowledge required to significantly impact our world.

Health Informatics and Information Management

Faculty

Hal F. Neumeier, Chair, Associate Professor

Lakesha Kinnerson, Assistant Professor

David Robins, Assistant Professor

Graduate Programs and Requirements

Degree

Master of Science in Health Informatics and Analytics (M.S.H.I.)

The Department of Health Informatics and Information Management offers a master of science in health informatics and analytics degree.

Admission Requirements

Applicants must:

1. Possess a baccalaureate degree and experience in the health care industry or a baccalaureate degree in a health care field. The degree must be from an accredited college or university.
2. Have a minimum cumulative GPA of 3.00 on a 4.00 scale.
3. GRE minimum scores: Verbal, 153; Quantitative, 144; Analytical, 4.0. MAT minimum score: 402.
4. Achieve a B or higher in all major courses.
5. Have completed undergraduate level statistics with grade of B or higher.
6. Submit three letters of reference through the application system. References should be from 1) a current or previous professor, 2) a work supervisor (paid or unpaid) and 3) another professional who can provide a knowledgeable testament regarding character, ethics, responsibility, potential for success and other attributes that predict an applicant's favorable performance in the program.
7. International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (Internet) on the Test of English as a Foreign Language (TOEFL).
8. Submit an online video interview. A link will be provided upon submission of the application.

Exceptions to any admission requirements will be handled on an individual basis. If accepted, a non-refundable fee of \$500 is required to secure admission into the program. The fee is applied to the first semester's tuition.

For more on the admission/application process, see the following Web site: <https://www.samford.edu/publichealth/Master-of-Health-Informatics-and-Analytics>.

Time-to-Degree Completion Plan

The program is designed to be completed in five semesters of full-time study or seven semesters of part-time study.

Master of Science in Health Informatics & Analytics (M.S.H.I.)

The master of science in health informatics and analytics (M.S.H.I.) prepares graduates with the knowledge and skills necessary to be leaders in the field of health informatics and analytics. Students will learn how to plan, budget, implement, manage and analyze the informatics systems and data vital to the functioning of all departments in hospitals, medical and dental practices, skilled nursing facilities, home health, community and public health settings, and all other facets of the healthcare delivery infrastructure. Through didactic and experiential learning, graduates will know how to use the potential of health informatics and analysis for improving patient safety, decreasing medical errors, cutting costs, increasing access, and facilitating interprofessional teams.

Master of Science in Health Informatics & Analytics Required Courses		Course Credits	Total Required Credits
Health Informatics Core			15
PHLT 500	Health Systems, Organizations, and Policy	3	
HIIM 500	Intro to Biomedical Informatics & Analytics	3	
HIIM 501	Survey-Health Informatics/Analytics Infrastr	3	
HIIM 502	Electronic Health Records-Diverse Settings	4	
HIIM 503	Struct/Unstructured Data Design/Analysis	4	
HIIM 504	Current Topics-Health/Biomed Informatics	2	
HIIM 505	Healthcare Information Tech Project Mgt	3	
HIIM 506	Quantitative Methods for Healthcare	3	
HIIM 600	Managing Health Informatics/Analytics Syst	3	
HIIM 601	Ethical, Legal, & Social Issues-Health Inform	3	
Health Informatics Electives			6
Choose 6 credits of graduate-level courses on approved list or as approved by advisor		6	
Health Informatics Capstone			3
HIIM 699	Health Informatics & Analytics Capstone	3	
Total Required Credits			40

NOTE: It is recommended that students take the core courses in the sequence listed, but after completing PHLT 500 and HIIM 500.

Graduate Courses

HEALTH INFORMATICS & INFORMATION MANAGEMENT

HIIM 500 Introduction to Biomedical Informatics and Analytics (3)

This course serves as the introduction to the knowledge base of biomedical informatics and analytics. It provides an overview of the five broad areas of biomedical informatics (translational, clinical research, clinical, consumer health, and public health) and introduces students to a range of topics covered in greater detail in subsequent core courses. Offered: Fall.

HIIM 501 Survey of Health Informatics & Analytics Infrastructure (3)

This course covers all of the computer hardware and software elements, along with the network infrastructure designs, necessary for running secure and reliable health informatics and analytics systems. Prereq/Co-Req: HIIM 500. Offered: Fall.

HIIM 502 Electronic Health Records in Diverse Practice Settings (4)

Through lecture and hands-on experience with an electronic health record (HER) system, this course teaches students the design and application of EHR systems and the differences encountered in various healthcare practice settings. Prereqs: PHLT 500 and HIIM 500. Offered: Spring.

HIIM 503 Structured/Unstructured Data Design and Analysis (4)

This course introduces the student to the design and use of relational databases, data modeling, data warehousing, clinical data repositories and data analysis tools, such as SQL and NoSQL. In addition, the course provides an overview of semi-structured and unstructured data (e.g. scanned documents, typed procedural notes, etc.) analysis using tools such as natural language processing, data visualization, and other analysis tools for deriving information from unstructured "Big Data." Prereqs: PHLT 500 and HIIM 500. Offered: Spring.

HIIM 504 Current Topics in Health/Biomedical Informatics (2)

In this course students explore current topics and issues in healthcare where health informatics is a major component. Students will engage in individual and group research that identifies and analyzes the structure, importance and use of new informatics capabilities. Students will present their research findings to the class and lead discussions about their research topic. Prereqs: PHLT 500 and HIIM 500. Offered: Spring.

HIIM 505 Healthcare Information Technology Project Management (3)

This course trains students in the skills necessary to lead informatics-focused projects in a healthcare setting. Students will be exposed to and practice essential skills as defined by the Project Management Institute (PMI). Forming and working with interprofessional teams will be emphasized. Prereq: HIIM 502. Offered: Summer.

HIIM 506 Quantitative Methods for Healthcare (3)

This course builds on prior courses in statistics and data analysis to deepen understanding of the various methods of quantitative, qualitative, and mixed-methods analysis used for research and how research hypotheses are created and tested. It explores ways that these analysis methods are used in the clinical, administrative, and patient health aspects of healthcare. Prereq: HIIM 503. Offered: Summer.

HIIM 600 Managing the Health Informatics and Analytics System (3)

This course teaches the fundamentals of how to plan, build, and run health informatics systems. The student learns the roles and responsibilities of the various management and technical personnel and reviews important management policies specific to health informatics. Informatics systems Service Delivery and Service Assurance are discussed in relation to the total quality management of health informatics systems. Prereqs: HIIM 501 and HIIM 502. Offered: Fall.

HIIM 601 Ethical, Legal, & Social Issues in Health Informatics & Analytics (3)

This course covers the ethical guidelines, legal and regulatory rules, and social concerns relevant to the use of health informatics systems and the data included in them. Reviews regulatory policies and mandates, principals of ethical guidance, and social obligations involved in health systems and the data they contain, both within and outside of the healthcare organization. Prereqs: HIIM 502 and HIIM 503. Offered: Fall.

HIIM 699 Health Informatics and Analytics Capstone (3)

This capstone course is an opportunity for students to utilize their training and skills in health informatics and analytics to identify, analyze, solve, and present findings related to a health informatics and/or analytics situation at a working healthcare facility chosen by the student and approved by the advisor. Capstone deliverables include a document given to management of the facility outlining the student's findings and recommendations, and a presentation of the same to faculty. Prereqs: HIIM 500, 501, 502, 503, 504, 505, 506, 600, and 601. Offered: Spring.

Healthcare Administration

.....

Faculty

Monique Ahinee Amamoo, Interim Chair, Associate Professor
Tondra L. Moore, Associate Professor
Tommy Ray McDougal, Jr., Assistant Professor
Ashley Robertson, Assistant Professor

Mission

The mission of the bachelor of science in healthcare administration program is to create servant leaders using a high caliber and innovative curriculum to prepare students to pursue positions in the field of healthcare administration or admission into a graduate program.

The mission of the master of healthcare administration program is to prepare individuals for career transitions in healthcare management careers which foster patient-centered and ethical care.

Vision

The Department of Healthcare Administration's vision is to prepare practice-ready graduates through innovation and quality teaching and learning with a commitment to servant leadership in local and international underserved populations.

Values

Samford's Department of Healthcare Administration considers the following values central to its success:

- Christian-Based Education: We are committed to integrating our Christian faith and beliefs in our delivery of healthcare administration education.
- Servant Leadership: We are committed to leading through our service. The faculty and students strive to model dynamic leadership that puts others first. We strive to contribute to the benefit of the local and global community as both faculty and students.
- Excellence: We pursue excellence within the department through opportunities for achievement in scholarship, service and research.
- Practice-Readiness: We are committed to preparing students who are ready to practice upon graduation.
- Respect for diversity: We are committed to respecting the differences in others by learning to appreciate the different cultures of the populations that we serve.
- Integrity: We are committed to operating in an environment that values honesty, fairness and the highest ethical standards to sustain a community of trust.
- Empowerment: We encourage personal accountability for success through shared governance in academic pursuits.

Accreditation

The undergraduate healthcare administration program seeks certification through a process comparable to other specialty program accreditations. Once it has satisfied the eligibility criteria, the bachelor of science in healthcare administration will seek certification as an Associate Member of the Association of University Programs in Health Administration (AUPHA).

Undergraduate Programs and Requirements

Major	Minor
Healthcare Administration	Healthcare Administration

Joint Degree

Fast Track Master of Healthcare Administration (B.S./M.H.C.A.)

The Department of Healthcare Administration offers a major in healthcare administration leading to a bachelor of science degree, as well as a fast track version for students pursuing both the bachelor's degree and the master of healthcare administration. The department also offers a minor in healthcare administration (pending accreditation approval).

Admission Requirements

Applicants must have a cumulative GPA of 2.75 and a composite score of 21 on the ACT or 1000 on the SAT.

Progression Policies

In order to progress in the healthcare administration program, students must abide by the degree-specific progression policies. Students who fail to meet the requirements of the progression policy will be placed on probation or terminated from the program.

Students must:

1. Have a completed Health Data Record (with all required immunizations) updated annually and on file in the Healthcare Administration department.
2. Test negative on drug screens and pass background checks.
3. Maintain a cumulative GPA of 2.75 or above on the last 60 hours of coursework. Students who fall below the minimum GPA requirement will be placed on probation for one academic semester to remediate any coursework and/or return to good academic standing. The summer semester and Jan Term do not count against the student but may be used to take coursework to increase the overall GPA.
4. Make a grade of C or better in each required HCAD course. Note: A grade of C- or lower constitutes a failure in all required HCAD courses.
5. A student will be allowed to take a failed HCAD course only one additional time.
6. A student who fails (C- or lower) the same HCAD courses will be terminated from the healthcare administration program.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Fast Track Master of Healthcare Administration (M.H.C.A.)

Fast Track B.S./M.H.C.A. Admission Requirements

Students must apply for the program in the spring of their freshman year. Applications are accepted from students who have an exceptionally high school GPA, ACT score, and freshman-year GPA. Accepted students will be required to maintain a certain GPA to remain in the program. Students who are accepted into the program begin graduate coursework in the fourth year of study and complete both degrees in five (5) years. Students may earn up to twelve (12) graduate hours that will count toward completing the baccalaureate degree.

Specific Admission Requirements:

- High school GPA of 3.50 or higher.
- Earned a minimum of 3.50 cumulative GPA on all work done at Samford University.
- ACT score of 26 or higher.
- Three letters of reference (at least two from faculty members at Samford University).

Application Process:

- Submit an application in the spring of the freshman year.
- Faculty interview.

Fast Track B.S./M.H.C.A. Progression Policies

1. Students granted admission into the Fast Track Master of Healthcare Administration program must maintain a minimum GPA to remain in the program and enroll in graduate courses in the fourth year.
 - a. GPA of 3.40 after 65 semester hours (end of sophomore year)
 - b. GPA of 3.30 after 101 semester hours (end of junior year)
2. Students must make at least a B or better in the first semester of all graduate course work.
3. Make a grade of C or better in each required HCAD course. Note: A grade of C- or lower constitutes a failure in all required HCAD courses.
4. A student will be allowed to take a failed HCAD course only one additional time.
5. Students who fail to meet the progression requirements for the Fast Track Master of Healthcare Administration program will be converted to the B.S. in healthcare administration program if the student chooses to remain in the program and has not been otherwise terminated from it.

Healthcare Administration Major (B.S.)

The bachelor of science (B.S.) in healthcare administration is designed to prepare students to serve in entry-level management positions in healthcare organizations. The degree provides students a foundation in business, leadership and interpersonal skills nurturing a patient-centered focus. The curriculum is designed to provide competency in communication, leadership, professionalism, business knowledge and healthcare systems. The program focuses on nurturing servant leaders who have a global leadership perspective. A minimum 240-hour internship is required. The degree allows graduates to join the workforce in many different areas including fellowships, hospitals, clinics, public health department, consulting firms, insurance agencies, and government entities. Students must also complete a minimum of 60 hours of community service in order to graduate.

Fast Track Master of Healthcare Administration (B.S./M.H.C.A.)

The Fast Track Master of Healthcare Administration program (B.S./M.H.C.A.) is ideal for students who know early on in their academic career that they have a calling to serve through dynamic leadership in the healthcare industry. Students apply for the program at the end of their freshman year. Students begin undergraduate-level coursework in the Department of Healthcare Administration in the fall of their sophomore year and begin taking the regular plan of study for the M.H.C.A. during the fall of their senior year of undergraduate studies. Students are required to enroll in courses the summer between their third and fourth year of study to complete their undergraduate requirements. At the end of their fifth year of study, they will be awarded both the B.S. in healthcare administration and master of healthcare administration degrees. Students in the accelerated program will be required to complete 360 hours of internship experience and community service to complete both degree requirements. Admission to this program is competitive, and requires application in January of the student's freshman year of courses.

Healthcare Administration Minor*

The healthcare administration minor is designed to provide fundamental healthcare executive knowledge and competency from the sophomore year culminating in the senior year. Healthcare administration allows individuals the flexibility to explore their true passion and area of excellence while being gainfully employed. Students must complete a minimum of 30 hours of community service upon completion of the minor. Students must make a grade of C or better in each required HCAD course.

Healthcare Administration Minor* Required Courses	Course Credits	Total Required Credits

** HCAD 301 is cross-listed with PHLT 311.

Undergraduate Courses

HEALTHCARE ADMINISTRATION - UNDERGRADUATE

HCAD 101 Contemporary Issues in Healthcare Administration (1)

Survey of current topics and trends in healthcare administration. Potential career options in health administration are highlighted within various industries. Offered: Spring.

HCAD 201 Managerial Epidemiology (3)

Principles and tools of epidemiology applied to decision-making in a healthcare environment. Focus is on how evidence and population-based decisions are critical to effective delivery of patient care. Combines statistics, population health management, and quality improvement concepts. Offered: Fall.

HCAD 202 Serving Underserved Populations (3)

Exploration of healthcare-related issues that disproportionately impact underserved populations. Strategies to improve the overall quality of health are applied through service learning. Offered: Fall.

HCAD 220 Statistics for Healthcare Managers (3)

Introduction to statistics with emphasis on healthcare-related statistics. Emphasis will be placed on understanding data sources, analysis techniques, and appropriate uses and interpretations. Offered: Spring.

HCAD 221 Intro to Health Information & Informatics Management (3)

Introduction to the management of personal health information in healthcare organizations to enable the delivery of quality healthcare. The course will also explore the utilization of computer technologies to advance medicine. Offered: Spring.

HCAD 301 Healthcare Systems, Organizations, and Policy (3)

Examination of the structure of the US healthcare delivery system. Focus on historical, current and future trends and concepts in the organizational structure, workforce, funding, insurance, and policy. Cross-listed with PHLT 311. Offered: Jan Term and Fall.

HCAD 302 Managing Healthcare Organizations (3)

Study of business theories, principles, concepts, and practices required for responsible management of healthcare organizations. Areas of focus include strategic planning, ethical decision making, fiscal stewardship, and relationship management. Offered: Fall.

HCAD 303 Healthcare Marketing and Communications (3)

Exploration of the use of marketing and communication strategy to impact outcomes. This will include an examination of marketing principles, strategies, and tools used within healthcare organizations as well as different forms of communication used internally and externally by healthcare managers. Open to all CHS undergraduate students. Offered: Fall.

HCAD 304 Cultural Competency for Healthcare Managers (3)

Exploration of the impact of culture on the overall health of a patient or population. Diversity in the healthcare patient population is explored as well as diversity in the healthcare industry. Special focus is given to identifying the role cultural competency plays in being prepared to become an international leader. The course is suitable for non-clinical and clinical students as it focuses on student self-reflections, interpersonal communication, and conflict-resolution skill building. Offered: Fall.

HCAD 305 Health Information Privacy and Security (3)

An overview of state and federal health information and security requirements, and the administrative practices required to ensure compliance with them. The course will focus on protocols for compliance with federal HIPAA laws, as well as other federal and state privacy regulations, in various circumstances. Offered: Fall and Spring.

HCAD 320 Servant Leadership for Healthcare Managers (3)

Exploration of an analysis of different theories and styles in leadership with special emphasis on servant leadership. Prereq: Professor approval. Offered: Spring.

HCAD 321 Economics for Healthcare Professionals (3)

Introduction to the economics of health and health care. The course explores theories, principles, and concepts in economics from a healthcare perspective including the value of health, the demand for health care, health insurance markets, health reform, and the pharmaceutical industry. Open to all CHS undergraduate students. Offered: Spring.

HCAD 322 International Perspectives for Healthcare Managers (3)

Survey of international healthcare markets and strategies for delivering care. The course focuses on the difference in business practices, financial resources, and trends in international healthcare markets. The course may also be completed as study abroad. Prereq: HCAD 301. Offered: Jan Term and Spring.

HCAD 323 Ethical Decision Making for Healthcare Professionals (3)

Examination of ethical theories, principles, and concepts in healthcare. Faith-based decision-analysis is developed through the study of ethical issues in healthcare, research, and policy. Open to all CHS undergraduate students. Offered: Spring.

HCAD 324 Regulatory Environment of Healthcare Compliance (3)

Survey of the state and federal rules and regulations that impact the healthcare industry. The course provides a general understanding of compliance requirements and standards as they relate to fraud and abuse, credentialing, governance and corporate responsibility, occupational health and safety, and medical billing and coding. Prereqs: HCAD 301 and HCAD 305. Offered: Spring and Summer.

HCAD 401 Healthcare Financial Management and Budgeting (3)

Introduction to healthcare finance and accounting concepts. Focus on the basic conceptual framework, vocabulary, and concepts to effectively communicate with finance professionals in a healthcare organization. Prereqs: HCAD 301 and HCAD 302. Offered: Fall.

HCAD 402 Law and Policy for Healthcare Managers (3)

Overview of important healthcare laws and policies. Seminal cases are used to enhance the understanding of historical healthcare laws. Includes an overview of the policy-making process with examples of externally and internally developed policies. Prereq: HCAD 301. Offered: Fall.

HCAD 403 Human Resource Management for Healthcare Professionals (3)

Introduction to the essential role of human resource management within healthcare organizations. The course focuses on the fundamental concepts and practical tools necessary for managing healthcare employees. Open to all CHS undergraduate students. Offered: Fall and Summer.

HCAD 404 Patient-Centered Care for Healthcare Professionals (3)

Introduction to patient-centered care focusing on improving outcomes through quality improvement. Open to all CHS undergraduate students. Offered: Fall.

HCAD 420 Insurance and Reimbursement for Healthcare Professionals (3)

Overview of health insurance products and managed care approaches to the financing and delivery of healthcare services. Students explore the reimbursement and payment mechanisms. Open to all CHS undergraduate students. Offered: Spring.

HCAD 421 Healthcare Administration Internship (3-6)

Field-based application of knowledge and skills to enhance competency attainment in healthcare organizations under the supervision of a preceptor. A minimum of 6 credit hours must be earned to fulfill major requirements, but the course may be repeated for a maximum of 9 credits. Six hours are required to fulfill HA Internship requirements. Up to 3 additional credit hours may be used to fulfill degree elective requirements. Prereq: Permission of program director. Offered: Fall, Spring, and Summer.

HCAD 422 Healthcare Administration Capstone (3)

Students undertake a project based upon hypothetical or factual materials to resolve an organizational issue using knowledge and skills from all courses in the program. Prereq: Permission of program director. Offered: Spring.

HCAD 423 Practicing Healthcare Compliance (3)

Comprehensive overview of the design and implementation of healthcare compliance programming, as well as appropriate responses to actions by enforcement agencies. Prereqs: HCAD 323, 324, and 404. Offered: Spring and Summer.

HCAD 499 Independent Study (1-3)

Individualized academic work for qualified students under faculty direction. Opportunity to study a specialized topic not covered in regularly scheduled courses. May be repeated for a maximum of 6 credits. Prereq: Permission of program director. Offered: Fall, Spring, and Summer.

Graduate Programs and Requirements

Degree

Master of Healthcare Administration (M.H.C.A.)

The Department of Healthcare Administration offers the master of healthcare administration degree.

Accreditation

The master of healthcare administration will apply for candidacy with the Commission on Accreditation of Healthcare Management Education (CAHME) once the second cohort is admitted. After meeting candidacy requirements, the program will apply for an initial accreditation.

Admission Requirements

Applicants must:

1. Possess a baccalaureate degree from an accredited college or university (degree in any field) or be in the senior year of undergraduate study (if pursuing the Fast Track Master of Healthcare Administration program).
2. Currently working in healthcare or have at least three years of experience in healthcare.
3. If the work experience has not been met, possess a baccalaureate degree in healthcare or business management; other majors must have a B or better in an accounting and statistics courses.
4. Have a minimum overall 3.00 GPA on a 4.00 scale or a minimum 3.20 GPA in their last 60 hours of undergraduate coursework.
5. The GRE is not required; however, an applicant who does not meet the GPA requirement may submit a GRE score, taken within the last five years, demonstrating a minimum earned score of: Verbal 153; Quantitative 144; Analytical 4.0.
6. Submit three letters of reference through the application system. At least one reference must be from a work supervisor or manager and one from a current/previous professor.
7. International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (Internet) on the Test of English as a Foreign Language (TOEFL) or 6.5 International English Language Testing System (IELTS) Score.
8. Submit a video interview. A link will be provided upon submission of the application.

Exceptions to any admission requirements will be handled on an individual basis. If accepted, a non-refundable fee of \$500 is required to secure admission into the program. The fee is applied to the first semester's tuition.

For more on the admission/application process, see the following Web site: <https://www.samford.edu/publichealth/master-of-healthcare-administration>.

Progression Policies

In order to progress in the graduate program in health administration, the student must:

1. Test negative on drug screens and pass background checks.
2. Maintain a cumulative GPA of 3.00 or above on all course work.
3. Make no more than two C's in a required course. Students may only retake a course once to earn a B or better grade. Note: Retaking a course may cause an interruption in the student's matriculation in terms of scheduling courses.
4. Students who fail to maintain a minimum 3.00 cumulative GPA in any semester will be placed on academic probation for the next semester. Students who remain on academic probation for two semesters will be terminated from the M.H.C.A. program.
5. Students must be aware that any violation of the Healthcare Administration Student Handbook may result in immediate dismissal from the M.H.C.A. program.
6. Students retain the right to appeal dismissal/termination decision via the grievance procedure outlined in the Healthcare Administration Student Handbook.

Transfer Credit

Students may petition to transfer up to six (6) graduate credits for the M.H.C.A. The course must be equivalent to a similar course in the curriculum and the student must have earned a B (3.0 on a 4.0 scale) or better in the course in order for credits to be eligible for transfer. Credits earned more than 10 years from the date of application to the graduate program are ineligible for transfer consideration. Such coursework must be equivalent for a full semester's work and be supported by official transcripts. Acceptance of such credit is solely the authority of the program director.

Time-to-Degree Completion Plan

The program is designed to be completed in five semesters of full-time study or seven semesters of part-time study.

Master of Healthcare Administration (M.H.C.A.)

The master of healthcare administration (M.H.C.A.) is the terminal degree required for executive management positions in healthcare. The Samford University M.H.C.A. program provides a competency-based curriculum that prepares students for leadership roles within a variety of different healthcare settings. The M.H.C.A. is an online, five-semester synchronous program. The curriculum is designed to provide mastery in communication, leadership, professionalism, business knowledge, and healthcare systems competencies as well as a competitive edge in project management and quality improvement. A minimum 120-hour internship is required for students with less than five years clinical or healthcare management experience. Students who have the minimal five years of experience may elect to complete an Advanced Leadership Project with a senior healthcare executive mentor. Students must also complete a minimum of 40 hours of verified community service in order to graduate.

Graduate Courses

HEALTHCARE ADMINISTRATION - GRADUATE

MHCA 500 Healthcare Systems (3)

In-depth analysis of all aspects of the US healthcare delivery system, including the funding system and regulatory structure. In-depth exploration of the history of healthcare delivery in the United States. Distinguishing factors in the US healthcare delivery system and other global healthcare delivery systems are explored. Offered: Fall.

MHCA 501 Healthcare Statistics and Research Methods (3)

Examination of complex healthcare issues from a management perspective using decision analysis tools. The course emphasizes data collection, analysis, and interpretation based upon appropriate statistical analysis, evidence-based practices, and scientific research methodology. Offered: Fall.

MHCA 502 Healthcare Information and Informatics Management (3)

Examination of medical records and applied IT management issues and strategies through the study of health information and health informatics theories, concepts, and practices. Offered: Fall.

MHCA 503 Healthcare Management (3)

Study of general management knowledge and skills for healthcare professionals to address management needs in healthcare and healthcare delivery organizations. In-depth analysis of administration approaches appropriate in private and public sector healthcare organizations. Analysis of management theories, principles and concepts. Offered: Fall.

MHCA 510 Healthcare Financial Management and Budgeting (3)

Study of the use of accounting and financial planning in healthcare organizations. Emphasis is placed on the application of finance theory in the decision-making and problem-solving. This course provides a conceptual and practical knowledge of healthcare finance. Offered: Spring.

MHCA 511 Healthcare Policy and Law (3)

Study of the process used to create internal and external policy. Overview of important healthcare laws that impact the management and administration of healthcare organizations. Cases will be used to enrich students' understanding of the laws and concepts. Development of skills and strategies utilizing the analysis and synthesis of policy into daily organization operations. Offered: Spring.

MHCA 512 Healthcare Economics (3)

Study of the terminology, principles, and concepts of microeconomics and macroeconomics. An in-depth analysis of resource management and allocation is explored in relation to the delivery of healthcare in the US. This course provides an appreciation for the uniqueness of the healthcare market compared to the free market. Offered: Spring.

MHCA 520 Healthcare Project Management (3)

Study of project management theories, concepts, and principles. Content will fulfill the education requirements for the Certified Associate in Project Management (CAPM) exam. Prereqs: MHCA 500, 503, and 510. Offered: Summer.

MHCA 521 Healthcare Human Resource Management (3)

Examination of theory and best practices used to manage people along the continuum in healthcare organizations. Offered: Summer.

MHCA 522 Healthcare Leadership and Professionalism (3)

In-depth exploration of different leadership styles and theories. This course provides opportunities for students to hone personal skills in both leadership and professionalism. Interaction with professionals from the industry through guest lecturers, workshops, conferences, and networking events. Offered: Summer.

MHCA 600 Healthcare Patient Safety and Quality (3)

Overview of best practices used to manage the quality improvement efforts of an organization in delivering care. This course focuses on the application of continuous process improvement principles and tools within healthcare organizations. This course provides the requisite knowledge for Yellow Belt Certification. Offered: Fall.

MHCA 601 Healthcare Ethics (3)

Study of principles and theories of ethics. Emphasis placed on ethical decision making in the context of Christian principles and practices. In-depth exploration of unethical incidents in healthcare management, governance, research, and patient care delivery. Offered: Fall.

MHCA 602 Healthcare Organizational Dynamics and Governance (3)

Study of organization theory, behavior principles, and concepts of an in-depth understanding on healthcare organizational dynamics. The course examines the governance in healthcare organizations including board composition, member roles and responsibility, ethics, and healthcare governance theories. Offered: Fall.

MHCA 610 Healthcare Strategic Management and Marketing (3)

Overview of strategic management concepts, tools, and skills to understand all phases of the process. Emphasis placed on understanding the roles marketing plays in the strategic management of healthcare organizations, and how to identify and address marketing opportunities and problems using a variety of tools and strategies. Prereqs: MHCA 500, 503, and 510. Offered: Spring.

MHCA 611 Healthcare Administration Graduate Capstone (3)

Examination of the role of healthcare administrators in managing and resolving healthcare organizational issues through the completion of a capstone project. Students utilize knowledge, skills, and behaviors acquired throughout the program to demonstrate mastery of program competencies. Prereq: Permission of the program director. Offered: Spring.

MHCA 612 Healthcare Administration Graduate Internship (3)

Field-based exploration of knowledge, skills, and behaviors needed to master competencies to become a high performing healthcare manager. May be repeated for a maximum of 6 credits. Prereq: Permission of the program director. Offered: Fall, Spring and Summer.

MHCA 613 Healthcare Administration Advanced Leadership Practice (3)

Advanced leadership practice is an option for students who have a minimum of five (5) years clinical or management experience in healthcare to complete a student-developed leadership project instead of an internship under the leadership of a senior healthcare executive as a mentor. The project may be coordinated with the student's current employer but must extend beyond the normal scope of his/her current position. The project must identify specific competencies that will be targeted through the development, execution, and evaluation of the leadership project. A project synopsis, including a mentorship agreement, must be approved by the program director prior to enrolling in the course. Students will not be approved to take the course before completing MHCA 600 and MHCA 601. Prereq: MHCA 600 and MHCA 601, and/or permission of the program director. Offered: Spring and Summer.

MHCA 699 Independent Study (1-3)

Individualized academic work for qualified students under faculty direction. Opportunity to study a specialized topic not covered in regularly scheduled courses. May be repeated for a maximum of 6 credits. Prereq: Permission of the program director. Offered: Fall and Spring.

Nutrition and Dietetics

Faculty

Suresh T. Mathews, Chair, Professor
 Patricia Hart Terry, Professor
 Katie C. Coate, Assistant Professor
 Donna Seibels, Assistant Professor, Director, Didactic Program
 Miriam J. Gaines, Assistant Professor, Director, Dietetic Internship
 Megan Lindsey-Taheri, Instructor, Clinical Coordinator, Dietetic Internship

Mission

The mission of the Samford University Department of Nutrition and Dietetics is to provide a comprehensive study of all areas of food, nutrition, and dietetics. The nutrition and dietetics major, foods and nutrition major, and dietetic internship all offer students the opportunity to pursue knowledge and competency in a distinctive Christian environment. The faculty of the department is committed to the preparation of graduates who are well informed, scientifically and empirically competent, self-educated, and ethically responsible. Graduates are capable of entering successful careers in foods, nutrition, and dietetics, while also contributing to the needs of their community and society at large.

Undergraduate Programs and Requirements

Majors

Foods and Nutrition
 Nutrition and Dietetics

Minor

Nutrition

The Department of Nutrition and Dietetics offers majors in foods and nutrition and nutrition and dietetics, both leading to a bachelor of science degree. Foods and nutrition majors are also required to have a 20-credit minor or cognate outside the NUTR department. The department also offers a minor in nutrition.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Nutrition Minor

Nutrition Minor Required Courses	Course Credits	Total Required Credits
Nutrition Core		12-16
NUTR 110 Principles of Food Preparation	4	
NUTR 220 Nutrition Science for Health Professions <i>or</i> NUTR 216 Personal Nutrition	4

Foods and Nutrition Major (B.S.)

The foods and nutrition major will allow students to plan a degree program based upon career goals. Students will develop a basic knowledge in foods and nutrition and may combine this base with a related field or discipline such as health, wellness, fitness, culinary arts, food service, journalism, business and marketing or communications. In addition to academic coursework, the students will have opportunities in hands-on laboratory classes and externships, and are encouraged to volunteer, service-based learning activities.

Nutrition and Dietetics Major (B.S.)

Dietetics is a dynamic profession offering many different opportunities for practice. Today's dietetic professionals pursue careers in health care, education, and research. They work in business, industry, public relations, and mass media. Their services are also used in government agencies, restaurant management, corporate and sports wellness programs, food companies, and private practice. The Samford Didactic Program in Dietetics is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics. Students seeking a degree in NUTR will be reviewed before their junior year (upon completion of 60 credits of college work) to assess course progression and GPA. A minimum cumulative GPA of 2.75 to 3.00 is recommended to continue since entrance into a dietetic internship following graduation usually requires a 3.00 GPA. Students transferring into the program will be evaluated on their SAT/ACT score, as well as their cumulative GPA.

A minimum grade of B- must be achieved in all KINE and NUTR prefix courses and a minimum grade of C- must be achieved in all other science courses.

Progression Policies

In order to progress in the undergraduate program in nutrition and dietetics, the student must:

1. Maintain a cumulative GPA of 2.75 or better.
2. Make a grade of B- or better in all NUTR classes and C- or better in all Science classes.
3. Repeat a class for any nutrition course that falls below a B- or any Science course that falls below a C-. A one-time repeat is allowed in an effort to bring up the course grade to a B- for nutrition or C- for science or above.
4. Increase cumulative GPA to 2.75 or above within one semester of the cumulative GPA dropping below 2.75.
5. Meet with academic advisor and DPD program director if GPA falls below 2.75 for discussion about required course changes and/or change in major.

Undergraduate Courses

NUTRITION AND DIETETICS - UNDERGRADUATE

NUTR 110 Principles of Food Preparation (4)

Introduction to food buying, food preparation, food storage, and dietary planning in accordance with scientific principles of nutrition. LEC 2, LAB 2. Offered: Fall, Spring, and Jan Term.

NUTR 210 Introduction to Nutrition and Dietetics (2)

Survey of career opportunities in the health field and introduction to computer software pertinent to future career-related opportunities. Offered: Fall.

NUTR 216 Personal Nutrition (4)

Introduction to nutrition for personal lifestyle choices. Includes study of digestion, absorption, and metabolism of nutrients. Recent advancements in nutrition, application to meal planning, and strategies for selecting nutritionally balanced foods are also presented. Offered: Fall and Spring.

NUTR 220 Nutrition Science for Health Professions (4)

Principles of human nutrition, food choices, and behaviors related to health of individuals. Included in this course is the study of nutrients in food, their roles in health and disease, dietary recommendations, concepts of energy balance, and their application to global nutrition needs. The course will capture the most recent advancements in nutrition science and their relation to health and disease. Offered: Fall and Spring.

NUTR 301 Foundations of Nutrition (4)

Study of fundamental principles of normal nutrition and their relation to the health and physical fitness of individuals. Prereq: NUTR 216 or NUTR 220. Prereqs/Co-reqs: CHEM 108 and CHEM 109 or CHEM 205 and CHEM 206. Offered: Fall.

NUTR 310 Lifecycle Nutrition (4)

Rapidly moving study of nutrition in the lifecycle from infancy through advancing years. Emphasis on application of the nutritional requirements and guidelines in each age group to dietary planning and intake. Prereq: NUTR 216 or NUTR 220. Offered: Spring.

NUTR 312 Food, Culture, and Society (4)

Examination of how, what, when, where, and why people eat. Cultural differences related to food provision, production, and consumption will be evaluated. Relationships of history, geography, climate, customs, social status, health, economy, religion, and politics to food and society also explored. Prereq: NUTR 110. Offered: Spring and Jan Term.

NUTR 350 Community Nutrition Education (4)

Study of community-based programs with nutrition components, including work-site wellness, health promotion, schools, day-care programs, and health clinics. Programs in these areas include nutrition screening and assessment, feeding programs and assistance, plus health promotion and disease prevention. Emphasis on development of counseling skills and use of resources to take into account cultural differences and to develop nutrition education plans, goals, and programs for community groups. Prereq: NUTR 216 or NUTR 220. Offered: Fall.

NUTR 360 Nutrition Assessment and Counseling (4)

Based on the nutrition care process, the nutrition assessment section of this course will emphasize components such as anthropometric assessment, biochemical assessment, clinical assessment, and dietary assessment. Nutrition assessment methods will be discussed and evaluated as applied to clients and patients. Results will be used to determine nutrition status and develop a nutrition care plan consisting of a nutrition diagnosis, intervention plan, and monitoring. The counseling section will focus on behavior theories and counseling techniques that have shown success in nutrition education and intervention. Class will be comprised of lecture, lab, and simulation experiences. Prereqs: NUTR 216 or NUTR 220; NUTR 310. Offered: Spring.

NUTR 371 Directed Professional Practicum (2-12)

In-depth study and practical experience in nutrition and dietetics. Students work with a dietetic preceptor for approximately 120 hours. For second semester junior and senior-level students. May be repeated three times for a maximum of 12 credits. Prereqs: NUTR 216 or NUTR 220; NUTR 110, 301, and 310; and permission of the instructor. Offered: Jan Term, Spring, and Summer.

NUTR 410 Medical Nutrition Therapy I (4)

Study of dietary deficiencies as they relate to disease. Emphasis on those diseases which may be improved and/or corrected through diet. Prereqs: CHEM 215 and CHEM 216; NUTR 216 or NUTR 220; NUTR 310 and NUTR 350. Offered: Fall.

NUTR 411 Medical Nutrition Therapy II (4)

Study of the dietary deficiencies that relate to disease and the nutritional health of the patient in the hospital or community setting. Students learn through case studies. Emphasis on development of nutrition care plans for selected patients and disease states. Preventive dietary and health practices are also discussed. Prereq: NUTR 410. Offered: Spring.

NUTR 412 Quantity Food Production and Management (4)

Study of planning, preparation, and presentation of meals for groups larger than 50. Includes catering, banquets, cafeteria, and hospital food service. Special consideration is given to buying, menu developing, producing, and serving food. Also includes visits to local hospitals and restaurant food services. LEC&LAB: 5. Prereq: NUTR 110. Offered: Fall.

NUTR 413 Food Service Organization and Management (4)

Study of equipment, personnel, and cost in the management of large quantity food services. Includes guest professional lectures and site visits to local food service operations. LEC&LAB: 5. Prereq: NUTR 412. Offered: Spring.

NUTR 414 Experimental Foods (4)

Scientific approach to the factors involved in preparation of standard food products. Experimental methods and techniques are employed in planning, preparation, and evaluation of food products. LEC&LAB: 4. Prereqs: CHEM 205, CHEM 206, and NUTR 110. Offered: Fall.

NUTR 415 Advanced Nutrition I: Macronutrients (4)

Metabolism of macronutrients, carbohydrate, lipid, and protein in humans integrating physiology, biochemistry, and nutrition with a focus on maintaining optimum health and preventing disease. Prereqs: NUTR 216 or NUTR 220; CHEM 216 and CHEM 345. Offered: Spring.

NUTR 416 Advanced Nutrition II: Micronutrients (4)

Metabolism, dietary needs, deficiency symptoms, and food sources of vitamins and minerals in humans. Prereqs: CHEM 215, 216, and 345; NUTR 415. Offered: Fall.

NUTR 418 Nutrigenomics (3)

This course will provide students with an understanding of the fundamental concepts involved in the regulation of gene expression by dietary nutrients, and how individual genetic variation affects nutrient uptake and metabolism. This will be achieved by investigating the complex interactions between diet, genotype, and phenotype as they pertain to fuel metabolism, health status, and chronic disease risk. Furthermore, the implications of this emerging science with regard to personalized nutrition in dietetics practice will be discussed. LEC 2, LAB 1. Offered: Fall.

NUTR 490 Senior Seminar in Foods and Nutrition (4)

Students seeking a degree in foods and nutrition are required to complete the senior seminar course. It represents the culmination of the undergraduate career by integrating and applying knowledge and experiences from the full range of the undergraduate educational experience. The work required and is commensurate to a project designed to showcase the totality of the student's educational achievements. Prereq: Senior status. Offered: Spring.

NUTR 491 Professional Issues in Dietetics (2)

Capstone course for nutrition and dietetics majors covering professional issues and responsibilities such as ethics, competencies, and the scope of practice of the RDN. Supervised practice application, including the Dietetic Internship application and/or graduate application, are completed within the class. Offered: Fall.

NUTR 493 Problems in Nutrition (1-4)

Individual topic in nutrition selected by the student. Topic may be one not examined in depth in a regular course or research the student needs to complete to meet foundational knowledge and skills required by an ACEND-accredited Didactic Program in Dietetics. Offered: See advisor.

Graduate Programs and Requirements

Degree

Master of Science (M.S.)

Nutrition with a Concentration in

Clinical Nutrition

General Nutrition

Dietetic Internship

Certificate

Dietetic Internship

The Department of Nutrition and Dietetics offers an online master of science degree in nutrition. The goal of the program is to prepare students and dietitians for positions in healthcare, community, education, research, and leadership in nutrition programs.

Students applying to the master of science degree in nutrition have the choice of a concentration in clinical nutrition or a concentration in general nutrition. Additionally, students applying through the Dietetic Internship Centralized Application System (DICAS) have the opportunity to complete coursework towards the master of science in nutrition degree and practice experiences necessary to become a registered dietitian. Students are required to complete a capstone/culminating research project in nutrition science, community nutrition, or public health. All classes are offered online, and students may pursue either full-time or part-time study for all programs. The coursework, research experiences, internships, and certifications prepare students for careers in academia, hospitals, long-term care, schools, wellness programs, industry, government, and public health.

The department also offers a stand-alone, graduate-level dietetic internship certificate.

Admissions Requirements for the Master of Science in Nutrition

Applicants must:

1. Possess a baccalaureate degree in any field from an accredited college or university, or be in the senior year of undergraduate study.
2. Have a minimum cumulative GPA of 3.00 on a 4.00 scale.
3. Achieve a C or better in all prerequisite courses. All prerequisite courses must have been completed within 10 years prior to application. Required prerequisite courses include mathematics, general chemistry, organic chemistry, biochemistry, anatomy and physiology I and II, and introductory nutrition.
4. Submit valid GRE, MCAT, and DAT scores:
 - a. GRE minimum scores: Verbal: 153; Quantitative: 144; Analytical: 4.0
 - b. MCAT equivalent of 492
 - c. DAT minimum score of 14
5. Submit three letters of reference through the application system. References should be from 1) a current or previous professor, 2) a work supervisor, and 3) a registered dietitian or another current or previous professor.
6. International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer), or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
7. Submit a LikeLive video interview. A link will be provided upon submission of the application.
8. If accepted, a non-refundable fee of \$500 is required to secure admission into the program. This fee is applied to the first semester's tuition.
9. Exceptions to any admission requirements may be considered on an individual basis.

Master of Science: Nutrition (M.S.)

The master of science degree (M.S.) in nutrition, with a concentration in clinical or general nutrition, provides advanced training in human nutrition science. The program can be combined with a dietetic internship, which provides students with the supervised practice experience needed to fulfill the competences for dietitians established by the Accreditation Council for Education in Nutrition and Dietetics (ACEND).

Graduate Courses**NUTRITION AND DIETETICS - GRADUATE****NUTR 501 Nutrition Counseling and Wellness Promotion (3)**

Interviewing and counseling methods, incorporating principles of counseling skill development; client-centered counseling techniques focused on behavior change. Issues surrounding nutrition counseling to diverse populations. Theory of health promotion; community needs assessment. Fundamentals of applying community engagement, organization, and development principles to community public health campaigns; development, implementation, and evaluation of health promotion interventions and programs. Prereq: Admission into the dietetic internship program. Offered: Spring.

NUTR 502 Cultivating Nutrition Health: Strategies for Reducing Chronic Disease (3)

Exploration of evidence-based approaches in the broad realms of community nutrition and public health which have demonstrated success in promoting sustained health improvements. Application of evidence-based nutrition-related health promotion strategies in a community setting utilizing an interdisciplinary approach and employing the principles of health promotion program management. Offered: Fall.

NUTR 503 Management Leadership in Nutrition and Dietetics (3)

Comprehensive, integrative, and practical focus on leadership and management theories/concepts that have emerged over the past several decades. Applicable to organizational and entrepreneurial settings in nutrition and public health. Exploration of contemporary perspectives on ethics, networking, coaching, organizational culture, diversity, strategic leadership, and crisis leadership as related to public health nutrition management and policy development. Special consideration will be given to the moral aspects of servant leadership and how its application can make a difference in organizations, communities, and societies. Offered: Fall.

Dietetic Internship Certificate

The dietetic internship program has been granted Candidate for Accreditation status by the Accreditation Council for Education in Nutrition and Dietetics (ACEND). It qualifies graduates to take the exam for professional credentialing as a Registered Dietitian (RD). The program of study has a concentration in community nutrition and public health, and consists of four graduate courses and 1,272 supervised practice internship hours completed in healthcare organizations and other community-based settings. Interns complete the program with 21 graduate credits which may be applied toward the master's degree (M.P.H. or M.S.). The university awards a certificate to the program's graduates.

NUTR 509 Culminating Dietetic Internship Practicum: Community Nutrition/PH Concentration	3	
Total Required Credits		25

Admissions Requirements for the Dietetic Internship Certificate

Applicants to Samford's dietetic internship program must complete the online centralized internship application, DICAS. The fee to use DICAS is \$40 for the first application submitted and \$20 for each additional internship application. All applications become the property of the Dietetic Internship at Samford University and will not be returned. Digital Matching: Applicants must also register online at D & D Digital for computer matching and select dietetic internship priority choices. There is a \$50.00 computer matching fee.

Additional requirements:

1. Possess a baccalaureate degree from an accredited college or university.
2. Possess an official Verification Statement of Completion or Declaration of Intent to Complete from an accredited Didactic Program in Dietetics (DPD), with original signatures issued within the last 5 years.
3. Have a minimum cumulative GPA of 3.00 on a 4.00 scale.
 - a. GRE minimum scores: Verbal: 153; Quantitative: 144; Analytical: 4.0.
 - b. MAT minimum score: 402.
4. Have a minimum of 3.20 on a 4.00 scale of all major courses.
5. Have a minimum of 2.75 on a 4.00 scale in all science courses.
6. Submit a résumé.
7. Submit three letters of reference through the application system. Two references must be from a prior faculty member, academic advisor, or other professional who has supervised the applicant's academic studies; the other professional reference may be from an employer or other who can provide a knowledgeable testament regarding character, ethics, responsibility, potential for success, and other attributes which predict an applicant's favorable performance in an internship.
8. International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer), or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
9. Submit a Kira video interview. A link will be provided upon submission of the application.
10. Possess 150 hours or more dietetics-related and/or food service work experience, volunteer or paid.
11. Exceptions to any admission requirements will be handled on an individual basis.
12. If accepted, a non-refundable fee of \$500 is required to secure admission into the program. This fee is applied to the first semester's tuition.

To apply, go to <https://portal.dicas.org>.

NUTR 504 Supervised Practice in Foodservice Systems Management (2)

Management systems and their application to foodservice in a clinical rotation. Prereq: Admission into the dietetic internship program. Offered: Fall, Spring, and Summer.

NUTR 505 Supervised Practice in Community Nutrition (2)

Experience in traditional public health settings providing nutrition counseling and education to persons of diverse ages and socioeconomic and cultural backgrounds. Prereq: Admission into the dietetic internship program. Offered: Fall, Spring, and Summer.

NUTR 506 Supervised Practice in Medical Nutrition Therapy (4)

Clinical experience in health care facilities applying the principles of advanced clinical nutrition in the care of patients and communication of care in the medical record. Prereq: Admission into the dietetic internship program. Offered: Spring and Summer.

NUTR 507 Supervised Practice in Child Nutrition (1)

Management systems and their application to food service in a child nutrition setting. Prereq: Admission into the dietetic internship program. Offered: Spring.

NUTR 508 Supervised Practice in Lifestyle MNT (1)

Unique and creative supervised practicum integrating evidence-based MNT with comprehensive lifestyle interventions (within the dietetics scope of practice) in primary care and community healthcare settings. Prereq: Admission into the dietetic internship program. Offered: Fall and Summer.

NUTR 509 Culminating Dietetic Internship Practicum: Community Nutrition/PH Concentration (3)

Culminating practicum, in a setting of the intern's choosing in the broad realm of public health/community nutrition. This practicum is expected to contain elements of service and will expect the intern to demonstrate an ability to meet a target population's cultural, educational, and/or social requirements for nutrition intervention. Prereqs: NUTR 501, 504, 505, 506, 507, 508, and 510; admission into the dietetic internship program. Offered: Fall.

NUTR 510 Research Methods and Applications in Dietetics (3)

Fundamentals of research design in nutrition. Knowledge and skill development will encompass: literature review; research study design and analysis; critical review of published research and practice protocols; research grant proposals; Institutional Review Board process; cultural competency; critical evaluation of websites. Course requirements include writing a formal proposal for a community nutrition intervention incorporating proper research design, methodology, writing style and format utilized in nutrition research journals. The topic of this paper will be the foundation for the culminating project conducted during NUTR 509. Offered: Spring.

NUTR 600 Advanced Nutrition and Metabolism (6)

Exploration of complex relationships between the biochemistry of nutrients and their metabolism in specific physiological and disease states. Metabolic and physiological functions of nutrients at the molecular, cellular, organ, organ systems, and whole-body, and current research as it pertains to nutrition-related chronic diseases will be evaluated. Offered: Fall.

NUTR 601 Advanced Clinical Nutrition (3)

Expand knowledge on the role of diet in disease including diet as a factor related to prevention of diseases or illness, diet as an etiologic agent in illness, and diet as a treatment for disease. Case studies and an evidence-based approach to practice will be used to help students integrate and apply their knowledge of nutrition, dietetics, metabolism, and physiology, with the ultimate goal of producing students who can effectively plan and manage the nutritional care in a variety of clinical settings including pediatric nutrition; enteral and parenteral nutrition; cardiovascular, pulmonary, gastrointestinal, and liver disease; critical care; HIV/AIDS; and oncology. Offered: Fall.

NUTR 602 Nutrition Seminar (1)

Provide students with the opportunity to gain experience in research, organization of material, dissemination of library and/or original research, and communication skills in the nutritional sciences. Offered: Summer.

NUTR 603 Obesity and Weight Management (3)

Understand complexity of factors that underlie energy balance and weight; over-weight/obesity in different socio-economic and population groups; global perspectives, etiology, assessment, health consequence, prevention and approaches in weight management. Offered: Fall.

NUTR 604 Diabetes Care (3)

In-depth study of human diabetes; its prevalence, classification, risk factors, pathophysiology, therapy, management, and prevention. Offered: Spring.

NUTR 605 Nutrigenomics (3)

In-depth understanding of the fundamental concepts involved in the regulation of gene expression by dietary nutrients, and how individual genetic variation affects nutrient uptake and metabolism. Complex interactions between diet, genotype and phenotype as they pertain to fuel metabolism, health status, and chronic disease risk will be evaluated. Furthermore, the implications of this emerging science with regard to personalized nutrition in dietetics practice will be discussed. LEC 2, LAB 1. Offered: Fall and Spring.

NUTR 606 Dietary Supplements and Functional Foods (3)

Application of evidence-based practical knowledge to discuss therapeutic use of dietary and herbal supplements in prevention and management of chronic conditions, and nutritional support of aging, maternal health, and wellness. Offered: Fall.

NUTR 607 Lifecycle Nutrition (3)

Nutrient needs, inadequacies, and excesses during major phases of the life cycle, including preconception period, pregnancy, lactation, infancy, childhood, adolescence, and older adults. Offered: Spring.

NUTR 608 Global Issues in Nutrition (3)

Current issues integrating food intake with major nutrition-related issues around the world. Population-based policies and programs at the national and international levels, the burden of under-nutrition, and emerging topics on global nutrition issues will be discussed. Offered: Spring.

NUTR 609 Current Topics in Nutrition (1-3)

Exploration of current topics in nutritional science and public health nutrition. Provides a forum for student faculty presentation, and review of current research efforts. Learning activities include review of nutrition journals, critical reading of topics in the history of nutrition and/or specific nutrition problems of current interest, written journal article summaries, and oral presentations. Topics subject to change to reflect current interest and issues. May be repeated three times for a maximum of 6 credits. Offered: Fall, Spring, and Summer.

NUTR 610 Capstone Project in Nutrition (3)

Encompassing individuality, creativity, and rigor, this course provides an opportunity for students to synthesize, integrate, and apply the skills and competencies they have acquired to a nutrition science, clinical nutrition, and/or nutrition in public health problem that approximates a professional practice experience. Embedded in the nutrition capstone project should be a systematic collection and analysis of data and thoughtful reflection evidenced in both written and oral components. Offered: Fall, Spring, and Summer.

NUTR 699 Independent Study in Nutrition (1-3)

Advanced study and/or research (guided by the instructor) in a specific area of nutrition science, clinical nutrition, and/or public health nutrition. May be repeated three times for a maximum of 6 credits. Offered: Fall, Spring, and Summer.

 Harold Neumeier, Associate Professor
 Kimberly Davey, Assistant Professor

Undergraduate Programs and Requirements

Major

Public Health

Minor

Public Health

The Department of Public Health offers a major in public health degree, leading to a bachelor of science degree. The department also offers a minor in public health.

General Education: University Core and Distribution Requirements

General Education Distribution Requirements are noted in the individual degree tables. In those cases where a requirement is not specified, see General Education: University Core Curriculum and Distribution Requirements in the Howard College of Arts and Sciences introductory pages for a list of required and applicable courses.

Public Health Major (B.S.)

The bachelor of science (B.S.) in public health degree program will train students in multidisciplinary approaches to public health practice and research. The degree will explore both quantitative and qualitative aspects of public health at all levels of analysis. Graduates will advance, through employment or further education, to become the new generation of public health professionals prepared to face the emerging challenges to human health from a population perspective. The bachelor of science in public health is offered through Samford's College of Health Sciences, School of Public Health. The public health major will provide students a broad and rigorous sequence of courses in public health including the role and importance of data management and analysis, the skills to identify and address population health concerns, the ability to implement a health project, health communication skills, and an understanding of the health system and how it impacts health. For graduates with this bachelor's degree who wish to enter the job market directly, there is a plethora of opportunities in private and public organizations for entry-level personnel in public health. These include statewide and regional health care agencies (Jefferson County Health Department, Red Cross, American Cancer Society, Blue Cross/Blue Shield, Alabama Department of Public Health), community clinics focusing on preventive health, water and air quality management districts, biomedical companies, health-education institutions, and non-governmental organizations.

Public Health Minor

The public health minor provides students with an introduction to the field of public health. Public health is focused on improving health through health prevention, promotion, and policymaking. Students minoring in public health will learn how to use a population health approach to explore pressing health issues such as obesity, heart disease, diabetes, and global epidemics as well as the role of policymaking in addressing such issues locally and globally. Students will also explore the core functions and concepts of public health and the determinants of health. The minor is open to all Samford students and provides a nice complement to any undergraduate major. Minor coursework is flexible and can be tailored to meet student's interests and professional goals. Students pursuing professional degrees in medicine, biological sciences, environmental sciences, nutrition, business, or public health will have a unique population health understanding of the factors and systems that contribute to health as they apply to competitive professional programs.

Undergraduate Courses**PUBLIC HEALTH - UNDERGRADUATE****PHLT 101 Introduction to Public Health (3)**

This course provides students with the history and philosophy of public health as well as its core values, concepts, and functions across the globe and in society. Emphasis is placed on the scientific and social basis for public health practice, plus the impact of critical public health concerns on society. Professional disciplines, organizations, and methods that interact to improve the public's health are addressed.

PHLT 201 Disease Detectives-Overview of Epidemiology (3)

This course introduces students to basic principles and methods used in epidemiology. The course will include basic research designs, estimating outcome measures, and establishing cause and effect and effectiveness of interventions to prevent and cure disease.

PHLT 202 Introduction to Global Health (3)

This course examines social, behavioral, and cultural factors that have an impact on global health. We will consider how health is influenced by factors such as age, gender, culture, race, ethnicity and social class. Public health problems and their solutions will be analyzed in light of individual risk factors as well as larger structural forces. Multiple global health systems will be explored.

PHLT 232 Biostatistics – Numbers that Matter (3)

This is an introductory biostatistics course that explores the foundation and investigates the role of statistics in public health and health sciences research. Various statistical methods used in practice and research will be explored with an emphasis on application and interpretation of results through a combination of lectures and problem-solving activities using various statistical software packages. No prior computing experience is required. Prereq: MATH 150, 240, or 260. Offered: Spring.

PHLT 301 Behavior Changes at the Individual, Family, and Community Level (3)

Health promotion, education, and prevention programs ultimately focus on changing health behavior. This course is intended to provide students in public health a solid grounding in social/behavioral theory and its application to health promotion programs.

PHLT 302 Health Communications for Health Professionals (3)

This course addresses the basic concepts of public health-specific communication, including technical and professional writing, risk communication, and the use of mass media and electronic technology for population based interventions.

PHLT 309 Cultural Competence and Spirituality in Public Health (3)

This service-learning course is designed to provide students with proper knowledge and skills to work with diverse populations, develop cross-cultural competence, and identify and utilize culturally appropriate strategies in health care delivery and health promotion. Students will develop and demonstrate their cultural competence in weekly community engagement. Through the community service placement, students will develop a relationship with the organizational partner and one or more specific community members, whose cultural background may be different from the student's. Class time and assignments will support reflection on the community engagement experience, students' learning, and cultural and spiritual dimensions of public health. Offered: Spring.

PHLT 311 Health Systems, Organization, and Policy (3)

This course provides students with an overview of the U.S. health care system, its components, and the policy challenges created by its organization. A review of the legal and regulatory dimensions of health care and public health policy will be presented. Includes a discussion of the government's role in health care and public health as well as a comparison of the U.S. health system to others across the world. Cross-listed with HCAD 301.

PHLT 326 Population Health, Determinants, and Risk (3)

This course addresses the underlying science of human health and disease including opportunities for promoting and protecting health across the life span. The determinants of health (SES, employment, social environments, physical environments, healthy child development, personal health practices and coping skills, health services, social support networks, biology and genetic endowment, gender and culture) will be discussed and their impact on health and health disparities will be explored.

PHLT 401 Community Health Improvement and Assessment (3)

This course introduces students to the concepts and methods of community health improvement and the role of assessment. This course will cover important community health topics including systems thinking that leads to coordination of health care and public health activities to achieve community health goals; the nature of health and its determinants; the use of quantitative and qualitative methods; data analysis; community mobilization and capacity building; and the impact of current national policy, including the Affordable Care Act, on community health improvement.

PHLT 403 Water, Wastewater, and Environmental Health (3)

This course provides students with techniques needed to develop, evaluate, and sustain successful drinking water and sanitation interventions for developing countries. It focuses on practical field and laboratory tools needed for different stages of projects, including: assessment of perceived and actual need, alternative strategies for different environmental settings, assessing cost and financial sustainability of projects, laboratory and field techniques for assessing exposure to microbial and chemical agents, and measuring health outcomes (for baseline or effectiveness assessment). A brief overview of environmental issues that impact public health will also be covered.

PHLT 405 National Health Service in the United Kingdom (3)

This course explores the evolution of the largest healthcare system in the world (the National Health Service of the United Kingdom) with an emphasis on its predictive, preventive, and personalized medicine elements. A comparison of health care delivery systems, public health systems, and health promotion approaches in the US and UK will also be undertaken. Using the Interprofessional Educational Collaborative (IPEC) competencies, students will trace the origins of the public health movement as we walk through the streets of London. Cross-listed with NURS 405. Prereq: Permission of the instructor. Offered: Summer.

PHLT 407 Management of Public Health Programs (3)

This course addresses the fundamental concepts and features of project implementation including planning, assessment, and evaluation. Students will develop measurable program goals and objectives. Planning models will be presented, implementation steps identified, and program evaluation frameworks for public health will be utilized. Resource management (human and financial) will be covered.

PHLT 450 Environmental Community Health Fieldwork Experience (3)

This course will explore the impacts of biological and environmental perturbations on community health, and address issues of environmental health and justice. Students will engage with community members to understand the local health and environmental impacts of a selected issue and their relationships to social determinants. Students will prepare a report that may be used by community/advocacy partners to promote health in the community. Hybrid course that employs both online preparation and regional travel. Offered: On rotation.

PHLT 475 Addressing Health Inequities (3)

Despite improvements in the overall health of many populations and recent major policy initiatives to ensure better access to health, significant differences in the health and wellness outcomes of different groups remain. For example, income inequality is associated with poorer health outcomes, and efforts to minimize these inequalities have not always been successful at improving the lives of the most vulnerable. In this course, students will 1) describe the patterns of health inequity, distinguishing between key theoretical concepts such as inequality, inequity, and disparities; race and ethnicity; vulnerability and marginalization; 2) explain the macro- and micro-level causes of health inequities in different contexts; and 3) develop and evaluate strategies to address inequities in health access and outcomes. Offered: Fall.

PHLT 499 Public Health Integrative Experience (3)

This course is designed for public health students to integrate, synthesize, and apply knowledge acquired during their coursework through cumulative and experiential activities. All students will complete a cumulative, integrated, scholarly/applied experience that serves as a capstone for the bachelor of science in public health degree. These experiences may include internships, service learning projects, or research papers. Prereqs: PHLT 401 and PHLT 403.

Graduate Programs and Requirements**Degree**

Master of Public Health (M.P.H.)

Master of Public Health (M.P.H.) with a Concentration in
Community Public Health
Nutrition

Joint-Degree

Master of Public Health/Master of Social Work (M.P.H./M.S.W.)

The Department of Public Health offers a master of public health degree with two optional concentrations in community public health and nutrition.

Admission Requirements

1. Possess a baccalaureate degree or higher from an accredited college or university (degree in any field).
2. Obtain a cumulative grade point average of at least 3.00 on a 4.00 scale. If the applicant's GPA is below a 3.00, a GRE or MAT score may be submitted for possible conditional admission (Minimum scores: Verbal: 153; Quantitative: 14; Analytical: 4.0).
3. Achieve a "B" or better in all "major" courses.
4. Submit three letters of reference through the application system. The three required references should be from: a) current or previous professor, b) work supervisor, and c) professional colleague.
5. International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer) or 80 (internet) on the Test of English as a Foreign Language (TOEFL).
6. Submit a Likelive Interview Video: A link will be provided upon submission of the application.
7. Upon acceptance, a non-refundable fee of \$500 is required to secure admission into the program. This fee is applied to the first semester's tuition.

Academic Policies

Students in the M.P.H. program must maintain an overall 3.0 in all graduate work. Graduate students who receive a grade below a B in any required course or who cumulative GPA falls below a 3.00 will be placed on academic probation.

Time Limit

All students must complete the M.P.H. within a period of five years from the academic session of first admission.

Transfer Credit

Up to 12 semester credit hours of appropriate and approved graduate coursework completed at another accredited university may be substituted for program course requirements. Coursework requested to be transferred must have been completed with a grade of at least a B in each course.

M.P.H. Program Outcomes

Students who have completed the M.P.H. degree will be able to demonstrate broad knowledge and skills based in the core areas of public health and will be able to:

- Apply epidemiologic methods to the measurement of disease rates, prevention of infectious diseases, and the development and evaluation of health programs and policies.
- Apply statistical methods of estimation and hypothesis testing and explain the basics of correlation and regression for the purpose of analyzing the health of populations.
- Analyze how environmental contaminants (chemical, physical, and other exposures) interact with biological systems and their effect on human populations for the purpose of evaluating risk reduction strategies.
- Assess the impact on health policy options of social, political, technological, economic, and cultural forces, and apply basic management techniques to address organizational challenges to providing health care.
- Examine public health issues and responses from a social and behavioral sciences perspective and explain social, cultural, political, economic, and behavioral determinants of disparities in health status.
- Demonstrate knowledge and skills for effective practice in selected field of study.

Joint-Degree Program

Master of Public Health/Master of Social Work (M.P.H./M.S.W.)

The M.P.H./M.S.W. joint-degree program, offered in collaboration between the Department of Public Health and the Department of Social Work, both within the School of Public Health, allows students to use credits from each department as part of the other department's degree, thereby reducing the total number of hours for the two degrees combined. Because each program is able to accept courses from the other program to satisfy elective requirements, and because research and internship experiences are shared, time to degree completion is also shortened significantly.

Master of Public Health (M.P.H.)

The master of public health (M.P.H.) degree program prepares students to become leading public health professionals capable of addressing current global health problems through multidisciplinary approaches that apply the latest scientific knowledge. The program is designed for health professionals who wish to expand their skills, knowledge, and expertise, and for students who wish to build a career in public health. The M.P.H. is online, which allows flexibility for working professionals and students concurrently enrolled in other programs at Samford.

Master of Public Health Required Courses	Course Credits	Total Required Credits
Public Health Core		21

Graduate-level public health electives from programs across the University, approved by advisor		
Total Required Credits		42

Master of Public Health w/a Concentration in Community Public Health

The master of public health (M.P.H.) degree program prepares students to become leading public health professionals capable of addressing current health problems through multidisciplinary approaches that apply the latest scientific knowledge. The program is designed for health professionals who wish to expand their skills, knowledge, and expertise, and for students who wish to build a career in public health. The M.P.H. is online, which allows flexibility for working professionals and students concurrently enrolled in other programs at Samford.

The community public health concentration is designed for students who desire to pursue careers in local or global public health. The program emphasizes a social justice approach to health with a focus on the social, economic, and political determinants of health. The curriculum is highly interdisciplinary.

Graduate Courses

PUBLIC HEALTH - GRADUATE

PHLT 500 Health Systems, Organizations, and Policy (3)

This is a required core course for the M.P.H. The course presents selected information, concepts, and methods from the field of public health. Topics concerning the history, organization, economic underpinnings, and services of the public health system, as well as the structure, management and current status of the US and other health care system are discussed. Offered: Fall.

PHLT 501 Introduction to Epidemiology (3)

This is a required core course for the M.P.H. Introduction to Epidemiology is designed for graduate level public health students to learn the basic principles, methods, and applications of epidemiology. Offered: Fall.

PHLT 502 Public Health Foundations (3)

This course will provide graduate and professional students with the foundational knowledge of public health. This will include public health's historical contribution, the core functions of public health, and the social, behavioral, environmental, and biological factors that contribute to specific individual and community health outcomes. Offered: Summer.

PHLT 503 Environmental Health (3)

The science of environmental health touches communities, governments, industry and healthcare, leading to multiple career opportunities for doctors, nurses, engineers, environmental scientists, among many others. This is a required core course for the M.P.H., and covers the concepts of environmental toxicology and epidemiology related to organic, inorganic, and zoonotic toxins and pathogens from water, air, land, and food, including novel exposures. Policy issues, as well as appropriate statistical and risk communication concepts related to the complex interaction between humans and their environment, will be explored. No prerequisites. Offered Spring.

PHLT 504 Biostatistics for Public Health Professionals (3)

This is an introductory biostatistics course to provide foundation and application of statistics in the field of public health. The course provides an overview of various statistical methods used in public health practice and research. Emphasis is on application of appropriate methods and interpretation of results. Examples and problems from public health settings will be included. Various statistical software will be used to analyze data (Excel, SPSS and others), but prior computing experience is not required. Topics covered include methods of summarizing data and estimation and hypothesis testing techniques, including the t-test, the chi-square test, the analysis of variance, correlation analysis, and linear regression. Offered: Summer.

Master of Public Health w/a Concentration in Nutrition

The master of public health (M.P.H.) degree program prepares students to become leading public health professionals capable of addressing current global health problems through multidisciplinary approaches that apply the latest scientific knowledge. The program is designed for health professionals who wish to expand their skills, knowledge, and expertise, and for students who wish to build a career in public health. The M.P.H. is online, which allows flexibility for working professionals and students concurrently enrolled in other programs at Samford.

The nutrition concentration is for students who are enrolled in the Samford Dietetic Internship to apply didactic and practice credit towards the M.P.H.

Master of Public Health with Nutrition Concentration Required Courses		Course Credits	Total Required Credits
Public Health Core			21
PHLT 500	Health Systems, Organizations, and Policy	3	
PHLT 501	Introduction to Epidemiology	3	
PHLT 502	Public Health Foundations	3	
PHLT 504	Biostatistics for Public Health Professionals	3	
PHLT 506	Planning/Mgmt of Public Health Programs	3	
PHLT 608	Leadership for Health Professionals	3	
PHLT 699	Public Health Capstone	3	
Nutrition Concentration			21
NUTR 501	Nutrition Counseling/Wellness Promotion	3	
NUTR 502	Cultivating Nutrition Health: Strategies for Reducing Chronic Disease	3	
NUTR 504	Supervised Practice-Foodservice Sys Mgt	2	
NUTR 505	Supervised Practice-Community Nutrition	2	
NUTR 507	Supervised Practice-Child Nutrition	1	
NUTR 508	Supervised Practice-Lifestyle MNT	1	
NUTR 509	Culminating Dietetic Internship Practicum: Community Nutrition/PH Concentration	3	
NUTR 510	Research Methods/Applications in Dietetics	3	
PHLT elective		3	
Total Required Credits			42

PHLT 506 Planning and Management of Public Health Programs (3)

This course will provide students with practical skills and theoretical understanding to assess the cultural and health needs of a community or population, develop and implement programs to promote the health of populations, and evaluate outcomes. Students will learn to manage programs, budgets, and resources within an organization, and to identify stakeholders and build coalitions and partnerships for influencing public health outcomes. A key component of the course will consist of applied practice experience, in which students will apply these skills to the completion of a relevant service-learning project in a government or nonprofit agency. Offered: Summer.

PHLT 509 Cultural Dimensions of Health (3)

Ethnography is both an approach and a body of knowledge that can help us to understand public health issues from a grassroots, insider perspective. As an approach, it emphasizes the need to understanding people's lives from their own point of view, usually through talking to the people concerned and observing while taking part in some aspect of their lives. As a body of knowledge, ethnography emphasizes culture and its importance for health. In this course, students will learn to gather and interpret data using ethnographic methods, critically appraise the relationships between culture and public health using a range of case studies, and apply skills of bilateral, cross-cultural communication to engage with diverse populations. Offered: Spring.

PHLT 520 Introduction to the Health Care Delivery System (3)

This course facilitates the understanding of the complexity of the health care delivery system. Before recommendations can be made on health policy, one must understand and be able to answer questions relative to who is impacted, what is needed, and why. This course familiarizes the student with the system components of health care delivery to include health policy, population health, medical care delivery, support for medical care delivery, and the future of healthcare delivery. The roles of patients, providers, insurers, and suppliers will be established. Current healthcare policy initiatives will be explored. Cross-listed as MHL 520. Offered: Fall.

PHLT 533 Communication Skills for the Health Professional (3)

There is a strong positive relationship between a healthcare team member's communication skills and a patient's capacity to follow through with medical recommendations, self-manage a chronic medical condition, and adopt preventive health behaviors. Communication skills with the patient, within a team and to the public are essential skills for the health professional. This course will cover interpersonal foundations for human communication, effective patient communication strategies (active listening and motivational interviewing), risk communication, and health communications. This is an elective course for the M.P.H. There are no prerequisites. Offered: Spring.

PHLT 600 Patient Safety and Quality Improvement (3)

Students will become familiar with the principles of a high reliability organization (HRO), Just Culture, and how implementation can transform organizational culture to improve care. The importance of inter-professional relationships and team building to create change and sustain improvement are embedded throughout the course. Students will learn how to apply methods to assess the quality of health care using outcomes data. The student will understand the use of information technology, evidence-based literature to improve quality, and methods for risk assessment and safe system design. Cross-listed as MHL 600. Offered: Spring.

PHLT 601 Global Health Systems (3)

The course examines health care delivery systems internationally and explores contemporary issues affecting the institutions that provide health care and the people who seek health services. Specific attention is paid to the developmental history of national healthcare systems, financing, and delivery infrastructure.

PHLT 602 Management of Global Health Programs (3)

This course is designed to prepare students to manage public health programs worldwide. The course will include the assessment, analysis, and planning of global health programs focusing on the unique challenges. Topics covered will include planning, staffing, teambuilding, evaluation, financial management, leadership, and cultural awareness.

PHLT 603 The Burden of Disease in Developing Countries (3)

This course provides an overview of the current and emerging global health issues and their determinants. Students will identify global patterns of disease (chronic and infectious), and identify evidence-based interventions that have worked to eliminate the burden of disease in selected countries.

PHLT 608 Leadership for Health Professionals (3)

This course prepares health professionals to lead change and the transformation of healthcare organizations, systems, and policy in response to environmental forces. Leadership is a reciprocal influence process between leaders and followers to achieve a shared goal. Students will explore the theoretical foundations of leadership as well as assess their own leadership style/approach. This course will address the importance of interprofessional teams and team dynamics. Students will integrate leadership theory and practice to lead significant change initiatives to enhance patient, community, organizational, system, and/or policy outcomes. Offered: Fall.

PHLT 610 Strategic Management of Healthcare (3)

This course focuses on the three major aspects of strategic management—strategy formulation, strategy implementation, and strategy control. Additionally, a comparison of ten schools of strategic management is explored, along with a categorization of the essential characteristics of strategic planning. Cross-listed as MHL 610. Offered: Summer.

PHLT 638 Public Health and Aging (3)

Exploration of current problems of the elderly, introduction to broad principles of health promotion for the elderly, and review of model health promotion programs. Upon completion of this course, the student will be able to demonstrate knowledge of the special health issues related to the elderly population and appropriate health promotion activities.

PHLT 695 Public Health Internship (3)

The internship provides an opportunity for each student to work in a public health setting in a position that carries responsibility and is of particular interest. Each placement is different, but all depend upon completion of core courses, the ability to work with minimal supervision, and acquiring permission of the student's SOPH advisor and on-site preceptor/supervisor. The M.P.H. is a professional degree that prepares individuals to develop basic public health skills. The Council on Education for Public Health (CEPH), our accrediting agency, requires that each M.P.H. student be able to demonstrate the application of these concepts through an internship experience that is relevant to his or her area of specialization. This experience must be appropriately planned, supervised, and evaluated. Students should have completed the core classes before registering for an internship, so that usually means internships are performed in the summer of the first year at the earliest. Grading is pass/fail. Prereqs: PHLT 500, 501, 502, 503, and 504. Offered: Fall.

PHLT 699 Public Health Capstone (3)

The M.P.H. Capstone course is designed to provide a culminating highly interactive experience for students and to allow for the synthesis and application of public health competencies in situations simulating the actual practice of public health. Competencies to be reinforced include leadership, systems thinking, communication, the basic public health sciences, analytical skills applied to public health problems, public health policy development and program planning, ethical issues in public health, professionalism, financial planning and management, and the skills to work in the setting of diverse cultures. Prereqs: PHLT 500, 501, 502, 503, and 504. Offered: Fall, Spring, and Summer.

Social Work

David Cecil, Interim Chair, Associate Professor
 Christson Adedoyin, Associate Professor
 Rachel Copeland, Assistant Professor
 Rachel Hagues, Assistant Professor
 Jean Roberson, Instructor and Director of Field Education

Accreditation

The master of social work program (M.S.W.) was admitted to accreditation candidacy by the Council on Social Work Education (CSWE) in June 2015 and is currently pursuing full accreditation. Students who graduate from an M.S.W. program in candidacy with CSWE are license eligible in Alabama. Licensing laws vary by state, so it is important to be informed about the licensure requirements of the state in which you plan to practice.

Graduate Programs and Requirements

Degrees

Master of Social Work (M.S.W.)
 Fast Track Master of Social Work (M.S.W.)

Joint-Degree

Master of Social Work/Master of Arts in Theological Studies (M.S.W./M.A.T.S.)
 Master of Social Work/Master of Divinity (M.S.W./M.Div.)
 Master of Social Work/Master of Public Health (M.S.W./M.P.H.)

The Department of Social Work offers a master of social work (M.S.W.), as well as a fast track version for students pursuing one of six selected undergraduate majors. The program prepares graduates for advanced social work practice and includes concentrations in clinical social work and global community development. The program may be completed in two years of full-time study or three years of part-time study. An advanced standing option will allow individuals who hold a baccalaureate degree in social work from a program accredited by the Council on Social Work Education to complete the M.S.W. program in one year of full-time study or two years of part-time study.

Master of Social Work (M.S.W.) Program Admission Criteria

Individuals who do not possess a bachelor's degree in social work must meet the following criteria:

1. Applicants must hold an earned bachelor's degree from a college or university accredited by a recognized regional accrediting association. Please note: A completed bachelor's degree, as evidenced by an official college/university transcript, is required prior to enrollment in the M.S.W. Program. Applicants may receive conditional acceptance into the M.S.W. Program by submitting a transcript that demonstrates that they are enrolled in their final semester of undergraduate coursework. The conditional status is removed upon receipt of an official transcript demonstrating that the baccalaureate degree has been completed.
2. Applicants must have a cumulative grade point average of at least 3.00 on a 4.00 scale or a minimum of a 3.20 GPA during their last 60 hours of undergraduate coursework. Applicants who have a GPA of at least 2.80 may submit an application for consideration with an MAT or GRE score. Potential applicants who have a GPA lower than 2.80 may request an exception to the GPA requirement. Such requests must be made in writing to the M.S.W. Program Director. All requests will be reviewed by the admission committee. GRE or MAT scores and additional supporting documentation of the applicant's potential for success as a graduate student must be submitted with the request for an exception to the GPA requirement.
3. The GRE or MAT is not required; however, an applicant who does not meet the GPA requirement may submit an acceptable GRE or MAT score for admission consideration. Acceptable scores are as follows:
 - a. MAT: 402
 - b. GRE: Verbal: 153; Quantitative: 144; Analytical: 4.0

- Candidates who do not meet the GPA requirement (i.e., a 3.00 cumulative GPA or a 3.20 GPA for the final 60 hours of undergraduate coursework) are admitted conditionally and must earn a grade of B- or higher in their first semester of M.S.W. Program courses in order to move from conditional status to full acceptance status. Students who earn a grade lower than a B- in any of their first semester M.S.W. Program courses will be terminated from the social work program. Students who are terminated from conditional admission status may follow the grievance procedure outlined in the student handbook to appeal their termination.

Individuals who have earned a bachelor's degree in social work and are applying for Advanced Standing status must meet the following criteria:

- Applicants must hold a baccalaureate social work degree from a program accredited by the Council on Social Work Education (CSWE), recognized through CSWE's International Social Work Degree Recognition and Evaluation Service, or covered under a memorandum of understanding with international social work accreditors. Please note: A completed bachelor's degree in social work, as evidenced by an official college/university transcript, is required prior to enrollment. Applicants may receive conditional acceptance into the M.S.W. Program by submitting a transcript that demonstrates that they are enrolled in their final semester of undergraduate coursework. The conditional status is removed upon receipt of an official transcript demonstrating that the baccalaureate degree has been completed.
- Applicants must have a cumulative grade point average of at least 3.00 on a 4.00 scale or a minimum of a 3.20 GPA during their last 60 hours of undergraduate coursework.
- Applicants must have received a grade of B- or higher in all required undergraduate social work courses. Please note: Applicants with a grade lower than B- in no more than two social work courses may apply for Advanced Standing. If accepted, these students will be required to complete analogous courses in the Samford University M.S.W. Program with a grade of B- or higher. These courses will be required in addition to all courses required for Advanced Standing and may not be substituted for required M.S.W. courses or for required M.S.W. Program electives. Applicants who have more than two courses with grades lower than B- are not eligible for Advanced Standing, but may apply for admission to the full M.S.W. Program if they meet the admission criteria.

All applicants must:

- Submit three letters of reference through the online application system. The three required reference letters should be from a current or previous professor, a work supervisor, and a professional colleague.
- Complete a LikeLive Video Submission. LikeLive is an online video interview platform that enables applicants to record a video of their responses to standardized interview questions. Applicant videos are reviewed by the admission committee and used to make final decisions regarding admission to the M.S.W. Program. A link to the LikeLive site will be provided upon receipt of the application.
- Have completed an undergraduate level statistics class with a grade of C or higher. Applicants who have not completed a statistics course may receive conditional acceptance. Such applicants will be required to submit evidence of completion of a statistics course prior to enrollment in the program.

English Proficiency Requirement

International applicants or American citizens who learned English as a second language must score at least 550 (paper), 213 (computer), or 80 (internet) on the Test of English as a Foreign Language (TOEFL).

Transfer Policy

Students may transfer up to 12 credits of Foundation Sequence coursework from a CSWE-accredited M.S.W. program. Students must submit the course syllabus for the actual course they completed (a syllabus from the same course offered in a different term or format is not acceptable) via an online submission form. The course syllabus and request for transfer credit will be reviewed by the instructor of the analogous Samford M.S.W. Program course and by the M.S.W. Program director, who will make the final decision regarding awarding transfer credit. Students who are requesting transfer credit may make this request during the application process or immediately after they are admitted to the program. Transfer credit may be requested for any course in the Foundation Sequence.

No Credit for Life Experience or Work Experience

The Samford University M.S.W. Program does not award academic credit for life experience or previous work experience.

Time Limit

All students must complete the M.S.W. Program within a period of six years from the academic session of first admission.

Progression Policy

In order to progress in the M.S.W. Program, the student must:

- Have a completed Health Data Record (with all required immunizations) updated annually and on file in University Health Services and the Department of Social Work.
- Carry health insurance while enrolled at Samford. M.S.W. students are required to provide proof of current personal health insurance coverage. Each semester, M.S.W. students are automatically enrolled in the University-sponsored student health insurance plan. There is a charge for this coverage. To have the charge removed from his/her Samford account, a student must provide proof of insurance by completing the insurance waiver at <http://www.studentinsurance.com/Schools/AL/SU/?CollegeID=217>
- Adhere to the Code of Ethical/Professional Conduct as specified in the Samford University Catalog.
- Submit to background check and random drug testing.
- Earn a grade of "B-" or better in each required or prescribed course in the M.S.W. program. NOTE: a grade of "C" or "F" constitutes a failure in any prescribed or required course in the MSN program.
- Maintain a cumulative 3.00 GPA and may not earn a grade below B- in any course to progress in the curriculum.

Students may not receive any grades lower than B- for social work courses or electives. Courses with grades lower than B- may be re-taken one time. When a course is retaken, both grades remain on the transcript and both are used in calculating the student's Grade Point Average (GPA). Students must maintain a GPA of 3.00 or higher and may not re-take more than two courses during their M.S.W. studies. Students whose GPA falls below 3.00 will be placed on academic probation and will not be able to take more than three courses. Students who remain on academic probation for more than two semesters and students who receive a grade lower than B- in more than two courses will be terminated from the M.S.W. program. Students retain the right to appeal termination decisions via the grievance procedure outlined in the M.S.W. Program Student Handbook.

International Students

Based upon federal regulations and University policy, all F and J visa holders are required to carry insurance that meets certain coverage requirements. Information about specific policy carriers' minimum coverage, and premium costs is available from the Global Engagement Office at (205) 726-4334.

Joint-Degree Programs

Master of Social Work/Master of Arts in Theological Studies (M.S.W./M.A.T.S.)

The M.S.W./M.A.T.S. joint-degree program, offered in collaboration between the School of Public Health and the Beeson School of Divinity, allows students to use credits from each school as part of the other school's degree, thereby reducing the total number of hours for the two degrees combined by 12. This 88-hour program takes approximately three years to complete. Students must complete at least 24 hours in the M.A.T.S. program before beginning work in the M.S.W. program. This requirement constitutes one year of full-time study in the Divinity School. Students must apply for admission to each school separately. This joint program will prepare students for ministry in settings that require theological training as well as knowledge and skills related to social service provision.

Master of Social Work/Master of Divinity (M.S.W./M.Div.)

The M.S.W./M.Div. joint-degree program, offered in collaboration between the School of Public Health and the Beeson School of Divinity, allows students to use credits from each school as part of the other school's degree, thereby reducing the total number of hours for the two degrees combined by 18. In addition, students in the M.Div./M.S.W. program are eligible to complete the required internships for both programs simultaneously in an approved church or ministry setting. Although this option does not further lower the credit requirement for either program, it does allow students to save time by completing two internship requirements simultaneously. This 135-hour program takes four to five years to complete. Students must complete at least 24 hours in the M.Div. program before beginning work in the M.S.W. program. This requirement constitutes one year of full-time study in the Divinity School. Students must apply for admission to each school separately. This joint program will prepare students for ministry in settings that require extensive theological training as well as knowledge and skills related to social service provision.

Master of Social Work/Master of Public Health (M.S.W./M.P.H.)

The M.S.W./M.P.H. joint-degree program, offered in collaboration between the Department of Social Work and the Department of Public Health, both within the School of Public Health, allows students to use credits from each department as part of the other department's degree, thereby reducing the total number of hours for the two degrees combined. Because each program is able to accept courses from the other program to satisfy elective requirements, and because research and internship experiences are shared, time to degree completion is also shortened significantly.

Graduate Courses

SOCIAL WORK**SOWK 501 Foundations of Social Work (3)**

This course provides students with an introduction to the social work profession. The course emphasizes theories of human behavior and the social environment. The course also includes content on the integration of faith and social work practice, fields of social work practice, and professional identity. Offered: Fall.

SOWK 502 Social Work Practice I: Individuals (3)

This course provides students with an overview of social work practice and introduces students to the Generalist Intervention Model (GIM) (Kirst-Ashman and Hull, 2009), a planned change model that divides direct social work practice into seven categories or stages: 1) Engagement, 2) Assessment, 3) Planning, 4) Implementation, 5) Evaluation, 6) Termination, 7) Follow up. The Practice I course applies the GIM to social work practice with individual clients. Offered: Fall.

SOWK 503 Human Rights, Social Justice, and Social Work Ethics (3)

This course introduces students to the values that serve as a foundation for professional social work practice. The course incorporates a human rights perspective that emphasizes the dignity and worth of all people, as well as a social justice perspective that prioritizes the importance of equitable and just social structures. The course also introduces students to professional social work values, as exemplified in the National Association of Social Workers' Code of Ethics, as well as various legal and regulatory codes. Students are also trained to recognize and resolve ethical dilemmas. Prereqs/Co-reqs: SOWK 501 and SOWK 502. Offered: Fall.

SOWK 504 Social Welfare Policy (3)

This course examines the historical and philosophical foundations of the modern welfare state, and explores current social welfare policy issues. The course examines social welfare policy from a global perspective by comparing US social welfare policy approaches to approaches utilized in other nations. The course also prepares students to engage in effective policy analysis and advocacy. Prereq/Co-req: SOWK 503. Offered: Fall.

SOWK 505 Field Placement I (3)

This course involves a 200-hour field placement at a social service agency, as well as a one-hour per week field placement seminar. Field Placement I emphasizes development of advanced generalist social work practice skills. Prereqs/Co-reqs: SOWK 501 and SOWK 502. Offered: Fall.

Master of Social Work (M.S.W.)

The master of social work program (M.S.W.) prepares graduates for advanced social work practice. The program offers concentrations in clinical social work and global community development. The clinical social work concentration prepares graduates to serve as counselors, psychotherapists, or case managers, or in similar positions that provide social services to individuals, families, and/or small groups. The global community development concentration prepares graduates to address large-scale systemic challenges, such as homelessness, hunger, poverty, human trafficking, and access to healthcare.

SOWK 552	Global Poverty: Responses-Cultures	3	
Total Required Credits			60

* All Field Placement courses include a Field Seminar, which meets 1 hour/week.

** Please note: The program allows flexibility in time to completion. Advanced Standing students (i.e., students who hold a baccalaureate degree in social work from a program that is accredited by the Council on Social Work Education) may waive the first year of the program, complete the Advanced Standing Seminar bridge course, and complete the program in one year of full-time study or two years of part-time study. Non-Advanced Standing students may complete the program in two years of full-time study or three years of part-time study. The Advanced Standing Seminar is available in the summer.

Fast Track Master of Social Work

The department also offers a Fast Track Master of Social Work Program that allows students who are enrolled in the final year of an undergraduate program of study at Samford to complete courses from the Foundation Sequence of the M.S.W. Program (i.e., the first full year of the program) in place of undergraduate elective courses and/or in lieu of similar courses* required by their undergraduate program of study. Such students retain their undergraduate status and are not admitted to the M.S.W. Program, nor are they guaranteed admission to the M.S.W. Program in the future. These students may apply for entry into the Samford University M.S.W. Program by following the standard application procedure required of all prospective students. After their undergraduate degree has been awarded, qualified students may be admitted into the M.S.W. program. These students may be permitted to transfer up to 30 Foundation Sequence M.S.W. course credits completed during the final year of undergraduate studies into the M.S.W. Program. In order to be eligible for this fast track program, students must have received a grade of "B-" or higher for each course they wish to transfer.** Students must be pre-approved by the directors of both their undergraduate program of study and the M.S.W. Program prior to enrolling in graduate-level courses. The pre-approval of both directors is necessary in order to ensure that students who participate in this program have the academic ability and background necessary to succeed in the courses.

*Substitution of M.S.W. courses for required undergraduate courses must be pre-approved by the undergraduate program in which a student is enrolled.

** Students may apply for entry into the M.S.W. program if they have received a grade lower than a "B-" in no more than two courses. However, credits for courses in which a student's grade was lower than a "B-" will not transfer into the M.S.W. program. In such cases, students must retake the courses in which they earned a grade lower than "B-." These courses may be retaken after admission to the M.S.W. program.

Undergraduate Majors Eligible for the Fast Track M.S.W.

- Foods and Nutrition
- Global Studies
- Health Sciences
- Human Development and Family Science
- Psychology
- Religion
- Sociology

It's recommended that students interested in the Fast Track Program get the process started as soon as possible. Students should complete the Interest Form first (available at <https://fs2.formsite.com/ivmson/form34/index.html>), so that department advisors can help students get on/stay on track. During the junior year, students should complete the program Approval Form (available at <https://fs2.formsite.com/ivmson/form32/index.html>) in order to request permission to enroll in M.S.W. courses during their senior year.

* All Field Placement courses include a Field Seminar, which meets 1 hour/week.

** General Elective credits vary depending on the major. The 30 credits of foundation-al social work courses can apply towards and help fulfill the General Electives requirement of the student's undergraduate degree. However, substitution of M.S.W. courses for required undergraduate courses must be pre-approved by the student's advisor/department.

SOWK 613 Field Placement IV (Clinical Social Work)*	3	
Global Community Development Conc (6 Crds):		
SOWK 612 Global Community Devl Spec Seminar	3	
SOWK 614 Field Placement IV (Global Comm Devl)*	3	
Social Work Electives (choose one)		3
Year 5, Summer		
SOWK 550 Substance Abuse Assess/Treatment	3	
SOWK 551 Congregational Social Work	3	
SOWK 552 Global Poverty: Responses-Cultures	3	
Total Required Credits		60

SOWK 506 Social Work Research (3)

This course introduces students to both qualitative and quantitative approaches to social science research. Course content includes the development of research questions and problems, the selection of a methodological approach appropriate for the research problem, hypothesis formation, research design, instrumentation, sample selection, data collection, data analysis, and the presentation of results and findings. The course also includes content related to research ethics and protection of research participants. Offered: Spring.

SOWK 507 Social Work Practice II: Families and Groups (3)

This course builds on the Social Work Practice I course (SOWK 502) by applying the Kirst-Ashman and Hull (2009) Generalist Intervention Model (GIM) (engagement, assessment, planning, implementation, evaluation, termination, and follow up) to social work practice with families and groups. Prereq: SOWK 502. Offered: Spring.

SOWK 508 Social Work Practice III: Communities and Organizations (3)

This course builds on the Social Work Practice I course (SOWK 502) by applying the Kirst-Ashman and Hull (2009) Generalist Intervention Model (GIM) (engagement, assessment, planning, implementation, evaluation, termination, and follow up) to social work practice with communities and organizations. Prereq: SOWK 502. Offered: Spring.

SOWK 509 Diversity and Multicultural Social Work Practice (3)

This course introduces students to the various dimensions of human diversity and discusses the links between minority status and oppression and disenfranchisement. The course emphasizes culturally sensitive social work practice. An anti-oppressive practice approach is used to frame multicultural social work practice. Offered: Spring.

SOWK 510 Field Placement II (3)

This course involves a 200-hour field placement at a social service agency (which typically takes place at the same field placement site as Field Placement I, SOWK 505), as well as a one-hour per week field placement seminar. Field Placement II emphasizes continued development of advanced generalist social work practice skills. Prereq: SOWK 505. Offered: Spring.

SOWK 550 Substance Abuse Assessment and Treatment (3)

This elective course examines various substances of abuse and provides training in the assessment, diagnosis, and treatment of substance abuse disorders. Offered: As needed.

SOWK 551 Congregational Social Work (3)

This elective course examines the church congregation as a context for social work practice, identifying the roles and skills necessary for effective practice. This course examines congregational social work practice in the context of the church's historical role in social service provision and current practices in church social work. Special emphasis is given to missions partnerships as both an expression of and a tool for congregational social work. Offered: As needed.

SOWK 552 Global Poverty: Responses Across Cultures (3)

This course examines poverty in various non-Western cultures and covers the nature, scope, and distribution of poverty; definitions of poverty; common characteristics of the poor; as well as cultural traditions and folkways which contribute to the problem. This course also examines social welfare/social work responses, and faith-based models in addressing the problems of global poverty. Offered: As needed.

SOWK 553 Family Policy (3)

This elective course examines the relevance of government and business policies to the lives of children and families. The course also prepares students to assess the influence of policies using criteria drawn from social work and related fields. Offered: Spring and Summer, on rotation.

SOWK 590 Special Topics in Social Work (3)

This elective course explores a unique aspect of the social work profession that is not the focus of an existing course. Topics are selected based on faculty and/or student interest. Offered: Spring and Summer, on rotation.

SOWK 599 Independent Study (MSW Program) (1-3)

This elective course provides students the opportunity to explore a topic of interest under the direction of a faculty member. The course also offers students an opportunity to participate in research projects under the direction of a faculty member. Prior to the beginning of the independent study experience, the student taking the course and the faculty member supervising it must agree upon an individualized plan of study. The course may be configured to award one, two, or three credits, based on the workload associated with the individualized plan. Course may be repeated for a maximum of 6 credits. Offered: Fall, Spring, and Summer.

SOWK 600 Advanced Standing Seminar (3)

This course links the knowledge and skills gained during students' undergraduate social work education to advanced, master's-level social work practice. The seminar provides a review of essential Foundation Sequence content areas, with a special focus on social work research in order to prepare students to participate in the Advanced Research Seminar (SOWK 601) in the Concentration sequence. The seminar also provides students with an orientation to the distinctive aspects of the Samford MSW Program. Prereq: Advanced Standing status. Offered: Summer.

SOWK 601 Advanced Research Seminar (3)

This course prepares students to design a research project in collaboration with a community-based organization or group. Students develop a research project designed to address the needs of a social service organization or community group. Each student produces a research proposal and an internal review board proposal by the end of the course. The course instructor serves as a consultant to students and assists them in developing a rigorous and realistic research project. Offered: Fall.

SOWK 602 Models and Theories of Clinical Social Work Practice (3)

This course reviews the primary theories used for clinical practice and also reviews empirical support for each theory. The course also presents an integrative model wherein practitioners select theories based on client needs and utilize multiple theories simultaneously, as necessary due to client needs. Offered: Fall and Summer.

SOWK 603 Models and Theories of Global Community Development (3)

This course reviews the primary theories used for community development work by macro-level social work practitioners. The course also examines the appropriateness of theoretical models for use in the cross-cultural practice contexts in which community development work often takes place. Offered: Fall and Summer.

SOWK 604 Psychopathology (3)

This course examines the various types of mental illness and trains students in DSM-5 diagnosis. The course also examines alternative diagnostic models (including the International Classification of Diseases or ICD), criticism regarding the development and utilization of the DSM, and ethical issues related to diagnosing mental health conditions. Prereq/Co-req: SOWK 602. Offered: Fall.

SOWK 605 Current Issues in Global Community Development (3)

This course examines specific issues and problems related to community development in the US and throughout the world. These issues and needs are analyzed via the social work knowledge base. Prereq/Co-req: SOWK 603. Offered: Fall.

SOWK 608 Field Placement III (Clinical Social Work Concentration) (3)

This course involves a 250-hour clinical field placement, as well as a one-hour per week field placement seminar. Field Placement III emphasizes development of advanced clinical social work practice skills. Offered: Fall.

SOWK 609 Field Placement III (Global Community Development Concentration) (3)

This course involves a 250-hour community development field placement, as well as a one-hour per week field placement seminar. Field Placement III emphasizes development of advanced community development practice skills. Offered: Fall.

SOWK 610 Applied Research Project (3)

During this course, students conduct the research project that was designed during the Advanced Research Seminar course (SOWK 601, which is typically completed during the previous semester). The course focuses on data collection, data analysis, interpretation of results, and presentation of findings. The instructor serves as a mentor and consultant for the various research projects. Prereq: SOWK 601. Offered: Spring.

SOWK 611 Clinical Specialization Seminar (3)

This course requires students to identify a clinical social work subfield as an area of specialization and to develop further expertise related to their chosen subfield. Prereq: SOWK 602 and SOWK 604. Offered: Spring.

SOWK 612 Global Community Development Specialization Seminar (3)

This course requires students to identify a community development subfield as an area of specialization and to develop further expertise related to their chosen subfield. Prereq: SOWK 603 and SOWK 605. Offered: Spring.

SOWK 613 Field Placement IV (Clinical Social Work Concentration) (3)

This course involves a 250-hour clinical field placement (which typically takes place at the same field placement site as Field Placement III, SOWK 608), as well as a one-hour per week field placement seminar. Field Placement IV emphasizes continued development of advanced clinical social work practice skills. Prereq: SOWK 608. Offered: Spring.

SOWK 614 Field Placement IV (Global Community Development Concentration) (3)

This course involves a 250-hour community development field placement (typically at the same site as Field Placement III, SOWK 609), as well as a one-hour per week field placement seminar. Field Placement III emphasizes continued development of advanced community development practice skills. Prereq: SOWK 609. Offered: Spring.

SOWK 615 Faith Perspectives on Social Work Practice (3)

This course examines the role of religion and spirituality in social work practice. The following topics are examined in the course: the role of spirituality and religion in the establishment of the social work profession, the profession's historical and current relationship to religion and spirituality, understanding religion/spirituality as a metanarrative for some clients, use of spiritual interventions, empirical support for spiritual interventions, toxic faith, spirituality/religion as a protective factor, areas of religious/spiritual tension in social work practice, potential ethical dilemmas related to faith integration, spiritual/religious perspectives on clinical social work, and faith-based approaches to community development. Offered: Fall and Summer.

Grace L. Simms, Information Technology Librarian

History

Cumberland School of Law, founded in 1847 as part of Cumberland University in Lebanon, Tennessee, was acquired by Howard College, now Samford University, in 1961.

Accreditation

Cumberland School of Law has been accredited by the American Bar Association since 1949 and has been a member of the Association of American Law Schools since 1952.

The master of science in health law and policy is accredited by the Compliance Certification Board (CCB)®. However, this program is not accredited by the American Bar Association, nor are students eligible to sit for the bar examination upon completion. See the Master of Science section on the next page for more information.

Graduate Programs and Requirements

Degrees

Juris Doctor (J.D.)
Law
Master of Comparative Law (M.C.L.)
Master of Science (M.S.)
Health Law and Policy

Joint-Degrees

Juris Doctor/Master of Accountancy (J.D./M.Acc.)
Juris Doctor/Master of Arts in Theological Studies (J.D./M.A.T.S.)
Juris Doctor/Master of Business Administration (J.D./M.B.A.)
Juris Doctor/Master of Divinity (J.D./M.Div.)
Juris Doctor/Master of Public Administration (J.D./M.P.A.)*
Juris Doctor/Master of Public Health (J.D./M.P.H.)*
Juris Doctor/Master of Science (Bioethics) (J.D./M.S.）**
Juris Doctor/Master of Science in Environmental Management (J.D./M.S.E.M.)

* In cooperation with the University of Alabama at Birmingham.

** In cooperation with Albany Medical College, New York.

Cumberland School of Law offers three degree programs and one certificate program. The core program is a 90-credit course of study leading to a juris doctor (J.D.) degree. In addition to the J.D. program, the Law School offers a master of comparative law (M.C.L.), a master of science in health law and policy (M.S.), a certificate in paralegal studies, and a paralegal studies minor. The Law School also sponsors eight joint-degree programs in connection with the J.D. degree. More information about these programs is available on the law school's website, <http://samford.edu/cumberlandlaw>.

Juris Doctor

Cumberland School of Law offers a J.D. program that prepares students for satisfying and rewarding careers in the law. Most Cumberland graduates become practicing attorneys, but many choose public service, business, or other careers for which the study of law provides a good foundation. Many Cumberland graduates settle in the Southeast, but the school has alumni living and working in more than 46 states and a number of foreign countries.

The environment is both challenging and nurturing. Cumberland offers everything required for a first-rate legal education. The faculty are drawn from two dozen of the country's best law schools. They bring to the classroom a rich mix of academic achievement, experience in the practice of law, and public service. They are committed to excellence in the classroom. They also produce an impressive amount of scholarship, ranging from the practical to the theoretical. The size of the school and a low student/faculty ratio facilitate meaningful interaction between the students and the faculty.

The beautiful Samford campus provides an environment most conducive to the study of law. In particular, the School of Law benefits from its state-of-the-art research facility, the Lucille Stewart Beeson Law Library.

The school enjoys a cordial relationship with the outstanding bench and bar in Birmingham and throughout the Southeast. Each year, Cumberland hosts a number of events, bringing to campus some of the country's leading lawyers, judges, and legal academics to share their experiences and ideas with students and faculty. The school supports numerous activities, journals, moot courts, trial competitions, and student organizations focused on particular areas of the law or public policy, which enrich the quality of life at the school and help equip students for the professional lives awaiting them on graduation.

For additional information, you may contact our admissions office:

Office of Admission
Cumberland School of Law
Samford University
Birmingham, Alabama 35229
Tel: (205)726-2702 or (800)888-7213
E-mail: law.admissions@samford.edu

Master of Comparative Law

The M.C.L. program is a graduate law program. Enrollment is limited to students who have earned their first law degree outside the United States. For further information about this program, please contact Professor Michael D. Floyd, the program director. More information is available at the law school's website: <http://samford.edu/cumberlandlaw>.

Master of Science

The Cumberland School of Law offers an online master of science degree (M.S.) in health law and policy, a 32-credit, non-thesis program. Through this program, professionals in the fields of compliance, human resources, insurance, and healthcare administration will gain a marketable expertise in the increasingly complex world of health law and policy.

Admission Requirements

1. 3.00 undergraduate GPA from regionally accredited institution.
2. Two letters of recommendation from faculty or supervisor.
3. Personal statement indicating career plans and likelihood of success in graduate study.

International Students

Samford University welcomes applications from international students. Please make note of the following if you are applying from outside the United States:

- All transcripts from institutions outside the United States must be evaluated by World Educational Services (WES) or Education Credential Evaluators (ECE). Those evaluations must then be sent to our office at the above address by the evaluating agency. Transcripts must indicate the successful completion of a bachelor's degree-equivalent program.
- Students from countries in which English is not the primary language and who have not earned a bachelor's degree-equivalent from an English-language institution must satisfy one of the following requirements for English language proficiency:
 - o iBT TOEFL: Total score of 90, minimum 20 on each sub-sector
 - o IELTS: 7.0, minimum 6.0 on each sub-score

Good Standing and Academic Progression

The minimum acceptable grade in this program is a C. If a student earns a D, he/she must repeat the course, and it must be repeated in the next term offering. If a C (2.0) or better is not earned the second time, the student's participation in the program is terminated. If a student earns an F in any course, the student's participation in the program is terminated.

To maintain a status of good standing, students must carry a cumulative GPA of 3.00 or better in all courses completed in the master of science in health law and policy. Students must complete their degree within seven academic years of the original date of matriculation.

Dismissal and Probation

If a student's cumulative GPA falls below 3.00, the student is placed on academic probation and is required to show improvement in the GPA in the next semester. If a student on probation does not improve his/her GPA in the next semester, the student will be required to withdraw from the program.

Transfer Credit

Due to accreditation-related curriculum requirements, transfer credit will not be accepted except under extraordinary circumstances. Students with questions relating to the transfer of graduate level coursework should contact the managing director.

Time-to-Degree Completion Plan

Two years of part time study are necessary to complete the degree.

Accreditation

The master of science in health law and policy is accredited by the Compliance Certification Board (CCB)®. Graduates of the program will be eligible to sit for any of the following credentialing exams offered by the Compliance Certification Board: Healthcare Compliance (CHC)™, Healthcare Research Compliance (CHRC)®, Healthcare Privacy Compliance (CHPC)®, and Compliance and Ethics Professional (CCEP)®. The master of science in health law and policy is not accredited by the American Bar Association, nor are students eligible to sit for the bar examination upon completion of the program.

Master of Science: Health Law and Policy (M.S.)

Through the online master of science in health law and policy, professionals in the fields of compliance, human resources, insurance, and healthcare administration will gain a marketable expertise in the increasingly complex world of health law and policy. Offered through Samford University's Cumberland School of Law, this program includes coursework in health law, regulatory affairs, public policy, insurance, and healthcare administration, with a particular emphasis on healthcare compliance. Experienced faculty from both Cumberland School of Law and Samford University's College of Health Sciences participate in the program.

The table below lists the courses required in order to fulfil degree requirements. The program does not offer any electives. The coursework will be completed in sequence and students will progress as a cohort.

Master of Science: Health Law and Policy Required Courses		Course Credits	Total Required Credits
Health Law and Policy			32
MHLP 510	Introduction to Law and Public Policy	3	
MHLP 520	Intro to the Health Care Delivery System	3	
MHLP 530	Healthcare Compliance: Laws/Regulation	3	
MHLP 540	Health Insurance	3	
MHLP 550	Healthcare Compliance: Programs/Policies	3	
MHLP 560	Corporate Ethics in Healthcare	2	
MHLP 570	Healthcare Privacy and Security	3	
MHLP 580	Healthcare Compliance: Investigating, Auditing, Monitoring	3	
MHLP 590	Healthcare Finance	3	
MHLP 600	Patient Safety and Quality Improvement	3	
MHLP 610	Strategic Management of Healthcare	3	
Total Required Credits			32

Courses for Health Law and Policy

Not all Law courses are listed below. Use the following link to see a list of courses applicable to the juris doctor and master of comparative law programs: <https://www.samford.edu/cumberlandlaw/courses>.

HEALTH LAW AND POLICY

MHLP 510 Introduction to Law and Public Policy (3)

Introduction to the American legal system, including its constitutional structures (both as originally conceived and as evolving over time), the "common law" of property, contract, and tort/criminal law; and the rise of legislative and regulatory government. Also covered is the nature of the public policy process. Offered: Fall.

MHLP 520 Introduction to the Health Care Delivery System (3)

This course facilitates the understanding of the complexity of the healthcare delivery system. Before recommendations can be made on health policy, one must understand and be able to answer questions relative to who is impacted, what is needed, and why. This course familiarizes the student with the system components of healthcare delivery to include health policy, population health, medical care delivery, support for medical care delivery, and the future of healthcare delivery. The roles of patients, providers, insurers, and suppliers will be established. Current healthcare policy initiatives will be explored. Cross-listed as PHLT 520. Offered: Spring.

MHLP 530 Healthcare Compliance: Laws and Regulations (3)

This course provides students with an in-depth understanding of the laws and regulations applicable to healthcare organizations, the agencies and organizations that create policy and enforce compliance, and the penalties for noncompliance. Specifically, the False Claims Act, Stark Law, Anti-Kickback Statute, Affordable Care Act, CMS regulations, federal income tax, and antitrust statutes will be discussed. An overview of the Federal Sentencing Guidelines and the seven elements of compliance programs will serve as a backdrop for this study of the law. Students will apply their knowledge of these laws and regulations to case studies covering a wide variety of healthcare settings. Offered: Spring.

MHLP 540 Health Insurance (3)

An overview of health insurance, health insurance regulation, state health reform efforts, and recent proposals in Congress to reform the health care system. The history of the development of health insurance and its theoretical basis, moral hazard, and adverse selection will be examined with an emphasis on economics. The role of managed care and employer sponsored health insurance will be discussed. Government regulation of insurance and the Medicare and Medicaid programs will also be reviewed. A significant part of the course will focus on the impact of the Affordable Care Act on private health insurance markets. Offered: Spring.

MHLP 550 Healthcare Compliance: Programs and Policies (3)

This course will allow students to apply the knowledge of compliance laws and regulations gained during MHLP 530 to the process of compliance program development. Using case studies and real word scenarios, students will have the opportunity to analyze and respond to compliance issues faced by a variety of healthcare settings that can then be applied to the student's own organization. Students will work in groups to create a compliance program for a fictional company. Prereq: MHLP 530. Offered: Summer.

MHLP 560 Corporate Ethics in Healthcare (2)

This course is divided into two parts: (1) an exploration of justice in healthcare including issues related to access to healthcare and allocation of resources based on economic evaluation or bedside rationing; and (2) a problem-based approach to common legal and ethical issues encountered by the management team of a healthcare corporation. The first part of the course will be covered during a live long weekend session at the beginning of the summer term. The second part will be covered entirely online during a ten-week summer session. Offered: Summer.

MHLP 570 Healthcare Privacy and Security (3)

An overview of federal and state health privacy and security laws and regulations including HIPAA and HITECH will be provided with special emphasis on regulatory compliance. HIPAA privacy and security risks, standards and risk management will be reviewed. Security incidents and the breach notification rule will be discussed. Audit controls, integrity, and authentication are also reviewed. Tort liability for unauthorized disclosure will be reviewed along with tort liability for the failure to disclose to information about a dangerous patient to third parties. A significant part of the course will focus on the impact of the transition to Electronic Health Records. Offered: Fall.

MHLP 580 Healthcare Compliance: Investigating, Auditing, Monitoring (3)

This course offers a comprehensive guide to investigating, auditing, and monitoring through the lens of the healthcare compliance officer. Students will learn the practical skills necessary to perform internal investigations, develop procedures for responding to external investigations, and learn when to involve legal counsel in the process. Students will also learn strategies and resources for effective audits and monitoring and how those processes and procedures can benefit the organization. Communication of compliance policies to all constituents, from caregivers to executive management, will be explored. Measuring effectiveness and development and implementation of training and education programs will also be addressed. Prereq: MHLP 530 and MHLP 550. Offered: Fall.

MHLP 590 Healthcare Finance (3)

This course provides an overview of the fundamentals of healthcare finance and accounting. Financial and accounting data and processes for planning, cost control, and reporting will be discussed. Particular emphasis will be placed on the compliance implications of financial decision-making in a variety of healthcare settings. Offered: Spring.

MHLP 600 Patient Safety and Quality Improvement (3)

Students will become familiar with the principles of a high reliability organization (HRO), Just Culture, and how implementation can transform organizational culture to improve care. The importance of inter-professional relationships and team building to create change and sustain improvement are embedded throughout the course. Students will learn how to apply methods to assess the quality of health care using outcomes data. The student will understand the use of information technology, evidence-based literature to improve quality, and methods for risk assessment and safe system design. Cross-listed as PHLT 600. Offered: Spring.

MHLP 610 Strategic Management of Healthcare (3)

This course focuses on the three major aspects of strategic management—strategy formulation, strategy implementation, and strategy control. Additionally, a comparison of ten schools of strategic management is explored, along with a categorization of the essential characteristics of strategic planning. Cross-listed as PHLT 610. Offered: Summer.

Undergraduate Programs and Requirements

Certificate

Paralegal Studies

Minor

Paralegal Studies

The Paralegal Studies Program, offered by the Cumberland School of Law, has been training individuals for successful careers in the legal field since 1978. Two program options, both approved by the American Bar Association, are available: a certificate in paralegal studies and a paralegal studies minor. All courses in the 22-credit curriculum are offered for undergraduate level academic credit and are taught by experienced legal professionals in one of the following formats: face-to-face in the evening, online or hybrid delivery.

The curriculum consists of six required legal specialty courses plus four credit hours of elective paralegal coursework, designed to help the student gain the substantive knowledge and practical skills needed to begin or to continue their career in the legal field.

Academic Regulations

Students pursuing either the paralegal studies certificate program or the paralegal studies minor are bound by the academic regulations found in the Academic Policies and Regulations section of this catalog.

Program Goals

The Paralegal Studies Program is committed to producing well educated, capable, and ethically-aware graduates who, although they may not provide legal services directly to the public except as permitted by law, are prepared for careers as paralegals to attorneys in private, public, and corporate settings. Paralegals are professionals trained both in the substance of the law and in legal procedure who use that knowledge and those skills to provide a broad range of legal services under the supervision and direction of an attorney. Specifically, the program goals are:

1. To train students in a practical way for careers as paralegals to attorneys.
2. To promote a basic understanding of legal concepts and terms on subjects that are important to those engaged in general practice or in specialized areas of law and to equip students with legal writing and research skills that will enable graduates to perform as skilled members of a legal team.
3. To provide a general understanding of the principles of ethical and professional responsibility as these relate to lawyers and paralegals.
4. To provide a broad background in general education for development of educated, socially, morally, and ethically-aware individuals.
5. To constantly upgrade the program and adjust the program to fulfill the needs of the community by seeking input from local attorneys, paralegals, and students.

Paralegal Studies Certificate Program

The paralegal studies certificate option is available to students who have earned a bachelor's degree or a transferable associate's degree from a regionally accredited institution.

Admission Procedures

Students who meet the above criteria may apply for admission through the University's online application at <https://undergradadmission.samford.edu>.

Requirements for Paralegal Studies Certificate Program applicants:

1. Official transcript sent directly from all institutions attended.
2. Current résumé.
3. Personal essay.
4. Letter of reference.
5. Interview with the director of paralegal studies.

Transfer Policy

A total of three courses may transfer into the Paralegal Studies Certificate Program, provided that all of the following are met:

1. Each course was completed in the last seven years.
2. Each course was completed at an American Bar Association-approved program.
3. Each course was completed at an institution accredited by a regional accrediting agency.
4. Each course is equivalent in content and credit hours to one currently offered through the Paralegal Studies Certificate Program.
5. The student provides a syllabus and a program/university catalog for each course under consideration.
6. The final determination concerning transferability is approved by the program's director.

Paralegal Studies Minor

Students who are currently enrolled in an undergraduate degree program at Samford University and whose major program of study allows for the addition of a minor may add the paralegal studies minor.

Requirements for minor applicants:

1. Be in good academic standing with Samford University.
2. Be enrolled in an undergraduate degree program for which it is suitable to add a minor.
3. Obtain permission from his/her assigned advisor.
4. Interview with the director of paralegal studies.

Paralegal Studies Minor

The ABA-approved minor in paralegal studies, offered by Cumberland School of Law, prepares students with the practical skills and substantive legal knowledge necessary to become competent, ethical paralegals. This 22-credit hour program is also a good option for students who wish to explore an interest in law. Paralegals may not provide services directly to the public, except as permitted by law. Courses are offered in one of the following formats: face-to-face instruction in the evenings, online or in hybrid delivery.

Paralegal Studies Minor Required Courses	Course Credits	Total Required Credits

Courses

PARALEGAL STUDIES

PARA 121 Introduction to Paralegal Studies (3)

Examination of the concept, qualifications, and role of the paralegal. Selected topics include legal terminology, the levels of government, court structure and operation, the structure of the American legal system, basic interviewing and investigative techniques, the ethical considerations governing the lawyer-paralegal-client-public relationships, and the role of the paralegal in several substantive law areas. Students will also be exposed to technologies currently in use by paralegals including electronic filing and case management software.

PARA 123 Legal Research and Writing I (3)

The student will acquire basic techniques and practical skills required in the use of legal materials. Problem assignments require the student to use many of the standard legal written authorities. Students will use the Cumberland School of Law library in the preparation of case briefs, memoranda, and appellate briefs. Prereq or Co-req: PARA 121.

PARA 210 Immigration Law for Paralegals (1)

Introduction to the fundamentals of immigration law, practices, and policy to include discussions on history, terminology, immigration forms, immigrant and non-immigrant visas, citizenship, and naturalization. There will also be discussions on the enforcement aspects of immigration. Prereqs: PARA 121 and PARA 123.

PARA 220 Elder Law (1)

Elder law is the study of medical, social, financial, and legal issues related with aging. The course introduces the students to advanced directives, wills, guardianships, conservatorships, patients' rights in healthcare decision making, managed care, and long-term care insurance, Social Security, elder abuse, and resources for the elder law team. Prereqs: PARA 121 and PARA 123.

PARA 227 Estates and Trusts (2)

Examination of the substantive and procedural law of wills, trusts, and estate administration. The student drafts a will and a trust, and prepares administration documents. Prereqs: PARA 121 and PARA 123.

PARA 229 Litigation (3)

Examination of the process of litigation. Special emphasis is placed on the pretrial stage including pleading and discovery. The student performs tasks commonly performed by litigation paralegals. Prereqs: PARA 121 and PARA 123.

PARA 301 Employment Law for Paralegals (2)

The student will become familiar with transactions and will prepare documentation for the state and federal laws with respect to employment, sexual harassment, employment discrimination under Title VII and state law, litigation in the state and federal courts regarding employment matters, the Americans with Disabilities Act and its effect on employment, and the Family and Medical Leave Act and its effect on employment. Prereqs: PARA 121 and PARA 123.

PARA 302 Environmental Law for Paralegals (2)

Comprehensive overview of environmental law including its relationship with political science, technology, economics, and science. In addition to examining current law and policy, this course will review the history of environmental law including the historical legal responses to environmental contamination. Prereqs: PARA 121 and PARA 123.

PARA 303 Technology in the Law Office (3)

General introduction to the use of computers and of legal specialty computer software programs in the modern law office. The course includes hands-on computer exercises using professional software programs frequently used in the law office by paralegals. Prereqs: PARA 121 and PARA 123.

PARA 304 Family Law (2)

Examination of the substantive law of domestic relations. Topics covered include annulment, divorce, custody, and adoption. The student will learn the procedures used in this area and will prepare commonly filed documents and pleadings. Prereqs: PARA 121 and PARA 123.

PARA 305 Administrative Law for Paralegals (2)

Overview of administrative law, looking at the substantive and procedural aspects of various administrative law agencies, with emphasis on providing skills to practice in administrative law. Prereqs: PARA 121 and PARA 123.

PARA 306 Debtor/Creditor Law (1)

This course is designed to provide an understanding of basic bankruptcy law and its applications for day-to-day legal practice. Instruction will focus on applying bankruptcy law and principles to real fact situations, which paralegals will encounter in the work place. Prereqs: PARA 121 and PARA 123.

PARA 307 Criminal Law (2)

The student will learn the common law and statutory definitions of crimes (including crimes against persons and property), how to apply defenses to crimes, the application of the constitutional rights of the accused, and the procedures of criminal prosecution. Prereqs: PARA 121 and PARA 123.

PARA 308 Real Estate Law (2)

Examination of the substantive law of real property. Training in the study of the law of real estate transactions. Topics include general principles of real estate law, conveyancing, loan-closing procedure, sale of real estate and sales contracts, title examination, deed preparation, foreclosures, leasing of real estate, option contracts, and recordation of various instruments. Prereqs: PARA 121 and PARA 123.

PARA 309 Legal Research and Writing II (3)

Review of the basic skills necessary for drafting documents for legal transactions. Includes discussion about drafting issues, both legal and non-legal, and the law as it relates to drafting, including rules of interpretation (such as the canons of construction) and substantive law issues that relate to particular transactions. Students will complete writing exercises that test their knowledge of and ability to apply the materials, including the ability to avoid inadvertent ambiguity, to properly define terms and concepts, to make appropriate stylistic choices, and to draft and revise documents. Prereqs: PARA 121 and PARA 123.

PARA 310 Torts (2)

Provides students with the basic legal terms of torts and personal injury law; helps students identify the various types of torts and the defenses a defendant can raise to each; and provides students with practical, hands-on experience in learning the related medical terminology and in drafting the documents commonly used in this area of law. Prereqs: PARA 121 and PARA 123.

PARA 311 Business Organizations (2)

Broad overview of two important areas of the law: (1) the law of contracts and (2) the law of business organizations. The contracts part of the course covers forming contracts, restitution, statute of frauds, contract interpretation, modification, and other topics. The business organizations part of the course covers an overview of the principle legal issues that arise in business relationships over the life cycle of the business, including an explanation of the basic concepts that govern these relationships, the specific examples of how they apply, and the similarities and dissimilarities in the business associations covered. Prereqs: PARA 121 and PARA 123.

PARA 329 Medical Terminology for Paralegals (2)

Designed to provide necessary skills for paralegals to obtain, review, summarize, and organize medical records. Students will become familiar with the relevant federal and state statutes, case law and state agency rules regarding the procurement and disclosure of medical records, as well as contact with medical providers. Students will learn the procedural practices for obtaining medical information. Students will develop a working knowledge of basic medical abbreviations and coding used by medical providers. Students will also learn how to create meaningful medical chronologies and medical summaries for attorney use. Prereqs: PARA 121 and PARA 123.

PARA 410 Advanced Paralegalism (3)

Designed to prepare the student for entry into the legal community through intensive study of the paralegal profession and additional development of the student's organizational, communication, and critical analysis skills using modalities such as portfolio preparation, mock interviews, and advanced research and writing assignments. Prereqs: PARA 121 and PARA 123.

CUMBERLAND SCHOOL OF LAW TUITION AND FEES FOR ACADEMIC YEAR 2017-2018

*The following tuition and fees apply to Samford **Law Students**, including those in the **Graduate Health Law and Policy** and the **Paralegal Studies Certificate** programs. Unless otherwise indicated, all fees are due on or before the e-bill payment due date and are nonrefundable.*

Description	Student Classification	Expense	Notes
Tuition			
Tuition Deposit (Initial)	All Law Students	\$250	Nonrefundable; Due April 15
Tuition Deposit (Additional)	All Law Students	\$500	Nonrefundable; Due June 1
Less than 10 credits - Fall & Spring	Part-Time Law Students	\$1,262/credit	
10 to 16 credits - Fall & Spring	Full-Time Law Students	\$19,224/semester	
More than 16 credits - Fall & Spring	Full-Time Law Students	\$1,262/credit	
Summer Abroad Program	All Law Students	\$3,989	
Master of Comparative Law (M.C.L.)	Graduate Law Students	\$5,462	
Health Law and Policy	Graduate Health Law and Policy Students	\$813/credit/each sem/term	
Paralegal Certificate	All Paralegal Certificate Students	\$350/credit/each sem/term	
Joint Degree	Joint Degree Law Students	By Classification	
Fees			
Cambridge Program Application Fee	All Participating Law Students	\$200	
Legal Research & Writing Lab Fee	All Students enrolled in PARA 123	\$95/course	
Campus Life Fee - Fall & Spring	All Law Students	\$100/semester	
Reinstatement Fee (all terms)	All Law Students	\$100/term, as applicable	
Technology Fee - Fall & Spring	All Law Students	\$175/semester	

NOTE 1: Click here for a list of General Fees that apply to ALL students (Vehicle Registration/Decal, ID Replacement, etc.).

NOTE 2: Fees are subject to change without notice. See the Bursar's Office Web site for the latest tuition and fee info: <http://www.samford.edu/departments/financial-services/>

NOTE ON PAYMENT/REINSTATEMENT: Charges incurred after the e-bill has been generated for the semester/term are due on or before the payment due date. Charges incurred during the drop/add period are due when incurred. To avoid registration cancellation and reinstatement fee, students should pay all tuition and fees by the payment due date. See the Billing and Refund Schedule tables for dates for e-bill, payment due, refund availability, and registration cancellation.

Professional Studies, Evening and Online

Administration

Marci Johns, Executive Director of Online and Professional Studies
Bryan Gill, Director of Professional Studies

Undergraduate Programs and Requirements

Majors

Criminal Justice
Liberal Studies
Organizational Leadership
Youth Studies

Samford University's Professional Studies program provides opportunities for personal and professional growth through rigorous academic programs and relationships in a Christian community. The program acts as a bridge between the community and Samford University, identifying and addressing the educational needs of the local workforce and introducing the values and meaning of the University to those with whom we connect.

Through Professional Studies, the bachelor of arts degree, with majors in liberal studies and organizational leadership, and the bachelor of science degree, with majors in criminal justice and youth studies, are awarded.

A minimum of 64 credits must be taken at Samford University in order to meet residency requirements for the 128-credit bachelor of arts or bachelor of science degree.

All programs offered through Professional Studies have two options for completion: 1) as a four-year program, with most, if not all, of the degree requirements (general education, major, and general electives) being taken at Samford, or 2) as a degree completer program, where a student who has previously earned an associate of arts or associate of science degree can bypass the general education requirements and need only take the 68 hours within the major.

These programs are the most flexible of all awarded by the University and are designed specifically for adult students. The responsibility for determining the suitability of these majors and their applicability to particular conditions rests with the individual student. Students planning to pursue post-baccalaureate studies should review the requirements of the targeted graduate program to determine whether undergraduate-level prerequisites exist.

Courses for all programs are conveniently scheduled in the evenings and online. Students may be admitted to begin courses in fall, spring, or summer. The program faculty is composed of members chosen from the full-time Samford faculty and practitioners who are experts in their fields.

College-Level Examination Program (CLEP)

College-level credit is awarded for scores of 50 or higher in most subject areas; however, students should consult with their advisors or the Office of the Registrar before scheduling any CLEP examinations. See the CLEP table for more information.

Credit Limitations

The aggregate of credit earned through portfolio and CLEP may not exceed 30 credits. At least 50 percent of the credit in each degree program must be earned from Samford, with none of the credit mentioned in the previous sentence counting toward this residency requirement. Also, a minimum of 15 credits in the major field (with nine at the 300–400 level) must be taken at Samford.

Academic Regulations

Unless stated otherwise, Professional Studies students are bound by the same academic regulations as other undergraduates; these regulations are found in the Academic Policies and Regulations section of this catalog.

Admission Procedures for Professional Studies

It is expected that students who enter this program have been out of high school for at least three years and are unable to enroll in the day program due to work schedules, family concerns, or other reasons. Professional Studies is the administrative office that serves these programs and students. Applications for admission are accepted each term.

Please complete the following steps to apply for admission to Professional Studies.

Please visit <https://undergradadmission.samford.edu/apply/> to apply online. All application materials should be addressed to Professional Studies, Samford University, Birmingham, AL, 35229.

1. Admission application, completed in full, including reference forms and essay.
2. One official transcript from each college that you attended. Transcripts must be mailed directly from your former institution's records office to the Professional Studies office.
3. One reference. See guidelines below.
4. Admission essay. See guidelines below.
5. Résumé.
6. If you earned fewer than 24 semester or 36 quarter hours of credit at other institutions, you must also provide the Professional Studies Office with an official copy of your high school transcript.* This must be mailed from the high school directly to the Professional Studies office.

*If you have a GED, please review the High School Equivalency information in the Admission Procedures and Policies section of this catalog.

Reference Considerations

The reference form should be completed by a nonfamily member well acquainted with your capabilities, motivation, and initiative. Employers, former employers, or former instructors are recommended.

Essay Considerations

Student essays should answer the following questions:

- Why do you want to attend Samford University?
- What is your goal once you graduate from Samford?
- If you could have lunch with one historical figure, who would it be and why?

Each answer should be between 200–250 words and typed in a Word document.

Tuition, Fees, and Financial Aid

Because Professional Studies students commute to and from classes, do not receive meal plans, and do not have access to the full range of degrees designed for traditional day students, the tuition fee is substantially below the day rates. Courses taken during the day carry the full-tuition rate.

Although University scholarships are not generally available to Professional Studies students, they should apply for non-University scholarships. Also, residents of the state of Alabama are eligible to receive the Alabama Student Grant if they meet the eligibility requirements. Evening students may also apply for other types of federal financial aid programs such as Pell grants and student loans. Financial Aid Applications may be requested by calling the Office of Financial Aid at (205) 726-2905.

There are few additional fees associated with evening classes aside from the cost of textbooks. Most major credit cards are accepted. (See the General Miscellaneous Fees chart for a list of additional fees that may apply.)

Parking

All Professional Studies students must register their automobiles with Transportation Services. There is a minimal annual charge for parking on campus.

Class Registration and Policies

Professional Studies students are limited to 14 credits per fall or spring semester and 10 credits per summer term without the director's approval.

Bachelor's Degree Requirements

General Education Requirements

All bachelor degree programs require a minimum of 128 total credits. Specific requirements for each major are outlined in the following tables. Credits within the degree are divided as follows: 37 credits fall under General Education, 12 credits under the Professional Studies Common Courses group, 48 credits fall within the chosen major, and 31 credits of General Electives round out the overall 128 credits required. **ECEN 101 and ECEN 102 should be taken as part of a student's first 18 credits at Samford.** Unless otherwise specified, credits that have been used to satisfy general education requirements may not be counted as part of any major.

Professional Studies Bachelor of Arts or Bachelor of Science Required Courses	Course Credits	Total Required Credits

** Performance-based courses are not accepted for the fine arts requirement.

*** Humanities courses include English, history, philosophy, and religion.

NOTE: International Studies courses could be applicable to either social science or humanities, depending on individual course focus. Additional disciplines may apply if coming from the day program.

Criminal Justice Major (B.S.)

Samford's bachelor of science in criminal justice degree completion program allows working adults the opportunity to develop the knowledge, skills, and abilities necessary for employment or career advancement in this growing field. The core curriculum follows national standards for best practices in criminal justice education. Students in this program will learn the fundamentals of the American justice system, with an emphasis on real-world application as well as critical theory.

Professional Studies Courses

ADMINISTRATION/BUSINESS

ECAC 200 Survey of Accounting (3)

Introduction to the preparation and interpretation of accounting information with special emphasis on the needs of non-business majors. Course covers both the use and reporting of accounting information generated for external audiences (creditors and the investing public) as well as that developed for internal decision-making.

ECBL 352 Legal Environment of Business (3)

Study of the fundamental areas of law that impact business and the government's role in the development of those laws. Through the use of cases and lectures, the interrelationship of these two dominant institutions of society is analyzed. Specific areas to be addressed include the regulation of employment, the law of contracts, torts, bankruptcy, and several areas of the Uniform Commercial Code (UCC).

ECEC 200 Survey of Economics (3)

Survey of the macroeconomic theories that explain the behavior of the world economy and the national economies that comprise it. Course covers the microeconomic relationships that explain the operations of individual consumer/supplier markets.

ECFI 300 Survey of Finance (3)

Introduction to financial management concepts and methods of analysis. Students gain comprehension of the central tenets of financial management including: 1) analyzing the risk return tradeoff, 2) evaluating the time value of money, 3) cash flow examination and valuation, 4) applying capital market efficiency theory to case applications, and 5) the analysis and understanding of the financial health of an organization.

ECHR 361 The Injured and Absent Employee (3)

Introduction to the human resources professional's role in the laws and regulations affecting injured and absent employees. Focus on the states' various approaches to workers' compensation (i.e., medical benefits and limited compensation), the Family and Medical Leave Act (FMLA) and the Americans with Disabilities Act (ADA). Also covered: various other aspects of state and federal law the human resources professional will need knowledge of to administer to injured and absent employees. Prereqs: ECMG 473 and ECBL 352, or equivalent.

ECMG 300 Survey of Management (3)

Examination of the content, skills, and organizational and societal settings of management duties. Exploration of the sources of managerial expertise and their links to the performance of all types of organizations.

ECMG 470 Negotiation/Conflict Resolution (3)

Overview of contemporary theories and ideas in the field of negotiation. Emphasizes the practical application of negotiation in the business world and/or everyday life.

ECMG 471 Advertising/Public Relations (3)

Overview of the advertising and public relations process, including the strategies behind successful campaigns. Focuses on real world settings as they relate to account management, creative development, production, media, and client service. Evaluation of creative executions and their potential impact on the end user.

ECMG 472 Case Studies in Leadership (3)

Through case studies and real world examples, students will examine various styles of leadership and apply current theories to better understand the qualities and characteristics necessary to be a successful leader.

ECMG 473 Human Resource Management (3)

Study of one or more of the challenges arising from changes in the business environment that managers face. Content is adapted by the instructor to conform to the challenges of the day.

ECMK 300 Survey of Marketing (3)

Introduction to the concepts of marketing management with emphasis on a balance between theory and practice. Individual topics include demand analysis, marketing research, distribution channels, product policy, and marketing strategy.

ART

ECAR 300 Art Appreciation (3)

Enables the student to understand artistic terms, methods, and philosophy, to recognize styles in periods of art history, and to develop aesthetic experiences that will better prepare the student for living in society.

BIOLOGY

ECBI 105 Principles of Biology (4)

Study of the principles of life common to all living organisms. LEC, LAB.

ECBI 107 Contemporary Biology (4)

Designed for non-biology majors. Study of the interactions of humans within the biological world. Includes laboratory.

ECBI 110 Human Biology (4)

Study of the biological principles of the human body from a human biological anatomical, physiological, and an ecosociological perspective. May be used as a prerequisite for upper-level biology courses. Includes laboratory.

ECBI 111 Animal Biology (4)

Study of animal life from a cellular to an organismal level with emphasis on animal taxonomy and environmental relationships. May be used as a prerequisite for upper-level biology courses. Includes laboratory.

ECBI 112 Plant Biology (4)

Study of the form, function, and classification of the plant kingdom. Includes laboratory.

ECBI 324 Introduction to Toxicology (4)

Designed for the nonscientist and especially for those in the paralegal studies major. Acquaints the student with the scope and history of toxicology, provides basic information on home and workplace health and safety, and covers OSHA/EPA regulations relevant to citizens' rights-to-know with respect to toxicants in their communities and workplaces. Includes laboratory. Prereq: Any 100-level biology.

ECBI 327 Conservation Ecology (4)

Study of the basic principles of ecology that relate to the utilization and conservation of the earth's biological resources. Includes ecosystem dynamics, population ecology, wildlife and fisheries techniques, the economics of conservation, and issues relating to the protection of endangered species. Prereq: Any 100-level biology.

COMMON COURSES

ECCC 201 Biblical Perspectives (4)

Examination of historical context and religious teachings of Hebrew and Christian scriptures. Cultivation of critical competencies necessary for the academic study of traditional texts. Course objectives include an understanding of the historical context in which the Bible took shape; appreciation of the development of religious thought within the biblical period; examination of how biblical teachings have been and are interpreted and applied; and study of the Bible, using a variety of modern critical methods.

ECCC 247 Theory and Practice in the Human Services (3)

Study of the stages and factors involved in the helping process. Practical applications and theories of helping necessary for successful work in the social or human services.

ECCC 321 Substance Abuse Counseling (3)

Addresses the general concepts and treatment alternatives for those affected by substance abuse. Topics covered include drug terminology, specific drug information, theories and treatment of addictions, medical and psychological aspects of addictions on the individual and affected family members, and laws pertaining to substance abuse counselors.

ECCC 345 Principles of Communication (3)

Designed to increase student understanding and implementation of effective interpersonal communication behavior. The course examines basic verbal and non-verbal elements affecting communication between individuals in family, peer groups and work contexts.

ECCC 361 Multicultural Issues in Human Services (3)

Examination of how culture affects behavior. Students will examine the ways in which their family of origin and culture has impacted their worldview and how this worldview may affect the counseling process. Students will study the cultural norms of specific populations and explore ways in which the counseling process can be modified to effectively serve clients in any counseling or other human services setting. Prereq: ECCN 245.

ECCC 406 Race and Ethnic Relations (3)

Description and analysis of the phenomena that arises when groups of people who differ racially and/or culturally come into contact with one another.

ECCC 441 Personal Growth and Development (3)

Introduction to basic areas of growth and adjustment encountered by members of our culture. Emphasis is placed on developing a well-integrated personality, self-adjustment, and self-management. Prereq: ECEN 102.

ECCC 453 Professional Communication (3)

Study of theories and research of rhetorical strategies as practiced in various professional discourse communities. Applications of theory are made to a number of writing contexts, including business and technical communication. Prereq: ECEN 102.

ECCC 475 Research Methods (3)

Review of methodologies and skills used by social scientists. Introduction to the logic of scientific inquiry and the relationship between development of theoretically based research questions and the process for seeking answers. Focus on two methodologies: 1) qualitative field investigation techniques, such as participant observation and narrative/content analysis; and 2) quantitative techniques such as survey procedures. Introduction to the Statistical Package for the Social Sciences (SPSS-PC).

ECCC 490 Senior Capstone I (1)

Required of Professional Studies students. This first half of the Capstone sequence will require students to create an annotated bibliography and research proposal which will be developed and presented in Capstone II. Prereq: Senior status.

ECCC 491 Senior Capstone II (2)

Required of Professional Studies students. This second half of the Capstone sequence will require students to conduct research developed in Capstone I, and produce and present a scholarly paper based on that research. Prereqs: ECCC 490 and senior status.

COMMUNICATION STUDIES**ECCS 215 Oral Communication (3)**

Study of the techniques governing speeches to inform, convince, and actuate. Course covers speech composition, delivery, and audience analysis. Course includes an overview of interviewing and a discussion of the basic elements of business communications.

COUNSELING AND HUMAN SERVICES**ECCN 245 Introduction to the Helping Professions (3)**

Study of the fundamentals of basic human relations and an introduction to the basic principles, techniques, and theories of the counseling process.

ECCN 256 Becoming a Self-Regulated Learner (3)

Designed to assist adult learners returning to academic study to acquire learning and memory strategies and tactics. Provides students with research information and individual assessment feedback to develop a learner profile contributing to more effective information management.

ECCN 332 Directed Studies in Counseling (3)

Students obtain individual guidance in researching a special area of interest in counseling, organizing the research, and sharing it with the class. Involves library research, independent reading, and reporting.

ECCN 341 Employee Assistance Counseling (3)

Introduction to and an overview of the field of employee assistance. Emphasis is placed on the role of the counselor. Topics include the history, structure, and purpose of employee assistance; an introduction to employee assistance professional organizations; and an introduction to current employee assistance enterprises. Students will also be exposed to frequently used personality and vocational assessments used in the workplace. While primarily intended for those in the counseling and human services program, this course would also be beneficial to students pursuing a major in organizational leadership.

ECCN 342 Case Studies (3)

Students learn from the process and techniques of developing case studies as well as their appropriate uses. A portfolio of case studies is developed with special emphasis given to family problems. Prereqs: ECCN 245 and ECEN 102.

ECCN 350 Small-Group Process (3)

Introduction to various applications of group therapy, as well as other group problem-solving activities. Group dynamics and group management techniques are introduced. Attention is given to legal and ethical factors related to managing groups.

ECCN 442 Life Crisis Management (3)

Students learn how to help an individual cope with an unforeseen crisis in life including divorce and/or separation, chronic conditions, and death. Prereq: ECEN 102.

ECCN 450 Issues in Counseling and Human Services (3)

A study of the historical issues that have influenced counseling as well as the current issues in the profession. Problems and possible solutions are addressed. Prereq: ECEN 102.

ECCN 456 Special Topics in Counseling and Human Services (1-3)

Weekend or special seminar courses. Topics vary. May be taken up to three times for a maximum of nine credits.

ECCN 471 Counseling and Interviewing Techniques (3)

Focuses on the skills necessary for success in the helping professions. Emphasis is placed on role play and the study of the varied research-based methods of effective and empathic interviewing and counseling.

ECCN 480 Research in Human Services (3)

Focus on scientific inquiry and the research process as it relates to problems associated with counseling and human services agencies and settings. Emphasis will be given to qualitative and quantitative areas of investigation, along with the techniques that support them. Students will experience research opportunities designed to enhance problem-solving and critical thinking skills in ways that translate to the workplace.

CRIMINAL JUSTICE**ECCJ 300 Field Experience in Criminal Justice (1)**

Designed to supplement knowledge and skills acquired in the classroom by applying academic principles in a practical setting. Includes participation in an externship as well as on-campus seminar. Criminal justice majors must take three-one hour offerings in order to facilitate learning experiences in three different environments.

ECCJ 301 Introduction to Criminal Justice (3)

Survey of the entire criminal justice process, including in-depth analyses of various aspects of law enforcement, courts, and corrections. Emphasis is placed on current procedures, and the application of recent case law, theory, research and politics to policy, rules and regulations. Career pathways in criminal justice will be explored.

ECCJ 302 Ethics in Criminal Justice (3)

An exploration of the ethical issues associated with the police, prosecution, courts, and correctional systems. An examination of theory and its application to contemporary criminal justice issues will be a focus of the course. Prereq: ECCJ 301.

ECCJ 303 Fundamentals of Criminal Law (3)

Overview of criminal law including basic concepts, legal definitions of crime and the differences between substantive and procedural criminal law. The criminal justice system will be examined with special attention to the roles of police, prosecutors, defense attorneys and the courts. Prereq: ECCJ 301.

ECCJ 304 Police Operations (3)

Examination of the current structure and strategies of police in America. Topics include mission and goals of police organizations, the demand for police service, patrol functions, responsibilities of the sworn officer, ethics and accountability, and the relationship between the officer and the community. Prereq: ECCJ 301.

ECCJ 305 Corrections in America (3)

An examination of the role of correction in the criminal justice system. Major topics include organization and operation of correctional systems, alternatives to institutionalization, rights and treatment of offenders, theories of punishment and rehabilitation, and current and future issues in corrections. Prereq: ECCJ 301.

ECCJ 343 Criminology (3)

Introduction to the various theoretical approaches that guide the study of crime and its implications. Examination of problems related to the definition of crime, the extent or distribution of crime in society, as well as the impact of criminal activity on society. Review of the criminal justice system, the social processes that occur within it and the outcomes of this system for individuals and the community. Prereq: ECCJ 301.

ECCJ 400 Criminal Procedure and Evidence (3)

Overview of criminal procedure and evidence examining the criminal case from investigation and arrest through trial and appeal. Particular emphasis will be placed on procedural and evidentiary issues as they relate to the roles and responsibilities of law enforcement personnel. Prereq: ECCJ 301.

ECCJ 401 Law Enforcement Administration (3)

Explores change and leadership theory to criminal justice organizations. Case study and role play will be utilized to help the student develop management and leadership skills. Current research and trends in the area of law enforcement administration will be examined to help prepare students for careers in administration. Prereq: ECCJ 301.

ECCJ 402 Criminal Investigations (3)

An examination of theories and practices of the investigation process in the criminal justice system. Development of skills related to interviewing, interrogation, as well as collection, analysis and preservation of evidence will be a focus. Duties and responsibilities of the investigator both in the field and in the courtroom will also be addressed. Prereq: ECCJ 301.

ECCJ 403 Criminalistics (3)

An examination of the comprehensive realm of forensics and its role in criminal investigations. Topics include crime scene reconstruction, fingerprint analysis, field and laboratory texts and techniques, and preservation of evidence for admissibility in court. Hands-on lab exercises and case studies will be used to enforce practical skills. Prereq: ECCJ 301.

EDUCATION**ECED 307 Foundations of Leadership (3)**

Introduction to the foundations of leadership and the importance of principled leadership in all areas of life.

ENGLISH**ECEN 101 Oral and Written Communication I (3)**

Introduction to written and oral communications. Students gain proficiency in the composing process and in verbal presentations. Students must pass this course with a grade of C- or better to advance to ECEN 102.

ECEN 102 Oral and Written Communication II (3)

Continuation of ECEN 101 with additional practice in composition and verbal communication. Special emphasis is placed on learning how to apply critical thinking skills to the process of reading and incorporating sources into their documents. A major project in this course is the academic research paper. Students must pass this course with a grade of C- or better to advance to sophomore literature courses. Prereq: ECEN 101 with a grade of C- or better.

ECEN 201 Major British and Irish Authors (3)

Study of one or two major authors from each century (16th to the 20th) and includes drama (Shakespeare), prose fiction (Jane Austen), and poetry (William Wordsworth, Elizabeth Barrett Browning, and others). Provides depth of study on a few great authors, rather than a broad survey. Prereq: ECEN 102 with grade of C- or better.

ECEN 209 Special Topics in Literature (3)

Exploration of literary works (prose fiction and drama) and films that are connected thematically. Current offerings include "Literature of the Family" that explores relationships between family members and "The Cross-Cultural Experience" that presents works in which the protagonist interacts with people of another race or culture, resulting in situations that produce cultural misunderstandings and a variety of conflicts. Prereq: ECEN 102 with grade of C- or better.

ECEN 211 Major American Authors (3)

Study of American literature from its beginnings to the present, emphasizing major authors and major literary trends, such as the American Renaissance and the Harlem Renaissance. Prereq: ECEN 102 with grade of C- or better.

HISTORY**ECHI 101 World History I (3)**

Survey of selected cultures from prehistory to 1500 within their political, economic, and social frameworks.

ECHI 102 World History II (3)

Survey of selected cultures from the Renaissance to the present within their political, economic, and social frameworks.

ECHI 217 Early America to 1877 (3)

Social, cultural, and political overview of American history from its colonial beginnings through the end of Reconstruction.

ECHI 218 Modern America since 1865 (3)

Social, cultural, and political overview of American history from 1865 through the present.

KINESIOLOGY**ECPE 122 Fitness Walking and Strength Training (2)**

Designed to incorporate two aspects of positive health and fitness: strength training to enhance muscular strength and endurance, and fitness walking to develop the cardiorespiratory system. Other topics include stress management, behavior modification, body composition, common fitness injuries, and flexibility.

ECPE 231 Personal and Community Health (3)

Teaches basic fundamentals of general health. Emphasis is placed on such topical areas as personal fitness, nutrition, mental and emotional health, and community and environmental health.

MATHEMATICS AND COMPUTING**ECCO 100 Introduction to Computing (3)**

Survey course that includes a history of computing, description of system components, programming fundamentals, discussion of programming languages, processing methods, and applications. Introductory hands-on experience with word processing, spreadsheet, database, and communications software and hands-on exposure to the processes of problem-solving and programming.

ECCO 101 Software Applications (3)

Conceptual understanding of the four major types of business software applications, including word processing, spreadsheet, database, and presentation software. The course covers unique qualities of each (strengths and weaknesses), proper usage of each, and interconnections among them. Prereq: ECCO 100.

ECCO 312 Empowering Managers to Understand IT (3)

Study of the role information technology plays as an enabler of business. Students will learn how to properly work with information technology (IT) resources in the workplace and how to fully leverage the benefits that IT can provide.

ECMA 110 Contemporary Mathematics (3)

Develops problem-solving skills by studying a wide range of contemporary applications of mathematics. Connections between contemporary mathematics and modern society are stressed.

ECMA 210 Statistics (3)

Designed as an algebra-based introductory course in statistics. Covers descriptive and inferential statistics with probability decision-making skills necessary for today's complex civilization. Covers frequency, probability, binomial, normal, chi-square and sampling distributions, estimation, hypothesis testing for one and two populations, linear correlation and regression, and analysis of variance. Uses the graphing calculator and statistical computing packages. Prereqs: ECMA 110 or equivalent.

MUSIC**ECMU 200 Music Appreciation (3)**

Introduction to historical and stylistic developments in music for non-music majors. Emphasis is placed upon listening, through both recordings and live concerts.

ORGANIZATIONAL LEADERSHIP**ECOL 305 Information Systems and Technology I (3)**

First of two courses designed to give the student a solid understanding of information systems and technology. The connection between effective management and strategic implementation of information technologies will be explored along with the importance of management information systems, hardware and software considerations, database processing, and cloud computing. Lab exercises will allow the student to develop the critical competencies needed to function as a leader in the workplace. Prereq: ECCO 100.

ECOL 310 Supervision (3)

Case-study intensive course. With the use of written as well as video case studies, the student will be placed in the role of a supervisor. Students will acquire the theoretical knowledge and refine the interpersonal communication, decision-making, conflict resolution, and other supervisory skills most important for immediate and future career success. Prereq: ECGM 300.

ECOL 315 Workplace Diversity (3)

Examination of the concepts of workplace diversity through historical, societal, practical, and theoretical lenses. This course is designed to equip students with the knowledge and skills to be culturally aware managers and employees.

ECOL 320 Human Behavior in Organizations (3)

Survey course that provides students with the fundamental concepts and principles of human and organizational behavior. The study of interpersonal relationships and communication in the workplace, as well as self-assessment, prepare the student for successful leadership roles.

ECOL 325 Employment Law for Managers (3)

Introduction to the laws and regulations affecting the employment relationship. Federal and state laws that affect the employer-employee relationship, including the Fair Labor Standards Act (FLSA); Title VII of the Civil Rights Act of 1964 (Title VII); the Age Discrimination in Employment Act (ADEA); the Pregnancy Discrimination Act of 1978 (PDA); the Americans With Disabilities Act (ADA); the Family and Medical Leave Act (FMLA); the Uniformed Services Employment and Reemployment Rights Act (USERRA); the Alabama Age Discrimination in Employment Act (AADEA); Alabama Workers' Compensation Law; and H.B. 56 (Alabama's immigration law) will be explored in depth. Prereq: ECGM 300.

ECOL 405 Information Systems and Technology II (3)

Designed to follow ECOL 305 (Information Systems and Technology I), this course will continue the same themes while addressing additional IT considerations and implications for business. Students will develop an understanding of information systems and security management, structured processes, and social media information systems, as well as how to use IT for competitive advantage. Students in this course will continue to develop their skills in MS Excel and MS Access. Prereq: ECOL 305.

ECOL 420 Leadership for Organizational Change (3)

Through extensive case study, this course explores the theories and principles behind organizational change. The influences of technology, culture, diversity, ethics, mission, vision, and motivation will be examined. Students will learn how to successful leaders respond dynamically to effect positive change in their organizations.

ECOL 456 Special Topics in Organizational Leadership (1-3)

A specialized advanced study in topics related to organizational leadership. Specific course descriptions will vary, depending on the topic offered. May be repeated if topics are different, for a maximum of 9 credits. Offered: Summer.

PHILOSOPHY**ECPI 401 Business Ethics (3)**

Examination of the application of ethics to business, specifically how to think and act ethically in business. Concentrates on ethical analyses of moral issues involved with the foundations and operations of business. Become familiar with the main tenets of thinking ethically, of virtue-based ethics, deontological ethics, and utilitarianism, and how to apply these insights toward and ethical evaluation of business.

POLITICAL SCIENCE**ECPO 211 American National Government (3)**

Introduction to the political process in America with a focus on national political institutions.

PSYCHOLOGY**ECPS 101 General Psychology (3)**

Comprehensive overview of the scientific study of behavior and mental processes. Topics include physiology, sensation and perception, learning, cognition, development, personality, and social psychology. This course is a prerequisite for all other courses in psychology.

ECPS 205 Life-Span Development (3)

Survey of human thought and behavior from conception to death. Emphasis is placed on physical, moral, social, emotional, and cognitive development at each stage of life span. Prereq or Co-req: ECPS 101.

ECPS 411 Special Topics in Psychology (3)

Examination of a particular topic in psychology. Students may take the course more than once, if the topics are different, with permission of department chair. Prereq: Upper-level standing or permission of department chair.

RELIGION**ECRE 101 Biblical Perspectives I (3)**

Survey of the history and writings of the Old Testament, seeking to sensitize students to the Old Testament's moral and cultural significance.

ECRE 102 Biblical Perspectives II (3)

Survey of the history and writings of the New Testament, seeking to sensitize students to the New Testament's moral and cultural significance.

ECRE 201 Introduction to World Religions (3)

Investigation of the world's major living religions of both the Eastern and Western worlds.

ECRE 300 Contemporary Ethical Issues (3)

Study of critical and ethical issues confronting Christians in today's world, with attention to ethical decision-making.

SOCIOLOGY

ECSO 100 Introductory Sociology (3)

Basic sociological concepts are used in the analysis of contemporary and past social life.

ECSO 203 Contemporary Social Problems (3)

Analysis of such current social issues as population growth, crime, poverty, war, and agedness.

ECSO 345 Juvenile Delinquency (3)

Focuses on the development, prevention, control, and treatment of juvenile delinquency.

ECSO 348 Sociology of Family (3)

Study of how sociological theory and research applies to an understanding of the family in the social context including family as a social group, family as an institution within society, and family in global perspective across different societies. Critical questions include: What are the constraints of society on the family? What purpose does the family serve in the larger society? What roles do people play in the family? Who and what determines the assignment of those roles? What part does intimacy and sexuality play in family life? How do persons become involved in conflict and violence in families? What are the similarities and differences in family globally? Prereq: ECSO 100.

ECSO 401 Social Psychology (3)

Examination of the interaction between the individual and the social environment as a major factor in human behavior.

SPANISH

ECSP 101 Elementary Spanish I (4)

Introduction to Spanish language and culture, aimed at developing basic proficiency in understanding, speaking, reading, and writing Spanish.

ECSP 102 Elementary Spanish II (4)

Continuation of ECSP 101. Prereq: Successful completion of ECSP 101.

THEATRE

ECTH 300 Theatre Appreciation (3)

Study of the historical and literary significance of drama through the ages. The course follows the development of the theatre, paying particular attention to literary examples of each period and current trends of the modern theatre.

WORLD LANGUAGES AND CULTURES

Many additional language courses are offered in the evenings. See the World Languages and Cultures section within the Howard College School of Arts and Sciences for more information.

YOUTH STUDIES

ECYS 300 Field Experience in Youth Studies (1-3)

Designed to supplement knowledge and skills acquired in the classroom by applying academic principles in a practical setting. Includes participation in an externship as well as on-campus seminar. Youth Studies majors must take three one-hour offerings in order to facilitate learning experiences in three different environments. May be repeated twice for a maximum of 3 credits.

ECYS 320 Children and the Law (3)

Examines the relationship between children and the law at the state and federal levels. Topics covered include dependency, adoptions, delinquency, education, and special needs.

ECYS 330 Child and Adolescent Development (3)

Application of theory and research about children and youth, with particular emphasis on the adolescent. Addresses how research findings can be used and how theories facilitate the understanding of behavior.

ECYS 331 Family Dynamics (3)

Analysis of family functioning, strengths, and weaknesses, as well as how family members relate to each other. The importance of family roles and expectations, the impact of family origin on self-esteem and life choices, patterns of communication and conflict management are highlighted.

ECYS 340 Working with Youth in Groups (3)

Study of group dynamics and group management as they relate to youth and adolescents. Focus on different types of settings in which adolescents are served by groups and the different types of groups utilized in youth work. Social, cultural, gender, racial, and other differences in group composition will be explored.

ECYS 349 Basic Psychopathology (3)

Investigation of the major categories of disorders associated with personality pathology. Addresses symptomatology, therapeutic approaches and prognosis associated with specific disorders, anxiety-based disorders, somatoform disorders, dissociative disorders, psychoses, organic brain disorders, and psychophysiological disturbances.

ECYS 350 The Adolescent Learner (3)

Provides students with a knowledge base that will support the ability to work effectively with the adolescent learner. Special emphasis will be given to understanding the complex configuration and implications of the adolescent brain.

ECYS 360 Sociology of Children and Youth (3)

Exploration of the social construction of childhood over time and space, presenting a view of childhood distinct from popular notions. Concepts covered include social forces involved in shaping childhood in North America; how society has changed its definition of childhood over the years; how adolescents negotiate their social roles with each other and with adults; and how youth create their own culture distinct from adult culture. Social problems that youth experience are focal points for research in the course.

ECYS 401 Counseling Children and Youth (3)

Presentation of theories, techniques, and strategies for working with children and adolescents and their families in a human services setting. Explores counseling issues related to this population with particular emphasis on the terminology, diagnoses, treatment options, and resources for the most common issues facing this population.

ECYS 481 Human Services Administration (3)

Emphasizes the basic skills required to effectively manage agency staff and other resources in human service organizational settings. The focus of the course is on the unique needs of human service managers in planning, organizing, budgeting, and supervising their programs and organizations within an ever-changing social environment. Particular emphasis is placed on the role of counselor in the organization.

PROFESSIONAL STUDIES – UNDERGRADUATE EVENING STUDENT TUITION AND FEES FOR ACADEMIC YEAR 2017-2018

*The following tuition and fees apply to Samford **Undergraduate** students enrolled in a **Professional Studies** program.
Unless otherwise indicated, all fees are due on or before the e-bill payment due date and are nonrefundable.*

Description	Student Classification	Expense	Notes
Tuition			
All credits - Degree or Audit	All Undergraduate Students (Evening)	\$368/credit each term	Current enrollees until 5/2021
Fees			
Application Fee	All Undergraduate Students (Evening)	\$35/application	Nonrefundable; Due at time of application
Professional Studies Orientation Fee	All Undergraduate Students (Evening)	\$50/each occurrence	
Campus Life Fee - Fall & Spring	All Undergraduate Students (Evening)	\$50/semester	
Reinstatement Fee (all terms)	All Undergraduate Students (Evening)	\$100/term, as applicable	
Technology Fee - Fall & Spring	All Undergraduate Students (Evening)	\$175/semester	

NOTE 1: Click [here](#) for a list of General Fees (Vehicle Registration/Decal, ID Replacement, etc.) that apply to ALL students.

NOTE 2: Fees are subject to change without notice. See the Bursar's Office Web site for the latest tuition and fee info: <http://www.samford.edu/departments/financial-services/>

NOTE ON PAYMENT/REINSTATEMENT: Charges incurred after the e-bill has been generated for the semester/term are due on or before the payment due date. Charges incurred during the drop/add period are due when incurred. To avoid registration cancellation and reinstatement fee, students should pay all tuition and fees by the payment due date. See the Billing and Refund Schedule tables for dates for e-bill, payment due, refund availability, and registration cancellation.

Boards, Administration, and Faculty

.....

Board of Trustees (2016-2017)*

Officers of the Board

Timothy Vines, Chair (2019) Birmingham, Alabama
 Beth Thorne Stukes, Vice Chair (2018) Jasper, Alabama
 Victor E. Nichol, Jr., Secretary (Life) Birmingham, Alabama
 D. Warren Bailey, Assistant Secretary (2017) Birmingham, Alabama

Trustees

Linda H. Bachus (2020) Birmingham, Alabama

Faculty

Adams-Mitchell, Candice

Assistant Professor, Communication Sciences & Disorders (2015)
B.S., The University of Mississippi
M.S., Harding University
SLP.D., Nova Southeastern University

Adedoyin, A. Christson

Associate Professor, Social Work (2014)
B.S., M.S.W., University of Ibadan, Nigeria
Ph.D., University of Kentucky

Adunlin, Georges B.

Assistant Professor, Pharmacy (2017)
B.S., College of Staten Island
M.A., Brooklyn College
Ph.D., Florida A&M University

Albin, Ramona C.

Assistant Professor, Law (2017)
B.A., Wesleyan University
M.P.H., Boston University
J.D., The University of Texas at Austin

Alemán, Carlos Enrique

Assistant Professor, History (2013)
B.A., University of California-Santa Cruz
Ph.D., Michigan State University

Amamoo, Monique Ahinee

Chair, Associate Professor, Healthcare Administration, Public Health (2016)
B.S., Spelman College
M.S., Ph.D., The University of North Carolina at Chapel Hill

Andrews, Emily Snider

Instructor, Music (2015)
B.M., Samford University
M.M., Baylor University
M.Div., Truett Theological Seminary

Ankney, Raymond N.

Chair, Associate Professor, Journalism & Mass Communication (2006)
B.A., Indiana University of Pennsylvania
M.A., Syracuse University
Ph.D., The University of North Carolina at Chapel Hill

Arnold, John J.

Associate Professor, Pharmaceutical Sciences (2008)
B. S., Auburn University
Ph.D., University of Alabama at Birmingham

Ashe, Shannon

Instructor, Kinesiology (2013)
B.S., University of Arizona
M.Ed., Northwestern State University of Louisiana

Ashmore, Beth E.

Librarian, Samford University Library (2003)
B.A., Loyola University-Chicago
M.S., University of Illinois

Baggett, John Mark

Associate Professor, English, Law (1987)
B.A., M.A., J.D., The University of Alabama
Ph.D., The University of North Carolina at Chapel Hill

Bains, David R.

Interim Chair, S. Louis and Ann W. Armstrong Professor of Religion (1999)
B.A., University of Virginia
A.M., Ph.D., Harvard University

Bakkegard, Kristin A.

Associate Professor, Biological & Environmental Sciences (2008)
B.S., United States Naval Academy
M.A., Boston University
M.S., Auburn University
Ph.D., Utah State University

Ballmann, Christopher

Assistant Professor, Kinesiology (2016)
B.S., M.Ed., Ph.D., Auburn University

Barnette, James R.

Director, Pre-Ministerial Scholars, Associate Professor, Religion (1994)
B.A., Samford University
M.Div., Ph.D., The Southern Baptist Theological Seminary

Barron, Amanda

Assistant Professor, Nursing (2017)
B.S.N., M.S.N., The University of Alabama

Basinger, Dana K.

Assistant Dean, Arts & Sciences, Assistant Professor, Core Curriculum (2001)
B.A., M.A., The University of Alabama

Bass, S. Jonathan

Chair, Professor, History, University Historian (1998)
B.A., M.A., University of Alabama at Birmingham
Ph.D., The University of Tennessee

Bateman, J. Mark

Associate Professor, Educational Leadership (2004)
B.A., Carson-Newman College
M.A., Bowling Green State University
Ed.D., Indiana University

Battaglia, Lisa

Associate Professor, Religion (2012)
B.A., Duke University
M.A., The University of Alabama
M.A., Ph.D., Vanderbilt University

Beall, Jennifer W.

Associate Professor, Pharmacy Practice (2000)
B.S., Pharm.D., Samford University

Beckwith, Carl L.

Professor, Divinity (2007)
B.A., St. Olaf College
M.Phil., Trinity College
M.A., Yale Divinity School
Ph.D., University of Notre Dame

Beers, Geri W.

Professor, Nursing (1991)
B.S.N., M.S.N., University of Alabama at Birmingham
Ed.D., Samford University

Belski, William H.

Associate Professor, Accounting & Management Information Systems (2004)
B.A., Washington and Jefferson College
M.B.A., University of Notre Dame
Ph.D., Virginia Polytechnic Institute and State University

Benner, Kimberley W.

Professor, Pharmacy Practice (1997)
B.S., University of Alabama at Birmingham
B.S., Pharm.D., Samford University

Bennett, Brad

Assistant Professor, Biological & Environmental Sciences (2015)
B.S., The University of Tennessee at Chattanooga
Ph.D., The University of Tennessee

Berry, Cynthia G.

Professor, Nursing (2002)
B.S.N., University of Bridgeport
M.S.N., D.N.P., University of Alabama at Birmingham

Berry, Jack W.

Associate Professor, Psychology (2009)
B.S., University of Alabama at Birmingham
Ph.D., The Wright Institute

Bickel, Christopher Scott

Associate Professor, Physical Therapy (2016)
B.S., Ohio University
M.P.T., Old Dominion University
Ph.D., The University of Georgia

Biggio, Nancy C.

Associate Provost for Administration, Associate Professor, Core Curriculum (2004)
B.A., Drew University
M.A., Ph.D., The University of Alabama

Bigham, Amy Branyon

Professor, Nursing (2012)
 B.S.N., The University of Alabama
 M.S.N., F.N.P., Mississippi University for Women
 D.N.P., University of South Alabama

Birkenfeld, Karen J.

Chair, Assistant Professor, Curriculum & Instruction (2009)
 B.S., M.E., University of Montevallo
 Ed.D., University of West Georgia

Bishop, T. Brad

Professor, Law (1971)
 B.A., Samford University
 M.A., The University of Alabama
 J.D., Samford University

Blankley, Alan

Chair, Professor, Accounting & Management Information Systems (2015)
 B.S., Houghton College
 M.A., Baylor University
 M.B.A., Ph.D., Texas A&M University

Bluiett, Tarsha

Associate Professor, Curriculum & Instruction (2012)
 B.S., M.A., University of Montevallo
 Ed.S., Ph.D., The University of Alabama

Bowens, Andrea

Assistant Professor, Physical Therapy (2015)
 B.S., D.P.T., University of Florida

Box, Jean Ann

Dean & Professor, Education, Interim Chair, Curriculum & Instruction (1989)
 B.S., Auburn University
 M.A., Ed.S., Ph.D., University of Alabama at Birmingham

Boyd, Jennie Katharine

Assistant Professor, Pharmacy Practice (2015)
 B.A., The University of Alabama
 Pharm.D., Samford University

Bradley, Donald E.

Chair, Professor, Sociology (2014)
 B.A., Mars Hill College
 M.A., Ph.D., The University of Texas at Austin

Bradley, Joanna C.

Assistant Professor, World Languages & Cultures (2015)
 B.A., Mars Hill College
 M.A., La Pontifica Universidad Javeriana
 Ph.D., The University of Texas at Austin

Brammer, Charlotte D.

Associate Professor, Communication Studies (2004)
 B.A., Hollins College
 M.A., University of Alabama at Birmingham
 Ph.D., The University of Alabama

Bray, Gerald L.

Research Professor, Divinity (1994)
 B.A., McGill University
 Maitrise en lettres classiques, Doctorat de troisieme cycle en lettres classiques, University de Paris-Sorbonne

Broeseker, Amy E.

Professor, Pharmaceutical Sciences (1994)
 B.S.N., Pharm.D., University of Florida
 Ph.D., The University of Alabama

Broom, Lowell S.

Professor, Accounting & Management Information Systems (2008)
 B.S., William Carey College
 M.B.A., Mississippi College
 D.B.A., Louisiana Tech University

Buchanan, Joy A.

Assistant Professor, Economics, Finance, & Quantitative Analysis (2017)
 B.A., M.S., Chapman University
 Ph.D., George Mason University

Buckner, Ellen Banks

Chair, Professor, Undergraduate Nursing (2016)
 BSN, MS, MSN, DSN, Ph.D., University of Alabama at Birmingham

Bunch, Wilton H.

Professor of Ethics, Philosophy (2004)
 B.A., Walla Walla College

M.A., University of South Alabama
Ph.D., The University of Alabama

Freeman, Maisha Kelly

Professor, Pharmacy Practice (2003)
B.S., Winston-Salem State University
Pharm.D., The University of North Carolina at Chapel Hill

Frost, Ginger S.

Research Professor of History (1996)
B.A., Texas Woman's University
M.A., Louisiana State University
Ph.D., Rice University

Gaines, Miriam J.

Assistant Professor, Nutrition & Dietetics (2015)
B.S., Jacksonville State University
M.A., Auburn University

Galdo, John Anthony (Jake)

Assistant Professor, Pharmacy Practice (2015)
Pharm.D., The University of Georgia

Galloway, Ryan W.

Associate Professor, Communication Studies (2005)
B.A., George Mason University
M.A., Baylor University
Ph.D., The University of Georgia

Garza, David C.

Associate Professor, Chemistry & Biochemistry (1998)
B.S., Georgia Institute of Technology
Ph.D., University of South Carolina

Gentry, Grant L.

Associate Professor, Biological & Environmental Sciences (2010)
B.A., Austin College
Ph.D., University of California, Los Angeles

George, Ashley

Assistant Professor, Communication Studies (2014)
B.A., Southern Wesleyan University
M.A., Ph.D., The University of Alabama

George, Timothy F.

Ralph W. Beeson Dean and Professor, Divinity (1988)
A.B., The University of Tennessee at Chattanooga
M.Div., Th.D., Harvard University

Gerhardt, Clara E.

Professor, Human Development & Family Life Education (1998)
B.A., M.A., Ph.D., University of Pretoria, South Africa
M.B.A., Samford University

Gignilliat, Mark S.

Professor, Divinity (2005)
B.A., Bob Jones University
M.Div., Reformed Theological Seminary
Ph.D., University of St. Andrews

Gilchrist, Erin Naugher

Assistant Professor, Curriculum & Instruction (2014)
B.S., M.A., Ed.S., Ph.D., The University of Alabama

Gilliland, Darrell Jon, Jr.

Assistant Professor, Kinesiology (2015)
B.B.S., Hardin-Simmons University
M.S.Ed., Northwest Missouri State University
Ed.D., Texas A&M University

Glenn, David J.

Associate Professor, Theatre & Dance (2010)
B.F.A., Auburn University
M.F.A., University of Arizona

Glottfelty, Henry W.

Interim Chair, Professor, Physics (1978)
B.S., University of Missouri
M.S., Ph.D., The University of Kansas

Gorman, Gregory S.

Vice Chair, Professor, Pharmaceutical Sciences (2008)
B.S., Armstrong State College
Ph.D., The University of Georgia

Grayson, Marissa

Assistant Professor, Political Science (2010)
B.A., University of Southern California
M.A., Ph.D., University of Florida

Greene, Doris E. "Wendy"

Professor, Law (2007)
B.A., Xavier University of Louisiana
J.D., Tulane University
LL.M., George Washington University

Gregory, Brian W.

Professor, Chemistry & Biochemistry (2002)
B.S., M.S., Furman University
Ph.D., The University of Georgia

Gregory, Denise J.

Assistant Provost for Diversity & Intercultural Initiatives,
Assistant Professor, Chemistry & Biochemistry (2005)
B.S., Jackson State University
Ph.D., Georgia Institute of Technology

Guess, Aundrea Kay

Professor, Accounting & Management Information Systems (2012)
B.S.B.A., Baylor University
M.Acc., Auburn University
Ph.D., University of North Texas

Guffin, Scott

Administrative Faculty, Executive Director of Christian Ministry,
School of the Arts (2017)
B.S., Samford University
M.Div., Ph.D., The Southern Baptist Theological Seminary

Gunnoe, Maj. Lacy J.A.

Operations Flight Commander, Assistant Professor, Aerospace Studies (2016)
B.S., West Virginia University
M.A., American Military University

Gurley, Lisa E.

Assistant Professor, Nursing (2010)
A.D.N., Jefferson State Community College
B.S.N., M.S.N., Samford University

Hagues, Rachel

Assistant Professor, Social Work (2015)
B.S., M.S.W., Ph.D., The University of Georgia

Hall, Timothy D.

Dean, Arts & Sciences, Professor, History (2016)
B.A., Grace University
Th.M., Dallas Theological Seminary
M.A., The University of Chicago
Ph.D., Northwestern University

Hannah, Julie

Assistant Professor, Educational Leadership (2015)
B.A., M.S., Ed.S., Ed.D., Samford University

Hankins, Anna-Leigh Stone

Assistant Professor, Economics, Finance, & Quantitative Analysis (2016)
B.B.A., M.A., M.S., Ph.D., The University of Alabama

Haralson, Michele K.

Director, Curriculum Materials & Technology Center,
Assistant Professor, Curriculum & Instruction (2002)
B.S., Georgetown College
M.B.A., University of Miami
M.L.S., Ph.D., The University of Alabama

Hardin, J. Michael

Provost and Vice President, Professor, Economics, Finance, & Quantitative
Analysis (2015)
B.S., University of West Florida
M.S., Florida State University
M.Div., New Orleans Baptist Theological Seminary
M.A., Ph.D., The University of Alabama

Hardin, Larry E.

Assistant Professor, Music (2017)
B.M., M.M.E., Samford University
Ed.D., The University of Alabama

Harmon, Quyerita (Keta)

Acquisitions Librarian, Law (2017)
B.S., M.L.I.S., The University of Alabama

Harper, Allison Catherine

Instructor, Communication Studies (2016)
B.A., M.A., George Mason University

Harper, Larron C.

Assistant Professor, Entrepreneurship, Management, & Marketing (1991)
B. Comm., University of the Witwatersrand
Honors B. Comm., University of South Africa
M.B.A., University of Alabama at Birmingham

Harrison, Lori

Instructor, Nursing (2015)
B.S.N., Samford University
M.S.N., Auburn University

Harvey, Nina

Assistant Professor, Nursing (2017)
B.S.N., Tuskegee University
M.S.N., Samford University
D.N.P., The University of Alabama

Hataway, Andrew (Drew)

Research Compliance Officer, Associate Professor, Biological & Environmental
Sciences (2011)
B.A., B.S., Samford University
Ph.D., The University of Mississippi

Heath, Timothy A.

Assistant Professor, Music Education (2016)
B.M., The University of North Carolina at Greensboro
M.A., The University of North Carolina at Pembroke

Henningsen, Melanie Wise

Instructor, Nursing (2016)
B.S.N., M.S.N., Samford University

Hensarling, Robert W., Jr.

Associate Professor, Kinesiology (1995)
B.S., Samford University
M.S., The University of Southern Mississippi
Ed.S., Ed.D., Samford University

Hepola, Allison

Assistant Professor, Philosophy (2011)
B.A., University of Notre Dame
Ph.D., Rutgers University

Herbinger, Lisa E.

Assistant Professor, Nursing (2013)
B.S.N., University of Alabama at Birmingham
M.S.N., Samuel Merritt University
D.N.P., University of Alabama at Birmingham

Herndon, Kimmetha H.

Dean, Librarian, University Library (2008)
B.S., The University of Georgia
M.L.S., The University of Alabama

Hess, Mary Annette

Associate Professor, Nursing (2017)
B.S.N., Auburn University at Montgomery
M.S.N., Troy State University
Ph.D., University of Alabama at Birmingham

Hightower, Jill B.

Assistant Professor, Nursing (2011)
B.S.N., M.S.N., Samford University

Hiles, N. Jane

Associate Professor, English (1992)
B.A., M.A., The University of Texas at El Paso
Ph.D., Emory University

Hill, Celeste H.

Assistant Professor, Human Development & Family Life Education (2014)
B.A., M.A., M.S., Ph.D., The University of Alabama

Hilsmier, Amanda C. Strong

Professor, Curriculum & Instruction (2004)
B.A., Mercer University
M.E., Mississippi College
Ph.D., Vanderbilt University

Hite, Preston

Associate Professor, Interior Architecture (2013)
B.S., M.Arch., Georgia Institute of Technology

Hoaglund, Amy E.

Associate Professor, Curriculum & Instruction (2008)
B.S., Jacksonville State University
M.S., Ed.S., Ed.D., Samford University

Hogue, Michael D.

Associate Dean, Center for Faith & Healing, Professor, Pharmacy Practice (2004)
B.S., Pharm D., Samford University

Holloway, Betsy B.

Vice President for Marketing & Communication, Professor, Business (2002)

Holston, Jane

Associate Professor, Nursing (2010)
M.S.N., Samford University
D.N.P., University of South Alabama

Hopkins, Joseph

Dean, Arts, Professor, Music (2006)
B.M., Shorter College
M.M., Baylor University
D.M., Indiana University

Horn, Randolph C.

Director of Strategic & Applied Analysis, Professor, Political Science (1996)
B.A., University of the South
M.A., Ph.D., University of Florida

Horsey, Kandice L.

Assistant Professor, Law (2017)
B.A., University of Maryland
L.L.M., Temple University
J.D., University of Virginia

House, Paul R.

Professor, Divinity (2004)
B.A., Southwest Baptist University
M.A., University of Missouri-Columbia
M.Div., Ph.D., The Southern Baptist Theological Seminary

Howard, Amanda R.

Assistant Professor, Psychology (2015)
B.A., The Ohio State University
M.S., Ph.D., Texas Christian University

Hughes, Peter J.

Associate Professor, Pharmacy Practice (2009)
B.S., The University of Alabama
Pharm.D., Samford University

Hutto, Rebecca M.

Catalog Librarian, Law Library (1978)
B.S., M.L.S., The University of Alabama

Hyde, Rebecca Anne

Assistant Librarian, Samford University Library (2016)
B.A., University of Mary Washington
M.L.I.S., The University of Alabama

Hynds, Emily A.

Associate Professor, Mathematics & Computer Science (2000)
B.S., Furman University
M.S., Ph.D., Emory University

Iranikhah, Maryam

Associate Professor, Pharmacy Practice (2009)
B.S., Ryerson Polytechnic University
Pharm.D., Samford University

Jackson, Allison J.

Assistant Professor, Kinesiology (2005)
B.S., M.Ed., Auburn University at Montgomery
Ph.D., The University of Alabama

Jackson, Kelly F.

Instructor, Communication Sciences & Disorders (2017)
B.A., M.S., The University of Alabama

Jackson, Moira

Associate Professor, Health Professions (2016)
B.Sc., Ph.D., University of Aberdeen

Janas, Michael J.

Interim Chair, Associate Professor, Communication Studies (1993)
B.A., Boston College
M.A., The University of Georgia
Ph.D., The University of Iowa

Jensen, Kelly C.

Associate Professor, World Languages & Cultures (2000)
B.A., M.A., Ph.D., The University of Georgia

Jentsch, Lynda J.

Professor, World Languages & Cultures (1992)
B.A., Kutztown State College
M.A., Ph.D., Vanderbilt University

Jha, Sanjiv Kumar

Assistant Professor, Physics (2017)
B.Sc., M.Sc., Tribhuvan University
M.S., Ph.D., New Mexico State University

Johnson, Aaron L.

Assistant Professor, Communication Sciences & Disorders (2017)
B.S., M.S., University of Montevallo
A.U.D., Salus University

Johnson, Bryan M.

Director, University Fellows Program, Professor, English (1999)
B.A., M.A., Mississippi State University
Ph.D., University of Denver

Johnson, Corey M.

John R. Samprey Jr., Research Assistant Professor in Chemistry,
Chemistry & Biochemistry (2012)
B.S., East Central University
Ph.D., The University of Oklahoma

Johnson, David A.

Professor, Biological & Environmental Sciences (2008)
B.S., M.S., Samford University
Ph.D., Emory University

Johnson, Margaret L.

Chair, Professor, Communication Sciences & Disorders (2013)
B.A., M.S., The University of Mississippi
SLP.D., Nova Southeastern University

Johnson, Myrtis A.

Instructor and Clinical Coordinator, Curriculum & Instruction (2005)

M.S.E., Alabama A&M University

Johnson, Virginia (Nia)

Assistant Professor, Journalism & Mass Communication (2015)
B.S., B.A., University of Alabama at Birmingham
M.A., University of Nebraska-Lincoln
Ph.D., The University of Alabama

Johnston, Kristen C.

Assistant Professor, Nursing (2015)
B.S.N., M.S.N., Samford University
D.N.P., Troy University

Jones, Leigh A.

Reference Librarian, Law (2017)
B.A., Fisk University
M.S.L.S., The University of North Carolina at Chapel Hill
J.D., Texas Southern University

Jones, Moniaree Parker

Assistant Professor, Nursing (2015)
B.S.N., M.S.N., Ed.D., The University of Alabama

Jones, Steven T.

Chair, John Will Gay Professor of Banking, Economics, Finance, &
Quantitative Analysis (2001)
B.A., Huntingdon College
M.B.A., Vanderbilt University
Ph.D., University of Cincinnati

Jung, Alan P.

Dean, Health Professions, Professor, Kinesiology (2006)
B.S., James Madison University
M.S., Appalachian State University
Ph.D., The University of Alabama

Kawell, Gregory A.

Assistant Professor, Mathematics & Computer Science (2004)
B.A., University of Wisconsin-Eau Claire
M.C.S., Colorado State University

Keller, George E., III

Assistant Dean, Arts & Sciences, Associate Professor, Biological &
Environmental Sciences (1993)
B.S., Centre College
M.S., Ph.D., West Virginia University

Kendrach, Michael G.

Associate Dean, Professor, Pharmacy Practice (1993)
B.S., The University of Toledo
Pharm.D., University of Kentucky

Kennedy, Janie A.

Associate Professor, Mathematics & Computer Science (1997)
B.S., Samford University
M.S., Ph.D., Auburn University

Kenning, Kristin

Associate Professor, Music, Opera Director (2011)
B.M., Western Michigan University
M.M., D.M.A., University of Minnesota

Kinnerson, Lakesha

Assistant Professor, Health Informatics & Information Management (2017)
B.S., M.P.H., University of Alabama at Birmingham

Kirkpatrick, William Nathan

Assistant Professor, Kinesiology (2013)
B.A., Covenant College
M.Ed., Ph.D., The University of Georgia

Knierim, Victoria S.

Instructor, Communication Arts, Coordinator of Academic Achievement (2010)
B.A., Tennessee State University
M.A., Middle Tennessee State University
M.S., University of Alabama at Birmingham

Koch, Carol L.

Professor, Communication Sciences & Disorders (2015)
B.S., M.A., Central Michigan University
Ed.D., Nova Southeastern University

Kopec, Thomas J.

Assistant Professor, Kinesiology (2016)
B.S., The University of Alabama
M.S., The University of Akron
Ph.D., The University of Alabama

Kraft, Keya Catherine

Assistant Professor, English (2012)
B.A., The College of William and Mary
Ph.D., Washington University in St. Louis

Krumdieck, Jeannie C.

Chair, Professor, Interior Architecture (1992)
B.S., Mississippi State University
M.S., The University of Alabama

Kuruk, Paul

Professor, Law (1995)
LL.B., University of Ghana
B.L., Ghana Law School
LL.M., Temple University
S.J.D., Stanford University

Kyle, Jeffrey A.

Professor, Pharmacy Practice (2008)
Pharm.D., Samford University

Lackey, Mark A.

Assistant Professor, Music (2013)
B.S., David Lipscomb College
M.M., D.M.A., Peabody Conservatory

Lander, Roger D.

Professor, Pharmacy Practice (1986)
B.S., Pharm.D., University of Missouri-Kansas City

Langum, David J.

Research Professor, Law (1985)
A.B., Dartmouth College
M.A., San Jose State University
J.D., Stanford University
LL.M., S.J.D., University of Michigan

Laughlin, Gregory K.

Director, Law Library, Associate Professor, Law (2008)
B.A., Missouri State University
J.D., University of Missouri-Columbia
M.S., University of Illinois at Urbana-Champaign

Lawhon, Sharon Leding

Professor, Music (1994)
B.M., Belmont University
M.C.M., D.M.A., The Southern Baptist Theological Seminary

Layton, Jennifer E.

Assistant Professor, Biological & Environmental Sciences (2010)
B.S., The University of Alabama
M.S., Ph.D., University of Alabama at Birmingham

Ledgerwood, Mikle D.

Chair, Professor, World Languages & Cultures (2007)
B.A., The University of North Carolina at Chapel Hill
M.A., Vanderbilt University
M.A., The University of Tennessee, Knoxville
Ph.D., The University of North Carolina at Chapel Hill

Leonard, Jeffery M.

Associate Professor, Religion
B.A., Southeastern Bible College
M.Div., Alliance Theological Seminary
Ph.D., Brandeis University

Lindsey-Taheri, Megan

Instructor, Nutrition & Dietetics (2016)

Little, David C.

Associate Professor, Curriculum & Instruction (1988)
B.S., M.S., University of Montevallo
Ed.D., The University of Alabama

Lockamy, Archie, III

Margaret Gage Bush Professor, Entrepreneurship, Management, &
Marketing (2000)
B.Ch.E., Georgia Institute of Technology
M.B.A., Atlanta University
Ph.D., The University of Georgia

Lohrke, Cynthia F.

Professor, Accounting & Management Information Systems (2000)
B.B.A., Loyola University
M.S., Ph.D., Drexel University

Loudon, David L.

Professor, Entrepreneurship, Management, & Marketing (2005)
B.S., M.B.A., Ph.D., Louisiana State University

Lucioni, Patricia Jumbo

Assistant Professor, Pharmacy (2016)
Ph.D., University of Alabama at Birmingham
M.D., Universidad Peruana Cayetano Heredia School of Medicine

Lumpkin, Melissa Galvin

Chair, Professor, Public Health (2014)
B.S., Auburn University at Montgomery
M.P.H., Ph.D., University of Alabama at Birmingham

Lundeen, John D.

Associate Professor, Nursing (2008)
M.S.N., Samford University
Ed.D., The University of Alabama

Luthin, David R.

Professor, Pharmaceutical Sciences (2006)
B.A., Ph.D., Southern Illinois University

Malysz, Piotr Jozef

Associate Professor, Divinity (2011)
B.A., Adam Mickiewicz University
M.Div., Concordia Theological Seminary
Th.D., Harvard University

Marshall, Jennings B.

Professor, Economics, Finance, & Quantitative Analysis (1985)
B.A., Kentucky Southern College
M.A., Ph.D., University of Kentucky

Marshall, Mallory

Assistant Professor, Kinesiology (2014)
B.S., The University of Tulsa
M.A., University of Maryland
Ph.D., Michigan State University

Martin, Edward C.

Professor, Law, Director, Law School Technology (1983)
B.S., J.D., The University of Tennessee

Martin, Jane S.

Senior Associate Dean, Professor, Nursing (1996)
B.S.N., M.S.N., University of Alabama at Birmingham
Ph.D., Auburn University

Mathews, Kenneth A.

Professor, Divinity (1989)
B.A., Dallas Baptist University
Th.M., Dallas Theological Seminary
M.A., Ph.D., University of Michigan

Mathews, Suresh

Chair, Professor, Nutrition & Dietetics (2015)
M.S., Bharathiar University, India
B.S., M.Phil., Ph.D., University of Madras, India

Mathis, Eric L.

Chair, Academic Studies, Associate Professor, Music,
Director of the Center for Worship & the Arts (2010)
B.M., Wheaton College
M.M., Baylor University
M.Div., Truett Theological Seminary
Ph.D., Fuller Theological Seminary

Mauldin, Erin Stewart

Assistant Professor, History (2012)
B.A., Samford University
M.A., Georgetown University

Mayfield, John

Professor, History (1995)
B.A., Columbia University
Ph.D., Johns Hopkins University

Mazzei, Matthew J.

Assistant Professor, Entrepreneurship, Management & Marketing (2013)
B.S., University of Florida
M.S., M.B.A., University of South Florida
Ph.D., Auburn University

McCarty, Sara E. Helms

M.S., Ph.D., Stanford University

Parish, Ashley E.

Assistant Professor, Physical Therapy (2016)
B.S., D.P.T., The University of Alabama

Park, M. Sydney

Associate Professor, Divinity (2006)
B.A., The University of Chicago
M.Div., Fuller Theological Seminary
Th.M., Trinity Evangelical Divinity School
Ph.D., University of Aberdeen

Parker, Rhonda G.

Professor, Communication Studies (2002)
B.S., The University of Southern Mississippi
M.A., Ph.D., The University of Georgia

Patane, Frank

Assistant Professor, Mathematics & Computer Science (2015)
B.S., Lafayette College
M.S., Ph.D., University of Florida

Patrick, Amber M.

Assistant Professor, Nursing (2013)
B.S.N., M.S.N., Samford University

Pederson, Joseph A.

Assistant Professor, Kinesiology (2015)
B.A., University of Northern Colorado
M.S., Texas A&M University

Pence, Jillyn N.

Executive Director, Simulation Lab, Assistant Professor, Nursing (2008)
B.S.N., The University of Southern Mississippi
M.S.N., Samford University
Ed.D., The University of Alabama

Petrella, John K.

Chair, Associate Professor, Kinesiology (2007)
B. S., Georgia Institute of Technology
M.E., Ph.D., The University of Georgia

Ponder, Morgan S.

Chair, Professor, Chemistry & Biochemistry (1989)
B.S., University of Missouri-Columbia
Ph.D., University of California, Berkeley

Powell, Jeffrey S.

Chair, Associate Professor, Mathematics & Computer Science (2006)
B.S., Furman University
Ph.D., Emory University

Prince, Valerie T.

Professor, Pharmacy Practice (1994)
Pharm.D., Mercer University

Pritchett, Tameka

Assistant Professor, Nursing (2017)
B.S.N., Nursing, Jacksonville State University
M.S.N., D.N.P., Samford University

Promer, Laura

Instructor, Communication Sciences & Disorders (2014)
B.S., The University of Tennessee, Knoxville
M.S., The University of Alabama

Putt, B. Keith

Professor, Philosophy (2002)
B.A., Blue Mountain College
M.Div., Ph.D., Southwestern Baptist Theological Seminary
M.A., Ph.D., Rice University

Rahn, Jennifer L.

Associate Professor, Geography (2007)
B.A., Villanova University
M.A., Temple University
Ph.D., University of Florida, Gainesville

Ratcliffe, Carol J.

Chair, Associate Professor, Nursing (2013)
B.S.N., The University of Alabama
M.S.N., University of Alabama at Birmingham
D.N.P., Samford University

Reburn, James P.

Professor, Accounting & Management Information Systems (1996)
B.S., M.Ac., Southern Illinois University
D.B.A., Louisiana Tech University

Reeves, Josh

Assistant Professor, Philosophy (2016)
B.A., M.Div., Samford University
M.Phil., University of Cambridge
Ph.D., Boston University

Remington, Eric

Instructor, Physics (2017)
B.S., Samford University
M.S., University of Alabama at Birmingham

Reynolds, LeeAnn G.

Associate Professor, History (2008)
B.A., The University of Tennessee
M.A., Ph.D., Vanderbilt University

Richardson, W. Randall

Chair, Performance Studies, Professor, Music (1980)
B.M., Samford University
M.M., D.M.A., Louisiana State University

Riggs, Robert M.

Professor, Pharmaceutical Sciences (1994)
B.S., Ph.D., Purdue University

Robbins, David E.

Assistant Professor, Health Informatics & Information Management (2016)
B.S., LeTourneau University
M.S., Ph.D., University of Alabama at Birmingham

Roberson, C. Jean

Instructor, Social Work (2014)
B.A., William Jewell College
M.S.W., The Southern Baptist Theological Seminary

Roberts, Megan Z.

Assistant Professor, Pharmacy (2017)
B.S., Pharm.D., Auburn University

Roberts, Tracey M.

Visiting Professor, Law
A.B., Harvard University
J.D., Vanderbilt University
LL.M., New York University

Robertson, Ashley

Assistant Professor, Healthcare Administration (2016)
B.A., Baylor University
J.D., University of Virginia School of Law
Ph.D., University of South Carolina

Rochester, Vicki W.

Associate Professor, Nursing (2005)
B.S., Auburn University
B.S.N., M.S.N., University of Alabama at Birmingham
D.N.P., University of South Alabama

Rogers, H. Elizabeth (Betsy)

Associate Professor, Curriculum & Instruction (2010)
B.S., M.S.Ed., Ed.S., Ed.D., Samford University

Rogers, Rebecca

Instructor, Kinesiology (2015)
B.S., Austin College
M.S., Texas Woman's University

Rose, Bridget C.

Director, Academic Success Center, Assistant Professor, Core Curriculum (2009)
B.A., Mobile College
M.T.S., Samford University

Ross, Allen P.

Beeson Professor, Divinity (2002)
B.A., Bob Jones University
Th.M., Th.D., Dallas Theological Seminary
Ph.D., University of Cambridge

Ross, Sarah

Assistant Professor, Physical Therapy (2016)
B.S., M.P.T., Marquette University
D.P.T., The College of St. Scholastica

Ross, William G.

Lucille Stewart Beeson Professor of Law (1988)
A.B., Stanford University
J.D., Harvard University

Roxburgh, Kenneth B.E.

Professor, Religion (2003)
B.A. (Hons) C.N.A.A., London Bible College
M.Th., Aberdeen University
Ph.D., Edinburgh University

Rush, Richard Allen

Assistant Professor, Journalism & Mass Communication (2016)
B.A., M.A., Ph.D., The University of Alabama

Ryan, Hollea

Assistant Professor, Communication Sciences & Disorders (2015)
B.S., Florida State University
M.S., Au.D., Ph.D., Vanderbilt University

Sahawneh, Mary Anne

Assistant Professor, Biological & Environmental Sciences (2015)
B.S., Samford University
Ph.D., Cornell University

Sanders, Nena F.

Vice Provost, Ralph W. Beeson Dean and Professor of Nursing (1999)
B.S.N., M.S.N., D.S.N., University of Alabama at Birmingham

Sanders, Lt. Col. Stephen T.

Commander, Air Force ROTC Detachment 12, Professor, Aerospace Studies (2016)
B.S., United States Air Force Academy
M.M.A.S., Air University, Maxwell AFB
M.B.A., University of West Florida

Sandley, Don T.

Professor, Theatre & Dance (1997)
B.A., East Texas Baptist College
M.A., Southwestern Baptist Theological Seminary
Ph.D., Louisiana State University

Sandley, Lynette M.

Assistant Professor, Core Curriculum (1999)
B.S., The University of Texas at Tyler
M.A., University of Central Oklahoma

Sansom, Dennis L.

Chair, Professor, Philosophy (1988)
B.A., Baylor University
M.A., Washington University
M.Div., Ph.D., Southwestern Baptist Theological Seminary

Seibels, Donna R.

Assistant Professor, Nutrition & Dietetics (2010)
B.S., Auburn University
M.S., The University of Alabama

Service, Robert W.

Professor, Entrepreneurship, Management, & Marketing (1993)
B.S., Mississippi College
M.B.A., Ph.D., The University of Texas at Arlington

Shanahan, Tonya D.

Assistant Professor, Nursing (2017)
B.S.N., The University of Alabama
M.S.N., Mississippi University for Women
D.N.P., Samford University

Sheaffer, Elizabeth Ann

Associate Dean of Assessment and Accreditation,
Associate Professor, Pharmacy (2016)
B.A., Virginia Polytechnic Institute and State University
M.B.A., Shenandoah University
Ph.D., George Mason University

Shelton, Lora R.

Associate Professor, Nursing (2007)
B.S.N., University of Alabama at Birmingham
M.S.N., Samford University
D.N.P., University of Alabama at Birmingham

Shepherd, Frederick M.

Chair, Professor, Political Science (1993)
B.A., Amherst College
Ph.D., Georgetown University

Shinn, Ronald R.

Professor, Music (2007)
B.M., The University of New Mexico
M.M., University of Wisconsin-Madison
D.M.A., The University of Alabama

Shiple, David S.

Associate Professor, Journalism & Mass Communication (1993)
A.B.J., M.A., The University of Georgia
Ph.D., Louisiana State University

Simms, Grace L.

Information Technology Librarian, Law Library (2001)
 B.A., Birmingham-Southern College
 M.L.S., The University of Alabama

Simoni, Serena

Associate Professor, Political Science (2011)
 M.A., California State University, C Beach
 Ph.D., University of Southern California

Sims, Pamela J.

Professor, Pharmaceutical Sciences (1989)
 B.S., University of Florida
 Pharm.D., Mercer University
 Ph.D., University of Colorado

Skelley, Jessica Whalen

Associate Professor, Pharmacy Practice (2011)
 Pharm.D., Samford University

Slaton, Rachel Morgan

Associate Professor, Pharmacy Practice (2010)
 Pharm.D., Samford University

Smith, Robert, Jr.

Charles T. Carter Baptist Chair, Professor, Divinity (1997)
 B.S., Cincinnati Bible College
 M.Div., Ph.D., The Southern Baptist Theological Seminary

Smolin, David M.

Harwell G. Davis Professor of Constitutional Law,
 Director, Center for Children, Law, & Ethics (1987)
 B.A., University of South Florida
 J.D., University of Cincinnati

Snow, Amy C.

Associate Director, Nurse Anesthesia, Assistant Professor, Nursing (2009)
 B.S.N., Samford University
 M.N.A., University of Alabama at Birmingham

Southall, Kyle

Visiting Instructor, Kinesiology (2016)
 B.S., Ohio University
 M.S., West Virginia University

Specht, Christian M.

Assistant Professor, School of the Arts (2017)
 B.F.A., Valdosta State University
 M.F.A., Virginia Polytechnic Institute and State University

Speights-Binet, Jennifer

Chair, Associate Professor, Geography (2008)
 B.A., Samford University
 M.S., University of Edinburgh-Scotland
 Ph.D., Louisiana State University

Stanley, Sonya S.

Associate Professor, Mathematics & Computer Science (1996)
 B.S., Judson College
 M.S., Auburn University
 Ph.D., Vanderbilt University

Steele, Jennifer Bondurant

Assistant Professor, Nursing (2007)
 B.S.N., M.S.N., Samford University

Steward, Julie Sims

Professor, English (1996)
 B.A., Austin College
 M.A., Ph.D., Rice University

Stokes, Charles (Chuck)

Associate Professor, Sociology (2013)
 B.A., M.Div., Samford University
 Ph.D., The University of Texas at Austin

Stone, R. Thomas, Jr.

Professor, Law (1978)
 B.S., Virginia Polytechnic Institute and State University
 J.D., Emory University
 Ph.D., The University of Tennessee
 LL.M., The University of Illinois at Urbana-Champaign

Strange, James R.

Associate Professor, Religion (2007)
 B.A., Furman University
 M.Div., The Southern Baptist Theological Seminary
 M.A., University of South Florida
 Ph.D., Emory University

Strickland, Henry C.

Dean and Ethel P. Malugen Professor, Law (1988)
 B.A., Presbyterian College
 J.D., Vanderbilt University

Sutton, Timothy

Associate Professor, English (2015)
 B.A., DePauw University
 M.A., Ph.D., University of Miami

Szurek, Jaroslaw P.

Department Chair-Cataloging & Metadata,
 Associate Librarian, University Library (2003)
 M.A., Jagiellonian University
 M.S., University at Albany-SUNY

Taylor, Grant

Associate Dean, Assistant Professor, Divinity (2015)
 B.S., Union University
 M.Div., Samford University
 Ph.D., Southeastern Baptist Theological Seminary

Taylor, Jennifer R.

Chair, Archives & Special Collections, Assistant Librarian, University Library (1999)
 B.A., Mississippi State University
 M.L.I.S., The University of Southern Mississippi

Terry, Patricia Hart

Professor, Nutrition & Dietetics (1990)
 B.S., M.S., The University of Alabama
 Ph.D., Texas Woman's University

Tew, C. Delane

Professor, History (2009)
 B.A., Samford University
 M.R.E., The Southern Baptist Theological Seminary
 Ph.D., Auburn University

Thatcher, Karen L.

Associate Professor, Communication Sciences & Disorders (2014)
 B.S., M.A., Ed.D., Ball State University

Thielman, Frank S.

Beeson Professor, Divinity (1989)
 B.A., Wheaton College
 B.A., M.A., University of Cambridge
 Ph.D., Duke University

Thomas, Michael Chad

Chair, Professor, Pharmacy Practice (2016)
 B.S., Pharm.D., University of Arizona

Thomason, Angela R.

Professor, Pharmacy Practice (2004)
 Pharm.D., Samford University

Thompson, Larry D.

Associate Dean, Division of Visual Arts, Professor, Art (2007)
 B.F.A., The University of Texas at San Antonio
 M.F.A., University of North Texas

Thornton, Jeremy P.

Dwight Moody Beeson Chair, Professor, Economics, Finance, & Quantitative
 Analysis (2004)
 B.A., Asbury College
 M.S., Eastern University
 Ph.D., University of Kentucky

Thurman, Demondrae

Professor, Music (2013)
 B.M., The University of Alabama
 M.M., University of Wisconsin-Madison
 D.M.A., The University of Alabama

Thurston, Lydia A.

Assistant Professor, Physical Therapy (2014)
B.S., Auburn University
M.A., D.Sc.PT., University of Alabama at Birmingham

Todd, Candace H.

Assistant Professor, Mathematics & Computer Science (1998)
B.S., Carson-Newman College
M.S., Ph.D., Baylor University

Todd, Stephen R.

Chair, Professor, Classics (1998)
B.A., Furman University
M.A., Ph.D., Vanderbilt University

Tomlin, Laura H.

Administrative Faculty, Law (2017)
B.A., Birmingham-Southern College
M.S.E., Samford University
J.D., Hamline University

Toone, Brian R.

Assistant Professor, Mathematics & Computer Science (2005)
B.S., Clemson University
M.S., Ph.D., University of California, Davis

Turner, Ashley McLeod

Instructor, Nursing (2016)
B.S.N., M.S.N., Samford University

Viliunas, Brian B.

Assistant Professor, Music (2011)
B.M., Northwestern University
M.M., Rice University
D.M.A., Arizona State University

Waddell, Carla T.

Chair, Reference & Research Associate Librarian, University Library (2000)
B.A., University of Montevallo
M.L.I.S., The University of Alabama

Waldrop, Bruce A.

Chair, Associate Professor, Pharmaceutical Sciences (2003)
B.S., Samford University
Ph.D., University of Kentucky

Wallace, W. Jason

Director, Core Text Program, Richard J. Stockham, Jr. Chair, Professor, History (2004)
B.A., Auburn University
M.Div., Westminster Theological Seminary
Ph.D., University of Virginia

Walthall, Howard P.

Leslie S. Wright Professor of Law (1975)
A.B., LL.B., Harvard University

Wang, Xiaodong Robert

Associate Professor, Pharmaceutical Sciences (2012)
B.S., Nankai University
M.S., Baylor University
Ph.D., The University of Texas Southwestern Medical Center

Warr, Rebecca

Assistant Professor, Nursing (1981)
B.S.N., M.S.N., University of Alabama at Birmingham

Washmuth, Nicholas B.

Assistant Professor, Physical Therapy (2014)
B.H.S., University of Florida
D.P.T., Washington University in St. Louis

Watson, Stephen E.

Assistant Professor, Art (2014)
B.A., Williams Baptist College
M.F.A., The University of Alabama

Waugh, Jonathan

Chair, Professor, Cardiopulmonary Sciences (2015)
B.S., University of Central Florida
M.S., Ph.D., The Ohio State University

Webster, Douglas D.

Professor, Divinity (2007)
B.A., M.A., Wheaton College
Ph.D., University of St. Michael's College

Wensel, Terri M.

Associate Professor, Pharmacy Practice (2008)
Pharm.D., Auburn University

West, Heather A.

Assistant Professor, World Languages & Cultures (1997)
B.A., Birmingham-Southern College
M.A., Mississippi State University
M.A. Education, University of Alabama at Birmingham
Ph.D., The University of Alabama

White, C. Whitney

Associate Professor, Pharmacy Practice (2009)
B.S., Mississippi College
Pharm.D., Samford University

White, Darin W.

Chair, Professor, Entrepreneurship, Management, & Marketing (2009)
B.S., Birmingham-Southern College
M.A., Ph.D., The University of Alabama

White, Mary E.

Assistant Professor, Art (2007)
B.A., Samford University
M.F.A., The University of Alabama

Wiget, Paul A.

Assistant Professor, Chemistry & Biochemistry (2014)
B.S., Ph.D., New Mexico State University

Wilger, Dale

Assistant Professor, Chemistry & Biochemistry (2015)
B.S., SUNY at Fredonia
Ph.D., The University of North Carolina at Chapel Hill

Williams, Tyler D.

Assistant Professor, Health Professions (2017)
B.S., Mississippi College
M.A., The University of Alabama

Willis, A. Sandra

Professor, Psychology (1995)
B.S., Virginia Commonwealth University
M.S., Ph.D., Tulane University

Wilson, Angela

Instructor, Nursing (2015)
B.S.N., M.S.N., Samford University

Witherspoon, Monique Gardner

Assistant Professor, Educational Leadership (2014)
B.S., M.Ed., South Carolina State University
Ed.S., Winthrop University
Ed.D., Gardner-Webb University

Wood, Kimberly H.

Assistant Professor, Arts & Sciences (2017)
B.S., Ph.D., University of Alabama at Birmingham

Wood, Patricia F.

Professor, Curriculum & Instruction (2006)
B.S., University of Montevallo
M.A., Ph.D., The University of Alabama

Woolley, Thomas W.

Senior Associate Provost, Professor, Economics, Finance, & Quantitative Analysis (1993)
B.S., M.S., Ph.D., Florida State University

Workman, Charles E.

Assistant Professor, World Languages & Cultures (2002)
B.A., Samford University
M.A., Auburn University

Worthington, Mary A.

Professor, Pharmacy Practice (1995)
B.S., Pharm.D., The Ohio State University

Wright, Geoffrey

Associate Professor, English (2007)
B.A., Oral Roberts University
M.A., Ph.D., The University of Tulsa

Wynn, Stephanie D.

Professor, Nursing (2012)
B.S.N., M.S.N., The University of Alabama
D.N.P., The University of South Alabama

Yerkes, Rustin (Rusty)

Assistant Professor, Economics, Finance, & Quantitative Analysis (2012)
B.S., U.S. Air Force Academy
M.B.A., Auburn University at Montgomery
Ph.D., The University of Alabama

York, Ashley B.

Assistant Professor, Nursing (2017)
B.S.N., The University of Alabama
M.S.N., University of Alabama at Birmingham
D.N.P., Union University

Young, Deborah

Professor, Law, Director, Center for Advocacy & Clinical Education (1997)
B.A., University of Kentucky
J.D., University of Michigan

Young, Lauren

Associate Librarian, University Library (2015)
B.A., M.A., The University of Mississippi
M.L.I.S., The University of Southern Mississippi

Zaharis, Julie A.

Assistant Professor, Nursing (2007)
B.S.N., M.S.N., University of Alabama at Birmingham

Part-Time Faculty

Acker, Paige L.

Lecturer, Foundations
B.A., The University of Alabama
M.S., Florida State University

Adams, Kari L.

Lecturer, Nursing
B.S.N., University of Texas Health Science Center at Houston
M.S.N., Samford University

Adkins, Jason F.

Lecturer, Education
B.S., University of North Alabama
Ed.D., Samford University

Alderman, J. Kenneth

Lecturer, Economics, Finance & Quantitative Analysis
B.S., Auburn University
M.B.A., Florida State University

Alverson, Susan P.

Adjunct Faculty, Pharmacy
B.S., University of Wisconsin
M.S., Virginia Commonwealth University
M.S., D.P.A., University of Southern California

Andrews, Robin W.

Adjunct Professor, Law
B.S.E., M.S.E., Jacksonville State University
J.D., Samford University

Arenberg, Thomas P.

Lecturer, Journalism & Mass Communications
B.A., Grinnell College

Ashworth-Edge, Leah C.

Lecturer, Nursing
B.S.N., M.S.N., Samford University

Atchison, Debra

Assistant Professor, Professional Studies
B.S., M.S., Ed.D., The University of Alabama
M.A., University of Alabama at Birmingham

Atkins, Garry L.

Lecturer, Foundations
B.E., The University of Tennessee at Martin
M.Ed., The University of Tennessee at Chattanooga

Averett, Heather E.

Lecturer, Foundations
B.A., Samford University

Bagby, Kelly Martin

Instructor, Communication Sciences & Disorders
B.S., M.S., University of Montevallo
Ph.D., University of Virginia

Bailey, Jane A.

Lecturer, Core Curriculum
B.S., Southern Illinois University at Edwardsville
M.A., University of Alabama at Birmingham

Bain, Kimberly A.

Lecturer, Music
B.S.E., M.A., The University of Alabama
M.M., Bowling Green University

Baldwin, Nanette T.

Lecturer, Professional Studies
B.S., The University of Alabama
M.P.A., Birmingham Southern College

Ball, Andrew C.

Lecturer, Philosophy
B.A., University of Detroit Mercy
M.A., University of Windsor
Ph.D., University of Alberta

Ballard, C. Andrew

Lecturer, Religion
B.A., Samford University
M.Div., The Southern Baptist Theological Seminary
Ph.D., Fordham University

Bals, Gordon C.

Lecturer, Divinity
M.A., Colorado Christian University
Ed.D., University of Sarasota

Barineau, Leslie R.

Adjunct Professor, Law
B.S., Georgia Southern University
J.D., Samford University

Barnard, Joshua B.

Lecturer, Professional Studies
B.S., M.A., The University of Alabama
Ph.D., University of California at Santa Barbara

Barnhart, David L. Jr.

Lecturer, Religion
B.A., Oglethorpe University
M.Div., Emory University
M.A., Ph.D., Vanderbilt University

Bateman, Lori B.

Instructor, Core Curriculum
B.A., Carson-Newman College
M.S.E., Baylor University

Baty, Heather W.

Adjunct Professor, Communication Sciences & Disorders
B.S., M.C.D., Auburn University
M.B.A., University of Alabama at Birmingham
Au.D., A.T. Still University

Baty, John A.

Adjunct Professor, Law
B.S., Auburn University
J.D., The University of Alabama

Baxter, S. Emily

Lecturer, Human Development & Family Life Education
B.A., Samford University
M.A., The University of Iowa

Beach, Ryan A.

Lecturer, Music
B.M., Oklahoma City University
M.M., Northwestern University

Bean, Julie P.

Lecturer, Core Curriculum
B.A., M.A., University of Montevallo

Beardsley, Robin L.

Adjunct Professor, Law
B.A., The University of Alabama
J.D., Samford University

Beckham, Lisa L.

Instructor, Education
B.S., M.A., University of Alabama at Birmingham
Ed.S., Ed.D., Samford University

Bell, Haden L.

Lecturer, Core Curriculum
B.A., M.A., The University of Alabama

Berg, Kenneth D. Jr.

Lecturer, Music
B.M.E., M.M.E., Samford University

Bice, Thomas R.

Lecturer, Educational Leadership
B.S., Ed.D., Auburn University
M.S., University of Alabama at Birmingham

Bishop, Janet J.

Lecturer, World Languages & Cultures
B.A., M.H.S., Auburn University

Black, Stephen F.

Lecturer, Foundations
B.A., University of Pennsylvania
J.D., Yale Law School

Blair, Jamie

Instructor, Education
B. S., Troy State University
M.A., Auburn University
Ed.D., The University of Alabama

Bland, Lauren E.

Lecturer, Communication Sciences & Disorders
B.S., Murray State University
M.S., University of Louisville
Ph.D., University of Cincinnati

Bodenhamer, Richard

Instructor, Human Development & Family Life Education
B.A., M.B.A., Samford University

Bolla, Alexander J., Jr.

Adjunct Professor, Law
B.A., B.S., J.D., The Ohio State University

Bolus, Anthony J.

Adjunct Faculty, Pharmacy
Pharm.D., Samford University

Booth, Clifford

Lecturer, Education
B.S., M.A., The University of Alabama

Bowman, Jamie N.

Lecturer, Core Curriculum
B.A., The University of Alabama
M.A., Durham University

Boyd, Margaret Ann R.

Adjunct Faculty, Communication Sciences & Disorders
B.S., M.S., University of Montevallo

Bradley, Joanna C.

Lecturer, World Languages & Cultures;
Communication Sciences & Disorders
B.A., Mars Hill College
M.A., Universidad Javeriana
Ph.D., The University of Texas at Austin

Bramer, Jeffery D.

Lecturer, Paralegal Studies
B.G.S., Samford University
LL.B., Birmingham School of Law

Breedlove, Laura V.

Lecturer, Foundations
B.S., Virginia Polytechnic Institute and State University
M.A., The University of Alabama

Brice, Dorothy G.

Instructor, Kinesiology
B.S., Samford University
M.S., University of Alabama at Birmingham

Briggs, Samantha E.

Lecturer, Sociology
B.A., Clark Atlanta University
M.A., Ph.D., The University of Alabama

Brindley, P. Andrew

Lecturer, Professional Studies
B.S., The University of Alabama
M.Ed., University of Montevallo

Brooks, Lewis

Lecturer, Education
B.S., M.Ed., University of Montevallo
Ed.D., Samford University

Lecturer, Entrepreneurship, Management, & Marketing
B.A., M.Ed., Mississippi College
Ph.D., The University of Southern Mississippi

Clough, Allison

Lecturer, Music
B.M., Drake University
M.M., Bob Jones University
D.M.A., The University of Alabama

Coan, Mackenzie L.

Lecturer, Geography
B.A., M.S., Auburn University

Coefield, A. Scott

Lecturer, Educational Leadership
B.S.E., Auburn University
M.S.E., Ed.S., Jacksonville State University
Ed.D., Samford University

Cole, Candia Gann

Instructor, Kinesiology
B.A., Samford University

Coleman, John J., III

Adjunct Professor, Law
A.B., J.D., Duke University

Coleman, Timothy A.

Lecturer, Physics
B.S., Samford University
M.S., Ph.D., The University of Alabama at Huntsville

Cook, Gus T.

Instructor, Chemistry & Biochemistry
B.S., Murray State University
M.S., University of Arkansas

Copeland, Carla S.

Lecturer, Professional Studies
B.B.A., Faulkner University
M.S., Troy University at Montgomery
M.B.A., Auburn University at Montgomery

Coyne, Colin M.

Lecturer, Biological & Environmental Sciences
B.S., Vanderbilt University
M.M., Northwestern University
Ed.D., Vanderbilt University

Crawford, Benjamin D.

Lecturer, Core Curriculum
B.A., Louisiana State University
M.A., Baylor University
Ph.D., The University of Alabama

Crews, Christopher B.

Lecturer, Theatre & Dance
B.F.A., University of Montevallo

Culotta, Mary Ann

Instructor, Art
B.A., Samford University
M.A., University of Alabama at Birmingham
Ph.D., Florida State University

Cumbee, Janet J.

Instructor, Education
B.A., M.S.Ed., Troy State University
Ed.S., University of Montevallo
Ed.D., Samford University

Curry, Nancy A.

Adjunct Professor, Education
B.S., M.Ed., Middle Tennessee State University
Ed.S., Ed.D., Tennessee State University

Daffron, Cristy M.

Adjunct Faculty, Nursing
B.S.N., University of Alabama at Birmingham
M.S.N., Jacksonville State University
D.N.P., Samford University

Dallam, Rosemary B.

Lecturer, Nutrition & Dietetics
B.A., Montclair State University
M.S., University of Alabama at Birmingham

Dance, Jeffrey W.

Lecturer, Management
B.A., MidAmerica Nazarene University
M.B.A., Samford University

Daniels, Dianne K.

Lecturer, World Languages & Cultures
B.A., M.A., The University of North Carolina
M.Div., Southeastern Baptist Theological Seminary

Davis, Joshua B.

Lecturer, Religion
B.A., Lipscomb University
M.A., M.T.S., Ph.D., Vanderbilt University

Davis, Kerri Y.

Lecturer, Curriculum & Instruction
B.A., The University of Alabama
M.A.Ed., University of Alabama at Birmingham

Davis, Shayana B.

Adjunct Professor, Paralegal Studies
B.S., University of Alabama at Birmingham
M.B.A., J.D., Samford University

Davis, Terry L.

Lecturer, Education
B.S., Freed-Hardeman College
M.Ed., Middle Tennessee State University
Ed.D., The University of Alabama

Dean, Anthony G.

Lecturer, Professional Studies
B.S., Auburn University at Montgomery
M.A., Webster University

Deemer, Holly N.

Lecturer, Psychology
B.A., University of South Alabama
M.P.H., University of Alabama at Birmingham
M.A., Ph.D., The University of Alabama

Deer, Richard A.

Adjunct Professor, Law
B.S., Auburn University
J.D., The University of Alabama

DeGaris, Annesley H.

Adjunct Professor, Law
B.S., J.D., Samford University

DeHart, Joanna C.

Lecturer, Theatre & Dance
B.A., Virginia Polytechnic Institute and State University

DelGreco, Albert L.

Lecturer, Kinesiology
B.S., Auburn University

Dice, Joseph S.

Lecturer, Paralegal Studies
B.S., M.S.W., J.D., The University of Alabama

Dice, Patricia C.

Lecturer, Professional Studies
B.A., Washburn University
M.S.W., Ph.D., The University of Alabama

DiGiorgio, Mark W.

Instructor, Kinesiology

Dixon, Paul E., Jr.

Instructor, Entrepreneurship, Management, & Marketing
B.S., Auburn University
M.A., Samford University
M.A., University of Alabama at Birmingham

Dobelstein, Rebecca B.

Lecturer, Education
B.S., M.S.E., Samford University

Dooley, Natalia A.

Lecturer, Education
B.A., M.A., Orel State University
Ed.D., Samford University

Dorn, Olivia A.

Lecturer, Human Development & Family Life Education
B.A., The University of Alabama
M.A.C., University of Alabama at Birmingham

Dorroh, William J.

University Organist, Lecturer, Music
B.M., Birmingham-Southern College
M.M., The University of Texas at Austin
Ph.D., Vanderbilt University

Doss, Laura H.

Lecturer, Music
B.M., Samford University
M.Ed., University of Montevallo

Doss, Lauren E.

Lecturer, International
B.A., M.Div., Samford University

Douglas, Ashley D.

Lecturer, Biological & Environmental Sciences
B.S., Washington & Lee University
M.S., College of Charleston
Ph.D., University of Alabama at Birmingham

Douglas, Michael J.

Adjunct Professor, Law
B.A., Auburn University
J.D., Samford University

Driskill, Nancy H.

Lecturer, Education
B.S.E., Samford University
M.A.E., University of Alabama at Birmingham

Dudley, Patricia M.

Lecturer, Education
B.S., The University of Alabama
M.A., University of Alabama at Birmingham

Dudley-Mitchell, Sandra

Lecturer, Education
B.S., Alabama A&M University
M.A.E., University of Alabama at Birmingham

Duke, Joey D.

Senior Lecturer, Paralegal Studies
B.A., University of Alabama at Birmingham
J.D., Samford University

Dulin, Jan R.

Lecturer, Education
B.S.W., University of Montevallo
M.Ed., University of Alabama at Birmingham

Dunn, Casey B.

Lecturer, Kinesiology
B.S., Auburn University

Dunn, Charles Hardy

Lecturer, Professional Studies
B.S., Guilford College
J.D., Samford University

Dunn, Tammy P.

Lecturer, Education
B.S., University of North Alabama
M.A.E., University of Alabama at Birmingham
Ed.S., Samford University

Dunning, Diane

Lecturer, Professional Studies
B.A., University of Alabama at Birmingham
J.D., Birmingham School of Law

Dupre, Leah S.

Lecturer, World Languages & Cultures
B.S., Birmingham-Southern College
M.A., Tulane University

Duquette, George R.

Lecturer, Biological & Environmental Sciences
B.S., Auburn University
M.D., Vanderbilt University

Dutton, Kristi L.

Lecturer, Education
B.S., University of Alabama at Birmingham
M.S.E., Samford University

Dyess, Jeffrey D.

Adjunct Professor, Law
B.I.E., Auburn University
J.D., Samford University

Edmonds, Vincent H.

Lecturer, Education
B.S., Athens State University
M.S., Alabama A&M University
Ed.S., Ed.D., The University of Alabama

Edmondson, Sharon M.

Adjunct Faculty, Pharmacy
B.S., Auburn University
P.M.D., Samford University

Elliott, Ali H.

Lecturer, Nutrition & Dietetics
B.S., The University of Mississippi
M.S., University of Alabama at Birmingham

Erickson, Linda S.

Lecturer, Education
B.S., Birmingham-Southern College
M.S.E., Samford University

Esmail, Rahim W.

Lecturer, Kinesiology
B.A., University of Kentucky
M.S., Eastern Kentucky University

Esposito, Richard

Lecturer, Biological & Environmental Sciences
B.S., M.S., Auburn University
M.S., Samford University

Evans, Brandon

Lecturer, Kinesiology
B.S., Southwest Missouri State University
M.A.E., University of Alabama at Birmingham

Felton, John B.

Adjunct Professor, Law
B.A., J.D., Samford University

Ferniany, Dylan H.

Lecturer, Curriculum & Instruction
B.A., Tulane University
M.Ed., Northern Arizona University
Ed.D., Vanderbilt University

Fiedler, Michael A.

Associate Professor, Nurse Anesthesia
B.S., Indiana Wesleyan University
M.S., Baylor College of Medicine
Ph.D., The University of Tennessee-Memphis

Fineburg, Amy C.

Lecturer, Professional Studies
B.A., M.S., Samford University
Ph.D., The University of Alabama

Fisk, Timarie S.

Lecturer, Art and Design
B.F.A., Memphis College of Art
M.A.E., Ed.S., Ph.D., University of Alabama at Birmingham

Flaniken, Angela M.

Lecturer, Music
B.M.Ed., University of Louisville
M.M., Boston University

Fletcher, Julie R.

Lecturer, Foundations
B.S., Northwestern State University
M.Ed., The University of Southern Mississippi

Florence, Selena

Lecturer, Educational Leadership
B.S.E., M.S.E., Ed.D., Samford University

Fly, Deborah W.

Lecturer, Education
B.S., M.Ed., University of Alabama at Birmingham

Flynn, John J.

Lecturer, Core Curriculum
B.A., Mary Washington College
M.A., University of Virginia

Foreman, Maureen A.

Lecturer, Art
B.F.A., Maryland Institute College of Art
M.F.A., Indiana University

Fort, David N.

Instructor, Nurse Anesthesia
B.S.N., University of Alabama at Birmingham
M.S.N., Nurse Anesthesia, D.N.P., Samford University

Foshee, Anna W.

Lecturer, Theatre & Dance
B.A., The University of Alabama

Fowler, Cacyce S.

Lecturer, Nursing
B.S.N., Jacksonville State University
M.S.N., Samford University

Fox, Amanda B.

Lecturer, Education
B.S., Berry College
M.E., Lesley University
M.S.E., Samford University

Freeman, Mark J.

Lecturer, Professional Studies
B.A., Auburn University
M.S., Florida State University
Ph.D., Mississippi State University

Friday, Hannah L.

Lecturer, Core Curriculum
B.A., Agnes Scott College
M.T.S., Emory University

Frings, David M.

Lecturer, Biological & Environmental Sciences
B.S., University of Alabama at Birmingham
M.S., Samford University

Fry, Karen R.

Lecturer, Nursing
B.S.N., Auburn University
M.S.N., University of Alabama Birmingham

Fuller, Thomas L.

Lecturer, Divinity
B.A., Samford University
M.Div., D.Min., The Southern Baptist Theological Seminary
Ph.D., The University of Alabama

Gaede, Anton H.

Adjunct Professor, Law
B.S., Yale University
LL.B., Duke University

Gallaspy, Janice G.

Lecturer, Nursing
B.S.N., M.S.N., University of Alabama at Birmingham

Gannon, Kenny C.

Lecturer, Theatre & Dance
B.A., Samford University
M.M., Converse College
Ph.D., Louisiana State University

Gardner, Donna M.

Lecturer, Education
B.A., The University of Alabama
M.A., University of Alabama at Birmingham

Garza, Gene G.

Assistant Professor, Mathematics & Computer Science
B.S., University of Montevallo
Ph.D., The University of Georgia

Gaston, Victoria J.

Lecturer, Divinity
B.A., Florida Atlantic University
M.Div., D.Min., Samford University

Gay, Stacy M.

Lecturer, Entrepreneurship, Management, & Marketing
B.A., B.S., M.P.A., University of Alabama at Birmingham

Gibson, Scott M.

Lecturer, Divinity
B.S., The Pennsylvania State University
M.Th., Princeton Theological Seminary
M.Div., Gordon-Conwell Theological Seminary
Ph.D., University of Oxford

Gill, Bryan D.

Lecturer, Professional Studies
B.A., Auburn University
M.Div., Samford University

Gilmore, Kristin E.

Lecturer, Core Curriculum
B.A., University of Alabama at Birmingham
M.A., University of Montevallo

Godwin, Joseph S.

Lecturer, Economics, Finance, & Quantitative Analysis
B.A., M.B.A., University of Alabama at Birmingham
Ph.D., Auburn University

Glenn, Christina J.

Lecturer, Mathematics & Computer Science
B.A., B.S., M.S., University of Alabama at Birmingham

Golden, Nancy C.

Adjunct Faculty, Pharmacy
B.S., Samford University
M.S., The University of Mississippi

Gonsoulin, Walter B., Jr.

Lecturer, Educational Leadership
B.A., University of Louisiana at Lafayette
M.Ed., Southern University and A & M College
Ph.D., Mississippi State University

Goodman, Patricia A.

Instructor, Chemistry & Biochemistry
B. S., Mississippi University for Women
M.S., The University of Mississippi

Goolsby, Andrea S.

Lecturer, Professional Studies
B.S., M.S., Troy University
M.P.A., Auburn University at Montgomery

Gossett, Kimberly J.

Lecturer, Education
B.S., Auburn University
M.A.E., University of Alabama at Birmingham

Grace, Rick L.

Lecturer, Divinity
B.A., Eastern Illinois University
M.Div., D.Min., University of Dubuque

Graffeo, Brenda J.

Lecturer, Education
B.S., Auburn University
M.A., The University of Alabama

Graham, Lisa G.

Assistant Professor, Psychology
B.A., Emory University
M.S., The University of Tennessee at Chattanooga

Graves, Stephanie A.

Lecturer, Education
B.S., University of Maryland, College Park
M.A., University of Maryland, Baltimore County

Greene, A. Robert

Visiting Assistant Professor, Law
A.B., Georgetown University
J.D., The Catholic University of America

Griffin, Jamie B.

Lecturer, Nutrition & Dietetics
B.S., The University of Georgia
M.S., Saint Joseph College
Ph.D., Auburn University

Grogan, Sue D.

Lecturer, Curriculum & Instruction
B.A., Birmingham-Southern College
M.E.D., University of Alabama at Birmingham
Ed.S., University of Montevallo

Grosse, Alan B.

Adjunct Faculty, Law
B.S., The Citadel
J.D., Samford University

Gurney, Mary T.

Lecturer, Theatre & Dance
B.A., Samford University

Hall, John A.

Adjunct Professor, Law
B.A., University of Sussex
Ph.D., Oxford University
J.D., Stanford University

Hall, Joshua

Lecturer, Core Curriculum
 B.A., Samford University
 M.A., Penn State University
 Ph.D., Vanderbilt University

Handley, Donna M.

Lecturer, Human Development & Family Life Education
 B.A., M.P.A., Ph.D., Auburn University

Hankins, Ryan C.

Lecturer, Entrepreneurship, Management, & Marketing
 B.A., Ouachita Baptist University
 M.Div., Samford University

Hankins, William R., Jr.

Lecturer, Entrepreneurship, Management & Marketing
 B.A., J.D., The University of Alabama
 M.B.A., Emory University

Harrington, Barbara K.

Lecturer, Music
 B.M., New England Conservatory of Music

Huebner, W. Michael

Lecturer, Music
 B.M., M.M., The University of Kansas

Huggins, Meggan M.

Lecturer, Biology & Environmental Sciences
 B.S., The University of Alabama
 J.D., Faulkner University

Hughes, Eric T.

Lecturer, Foundations
 B.S., Indiana State University
 M.Ed., The University of Oklahoma

Hunsinger, Ronald N.

Lecturer, Nursing
B.S., M.S., Mississippi State University
Ph.D., The University of Mississippi

Hutchens, Kimberly P.

Lecturer, Education
B.S.E., M.S.E., Samford University

Hutchison, G. Arwen

Lecturer, Core Curriculum
B.A., M.A., The University of Alabama

Isley, Belinda

Lecturer, Nursing
B.S.N., M.S.N., University of Alabama at Birmingham

Jackson, Donald M.

Adjunct Professor, Law
B.A., Alabama State University
J.D., University of Virginia

Janeway, Caroline M.

Lecturer, University Fellows
B.A., Samford University
M.A., Georgetown University

Jennings, Sarah J.

Lecturer, Core Curriculum
B.A., The University of Alabama
M.A., University of Alabama at Birmingham

Johns, Marci S.

Lecturer, Professional Studies
B.A., M.P.A., Auburn University at Montgomery
J.D., Faulkner University

Johnson, Donna C.

Lecturer, Education
B.S.E., M.A., The University of Alabama

Johnson, Nathan W.

Adjunct Professor, Law
B.A., J.D., Vanderbilt University

Johnson, Raymond L., Jr.

Adjunct Professor, Law
B.A., J.D., Howard University

Johnston, Latta C.

Lecturer, Curriculum & Instruction
B.S., M.S.E., Ed.D., Samford University

Jones, Glenda D.

Lecturer, World Languages & Cultures
B.A., Samford University
M.A., The University of Alabama

Kaiser, Heather R.

Lecturer, Spanish
B.A., Old Dominion University
M.A., Florida International University
Ph.D., University of Florida

Kaiser, Mary Ignatius

Lecturer, Professional Studies
B.S., Marygrove College
M.A., University of Detroit
Ph.D., University of Denver

Kelley, Emily B.

Lecturer, Art
B.A., University of Alabama at Birmingham
M.A., The University of Alabama
M.Ed., University of Montevallo

Kelley, Victor

Adjunct Professor, Law
B.S., Auburn University
J.D., Samford University

Keppley, Jesse M.

Lecturer, Foundations
B.A., M.A., Boston University

Kerlin, Matthew B.

Lecturer, Core Curriculum, Business
B.M. Louisiana State University
M.A., Southwestern Baptist Theological Seminary

Adjunct Professor, Pharmacy
B.S., Marquette University
M.A., University of Central Florida

Kozak, Kevin J.

Lecturer, Music
B.S., Glassboro State College
M.M., Manhattan School of Music

Krulak, Todd C.

Lecturer, Core Curriculum
B.A., College of William and Mary
M.A., Wheaton College
Ph.D., University of Pennsylvania

Kuntz, Lisa L.

Lecturer, Nursing
B.S.N., M.S.N., University of Alabama at Birmingham

Lacey, Ronda H.

Assistant Professor, Pharmacy
B.S., Auburn University
B.A., University of Alabama at Birmingham
J.D., Birmingham School of Law

Lackey, Jennifer H.

Lecturer, Core Curriculum
B.A., Denison University
M.S., Vanderbilt University
M.A., Emory University

Laird, George W., II

Adjunct Faculty, Paralegal Studies
B.S., The University of Alabama
J.D., Samford University

Lanclos, Sarah J.

Lecturer, Music
B.A., Belhaven University
M.M., University of Louisiana at Lafayette

Landers, Rachel L.

Lecturer, Core Curriculum
B.A., University of Montevallo
M.A., University of Alabama at Birmingham

Landau, Nicholas J.

Adjunct Professor, Law
B.A., University of Virginia
M.S., University of Maryland
Ph.D., Rutgers University
J.D., University of Virginia

Lane, Charles D.

Lecturer, Biological & Environmental Sciences
 B.S., University of North Alabama
 M.S., Samford University
 M.P.H., University of Alabama at Birmingham

Lane, Jennifer N.

Lecturer, Theatre & Dance
 B.A., Louisiana Tech University
 M.F.A., The University of Alabama

Lange Wiget, Carol

Lecturer, Biological & Environmental Sciences
 B.S., New Mexico State University
 M.S., Texas A&M University

Latta, Brent W.

Lecturer, Foundations
 B.S., Furman University
 M.A.E., University of South Carolina

Lawrence, S. Catherine

Lecturer, Religion
 B.A., Samford University
 M.Div., Ph.D., Southwestern Baptist Theological Seminary

Leara, Stephen P.

Adjunct Professor, Law
 B.S., Brown University
 J.D., Samford University

Lee, Carol L.

Adjunct Faculty, Law
 B.S.N., University of Alabama at Birmingham
 M.A., Loyola University
 M.P.P.M., Birmingham-Southern College
 J.D., Birmingham School of Law

Leithart, Peter J.

Lecturer, Divinity
 B.A., Hillsdale College
 M.A.R., Th.M., Westminster Theological Seminary
 Ph.D., University of Cambridge

Lentine, John A.

Adjunct Professor, Law
 B.A., University of West Florida
 J.D., Samford University

Limdi, Nita A.

Adjunct Professor, Pharmacy
 B.S., Patel College of Pharmacy
 Pharm.D., Samford University
 M.S.P.H., Ph.D., University of Alabama at Birmingham

Little, Michelle A.

Lecturer, Foundations
 B.A., M.A., Samford University

Little, Rebecca B.

Lecturer, Nutrition & Dietetics
 B.S., The University of Tennessee at Chattanooga
 M.S., University of Alabama at Birmingham

Loyd, Christine M.

Adjunct Faculty, Physical Therapy
 B.A., Miami University
 Ph.D., University of Cincinnati

Lyons, Alan D.

Lecturer, Biological & Environmental Sciences
 B.S., M.S., The University of Tennessee
 M.S., Samford University

Lucas, Gail

Lecturer, Paralegal Studies
 B.A., The University of Southern Mississippi
 M.A., The University of Mississippi

Ludington, Sarah H.

Adjunct Professor, Law
 B.A., Yale University
 M.A., J.D., Duke University

Lukasik, Lisa M.

Adjunct Professor, Law
 B.A., Washington University
 J.D., The University of North Carolina at Chapel Hill

Maddox, Kevin J.

Lecturer, Education
 B.S., Jacksonville State University
 M.Ed., University Of Montevallo
 Ed.D., Samford University

Maddox, Robert R.

Adjunct Professor, Law
 B.A., M.A., University of Alabama at Birmingham
 J.D., Samford University

Madsen, Nicholas J.

Instructor, Kinesiology
 B.S., M.S., University of Wisconsin

Marshal, Rodney J.

Lecturer, Social Work
 B.A., Samford University
 M.A., University of Alabama at Birmingham

Masri, Tariq M.

Lecturer, Music
 B.M., Cleveland Institute of Music

Mathis, Paige A.

Lecturer, Foundations
 B.S., University of Louisville
 M.S., University of Memphis

Maye, Jennifer L.

Lecturer, Education
 B.A., M.A., The University of Alabama
 Ed.D., Samford University

Mayfield, Phyllis W.

Lecturer, Education
 B.S., Jacksonville State University
 M.A., The University of Alabama
 Ph.D., Auburn University

McCarthy, Terrence W.

Adjunct Professor, Law
 B.S., Auburn University
 M.Ed., University of Montevallo
 Ed.D., J.D., The University of Alabama

McCay, T. Victor

Lecturer, Theatre & Dance

 B.A., Louisiana College
 M.Div., Ph.D., The Southern Baptist Theological Seminary

McCracken, Rebecca J.

Lecturer, Core Curriculum
 B.A., Southern Wesleyan University
 M.A., University of Alabama at Birmingham

McCurley, Robert L., Jr.

Adjunct Professor, Law
 B.S., J.D., The University of Alabama

McEwen, T. Cameron

Adjunct Professor, Law
 B.A., Brigham Young University
 J.D., Samford University

McGinnis, Margaret E.

Lecturer, Music
B.M., Samford University
M.M., Texas Christian University
Ph.D., The University of North Carolina at Chapel Hill

McIntyre, Mary Elizabeth

Adjunct Professor, Law
B.Ch.E., Auburn University
J.D., Samford University

McKinney, Margaret K.

Lecturer, Journalism & Mass Communication
B.S., Stephens College
M.A., University of Missouri-Columbia

McMichael, Sandra L.

Lecturer, Nursing
B.S.N., Auburn University
M.S.N., F.N.P., Troy State University

McNeil, I. Howard, III

Instructor, Professional Studies
B.B.A., University of Montevallo
M.T.A., The University of Alabama

McNeill, Laura J.

Lecturer, Curriculum & Instruction
B.A., Clarion University
M.A., The Ohio State University
M.S., The University of Alabama

McPherson, Susan E.

Adjunct Professor, Law
B.A., J.D., Samford University

Medina-Kreppein, Daisy

Lecturer, Nursing
B.S.N., State University of New York Health Science Center
M.S.N., D.N.P., State University of New York at Stony Brook

Michael, Kent S.

Lecturer, Psychology
B.S. Samford University
M.Ed., University of Montevallo

Milam, Amy N.

Lecturer, Geography
B.S., University of North Alabama
M.Ph., University of Cambridge

Minisman, Keith A.

Lecturer, Education
B.A., College of Charleston
M.A.E., University of Alabama at Birmingham

Minsky, Mark A.

Lecturer, Education
B.S.E., West Chester University of Pennsylvania
M.S.A., Ed.D., The University of North Carolina at Chapel Hill

Mitchell, Heather M.

Lecturer, Foundations
B.A., Birmingham-Southern College
M.A., M.A.E., University of Montevallo

Moates, Scotty J.

Lecturer, Biological & Environmental Sciences
B.S., Auburn University at Montgomery
M.S., Samford University

Moats, Ashton L.

Lecturer, Core Curriculum
B.A., University of Montevallo
M.A., University of Louisville

Mohon, Scott

Instructor, Human Development & Family Life Education
B.G.S., Samford University
M.A., University of Alabama at Birmingham

Monroe, Thomas F.

Lecturer, Kinesiology
B.S., M.A., University of North Alabama

Moore, Christa O.

Instructor, Nursing
B.S.N., The University of Alabama
M.S.N., Samford University

Morgan, Michael D.

Lecturer, Foundations
B.B.A., Baylor University
M.A., Southwestern Baptist Theological Seminary
Ph.D., University of North Texas

Morris, Michael L.

Lecturer, Core Curriculum
B.A., Auburn University
M.F.A., Spalding University

Morris, Michael W.

Lecturer, Kinesiology
B.A., Belhaven University

Moses, Mary Beth

Adjunct Faculty, Physical Therapy
B.S., Birmingham-Southern College
M.S., University of Alabama at Birmingham

Moxley, Caleb C.

Lecturer, Economics, Finance & Quantitative Analysis
B.A., B.S., Randolph College
M.S., University of Alabama at Birmingham

Mullis, Norma Kay

Instructor, World Languages & Cultures
B.A., Samford University
M.A., The University of Alabama

Mungenast, Dana G.

Lecturer, Teacher Education
B.A., Auburn University
M.S.E., Samford University

Munoz Ravello, Gabriela

Adjunct Faculty, Paralegal Studies
B.A., The University of Alabama
J.D., George Washington University

Nail, Kaye C.

Lecturer, Professional Studies
B.A., M.A., University of Alabama at Birmingham

Nelson, L. John

Adjunct Professor, Law
B.A., University of Washington
J.D., Gonzaga University
LL.M., Yale Law School

Newman, Miriam V.

Lecturer, Biological & Environmental Sciences
B.A., St. Mary's College of Maryland
M.A.E., University of Alabama at Birmingham

Newton, C. Martin

Lecturer, Foundations
B.S., Samford University

Nichols, Edwin C.

Lecturer, Curriculum & Instruction
B.S., M.S., The University of Tennessee
Ed.S., Ed.D., The University of Alabama

Nicholson, Chelsea R.

Lecturer, Theatre & Dance
B.A., Samford University
M.F.A., The University of Alabama

Nixon, Brooke M.

Adjunct Professor, Law
B.A., The University of Alabama
J.D., Samford University

Noble, Brian O.

Adjunct Professor, Law
B.A., The University of Mississippi
J.D., Samford University

Nordlund, Caroline J.

Lecturer, Music
B.M., University of South Carolina
M.M., Northwestern University

Nordlund, Samuel

Lecturer, Music
B.M., The University of Alabama
M.M., Northwestern University
D.M.A., The University of Alabama

Norton, LaMon

Lecturer, Nursing
B.S.N., M.S.N., University of Alabama at Huntsville
D.N.P., Samford University

Oberholster, Suzanne D.

Lecturer, Biological & Environmental Sciences
B.A., M.S., Auburn University

Oliver, Parthenia T.

Lecturer, Nursing
B.S.N., The University of Alabama
M.S.N., Mississippi University for Women

O'Neil, Douglas E., Jr.

Lecturer, Theatre & Dance
B.A., University of Alabama at Birmingham

Ott, John E.

Adjunct Professor, Law
B.A., University of Central Florida/Florida Tech
J.D., Samford University

Overdorf, Daniel L.

Lecturer, Divinity
B.A., Johnson University
M.Div., Lincoln Christian University
D.Min., Gordon-Conwell Theological Seminary

Padgett, Scott A.

Lecturer, Kinesiology
B.A., University of Kentucky

Paine, Janice G.

Lecturer, Foundations
B.S., Auburn University
M.A., University of Alabama at Birmingham

Palmer, Curtis V.

Instructor, Mathematics & Computer Science
B.S., Georgia State University
M.B.A., Emory University

Parish, Ashley E.

Lecturer, Physical Therapy
B.S., D.P.T., University of Alabama at Birmingham

Parker, Martha S.

Lecturer, Education
B.A., West Chester University
M.A.E., University of Alabama at Birmingham

Parks, David A.

Lecturer, Divinity
B.A., M.Div., Samford University
Ph.D., The Southern Baptist Theological Seminary

Pate, J. Gary

Adjunct Professor, Law
B.A., University of Alabama at Birmingham

Ed.D., Samford University

Robinson, Stephanie C.

Lecturer, Education
B.S., M.A.E., Ed.S., University of Alabama at Birmingham
Ed.D., Samford University

Rodriguez Matamoros, Ana

Lecturer, Journalism & Mass Communication
B.S., Florida State University
M.A., The University of Alabama

Rogers, S. Marvin

Adjunct Professor, Law
B.A., J.D., The University of Alabama

Rohling, Thomas P.

Instructor, Kinesiology
B.A., Samford University

Ross-Davis, Kelly

Adjunct Professor, Education
B.A., University of Arizona
M.S., Colorado State University

Rubio, Sigfredo

Adjunct Professor, Law
B.S., University of Alabama at Birmingham
J.D., Samford University

Rush, Richard A., Jr.

Lecturer, Journalism & Mass Communications
B.A., M.A., The University of Alabama

Russ, Ashley A.

Lecturer, Theatre & Dance

Sabo, Patricia Cameron

Adjunct Faculty, Pharmacy
B.S., Samford University

Sanders, Donald C.

Lecturer, Music
B.M., University of South Carolina
M.M., Michigan State University
Ph.M., Ph.D., The University of Kansas

Sands, Rebecca B.

Lecturer, Curriculum & Instruction
B.S., University of Alabama at Birmingham
M.Ed., Auburn University

Sanford, David B.

Adjunct Professor, Nurse Anesthesia
B.S.N., University of Alabama at Birmingham
M.S.N., Samford University

Saville, Jennifer T.

Lecturer, World Languages & Cultures
B.A., Auburn University
M.A.Ed., University of Alabama at Birmingham

Schultz, Nancy L.

Adjunct Professor, Law
B.A., University of Wisconsin
J.D., University of Pennsylvania

Scott, Kimberly S.

Lecturer, Mathematics & Computer Science
B.S., University of Montevallo
M.S., University of Alabama at Birmingham

Searles, Andrew C.

Lecturer, Art
B.S., Samford University

Shadinger, Tamara V.

Assistant Professor, Psychology
M.A., Ph.D., The University of Alabama

Shaw, Andrea S.

Adjunct Professor, Law
B.S., Florida State University
J.D., Samford University

Shepherd IV, Albert L.

Lecturer, Professional Studies
B.A., Union University
M.Th., Ph.D., University of Aberdeen

Shinn, Barbara A.

Lecturer, Music
B.A., B.M.E., Benedictine College
M.M., University of Wisconsin, Madison

Silber, Marissa G.

Lecturer, Political Science
B.A., University of Southern California
M.A., University of Florida

Simpson, Patricia K.

Lecturer, Education
B.A., Birmingham-Southern College
M.S.E., Ed.D., Samford University

Simpson, Wayne Scott

Adjunct Professor, Law
B.A., University of Florida
J.D., Samford University

Siple, Charles B., Jr.

Lecturer, Foundations
B.S., Point University
M.Div., Samford University

Sisson, James D.

Lecturer, Entrepreneurship, Management, & Marketing
B.S.C.E., University of South Alabama
M.B.A., Harvard University

Slocumb, Brandon S.

Lecturer, Music
